XXXVII	362	ENHANCEMENT APPEALS	617 to 628

I. PREFACE:

1. This case, which is commonly known as the “Naroda Patiya Case” arises out of one of the biggest massacres in the aftermath of the burning of a coach of Sabarmati Express that was carrying Kar Sevaks from Ayodhya, at Godhra. The tragedy has taken toll of ninety six innocent Muslim men, women and children belonging mostly to the labour class, who were migrants from States like Karnataka, Uttar Pradesh, Madhya Pradesh, Rajasthan, Kerala etc., and were done to death in the most inhuman manner and their properties were ransacked, damaged, looted and set on fire, and their religious place, the Noorani Masjid was damaged and set on fire by mobs of Hindus, mostly comprised of members of the Vishwa Hindu Parishad, the Bajrang Dal and BJP. Considering the brutality of the offence, where young girls have been stripped naked, gang-raped and burnt alive and in case of many of the deceased, only remnants of their bodies remained, the case comes across as a horrendous and gruesome act on the part of the perpetrators of the offence, demonstrating the depravity of all those involved. The incidents took place throughout the day, right from around 9:00 to 9:30 in the morning to around 7:00 in the evening.

2. As to what is the prosecution case, would be required to be culled out from the evidence as emerging from the record, because despite the fact that time and again, the court had specifically called upon the learned Special Public Prosecutor to state as to what is the prosecution case as regards the time and the manner in which the incidents had occurred, no clear cut case has been put forth before this court.

3. In connection with the incidents that took place, a first information report came to be lodged on 28.2.2002 by one Vinubhai Solanki (who has subsequently changed his surname to Delvadiya) before Shri K. K. Mysorewala, Senior Police Inspector, Naroda Police Station and is stated to have been recorded from 8:15 onwards and came to be registered at 8:45 p.m. as Naroda Police Station I-C.R. No.100/2002, the contents whereof, as translated into English, read thus:

“The first informant states on behalf of the State Government that, recently, the kar sevaks who had gone to Ayodhya on the issue of construction of a Ram Mandir, were returning by railway and when the train left the Godhra Railway Station, a mob belonging to the Muslim community stopped the train and made the driver get down and violently attacked the kar sevaks and other travellers sitting in the railway coach with deadly weapons and damaged the coach and set it on fire, which resulted in the death of women, men and children and in the context of such incident, the Vishwa Hindu Parishad had given a call for Gujarat Bandh today.

Today, that is, on 28.2.2002, from 7:00 in the morning, police points had been arranged in the police station area and Shri Mysorewala as well as Second Police Inspector Shri V. S. Gohil with their vehicles and he (the first informant) had boarded the requisitioned vehicle and had set out for patrolling in the police station area and ASI Dashrathsinh Udesinh, Police Constable Ashoksinh Laxmansinh, Police Constable Bharatsinh Chanduji, Police

Constable Dipakkumar Govindram, etc. were with him in the requisitioned vehicle. During the bandh call, the situation in the city area appeared to be tense, hence, he and Shri Mysorewala as well as the Second Police Inspector and other requisitioned vehicles had continued strict patrolling and at around 11:00 to 11:30 in the morning, at different places in the police station area, mobs of people started coming on the road, whom they had continued to try to disperse during the course of patrolling; however, as time passed, violent incidents of burning shops and houses started occurring at various places in the police station area, whereupon in the police station area, the police personnel at the point at Patiya, opposite the Noorani Masjid, viz., ASI Ramabhai Parsottambhai, ASI V. T. Ahari, Police Constable Pradipsinh Ratansinh, Police Constable Chandravadan Ramjibhai, Police Constable Kirankumar Parsottambhai as well as from the police point at S.T. Workshop, ASI Sajjansinh Jashwantsinh, Police Constable Vinubhai Harjivandas, Police Constable Jitendradan Takhatdan were present at different points and opposite S.T. Patiya, Noorani Masjid as well as next to S.T. Workshop at the corner of Hussain-ni-Chali, a mob of fifteen to seventeen thousand people had gathered and at this time, Shri Mysorewala and Deputy Police Commissioner, Zone-4 and Assistant Police Commissioner, "G" Division, had also arrived and Shri Mysorewala had released twenty two gas shells through Gasman Chhababhai, however, the mob became uncontrollable and started shouting, "kill, cut" and at that time, the mobs had surged from the direction of Krushnanagar Char Rasta, Saijpur Fadel Tower and

Kubernagar bungalow area, Chharanagar, and the leaders of the mobs who were active workers of the VHP and BJP, namely, Kishan Korani, P. J. Rajput, Harish Rohera, Babu Bajrangi and Raju Chobal, were shouting "kill, hack" and were instigating the people in the mob to accompany them and it appeared impossible to control the people in the mob, despite which, time and again announcements were made to the people in the mob to disperse, else they would resort to firing. Despite giving such warnings repeatedly, the mobs became uncontrollable and started damaging the shops belonging to Muslims near the Noorani Masjid, whereupon pursuant to the orders of the Deputy Police Commissioner, he (the complainant) had fired five rounds from his service revolver and two rounds from a Musket 410 and Shri Mysorewala had also fired eight rounds one after the other and the other policemen and officers had also resorted to firing and released shells, however, it did not have any effect on the people in the mob and the people in the mob which had become more violent, divided into different groups here and there and indiscriminately damaged the Noorani Masjid and torched it, and damaged the shops and houses of Muslims nearby and looted the goods and set them on fire and on the other side, the mobs of Muslims from Hussain-ni- Chali, next to the S.T. Workshop and the Hindus came opposite each other and it was learnt that they had started assaulting each other with iron pipes and sticks and in the arson women, men and young children, in all fifty eight persons were done to death.

It was learnt that during the course of riots, some of the people from the mob reached the Thakkarnagar area and together with other people who had gathered there, damaged Bhagyodaya Hotel situated near Thakkarnagar Char Rasta as well as the shops belonging to Muslims in the vicinity and set them on fire. It was also learnt that the shops of Muslims in the vicinity of Saijpur area had been damaged and set on fire. Thus, today, that is, on 28.2.2002, between 12:00 to 19:30 hours, during the course of Gujarat Bandh, the leaders of a mob of fifteen to seventeen thousand people who are active members of VHP and BJP, namely, Kishan Korani, P. J. Rajput, Harish Rohera, Babu Bajrangi and Raju Chobal, were shouting "kill, hack" and were instigating the people in the mob and in connection with the recent incident of murder of Hindus at Godhra Railway Station, damaged, looted and set on fire S.T., Patiya, the Noorani Masjid and the neighbouring areas in the Naroda Patiya area and there was inter se fighting wherein women, men and small children, in all, fifty eight persons, were killed and in connection therewith, he had lodged the complaint. His witnesses are the policemen accompanying him as well as the policemen at the points and the victims whose houses and shops had been burnt."

3.1 The appellants have disputed the timings of the first information report and have contended that it is ante-timed and ante-dated.

4. After the incidents, majority of the victims and the Muslim residents of the chawls at Naroda Patiya were shifted

to various relief camps set up by their community and the injured were taken to hospitals. Statements of the injured persons and their dying declarations came to be recorded at the hospitals. Insofar as the witnesses who had taken shelter at the relief camps are concerned, complaints in printed forms came to be recorded together with loss and damage analysis forms, which came to be forwarded to the Office of the Police Commissioner. As to who prepared and brought these printed forms and who had recorded the complaints has not been brought on record and some of the witnesses have stated that they were under the impression that the people who took down the complaints were policemen in plain clothes. Some of the complaints came to be registered as first information reports without even identifying as to who the maker thereof is, whereas the other complaints were tagged along with the complaints that were registered.

5. Pursuant to the lodging of the first information report being Naroda Police Station I-C.R. No.100/2002, the investigation came to be handed over to PW-274 Shri K. K. Mysorewala, who was the Senior Police Inspector of that police station. It appears that thereafter the scene of offence panchnama came to be drawn. Statements of the injured victims who were admitted to the Civil Hospital came to be recorded, so also their dying declarations. One single inquest panchnama of fifty eight corpses came to be drawn immediately after the registration of the first information report in question. Subsequently, inquest panchnamas of corpses found at different places at the scene of offence also came to be drawn.

5.1 Shri K. K. Mysorewala was in-charge of the investigation from 28.2.2002 to 8.3.2002. Thereafter, the investigation came to be entrusted to Shri P.N. Barot, A.C.P. 'B' Division (PW-178), who was in-charge of such investigation from 8.3.2002 to 30.4.2002. Thereafter, the investigation came to be entrusted to the Crime Branch and Shri S. S. Chudasama (PW-307) took charge of the investigation from 1.5.2002. The Investigating Officer carried out investigation in the matter and submitted a charge-sheet on 3/4.6.2002 against accused No.1 to 17 in Metropolitan Court No.1, which came to be committed to the Sessions Court on 29.7.2009 where it was registered as Sessions Case No.235/09. From 20.6.2002 to 3.10.2002, the investigation came to be handed over to PW-275 Shri H. P. Agrawat as Shri S. S. Chudasama was not available for some time. Thereafter, Shri S. S. Chudasama once again took over the charge of the investigation. In the meanwhile, a supplementary charge-sheet came to be submitted on 23.8.2002 against accused No.18 to accused No.30, which came to be registered as Criminal Case No.1662/02. Subsequently, the case came to be committed to the Sessions Court on 29.7.2009, where it was registered as Sessions Case No.236 of 2009. It may be noted that apart from the main first information report registered vide Naroda Police Station I-C.R. No.100/02, several other first information reports came to be registered in relation to offences which took place at Naroda Patiya on the day of the incident. By an order passed by the Police Commissioner, it was directed that all the cases be merged with the main first information report and the Investigating Officer was further directed to file 'C' Summary Reports in the other first information reports. Accordingly, on 7.11.2002, 'C' Summary Reports came to be filed in respect of

the other offences.

5.2 Thereafter, Shri Chudasama came to be transferred and the investigation was handed over to Shri H.P. Agrawat on 19.11.2002. Thereafter, PW-317 Shri G. L. Singhal took charge of the investigation from Shri H. P. Agrawat and continued with the investigation till 15.12.2006, when he handed over the charge to Shri H. R. Muliya. The investigation remained with Shri H. R. Muliya till 18.4.2009.

5.3 At this stage, when the case was pending for framing of charge, the trial was stayed by the Supreme Court in Writ Petition (Criminal) No.109/03, WP (Crl) No.11-15/2003, Transfer Petitions (Criminal) No.194-202/2003, SLP (Crl) No.3770/2003, SLP (C) No.7951/2002 and allied matters filed by the National Human Rights Commission (NHRC) in the Supreme Court of India on 21.11.2003.

5.4 Subsequently, the Supreme Court passed the order dated 26.3.2008, inter alia, directing that appropriate notification shall be issued by the State Government regarding creating a Special Investigation Team (SIT), the constitution of which shall be as follows:

- (1) Shri R. K.Raghavan, Retired Director of the CBI.
- (2) Shri C. B. Satpathy, Retired DG, Director, Uttar Pradesh Police College, Moradabad.
- (3) Ms. Geeta Johri
- (4) Shri Shivanand Jha
- (5) Shri Ashish Bhatia.

5.5 The Supreme Court further observed that the officers at Serial No.3 to 5 are IG rank officers and directed that Shri Raghavan will be the Chairman of the Committee and Ms. Geeta Johri shall be the Convener. The Committee shall in its first meeting work out the modalities to be adopted for the purpose of inquiry/investigation. If any person wants to make statement before the SIT for giving his or her version of the alleged incidents, the SIT shall record it. Those who want to give their version shall, in writing, intimate the Convener of the Committee so that the SIT can call him or her for the purpose of recording his/her statement. The court further observed that it was needless to state that the SIT shall not confine the investigation of recording statements of those who come forward to give his or her version and shall be free to make inquiries/investigation as felt necessary by it. One of the cases in which such further investigation was ordered was the Naroda Patiya case arising out of FIR No.100/2002 dated 28.2.2002 of P.S. Naroda, Ahmedabad.

5.6 In compliance with the above directions issued by the Supreme Court, the Government of Gujarat issued a notification dated 1.4.2008 constituting a Special Investigation Team in terms of the said directions.

6. Pursuant thereto, it appears that PW-327 Shri V.V. Chaudhary was directed to take over the charge of the further investigation into the first information report registered vide Naroda Police Station I-C.R. No.100/2002 under section 173(8) of the Code of Criminal Procedure, 1973 (hereinafter referred to as "the Code"). Thereafter, the investigation came to be transferred to the SIT and on 18.4.2009, Shri H. R. Muliya

handed over the investigation to PW-327 Shri V. V. Chaudhary.

6.1 During the course of investigation, the Special Investigation Team published an advertisement in leading newspapers in the State of Gujarat, inviting people to contact the SIT in person or through written applications to give any relevant information or evidence in connection with the present case under investigation by the SIT, as a result whereof, applications were also received in this case and statements of several witnesses including the first informant, several police personnel were verified and their further statements were recorded by the SIT, whereas statements of several new witnesses were also recorded by it. Certain other steps were also taken by the SIT including preparation of new maps, photographs of the scene of incident, etc.

6.2 After carrying out further investigation, Shri V. V. Chaudhary filed supplementary charge-sheet on 2.4.2009 and the case was committed to the Court of Sessions on 30.7.2009 where it was registered as Sessions Case No.241/09. Another supplementary charge-sheet also came to be filed on 15.2.2009. Thereafter, the case was committed to the Sessions Court on 30.7.2009 where it was registered as Sessions Case No.242/09. Another charge-sheet came to be filed on 1.5.2009 against Accused No.34 to Accused No.37 and the case was committed to the Sessions Court on 30.7.2009, where it was registered as Sessions Case No.243/09. Accused No.35 died during the pendency of the trial.

6.3 Another supplementary charge-sheet came to be filed on 10.11.2009 against Accused No.38 to 44. The case came to be

committed to the Sessions Court on 30.7.2009 and was registered as Sessions Case No.245/09. Another supplementary charge-sheet came to be filed on 12.12.2008 against Accused No.45 to 59 and the case came to be committed to the Sessions Court on 31.7.2009 and was registered as Sessions Case No.246/09.

6.4 A supplementary charge-sheet dated 13.8.2009 came to be filed against Accused No.60 to 62 and the case was committed to the Sessions Court on 25.8.2009 and came to be registered as Sessions Case No.270/09.

6.5 It appears that originally seventy two persons had been arraigned as accused, however, ten persons died before they could be sent to trial and three persons are still absconding.

II THE CHARGE

7. The trial court framed a consolidated charge vide Exhibit-65 on 8.10.2009 against in all sixty two accused persons. The charge came to be subsequently amended on 13.3.2012. Since the trial court has not referred to the charge in detail, though the same is somewhat lengthy, it is still deemed appropriate to reproduce the same, so as to properly understand the exact nature of charge against the accused.

7.1 As per the amended charge, it has been alleged that on 27.2.2002, the incident wherein fifty eight Hindu Kar Sevaks were burnt alive in a train took place at Godhra.

7.2 To protest against the incident, the Vishwa Hindu Parishad had given a call for Gujarat Bandh on 28.2.2002.

7.3 On 28.2.2002, in the Naroda Patiya area, during the period from 8:00 in the morning till 10:00 at night, the different offences mentioned in the charge came to be committed by the accused with a view to vent their anger against the Godhra murder incident where Hindu Kar Sevaks were burnt alive and to take revenge against the Muslim community, with the intention of causing damage to lives and properties of the Muslim community, attacked the Muslim community with a view to spread fear and anxiety amongst them, in the context of the call for Gujarat Bandh, in a preplanned manner, (a) the accused named in the title of the charge, as well as (b) the accused who had died, and (c) the accused who were absconding and (d) the accused who were not identified (mobs of thousands of people), had agreed to commit different unlawful acts which are hereinafter referred to in detail in the charge, and for this purpose there was complete consensus amongst all the conspirators and all the accused had agreed with each other to hatch the conspiracy; all the accused had hatched a conspiracy and abetted each other and committed the offence of criminal conspiracy punishable under section 120B of the Indian Penal Code and in the context of the criminal conspiracy committed the unlawful acts hereinafter referred to in the charge.

Alternatively

7.4 All the accused named in the title, that is, accused No.1 to 62, the deceased accused named in para-3, the absconding

accused and the unidentified accused, all belonging to the Hindu community [hereinafter with a view to avoid repetition referred to as the "above referred accused"], with a view to unlawfully enter the properties belonging to the Muslim community, with the object of causing mischief, with the object of spreading fear and anxiety amongst the Muslims with unlawful strength and show of unlawful strength, with the object of taking revenge against them for the incidents that had taken place at Godhra, as narrated in detail hereinafter, with the object of taking away their properties and to achieve the specified results, which was the common object of all the accused. To achieve the common object, under the leadership of some of the accused, all the accused had formed an unlawful assembly and had committed the offences hereinafter referred to in detail under the instigation of their leaders, by becoming members of the unlawful assembly, with the knowledge that the assembly was unlawful, continued to remain as members of the unlawful assembly for the purpose of achieving the objects referred to hereinabove collectively and individually, but as members of the unlawful assembly. And in this manner, all the accused had during the period from 8:00 in the morning till 10:00 at night on 28.2.2002, at different places in the Naroda Patiya area as well at different times but as part of a continuous transaction had become members of the unlawful assembly and had committed different acts which resulted into communal tension, all of which have been hereinafter referred to in the charge, and had committed the same as members of the unlawful assembly. Wherein all the accused were aware of the fact that they were members of the unlawful assembly, were fully aware of the object of the unlawful assembly, despite which all the accused

had consciously continued to remain as members of the unlawful assembly and in this manner had committed the offences mentioned in the charge, and

alternatively,

7.5 All the above referred accused were present at the scene of incident and/or had actively participated in the commission of the different offences forming part of the same transaction that were committed on the above mentioned day and all the accused belong to the Hindu community and all the accused with the intention of causing damage to the Muslim community and to the lives and properties of Muslims, Muslim occupations/dwellings, religious places, etc. with a view to take revenge against the Muslim community in the context of the Godhra incident, had come together and all the accused were fully aware of the common intention of all of them and in furtherance of such common intention committed the unlawful acts referred to hereinafter in the charge.

7.6 In the continuous transaction which is hereinafter referred to in the charge, on 28.2.2002, the offences committed by the above referred accused in the Naroda Patiya area have mainly been committed in Hukamsing-ni-Chali, Chetandas-ni-Chali, Pandit-ni-Chali, Kashirammama-ni-Chali, inside and outside the Noorani Masjid, Badarsing-ni-Chali, Hussainnagar, Jawaharnagar, Kumbhaji-ni-Chali, Imambibi-ni-Chali, near the S.T. Workshop, Thakkarnagar area, Bhagoyadaya Hotel, Krushnanagar Char Rasta, Gangotri Society, Near Natraj Hotel, Near the water tank of Gopinath Society, the chawl in the Khada (pit), Saijpur Tower, Excise

Chowky, etc. which were occupied by Muslims, religious places of Muslims and their shops, etc. The offences hereinafter referred to in detail in the charge have been committed within the jurisdiction of the court and all the above referred accused have committed the same in the context of the criminal conspiracy referred to in para-3 and alternatively with a view to achieve the object referred to in para-4 and alternatively with the common intention referred to in para-5.

7.7 Moreover, in this very transaction, all the accused, mainly in the areas mentioned in para-6 of the charge, with the intention of destroying the Muslim colonies which were being used for residential purposes, unauthorisedly and illegally entered the houses of Muslim families and their shops and with the object of causing harm to the properties, used illegal force and looted their safes, cupboards, T.V., embroidery machines, sewing machines, clothes, cash, different vehicles, household articles, furniture, tape recorders, refrigerators, coolers, washing machines, vessels, bed, gas cylinders, gas stoves, mixtures, fan, mattresses, quilts, provisions, ornaments, goats, etc. and with the intention of driving away the people belonging to the Muslim community from their properties and to deprive them from the use of such properties, and with a view to intentionally cause harm to the people of this community, set their houses, buildings and shops on fire, destroyed them, caused mischief and caused damage to the people belonging to the Muslim community.

Moreover, in the same transaction, with the intention of destroying the Noorani Masjid the religious place of Muslims situated in this area, intentionally pelted stones and set it on

fire and caused mischief. In view of the above facts, as per different complaints, statements of witnesses, the entire loss amounts to approximately rupees four crore and in this manner the accused have committed the offences punishable under sections 427, 435 and 436 read with section 149 and alternatively, read with section 34 and alternatively, read with section 120B of the Indian Penal Code, within the jurisdiction of the court.

7.8 Moreover, during the course of the same transaction, the unlawful assembly, with a view to fulfill its unlawful object, on 28.2.2002 from 8:00 in the morning to 10:00 at night, at different places at Naroda Patiya, accused No.1 Naresh Agarsingh Chhara, who is Guddu Chhara's brother and also known as Nariyo, mainly had burning rags and swords, accused No.2 Morlibhai Naranbhai Sindhi, who is also known as Murli, mainly had a revolver and a sword with him, accused No.3 Umeshbhai Surabhai Bharwad, mainly had burning rags, accused No.4 Ganpat Chhanaji Didawala (Chhara), mainly had iron pipe and sword with him, accused No.5 Vikrambhai Maneklal Rathod, who is the son-in-law of Dalpat and also known as Tiniya Chhara, mainly had inflammable substance in a five litre plastic can, accused No.6 Rajesh alias Pangdo Kantilal (Chhara), mainly had a weapon-spear, accused No.7 Champak Himmatlal Rathod (Chhara), mainly had a weapon-stick, accused No.8 Ravindra alias Batakiyo Kantilal Parmar, mainly had a five litre plastic can filled with inflammable substance, accused No.9 Amrut alias Kalubhai Babubhai Rathod, mainly had a five litre plastic can with inflammable substance, accused No.10 Haresh alias Hariyo , who is known as Guddu Chhara's brother, Jivanlal alias Agarsingh Rathod

iron pipe and stones, accused No.36 Janaksinh Dharamsinsh Nehra alias Janak Marathi, who mainly had an iron pipe and stones, accused No.37 Dr. Mayaben Surendrabhai Kodnani, who mainly had pistol and sword, accused No.38 Ashok Hundaldas Sindhi, who mainly had stick and sword, accused No.39 Harshad alias Mungdo Jila Govind Parmar (Chhara), who mainly had gupti and gas cylinder, accused No.40 Mukesh alias Vakil Ratilal Rathod, who is also known as Jaybhavani's son who mainly had sword and stones, accused No.41 Manojbhai alias Manoj Sindhi Renumal Kukrani, who is also known as Manoj Videowala as well as Manoj Tyrewala, who mainly had sword, revolver, trishul, gas cylinder and stones, accused No.42 Hiraji alias Hiro Marwadi alias Sonaji Danaji Meghwal (Marwadi), who mainly had a sword and acid bottles, accused No.44 Bipin alias Bipin Autowala Umedrai Panchal, who mainly had weapons like pistol, sword, hockey, stick, dharia and trishul, accused No.45 Ashok Uttamchand Korani, who is also known as Ashok Pangallawala and Bholenath Pangallawala Ashok Sindhi, who mainly had sword, accused No.49 Ranchhodbhai Manilal Parmar, who is also known as Ranchhod Chhara, who mainly had burning rags and iron scrap pieces (gachcha), accused No.51 Navin Chhaganbhai Bhagekar (Chhara), who mainly had gas cylinder, accused No.52 Sachin Nagindas Modi, who mainly had pipe and hockey, accused No.55 Dinesh alias Tiniyo Govindbhai Barge (Marathi) who is also known as S.R.P. wala Govind's son, who mainly had a sword and plastic can filled with kerosene, accused No.56 Gitaben Ratilal alias Jay Bhawani Rathod, who is also known as Jaybhavani's younger daughter, who mainly had quilts and kerosene, accused No.57 Pankajkumar Mohanlal Shah, who mainly had iron scrap, oil soaked burning rag and stones,

accused No.58 Santoshkumar Kodumal Mulchandani, who is also known as Santosh Dudhwala, who mainly had stones and gas bottles, accused No.59 Subhashchandra Jagannath Darji, who is also known as Maharashtra Darji, who mainly had oil soaked burning rags and iron scrap, accused No.60 Pintu Dalpatbhai Jadeja (Chhara), who mainly had pipe and dagger, accused No.61 Ramilaben Ratilal alias Jay Bhawani Somabhai Rathod who is also known as Jaybhavani's elder daughter, who mainly had quilts, cans filled with inflammable substance and kerosene, which were lethal weapons and the manner in which all the above referred accused have at different times with different dangerous weapons, with the knowledge that death could be caused by them, wielded such weapons and by using force, with the knowledge that this was an unlawful assembly, continued to be a member of such unlawful assembly and committed criminal offences. Moreover, in this transaction, accused No. 1, 2, 3, 10, 18, 19, 20 (also known as Kishansingh) 22, 24, 26, 27, 37, 41, 43, 44, 45 and 62 (known as Mayaben's Assistant), had provided leadership to the unlawful assembly, had instigated the members of the unlawful assembly, by firing, providing weapons, and by becoming leaders of the unlawful assembly and instigating all the accused, uttering and writing inflammatory statements, had actively remained present and different witnesses have identified the accused as leaders of different political parties and their constituents and wings as well as the Vishwa Hindu Parishad, etc.

Moreover, in this very transaction, accused No.21, 23, 29, 32, 46 (who is known as Vijay Chhara), 47, 48 (also known as Kishan Manek and Kishan Dada Marathi), 50 (is also known by the surname Chhara) 53 and 54, had by actively remaining

present in the unlawful assembly with dangerous weapons, uttering slogans, becoming members of the violent mob, instigating, have committed unlawful acts.

Moreover, in this very transaction, while they were members of the unlawful assembly, they had been given lawful orders to disperse, despite which all the accused had joined the unlawful assembly and continued to remain members and, accordingly, all the accused had wielded dangerous weapons, used them for rioting and, accordingly, all the accused had committed the offences punishable under sections 143, 144, 145, 147, 148 read with section 149 of the Indian Penal Code. [Note: The trial court has acquitted all the accused of the offence punishable under section 145 read with section 149 of the Indian Penal Code.]

7.9 Moreover, during the course of the very same transaction, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as stated in para 4 above, and alternatively, in furtherance of the common intention as stated in para 5 above, at the above time and place, accused No.1 Naresh Agarsingh Chhara, (2) Morli Naranbhai Sindhi, (3) Umeshbhai Surabhai Bharwad, (10) Haresh alias Hariyo Jivanlal alias Agarsinh Rathod (Chhara), (18) Babubhai alias Babu Bajrangi Rajabhai Patel (19) Padmendrasinh alias, P. J. Rajput Jaswantsingh Rajput, (20) Kishan Khubchand Korani (22) Suresh alias Richard alias Suresh Langdo Kantibhai Dedawala (24) Rajkumar alias Raju Chaumal (26) Suresh alias Sahejad Danubhai Netalkar (Marathi Chharo) (27) Nawab alias Kalubhaiyo Harisinh Rathod, (34) Laxman alias Lakho Budhaji

Thakore, (37) Dr. Mayaben Surendrabhai Kodnani (41) Manoj alias Manoj Sindhi Renumal Kukrani (44) Bipin alias Bipin Autowala Umedrai Panchal (45) Ashok Uttamchand Korani (62) Kirpalsingh Jangbahadursingh Chhabda, took over the leadership of the unlawful assembly and the rest of the accused had actively committed unlawful acts and all the accused with the object of outraging the religious sentiments of the Muslim class, with malicious intention, shouted “burn the Miyas” “not a single Miya should remain alive” “burn the Miyas alive” “hack the Miyas” “kill and hack the Miyas” “loot the Miyas”, “break houses of Miyas” etc. and wrote “*Shri Ram ka rajya, yahan koi Muslim nahi rahega*” on the walls of the houses and, accordingly, hurt the religious sentiments of the Muslim community and, promoted disharmony, feeling of enmity, hatred and ill-will between two religions (Hindu and Muslim) and caused fear, alarm and feeling of insecurity and all the members of the unlawful assembly spread ill-will amongst the Hindus and inspired them to resort to rioting to insult the religious sentiments of the Muslim community.

Moreover, in this very transaction, accused No. 2 Morli Naranbhai Sindhi, accused No.44 Bipin alias Bipin Autowala Umedrai Panchal, by firing and accused No.37 Dr. Mayaben Surendrabhai Kodnani by distributing swords to the people in the mob, firing and committing acts which were contrary to the maintenance of public peace, had spread the feeling of fear, alarm and insecurity amongst the Muslim community.

Moreover, in this very transaction, all the accused, though they were aware that the Noorani Masjid which is situated in the Naroda Patiya area, is a Muslim religious place, entered the

Noorani Masjid and unitedly, individually or collectively or as members of the unlawful assembly, by unlawfully entering with the intention of insulting the Muslim religion, pelting stones on the religious place which they consider sacred, causing damage and igniting fire there, by using force and violence and causing damage to this masjid and insulting the religious sentiments of the Muslim community and spreading fear, alarm and feeling of insecurity amongst the Muslim community and promoting enmity, hatred, or ill will amongst the Hindus and Muslims, have committed the offences punishable under sections 153, 153A as well as 153A(2), 295, 295A and 298 read with section 120B of the Indian Penal Code, alternatively read with section 149 and alternatively, read with section 34 of the Indian Penal Code. [Note: All the accused have been acquitted of the offence under section 295A and 298 of the Indian Penal Code]

7.10 Moreover, in above referred continuous transaction of 28.02.2002, all the accused No.1 to 62, had mainly at the different places of offence referred to in para 6 of the charge or at one spot kept with them different dangerous weapons referred to in para 8 of the charge and had used the weapons for committing the unlawful acts narrated in the charge. In this manner, as stated in para 8 of the charge, the accused had kept with them different arms and ammunitions which could be used for causing physical injuries with them in public, and, at that time, the notification of the Police Commissioner under the Bombay Police Act was in force from 1.1.2002, and by intentionally committing breach of the notification, all the accused had committed the offence punishable under section 135(1) of the Bombay Police Act within the jurisdiction of the

court.

Moreover, in this very transaction, all the accused were the members of the unlawful assembly and were active as such, wherein all the accused had committed violent acts of burning vehicles, vandalism, pelting stones, arson, assault, fighting, etc. and had created an atmosphere of communal tension and upon the unlawful assembly formed by them becoming uncontrollable, through loudspeakers on the police vehicles and other lawful methods and orders as per jurisdiction were made and all of them were ordered to disperse. Thereafter also, as the mob of accused did not disperse, the Police Commissioner, Ahmedabad city, as a public servant, with a view to maintain public peace and safety, declared curfew in the area, which all the accused were aware of, despite which, they had intentionally committed breach of the curfew order and had put human life in fear and had dishonoured the curfew order and despite the likelihood of riots and violence, totally disregarded the same and indulged in rioting.

7.11 Moreover, during the course of the same transaction, at the above time and place, all the above named accused, as a part of the criminal conspiracy referred to in para 3 above, and alternatively, to prosecute the common object of the unlawful assembly and alternatively in furtherance of the common intention, at the above time and place, all the accused got together and while they were members of the unlawful assembly, during that time, by obstructing the police officers and staff from the Naroda Patiya area who were on duty in the discharge of their duties, by throwing stones at them and forming a mob and using force and violence together with

weapons, committed the offence of rioting with weapons, etc. and had voluntarily obstructed the police personnel who were discharging their duties as public servants with the intention of preventing them from discharging their duties, put obstacles on the road, and by throwing glass bottles at them. In this manner, with the intention that all the police personnel, and mainly (1) A.C.P. Shri M.T. Rana, (2) P.I. Shri K.K. Mysorewala, (3) P.C. Shri Bharatsinh Chandusinh, (4) A.S.I. Shri Dashrathsinh Udesinh, (5) P.C. Shri Chhababhai Chhaganbhai, (6) P.C. Shri Ashoksinh Laxmansinh, (7) P.C. Shri Dipak Govindram, (8) P.C. Shri Vijay Laxmanrao and (9) P.C. Shri Suresh Sridharan, are obstructed from discharging their lawful duties as public servants, voluntarily caused hurt and inflicted different injuries and by doing so, all the accused have committed the offences punishable under section 332, 186, 188 read with section 149 of the Indian Penal Code, and alternatively read with section 120B and alternatively read with section 34 of the Indian Penal Code within the jurisdiction of the court. [Note: All the accused have been acquitted of the offences punishable under sections 332 and 186 of the Indian Penal Code.]

7.12 Moreover, during the course of the same transaction as well as at the same places, all the above named accused, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute common object of the unlawful assembly as stated in para 4 above and alternatively in furtherance of the common intention as stated in para 5 above, had at the above time and place, formed the above unlawful assembly and were its members, at that time with the deadly weapons wielded by all the members of the unlawful

assembly and with the intention of causing death in a different manner as well as with the knowledge that use of such weapons is likely to cause death, with such knowledge had committed unlawful acts, wherein members of the Muslim community, viz., (1) Sofiyabanu Mahebubhai Shaikh, (2) Abedabibi, wife of Sarmoddin Shaikh, (3) Reshma Salambhai Kureshi, (4) Saidabanu Ibrahimhai Shaikh, (5) Zubedabanu Shabbir Ahemad Shaikh, (7) Zarinabibi, wife of Bundubhai Kureshi, (8) Sharif Iqbalhai Shaikh, (9) Siddiq Salimbhai Shaikh, (10) Meraj Salambhai Abdulla, (11) Asif Sarmoddin Shaikh, (12) Shabnambanu, wife of Mahammad Khurshid Shaikh, (13) Salim Salambhai Kureshi, (14) Deleted, (15) Khwajahussein Abdulmajid Shaikh, (16) Shabbir Ahemad Khurshid Ahmad, (17) Mahammad Ayub Allabax, (18) Farhana, daughter of Ayubbhai Kureshi, (19) Abdul Wahab Abdul Rafiq, (20) Abdulla Abdulgani Shaikh, (21) Nasimbanu, daughter of Bundubhai Kureshi, (22) Salam Abdulla Kureshi, (23) Shahjahan, wife of Sarmoddin Khalid, (24) Sohel Ahamad Ayubbhai Kureshi, (25) Zarinabanu Rahemanbhai Shakurbhai, (26) Nadeem Shabbirbhai Shaikh, (27) Maiyuddin Hasanbhai Abubakar Saiyed, (28) Samsad Rahemanbhai, (29) Rukshana, daughter of Rahemanbhai, (30) Rafiq Sarmoddin Shaikh, (31) Nurjahanbegam, wife of Ismailbhai, (32) Saliyabibi, wife of Jainul Abedin Shaikh, (33) Mahammad Hussein Abdulmajid Shaikh, (34) Kherunisha Mahammadmaruk Abdulrauf, (35) Bilkishbanu Mahammadmaruk Abdulrauf, (36) Ramsurat Babubhai Verma, (37) Hasanali Mahombeali, (38) Mahammadyunus Mahammadrajak Ansari, (39) Noorjahan Mahammadhussein Munirbhai Shaikh, (40) Mohsin Meblahussein Shaikh, (41) Hanifakhatun Abdulwahab, (42) Akram Mahammadharun Shaikh, (43) Fatimabibi Ganibhai

Shaikh, (44) Saminabanu, daughter of Shabbirahemad, (45) Salimabanu Sardar Saiyed, (46) Gulnazbanu Ayubmiya Malek, (47) Mahammadhussein Abdulkadar Kureshi, (48) Irfan Inayat Saiyed, (49) Salman Inayat Saiyed, (50) Ismailbhai Sarmoddin Shaikh, (51) Noorjahan, daughter of Kabilali Abdulbhai Shaikh, (52) Sarmoddin Mahammadmunavar Shaikh, (53) Kausharbanu, daughter of Khalikbhai Noormahammad Shaikh, (54) Hussein Mahammad Masak Kureshi, (55) Gosiyabanu, wife of Mahammadharun, (56) Subhan Jenul Abedin Shaikh, (57) abdulqadir Abdulrasid Shaikh, (58) Kudratbibi Khurshidbhai, (59) Sarmoddin Khalid Noormahammad, (60) Hajrabanu alias Jadikhala Abdul Mahammad Saiyed, (61) Asif Shabbirbhai, (62) Supriya Majid, (63) Hamidraja Mahammadmaru, (64) Shakinabanu Maheub, (65) Shakina Babubhai Bhatti, (66) Rajak Babubhai Bhatti, (67) Adamali Mahammadbhai Shaikh, (68) Wasim Abdul Ajj Shaikh, (69) Salim Abdul Ajj Shaikh, (70) Nilofurbanu, daughter of Ibrahimbhai Mansuri, (71) Maheub Abdulmajid Shaikh, (72) Sufiyabegam Abdulahad Luhari, (73) Firoz Mahammad Ayub Shaikh, (74) Mahammad Shahrukh Zakirhussein Shaikh, (75) Muskan, daughter of Jainul Abedin Shaikh, (76) Shahinbanu Abdulmajid Shaikh, (77) Lalbibi, wife of Abdul Majid Shaikh, (78) Abidali Hamidali Pathan, (79) Maheub Khurshidbhai Shaikh, (80) Afrinbanu Abdulmajid Shaikh, (81) Tarkishbibi Abdulgani Ibrahimbhai, (82) Afrinbanu Meblahussein Shaikh, (83) Maheubi Meblahussein Shaikh, (84) Jenbibi Khalid Nurmahammad Shaikh, (85) Rabiyaibibi Rahimbhai Shaikh, (86) Mumtajbanu Mahammadbhai Shaikh, (87) Kalimuddin Ahemadbhai Kureshi, (88) Ismailbhai Punjabhai Mansuri, (89) Abdulkadar Abdulrasul Aanori, (90) Reshmabanu Iqbalahemad Nuruddin Shaikh, and three unidentified Muslim men, in all eighty-three persons and three

missing persons, viz., (1) Madinabibi Babubhai Bhatti, (2) Babubhai A. Rasul Bhatti and (3) Mahammadshakeel A. Alim Chaudhary and others, who also belonged to the Muslim community, by assaulting them, intentionally causing fatal injuries, killing them, murdering them, burning them, causing their death, and after murdering them, and all the accused with a view to save themselves from the punishment for the offence as well as with the intention of saving the co-accused as well as with the intention of destroying the evidence, burnt their dead bodies and destroyed the evidence, wherein fifty-eight persons were killed and set ablaze at one spot and by doing so, all the accused have committed the offences punishable under sections 302, 201 read with section 149, and alternatively read with section 120(B) and alternatively read with section 34 of the Indian Penal Code. [Note: All the accused have been acquitted of the offence punishable under section 201 of the Indian Penal Code.]

7.13 Moreover, during the course of the same transaction, at the above time and place, all the above named accused who had different weapons with them, together with the rest of the accused, united together and used the arms and ammunition for the criminal transaction by pelting stones, firing, assaulting, hacking, setting ablaze and making aggressive fatal attack causing hurt and grievous hurt and by placing people of the Muslim community alive on mattresses, pouring inflammable substances on them and burning them alive and in the same fire, by throwing small children belonging to the Muslim community alive and throwing people belonging to the Muslim community in the dry well, in the same transaction, by hacking, causing injury, killing and throwing in the well and

setting ablaze, burnt them.

In the same manner and by the same kind of acts, all the accused have in the course of the same transaction, by the different offences committed by them, caused hurt and grievous hurt by setting ablaze or murdering or in some other manner causing the total disappearance of the following victims belonging to the Muslim community (1) Babubhai Abdulrasul Bhatti, age 37 years, (2) Madinabibi, wife of Babubhai Bhatti, age 34 years and (3) Mahammadshakeel Abdulsalim Chaudhari, age 20 years.

After committing the aforesaid criminal acts, all the accused, by destroying the evidence of their criminal acts, to escape from lawful punishment or with the intention of screening the co-accused from legal punishment or with the intention to save the co-accused from punishment, destroying the evidence and burning people either dead or alive, have committed the offences punishable under sections 201, 302 read with section 149 and alternatively section 34 and alternatively section 120-B of the Indian Penal Code.

7.14 Moreover, during the course of the same transaction, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly and alternatively, in furtherance of the common intention, the accused, viz., the accused No.1 Naresh Agarsing Chhara, accused No.10 Haresh alias Hariyo Jivanlal alias Agarsing Rathod (Chhara), accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara), accused No.26 Suresh alias Sahejad Danubhai Netalkar

(Chhara), accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.53 Vilash alias Viliyo Prakashbhai Sonar and accused No.60 Pintu Dalpatbhai Jadeja, at the above time and place by catching hold of deceased Siddique and intentionally causing injuries with a dagger on different parts of his body and with the knowledge that a dagger used as a weapon could cause death, by causing grievous injuries by stabbing him with a dagger and causing his death, murdered him.

Moreover, during the course of the same transaction, all the above accused, by intentionally assaulting Naseem a young girl and sister of witness Shabana Bundubhai Kureshi, with a pipe, with the knowledge that assaulting with a pipe could cause death, inflicting blows with a pipe on her and causing grievous hurt and killing her and pouring kerosene on her and setting her ablaze, all the accused and mainly through accused No.1, 10, 22, 26, 40, 53 and 60, murdered her by causing her death.

Additionally, accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara) by intentionally stabbing witness Shabana Bundubhai Kureshi's mother (Zarinabanu) with a gupti on the stomach, with the knowledge that assaulting with a gupti can cause death, causing fatal injuries and sprinkling inflammable substance like kerosene and setting her ablaze, all the accused and mainly owing to the accused No.1, 10, 22, 26, 40 and 60, by causing the death of Shabana's mother, murdered her, and by doing so, all the accused through accused No.1 Naresh Agarsing Chhara, accused No.10 Hareh alias Hariyo Jivanlal alias Agarsing Rathod (Chhara), accused No.22 Suresh alias Richard alias

Suresh Langdo Kantibhai Didawala (Chhara), accused No.26 Suresh alias Sahejad Danubhai Netalkar (Chhara), accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.53 Vilas alias Viliyo Prakashbhai Sonar and accused No.60 Pintu Dalpatbhai Jadeja, murdered witness Shabana's mother.

In this manner, all the accused have committed the offences punishable under sections 302, 201 read with section 149 and alternatively read with section 120(B) and alternatively read with section 34 of the Indian Penal Code, within the jurisdiction of the court.

7.15 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as stated in para 4 above, and alternatively in furtherance of the common intention as stated in para 5 above, all the accused and mainly through accused No.30 Shashikant alias Tiniyo Marathi, accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara), accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.26 Suresh alias Sahejad Danubhai Netalkar (Chhara), accused No.48 Kishan Shankarbhai Mhadik (Kishan Marathi) knowing full well that assaulting with deadly weapons would cause death, intentionally caused fatal injuries with sword, hockey, pipe to the witness Sharifabibi Iqbalbhai's son Sharif, and sprinkled inflammable substances like kerosene or petrol and set him ablaze and murdered him by causing his death and by doing so, all the accused have committed the offence punishable under sections 302, 201 read with section 149 and alternatively read with section 120 and alternatively

read with section 34 of the Indian Penal Code.

7.16 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above, and alternatively to prosecute the common object of the unlawful assembly as stated in para 4 above, and alternatively in furtherance of the common intention as stated in para 5 above, all the accused mainly through the accused No.1 Naresh Agarsing Chhara, accused No.10 Hareesh alias Hariyo Jivanlal alias Agarsing Rathod (Chhara), accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara), accused No.26 Suresh alias Sahejad Danubhai Netalkar (Chhara), accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.44 Bipin alias Bipin Autowala Umedrai Panchal, murdered Zarinabanu, Naseembanu, Kherunbanu, Bilkishbanu, Sharif Iqbal and Salimbhai, and Zulekhabegum's deceased husband Mahammadayub owing to accused No.22 Suresh with other deceased accused, committed criminal acts and murdered them, and deceased Rabiya Bibi was murdered through accused No.52 Sachin Modi; Rafikanbanu's three children were killed through accused No.22 and accused No.55 Tiniyo Marathi; through accused No.38 Ashok Sindhi caused grievous hurt with a sword on the neck and hands of deceased Hasanali Mahobeali and put him on a cot and placed a mattress on him and burnt him alive and killed him; and through accused No.56 and the deceased accused, called the mob, and the people in the mob poured kerosene on a quilt and set ablaze Hajrabibi alias Jadikhala and together with her, also burnt and killed her grandchildren and another girl Noori who was engaged; and through accused No.2 Murli Sindhi, accused No.44 Bipin

Autowala and accused No.55, lifted a boy named Ayub who had fractures on both his legs and put him in an auto rickshaw and sprinkled inflammable substance on him and set him ablaze and intentionally killed him; moreover, through accused No.61 Ramilaben Ratilal, handed over the quilts and kerosene etc. to the riotous mob comprised of all the accused and she had a white can in her hand containing inflammable substance which she had kept; and had committed the criminal acts and in this manner, all the accused had murdered different victims or burnt them alive knowing that by burning them, they would cause their death and with the intention of screening the offenders from legal punishment, destroyed the offence and by doing so, the accused have committed the offences punishable under sections 302, 201 read with section 149 and alternatively read with section 120B and alternatively read with section 34 of the Indian Penal Code.

7.17 Moreover, during the course of the same transaction, at the above time and place, all the above named accused, as part of the criminal conspiracy referred to in para 5 above and to prosecute the common object of outraging the modesty of Sofiyabanu and gang raping her, all the accused in the violent mob and mainly owing to accused No.1 Naresh Agarsing Chhara, accused No.10 Haresh alias Hariyo Jivanlal alias Agarsing Rathod (Chhara), accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara), accused No.28 Manubhai Keshabhai Maruda (Bhangi) and accused No.40 Mukesh alias Vakil Ratilal Rathod (Jaybhavani's son), got together, aided and abetted each other, came together and with the intention of outraging the modesty of witness Abdulmajid Mahammadusman Shaikh's daughter Sofiyabanu

as a woman, stripped her, attacked her, used criminal force and outraged her modesty and with the above common intention, committed gang rape on her and thereby, the accused No.1, 10, 22, 28 and 40 committed the offences punishable under sections 354, 376(2)(g) read with section 34 of the Indian Penal Code.

Moreover, as a part of the same transaction, all the accused No.1 to 62, in the context of the criminal conspiracy referred to in para 3 above, to prosecute their common object and in furtherance of the common intention as per para 4 and 5 above, by sprinkling inflammable substance on her and with the intention of screening themselves and the co-accused from legal punishment and with the intention of destroying the evidence, setting her ablaze and intentionally committing her murder and knowing full well that by burning her, they could cause death, all the accused have also committed the offence punishable under section 302, 201 read with section 34 and alternatively read with section 149 and alternatively read with section 120(B) of the Indian Penal Code.

7.18 Moreover, during the course of the same transaction, at the above time and place, the violent mob comprised of the accused, viz., accused No.25 Premchand alias Tiwari Conductor, accused No.26 Suresh alias Sahejad Danubhai Netalkar (Marathi Chharo) and accused No.28 Manubhai Keshabhai Maruda (Bhangi) and all the accused, in furtherance of their common intention as referred to in para 5 above and with the intention of committing gang rape on Farhana and outraging her modesty, at the above time and place, pulled witness Farzana Ayubbbhai's daughter Farhana and took her

away, she being a woman, with the intention of outraging her modesty, committed criminal acts, used criminal force, attacked her, outraged her modesty, pulled her and assaulted her and to prosecute the common intention, committed gang rape on her and accordingly, accused No.25, 26 and 28 have committed the offences punishable under section 354, 376(2) (g) read with section 34 of the Indian Penal Code.

Moreover, in the same transaction and at the same place and time, knowing that assaulting with a dagger can cause death, intentionally inflicted blows with a dagger on Farhana's stomach and to escape from punishment and to protect the co-accused, to destroy the evidence, sprinkled kerosene on her and set her ablaze and caused her death and accordingly, accused No.1 to 62 have committed the offences punishable under section 302, 201 read with section 34 and alternatively section 120(B) and alternatively read with section 149 of the Indian Penal Code.

7.19 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as referred to in para 4 above and alternatively in furtherance of the common intention as referred to in para 5 above, all the accused and mainly owing to accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala, accused No.26 Suresh alias Sahejad Danubhai Netalkar (Marathi Chharo), accused No.30 Shashikant alias Tiniyo Marathi, accused No.48 Kishanbhai Shankarbhai Mahadik (Kishan Marathi), with the knowledge

that throwing inflammable substances like kerosene or petrol and burning Sharifabibi's son and younger son can cause death, have set them ablaze and caused their death and to destroy the evidence against all the accused and co-accused and with the intention of screening the offenders from legal punishment, all the accused had burnt Sharafibibi's son and younger son and the accused No.1 to 62 have committed the offences punishable under sections 302, 201 read with section 34 and alternatively read with section 120(B) and alternatively read with section 149 of the Indian Penal Code within the jurisdiction of the court.

7.20 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as referred to in para 4 above and alternatively in furtherance of the common intention as referred to in para 5 above, all the accused through the accused No.20 Kishan Khubchand Korani, accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala and accused No.41 Manojbhai alias Manoj Sindhi Renumal Kukrani (Manoj Videovala), all of whom were part of the violent mob and unlawful assembly and with the knowledge that setting the house of Abdulmajid, resident of Jawannagar-ni-Chali, on fire and burning them alive would cause their death, had burnt seven persons of his family alive and murdered them and all the accused and co-accused, with the intention of screening the offenders from legal punishment and with the intention of destroying the evidence of the offence had burnt them alive and murdered them and have committed the offences punishable under sections 302, 201

read with section 34 and alternatively read with section 120(B) and alternatively read with section 149 of the Indian Penal Code, within the jurisdiction of the court.

7.21 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute common object of the unlawful assembly as referred to in para 4 above and alternatively in furtherance of the common intention as referred to in para 5 above, all the accused formed an unlawful assembly and were its members; the members of the unlawful assembly were armed with deadly weapons and by using them in other ways, caused different fatal injuries to the following victims, viz., (1) Safi alias Bablu Mahemudbhai, (2) Raziyanu Mahammad Ayub, (3) Yasin Abdul Majid, (4) Shahenaz Munavarbhai, (5) Bashir Ahemad Mahammad Hussein Shaikh, (6) Ayeshabanu Mahammad Maru Pathan, (7) Afsanabanu Rahemanbhai Saiyed, (8) Sabir Ahemad Munir Ahemad Shaikh, (9) Naimuddin Ibrahimbhai Shaikh, (10) Farzanabanu Ayubkhan Pathan, (11) Sabiraben Abdul Aziz Shaikh, (12) Usman Valibhai, (13) Yasin Usmanbhai Mansuri, (14) Shabana Abdulrahim, (15) Shoyeb Mahammad Ayub Shaikh, (16) Ahemad Badshah Mahemud Hussein Shaikh, (17) Parveenbanu Salambhai Abdulla, (18) Ahemadhusein Mahammadhusein Saiyed, (19) Mahammad Maruf Raufvaliullakhan Pathan, (20) Shahzahan, (21) Shahrukh Shabbir Kabirali Adambhai Shaikh, (22) Kamarraja Mahammadmarufa, (23) Sufiyabanu alias Bibibanu Maheubub Khurshid Shaikh and (24) Rashid Rahimbhai Shaikh, inflammable substance was thrown on his head and he was set ablaze; and all of them, with the intention of causing their

death and with the knowledge that these injuries would cause their deaths, threw inflammable substances on them and caused hurt and grievous hurt to them and burnt them which had caused the death of the above named persons and hence, all the accused have committed the offences punishable under section 307 read with section 149 and alternatively read with section 120(B) and alternatively read with section 34 of the Indian Penal Code within the jurisdiction of the court.

7.22 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as referred to in para 4 above and alternatively in furtherance of the common intention as referred to in para 5 above, all the accused, as members of the above referred unlawful assembly, being armed with deadly weapons as referred to in para 8 of the charge and using such weapons and in other ways, causing injuries to members of the Muslim community wherein (1) Jetunbibi Aslammiya Shaikh, and (2) causing fractures on both the hands of Reshmabanu Ayubkhan Pathan and injuring her, moreover, (3) Kulsumbanu Ibrahimhai, (4) Zarinabanu Naimuddin, (5) Sufiyabanu Inayat Saiyed, (6) Saukat Nabibhai Mansuri, (7) striking Mahammad Ayub Sofilal Shaikh with a stone, (8) striking Peshimam Abdulsalam Shaikh with a bottle on his leg, (9) hitting Sabiyabibi on the head with stone, (10) pelting stones on Salauddin Abdulkarim's leg, (11) Mehboobbibi on her forehead and (12) causing injuries to Taufik on his leg by pelting stones, etc., and voluntarily causing hurt and grievous hurt to other victims and by using aggressive deadly weapons or in some other manner, causing

hurt and grievous hurt, all the accused have committed the offences punishable under section 323 and/or section 324 and/or 325 and/or section 326, all read with section 149 and alternatively section 34 and alternatively section 120(B) of the Indian Penal Code, within the jurisdiction of the court.

7.23 Moreover, during the course of the same transaction, at the above time and place, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly as referred to in para 4 above and alternatively in furtherance of the common intention as mentioned in para 5 above, all the accused and mainly accused No.40 Mukesh alias Vakil Ratilal Rathod, accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala, accused No.26 Suresh alias Sahejad Danubhai Netalkar (Marathi Chharo), accused No.30 Shashikant alias Tiniyo Marathi, accused No.48 Kishanbhai Shankarbhai Mahadik (Kishan Marathi) etc., with a view to outrage the modesty of young Muslim girls as well as witness Naeem's wife, used criminal force and attacked them, and accused No.22 Suresh Chharo and accused No.26 Sahejad and accused No.42 Hiro Marwadi, with the intention of outraging the modesty of deceased persons as well as a girl named Nagina, her sister and her mother, used criminal force and attacked them and pulled at their clothes and disrobed them, etc. and committed other kinds of acts and outraged their modesty and in this manner, the above accused No.22, 26, 30, 40, 42 and 48 committed the offence punishable under section 354 read with section 34 of the Indian Penal Code.

7.24 Moreover, during the course of the same transaction, at

the above time and place, all the above named accused, as a part of the criminal conspiracy referred to in para 3 above and alternatively to prosecute the common object of the unlawful assembly referred to in para 4 above and alternatively in furtherance of the common intention referred to in para 5 above, all the accused got together and individually and collectively, at the different places in the Naroda Patiya area of Ahmedabad city as mentioned in para 6 of the charge, unauthorizedly entered different properties belonging to the Muslim community referred to in para 7 of the charge and ransacked them, set them ablaze, and all the accused aided and abetted each other and committed dacoity in the houses of Muslims, committed loot, used different weapons to cause hurt and grievous hurt to different people belonging to the Muslim community and as stated hereinabove, to commit dacoity, tried to murder different persons and caused their death, armed themselves with deadly weapons, used different weapons to commit loot and dacoity and made preparations to cause deaths of people belonging to the Muslim community in many violent incidents as well as to cause injuries to them, committed the offences of mischief, caused damage, committed arson, drove them away from the houses belonging to Muslims in their possession, religious places, vehicles, household goods and properties as well as caused heavy losses to the life and properties of persons and all the accused got together and committed the offences of dacoity, loot and mischief and caused wrongful loss of around rupees four crore and in this manner, the houses which were being used as residences by Muslims, religious places, the Noorani Masjid, shops, vehicles, etc. were intentionally looted, dacoity was committed, torched, pelted stones, committed mischief and in

this manner, committed the offences punishable under sections 395, 396, 397, 398, 427, 440, 435, 436 etc. read with section 149 and alternatively read with section 34 and alternatively read with section 120B of the Indian Penal Code, within the jurisdiction of the court.

7.25 Moreover, during the course of the same transaction, at the above time and place, all the above named accused, as a part of the common intention as referred to in para 5 of the charge and to prosecute the common intention to murder the pregnant Kausharbanu and cause the death of her unborn child, accused No.18 Babubhai alias Babu Bajrangi Rajabhai Patel and accused No.22 Suresh alias Richard alias Suresh Langdo Kantibhai Didawala (Chhara), with the intention that the child is not born out of the womb of a pregnant Muslim woman and that it dies after it is born, before the pregnant woman's child was born, inflicted a blow on her stomach with a sword and split her stomach and upon the foetus coming out, bounced it on the tip of a sword and threw it and it was done in such a manner that upon Kausharbanu trying to flee to escape from the mob, accused No.18 and accused No.22, with a common intention, armed with swords in their hands, struck the pregnant Kausharbanu on her stomach and split her stomach and upon the foetus coming out, bounced it on the tip of the sword and threw it and in this manner, the accused No.18 and accused No.22 committed the offence punishable under section 315 read with section 34 of the Indian Penal Code, within the jurisdiction of the court.

Moreover, to achieve the common object, all the accused No.1 to 62, as a part of the criminal conspiracy referred to in para 3

of the charge and/or to prosecute the common intention as referred to in para 4 or in furtherance of the common intention in para 5, threw Kausharbanu and her new born child in the fire and in this manner, all the accused with the knowledge that throwing Kausharbanu and her new born child in the fire, would cause their death, have committed the murder of Kausharbanu and her new born child and with the intention of screening the accused and their co-accused/accomplice offenders from legal punishment, and with a view to destroy the evidence, burnt them both in the fire and caused their death and murdered them and in this manner, all the accused and co-accused, committed the offences punishable under sections 302, 201 read with section 149 and alternatively read with section 34 and alternatively read with section 120(B) of the Indian Penal Code within the jurisdiction of the court.

7.26 In view of the above facts, all the accused committed all the offences in the context of the criminal conspiracy shown in para 3 of the charge and alternatively to prosecute the common object as shown in para 4 of the charge and alternatively in furtherance of the common intention as shown in para 5 of the charge, caused the damage shown in para 7 of the charge as well as on the facts in the other paragraphs of the charge, committed different offences shown in the relevant / corresponding paragraphs, were armed with weapons shown in para 8 of the charge and used such weapons to commit the different offences shown in the entire charge, whereby the accused No.1 to 62 have committed the offences punishable under sections 120(B), 153, 153A, 153A(2), 186, 188, 201, 295, 295A, 298, 302, 307, 323, 324, 325, 326, 332, 395, 396, 397, 398, 427, 435, 436, 440 etc., all offences read with

section 149 and alternatively read with section 120(B) of the Indian Penal Code.

Moreover, all the accused have also committed the offences punishable under sections 143, 144, 145, 147 and 148 read with section 149 of the Indian Penal Code.

As shown in the corresponding paragraphs, all the accused have committed the offence punishable under section 135(1) of the Bombay Police Act.

Accused No.1, 10, 22, 25, 26, 28 and 40 have committed the offences punishable under sections 376(2)(g), 354 read with section 34 of the Indian Penal Code.

Moreover, accused No.22, 26, 30, 42 and 48 have committed the offences punishable under section 354 read with section 34 of the Indian Penal Code, accused No.18 and 22 have committed the offences punishable under section 315 read with section 34 of the Indian Penal Code. All the accused have committed the offences punishable under the Indian Penal Code and the Bombay Police Act as described in detail in the charge during the period from 8:00 in the morning to about 10 o'clock on 28.02.2002 and in this regard, all the accused be put to trial.

8. The charge came to be read over to the accused and the trial court recorded the plea of each accused. All of them pleaded not guilty and claimed to be innocent and prayed for a trial.

9. During the course of the trial, accused No.35 passed away. Accordingly, an order came to be passed recording that the case has abated qua the said accused. It may be noted that some of the accused viz. Guddu Chhara, Bhavanisingh Chhara, Dalpat Chhara, etc. had passed away much earlier and hence, they were not arraigned as accused. It is necessary to note this aspect, because despite the fact that the deceased persons were not even arraigned as accused, the trial court in paragraph 34 of Chapter V of its judgment, which bears the heading "Culpability of the accused" has under the heading "Deceased Accused (Conspirators as well as members of unlawful assembly)" pronounced upon their guilt.

III EVIDENCE ADDUCED DURING THE COURSE OF TRIAL:

10. With a view to bring home the charge against the accused, the prosecution has examined in all 327 witnesses, who are (1) witnesses residing in the chawls, who were present on the day of the incident; (2) eyewitnesses who have witnessed the incidents that took place on that day and who have been categorized by the trial court into three categories, viz., (a) witnesses of the morning incident, (b) witnesses of the noon incident and (c) witnesses of the evening incident; (3) witnesses of the sting operation; (4) witnesses who were in some manner connected with the mobile phone recovered by PW-135 Hussainabanu Asgarkhan Pathan from the scene of incident; (5) medical witnesses, (6) police witnesses, including the eye witnesses; and (7) panch witnesses, etc.

11. The prosecution has also produced a plethora of documentary evidence as referred to in detail in paragraph

13B of the impugned judgment and order, wherein reference has been made to in all six hundred documents. By and large, the documentary evidence is comprised of the panchnamas of the scene of offence, panchnamas of the residences of the individual witnesses, inquest panchnamas, identification parade panchnamas, yadis for identification parade, injury certificates, postmortem reports, dying declarations, copies of the first information reports which are stated to have been included in the FIR registered vide Naroda Police Station I-C.R. No.100/2002, printed form complaints, applications made to the SIT by witnesses, affidavits filed by the witnesses for the purpose of submitting before the Supreme Court, certified copy of a judgment in Sessions Case No.241/2003 and 243/2003 (in connection with the death of Ranjit), copy of the first information report registered vide I-C.R. No.134/2002 dated 10.3.2002, certified copies of Vardhi book, "C" summary case papers of various first information reports registered with the Naroda Police Station, etc.

12. After recording the evidence, the learned Sessions Judge put the incriminating material to each of the accused under section 313 of the Code and their response was in the nature of complete denial. The accused have also filed detailed statements under section 313 of the Code. The accused also produced several documentary evidences along with their further statements which have been referred to in detail in paragraph 17 of the impugned judgment and order.

IV THE FINAL ORDER PASSED BY THE TRIAL COURT:

13. The trial court after considering the evidence on record

and the submissions advanced by the learned advocates for the respective parties, by the impugned judgment and order dated 5th October, 2012, acquitted accused No.1 to 34 and 36 to 62 of the charge under section 145 read with section 149, IPC and sections 186, 201, 295A, 298, 315, 332 and 395, 396, 397 and 398 read with section 149 of the Indian Penal Code and/or the same offences read with section 120(B), IPC, by granting them the benefit of doubt.

13.1 The trial court held accused No.1, Naresh Agarsinh Chhara to be guilty of the offences punishable under section 143, 144, 147, 148 read with section 149 of Indian Penal Code section 295, 427, 435, 436, 440, 153, 153-A, 153-A(2), 323, 324, 325, 326, 302 and 307 read with section 149 of Indian Penal Code and for the same sections read with section 120-B of the Indian Penal Code. The trial court also convicted him for the offences punishable under section 188, 120-B of the Indian Penal Code and section 135(1) of Bombay Police Act, but acquitted him by granting him benefit of doubt for the charged offences under sections 354 and 376(2)(g) read with section 34 of the Indian Penal Code.

[26] As has been discussed and held while discussing Point for Determination No.XI at Part-7 of the Judgement since PW-205 named Zarinabanu Naimuddin Shaikh was subjected to the crime known as worst form of human right violation of the woman viz. the commission of offence of sexual violence in the light of international concern for growing menace of sexual violence against the women and since she was a victim of the offence of gang rape which gives a serious blow to her supreme honour, her self-esteem and her dignity as woman, this Court gives direction to appropriately consider the case of compensation of the PW-205 who is hereby ordered to pay

compensation of Rs.5,00,000/- for the gang rape committed on her. The commission for women in Gujarat State, the Principal Secretary of the Department of Social Welfare, Sachivalaya Gandhinagar, Gujarat State and the Board formulated for the compensation of the rape victim in the State of Gujarat shall see to it that the compensation as awarded of Rs.5,00,000/- from the Gujarat State exchequer shall be paid to PW-205 at the earliest upon due verification and proper procedure to be adopted for her identity. Yadi to all the three.

[27] All the substantive sentences, except the sentences for imprisonment for life, the applicable meaning of which has been given by this Court in this order with reference to each of the accused, shall run concurrently.

[28] The sentences of imprisonment for life and the applicable meaning of which has been given by this Court in this order with reference to each of the accused, shall run after the expiration of the concurrent sentences for imprisonment for the mentioned terms.

[29] The Sessions case No.236/09 is ordered to be kept pending in the original file of this Court till the N.B.W. Issued against A-26 stands executed. The matter qua A-26 has now been kept on 03/09/2012 for the execution of the N.B.W. and /or for production of action taken report by the investigating agency.

All the mentioned 7 cases for all the mentioned accused and the Sessions Case No.236/2009 for all the accused except for A-26, hereby stand disposed of in light of the further final

order passed herein above.

[30] All the accused shall be entitled for set off in accordance with law.

[31] As far as A-52 is concerned, he shall be entitled for set off in accordance with law for all the substantive sentences for the mentioned terms.

[32] A-52 shall be protected against the imposition of life sentence second time on him while the first sentence is in operation, hence, he shall be entitled to his statutory right under section 427(2) of the Cr.P.C.

Being aggrieved by the impugned judgment and order of conviction and sentence passed by the trial court, the original accused No.1, 4, 5, 10, 21, 22, 25, 26, 27, 28, 30, 33, 34, 39, 40, 42, 46, 47, 52, 53, 55 and 60 have filed a consolidated appeal being Criminal Appeal No.1708 of 2002; the accused No.2, 20, 38, 41 and 45 have filed a consolidated appeal being Criminal Appeal No.1709 of 2012; the accused No.18 has filed an appeal being Criminal Appeal No.1710 of 2012; the accused No.62 has filed Criminal Appeal No.1740 of 2012; the accused No.58 has filed Criminal Appeal No.1862 of 2012; the accused No.2, 41, 44 and 55 have filed Criminal Appeal No.1598 of 2013; the accused No.37 has filed appeal being Criminal Appeal No.1713 of 2012.

14.1 The State of Gujarat has preferred an appeal challenging the acquittal of accused No.19, 24, 43, 56 and 61 being Criminal Appeal No.1030 of 2013; the State of Gujarat has preferred Criminal Appeal No.1598 of 2013 for enhancement of the sentence for the conviction recorded by the impugned judgment and order dated 31.8.2012 and 5.10.2012 qua accused No.2, 41, 44 and 55; the State of Gujarat has preferred Criminal Appeal No.1599 of 2013 for enhancement of sentence for the conviction recorded by the impugned judgment and order dated 31.8.2012 and 5.10.2012 qua accused No.18, 22, 25, 26, 28 and 30; the State of Gujarat has preferred Criminal Appeal No.1600 of 2013 seeking enhancement of sentence for the conviction recorded by the impugned judgment and order dated 31.8.2012 and 5.10.2012 qua accused No.1, 10, 40, 52, 53 and 60.

14.2 Against the judgment and order of acquittal, some of the original prosecution witnesses/victims have preferred an appeal being Criminal Appeal No.1812 of 2012 challenging the acquittal of in all twenty accused.

15. Since all these appeals arise out of a common judgment and order of conviction dated 31.8.2012 and sentence dated 5.10.2012 passed by the learned Special Judge, Designated Court for Speedy Trial of Riot Cases, in Sessions Case No.235/2009 with Sessions Cases No.236/2009, 241/2009, 242/2009, 243/2009, 245/2009, 246/2009 and 270/2009, the same were taken up for hearing together and are decided by this common judgment.

VI GENERAL PRINCIPLES FOR APPRECIATION OF EVIDENCE:

16. The learned counsel for the respective parties have made submissions on the general principles for appreciation of evidence and have made specific submissions regarding each individual witness wherever necessary and have made submissions point-wise in respect of different points that arise for determination for the purpose of considering the complicity or otherwise of the accused. Since the submissions have been made point-wise, reference to the submissions shall be made while discussing such points.

17. Before referring to the testimonies of the witnesses and analysing the credibility of each witness, it may be germane to first refer to the principles which are required to be

kept in mind while appreciating the evidence in the light of the decisions cited by the learned counsel for the respective parties. At the outset, it may be noted that this case arises out of one of the most brutal massacres that took place in the aftermath of the Godhra incident, commonly known as the Godhra riots. It is therefore but natural that emotions and sentiments run high and the victims are clamouring for justice and the public at large has its own perception of the matter. Therefore, before we venture to discuss the merits of the case, we may remind ourselves about the following observations of the Supreme Court in **State v. Mahender Singh Dahiya**, (2011) 3 SCC 109, which has been cited by Mr. N. D. Nanavati and Mr. Y.S. Lakhani, senior advocates, learned counsel for the concerned appellants/accused:

“24. We have examined the submissions made by the learned counsel for the parties, particularly keeping in view the gruesome nature of the crime and the complexities presented in the investigation, as also at the trial of this particular case. Undoubtedly, this case demonstrates the actions of a depraved soul. The manner in which the crime has been committed in this case, demonstrates the depths to which the human spirit/soul can sink. But no matter how diabolical the crime, the burden remains on the prosecution to prove the guilt of the accused. Given the tendency of human beings to become emotional and subjective when faced with crimes of depravity, the courts have to be extra cautious not to be swayed by strong sentiments of repulsion and disgust. It is in such cases that the court has to be on its guard and to ensure that the conclusions reached by it are not influenced by emotion, but are based on the evidence produced in the court. Suspicion no matter how strong cannot, and should not be permitted to take the place of proof. Therefore, in such cases, the courts are to ensure a cautious and balanced appraisal of the intrinsic value of the evidence produced in court.” [Emphasis supplied]

17.1 Another decision cited by the learned counsel is also worth referring to at this stage, viz. the decision of the Supreme Court in **Dilavar Hussain v. State of Gujarat**, (1991) 1 SCC 253, the relevant portion whereof is extracted herein below:

“3. All this generated a little emotion during submissions. But sentiments or emotions, howsoever strong, are neither relevant nor have any place in a court of law. Acquittal or conviction depends on proof or otherwise of the criminological chain which invariably comprises of why, where, when, how and who. Each knot of the chain has to be proved, beyond shadow of doubt to bring home the guilt. Any crack or loosening in it weakens the prosecution. Each link, must be so consistent that the only conclusion which must follow is that the accused is guilty. Although guilty should not escape (sic). But on reliable evidence, truthful witnesses and honest and fair investigation. No free man should be amerced by framing or to assuage feelings as it is fatal to human dignity and destructive of social, ethical and legal norm. Heinousness of crime or cruelty in its execution however abhorrent and hateful cannot reflect in deciding the guilt.

4. Misgiving, also, prevailed about appreciation of evidence. Without adverting to submissions suffice it to mention that credibility of witnesses has to be measured with same yardstick, whether, it is ordinary crime or a crime emanating due to communal frenzy. Law does not make any distinction either in leading of evidence or in its assessment. Rule is one and only one namely, whether depositions are honest and true. Whether the witnesses, who claim to have seen the incident in this case, withstand this test is the issue? But before that some legal and general questions touching upon veracity of prosecution version may be disposed of.

17.2 Yet another decision which needs to be kept in mind is the decision of the Supreme Court in **Ashish Batham v. State of M.P.**, (2002) 7 SCC 317, wherein the court observed

thus:

“On a careful reading of the relevant portions of the judgment of both the learned Sessions Judge as well as the Division Bench of the High Court, to which our attention has been invited by the learned counsel appearing on either side, we are constrained to place on record that both the courts below have committed the same serious error in presuming the guilt of the appellant first and try thereafter to find out one or the other reason to justify such a conclusion without an objective, independent and impartial analysis or assessment of the materials, before recording a finding on the guilt of the appellant. Contradictory standards or yardstick and lack of coherence is found writ large in the manner of consideration adopted by the courts below. In the case of evaluation of the evidence, it could be seen so patently that insignificant things have been unduly magnified and serious lapses and withholding of vital materials and relevant witnesses have been unjustifiably glossed over despite the fact that the production of those materials would have really helped to fix the guilt or otherwise of the appellant concretely and bring about the real truth about the matter. We find, on going through the materials on record and the judgments of the courts below, the case before us to be an ideal and illustrative one to justify the apprehensions often reiterated by this Court that the mind is apt to take pleasure in adopting the circumstances to one or the other circumstance without straining a little to supply even the links found wanting to render them complete. The fact that at a busy place like the one in and nearby the hospital area, thickly residential with surroundings as spoken to by the witnesses such murder of two girls could be said to have been executed without attracting the attention of anyone nearby or regular passers-by at that point of time in the area also seriously improbabilises the prosecution version that the appellant alone was and could have been the culprit. We are also of the view that the doubtful and suspect nature of the evidence sought to be relied upon to substantiate the circumstances in this case themselves suffer from serious infirmities and lack of legal credibilities to merit acceptance in the hands of courts of law, since the very circumstances sought to be relied upon themselves stood seriously undermined the existence or proof of one or more of stray circumstances in the chain, break and dislocate the link in such a manner so as to irreversibly snap the link in the

chain of circumstances rendering it difficult, inappropriate as well as impossible too, to consider even one or more of them alone to either sufficiently constitute or provide the necessary basis to legitimately presume the guilt of the appellant. We could not resist but place on record that the appellant seems to have been roped in merely on suspicion and the story of the prosecution built on the materials placed seems to be neither the truth nor wholly the truth and the findings of the courts below, though seem to be concurrent, do not deserve the merit of acceptance or approval in our hands having regard to the glaring infirmities and illegalities vitiating them and patent errors apparent on the face of the record, resulting in serious and grave miscarriage of justice to the appellant.”

18. We stress upon this decision for the reason that the same aptly describes the approach adopted by the trial court in this case. On a close reading of the impugned judgment and order, it appears that the trial court has committed the error of first presuming the guilt of certain accused and has then looked for reasons to justify the same without an objective, independent and impartial analysis or assessment of the materials, before recording a finding on the guilt of such accused. Contradictory standards or yardstick and lack of coherence is found writ large in the manner of consideration adopted by the trial court. In the case of evaluation of the evidence, it could be seen so patently that insignificant things have been unduly magnified and serious lapses and withholding of vital materials and relevant witnesses have been unjustifiably glossed over despite the fact that the production of those materials would have really helped to fix the guilt or otherwise of the accused concretely and bring about the real truth about the matter.

19. At the outset, Mr. Yogesh Lakhani, Senior Advocate,

learned counsel for the appellants (most of the convicted as well as acquitted accused) submitted that certain aspects are required to be kept in mind while appreciating the evidence in a criminal case. It was submitted that the incident in question is no doubt a very ghastly and gruesome one, which has been committed by a group of persons and the victims and their relatives have suffered a lot in terms of casualties, injuries caused to their body and mind, the damage and loss that they have suffered, and they have a right to seek justice and seek conviction of those accused whose complicity is found beyond reasonable doubt. At the same time, the court would see to it that no innocent person or an accused falsely involved and incriminated is convicted merely because a large number of witnesses either name him or attribute some role to him, maybe in their initial statement or later statement, but they are found to be not reliable and trustworthy. Therefore, the court while ensuring that justice is done to the victims and family members should also see that no innocent is convicted.

19.1 It was submitted that the prosecution is obliged to prove the case beyond reasonable doubt and it is the bounden duty of the prosecution to prove all the facts alleged to the satisfaction of the judicial conscience and to convince the court that the accused are guilty of having committed the offences with which they are charged.

19.2 The accused are not expected to prove their defence even if specifically set up, and failure on the part of the accused to prove the defence would in no way strengthen the prosecution case. The burden on the accused to prove

their defence is not as heavy as the burden that lies on the prosecution to prove the case and the accused are required to show to the court that the defence they have set up is possible and or plausible.

19.3 While appreciating the evidence of the witnesses, the court will of course ignore and not give much importance to the minor, negligible and natural contradictions and omissions, etc., which may have intervened because of the passage of time or because of the fact that the witnesses are rustic and they lack photographic memory. However, if the contradictions, omissions, improvements and embellishments are found to be apparent in nature, major and substantial which definitely affect seriously, the core substratum of the prosecution case, the court will not hesitate to reject the entire testimony of the witness by placing it out of consideration.

19.4 Quality and not quantity of the evidence is required to prove the complicity of the accused in the crime alleged and for that the evidence of the witness has to be of sterling quality, to the satisfaction of the court and the testimony of an unreliable witness cannot be used to corroborate the testimony of another witness who is identically situated.

19.5 When there are a large number of accused as well as a large number of witnesses, the court will evaluate the evidence very carefully and with great caution to rule out all or any possibility of either false or over implication of the accused, and in such a case, would adopt the theory of more than one, two, three or four witnesses as laid down by the

Supreme Court.

19.6 If the court finds any reasonable doubt in the prosecution case which is not fanciful, the benefit of doubt must go to the accused.

20. As regards the principles that are required to be kept in mind while appreciating the evidence, a brief reference may be made to the decisions cited by the learned counsel for the respective parties.

20.1 Mr. Y.S. Lakhani and Mr. B.B. Naik, Senior Advocates, learned counsel for the appellants placed reliance upon the decision of the Supreme Court in **C. Magesh v. State of Karnataka**, (2010) 5 SCC 645, for the proposition that in criminal jurisprudence, evidence has to be evaluated on the touchstone of consistency. Consistency is the keyword for upholding the conviction of an accused. The court referred to its earlier in the case titled *Suraj Singh v. State of U.P. (2008) 16 SC 686* wherein it was held thus:

"14. '21. ... The evidence must be tested for its inherent consistency and the inherent probability of the story; consistency with the account of other witnesses held to be creditworthy; ... the probative value of such evidence becomes eligible to be put into the scales for a cumulative evaluation.' "

The court held that in a criminal trial, evidence of the eyewitness requires a careful assessment and must be evaluated for its creditability. Since the fundamental aspect of criminal jurisprudence rests upon the stated principle that "no

man is guilty until proven so”, hence utmost caution is required to be exercised in dealing with situations where there are multiple testimonies and equally large number of witnesses testifying before the court. There must be a string that should join the evidence of all the witnesses and thereby satisfying the test of consistency in evidence amongst all the witnesses. Criminal jurisprudence entails that a thorough appreciation of records needs to be done in order to do complete justice.

20.2 Reference was made to the decision of the Supreme Court in **A. Shankar v. State of Karnataka**, (2011) 6 SCC 279, for the proposition that in all criminal cases, normal discrepancies are bound to occur in the depositions of witnesses due to normal errors of observation, namely, errors of memory due to lapse of time or due to mental disposition such as shock and horror at the time of occurrence. Where the omissions amount to a contradiction, creating a serious doubt about the truthfulness of the witness and other witnesses also make material improvement while deposing in the court, such evidence cannot be safe to rely upon. However, minor contradictions, inconsistencies, embellishments or improvements on trivial matters which do not affect the core of the prosecution case, should not be made a ground on which the evidence can be rejected in its entirety. The court has to form its opinion about the credibility of the witness and record a finding as to whether his deposition inspires confidence. “Exaggerations per se do not render the evidence brittle. But it can be one of the factors to test the credibility of the prosecution version, when the entire evidence is put in a

crucible for being tested on the touchstone of credibility.” Therefore, mere marginal variations in the statements of a witness cannot be dubbed as improvements as the same may be elaborations of the statement made by the witness earlier. *“Irrelevant details which do not in any way corrode the credibility of a witness cannot be labelled as omissions or contradictions.”* The omissions which amount to contradictions in material particulars, that is, materially affect the trial or core of the prosecution case, render the testimony of the witness liable to be discredited. Where the omission(s) amount to a contradiction, creating a serious doubt about the truthfulness of a witness and other witness also make material improvements before the court in order to make the evidence acceptable, it cannot be safe to rely upon such evidence. [Emphasis supplied.]

20.3 Reliance was also placed upon the decision of the Supreme Court in ***Sunil Kumar Sambhudayal Gupta (Dr.) v. State of Maharashtra***, (2010) 13 SCC 657, wherein it has been held thus:

“30. *While appreciating the evidence, the court has to take into consideration whether the contradictions/omissions had been of such magnitude that they may materially affect the trial. Minor contradictions, inconsistencies, embellishments or improvements on trivial matters without effecting the core of the prosecution case should not be made a ground to reject the evidence in its entirety. The trial court, after going through the entire evidence, must form an opinion about the credibility of the witnesses and the appellate court in normal course would not be justified in reviewing the same again without justifiable reasons. (Vide State v. Saravanan, (2008) 17 SCC 587.)*

31. *Where the omission(s) amount to a contradiction,*

creating a serious doubt about the truthfulness of a witness and the other witness also makes material improvements before the court in order to make the evidence acceptable, it cannot be safe to rely upon such evidence. (Vide State of Rajasthan v. Rajendra Singh, (2009) 11 SCC 106.)

32. *The discrepancies in the evidence of eyewitnesses, if found to be not minor in nature, may be a ground for disbelieving and discrediting their evidence. In such circumstances, witnesses may not inspire confidence and if their evidence is found to be in conflict and contradiction with other evidence or with the statement already recorded, in such a case it cannot be held that the prosecution proved its case beyond reasonable doubt. (Vide Mahendra Pratap Singh v. State of U.P. (2009) 11 SCC 334)*

33. *In case, the complainant in the FIR or the witness in his statement under Section 161 CrPC, has not disclosed certain facts but meets the prosecution case first time before the court, such version lacks credence and is liable to be discarded. (Vide State v. Sait, (2008) 15 SCC 440.)*

34. *In State of Rajasthan v. Kalki, (1981) 2 SCC 752, while dealing with this issue, this Court observed as under:*

“8. ... In the depositions of witnesses there are always normal discrepancies however honest and truthful they may be. These discrepancies are due to normal errors of observation, normal errors of memory due to lapse of time, due to mental disposition such as shock and horror at the time of the occurrence, and the like. Material discrepancies are those which are not normal, and not expected of a normal person.”

35. *The courts have to label the category to which a discrepancy belongs. While normal discrepancies do not corrode the credibility of a party's case, material discrepancies do so. (See Syed Ibrahim v. State of A.P. (2006) 10 SCC 601 and Arumugam v. State, (2008) 15 SCC 590.)*

36. *In Bihari Nath Goswami v. Shiv Kumar Singh, (2004) 9 SCC 186 this Court examined the issue and held:*

“9. Exaggerations per se do not render the evidence brittle. But it can be one of the factors to test the credibility of the prosecution version, when the entire evidence is put in a crucible for being tested on the touchstone of credibility.”

37. *While deciding such a case, the court has to apply the aforesaid tests. Mere marginal variations in the statements cannot be dubbed as improvements as the same may be elaborations of the statement made by the witness earlier. The omissions which amount to contradictions in material particulars i.e. go to the root of the case/materially affect the trial or core of the prosecution case, render the testimony of the witness liable to be discredited.”*

20.4 Strong reliance was placed upon the decision of the Supreme Court in **Narender Kumar v. State (NCT of Delhi)**, (2012) 7 SCC 171 179, for the proposition that even in a case of rape, the onus is always on the prosecution to prove, affirmatively each ingredient of the offence it seeks to establish and such onus never shifts. It is no part of the duty of the defence to explain as to how and why in a rape case the victim and other witnesses have falsely implicated the accused. The prosecution case has to stand on its own legs and cannot take support from the weakness of the case of defence. *However* great the suspicion against the accused and *however* strong the moral belief and conviction of the court, unless the offence of the accused is established beyond reasonable doubt on the basis of legal evidence and material on the record, he cannot be convicted for an offence. There is an initial presumption of innocence of the accused and the prosecution has to bring home the offence against the accused by reliable evidence. The accused is entitled to the benefit of every reasonable doubt. (Vide *Tukaram v. State of*

Maharashtra, (1979) 2 SCC 143 and Uday v. State of Karnataka, (2003) 4 SC 46.) The court further held that the prosecution has to prove its case beyond reasonable doubt and cannot take support from the weakness of the case of defence. There must be proper legal evidence and material on record to record the conviction of the accused. The conviction can be based on sole testimony of the prosecutrix provided it lends assurance of her testimony. However, in case the court has reason not to accept the version of the prosecutrix on its face value, it may look for corroboration. In case the evidence is read in its totality and the story projected by the prosecutrix is found to be improbable, the prosecutrix's case becomes liable to be rejected.

20.5 Reliance was also placed upon the decision of the Jharkhand High Court in the case of ***Chadra Munda v. The State of Jharkhand***, 2004 Cri.L.J. 3369, wherein the court has held that as the order of conviction was based only on the assumption that due to the lapse of time, there was contradiction in the evidence of the interested witnesses, it could not be sustained. It was submitted that this decision would be squarely applicable to the facts of the present case.

20.6 For the proposition as to when can a witness be said to be a sterling witness, reliance was placed upon the decision of the Supreme Court in ***Rai Sandeep v. State (NCT of Delhi)***, (2012) 8 SCC 21, wherein the court held thus:

“22. In our considered opinion, the “sterling witness” should be of a very high quality and calibre whose version should, therefore, be unassailable. The court considering the version of such witness should be in a

position to accept it for its face value without any hesitation. To test the quality of such a witness, the status of the witness would be immaterial and what would be relevant is the truthfulness of the statement made by such a witness. What would be more relevant would be the consistency of the statement right from the starting point till the end, namely, at the time when the witness makes the initial statement and ultimately before the court. It should be natural and consistent with the case of the prosecution qua the accused. There should not be any prevarication in the version of such a witness. The witness should be in a position to withstand the cross-examination of any length and howsoever strenuous it may be and under no circumstance should give room for any doubt as to the factum of the occurrence, the persons involved, as well as the sequence of it. Such a version should have co-relation with each and every one of other supporting material such as the recoveries made, the weapons used, the manner of offence committed, the scientific evidence and the expert opinion. The said version should consistently match with the version of every other witness. It can even be stated that it should be akin to the test applied in the case of circumstantial evidence where there should not be any missing link in the chain of circumstances to hold the accused guilty of the offence alleged against him. Only if the version of such a witness qualifies the above test as well as all other such similar tests to be applied, can it be held that such a witness can be called as a "sterling witness" whose version can be accepted by the court without any corroboration and based on which the guilty can be punished. To be more precise, the version of the said witness on the core spectrum of the crime should remain intact while all other attendant materials, namely, oral, documentary and material objects should match the said version in material particulars in order to enable the court trying the offence to rely on the core version to sieve the other supporting materials for holding the offender guilty of the charge alleged."

20.7 Reference was made to the decision of the Supreme Court in **Ashish Batham v. State of M.P.** (supra), wherein it has been held thus:

“8. Realities or truth apart, the fundamental and basic presumption in the administration of criminal law and justice delivery system is the innocence of the alleged accused and till the charges are proved beyond reasonable doubt on the basis of clear, cogent, credible or unimpeachable evidence, the question of indicting or punishing an accused does not arise, merely carried away by the heinous nature of the crime or the gruesome manner in which it was found to have been committed. Mere suspicion, however strong or probable it may be is no effective substitute for the legal proof required to substantiate the charge of commission of a crime and graver the charge is, greater should be the standard of proof required. Courts dealing with criminal cases at least should constantly remember that there is a long mental distance between “may be true” and “must be true” and this basic and golden rule only helps to maintain the vital distinction between “conjectures” and “sure conclusions” to be arrived at on the touchstone of a dispassionate judicial scrutiny based upon a complete and comprehensive appreciation of all features of the case as well as quality and credibility of the evidence brought on record.”

“15. The learned counsel for the respondent strenuously contended that though, each of the above circumstances, may not by themselves point towards the guilt of the appellant, but taken together, lead to the only inevitable and inescapable conclusion that it is the appellant who committed the murder of the two daughters of PW 2 cannot, at any rate, be doubted. We have carefully considered this aspect of the matter also, despite the doubtful nature of the very circumstances themselves to be really facts established, but could not be persuaded to either agree with the learned counsel for the respondent or approve the findings of the courts below. On a careful reading of the relevant portions of the judgment of both the learned Sessions Judge as well as the Division Bench of the High Court, to which our attention has been invited by the learned counsel appearing on either side, we are constrained to place on record that both the courts below have committed the same serious error in presuming the guilt of the appellant first and try thereafter to find out one or the other reason

to justify such a conclusion without an objective, independent and impartial analysis or assessment of the materials, before recording a finding on the guilt of the appellant. Contradictory standards or yardstick and lack of coherence is found writ large in the manner of consideration adopted by the courts below. In the case of evaluation of the evidence, it could be seen so patently that insignificant things have been unduly magnified and serious lapses and withholding of vital materials and relevant witnesses have been unjustifiably glossed over despite the fact that the production of those materials would have really helped to fix the guilt or otherwise of the appellant concretely and bring about the real truth about the matter. We find, on going through the materials on record and the judgments of the courts below, the case before us to be an ideal and illustrative one to justify the apprehensions often reiterated by this Court that the mind is apt to take pleasure in adopting the circumstances to one or the other circumstance without straining a little to supply even the links found wanting to render them complete. The fact that at a busy place like the one in and nearby the hospital area, thickly residential with surroundings as spoken to by the witnesses such murder of two girls could be said to have been executed without attracting the attention of anyone nearby or regular passers-by at that point of time in the area also seriously improbabilises the prosecution version that the appellant alone was and could have been the culprit. We are also of the view that the doubtful and suspect nature of the evidence sought to be relied upon to substantiate the circumstances in this case themselves suffer from serious infirmities and lack of legal credibilities to merit acceptance in the hands of courts of law, since the very circumstances sought to be relied upon themselves stood seriously undermined the existence or proof of one or more of stray circumstances in the chain, break and dislocate the link in such a manner so as to irreversibly snap the link in the chain of circumstances rendering it difficult, inappropriate as well as impossible too, to consider even one or more of them alone to either sufficiently constitute or provide the necessary basis to legitimately presume the guilt of the appellant. We could not resist but place on record that the appellant seems to have been roped in merely on suspicion and the story of the prosecution built on the materials placed seems to be neither the truth nor wholly

the truth and the findings of the courts below, though seem to be concurrent, do not deserve the merit of acceptance or approval in our hands having regard to the glaring infirmities and illegalities vitiating them and patent errors apparent on the face of the record, resulting in serious and grave miscarriage of justice to the appellant.”

21. On behalf of the prosecution, Mr. Prashant Desai, Senior Advocate, learned Special Public Prosecutor placed reliance upon the decision of the Supreme Court in **Mukesh v. State for NCT of Delhi**, AIR 2017 SC 2161, and more particularly paragraphs 72 to 74 thereof, wherein the court has reiterated the principles propounded in the above referred decisions.

21.1 Reference was made to the following observations of the Supreme Court in **Sanjeev Kumar Gupta v. State of U.P.**, (2015) 11 SCC 69:

“29. Coming to the question of inconsistency in the statement given by PW 1 in the FIR and the statement given in the court, we do not find this to be fatal to the prosecution case. We cannot rule out the possibility of post-incident trauma and shock which might have been caused to the injured eyewitness. In such a situation one cannot expect the witness to depose about every detail with accuracy. Further, this Court has held in a number of cases that the testimony of an injured eyewitness has to be given much credence. Apart from this, this Court has also laid down in Dharmendrasinh v. State of Gujarat, (2002) 4 SCC 679, that when other evidence, such as medical evidence, supports the prosecution case, the difference in what is stated in the FIR and in the court as regards the weapon of offence is a very insignificant contradiction. This Court in paragraph 10 of the above-mentioned judgment observed:

“10. ... In this connection, the other related

argument which has been raised is that in the FIR PW 3 had mentioned that the appellant had assaulted the children with an axe but later on changed her statement in the court saying that it was by mistake she had mentioned 'axe' in the FIR but in fact it was dharia. In our view it is a very insignificant contradiction which may not lead to any worthwhile conclusion in view of the fact that it was immaterial whether the weapon was an axe or a dharia as both are sharp-edged weapons and according to the statement of the doctor the injuries as received by the two children were caused by a sharp-edged weapon. There was thus no design or purpose in changing the statement or deliberately giving out something wrong in the first information report about the weapon used by the appellant to cause the injuries upon the deceased persons. The medical evidence supports the prosecution case in all respects. We therefore find no force in this submission as well."

21.2 Reliance was placed upon the decision of the Supreme Court in **State of U.P. v. Krishna Master**, (2010) 12 SCC 324, wherein the court held thus:

"15. Before appreciating evidence of the witnesses examined in the case, it would be instructive to refer to the criteria for appreciation of oral evidence. While appreciating the evidence of a witness, the approach must be whether the evidence of the witness read as a whole appears to have a ring of truth. Once that impression is found, it is undoubtedly necessary for the court to scrutinise the evidence more particularly keeping in view the deficiencies, drawbacks and infirmities pointed out in the evidence as a whole and evaluate them to find out whether it is against the general tenor of the evidence and whether the earlier evaluation of the evidence is shaken as to render it unworthy of belief. Minor discrepancies on trivial matters not touching the core of the case, hyper-technical approach by taking sentences torn out of context here or there from the evidence, attaching importance to some technical error committed by the investigating officer not going to the root of the matter would not ordinarily permit rejection of the evidence as a whole.

16. *If the court before whom the witness gives evidence had the opportunity to form the opinion about the general tenor of the evidence given by the witness, the appellate court which had not this benefit will have to attach due weight to the appreciation of evidence by the trial court and unless the reasons are weighty and formidable, it would not be proper for the appellate court to reject the evidence on the ground of variations or infirmities in the matter of trivial details. Minor omissions in the police statements are never considered to be fatal. The statements given by the witnesses before the police are meant to be brief statements and could not take place of evidence in the court. Small/Trivial omissions would not justify a finding by court that the witnesses concerned are liars. The prosecution evidence may suffer from inconsistencies here and discrepancies there, but that is a shortcoming from which no criminal case is free. The main thing to be seen is whether those inconsistencies go to the root of the matter or pertain to insignificant aspects thereof. In the former case, the defence may be justified in seeking advantage of incongruities obtaining in the evidence. In the latter, however, no such benefit may be available to it.*

17. *In the deposition of witnesses, there are always normal discrepancies, howsoever honest and truthful they may be. These discrepancies are due to normal errors of observation, normal errors of memory due to lapse of time, due to mental disposition, shock and horror at the time of occurrence and threat to the life. It is not unoften that improvements in earlier version are made at the trial in order to give a boost to the prosecution case, albeit foolishly. Therefore, it is the duty of the court to separate falsehood from the truth. In sifting the evidence, the court has to attempt to separate the chaff from the grains in every case and this attempt cannot be abandoned on the ground that the case is baffling unless the evidence is really so confusing or conflicting that the process cannot reasonably be carried out. In the light of these principles, this Court will have to determine whether the evidence of eyewitnesses examined in this case proves the prosecution case."*

21.3 Reliance was placed upon the decision of the Supreme Court in **Ranjit Singh v. State of M.P.**, (2011) 4 SCC 336, for the following proposition of law:

“Falsus in uno, falsus in omnibus

15. In *Balaka Singh v. State of Punjab*, (1975) 4 SCC 511, this Court observed as under:

“8. ... It is true that, as laid down by this Court in *Zwinglee Ariel v. State of M.P.* AIR 1954 SC 15 and other cases which have followed that case, the court must make an attempt to separate grain from the chaff, the truth from the falsehood, yet this could only be possible when the truth is separable from the falsehood. Where the grain cannot be separated from the chaff because the grain and the chaff are so inextricably mixed up that in the process of separation the court would have to reconstruct an absolutely new case for the prosecution by divorcing the essential details presented by the prosecution completely from the context and the background against which they are made, then this principle will not apply.”

16. In *Ugar Ahir v. State of Bihar*, AIR 1965 SC 277, this Court held as under:

“6. The maxim *falsus in uno, falsus in omnibus* (false in one thing, false in every thing) is neither a sound rule of law nor a rule of practice. Hardly one comes across a witness whose evidence does not contain a grain of untruth or at any rate exaggerations, embroideries or embellishments. It is, therefore, the duty of the court to scrutinise the evidence carefully and, in terms of the felicitous metaphor, separate the grain from the chaff. But, it cannot obviously disbelieve the substratum of the prosecution case or the material parts of the evidence and reconstruct a story of its own out of the rest.”

17. A similar view was taken in *Nathu Singh Yadav v. State of M.P.*, (2002) 10 SCC 366.

18. The maxim has been explained by this Court in *Jakki v. State*, (2007) 9 SCC 589, observing:

“8. ‘51. ... The maxim *falsus in uno, falsus in omnibus* ... has not received general acceptance nor has this maxim come to occupy the status of rule of law. It is merely a rule of caution. All that it amounts to

is, that in such cases testimony may be disregarded, and not that it must be [discarded]. The doctrine merely involves the question of weight of evidence which a court may apply in a given set of circumstances, but it is not what may be called “a mandatory rule of evidence”.’”

19. *It is well settled in law that the maxim falsus in uno, falsus in omnibus (false in one, false in all) does not apply in criminal cases in India, as a witness may be partly truthful and partly false in the evidence he gives to the court. (Vide Kulwinder Singh v. State of Punjab, (2007) 10 SCC 455, Ganesh v. State of Karnataka, (2008) 17 SCC 152, Jayaseelan v. State of T.N. (2009) 12 SCC 275, Mani v. State, (2009) 12 SCC 288 and Balraje v. State of Maharashtra, (2010) 6 SCC 673.)*

20. *This position of law has been reiterated by this Court in Prem Singh v. State of Haryana, (2009) 14 SCC 494, wherein the Court clearly held as under:*

“14. It is now a well-settled principle of law that the doctrine ‘falsus in uno, falsus in omnibus’ has no application in India.”

21. *In view of the above, the law can be summarised to the effect that the aforesaid legal maxim is not applicable in India and the court has to assess as to what extent the deposition of a witness can be relied upon. The court has to separate the falsehood from the truth and it is only in exceptional circumstances when it is not possible to separate the grain from the chaff because they are inextricably mixed up, that the whole evidence of such a witness can be discarded.”*

21.4 Reference was made to the decision of the Supreme Court in **Rameshbhai Mohanbhai Koli v. State of Gujarat**, 2011 (1) GLR 860, wherein it has been observed thus:

“10 *In C. Muniappan & Ors. vs. State of Tamil Nadu, JT 2010 (9) SC 95, this Court, after considering all the earlier decisions on this point, summarized the law applicable to the case of hostile witnesses as under:*

“70.1 The evidence of a hostile witness cannot be discarded as a whole, and relevant parts thereof which are admissible in law, can be used by the prosecution or

the defence.

70.2 In the instant case, some of the material witnesses i.e. B. Kamal (PW.86); and R. Maruthu (PW.51) turned hostile. Their evidence has been taken into consideration by the courts below strictly in accordance with law.

70.3 Some omissions, improvements in the evidence of the PWs have been pointed out by the learned Counsel for the appellants, but we find them to be very trivial in nature.

*71. It is settled proposition of law that even if there are some omissions, contradictions and discrepancies, the entire evidence cannot be disregarded. After exercising care and caution and sifting through the evidence to separate truth from untruth, exaggeration and improvements, the court comes to a conclusion as to whether the residuary evidence is sufficient to convict the accused. Thus, an undue importance should not be attached to omissions, contradictions and discrepancies which do not go to the heart of the matter and shake the basic version of the prosecution's witness. As the mental abilities of a human being cannot be expected to be attuned to absorb all the details of the incident, minor discrepancies are bound to occur in the statements of witnesses. (vide *Sohrab and Anr. V/s. The State of M.P.*, AIR 1972 SC 2020; *State of U.P. v. M.K. Anthony*, AIR 1985 SC 48; *Bharwada Bhogini Bhai Hirji Bhai V/s. State of Gujarat*, AIR 1983 SC 753; *State of Rajasthan V/s. Om Prakash*, AIR 2007 SC 2257; *Prithu @ Prithi Chand and Anr. V/s. State of Himachal Pradesh*, (2009) 11 SCC 588; *State of U.P. V/s. Santosh Kumar and Ors.*, (2009) 9 SCC 626 and *State V/s. Saravanan and Anr*, AIR 2009 SC 151)" [Emphasis supplied.]*

21.5 Strong reliance was placed upon the decision of the Supreme Court in ***Leela Ram v. State of Haryana***, (1999) 9 SCC 525, wherein it was held thus:

“9. *Be it noted that the High Court is within its jurisdiction being the first appellate court to reappraise the evidence, but the discrepancies found in the ocular*

account of two witnesses unless they are so vital, cannot affect the credibility of the evidence of the witnesses. There are bound to be some discrepancies between the narrations of different witnesses when they speak on details, and unless the contradictions are of a material dimension, the same should not be used to jettison the evidence in its entirety. Incidentally, corroboration of evidence with mathematical niceties cannot be expected in criminal cases. Minor embellishment, there may be, but variations by reason therefor should not render the evidence of eyewitnesses unbelievable. Trivial discrepancies ought not to obliterate an otherwise acceptable evidence. In this context, reference may be made to the decision of this Court in State of U.P. v. M.K. Anthony, (1985) 1 SCC 505. In para 10 of the Report, this Court observed:

“10. While appreciating the evidence of a witness, the approach must be whether the evidence of the witness read as a whole appears to have a ring of truth. Once that impression is formed, it is undoubtedly necessary for the court to scrutinise the evidence more particularly keeping in view the deficiencies, drawbacks and infirmities pointed out in the evidence as a whole and evaluate them to find out whether it is against the general tenor of the evidence given by the witness and whether the earlier evaluation of the evidence is shaken as to render it unworthy of belief. Minor discrepancies on trivial matters not touching the core of the case, hyper-technical approach by taking sentences torn out of context here or there from the evidence, attaching importance to some technical error committed by the investigating officer not going to the root of the matter would not ordinarily permit rejection of the evidence as a whole. If the court before whom the witness gives evidence had the opportunity to form the opinion about the general tenor of evidence given by the witness, the appellate court which had not this benefit will have to attach due weight to the appreciation of evidence by the trial court and unless there are reasons weighty and formidable it would not be proper to reject the evidence on the ground of minor variations or infirmities in the matter of trivial details. Even honest and truthful witnesses may differ in some details unrelated to the main incident because power of observation, retention and reproduction differ

with individuals.”

10. *In a very recent decision in Rammi v. State M.P. with Bhura v. State of M.P., (1999) 8 SCC 649, this Court observed:*

“24. When an eyewitness is examined at length it is quite possible for him to make some discrepancies. No true witness can possibly escape from making some discrepant details. Perhaps an untrue witness who is well tutored can successfully make his testimony totally non-discrepant. But courts should bear in mind that it is only when discrepancies in the evidence of a witness are so incompatible with the credibility of his version that the court is justified in jettisoning his evidence. But too serious a view to be adopted on mere variations falling in the narration of an incident (either as between the evidence of two witnesses or as between two statements of the same witness) is an unrealistic approach for judicial scrutiny.”

This Court further observed:

“25. It is a common practice in trial courts to make out contradictions from the previous statement of a witness for confronting him during cross-examination. Merely because there is inconsistency in evidence it is not sufficient to impair the credit of the witness. No doubt Section 155 of the Evidence Act provides scope for impeaching the credit of a witness by proof of an inconsistent former statement. But a reading of the section would indicate that all inconsistent statements are not sufficient to impeach the credit of the witness. The material portion of the section is extracted below:

‘155. Impeaching credit of witness.—The credit of a witness may be impeached in the following ways by the adverse party, or, with the consent of the court, by the party who calls him—

(1)-(2)

(3) by proof of former statements inconsistent with any part of his evidence which is liable to be contradicted;’

26. A former statement though seemingly inconsistent with the evidence need not necessarily be sufficient to amount to contradiction. Only such of the inconsistent statement which is liable to be ‘contradicted’ would affect the credit of the witness. Section 145 of the Evidence Act also enables the cross-examiner to use any former statement of the witness,

but it cautions that if it is intended to 'contradict' the witness the cross-examiner is enjoined to comply with the formality prescribed therein. Section 162 of Code also permits the cross-examiner to use the previous statement of the witness (recorded under Section 161 of the Code) for the only limited purpose i.e. to 'contradict' the witness.

27. To contradict a witness, therefore, must be to discredit the particular version of the witness. Unless the former statement has the potency to discredit the present statement, even if the latter is at variance with the former to some extent it would not be helpful to contradict that witness (vide Tahsildar Singh v. State of U.P. AIR 1959 SC 1012)."

11. *The Court shall have to bear in mind that different witnesses react differently under different situations: whereas some become speechless, some start wailing while some others run away from the scene and yet there are some who may come forward with courage, conviction and belief that the wrong should be remedied. As a matter of fact it depends upon individuals and individuals. There cannot be any set pattern or uniform rule of human reaction and to discard a piece of evidence on the ground of his reaction not falling within a set pattern is unproductive and a pedantic exercise.*

12. *It is indeed necessary to note that one hardly comes across a witness whose evidence does not contain some exaggeration or embellishment — sometimes there could even be a deliberate attempt to offer embellishment and sometimes in their over anxiety they may give a slightly exaggerated account. The court can sift the chaff from the grain and find out the truth from the testimony of the witnesses. Total repulsion of the evidence is unnecessary. The evidence is to be considered from the point of view of trustworthiness. If this element is satisfied, it ought to inspire confidence in the mind of the court to accept the stated evidence though not however in the absence of the same.*

13. *In this context, reference may be made to the decision of this Court in the case of Appabhai v. State of Gujarat, 1988 Supp SCC 241, wherein this Court in para 11 of the Report observed:*

"Experience reminds us that civilized people are generally insensitive when a crime is committed even in their presence. They withdraw both from the victim

and the vigilante. They keep themselves away from the court unless it is inevitable. They think that crime like civil dispute is between two individuals or parties and they should not involve themselves. This kind of apathy of the general public is indeed unfortunate, but it is there everywhere whether in village life, towns or cities. One cannot ignore this handicap with which the investigating agency has to discharge its duties. The court therefore, instead of doubting the prosecution case for want of independent witness must consider the broad spectrum of the prosecution version and then search for the nugget of truth with due regard to probability, if any, suggested by the accused. The court, however, must bear in mind that witnesses to a serious crime may not react in a normal manner. Nor do they react uniformly. The horror-stricken witnesses at a dastardly crime or an act of egregious nature may react differently. Their course of conduct may not be of ordinary type in the normal circumstances. The court, therefore, cannot reject their evidence merely because they have behaved or reacted in an unusual manner.”

In para 13 of the Report this Court further observed:

“The court while appreciating the evidence must not attach undue importance to minor discrepancies. The discrepancies which do not shake the basic version of the prosecution case may be discarded. The discrepancies which are due to normal errors of perception or observation should not be given importance. The errors due to lapse of memory may be given due allowance. The court by calling into aid its vast experience of men and matters in different cases must evaluate the entire material on record by excluding the exaggerated version given by any witness. When a doubt arises in respect of certain facts alleged by such witness, the proper course is to ignore that fact only unless it goes into the root of the matter so as to demolish the entire prosecution story. The witnesses nowadays go on adding embellishments to their version perhaps for the fear of their testimony being rejected by the court. The courts, however, should not disbelieve the evidence of such witnesses altogether if they are otherwise trustworthy.”

21.6 Several other decisions of the Supreme Court and High Courts have also been cited, wherein similar principles of

law have been reiterated. With a view to avoid prolix and needless repetition, the same are not referred to herein. Suffice it to say that the principles enunciated in those decisions stand covered by the above decisions.

22. From the decisions cited by the learned counsel for the respective parties, the following principles which are required to be kept in mind while appreciating the evidence on record can be culled out:

- In all criminal cases, normal discrepancies are bound to occur in the depositions of witnesses due to normal errors of observation, namely errors of memory due to lapse of time or due to mental disposition such as shock and horror at the time of occurrence. Where the omissions amount to a contradiction, creating a serious doubt about the truthfulness of the witness and other witnesses also make material improvement while deposing in the court, such evidence cannot be safe to rely upon. However, minor contradictions, inconsistencies, embellishments or improvements on trivial matters which do not affect the core of the prosecution case, should not be made a ground on which the evidence can be rejected in its entirety.
- The court has to form its opinion about the credibility of the witness and record a finding as to whether his deposition inspires confidence. "Exaggerations per se do not render the evidence brittle. But it can be one of the factors to test the credibility of the prosecution version,

when the entire evidence is put in a crucible for being tested on the touchstone of credibility.” Therefore, mere marginal variations in the statements of a witness cannot be dubbed as improvements as the same may be elaborations of the statement made by the witness earlier. *“Irrelevant details which do not in any way corrode the credibility of a witness cannot be labelled as omissions or contradictions.”* The omissions which amount to contradictions in material particulars, that is, materially affect the trial or core of the prosecution case, render the testimony of the witness liable to be discredited.

- Where the omission(s) amount to a contradiction, creating a serious doubt about the truthfulness of a witness and other witnesses also make material improvements before the court in order to make the evidence acceptable, it cannot be safe to rely upon such evidence.

- While appreciating the evidence, the court has to take into consideration whether the contradictions/omissions had been of such magnitude that they may materially affect the trial. Minor contradictions, inconsistencies, embellishments or improvements on trivial matters without affecting the core of the prosecution case should not be made a ground to reject the evidence in its entirety. The trial court, after going through the entire evidence, must form an opinion about the credibility of the witnesses and the appellate court in normal course

would not be justified in reviewing the same again without justifiable reasons.

- The discrepancies in the evidence of eyewitnesses, if found to be not minor in nature, may be a ground for disbelieving and discrediting their evidence. In such circumstances, witnesses may not inspire confidence and if their evidence is found to be in conflict and contradiction with other evidence or with the statement already recorded, in such a case it cannot be held that the prosecution proved its case beyond reasonable doubt.
- In case, the complainant in the FIR or the witness in his statement under section 161 of the Code, has not disclosed certain facts but meets the prosecution case for the first time before the court, such version lacks credence and is liable to be discarded.
- In the depositions of witnesses there are always normal discrepancies, however honest and truthful they may be. These discrepancies are due to normal errors of observation, normal errors of memory due to lapse of time, due to mental disposition such as shock and horror at the time of the occurrence, and the like. Material discrepancies are those which are not normal, and not expected of a normal person. The courts have to label the category to which a discrepancy belongs. While normal discrepancies do not corrode the credibility of a party's case, material discrepancies do so.

- Exaggerations per se do not render the evidence brittle. But it can be one of the factors to test the credibility of the prosecution version, when the entire evidence is put in a crucible for being tested on the touchstone of credibility.
- Mere marginal variations in the statements cannot be dubbed as improvements as the same may be elaborations of the statement made by the witness earlier. The omissions which amount to contradictions in material particulars, that is, go to the root of the case/materially affect the trial or core of the prosecution case, render the testimony of the witness liable to be discredited.
- Even in a case of rape, the onus is always on the prosecution to prove, affirmatively each ingredient of the offence it seeks to establish and such onus never shifts. It is no part of the duty of the defence to explain as to how and why in a rape case the victim and other witnesses have falsely implicated the accused. The prosecution case has to stand on its own legs and cannot take support from the weakness of the case of defence. *However* great the suspicion against the accused and *however* strong the moral belief and conviction of the court, unless the offence of the accused is established beyond reasonable doubt on the basis of legal evidence and material on the record, he cannot be convicted for an offence. There is an initial presumption of innocence of the accused and the prosecution has to bring home the offence against the accused by reliable evidence. The

accused is entitled to the benefit of every reasonable doubt.

- The prosecution has to prove its case beyond reasonable doubt and cannot take support from the weakness of the case of defence. There must be proper legal evidence and material on record to record the conviction of the accused. The conviction can be based on the sole testimony of the prosecutrix provided it lends assurance of her testimony. However, in case the court has reason not to accept the version of the prosecutrix on its face value, it may look for corroboration. In case the evidence is read in its totality and the story projected by the prosecutrix is found to be improbable, the prosecutrix's case becomes liable to be rejected.
- The "sterling witness" should be of a very high quality and calibre, whose version should, therefore, be unassailable. The court considering the version of such witness should be in a position to accept it for its face value without any hesitation. To test the quality of such a witness, the status of the witness would be immaterial and what would be relevant is the truthfulness of the statement made by such a witness. What would be more relevant would be the consistency of the statement right from the starting point till the end, namely, at the time when the witness makes the initial statement and ultimately before the court. It should be natural and consistent with the case of the prosecution qua the accused. There should not be any prevarication in the version of such a witness. The witness should be in a

position to withstand the cross-examination of any length and howsoever strenuous it may be and under no circumstance should give room for any doubt as to the factum of the occurrence, the persons involved, as well as the sequence of it. Such a version should have correlation with each and every one of other supporting material such as the recoveries made, the weapons used, the manner of offence committed, the scientific evidence and the expert opinion. The said version should consistently match with the version of every other witness. It can even be stated that it should be akin to the test applied in the case of circumstantial evidence where there should not be any missing link in the chain of circumstances to hold the accused guilty of the offence alleged against him. Only if the version of such a witness qualifies the above test as well as all other such similar tests to be applied, can it be held that such a witness can be called as a “sterling witness” whose version can be accepted by the court without any corroboration and based on which the guilty can be punished. To be more precise, the version of the said witness on the core spectrum of the crime should remain intact while all other attendant materials, namely, oral, documentary and material objects should match the said version in material particulars in order to enable the court trying the offence to rely on the core version to sieve the other supporting materials for holding the offender guilty of the charge alleged.

- While appreciating the evidence of a witness, the approach must be whether the evidence of the witness

read as a whole appears to have a ring of truth. Once that impression is found, it is undoubtedly necessary for the court to scrutinise the evidence more particularly keeping in view the deficiencies, drawbacks and infirmities pointed out in the evidence as a whole and evaluate them to find out whether it is against the general tenor of the evidence and whether the earlier evaluation of the evidence is shaken as to render it unworthy of belief. Minor discrepancies on trivial matters not touching the core of the case, hyper-technical approach by taking sentences torn out of context here or there from the evidence, attaching importance to some technical error committed by the investigating officer not going to the root of the matter would not ordinarily permit rejection of the evidence as a whole.

- If the court before whom the witness gives evidence had the opportunity to form the opinion about the general tenor of the evidence given by the witness, the appellate court which had not this benefit will have to attach due weight to the appreciation of evidence by the trial court and unless the reasons are weighty and formidable, it would not be proper for the appellate court to reject the evidence on the ground of variations or infirmities in the matter of trivial details.
- Minor omissions in the police statements are never considered to be fatal. The statements given by the witnesses before the police are meant to be brief statements and could not take place of evidence in the court. Small/trivial omissions would not justify a finding

by court that the witnesses concerned are liars. The prosecution evidence may suffer from inconsistencies here and discrepancies there, but that is a shortcoming from which no criminal case is free. The main thing to be seen is whether those inconsistencies go to the root of the matter or pertain to insignificant aspects thereof. In the former case, the defence may be justified in seeking advantage of incongruities obtaining in the evidence. In the latter, however, no such benefit may be available to it.

- In the deposition of witnesses, there are always normal discrepancies, howsoever honest and truthful they may be. These discrepancies are due to normal errors of observation, normal errors of memory due to lapse of time, due to mental disposition, shock and horror at the time of occurrence and threat to the life. It is not unoften that improvements in earlier version are made at the trial in order to give a boost to the prosecution case, albeit foolishly. Therefore, it is the duty of the court to separate falsehood from the truth. In sifting the evidence, the court has to attempt to separate the chaff from the grains in every case and this attempt cannot be abandoned on the ground that the case is baffling unless the evidence is really so confusing or conflicting that the process cannot reasonably be carried out.
- The court must make an attempt to separate grain from the chaff, the truth from the falsehood, yet this could only be possible when the truth is separable from the falsehood. Where the grain cannot be separated from the

chaff because the grain and the chaff are so inextricably mixed up that in the process of separation the court would have to reconstruct an absolutely new case for the prosecution by divorcing the essential details presented by the prosecution completely from the context and the background against which they are made, then this principle will not apply.

- The maxim *falsus in uno, falsus in omnibus* (false in one thing, false in everything) is neither a sound rule of law nor a rule of practice. Hardly one comes across a witness whose evidence does not contain a grain of untruth or at any rate exaggerations, embroideries or embellishments. It is, therefore, the duty of the court to scrutinise the evidence carefully and, in terms of the felicitous metaphor, separate the grain from the chaff. But, it cannot obviously disbelieve the substratum of the prosecution case or the material parts of the evidence and reconstruct a story of its own out of the rest.
- The evidence of a hostile witness cannot be discarded as a whole, and relevant parts thereof which are admissible in law, can be used by the prosecution or the defence.
- It is settled proposition of law that even if there are some omissions, contradictions and discrepancies, the entire evidence cannot be disregarded. After exercising care and caution and sifting through the evidence to separate truth from untruth, exaggeration and improvements, the court comes to a conclusion as to whether the residuary evidence is sufficient to convict the accused. Thus, an

undue importance should not be attached to omissions, contradictions and discrepancies which do not go to the heart of the matter and shake the basic version of the prosecution's witness. As the mental abilities of a human being cannot be expected to be attuned to absorb all the details of the incident, minor discrepancies are bound to occur in the statements of witnesses.

- The High Court is within its jurisdiction being the first appellate court to reappraise the evidence, but the discrepancies found in the ocular account of two witnesses unless they are so vital, cannot affect the credibility of the evidence of the witnesses. There are bound to be some discrepancies between the narrations of different witnesses when they speak on details, and unless the contradictions are of a material dimension, the same should not be used to jettison the evidence in its entirety. Incidentally, corroboration of evidence with mathematical niceties cannot be expected in criminal cases. Minor embellishment, there may be, but variations by reason thereof should not render the evidence of eyewitnesses unbelievable. Trivial discrepancies ought not to obliterate an otherwise acceptable evidence.
- While appreciating the evidence of a witness, the approach must be whether the evidence of the witness read as a whole appears to have a ring of truth. Once that impression is formed, it is undoubtedly necessary for the court to scrutinise the evidence more particularly keeping in view the deficiencies, drawbacks and infirmities pointed out in the evidence as a whole and

evaluate them to find out whether it is against the general tenor of the evidence given by the witness and whether the earlier evaluation of the evidence is shaken as to render it unworthy of belief. Minor discrepancies on trivial matters not touching the core of the case, hyper-technical approach by taking sentences torn out of context here or there from the evidence, attaching importance to some technical error committed by the investigating officer not going to the root of the matter would not ordinarily permit rejection of the evidence as a whole. If the court before whom the witness gives evidence had the opportunity to form the opinion about the general tenor of evidence given by the witness, the appellate court which had not this benefit will have to attach due weight to the appreciation of evidence by the trial court and unless there are reasons weighty and formidable it would not be proper to reject the evidence on the ground of minor variations or infirmities in the matter of trivial details. Even honest and truthful witnesses may differ in some details unrelated to the main incident because power of observation, retention and reproduction differ with individuals.

- When an eyewitness is examined at length it is quite possible for him to make some discrepancies. No true witness can possibly escape from making some discrepant details. Perhaps an untrue witness who is well tutored can successfully make his testimony totally non-discrepant. But courts should bear in mind that it is only when discrepancies in the evidence of a witness are so incompatible with the credibility of his version that the

court is justified in jettisoning his evidence. But too serious a view to be adopted on mere variations falling in the narration of an incident (either as between the evidence of two witnesses or as between two statements of the same witness) is an unrealistic approach for judicial scrutiny.

- It is a common practice in trial courts to make out contradictions from the previous statement of a witness for confronting him during cross-examination. Merely because there is inconsistency in evidence it is not sufficient to impair the credit of the witness. No doubt section 155 of the Evidence Act provides scope for impeaching the credit of a witness by proof of an inconsistent former statement. But a reading of the section would indicate that all inconsistent statements are not sufficient to impeach the credit of the witness. A former statement though seemingly inconsistent with the evidence need not necessarily be sufficient to amount to contradiction. Only such of the inconsistent statement which is liable to be 'contradicted' would affect the credit of the witness. Section 145 of the Evidence Act also enables the cross-examiner to use any former statement of the witness, but it cautions that if it is intended to 'contradict' the witness the cross-examiner is enjoined to comply with the formality prescribed therein. Section 162 of Code also permits the cross-examiner to use the previous statement of the witness (recorded under Section 161 of the Code) for the only limited purpose i.e. to 'contradict' the witness.

- To contradict a witness, therefore, must be to discredit the particular version of the witness. Unless the former statement has the potency to discredit the present statement, even if the latter is at variance with the former to some extent it would not be helpful to contradict that witness.
- The Court shall have to bear in mind that different witnesses react differently under different situations: whereas some become speechless, some start wailing while some others run away from the scene and yet there are some who may come forward with courage, conviction and belief that the wrong should be remedied. As a matter of fact it depends upon individuals and individuals. There cannot be any set pattern or uniform rule of human reaction and to discard a piece of evidence on the ground of his reaction not falling within a set pattern is unproductive and a pedantic exercise.
- One hardly comes across a witness whose evidence does not contain some exaggeration or embellishment — sometimes there could even be a deliberate attempt to offer embellishment and sometimes in their over anxiety they may give a slightly exaggerated account. The court can sift the chaff from the grain and find out the truth from the testimony of the witnesses. Total repulsion of the evidence is unnecessary. The evidence is to be considered from the point of view of trustworthiness. If this element is satisfied, it ought to inspire confidence in the mind of the court to accept the stated evidence though not however in the absence of the same.

- Civilized people are generally insensitive when a crime is committed even in their presence. They withdraw both from the victim and the vigilante. They keep themselves away from the court unless it is inevitable. They think that crime like civil dispute is between two individuals or parties and they should not involve themselves. This kind of apathy of the general public is indeed unfortunate, but it is there everywhere whether in village life, towns or cities. One cannot ignore this handicap with which the investigating agency has to discharge its duties. The court therefore, instead of doubting the prosecution case for want of independent witness must consider the broad spectrum of the prosecution version and then search for the nugget of truth with due regard to probability, if any, suggested by the accused. The court, however, must bear in mind that witnesses to a serious crime may not react in a normal manner. Nor do they react uniformly. The horror-stricken witnesses at a dastardly crime or an act of egregious nature may react differently. Their course of conduct may not be of ordinary type in the normal circumstances. The court, therefore, cannot reject their evidence merely because they have behaved or reacted in an unusual manner.

- The court while appreciating the evidence must not attach undue importance to minor discrepancies. The discrepancies which do not shake the basic version of the prosecution case may be discarded. The discrepancies which are due to normal errors of perception or observation should not be given importance. The errors

due to lapse of memory may be given due allowance. The court by calling into aid its vast experience of men and matters in different cases must evaluate the entire material on record by excluding the exaggerated version given by any witness. When a doubt arises in respect of certain facts alleged by such witness, the proper course is to ignore that fact only unless it goes into the root of the matter so as to demolish the entire prosecution story. The witnesses nowadays go on adding embellishments to their version perhaps for the fear of their testimony being rejected by the court. The courts, however, should not disbelieve the evidence of such witnesses altogether if they are otherwise trustworthy.”

VII APPLICATIONS TO THE SIT:

23. In this case, after the constitution of the SIT, in terms of the directions issued by the Supreme Court, it appears that the SIT had issued a public notice calling upon persons who wanted their statements to be recorded to make applications to it. Pursuant thereto several witnesses has made applications. Such witnesses have been cross-examined by the defence as regards the contents of such applications and as to who had written down the same, etc. In most cases the witnesses have pleaded ignorance about the person who wrote down the application. Insofar as the contents of the applications are concerned, they are almost identical in certain respects and contain two statements which are common in most applications.

24. Mr. Y. S. Lakhani, learned counsel for the appellants

submitted that after the SIT came to be constituted, pursuant to a public notice issued by it, various witnesses had made applications to the SIT. If all such applications are read together, the following glaring facts can be noticed:

(i) The tenor of all the applications is almost identical; be it that the witness has come back to his original place of residence; has changed the place of residence; is staying somewhere in Ahmedabad; staying outside Ahmedabad; or staying outside Gujarat.

(ii) Two allegations are common in majority of the applications. Firstly, that the witness is being threatened by the accused on the way; and secondly, that two police officers, namely, Mr. Mysorewala and Mr. Chudasama should not be entrusted with any part of the investigation as earlier, they did not investigate properly. It was submitted that when the witnesses are confronted with the aforesaid facts stated in the applications, most of them have stated that they had not received any threats from the accused and/or that they had not made such allegations in such applications and/or they pleaded ignorance about such contents in the applications.

24.1 It was pointed out that a few of the witnesses like PW-149 Faridabibi Abdulkadar Khalifa, PW-150 Ishaqkhan Sardarkhan Pathan and PW-157 Mahammadshafi Allabax Mansuri, in their statements to the SIT being Exhibits-1034, 1045 and 1112 respectively, have made allegations that their statements have not been recorded by local police as stated by them and, therefore, they had requested for recording of their statements by the SIT. However, when they were

confronted with such allegations, they have stated that they had come to know about the contents of their statements recorded by the police for the first time at the time when such applications were read over to them prior to recording of their statements by the SIT. It was submitted that this clearly means that the witnesses had no knowledge or occasion or any intention to make such grievance at the time of making applications before the SIT much prior to the recording of their statements by the SIT.

24.2 It was urged that this clearly shows that such serious allegations which find place in the SIT application regarding the police not having recorded their statements correctly, are in fact, the brainchild of someone other than the witnesses themselves, and then taking shelter behind such allegations, the witnesses were tutored to say so before the court to justify their SIT statements with improved stories/facts and involvement of more/other accused, which again were given before the SIT only at the instance of such persons.

24.3 It was submitted that thus the investigation by the SIT pursuant to the directions of the apex court does not disclose the real facts and chain of events but such alleged revelation of additional facts and implication of more persons, is the result of definite purposeful intentional and ill-motivated action/intervention of such NGOs/community leaders/community lawyers, etc. and strong tutoring by them.

25. FINDINGS: In the backdrop of the above submissions, reference may be made to the applications Exhibit 1034, 1045 and 1112, to which reference has been

made by the learned counsel for the appellants. The application Exhibit 1034 has been made by PW 149 Khalifa Faridaben Abdul Kadar. In the application it has been stated that communal riots had taken place at Naroda Patiya in 2002 wherein first information report and statement has been registered with the Crime Branch, Ahmedabad by name; however, they had written her statement against her will and the same does not contain facts stated by her, and hence, consent be granted to record a statement with correct facts. Such application is dated 5.5.2008. The witness has deposed in her examination-in-chief that she had made an application to the SIT, in connection with which she had received a summons and her statement came to be recorded. In her cross-examination she has stated that she had got the application written by someone from Ektanagar, whose name she had not asked. She has stated that the youth was writing down the application as stated by her.

25.1 The application Exhibit 1045 has been addressed to the SIT and is signed by one Ishaq Khan (PW 150). This witness, in his examination-in-chief has stated that he had made an application to the SIT pursuant to which his statement was recorded. In his cross-examination, it has been elicited that the application was written by his neighbour Jafferbhai. This witness is also a resident of Ektanagar. This application is identically worded to the application Exhibit 1034 and is dated 5.5.2008.

25.2 The undated application Exhibit 1112 made by PW 157 Mahammadsafi Allabux Mansuri is slightly differently worded and it is stated therein that in 2002, after the Godhra

incident, communal riots had erupted in Gujarat and communal elements had formed a mob and had set his house at the address stated above ablaze and looted it, in connection with which he had given a complaint to the Crime Branch; however, due to mental tension he had given an incomplete complaint, which he desires to give in terms of the order of the Supreme Court and has requested that he be intimated the place and the time for doing so. The witness, in his examination-in-chief has stated that he had made an application to the SIT pursuant to which his statement came to be recorded. Upon being shown the handwritten application Mark-644/36, the witness has identified his signature thereon. Upon the contents of the application being read over to him, he has stated that all the facts recorded therein have not been stated by him. He, however, has voluntarily stated that the main object of the application was to ensure that the SIT records his statement. He has stated that as far as he recollects, he had got the application written by a youth who had come to his shop, wherein he may have written down facts on his own. The application is thereafter exhibited as Exhibit 1112.

25.3 Reference may also be made to the application Exhibit 1016 made by PW 147 Reshmabanu Nadeembhai Saiyed. This application does not bear any date. It has been stated therein that in the communal riots that took place on 28.2.2002 their relatives and other Muslim persons were killed and set ablaze and their corpses were surreptitiously disposed of. Moreover, in their Naroda area, houses, shops and cabins of Muslims were damaged, looted and set ablaze. In connection with the said incident a first information report has been

registered vide Naroda Police Station I C.R. No.100/2002. The applicant is an eyewitness to the incident and the applicant is required to remain present before the SIT for recording her statement once again, in terms of the order of the Supreme Court. However, the accused in this case are threatening the applicant while going on the road and the applicant fears that her life is in danger. It is further stated therein that the SIT should do the needful to ensure that the applicant can give her statement before the SIT impartially, without any inhibitions, fear or apprehension, by giving protection to the applicant so that at the time when the applicant comes before the SIT, the accused and their accomplices do not threaten her or attack her. It is also stated therein that at the relevant time the investigation into the incident had been carried out by Shri K.K. Mysorewala and Shri S.S. Chudasama and their role in such investigation is suspect. If those police officers are involved in the re-investigation of the offence, immense harm would be caused to their case and they would suffer.

25.4 This witness in her examination-in-chief has stated that her statement was recorded by the SIT. She, however, has not stated that she had made an application to the SIT for this purpose. In her cross-examination the witness is shown an application Mark 644/31 which is an application made to the SIT. The witness has admitted her signature thereon. In her cross-examination it has been elicited that she has never gone to the Naroda Police Station and she does not know any Mysorewala or S.S. Chudasama. Till the time she went to give her statement before the SIT, she had not received any threat and no accused had threatened her. The witness has stated that the person who had written the application had read it

over to her. The witness has stated that when the application was read over to her she had not felt that certain facts stated therein were correct and some were not true. The witness was not aware as to who had written the application. The application Mark 644/31 is given Exhibit-1016. The witness has admitted that she did not know that at the relevant time Shri K.K. Mysorewala and Shri S. S. Chudasama were investigating this offence. The contents of paragraph 5 of the application are read over to the witness and she has stated that she has not stated such facts.

25.5 From the evidence of this witness, it is clear that the application made by her to the SIT contained facts which were not within her knowledge and were not stated by her.

25.6 Having regard to the contents of the applications and the testimonies of the witnesses in this regard, it emerges that the applications stated to have been made by the witnesses contain facts that were not actually stated by them. Moreover, while in the applications made by the witnesses they have stated that the police have not recorded their statements correctly and that they are dissatisfied with the investigation, etc.; however, in their cross examination, the witnesses have admitted that their police statements were not read over to them and that they came to know that their statements were not recorded correctly only when their statements were read over to them by the SIT. On behalf of the defence it has been emphatically argued that if the witnesses were not aware that the police had not recorded their statements correctly, there was no reason for them to

make applications making such allegations, which gives rise to believe they were tutored to make false statements before the SIT implicating more persons. Moreover, in their statements recorded by the SIT, it has been recorded that their statements were read over to them and that they had stated that the same were correct.

25.7 In the opinion of this court, insofar as the common statement contained in the statements of all the witnesses recorded by the SIT to the effect that the witness' police statement was read over to him/her and that the contents thereof were correct is concerned, it is a formal paragraph added by the Investigating Officer SIT on his own, without the witness having stated so. Insofar as being unaware of the fact that the statements were not recorded by the police as stated by them is concerned, it appears that the witnesses may not be aware of what was recorded by the police at the relevant time as such statements may not have been read over to them. Thereafter, since the cases were pending for long, the witnesses may have thought that justice may not be done and with all the general talk about investigation not being carried out properly, the witnesses may have carried the impression that the investigation has not been carried out properly without any factual basis. Upon constitution of the SIT, it appears that notices were published in the daily newspapers calling for applications from those who wanted to say anything regarding the incident to the SIT. It appears that at this stage some well-meaning persons may have persuaded the witnesses to make such applications stating that if they want justice they would have to approach the SIT, and may have

accordingly drafted the applications for the witnesses, stating on their own facts like the previous statement not having been recorded correctly, the witnesses having been threatened, etc.

25.8 It appears to the court that the applications made to the SIT were more in the quest of justice than for ventilating any grievance against the previous investigation. Merely because the witnesses had been assisted by some interested parties in making the applications, there is no reason to believe that the witnesses were tutored and not stating correct facts before the court. The evidence of each witness has to be appreciated independently, and if in a given case a witness appears to be tutored, the evidence of such witness would be evaluated accordingly. However, merely because the applications were drafted in a manner not stated by the witnesses is no reason to believe that they were tutored.

VIII PRINTED COMPLAINTS:

26. In this case, several printed complaints wherein certain facts were printed and certain details were handwritten, form part of the investigation record. Many such complaints bear the names of several persons as accused and in some cases no names or a few names have been given. Such complaints have been given in the names of witnesses and are mostly accompanied by loss and damage analysis statements. Basically, therefore, these printed complaints were for the purpose of getting compensation for the loss/damage sustained by such person.

26.1 The learned counsel for the appellants submitted that before the affidavits came to be made in November 2003, printed complaints came to be submitted by many victims. It was submitted that within a few days of the incident took place on 28.2.2002, after the victims were brought to the relief camps, printed complaints with extremely serious allegations of general nature with blanks kept for mentioning optional facts and also the names of accused, have surfaced in bulk. Many such printed complaints were signed by witnesses or their thumb impressions were taken thereon, most of whom have pleaded ignorance about the printed contents in such complaints and have denied having dictated such facts to be incorporated in it. Significantly, the witnesses and even the investigating officers of the initial investigation did say before the court that the leaders of the community/lawyers, etc. were found in relief camps helping victims. However, neither the local police nor the SIT in further investigation, has tried to bring on record as to how such printed complaints came into existence, at whose instance they were printed, who brought them to the relief camp, where were they printed and who drafted the contents thereof. It was urged that no investigation was carried out by the SIT in connection with such printed complaints and the allegations made therein, the allegations made in the applications to SIT, as well as there was no recording of statements of the author and printer of such printed complaints. This clearly means that there were persons who were interested in making such allegations without the knowledge of the victim or without the victims, in fact, disclosing such facts. Thus, it has to be taken as one of the strong circumstances to infer that right from the beginning NGOs/individuals have come into picture behind the curtain to

create/mould/modulate stories and at the end, accordingly, tutor the witnesses and thereby to implicate selected accused on them being targeted for extraneous reasons/purposes.

26.2 FINDINGS: Insofar as the printed complaints are concerned, except that the same form part of the investigation record, no further investigation has been carried out in that regard. There is no investigation as regards who got such complaints printed, who filled in such complaints inasmuch as many of the witnesses have denied having filed any such complaint. The complaints appear to have been directly submitted to the Commissioner of Police, but it is not known as to who submitted them to the Commissioner of Police. It has come on record that such printed complaints were accompanied by loss/damage analysis forms. It appears that on the basis of such printed complaints, some first information reports came to be registered and subsequently such FIRs came to be merged with the main FIR being Naroda Police Station I C.R. No.100/02. A perusal of the contents of some of the first information reports which are exhibited as Exhibits 293, 294, 295, 296, 297, 298, etc. reveals that the allegations made therein relate mostly to the loss/damage sustained by the informant. Therefore, it appears that the purpose of these printed complaints was to claim compensation for the loss/damage sustained by the victims. In the opinion of this court, insofar as such printed complaints are concerned, they are merely pieces of paper and have no evidentiary value as the makers of such complaints are not known. Merely because a complaint has been addressed in the name of a particular witness, it does not become his complaint inasmuch as the police have not verified as to who has made such complaint.

Since the printed complaints have not been proved in accordance with law, the same cannot be looked into and read into evidence nor can they be used to contradict a witness unless he admits the contents thereof.

IX DYING DECLARATIONS:

27. Before evaluating the evidence of the witnesses, it may be noted that in this case after the injured witnesses were taken to the hospital, their dying declarations came to be recorded, and during the course of their cross-examination, they have been confronted with the contents of their dying declarations. Therefore, it is essential at the outset to examine the veracity of such dying declarations and as to whether they can be considered to be previous statements for the purpose of contradicting the concerned witnesses.

27.1 In this case, in all, dying declarations of fifteen witnesses have been recorded at the Civil Hospital or the Vadilal Sarabhai Hospital, as the case may be. PW-130 Smt. Urvashi Silvant Gohel has been examined at exhibit 83. In her examination-in-chief, the witness has, inter alia, proved the dying declaration of Sufiyabanu Abdul Majid which has been exhibited as exhibit No.836 as well as the dying declaration of Sarmuddin Khalid Noormohammed Shaikh, which has been exhibited as exhibit 837. In the cross-examination of the witness, at the instance of the learned advocates for the defence, ten other dying declarations have been brought on record and have been exhibited as exhibits 838 to 847. A perusal of the dying declarations recorded by this witness indicates that the dying

declaration of Sufiyabanu Abdul Majid Shaikh (exhibit 836) has been recorded on 3.3.2002 from 15:50 to 16:05 hours. The place shown is Civil Hospital, Ward No.E/7, Bed No.15. The dying declaration of Sarmuddin Khalid Noormohammed Shaikh, exhibit 837 has been recorded on 3.3.2002 between 16:05 to 16:20 hours. The place shown is Civil Hospital, Ward No.E/7, Bed No.19. The dying declaration of Shahjahan Kabir Ahmed Shaikh has been recorded on 3.3.2002 from 13:20 to 13:35 hours at the Civil Hospital, Ward No.E/7, Bed No.23. The dying declaration of Shabbir Ahmed Munir Ahmed Shaikh, exhibit 839 has been recorded on 3.3.2002 from 13:40 to 14:00 hours at the Civil Hospital, Ward No.E/7, Bed No.2. The dying declaration of Farzanabanu Ayubkhan Pathan (PW-106) has been recorded on 3.3.2002 from 14:05 to 14:25 hours at the Civil Hospital, Ward No.E/7, Bed No.7. The dying declaration of Naimuddin Ibrahimhai Shaikh has been recorded on 3.3.2002 from 14:30 to 14:55 hours at the Civil Hospital, Ward No.E/7, Bed No.5. The dying declaration of Mohammadmahu Abdulrauf Pathan (PW-191), exhibit 842 has been recorded on 3.3.2002 from 15:00 to 15:20 hours at the Civil Hospital, Ward No.E/7, Bed No.22. The dying declaration of Sabera Abdul Aziz Shaikh (exhibit 843) has been recorded on 3.3.2002 from 15:25 to 15:45 hours at the Civil Hospital, Ward No.E/7, Bed No.16. The dying declaration of Usman Vali Mansuri (exhibit 844) has been recorded on 3.3.2002 from 16:20 to 16:35 hours at the Civil Hospital, Ward No.E/7, Bed No.18. The dying declaration of Yasin Usman Mansuri (exhibit 845) has been recorded on 3.3.2002 from 16:50 to 17:05 hours at the Civil Hospital, Ward No.E/7, Bed No.4. The dying declaration of Sufiyabanu Inayatalli Saiyed (exhibit 846) has been recorded on 3.3.2002 from 16:35 to 16:50 hours at the Civil Hospital, Ward No.E/7, Bed

No.17 (12). The dying declaration of Afsana Rahman Saiyed (exhibit 847) has been recorded on 3.3.2002 from 17:05 to 17:20 hours at the Civil Hospital, Ward No.E/7, Bed No.17. Thus, on the same day, viz. 3.3.2002, PW-130 Urvashi Silvant Gohel has recorded statements of twelve victims from 13:20 to 17:20 hours. From the timings of the dying declarations, it appears that the Executive Magistrate has recorded the statements of each victim within fifteen-twenty minutes. A close look at the timings reveals that the time at which recording of the dying declaration of one victim ends, immediately the recording of the statement of another victim starts. There is no gap between the recording of the dying declarations of any two victims. A perusal of the dying declarations reveals that there is no endorsement of any medical officer to the effect that the witness is conscious and is in a position to give his/her dying declaration. Every dying declaration contains an endorsement of the Executive Magistrate that at the time of recording the dying declaration, the patient is totally conscious and is mentally competent to answer the questions and that at the time of recording of the dying declaration no relative or police staff was present which has been ascertained. Each dying declaration contains a questionnaire of eleven handwritten questions. Considering the manner in which the dying declarations have been recorded, it is evident that the Executive Magistrate was not serious in recording proper dying declarations and had hurried from one bed to the other and has recorded dying declarations of the victims without obtaining any endorsement of the concerned medical officer regarding the patient being conscious and in a fit mental position to given his/her dying declaration. Within a span of approximately fifteen minutes in case of each of the

victims, eleven questions and answers as well as the endorsement below each dying declaration, have been recorded by the Executive Magistrate. Therefore, it appears that the dying declarations have not been recorded properly and the entire exercise has been carried out perfunctorily. Many of the victims, whose dying declarations have been recorded, have passed away subsequently. Considering the nature of the injuries sustained by them, it was incumbent upon the Executive Magistrate to patiently record the statements of such victims. However, the haste with which the statements have been recorded indicates that the same have not been recorded properly and no credence can be attached to the statements recorded in this manner.

27.2 PW-131 Prajapati Vishnubhai Dhanjibhai has been examined at exhibit 849. This witness has recorded the statements of Mehboobhai Khurshidbhai Ahmed Shaikh (exhibit 853) on 4.3.2002 from 15:55 to 16:20 hours at Vadilal Sarabhai Hospital. He has also recorded the statements of Sakinabanu Farooq Ahmed Bhati (exhibit 854) on 4.3.2002 from 15:20 to 15:40 hours at the V.S. Hospital. A perusal of the dying declarations recorded by this witness indicates that there was a questionnaire of thirteen questions. The dying declaration does not bear any endorsement of any medical officer stating that the patient is conscious and in a fit state of mind to get his statement recorded. Once again, the manner in which the dying declarations are recorded does not inspire confidence and appears to be a mere formality carried out by the concerned Executive Magistrate. No credence can therefore, be attached to such dying declarations, which have been recorded in this manner. One more dying declaration

came to be recorded by one Mr. K.P. Shah (exhibit 1066), however, the said witness has not been examined to prove the dying declaration.

27.3 Considering the manner in which the dying declarations have been recorded, in the opinion of this court, no credence can be attached to them and they cannot be treated as previous statements of the witnesses, so as to bring out omissions and contradictions in the testimony of the witnesses.

X. DELAY IN RECORDING STATEMENTS OF WITNESSES:

28. In this case, initially, almost immediately viz. within a week or ten days after the incident, statements of some of the witnesses, mostly injured witnesses, were recorded at the Civil Hospital or the V.S. Hospital as the case may be. Thereafter statements of witnesses were recorded in the months of April, May, 2002 and thereafter, and lastly by the SIT in the year 2008. Thus, the case involves delay in recording statements at two stages. The first stage involves a delay of a few months in recording statements at the time of the initial investigation by the local police; and the second stage involves a delay of six years, when the statements of witnesses came to be recorded by the SIT. The question that arises for consideration is whether such delay would affect the credibility of such witnesses.

28.1 Mr. Y. S. Lakhani, learned counsel for the appellants

submitted that most of the statements of witnesses have been recorded after more than two months while the witnesses were in relief camps. There is no evidence that at the relief camps, the witnesses were feeling unsafe and/or they were in any traumatic condition and on the contrary, the evidence on record is otherwise. It was submitted that even if for the sake of argument, it is assumed that until the statements of witnesses came to be recorded by the local police/crime branch, the witnesses were in a traumatic condition, which might have made the witnesses miss out mentioning some important facts or names of some accused, there is also no evidence on record that such traumatic condition of all such witnesses continued for a long period of six and a half years until the SIT started investigation in the year 2008. It was submitted that the witnesses themselves do not claim either in their SIT statements or in their testimonies before the court that they could not give full details of the incident and/or the accused before the police because of their traumatic mental state. It was argued that as to whether the witnesses were in a traumatic mental condition is "a fact". A fact in issue as defined under section 3 of the Evidence Act needs to be proved like any other fact. It was submitted that such "facts in issue" can never be subject matter of presumption and/or inference under section 114 of the Evidence Act. It was contended that none of the witnesses has ever made any grievance before the trial court that even the SIT did not record their statements in this regard as per the version given by them where they wanted to state about their traumatic mental condition for not giving the complete facts before the police at the initial stage. It was pointed out that as against this, the Investigating Officers and the assignee officers have

categorically admitted before the court on oath, that they had written down everything which the witnesses had stated and that they have not written down something on their own, which is not stated by the witness. It was submitted that thus these being very vital and relevant facts need to be proved by the prosecution by leading cogent and convincing evidence and if not so proved, omission of important facts and names of accused cannot be brushed aside on this ground, as is fancifully projected by the learned Public Prosecutor on his own without any evidence on record.

28.2 On behalf of the prosecution, Mr. Prashant Desai, learned Special Public Prosecutor submitted that all statements of witnesses from 2002 to 2008 have to be seen and if the facts and names of the accused are not there in the 2002 statements but find place in the 2008 statements, such facts and names of the accused have to be considered as reliable piece of evidence for two reasons, (i) that the 2008 statements are made before the SIT in pursuance to the order of the apex court and (ii) the examination-in-chief of the witnesses is based on such statements recorded in 2008. As regards the contradictions as to the previous statements of the witnesses, it has been submitted on behalf of the prosecution and the victims, that the statements of the witnesses are required to be considered as a whole and that a contradiction or omission can be deemed to be proved only after considering the subsequent statement recorded by the SIT. In other words, it has been submitted that only if such contradiction or omission is also in respect of the statement recorded by the SIT, can such contradiction or omission be said to be proved. According to the learned counsel, since investigation has been carried

out by the SIT pursuant to further investigation directed by the Supreme Court, the statements recorded by the SIT are required to be given due weightage accordingly. It was submitted that since the SIT has recorded statements only during the course of further investigation, the delay in recording such statements cannot be given undue importance and such delay is required to be ignored.

28.3 In rejoinder, Mr. Lakhani submitted that the delay in disclosing the facts by the witnesses is one of the most relevant facts, which needs to be explained by cogent evidence. If important, material, vital and relevant facts about the incident or accused are coming on record, firstly after more than two months or so and subsequently, after a period of more than six and a half years, there has to come on record some reason/explanation, more so, a cogent/convincing, logical and acceptable reason/explanation, which is completely lacking in the present case. It was urged that such unreasonable delay in disclosing facts or names of the accused ultimately does affect the very credibility of a witness and thus, adversely affects the quality of evidence of such witness. The very requirement of a witness being of sterling quality is lost, the moment the consistency is lost.

28.4 Before adverting to the merits of the rival submissions, reference may be made to the following decisions of the Supreme Court concerning delay in recording statements of witnesses.

1. ***Kehar Singh v. State (Delhi Admn.)***, (1988) 3 SCC 609:

“71. *It could not be doubted that the two versions given out by this witness are not such which could easily be reconciled. In fact in his first version there is nothing against Balbir Singh. In his second statement he has tried to introduce things against him. This apparently is a clear improvement. It is well settled that even delay is said to be dangerous and if a person who is an important witness does not open his mouth for a long time his evidence is always looked with suspicion but here we have a witness who even after 25 days gave his first statement and said nothing against the present accused and then even waited for one more month and then he suddenly chose to come out with the allegations against this accused. In our opinion, therefore, such a witness could not be relied upon and even the High Court felt that it would not be safe to rely on the testimony of such a witness alone.*

78. *The finding of guilt recorded by the High Court against Kehar Singh is a mixture of both relevant and irrelevant evidence adduced by the prosecution. We will consider only those that are most important and relevant. Material evidence against Kehar Singh is the evidence of PW 65, Bimla Khalsa wife of Beant Singh. She was examined by the police on 16-1-1985 and 19-1-1985. This witness although has been declared hostile, but her statement could not be discarded in toto merely because on certain questions she had chosen not to support prosecution. It is true that her statement for the first time during investigation was recorded on 16-1-1985 but it could not be disputed that after all she is the wife of the main accused in this case. She has lost her husband on October 31. She was placed in a situation where it would have been very difficult for her to compose herself in a manner in which she could give her statement immediately. It is nobody's case that she has any grudge against anybody.*

302. *An endeavour is made to impeach Bimla Khalsa, first, on the ground that she turned hostile, and second, that she was examined belatedly. I must state that merely because she turned hostile, her evidence cannot be discarded. That is a well accepted proposition. She has no axe to grind against any person. She gains nothing by telling falsehood or incorrect things against Kehar Singh. She has revealed what she was told and what she had*

witnessed on 17-10-1984 in her own house. There is, therefore, no reason to discard that part of her testimony. As to the second complaint, it is true that the police did not record her statement immediately after the incident. That is understandable. She has lost her husband. She was in immeasurable grief. She ought to be allowed time to compose herself. Both the objections raised against her testimony are, therefore, not sound.

2. **Lal Bahadur v. State (NCT of Delhi)**, (2013) 4 SCC 557:

“14. The High Court on the first issue regarding delay in filing of FIR held that the circumstances of the present case are extraordinary as the country was engulfed in communal riots, curfew was imposed, Sikh families were being targeted by mobs of unruly and fanatic men who did not fear finishing human life, leave alone destroying/burning property. As regards recording of the statements of witnesses by the police on 30-11-1984 after a delay of 27 days, the High Court observed that the city was in turmoil and persons having witnessed crimes would naturally be apprehensive and afraid in coming forward to depose against the perpetrators, till things settled down; that the State machinery was overworked; and in such circumstances, delay in recording the statements of witnesses cannot be a ground to reduce its evidentiary value or to completely ignore it. The High Court further found that the witnesses prior to the incident were the residents of the same area and knew the assailants and it was not the case of the appellants that the delay could have resulted in wrong identification of the accused.

15. As regards contradictions in the testimony of various witnesses, the High Court observed as under:

“19. ... Harjit Kaur had mentioned that her house was looted by a mob comprising, inter alia, of Lal Babu and Surinder. Her subsequent mentioning of names of other respondents does not appear to be an improvement of such importance that her entire eyewitness account which finds corroboration by other witnesses can be overlooked. At best here a doubt may arise only with regard to complicity of Virender and Ram Lal (it seems to have mistakenly typed as

Surinder in ... trial court judgment) because later she had identified the other respondents Virender and Ram Lal also as having participated in looting her house.

*** **

23. It is no doubt true that the entire case of the prosecution hinges upon the neighbours and the widow of the victim, who may be interested in securing conviction of the accused persons but no rule of law prescribes that conviction cannot be based on the testimony of such witnesses. The only requirement of law is that the testimony of those witnesses must be cogent and credible. Here it is apposite to extract the substance of the testimony of PWs. ...

*** **

27. On reading of the evidence of above witnesses, we find that the testimonies of the witnesses are trustworthy. This we say so on account of the fact that their evidence has been consistent and they have also remained unshaken during their cross-examination. Thus, we do not find any reason to discard the evidence of these witnesses in totality. They do not vary in any manner on any material fact and if there are any discrepancies, the same are trivial, immaterial and could not be made the basis of the acquittal."

We fully endorse the view expressed by the High Court and reject the contentions raised by the appellants."

28.5 Thus, the Supreme Court had endorsed the view that where the city was in turmoil, the persons having witnessed crimes would naturally be apprehensive and afraid in coming forward to depose against the perpetrators till things settled down; that the State machinery was overworked; and in such circumstances, delay in recording the statements of witnesses cannot be a ground to reduce its evidentiary value or to completely ignore it. This decision would be squarely applicable to the facts of the present case insofar as the statements recorded by the first investigating agency are concerned.

3. **Vijay Kumar Arora v. State (NCT of Delhi), (2010) 2 SCC 353:**

“55. On reappraisal of the evidence, this Court finds that it is true that the police statements of the abovenamed three witnesses were recorded after one month from the date of the death of the deceased. However, neither an explanation was sought from any of the witnesses as to why their police statements were recorded after a delay of one month nor the investigating officer was questioned about the delay in recording statements of those witnesses. The law on the point is well settled. Unless the investigating officer is asked questions about delay in recording statements and an explanation is sought from the witnesses as to why their statements were recorded late, the statements by themselves did not become suspicious or concocted.

4. **Narinder Kumar v. State of J&K, (2010) 9 SCC 259:**

“23. It was also contended by Mr Gupta that statements of some of the eyewitnesses were recorded belatedly. This aspect too has to be seen in the background of the facts and circumstances of the case. Whether or not delay has affected the credibility of the prosecution is a matter on which no straitjacket formula can be evolved nor any thumb rule prescribed for universal application. The courts below have, in our opinion, correctly appreciated this aspect and rejected the contention that the delay in the recording of the statements of some of the witnesses was fatal to the case. That is specially so when the prosecution version, based on the statement made by Balwant Raj was known on the date of the incident itself. PW Balwant Raj had in the said statement attributed the gunshot injury sustained by the deceased to the appellant. Delay in the recording of the statements of the other eyewitnesses, two of whom were brothers of the deceased was not, therefore, used to falsely implicate the appellant.”

28.6 Thus, whether or not the delay in recording statements of eye-witnesses has affected the credibility of the prosecution is a matter on which no straight jacket formula can

be evolved nor any thumb rule prescribed for universal application. The aspect regarding delay in recording statements of the witnesses has to be considered in the background of the facts and circumstances of the case. Where the city was in turmoil and the persons who have witnessed the crimes were naturally apprehensive and afraid in coming forward to depose against the perpetrators till things settled down and the State machinery was overworked; delay in recording the statements of witnesses cannot be a ground to reduce its evidentiary value or to completely ignore it.

28.7 According to the learned Special Public Prosecutor, the main reason as to why the statements made by the witnesses before the SIT should be accepted despite a delay of more than six and a half years is that the SIT had conducted the investigation pursuant to the directions of the Supreme Court. In this regard it may be noted that a copy of the petition filed before the Supreme Court has not been placed on the record of this court, therefore, this court does not have the benefit of perusing the contents thereof. Insofar as the order of the Supreme Court directing constitution of a Special Investigation Team is concerned, the same is based on a consensus and therefore, no reasons have been assigned for directing further investigation in the case. There is no comment on the previous investigation carried out by the police as to whether the same is deficient or unreliable. It cannot be gainsaid that if the Supreme Court was of the opinion that the previous investigation stood vitiated, it would have directed reinvestigation and not further investigation. Moreover, the very expression "further investigation" indicates investigation in furtherance of the investigation carried out

earlier. Therefore, the question of discarding the previous statements recorded by the police or giving lesser weightage to the same does not arise. Needless to state that it is settled legal position that the version given by a witness at the first point of time is of utmost significance. Subsequent statements may be given based on tutoring, deliberations, etc. which is normally absent in the first statement which normally is recorded immediately after the incident.

28.8 On behalf of the prosecution, it has been pointed out the witness after witness has stated that though they had named the accused, the police had not written them down and therefore, when the witness has named the accused for the first time before the SIT and then in his/her deposition and has identified them, such evidence deserves to be accepted. In this regard, it may be noted that the accused whom the witnesses have named, except for accused No.37 Mayaben Kodnani and a few others, like accused No.52 Sachin Modi, have been named by certain witnesses in their statements recorded by the police. In fact the police witnesses have also named certain accused persons. Now, in the case of these very accused whose names have been recorded by the police in the case of some witnesses, it is the case of other witnesses that the police were not recording the names of such accused. When the names of certain accused have been recorded by the police, it is difficult to believe that in case of other witnesses, the names of those accused would not be recorded.

28.9 In the opinion of this court, the submission that as the statements have been recorded by the Investigating Officer SIT in view of the further directions issued by the

Supreme Court, the same should be given more weightage, does not merit acceptance, inasmuch as, further investigation in the ordinary course or pursuant to directions issued by the Supreme Court, still amounts to further investigation under section 173(8) of the Code. In case of any witness whose statement has been recorded by the SIT after a period of more than six years of the incident, such delay has to be explained. When a witness names certain accused before the police and subsequently names some other accused before the SIT, some plausible explanation has to come forth as to why such names were not given first in point of time, and not a stock statement that they were giving the names but the police were not recording the same. Notably, most of the witnesses have claimed that the contents of their police statements were not read over to them and therefore, they had no reason to believe that the police had not recorded the names of the accused as stated by them.

28.10 Insofar as the statements recorded by the initial investigating agency wherein there is a delay of one or two months or more in recording the statements are concerned, it may be noted that since the houses of the affected persons had been burnt down and considering the situation prevailing at the relevant time, most of the residents of the chawls were uprooted from their normal habitats and had been lodged in relief camps. The situation was tense for a considerable period after the riots and the members of the minority community had reason to fear about their safety in case they ventured outside the relief camps. Considering the situation prevailing at the relevant time, one could hardly expect the victims of the offence to come forward on their own

for recording their statements, more so, considering the terror to which they were subjected to and the fact that the police have actively connived with the offenders. The first priority of the witnesses in such a situation would be to save their lives and whatever they could salvage in the circumstances. When despite being present at the site, the police offered no assistance to the victims; they certainly had nowhere to go with the grievances. Insofar as the investigating agencies are concerned, it has come on record that on account of the prevailing situation, they were busy in maintaining law and order and hence, could not record statements of witnesses immediately after the incident. Be that as it may, it is only when the police went to the relief camps to record the statements of witnesses that their statements could be recorded. Therefore, no fault can be attributed to the witnesses insofar as late recording of their statements is concerned. Moreover, as discussed elsewhere in this judgment, the reluctant investigating agencies whiled away a lot of time in preparing panchnamas of the loss/damage caused to the witnesses, instead of concentrating on the investigation. Having regard to the overall facts that have come on record, in the opinion of this court, the delay in recording the statements of witnesses at the initial stage would not affect their credibility.

28.11 Another aspect which needs to be noted is that most of the witnesses have been confronted with their statements recorded by the SIT to the effect that before the SIT they had stated that their previous statements recorded by the police were read over to them and that they were as stated

by the witness and correct and proper. Firstly, this part of the testimony is not admissible in evidence as the statement recorded by the Investigating Officer SIT is a statement under section 161 of the Code and cannot be used for any purpose except to contradict the witness. Moreover, as rightly observed by the trial court, this appears to be a formal statement recorded by the SIT in every statement and it is quite possible that while the earlier statement may have been read over to the witness, he would not have stated that it was correct and proper and as stated by the witness, because had that been the position, there was no reason for the witnesses to approach the SIT for getting their statements recorded.

XI EVIDENCE OF EYE WITNESSES

29. Since the prosecution case rests mainly on the testimonies of the eyewitnesses, it may be germane to refer to the relevant parts of their depositions and analyse the same to ascertain their evidentiary value in the light of the submissions advanced by the learned counsel for the accused.

29.1 As noted hereinabove, in all, 327 witnesses have been examined by the prosecution. The learned counsel for the appellants have referred to the witnesses in seriatim as well as in groups, whereas the learned Special Public Prosecutor has referred to the witnesses on the basis of the time of the incident in respect of which they have deposed, viz. morning incident, noon incident and whole day. For the sake of convenience, reference is made to the testimonies of the witnesses in the sequence referred to by the learned counsel for the appellants.

30. The learned counsel for the appellants had firstly referred to a group of witnesses who are stated to have submitted affidavits before the Supreme Court in a petition for transfer/further investigation pending before it. There are, in all, six such witnesses:

1. PW 114 Rahemanbhai Shakurbhai Saiyed
2. PW 137 Rafikanbanu Rahemanbhai (wife of PW 114)
3. PW 141 Kaiyumbhai Rashidkhan Pathan
4. PW 147 Reshmabanu Nadeembhai Saiyed
5. PW 156 Abdulmajid Mahammadusman Shaikh
6. PW 162 Rafiq Kallubhai Shaikh

AFFIDAVITS:

31. Before advertng to the testimonies of these witnesses, it may be necessary to discuss the relevance of such affidavits insofar as the facts of the present case are concerned.

32. The learned counsel for the appellants submitted that out of many witnesses, six witnesses who were examined before the trial court by the prosecution had filed affidavits before the apex court wherein serious allegations on facts of the incidents in question and accused persons have been made. In the evidence of the witnesses the circumstances under which such affidavits were filed as well as naming the person of the NGO called "Citizens for Peace and Justice" to whom such core

information was divulged by the witnesses, has been brought out. Such witnesses are:-

- PW No. 114 – Affidavit Exh 742
- PW No. 137 – Affidavit Exh 920
- PW No. 141 – Affidavit Exh 960
- PW No. 147 – Affidavit Exh 1017
- PW No. 156 – Affidavit Exh 1094
- PW No. 162 – Affidavit Exh 1152

32.1 It was submitted that when submissions in detail were made qua the evidence of such witnesses with reference to their police statements, affidavits before the apex court, statements before the SIT, etc., in reply to such submissions, the learned Special Public Prosecutor on behalf of prosecution submitted that the prosecution does not rely upon the affidavits and the witnesses are not admitting the contents of such affidavits but they are admitting only their signatures on affidavits, and, therefore, the facts and contents of the affidavits may just be ignored.

32.2 The learned counsel emphatically argued that copies of such affidavits were part of the investigation made by the SIT and such copies are produced along with the charge-sheet by the SIT. The contents of the affidavits and facts narrated by the witnesses are stated on oath and that too before the highest court of the country. The facts narrated in such affidavits are obviously used to get some favorable order of getting direction of further investigation from the apex court. It was submitted that the constitution of the SIT and further investigation by it,

is the direct result of such proceedings before the apex court wherein such affidavits can be treated as having been considered and contents thereof appreciated. Such affidavits are statements of facts made on oath by the witnesses, the affirmation of which and the signatures thereon are though admitted by witnesses in the court of law but now they have pleaded ignorance of the contents thereof and thus the prosecution says that it does not rely upon it and they may be ignored. According to the learned counsel, such facts on record lead to any of the following three conclusions/possibilities:

(i) That, the witnesses were telling lies before the trial court that they do not know the contents of the affidavit, or

(ii) That, the witnesses knew that they have made false/incorrect statements before the apex court in such affidavits and therefore to save their skins from the accusation of making such false/incorrect statements before the highest court of the country and thereby to save themselves from being exposed to the perjury proceedings which ultimately would have seriously and adversely affected their deposition before the trial court on the touchstone of appreciation of evidence, they are pleading ignorance regarding the same, or

(iii) That, the affidavits obviously and apparently are prepared by some third party/NGOs/activists/community leaders/community lawyers without letting the witnesses know about their contents and thereby such witnesses/deponents of the affidavits are used by getting

such affirmation without their knowledge regarding the contents thereof taking advantage of their illiteracy to get the desired result from the apex court.

32.3 It was submitted that in the facts of the case and in view of the submissions made by the prosecution in reply, the possibility of the last conclusion is more evident and such third party/NGOs, etc. in the name of helping the witnesses have misused the process of law for achieving their ill-motivated purpose of projecting facts wrongly, creating more serious facts, involving more accused and giving a different color to the core issues.

32.4 The learned counsel for the appellants submitted that the affidavits which were filed before the Supreme Court were affirmed by the witnesses and it was meant to be submitted before the highest judicial forum of the country and the statement made on oath has its own sanctity. It was submitted in the light of the above submissions, the prosecution cannot be heard to contend that it is just not relying on the affidavits because it is part of the record and part of the investigation and filing of such affidavits has not been disputed by any of the witnesses.

33. Mr. Bhargav Bhatt, learned advocate for the accused No.62 submitted that the affidavits were placed on record with the charge-sheet. They are part and parcel of the investigation and have reached the record of the court and the same being in the nature of previous statements of the witnesses can certainly be used to contradict the witnesses.

34. Mr. Mihir Desai, Senior Advocate, learned counsel for the victims submitted that there is a common thread in all the affidavits, namely, that all the six persons are residents of Naroda Patiya. All the six persons were present when the violence took place. Some have lost family members. From the night of the 28th of February, they were in the camps. They have said that they tried to give the names of the accused. The possibility that when they were before the investigating agency, one may name the foot soldiers, but are scared of naming the powerful people, but when they come to the court and feel safe, they can narrate the actual facts in detail; the atmosphere in the court can bring out the truth. It was submitted that if the affidavits are treated as previous statements under section 145 of the Evidence Act and are being used, the method to be adopted for contradicting them is that the actual statements have to be shown to the witnesses. In the present case, the contradictions qua the statements made in the affidavits are not proved in accordance with law. Reliance was placed upon the decision of the Supreme Court in the case of **V. K. Mishra and another v. State of Uttarakhand and another**, (2015) 9 SCC 588, wherein it has been held thus:

“19. *Under Section 145 of the Evidence Act when it is intended to contradict the witness by his previous statement reduced into writing, the attention of such witness must be called to those parts of it which are to be used for the purpose of contradicting him, before the writing can be used. While recording the deposition of a witness, it becomes the duty of the trial court to ensure that the part of the police statement with which it is intended to contradict the witness is brought to the*

notice of the witness in his cross-examination. The attention of witness is drawn to that part and this must reflect in his cross-examination by reproducing it. If the witness admits the part intended to contradict him, it stands proved and there is no need to further proof of contradiction and it will be read while appreciating the evidence. If he denies having made that part of the statement, his attention must be drawn to that statement and must be mentioned in the deposition. By this process the contradiction is merely brought on record, but it is yet to be proved. Thereafter when investigating officer is examined in the court, his attention should be drawn to the passage marked for the purpose of contradiction, it will then be proved in the deposition of the investigating officer who again by referring to the police statement will depose about the witness having made that statement. The process again involves referring to the police statement and culling out that part with which the maker of the statement was intended to be contradicted. If the witness was not confronted with that part of the statement with which the defence wanted to contradict him, then the court cannot suo motu make use of statements to police not proved in compliance with Section 145 of the Evidence Act that is, by drawing attention to the parts intended for contradiction.”

34.1 It was submitted that the affidavits cannot and have not been used to contradict the witnesses inasmuch as the context in which the affidavits were made is for a totally different reason and the purpose of the affidavits is different from the purpose of deposing before the court.

FINDINGS:

35. The trial court in the impugned judgment has held thus:

“ (8.25) The emphasis on the affidavit before the Supreme Court requires to be dealt with. It is not on record and it has not been admittedly investigated that whether this affidavit was in fact presented before Hon'ble Supreme Court or not,

these are not the certified copy of the affidavit, why these affidavits were needed and who drafted it and whether is it under the instruction of the witness or not and whether in fact it was filed or not, are all the questions which need to be answered before believing it for either purpose. There is no endorsement that this affidavit is made under the instruction of the witness or not hence without reference to context, it does not sound to be proper to appreciate the oral testimony basing upon this affidavit.

(8.26) *Moreover, the purpose of the affidavit is different then the purpose of statement given before the SIT and testimony before the Court, hence affidavit cannot be treated as document from which the truthfulness of the witness should be decided qua the testimony before the Court. It is in no case an earlier statement."*

36. In this case, in all six witnesses have filed affidavits for the purpose of submitting them before the Supreme Court, namely PW 114 Rehmanbhai Sakurbhai Saiyed, PW 137 Rafikanbanu Rehmanbhai Saiyed, PW 141 Kaiyumbhai Rashidkhan Pathan, PW 147 Reshmabanu Nadeembhai Saiyed, PW 156 Abdul Majid Mahammadusman Shaikh and PW 162 Rafiq Kallubhai Shaikh.

37. Before referring to the individual witnesses, it may be pertinent to note that none of the witnesses have referred to the affidavits in their examination-in-chief and such affidavits have been brought on record by the defence during the course of the cross-examination of the concerned witness. These affidavits are not originals and therefore, not in the nature of primary evidence. The copies of the affidavits are not even certified copies of the originals but are merely copies of affidavits alleged to have been made by the witnesses, the source whereof, has not been proved. In these circumstances,

the affidavits would be required to be proved in accordance with the provisions of section 65 of the Evidence Act.

38. Insofar as PW 114 Rehman Khan Shakurbhai Saiyed is concerned, in his cross-examination he has admitted his signature on the affidavit Exhibit 742, but has expressed total ignorance about the contents thereof. He has stated that the document is in English whereas he does not know how to read English nor was the document read over to him. Thus, though this witness is stated to be the maker of this affidavit, he is completely ignorant about the contents thereof, but the trial court has still exhibited the document. In the absence of the contents of the affidavit having been proved in accordance with law, the same was not admissible in evidence and ought not to have been exhibited. Since no evidence has been led to establish that it is this witness who had made such affidavit, the same cannot be used as a previous statement to contradict the witness. The mere fact that the prosecution has placed these affidavits along with the charge-sheet does not mean that the same are duly proved in accordance with law.

39. PW 137 Rafikanbanu Rehmanbai Saiyed in her cross-examination has stated that she had seen Teesta Setalvad once at Delhi. During the course of the cross-examination of this witness, the defence has produced the affidavit dated 9.11.2003, allegedly made by this witness in a transfer petition filed before the Supreme Court and had requested the court to exhibit it. The witness has stated that she had a talk with Teesta Setalvad about the incident on phone. The witness has denied that anyone had given Samsad a glass of petrol and

that she had not stated any such fact to Teesta Setalvad. The witness has admitted her thumb impression on the affidavit but does not remember any other details as to when and where and before whom she had put such thumb impression. The affidavit has been exhibited as Exhibit 920, however, the contents thereof have not been read over to the witness, nor has she admitted the same.

40. PW 141 Kaiyumkhan Rashidkhan Pathan has deposed that he, along with five to six other persons, had gone to an office at Shahpur. The second time he went to the office, his affidavit was prepared. He has admitted that he had taken a Gujarati version of what was to be stated in the affidavit. He has stated that though he was illiterate he was acquainted with the facts in the document. He has stated that the Gujarati version was translated into English but is not aware as to who had done it. He has stated that he had a talk on telephone with a lady (madam) regarding the affidavit. He has admitted that prior to making the affidavit the contents thereof were read over to him. The witness has admitted his signature on the affidavit. The affidavit is exhibited as Exhibit-960. In his cross-examination he has further admitted that the contents of the affidavit are true and nothing that he has not seen has been stated therein. However, a perusal of the testimony of this witness shows that he has not been confronted with any part of his affidavit to contradict any part of his testimony.

41. PW 147 Reshmabanu Nadeembhai Saiyed in her cross-examination has stated that she does not know Madam Teesta Setalvad, but she had gone to her when her affidavit was

prepared. She has stated that she had purchased the stamp paper for the affidavit and had signed it. Upon being shown the signature, she has stated that it does not appear to be her signature. She has stated that she had gone to Raees Khan's office and informed about the details of the incident. She has stated that when she narrated the facts about the incident Teesta Madam was not present and that she had talked with her on the phone and acquainted her with the facts. The witness has further stated that the contents of the affidavit were explained to her and they were as stated by her. The affidavit is exhibited as Exhibit-1017. The witness has denied having stated in the affidavit that a truck filled with diesel was brought in front of the masjid and the compound wall was broken by forcibly driving the tanker at the wall and was then set ablaze and the entire masjid was destroyed. The witness has also denied having stated certain other facts as contained in paragraphs 7, 8 and 9 of the affidavit. In paragraph 99 of her deposition, the witness has stated that she probably had told the person who drafted the affidavit that "*.... and Bhavanisingh struck her on her stomach with a sword and killed her and had taken out the foetus from her womb*" and has voluntarily stated that in fact it was Guddu Chhara but it could be that by mistake she had stated the name of Bhavanisingh in the affidavit.

41.1 In the cross-examination of this witness it has further been elicited that she had not taken the affidavit home and had handed it over to Raiskhan on that day. She had not gone to the Supreme Court at Delhi to submit the affidavit. She has stated that she had given Raiskhan the authority to submit the

affidavit. She has stated that she is not aware as to who had and in which case, submitted the affidavit. They had made this affidavit for the purpose of getting justice.

42. Considering the evidence of this witness, to the extent she has accepted the contents of the affidavit, the same would stand proved and it was permissible for the defence to contradict her testimony with the contents thereof.

43. PW 156 Abdulmajid Mahammadusman Shaikh has, in his cross-examination admitted that he had stated all the facts that he knew in the affidavit to be submitted to the Supreme Court. He has voluntarily stated that he had stated certain facts and certain facts were not stated by him. The witness has denied that when the affidavit was prepared he did not know the names of the accused referred to in his examination-in-chief. This witness is cross-examined with regard to the contents of his statement recorded by the SIT in connection with the affidavit and the contents of such statement are sought to be brought on record in this manner. Considering the fact that the statement recorded by the SIT is a statement under section 161 of the Code, the same could be used only for the purpose of contradicting the witness qua any part of his testimony. The contents thereof could not be brought on record except to contradict the witness, which is not the case here, inasmuch as through the process of cross-examination, the contents of the statement recorded by the SIT have been brought on record, which is hit by the bar contained in section 162 of the Code. The witness has admitted his signature on the affidavit which has been exhibited as Exhibit-1094. In his

cross-examination, it has inter alia been elicited that he was not aware as to in the context of which right he had made the affidavit, but from educated people as well as through television he had come to know that Teestaben was carrying out such activities and the organisation was assisting their people and hence he had made the affidavit. The witness has further deposed that he had talked with Teestaben on telephone and she had told him that if he wanted to file a case before the Supreme Court it could be done through this affidavit. The witness has denied that he was not aware of the contents of the affidavit. He has admitted that he had stated all that he had undergone to Teesta madam on the telephone. He has denied that when he talked with Teesta madam he had not felt that anything remained to be stated. He has voluntarily stated that he had said whatever he found necessary. At that time he did not feel that anything was left out from what he had said to Teesta madam. He has admitted that the affidavit was read over to him in a language which he understood. In his cross-examination (paragraphs 211 to 215) the witness has denied having stated certain facts contained in the affidavit Exhibit- 1094. The witness has denied that in the affidavit filed before the Supreme Court he has not referred to the incidents involving Mayaben, Ayub and three trunks in two police vehicles, however, a perusal of the affidavit reveals that while the witness has stated that he had named several accused before the police, the name of Mayaben does not find place therein. There is also no reference to the Ayub incident and the trunks in the police vehicles. Therefore, to the extent of such omissions in the affidavit, the defence is justified in contradicting the witness during the course of his cross-examination.

44. The last witness who had made such affidavit is PW 162 Rafiq Kallubhai Shaikh. This witness has stated that he has not met Madam Teesta Setalvad personally, but has talked with her on the phone. The witness has admitted that someone had told him that he was required to make an affidavit before the Supreme Court and that Teestaben had told him that to get justice they would have to go to the Supreme Court and for that purpose he was required to make an affidavit. He has further admitted that till he made the affidavit, he had not filed any complaint. The witness is shown the affidavit produced by the defence with a purshis Exhibit 739 and has admitted that this is the affidavit he had made before the Supreme Court. He has also admitted his signature thereon. The affidavit has been exhibited as Exhibit 1152. The witness has stated that when the affidavit was typed, Teestaben's secretary was present. He had given the typist writing in Gujarati which was written by Teestaben's secretary. The witness has admitted that the same was read over to him and that he had not felt that any facts not stated by him were written down therein. He has admitted that what was written in English was translated to Gujarati and read over to him. He has further stated that at the time when he went to the notary for notarizing the affidavit, the notary had read over the facts to him and he had not felt that any additional facts other than those stated by him were written down therein. The witness has admitted that he had instructed Teestaben to write that the police was not properly investigating the case and there was no progress in the trial; that the cases of Naroda Gam and Naroda Patiya are required to be transferred outside Gujarat; and that it is necessary to

transfer the cases outside Gujarat for the reason that in the meanwhile attempts were being made to suppress the facts and the evidence. The witness has voluntarily stated that the reason for saying so was because at the time of making the panchnama of his house, the police were not writing down everything. The witness has stated that he himself had stated the facts regarding Jaydeepbhai in the affidavit Exhibit 1152; but the actual fact is that he had heard through talks about Jaydeep Patel's leadership and other facts. He has denied that he had told Teestaben to write in the affidavit that he had seen Jaydeepbhai. He has stated that there is no reason for stating incorrect facts about Jaydeepbhai in the affidavit. He has further stated that he cannot cite any reason as to why he had falsely stated in the affidavit that he had seen Sahejad Chhara. He has stated that if any incorrect fact has been stated or written down in the affidavit, he does not want to give any explanation in respect thereof.

45. The relevance of the affidavits is only to the aforesaid extent. From the cross-examination in the context of the affidavits, it emerges that PW 147 Reshmabanu Nadeembhai Saiyed had stated in the affidavit that it was Bhavanisingh who had struck a sword on Kausarbanu's stomach and taken the foetus out of her womb, whereas in her testimony before the court she has named Guddu Chhara as the culprit; PW 158 Abdulmajid Mahammadusman Shaikh had not mentioned having named Mayaben Kodnani before the police, nor had he mentioned the Ayub incident or the incident of the police taking out three trunks from two vehicles; and that PW 162 Rafiq Kallubhai Shaikh is not averse to stating incorrect facts

on oath and does not deem it fit to explain the reason for doing so, which dents his credibility to that extent. Another notable aspect is that through the cross-examination of the witnesses it has been brought out that certain facts not stated by the witnesses have found place in the affidavit. This court, therefore, does not subscribe to the view of the trial court that the purpose of the affidavit being different from the purpose of the statement given before the SIT and testimony before the court, the affidavit cannot be treated as a document to ascertain the truthfulness of the witness and is not an earlier statement. In the opinion of this court, an affidavit is made on oath and therefore, great sanctity is attached to the averments made on oath, and notwithstanding the purpose for such affidavit, the deponent thereof is required to say the truth and nothing else. The contents of the affidavits to the extent admitted by the witnesses, therefore, can certainly be treated to be previous statements of the witnesses and be used to contradict them.

XII TESTIMONIES OF WITNESSES WHO MADE AFFIDAVITS FOR SUBMITTING BEFORE THE SUPREME COURT AND RELATED WITNESSES:

46. **PW-114 Rahemanbhai Shakurbhai Saiyed**, aged 50 years, has been examined at Exhibit-740. This witness has deposed that he was residing at *Jawannagar, Naroda Patiya* in the year 2002. He has deposed that he deals in business of selling toys on the foot-path outside Kalupur station since the last fifteen years. In the year 2002, he was residing at *Jawannagar, Naroda Patiya* and his native is *District Mathura*,

Uttar Pradesh.

46.1 The witness has deposed that in the year 2002, he was residing at Jawannagar, Naroda Patiya with his family which was comprised of his wife Rafikanbanu, his six children, namely, daughter Afsanabanu, son Aasmahammad, daughters Ruksanabanu, Zarinabanu, sons Iqbalbhai, Samshad. Out of the six children he had in the year 2002, presently only three are alive, out of whom, one was injured. His daughter Afsanabanu was injured and the remaining three children, viz., Ruksana, Zarina and Samsadbhai died in the incident.

46.2 The incident took place on 28.2.2002. On that day, he was at home. In the morning at around 9:00, he was sitting at home and he learnt that a train had been burnt at Godhra on account of which, there was a call for bandh. On that day, at around 9:00 to 9:30, he went towards the road, where the mobs were gathering. The mobs were gathering near the Noorani Masjid. The people in the mob had tied yellow bands around their foreheads on which the words "Shri Ram" were written. The mob kept growing. The mob was pelting stones at the Noorani Masjid. Thereafter, he returned home. He stayed at home with his children. At that time, they were surrounded from all four sides, despite which, they had stayed at home. When they felt that they would not be saved, then at 6 o'clock in the evening, they (his entire family) left their house.

46.3 There is a gate of the S.R.P. near Gangotri Society. They had reached there. He and his family and other persons were there. They hid near the gate of the S.R.P. Thereafter, at around 7 o'clock in the evening, when it was slightly dark, the

S.R.P. people had beaten them up and driven them towards the water tank near Gangotri Society. At this time, stones continued to be pelted at them from the S.T. Workshop.

46.4 At this time, though there was one road going towards the masjid, they went on the road leading towards Teesra Kuva. When they went a little further towards Teesra Kuva, they saw a big mob coming from the opposite side and the people in the mob were showing them the newspaper and telling them, "*look at what you have done in Godhra*". In the mob, someone was igniting fire, someone was cutting, they were hacking down innocent children, women, etc. with swords.

46.5 At this place, he got separated from his family and the mob had hacked his daughters Rukshanabanu, Zarinabanu and son Samsad. All these three children were with him. Upon seeing this, he hid himself. His children had been hacked down after 7:00 in the evening. When he hid himself, it was around 9 o'clock. He was quietly sitting and hiding in a lane. He saw another mob on that side and therefore, he went and hid on other side. He felt that he would not be safe and hence, he shifted to a safer place. On all four sides, there was violence and hacking. Gas cylinders were being burst. In the incident in which his children were killed, Bhavanisingh, Guddu Chhara and Suresh Langda were there in the mob. At this time, Bhavanisingh had a can, Guddu Chhara had a trishul and Suresh Langda had a sword. The witness has stated that he would be in a position to identify these three persons. However, Bhavanisingh and Guddu Chhara have passed away, and hence, he can identify Suresh Langda. The witness has

thereafter identified Suresh Langda (Accused No.22).

46.6 The witness has stated that he kept hiding till 1 o'clock at night, whereafter a police vehicle came at 1 o'clock and took them to the Shah Alam relief camp. When he sat in the vehicle for going to the relief camp, in the same vehicle he met his wife and two children Iqbal and Aasmahammad. They all were taken in that vehicle to the relief camp. He had asked his wife about his four children and his wife replied that she did not know. After eight days in the camp, they came to know that one of their children Afsanabanu was alive and was in the Civil Hospital; hence, he had gone to the Civil Hospital. There, his daughter had told him that their three brother and sisters had been killed, which was with reference to Samsadbhai, Rukshabanu and Zarinabanu. Afsana took treatment in the Civil Hospital for one and half months. His house at Jawannagar had been looted and set on fire. The police had recorded his statement in connection with the incident; however, no one was listening to them. Thereafter, their statement was recorded at SIT, Gandhinagar. Probably, his statements were recorded twice. He had also made an application to the SIT for recording his statement.

46.7 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that at the time of the incident, S.R.P. Quarters had two gates, one was towards the national highway and the second gate was towards Gangotri which was a small gate. The witness is cross-examined at length with regard to the topography of the area. In his cross-examination, he has stated that Guddu as well as Bhavanisingh have not met him and that he has heard their names. He has stated that

Suresh had also not met him and has voluntarily stated that none of them had ever met him. It has also come out that he had no monetary transactions with Guddu, Bhavanisingh and Suresh and had no social relations with them. The witness has denied that he had only heard the names of these three persons and has voluntarily stated that he had seen all three of them.

46.8 The witness has admitted that prior to the incident he had heard the names of the three persons. In his cross-examination, it has further come out that no test identification parade of Suresh Langda, Guddu and Bhavanisingh had been carried out through him. The witness has stated that he is totally illiterate, but knows how to sign. The witness has admitted his signature at the bottom of the application Mark 644/16. The document is given Exhibit-741 and the contents thereof are read over to the witness who has admitted the same to be correct.

46.9 In his cross-examination, it has come out that after the incident he had seen the police for the first time at the Shah Alam Camp. He had stayed at the camp for around six months. The witness does not remember whether he had lodged any complaint prior to 9.5.2002 in connection with the incident. He has stated that he had lodged his complaint at the Dargah Police Chowky next to the Shah Alam Camp and has admitted that they had taken his signature thereon. In his cross-examination, it has come out that after 9.5.2002 and before 30.5.2008 as well as 5.7.2008, many persons other than the police had put questions to him. The witness has stated that amongst all those people, there were media persons also

who used to ask questions and take his signature. The witness has admitted that a particular woman had met him on several occasion, however, he does not remember her name. The witness has admitted that he has not talked about the incident on phone with anyone. The witness has stated that it has never happened that he had made any affidavit in connection with the incident. The witness has stated that he does not remember that in the presence of Raiskhan, he had talked to anyone on telephone at Bombay. The witness has stated that no person from an organization called Citizens for Justice and Peace had come to meet him and has voluntarily stated that all that he knows is that some organization had given him a house. The witness has stated that he does not know Teestaben Setalvad and has never met her and never had any occasion to talk with her on the telephone.

46.10 The witness has stated that he does not know as to who had written down the application Exhibit-741 for him. He has further been cross-examined with regard to the manner in which the application was made and the contents thereof. The witness has admitted that prior to making the application, none of the accused had ever threatened him and that prior to making the application, he had never gone to the Naroda Police Station.

46.11 The witness does not remember whether he was present in Ahmedabad city on 11.11.2003. The witness is shown a four page document and he has admitted his signature thereon. The witness is shown the fourth page of the document wherein there is a signature in the capacity of deponent and the witness has admitted that it is his signature.

The document is a notarized document which is given Exhibit-742. The witness has stated that he cannot say as to whether the writing in Exhibit-742 is in English because he is not literate. The witness does not remember as to whether the document Exhibit-742 was read over to him. The witness has admitted that he does not know English and therefore, he does not know what is written in the paper. He has stated that Raiskhan Azizkhan Pathan has never read over the contents of the document to him. It may be noted that despite the fact that the witness has expressed total ignorance as regards the contents of Exhibit-742, the same has been exhibited by the trial court.

46.12 The witness has denied that the people of their chawl had not given any response against the mob. The witness has denied that for their protection they had attacked the people in the mob and despite having defended themselves, the Hindu mob was not within their control. The witness has admitted that Suresh Langda and Suresh Chhara is one and the same person. The witness has denied that at the relevant time, he had seen Bhavanisingh with a sword in the mob and has voluntarily stated that he had seen him with a kerosene can.

46.13 The witness has denied that he had counted the number of dead persons in the incident. He has stated that he does not know Sufiyabanu, but has heard her name. He has not seen any person commit rape on Sufiyabanu on that day.

46.14 The witness has admitted that his daughter Rukshanabanu had got separated from him. The witness has

admitted that he has not seen as to what had happened to his daughter Rukshanabanu after she got separated from him. The witness has admitted that till Rukshanabanu was with him, nothing had happened to her. This part of the cross-examination of the witness brings out a contradiction as regards what is stated by the witness in paragraph 9 of his deposition, wherein he has stated that his daughters Rukshanabanu, Zarinabanu and son Samshad had been hacked by the mob near a wall near the tank.

46.15 The witness has admitted that he used to feel that they would not get justice in Gujarat. The witness has stated that nobody had told him so. The witness has admitted that he had made an application in this regard. The witness does not remember as to whom, where and when he had made the application and has voluntarily stated that the application must have been given where it is required to be given.

46.16 The witness is cross-examined with regard to the affidavit Exhibit-742. The witness has stated that he does not remember whether he had made the affidavit Exhibit-742 for the purpose of filing any application before the Supreme Court. The witness has admitted that the affidavit Exhibit-742 was given by him for presenting before the Supreme Court. The witness is thereafter further cross-examined with regard to the affidavit.

46.17 In his cross-examination, it has come out that Rafikanbanu is his wife. The witness has admitted that till he and his wife Rafikanbanu got separated on the day of the incident, nothing had happened to her. The witness has

admitted that he does not know as to what happened to his wife Rafikanbanu after she got separated from him.

46.18 The witness has stated that when on the very same day that he came to know that his daughter Afsanabanu was at the Civil Hospital, he had gone to the Civil Hospital. The witness has admitted that his daughter Afsanabanu had not told him anything about the incident.

46.19 The witness has denied that on the day of the incident, he had not gone on the road at 9:00 to 9:30 in the morning and has voluntarily stated that he had gone on the road, but had returned immediately. The witness has admitted that on the day of the incident, he had not gone out of his house till 6 o'clock in the evening. Certain extracts of the statement dated 30.5.2008 recorded by the SIT have been put to the witness, however, since the same have not been put to the witness to contradict any part of his testimony, the same are not admissible in evidence.

46.20 The witness is confronted with his previous statements to the effect that in none of the statements, he had stated that Guddu Chhara had a trishul and Suresh Langda had a sword. (The trial court has made a note that in his statement dated 30.5.2008 before the SIT, the witness has stated that Guddu Chhara had a sword and Suresh Langda had a trishul.).

46.21 In his cross-examination, it has further come out that he had seen Guddu with a trishul at Jawannagar at around 6:00 to 7:00 in the evening on the day of the incident. He had seen Suresh Langda with a sword at the same time. The

witness has voluntarily stated that all three of them were together and he had seen them in Jawannagar-ni-Chali. The witness has voluntarily stated that he had seen them at Jawannagar-ni-Chali, where his three children were killed. The witness has further voluntarily stated that his children were killed at a spot on the corner of Jawannagar where the boundaries of both Jawannagar and Gangotri Society meet.

46.22 The witness has admitted that the incident of his children took place at around 7 o'clock in the evening. The witness has admitted that on that day at 7 o'clock, it had become dark. The witness has admitted that on that day at that time, a huge mob of Hindus had come from the direction of Teesra Kuva and that the people in the mob had weapons in their hands.

46.23 The witness has denied that the second mob had come from the side of Uday Gas Agency and has stated that the mob had come from the direction of the S.T. Workshop. The witness has admitted that both these mobs had entered Gangotri Society. The witness has admitted that he had not seen the mobs before and had seen them in Jawannagar. The witness has voluntarily stated that the mobs had come from three sides and had gathered at Jawannagar.

46.24 In his cross-examination, it has come out that he does not know that Suresh Langda had a love marriage with a Muslim girl and has further admitted that he had identified him for the first time on that day.

46.25 The witness has admitted that he was at home till 7

o'clock in the evening, and till then, he had not seen any incident on the national highway. Thereafter, the witness has denied that he was at home till 7 o'clock in the evening and till then, he had not seen any incident at Jawannagar. The witness has denied that except for the incidents narrated by him, he had not seen any incident.

46.26 The attention of the witness is drawn to the fourth sentence to the sixth sentence of paragraph 9 of his examination-in-chief, wherein he has stated that at this place, his daughters Rukshanabanu, Zarinabanu and son Samshad were hacked by the people in the mob. The witness has stated that he does not remember whether he has stated these facts in his statement dated 9.5.2002. The witness has admitted that he has not lodged any complaint with regard to his three children being killed.

46.27 The witness has denied that the mobs which assaulted and the mob which set them ablaze were different and has voluntarily stated that all the mobs had gathered together.

46.28 To prove the omissions and contradictions brought out in the testimony of this witness as to his previous statement, the defence has cross examined PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT), who, in his cross-examination has admitted that he has recorded the statements of this witness on 30.5.2008 and 5.7.2008. The contents of paragraph 72 of the deposition of the witness are read over to the Investigating Officer, wherein he has stated that in the morning at around 9:00 to 9:30, he had gone towards the road

and thereafter had returned and mobs had gathered near Noorani Masjid. The Investigating Officer has denied that the witness has not stated such facts before him and that the witness had stated that at around 10 o'clock he came out of his house, mobs had gathered near Noorani Masjid and the witness had come out of his house. Apart from the fact that there is no actual contradiction in any case, what is stated in paragraph 72 is something that is elicited in the cross-examination and not a fact asserted by the witness in his examination-in-chief and, therefore, cannot be contradicted as to the previous statement of the witness.

46.29 Certain extracts of paragraph 73 of the deposition of the witness, wherein he has stated that out of fear that there would be riots, he had not come out of his house are put to the Investigating Officer, who has denied that the witness has not stated such facts in the statement recorded by him. Certain other extracts of paragraph 73 of the witness are read over to the Investigating Officer wherein the witness has stated that, therefore, together with the family members they hid in the house itself and at around 5 o'clock a major part of the chawls were burnt and the mob was carrying out the task of killing people and had become very volatile and frenzied due to which, the people of the community from their chawl were running towards Gangotri Society, S.R.P. to escape. The Investigating Officer has admitted that the witness has stated these facts in the statement recorded by him. He has also admitted that the witness has stated before him that in the affidavit, it has been stated that he with his own eyes has seen Bhavanisingh rape Abdul Majid's daughter Sofiyabanu and that he had also seen the rape of his own daughter Rukshanabanu,

which is not true. He has not seen any such act of Bhavanisingh with his own eyes, but had heard from talk about the happening of such incident, which he had written in his affidavit.

46.30 The Investigating Officer has admitted that the witness had stated before him that Guddu Chhara had a sword and Suresh Langdo had a trishul and had not stated that Guddu Chhara had a trishul and Suresh Langdo had a sword.

46.31 SUBMISSIONS: The learned counsel for the appellants invited the attention of the court to the testimony of the witness to point out various omissions and contradictions in the evidence of the witness. It was submitted that even if this witness is taken to be completely ignorant about the contents of the affidavit, it has come on record that he has affirmed some affidavit for the purpose of it being produced before the Supreme Court and his signature has been taken though he says that he did not know where it was signed and stamped by somebody and whether he has purchased the stamp paper or not. Thus, there is some agency working who was getting such affidavits of witnesses without making the witnesses aware of the contents thereof for some specific purpose. It was submitted that the only accused who is alive who is sought to be implicated by this witness is accused No.22 who is implicated for the first time after seventy days, that is, on 9.5.2002 in his police statement and as admitted by this witness in paragraphs 28 and 29 of his cross-examination, he had never met Suresh earlier, that he had no relations with him and that he had heard his name. Therefore, in the absence of a test identification parade, the identification of Suresh for

the first time in the court creates doubt about his complicity in the offence. It was submitted that this witness has also stated that he made a complaint before the Dargah Police Chowky and has also confirmed that he has signed it which his wife has also confirmed. It was submitted that in the investigation which is subsequently transferred to the SIT, it is not that the evidence has come in its natural way. It was submitted that the statements which are recorded of the witnesses before the SIT were engineered, motivated and tutored. It was pointed out that the witness has not identified anyone qua the morning incident and has stated that he left his house at 6:00 p.m., whereas PW-137 viz., his wife Rafikanbanu has stated something different about the time when they left their house. It was submitted that on the other hand, his daughter Afsana also gives some different time. It was submitted that according to this witness, they went to the S.R.P. Quarters at around 7:00 p.m. and were driven out, after which, they went to the water tank near Gangotri. It was submitted that the witness does not speak about another mob from the side of the Noorani Masjid. He says that at that place, his family got separated and the three children who were with him, namely, Rukshana, Zarina and Shamsad, all the three of them, were killed. It was submitted that this witness has stated that the incident happened after 7:00 p.m. and he has named Bhavani with a kerosene can, Guddu with a trident and Suresh with a sword. It was pointed out that in paragraph 13 of his examination-in-chief, the witness has stated that he had inquired from his wife about his three children, to submit that if the witness had seen his three children being killed, there was no question of his asking such a question to his wife. It was submitted that though the witness is residing in the area since ten years, he

does not name anyone else other than his children who were also killed. In paragraph 14 of his deposition, the witness has stated that Afsana was injured in that incident and she told him about her brother and sister being killed. It was submitted that if this witness was present, he would have seen the incident of Afsana also. Reference was made to the contents of paragraphs 28 and 29 of the cross-examination of the witness, to submit that the witness had only heard the names of the accused prior to the incident and he did not know them, despite which, no test identification parade has been carried out. It was submitted that there are *inter se* contradictions between the statements of this witness, his wife, his daughter as well as other witnesses.

46.32 Mr. Prashant Desai, learned Special Public Prosecutor submitted that this witness has stated that he was in his house till 6 o'clock and then he went with his family whereafter this incident took place at 7:00 p.m. It was submitted that it cannot be said that the witness cannot be believed because there is a discrepancy between the evidence he has given and his cross-examination. It was submitted that insofar as the affidavit made by the witness is concerned, he has admitted the factum of signing it, but has not admitted the contents thereof. Therefore, the contents of the affidavit are not proved. It was submitted that in the affidavit, the witness did not state about the incident in question and on the contrary, the defence is coming out with an argument that the witness has stated about Rukshana and Sofiya being ravished by the accused. In his chief, he does not say anything about Rukshana and Sofiya, so there is no contradiction qua his earlier statement. Referring to paragraphs 77 to 80 of his

cross-examination, it was submitted that the witness has specifically stated about the role played by the three accused persons, who were in possession of lethal weapons and the hacking of the three children by the mob in which they were members, and the place of incident. It was submitted that as regards the hacking of three children having not been stated by the witness in his statement dated 9.5.2002, he has stated these facts before the SIT, and hence, it cannot be said that there is any contradiction or omission in the previous statement of the witness. It was submitted that the fact in issue is that the witness's children were killed, his daughter was molested and burnt, and therefore, so far as the relevant facts are concerned, there is no contradiction. It was submitted that there is no suggestion that no children were killed. It was submitted that the presence of the witness is established from the examination-in-chief as well as from paragraph 77 of his cross-examination. It was submitted that in his cross-examination, the witness has referred to all the three accused and the exact place where he had seen them. It was submitted that this witness is a natural witness, who had seen the incident, and has not exaggerated anything, and therefore, cannot be said to be not credible. It was submitted that no major contradiction has been brought out in his cross-examination and his entire evidence is logical and natural and he is an eyewitness who cannot be disbelieved easily. Referring to paragraph 13 of the examination-in-chief of the witness, it was pointed out that this witness was passing through great mental trauma after the incident.

46.33 ANALYSIS: This witness has stated that he left his

house at 6 o'clock, after which they went near the S.R.P. gate near Gangotri Society. Around 7 o'clock the S.R.P. people beat them up and drove them away, whereupon they went on the road towards the open ground leading to Teesra Kuva. Before they reached there, they saw a mob coming from the opposite direction. Another mob was coming from the side of the S.T. Workshop and there were mobs on all sides. His three children Rukshana, Zarina and Samsad were hacked by the mob at around 7 o'clock near the wall of a tank and he hid in the lanes till 9 o'clock at night. In the incident of his children, he had seen the three accused in the mob. A contradiction has been brought out to the effect that in his police statement he had not attributed any weapons to the three accused. A further contradiction has been brought out to the effect that the witness had not stated that his children were hacked by the mob. The trial court has made a note that before the police, the witness had stated that the three accused had set his children ablaze. Therefore, while in the examination-in-chief no specific role has been attributed to the three accused and even qua the mob, he has stated that they had hacked his children, in his police statement a direct and different role had been attributed to the three accused. Of course what was stated in the police statement cannot be looked into and cannot be considered to be part of the evidence, the fact remains that the witness has named the three accused as being part of the mob which assaulted and killed his children. The presence of the accused in the mob, therefore, stands established. Insofar as the contention that the witness has stated that Afsana had told him that her sisters and brothers were killed and his having asked his wife about his four children and her having told him that she did not know, cannot be attributed too much

significance when the witness has clearly deposed regarding the incident and has been consistent as regards the presence of the accused right from the inception.

46.34 In paragraph 28 of his cross-examination, the witness has stated that Guddu has not met him. Bhavanisingh has not met him. The witness has voluntarily stated that none of them have met him. The witness has stated that he had no financial relations with Guddu, Bhavani or Suresh and had no relations of visiting them. He has admitted that he had heard their names and has voluntarily stated that he had seen them. On reading this part of his testimony, it appears that when the witness says he has not met any of the three accused, he means he has not personally met them in the normal sense, when one meets and interacts with persons. But he has clearly stated that he had seen them and had also heard their names prior to the incident. The witness in his cross-examination has categorically stated in paragraph 77, that he had seen all three of them at around 6:00 to 7:00 in the evening at Jawannagar-ni-Chali where his three children were killed. He has stated that his children were killed at the corner of Jawannagar, on the spot where the boundaries of Jawannagar and Gangotri Society meet.

46.35 Therefore, the testimony of this witness deserves to be accepted to the extent he has referred to the presence of the three accused at the scene of offence. Thus, through the testimony of this witness, the prosecution has established the presence of Bhavanisingh (deceased), Guddu Chhara (deceased) and Suresh Langda (A-22) in the evening in

the mob that killed his children.

47. **PW-137-Rafikanbanu Rahemanbhai Saiyed**, aged 45 years, has been examined at Exhibit-915. This witness has deposed that in the year 2002, she was residing at *Jawannagar, Naroda Patiya*. At the relevant time, her family was comprised of her husband Rahemanbhai, daughter Afsanabanu, son Aasmahammad, son Iqbal, daughter Zarinabanu, son Samsad and daughter Ruksanabanu, all of them were residing together. Her husband used to sell electronic items on the footpath at Kalupur.

47.1 The incident took place on 28th day in the year 2002. There was a call for bandh on 28.2.2002.

47.2 On 28.2.2002, she was at home. On that day, her daughter Zarina had gone to Noorani Masjid at around 10:00 in the morning. At that time, there was an attack there. Zarina returned to her home and told her that "*They are burning and hacking there*". In view of the information given by Zarina, they were frightened and went to the S.R.P. Quarters for protection, however, they did not get any help there. The police resorted to lathi-charge there. They (the witnesses) told them that even if they do not let them go inside, they should at least let their innocent children go inside. However, they told them that today they had to die. Thereafter, they had gone towards Gangotri Society. There, Bhavanisingh made them sit in a place like a big hall. He then closed the shutter and told them to sit there and said that nothing would happen there. Inside, there were around 400 to 500 people.

Bhavanisingh told them to bring a vessel so that he would cook food for them. They did not have any vessel. Bhavanisingh told Majid to bring a vessel. Bhavani had told that they would make kadhi and khichdi. So, Majid said that in their community, they eat kadhi and khichdi after somebody is buried.

47.3 Thereafter, Bhavani, Guddu, Suresh (accused No.22), Tiniyo (accused No.55) and Sahejad (accused No.26) had sent them towards Teesra Kuva.

47.4 There was a huge mob at Teesra Kuva armed with weapons like guptis, swords and kerosene cans. They were showing them the newspapers about the Godhra incident and assaulting them. When they were driven away from there also, out of fear, they went to Gangotri Society.

47.5 There, upon Bhavani gesturing, Suresh, Guddu, Sahejad and Tiniyo and the people in the mob, had beaten them. Guddu Chhara had given her a gupti blow on her thigh. They asked Bhavani to give them water to drink. However, instead of water, Bhavani had given her son a glass filled with petrol. Upon the petrol affecting her son's throat, she put her finger in his mouth and made him vomit the petrol.

47.6 Iqbal, Samsad and Aasmahammad were with her at that time and the other children were with her husband. They were separated in this manner. Thereafter, the children who were with her husband also got separated from him. Bhavani had taken off her son Samsad's pant and threw him in the fire. Her son was burning from head to toe. He (her son) told her to run away saying that these people would kill them. Her son

was burnt in front of her eyes.

47.7 Her three daughters, Rukshana, Zarina and Afsana were with her. Bhavani's daughters – Ramila (Accused No.61) and Geeta(Accused No.56) had set her daughter Afsana on fire. Her daughter Afsana was saved, whereas her son Samsad and daughters Ruksana and Zarina, all the three, died in this incident. All her three children had breathed their last in her presence. Ramila and Geeta had thrown petrol and diesel soaked quilts on her daughter Afsana's waist and set her ablaze.

47.8 Rukshana and Zarina were burnt and killed by Guddu, Suresh, Bhavani and Tiniya on that day.

47.9 The house in which they were residing was a rented house. When her daughters Rukshana and Zarina were burnt, she had seen Kausarbibi, who is the daughter of Khalid Noormahammad. Thereafter, she had gone and hidden under the sheets on the top of Gopinath Gangotri Society and was hiding there. Till her children were burnt, she kept hiding there. Thereafter, at about 2 o'clock at night, a police vehicle came to take them and they went in the vehicle to the Shah Alam camp.

47.10 At the camp, she met her husband as well as both her children Iqbal and Aasmahammad. Thereafter, after eight days, she met Afsana, whom someone had admitted in the Civil Hospital. In respect of the injuries sustained by her, she had availed treatment at the Shah Alam relief camp. She had got twenty eight stitches on her thigh. The incident of

Zarina, Ruksana and Samsad had occurred at around 6:00 to 6:30 in the evening on the day of the incident.

47.11 She had sustained a loss of around rupees ninety thousand in connection with the incident of her house. The police as well as the SIT, Gandhinagar had recorded her statement.

47.12 The witness has stated that as far as she knows, Bhavanisingh and Guddu Chhara have passed away. She has stated that she can identify Ramila, Gita, Tiniya, Sahejad and Suresh Langdo. The witness has thereafter identified Ramila (accused No.61), Suresh (accused No.22), Tiniyo (accused No.55). However, instead of accused No.26, she has wrongly identified accused No.25. Therefore, the witness has not identified accused No.26 Sahejad correctly. Accused No.56 had filed an exemption application and hence, is deemed to have been identified.

47.13 CROSS EXAMINATION: In the cross-examination of this witness, it has been elicited that she was residing in Jawannagar since ten years prior to the incident. She was residing in the area, which is known as Jawannagar Khada. The witness has admitted that in the year 2002, Zarina was twelve years old. The witness has stated that she is totally illiterate, however, they get a Hindi daily newspaper at home and it has been subscribed since they have come to reside.

47.14 In the cross examination of the witness, she has stated that the distance between her house and the S.R.P. Quarters must be about 25 feet. She has stated that on that

day there were around four hundred to four hundred and fifty people with her near the S.R.P. Quarters. There was no barbed wire outside the S.R.P. Quarters, instead, there was a compound wall. On that day, the police were standing towards their side. The witness has admitted while the policemen were standing on one side, they were standing on the other side of the wall. At the time of the incident, the height of the S.R.P. Quarters compound wall was not very much. It was around four to five feet. However, now the height of the wall has been increased. The witness has stated that at that time, the mob had not reached the S.R.P. Quarters. She has admitted that they and three hundred and fifty to four hundred other people were standing near the S.R.P. Quarters and except for the police beating them no other incident had taken place. The witness has stated that Teesra Kuva is far from the S.R.P. Quarters. The witness has denied that prior to sending them towards Teesra Kuva, Bhavanisingh, Guddu, Suresh, Tiniya and Sahejad had not caused them any injury. The witness has admitted that till they were hiding inside the shutter, no one had attacked them. It has further come out in the cross-examination of this witness that they had remained inside the shutter till around 5:00 to 5:30 in the evening. They had stayed inside for a little while till around 4:00 to 4:30. They had stood near the S.R.P. compound wall for about half an hour.

47.15 When they went to the S.R.P Quarters, at that time, it must have been around 9:00 to 9:30 in the morning. Before going to the shutter, they had moved hither and thither for one to one and a half hour. At that time it must have been around 11 o'clock. From 11:30, they were roaming around the lanes. The witness has admitted that till 11:30, the mobs had

not attacked them and has voluntarily stated that at that time, the mobs were at Noorani Masjid and Hussainnagar and had not reached them. From 11:30 to 4:00 the mob had reached only till Hussainnagar.

47.16 The witness has stated that the shutter and Majid's house are far from each other. The witness has admitted that for the one to one and a half hours that they stayed inside the shutter, the mob had not come to the shutter. Her entire family was inside the shutter. The witness has admitted that after they came out of the shutter, her husband Rehmanbhai and children Iqbal and Aasmahammad got separated from her. After coming out of the shutter, as soon as they saw the mob, they had got separated from each other. Some children were with her and some were with her husband. She does not know in which direction her husband had gone. The witness has admitted that apart from Zarina, Rukshana and Samshad, there were around four hundred other people but she does not know as to who and how and where they were killed. The witness has voluntarily stated that they were throwing kerosene and petrol and burning them. The witness has denied that she has not stated the fact regarding killing of Zarina, Rukshana and Samshad before the police and has voluntarily stated that they were killed near the water tank and that she had stated all these facts to the police but they were not writing them down and were not reading the statement to them. The witness has, thereafter, been cross-examined with regard to the facilities and conditions at the camp and as regards media people, policemen and other organizations visiting the camp.

47.17 In her cross-examination, it has come out that she had lodged a complaint at the Shah Alam police chowky, which is adjoining Shah Alam Dargah. She had given the complaint within fifteen to twenty days of going to the camp. The witness has admitted that when she went to lodge the complaint, her husband Rehmanbhai was with her. They had gone to the police through the organisers of the camp. However, Naeembhai and Raisbhai had taken them to the police. The witness has stated that she does not know whether Raisbhai is an advocate and that she came to know that the concerned person was Raisbhai only when he took her to Delhi. The witness has admitted that Raiskhan and Naeembhai had informed the police the facts regarding the incident that had occurred with her. However, the witness has thereafter voluntarily stated that she is the one who has suffered the loss, it is her children, who have died, then it would be she who would be giving the statement and how could they have done it.

47.18 The witness has thereafter been cross-examined with regard to her acquaintance with Nazirbhai, Teesta Setalvad, etc. In her cross-examination, it has further come out that she had stayed at the relief camp for about six months. She had made an application to the SIT. The witness has denied that she is falsely deposing before the court at the instance of some organisation. The witness has admitted that no test identification parade of the accused whom she has identified before the court has been carried out by the police. The witness has denied that Ramila, Gita, Sahejad, Suresh, Tiniyo, Guddu and Bhavanisingh were not present at the spot and that they had not caused anyone any kind of injury.

47.19 The witness has stated that on the day of the incident, she had seen the accused identified by her namely, Geeta, Bhavanisingh and Guddu for the first time at Jawannagar at Bhavanisingh's house. The witness has stated that when she saw them at Bhavanisingh's house, it must be around 8:00 to 8:30 in the morning while she was going to answer nature's call. The witness has admitted that Bhavanisingh's house is situated in Gangotri Society. The witness has thereafter been cross-examined with regard to the topography of the area. The witness has stated that on the day of the incident till around 5:00 to 5:30 in the evening, she was at home but had subsequently stated that she was at home till around 1 o'clock in the afternoon. The witness has admitted that on the day of the incident, till she was at home, her husband and children were all with her. The witness has denied that the accused named by her before the court had not come to her house in the morning on the day of the incident and has voluntarily stated that Guddu and Tiniyo had come to her house on a motorbike and told them that nothing would happen and that they should not move from there. The witness has admitted that after saying this, Guddu and Tiniyo had gone away on the motorbike, which fact had been stated by her before the SIT, Gandhinagar; however, they had not paid any attention to it.

47.20 The witness has stated that she has seen Teesta Setalvad once when she had gone to Delhi. The witness is cross-examined with regard to the affidavit which was prepared for submitting before the Supreme Court and it has come out that she had a talk with Teesta Setalvad about it on

the telephone. The witness has admitted that the incident wherein she was given a gupti (dagger) blow took place at 10 o'clock in the morning at her home. The witness has admitted that she was given the gupti blow inside her house. The witness has denied that thereafter during the entire day of the incident nobody had inflicted any gupti blow on her. The witness has stated that she was inflicted a blow with a gupti on the same wound, due to which, she was required to take 28 stitches. The witness has admitted that when she was given a blow, she was bleeding and her clothes had become bloodstained and the blood had spilled on the floor. The witness has admitted that she has stated all these facts to Teesta Setalvad. The witness has stated that after she was injured by the gupti, she has not asked anyone to take her to the hospital, for the reason that they were all concerned with trying to save their lives. After she was injured with the gupti, she had not stayed at home for even half an hour. The witness has denied that at that time, her husband was inflicted a blow with a sword and that she had not seen any such thing.

47.21 The witness has stated that she was given the second gupti blow near the water tank, which was also on her thigh. Both the wounds were near each other and the second blow was inflicted in the evening at 6:00 to 6:30. She had gone to the camp at 2 o'clock at night and prior thereto, she had not received any treatment on both the wounds. The witness has admitted that she was given treatment by the doctor at the camp and she does not know who the doctor was.

47.22 The witness has admitted that no one had given Samshad a glass of petrol and that she had not informed

Teesta Setalvad that someone had given her son a glass of petrol to drink and that she had also not stated any such fact before the S.I.T. officers. The witness has thereafter been cross-examined with regard to the contents of the affidavit made by her before the Supreme Court and the manner in which it was made. The affidavit is exhibited at Exhibit-920. The witness has stated that she has never told Teesta Setalvad that she does not want her case to be conducted in Gujarat. Certain extracts of the witness's statement dated 13.9.2008 are put to the witness, however, these facts are not brought on record with a view to contradict any part of the primary evidence of the witness and are, therefore, inadmissible in evidence. The witness has admitted that she has not stated the facts regarding Ramila and Geeta to Teestaben and has voluntarily stated that in all the wailing she had forgotten to say so. The witness has admitted that she has not stated these facts even before the officers of the SIT. The witness has stated that she had left her house at around 1:00 to 1:30 in the afternoon and two of her children were with her and four children were with her husband. After they came out of their house, there were disturbances and they got separated. When there were riots at her house, there were huge mobs but she had not seen the people in the mob but had seen her neighbours. She had stated that the rioters had entered from Natraj Hotel and that she had not identified anyone in the mob. They were wearing white shorts, undershirts and were wearing saffron bands and hence, she could not identify them.

47.23 The witness has denied that the mob which had come from Jawannagar had followed her. The witness has admitted that no person from this mob had come to her house.

The witness has admitted that after seeing this mob, they all left their house and while leaving their house, they had not locked it and had left their house open. After leaving their house, she had gone straight to the S.R.P. Quarters. She had not gone to Gangotri Society. The witness has admitted that she had gone near the S.R.P. Quarters compound wall. She has admitted that she had gone from near the Hindu houses towards the S.R.P. compound wall.

47.24 The witness has stated that she reached the S.R.P. Quarters at 2:30 in the afternoon and admitted that she must have stayed there for about half an hour to an hour. The witness has admitted that at that time, there were other Muslim women, men and children with her. The witness has admitted that while she was standing near the S.R.P. compound wall, she could see the entire Jawannagar. The witness has admitted that no mayhem had taken place at Jawannagar till then and has voluntarily stated that people were running helter skelter. The witness has further stated that from the S.R.P. Quarters she went to Gangotri at around 3:00 to 3:30. At Gangotri Society, they had gone to a shuttered building wherein there were around 400 to 450 people with her. At around 4:30 all of them were driven out of the shuttered place and that they had stayed in the shuttered building for about an hour. She has admitted that the shutter was one which could be pulled up to open it and pulled down to close it and that the shutter was fully closed. The shutter was an iron shutter. The witness has stated that the building had only one shutter and there were no windows or doors. The witness has admitted that after they were driven out of the shuttered building, she had gone to Gangotri Society and that

she was going in the small lanes of Gangotri Society.

47.25 In the cross-examination of the witness, it has further come out that when they came out of the shutter and reached the open ground, it must have been around 5:00 to 5:30 in the evening. The witness has admitted that when they reached there, there were big mobs there. The witness has admitted that upon seeing the mob, they had come towards Gopinathnagar. The witness has denied that the mob which came from the direction of Teesra Kuva had surrounded them from all four sides and had attacked them. The witness has admitted that by the time she reached the water tank place, everyone had been burnt to ashes. Upon seeing this, she stood close to the wall. They had remained on the spot till 2 o'clock at night. The witness has denied that after reaching the water tank, she had not seen any incident. The witness has voluntarily stated that she had seen the incident. The witness has stated that she knows **Raju Marathi** and that he is called **Tiniyo** by everyone.

47.26 The witness is cross-examined with regard to various questions put by the SIT to her as recorded in her statement dated 30.5.2008, all of which is inadmissible in evidence as the same have not been brought on record with a view to contradict any part of the testimony of the witness.

47.27 The witness has denied that the incident of assault had taken place in the dark and has voluntarily stated that the incident took place in day light. The witness has admitted that when the incidents of assault had taken place, it was around 6:00 to 6:30 in the evening.

47.28 The witness has stated that when she was coming from Teesra Kuva and people had surrounded her, there were other people in the mob with her and all of them had been surrounded by the mobs. The mobs which had surrounded them were all armed and the people in the mobs had used their weapons to assault them. The witness has voluntarily stated that several people among them were felled and thrown in the well. She was at a distance of about 5 feet from the mob. From the mob, **Guddu** had injured her at around 6:00 to 6:30 in the evening. The witness has stated that except for Guddu no one had assaulted her in the evening. The witness has stated that the mob which surrounded them must have been comprised of around 800 to 900 people. The witness has admitted that no one from the mob had tried to sprinkle kerosene on her but has voluntarily stated that her child's pant was taken off and he was thrown into the burning fire. The witness has been extensively cross-examined with regard to the topography of the area, the contents of the affidavit, meeting with Teesta Setalvad, Raiskhan, etc.

47.29 The attention of the witness is drawn to the second and third line of paragraph 4 of her examination-in-chief to the effect that she has not stated such facts in her statement recorded by the SIT. In the opinion of this court, the fact regarding Zarina having gone to Noorani Masjid in the morning of the incident can hardly be said to be a material fact so as to be said to be an omission amounting to a contradiction. The attention of the witness is drawn to the fourth and fifth lines of paragraph 4 of her examination-in-

chief, which also cannot be said to be an omission amounting to a contradiction. The attention of the witness is drawn to the contents of paragraph 4 of her examination-in-chief wherein she has stated that there **Bhavanisingh** had made them sit in a big hall like place and had closed the shutter and had told them nothing would happen there and that they should sit there, to the effect that she has not stated these facts in either of the statements recorded by the SIT.

47.30 The contents of first five lines of paragraph 8 of her examination-in-chief are read over to the witness to the effect that she has not stated such facts in her statement recorded by the SIT. The last three lines of the same paragraph are shown to the witness to the effect that she has not stated such facts in the statement recorded by the SIT.

47.31 The contents of paragraph 9 of her examination-in-chief are read over to the witness wherein she has stated that her three daughters Rukshana, Zarina and Afsana were with her and Bhavanisingh's daughters **Ramila** and **Geeta** had burnt her daughter Afsana, to the effect that she has not stated such facts in the statement recorded by the SIT. The witness has denied that she had given the names of Ramila and Geeta for the first time before the court and prior thereto, she had not stated their names anywhere. The witness has voluntarily stated that she had given the names but they were not written down.

47.32 In her cross-examination, it has further come out that the accused whom she has identified before the court, did not visit her house and had no social or financial relations

with her. The witness has stated that except for the persons whom she has identified before the court, she does not know the names of any Hindus residing in their area. The witness has admitted that no test identification parade of the accused identified by her had been carried out before the police and that she had identified the accused for the first time before the court.

47.33 The witness has denied that she has not seen any incident as described by her and that she had not seen the accused named by her on the day of the incident. The witness has denied that she had named the accused before the court at the instance of and as tutored by the people of her community and leaders of their Jamaat.

47.34 To prove the omissions and contradictions in the testimony of this witness as to the statement recorded by him, the defence has cross-examined PW-327 Shri V.V.Chaudhary, the Investigating Officer (SIT), who, in his cross-examination has admitted that he has recorded the statements of this witness on 30.5.2008 and 13.9.2008. Certain extracts of paragraph 125 of the testimony of the witness are read over to the Investigating Officer, wherein she has stated that on that day at around 10 o'clock her daughter Zarina had gone to the Noorani Masjid. The Investigating Officer has admitted that the witness has not stated such facts in the statement recorded by him but has stated that her daughter Zarina had gone out. Insofar as this part of the testimony of the witness is concerned, the fact regarding her daughter Zarina having gone to the Noorani Masjid has been elicited during the course of her cross-examination and hence,

the question of contradicting the witness as to her statement recorded under section 161 would not arise.

47.35 The Investigating Officer has admitted that the witness has not mentioned the words “kill” “hack” as stated by her in paragraph 4 of her examination in chief. However, the witness has stated that they were burning, pelting stones and damaging. Certain extracts of paragraph 4 of the examination in chief of the witness wherein she has stated that Bhavanisingh had seated them in a big hall like space and had closed the shutter saying that nobody would come there and that they should sit there. The Investigating Officer has admitted that such facts have not been stated by the witness in the statement recorded by him but the witness has stated that Bhavanisingh had made them sit down in a house. Extracts of paragraph 8 of the examination-in-chief of the witness are read over to the Investigating Officer wherein the witness has stated that Iqbal, Samsad and Aasmahammad were with her and the other children were with her husband, they had got separated in this manner. Thereafter, the children who were with her husband, they also got separated from her husband, that is, from their father. The Investigating Officer has denied that the witness has not stated such facts in the statement recorded by him and has explained that the witness has stated that while trying to flee, she got separated from her husband. The contents of paragraph 9 of the examination in chief of the witness are read over to the Investigating Officer, who has admitted that the witness had not given the names of Ramila and Geeta and had also not attributed any role to them in the statement recorded by him and that she had not stated the facts regarding the injuries sustained by her daughter

Afsana and that in her statement she has stated that her daughter Ruksana and Zarina had been burnt and killed by Guddu, Suresh, Bhavani and Tiniya.

47.36 The contents of paragraph 11 of the examination in chief of the witness are read over to the Investigating Officer wherein she has stated that she had hidden under the sheets on the top of Gopinath Gangotri Society. The Investigating Officer has admitted that this witness has not used such words in her statement and has stated that at night, to escape from the mob she had fled and was sitting on the terrace of Gangotri Society.

47.37 SUBMISSIONS: The learned counsel for the appellants-accused submitted that in the case of this witness, no police statement has been recorded and her statement has only been recorded by the SIT. The attention was invited to the contents of paragraph-9 of her examination-in-chief to submit that the contents of the entire paragraph are not stated in the statement before the SIT. It was submitted that there are material omissions in the evidence of the witness as to her statement recorded by the SIT and that implication of Ramila and Geeta is coming for the first time before the court, not even before the SIT. It was pointed out that there are material contradictions between the testimony of this witness and her husband on material points. It was submitted that according to this witness, she had given a complaint at Shah Alam police chowky within 15 to 20 days of going to the relief camp. Her husband was with her when she went to give the complaint. They were taken to the police by Naeembhai and Raiskhan. It was submitted that if at all such a complaint had been given as

both the witnesses have stated, the complaint should have come on record as to what are the allegations and against whom. It was submitted that if the prosecution does not bring it on record, then adverse inference has to be drawn against the prosecution that true facts are being withheld. It was submitted that if at all no such complaint has been filed then the witnesses have not come forth with the true version before the court. It was submitted that the witness has admitted that they were all taken to the police by two persons, including Raiskhan who was a lawyer by profession and was assisting Teesta Setalvad and at whose instance, the affidavits were filed.

47.38 It was submitted that the witness has mentioned about a gupti attack on her at 10:00 a.m. in her house, whereas her husband is totally silent about such gupti attack. No bloodstained clothes have been seized or produced, nor is the place where she received injury stated. It was submitted that her subsequent conduct is not possible if she had sustained the gupti injury. It was submitted that in the absence of a medical certificate, her entire version does not inspire confidence. It was submitted that according to this witness, a second gupti blow was inflicted on her at 6:30 p.m. near the water tank.

47.39 It was submitted that the witness has not stated anything about her son being given a glass of petrol before the SIT, but has stated so in her deposition to bring in consonance with her affidavit which is a result of tutoring. Referring to the last two lines of paragraph 80 of her cross-examination, it was pointed out that the witness has not even informed Teesta

Setalvad or the SIT about the involvement of Ramila and Geeta and the allegations made against them.

47.40 It was submitted that in seven accused are named by this witness out of whom, Guddu and Bhavani have passed away. Geeta (A-56) and Ramila (A-61) though identified and named in the complaint, are not named in the statement. It was submitted that Sahejad (A-26) is not correctly identified though named and accused No.25 has wrongly been identified as accused No.26. It was submitted that accused No.22 Suresh and accused No.55 Tiniyo both of whom are named in the deposition and identified, have been named in the statement before the SIT. It was urged that no police statement of this witness has been recorded at the relevant time when the incident took place. It was submitted that during six and a half years, she had ample opportunities and even according to her own admission, she had not brought these facts anywhere and for the first time before the SIT on 30.5.2008, she has named some of the accused. Therefore, her testimony, which runs contrary to the testimony of her husband (PW-114), is not trustworthy and reliable.

47.41 Referring to the contents of paragraph 5 of her examination-in-chief, it was submitted that there is a variance in the version given by this witness about the person who told them to go to Teesra Kuva from the hall. It was submitted that the accused Bhavani is common, whereas other accused are different.

47.42 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that as per the version given by this

witness, Bhavani, Guddu, Suresh, Tiniya and Sahejad sent them towards Teesra Kuva. Bhavani, Suresh and Guddu are common in the statements given by both husband and wife. Referring to paragraph 12 of her deposition, it was submitted that the time of the incident stated by the witness, viz., 6:00 to 6:30 coincides with the version given by her husband. It was submitted that the witness is a natural witness and an eyewitness. After about eight years, she has deposed before the court and she being rustic, may not remember everything. It was submitted that the witness has stated three major things. Firstly, in the morning at around 10 o'clock, her daughter Zarina informed her about the incident near Noorani; secondly, they went to S.R.P. Quarters and since the S.R.P. did not allow them to enter, they returned to Gopinath – Gangotri Society. Thereafter, they were driven out of the place where they were sitting and they were sent to Teesra Kuva where a huge mob armed with weapons was present. While returning, her three daughters were burnt, Afsana was saved, but she was injured. The witness has also identified the accused. It was submitted that in her cross-examination in paragraph 21, she has given details about Zarina going on a bicycle. It was submitted that what is stated in her examination-in-chief, is reconfirmed in her cross-examination. It was submitted that she has stated that at 1:30 in the afternoon, she left her house with her husband and children after which, they got separated. She has stated that between 6:00 to 6:30, the mob surrounded them and chased them, which is exactly what she has stated before the SIT. As regards the affidavit filed by the witness, it was submitted that the contents of the affidavit are not proved. It was submitted that insofar as the facts regarding killing the children is concerned, both the witnesses are

consistent in their evidence. Reliance was placed upon the decision of the Supreme Court in the case of **C. Muniappan & others vs. State of Tamil Nadu**, AIR 2010 SC 3718.

47.43 ANALYSIS: This witness has not given any statement before the police at the relevant time when the incident took place, and the first version has come up only before the SIT, after a period of more than six and a half years. As per the facts deposed by her in her examination-in-chief, they went from their house to the S.R.P. Quarters and then to Gangotri Society in the shuttered hall, from which they were sent by the named accused to Teesra Kuva. At this time they got separated and her sons were with her and the other children were with her husband. A huge mob came from the direction of Teesra Kuva and had assaulted them. The named accused persons were in the mob. She was inflicted a blow with a gupti by **Guddu Chhara** and **Bhavani** had given her son a glass of petrol and had taken off his pant and thrown in him the fire. She also says that her three daughters were with her and speaks about **Ramila** and **Geeta** having set her daughter Afsana on fire by throwing kerosene soaked quilts on her. The witness claims that while Afsana had escaped, she had seen all her three children viz. Samsad, Rukshana and Zarina dying in front of her eyes. In her cross-examination, the witness has stated that she was given a gupti blow on her thigh in her house in the morning and thereafter **Guddu** inflicted another gupti blow on the same wound once again at around 6:00 to 6:30 in the evening at the passage of the water tank. Furthermore, she was required to get twenty eight stitches for the injury sustained by her. In her cross-examination she also states that when she was coming from Teesra Kuva, she was

surrounded by an armed mob and several people were felled by the mob and thrown into the well. In her cross-examination, it has been elicited that she had not stated that her three daughters were with her and the Ramila and Geeta had burnt her daughter Afsana.

47.44 On a perusal of the testimony of this witness, there appear to be too many contradictions in it. While on the one hand she says that when they got separated, her three sons were with her, subsequently she says that her three daughters were with her. She says she saw the incident of all her three children dying as well as Afsana being burnt. The version given by the witness that Guddu inflicted her blows with a gupti on her thigh firstly in the morning in her house, and one again in the evening near the water tank, that too, on the same wound, is to say the least, incredible. She has named accused Ramila and Geeta for the first time before the court. Thus, apart from the fact that the version given by the witness has come up for the first time at a highly belated stage, even such version is full of contradictions and material omissions and the credibility of the witness has been fully dented during the course of cross-examination by the defence.

47.45 This witness has made an affidavit for the purpose of filing it before the Supreme Court with the assistance of Teesta Setalvad and the NGO Citizens for Justice and Peace. From the cross-examination of this witness, it appears that she had met Teesta Setalvad and had also visited Delhi in connection with this case. During the course of the cross-examination of this witness, it has been elicited that

Raiskhan and Naembhai had taken her to the police. Thus, the witness appears to be under the influence of outside agencies and considering the nature of her testimony, the fact regarding her being tutored by them, cannot be ruled out.

47.46 The witness has named **Bhavani, Guddu** (both deceased), **Suresh** (A-22), **Tiniyo** (A-55) and **Sahejad** (A-26) in her statement recorded by the SIT, and has named **Ramila** (A-61) and **Geeta**(A-56) for the first time before the court. Considering the overall testimony of this witness, she does not come across as a credible and truthful witness and it would be very hazardous to base a conviction on such evidence. The evidence of this witness, therefore, would not help the prosecution in establishing the charge against the accused named by her.

48. **PW-141 Kaiyumkhan Rasidkhan Pathan**, aged 32 years, has been examined at Exhibit-956. This witness has deposed that at present, he is working as security man with Paragreen Securities, Navrangpura. In the year 2002, he was residing at *Jawannagar, Khada, Naroda Patiya*, and was working as a casual labourer. At that time, his family was comprised of his wife Naseembanu, his daughter Yasminbanu and his son Aftab.

48.1 The witness has deposed that the incident took place on 28.2.2002 when there was a call for bandh. The bandh had been declared in connection with the burning of a train at Godhra on 27.2.2002. On that day in the morning, he was at home and had woken up at 8 o'clock in the morning to

go for his job. His wife had told him not to go for his job as there was a call for bandh. Hence, he had not gone to his work place. His wife had gone to fetch water. Upon returning home, she informed him that as the mobs had gathered there, she had returned without filling water. She had returned at around 7.30 to 8:00 in the morning.

48.2 The witness has stated that upon looking from the Jawannagar Khada, he had seen mobs of people being formed and coming towards their chawls. The mobs were shouting “kill”, “cut” and were screaming. Thereafter, he took his wife and children and with a view to save their lives, went towards the rear side to the S.R.P Quarters compound wall. To protect his wife and children, he kept them in a closed house, and thereafter, went near the S.R.P. Quarters compound wall and saw that the police standing there were not permitting anyone to go inside and were saying that, today was the day they were to die, whereupon, he (the witness) had said that Allah would help them.

48.3 Thereafter, he had seen the people in the mob resorting to vandalism and causing damage. **Guddu Chhara** and **Jaybhavani**, along with others, were in the mob. Some people were talking that **Suresh Langdo** (accused No.22) was also there. The witness has stated that he does not know Suresh Langdo by face. The witness has stated that when he saw the people in the mob from far, they were assaulting people and driving them away.

48.4 The people in the mob had swords, trishuls and other weapons in their hands. On that day, in the afternoon at

around 6 o'clock, when he went near the S.R.P. wall with his wife and children, there were about twenty to twenty five people with them, but they were not permitted to go inside the S.R.P. Quarters, and hence, they had stood outside. In the evening at around 7:30, a mob passed by the wall, however, they had kept on hiding and the mob had not seen them. Subsequently, they had learnt that vehicles had come to rescue and take the people who had escaped; therefore, at 11 o'clock at night, he had gone in a police vehicle with his wife and children as well as other twenty to twenty five people, to the Shah Alam camp. In this incident, he sustained a stone injury on his leg, but he had not availed of any treatment.

48.5 The witness has stated that two and half months after the incident, the police came to the camp to record his statement. Thereafter, his statement was recorded at Gandhinagar. Thereafter, the police had also recorded his statement at the place where he is serving at Navrangpura. The witness has stated that he has come to know that at present, Guddu Chhara and Jaybhavani are dead and that he does not know Suresh Langda and cannot identify him.

48.6 CROSS EXAMINATION: This witness, in his cross-examination, has stated that he had stayed at the Shah Alam camp for about five months. The witness has stated that during these five months, he did not go out anywhere to earn his livelihood and has voluntarily stated that the camp people used to provide them with food and drinks. The witness has stated that he felt the necessity to lodge a complaint in connection with what he had seen in the incident and has voluntarily stated that many N.G.O.s as well as television

people used to come to the camp and at times, they used to tell them their facts. After they went to the camp, the police also used to keep visiting. The witness has admitted that arrangement was made in case anybody wanted to lodge a complaint at the camp and has voluntarily stated that there was a small room wherein the police used to come and record the complaints.

48.7 The witness has admitted that there was an office at Shahpur where also, the task of recording the complaints was undertaken. The witness has stated that the office at Shahpur, where the complaints were taken, did not belong to any social organization. He has stated that he does not know whether it was an advocate's office and has stated that he does not know exactly whether the office at Shahpur was the office of an advocate by the name of Raiskhan.

48.8 The witness has denied that except for his police statement, he has not given any complaint or FIR. The witness has stated that he has given a complaint at Shahpur, wherein he has made an affidavit. He has stated that he was not called to Shahpur to make affidavit by anyone and that he had gone on his own. The witness has admitted that he is referring to this affidavit as his complaint and no other complaint of his has been registered.

48.9 The witness has stated that he came to know about the fact that he could go to Shahpur office from the T.V. and newspapers. The witness has admitted that about five to six people had together gone to the office. He has stated that on the first occasion when they went to the office, they had

informed them about what difficulties they had and at that time, they (office people) had instructed them as to what they are required to do. Thereafter, they had gone to the Mirzapur Court and had obtained a stamp paper from Bhadra court. He has stated that he does not know Raiskhan, but since the people were talking, he came to know that this was Raiskhan's office. The witness has stated that he is totally illiterate and does not know how to read and write.

48.10 The witness has stated that he had gone to the office for the second time for the reason that he had felt that here in Gujarat, no one would listen to them. When he went for the second time, he had full conversation with that person. The witness has admitted that the affidavit was made on the second occasion. The witness has stated that the writing on the affidavit was done at the Shahpur office. The witness has admitted that whatever was to be written in the affidavit was taken by him in writing in Gujarati language. His writing, as well as the writing of those who were with him, were different. This writing was got done at Bhadrakali court. He has stated that he is illiterate, but he was explained the contents of the writing. The witness has denied that he was explained as to what he should state and has voluntarily stated that he had written as per his desire. They had taken this writing and gone to Mirzapur to some officer who had informed them that their writing was in Gujarati, but when it goes to the Supreme Court, it has to be in English. At Mirzapur, what was written in Gujarati was translated into English. The witness has stated that prior to making the affidavit, it was read over to him. The witness has admitted that his statement was recorded at the relief camp on 12.5.2002. The contents of his

police statement dated 12.5.2002 are read over to the witness, wherein he is alleged to have stated that he was at home with his children, in the meanwhile at around 9:00 to 9:30, from Naroda Patiya and Krushnanagar, the mobs of people shouting “kill, cut” were coming towards their chawl with weapons like pipes, swords and sticks etc. in their hands. They, as well as the people of their chawl, out of fear, went to Gangotri Society where Hindus were residing and in that society, a landlord by the name of **Jaybhavani** was residing and many people belonging to the Muslim community had hidden there. At that time, he had told them to sit there and that he would make arrangements for their meals. Thereafter, he had made arrangements for the meals; however, all the Muslims had not eaten there. This part of the statement has been admitted by the witness. The witness however has denied having stated that till 3 o’clock, they had stayed there and thereafter at around 5 o’clock, upon the police vehicle coming, he together with his children sat in the vehicle and came to Shah Alam. The witness has voluntarily stated that the police vehicles came at around 11 o’clock at night after which, they had gone to the camp. The witness has admitted that in this very statement, he had stated that after they came to Shah Alam, they had not gone to his house and he is not aware as to what happened to his house. No one in his family is injured. Since the statement of the witness has not been put to him to contradict any part of his primary statement, the same ought not to have been brought on record and is inadmissible in evidence.

48.11 The witness has admitted that in his statement, he has stated that he was at Jaybhavani’s house till 3 ’clock in the afternoon on the day of the incident. He has stated that from

Jaybhavani's house, he had gone to the S.R.P. Quarters and had sat in the police vehicle from the S.R.P. Quarters. The witness has admitted that in his statement recorded by the police, he had stated that he does not know any of the accused and cannot even identify them if he sees them. In his cross-examination, it has come out that he had seen Guddu and Bhavani at Jawannagar on the day of the incident and except that, he had not seen them anywhere. The witness does not remember as to at what time he had seen them at Jawannagar. The witness has admitted that since he had not seen Guddu and Bhavani on the road, he has not stated such facts in his affidavit. The witness has stated that he does not know Teesta Setalvad and has voluntarily stated that he had a talk with her only on the phone. The affidavit made by the witness for submitting the same before the Supreme Court is produced with purshis Exhibit-739. The affidavit is exhibited at Exhibit-960. The witness has admitted that his statement was recorded by the SIT on 25.7.2008, as stated by him. Certain extracts of his statement recorded by the SIT are put to the witness; however, the same have not been put to the witness with a view to contradict any part of his primary evidence and hence, is not admissible in evidence.

48.12 The contents of paragraph 5 of his examination-in-chief from the fifth line to the last line, are read over to the witness to the effect that he has not stated such facts in his statement dated 12.5.2002. The contents of paragraph 6 of his examination-in-chief, first two lines and from the fourth line to the last line, are read over to the witness to the effect that he has not stated such facts in his statement dated 12.5.2002. The contents of paragraphs 7, 9 and 10 of his examination-in-

chief, are read over to the witness to the effect that he has not stated such facts in his statement dated 12.5.2002. The contents of the last four lines paragraph 9 of his examination-in-chief are read over to the witness to the effect that he has not stated such facts in his statement dated 19.5.2008 recorded by the SIT.

48.13 The witness has admitted that he has not stated any facts not witnessed by him in his affidavit Exhibit-960. The witness has admitted that he has not stated to anyone to write down even the facts which he had not seen in the affidavit and has voluntarily stated that the facts stated in the affidavit are correct.

48.14 To prove the omissions and contradictions in the testimony of the witness as to the statements recorded by the concerned assignee officer/Investigating Officer, the defence has cross-examined the assignee officer/Investigating Officer who had recorded such statement.

48.15 PW-278 Shri R.B. Joshi, the assignee officer, has admitted that this witness in the statement recorded by him had stated that he does not know who took away the goods. He does not know any one and that he cannot identify any one even if he sees them. The assignee officer has admitted that this witness has not named any accused in the statement recorded by him.

48.16 PW-279 Shri B. J. Sadavрати, the assignee officer, has admitted that he has recorded the statement of this witness on 12.5.2002. He has stated that since he had no

instructions to carry out test identification parade of any accused, he had not done so. The assignee officer has admitted that this witness had stated before him that till 3 o'clock, they had stayed there and thereafter, at around 5 o'clock, upon the police vehicle coming, he, his wife and children together went in the vehicle and came to the Shah Alam camp. He has further admitted that this witness has stated before him that no person in his family was injured. He has also admitted that this witness had not named any accused in the statement recorded by him.

48.17 The contents of paragraph 5 from the first line to the last line of the examination-in-chief of the witness are read over to the assignee officer who has denied that all the facts have not been stated by the witness before him. He has stated that the witness had told him that on that day, he had not gone for labour work; however, the rest of the facts have not been stated by him.

48.18 The contents of first two lines of paragraph 6 of the examination-in-chief of the witness as well as from the fourth line till the last line of the said paragraph are read over to the assignee officer who has admitted that the witness has not stated such facts in the statement recorded by him. The contents of paragraphs 7 and 9 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that all the facts stated therein have not been stated by the witness in his statement recorded by him.

48.19 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT), has, in his cross-examination, admitted that he

has recorded the statement of this witness on 19.5.2008. Certain extracts of paragraph 9 of the examination-in-chief of the witness are read over to the Investigating Officer wherein the witness has stated that at around 7:30 in the evening, a mob passed by near the wall but they had kept hiding and the mob did not see them. The Investigating Officer has admitted that the witness has not stated such facts before him.

48.20 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness has not stated as to from which side, the mob was coming. No details have been given about what time and at what place and whether the accused had any weapons. It was submitted that he has not witnessed any incident where anyone is killed. It was submitted that this witness in paragraph-62 of his cross-examination has admitted the contents of his affidavits as being true. It was pointed out that this witness has named these accused only for the first time before the SIT. It was submitted that this witness has not named any accused in his statement dated 12.5.2002 and the omission has been duly proved through the testimony of PW-279.

48.21 Mr. Prashant Desai, learned Special Public Prosecutor, has submitted that this witness is a natural witness. He is an eyewitness and his presence at the scene of occurrence is proved beyond doubt. It was submitted that as regards all the four statements given by this witness, the defence has failed to establish that whatever he has stated in his evidence is not stated in any of this statements. It was submitted that in the cross-examination of this witness, there is a reference to only tow statements of 2002 and there is no

question in respect of two statements of 2008. Therefore, it is not correct to say that there is a contradiction. It was submitted that there is no change in the story given by this witness, which materially affects his credibility. It, therefore, cannot be said that this witness is not creditworthy.

48.22 ANALYSIS: From the cross-examination of this witness, the defence has brought out omissions in the statements dated 12.5.2002 and 26.6.2002 recorded by the police to the effect that the witness had not named any accused in his statements recorded by them. Such omission amounting to a contradiction has been proved through the testimonies of the PW 279 Shri B.J. Sadavrati, the assignee officer who recorded his statement dated 12.5.2002 and PW 278 Shri R.B. Joshi, the assignee officer who recorded his statement dated 26.6.2002.

48.23 Even if the contradictions as to his police statements are not considered, and the evidence of the witness is taken at its face value, this witness has named three accused in his examination in chief, out of whom two viz. **Guddu Chhara** and **Jay Bhavani** are dead. Insofar as accused No.22 **Suresh Chhara** is concerned, the witness has stated that he does not know him by his face, but that people were talking that Suresh Chhara was also there. Therefore, insofar as Suresh Chhara is concerned, the evidence of the witness is based on hearsay. Moreover, he has stated that he does not know him and cannot identify him in the dock.

48.24 Besides even qua the two deceased accused, in his

cross-examination it has come out that he had only seen them at Jawannagar on the day of the incident and that he does not remember the time when he had seen them. From the evidence of the witnesses it has come on record that both the above deceased accused were residents of the chawls and Gangotri Society, therefore, their mere presence at the scene of offence, without anything more, would not attract any culpability on their part.

48.25 Considering the overall testimony of this witness, nothing much turns upon it as no part of his testimony supports either the prosecution case or the case of the defence.

49. **PW-147 Reshmabanu Nadeembhai Saiyed**, aged 40 years, has been examined at Exhibit-1013.

49.1 The witness has deposed that she is residing at 6, *Citizennagar, Ahmedabad* since last six years. Prior thereto, she was residing in a rented house at *Imambibi-ni-Chali, Naroda Patiya* with her husband and children. The owner of the house was one Salambhai, who was working in the S.T. Workshop.

49.2 The witness has stated that she is totally illiterate, but knows how to sign.

49.3 The Godhra incident took place on 27.2.2002 and the incident took place on 28.2.2002. On 27.2.2002, she was at her in-law's house as her brother-in-law was getting married on

5th March and they had gone to sit there. They had gone at around 8 o'clock at night to her in-law's house and thereafter, stayed there overnight.

49.4 On 27.2.2002, they had learnt that there was a call for Gujarat Bandh on 28.2.2002. On that day, she also learnt that one mattress shop had been burnt at Krushnanagar.

49.5 On the day of the incident, she had returned home from her mother-in-law's house in Kashiram Mama-ni Chali at around 7 o'clock in the morning and then, she had gone to fill drinking water from the municipal tap. She was alone at home. She had put a bucket in the line for her turn to come at the municipal tap and thereafter, had gone to call her family members. Thereafter, she and her husband were returning home from her mother-in-law's house and her children had stayed at her mother-in-law's house. Thereafter, her youngest son had stayed at her mother-in-law's house and the rest of the children had returned home.

49.6 In their chawl, the water from the municipal tap comes at around 7:00 to 8:00 in the morning. She went to the road to see whether the water had come or not, when she saw two trucks going from the direction of Krushnanagar to Kubernagar. There were people in the trucks who had trishuls, swords, etc. in their hands and they were wearing white coloured clothes and had tied saffron coloured bands around their necks. She had seen that the mob of people had gathered near Natraj Hotel and Krushnanagar and upon seeing all this, she was frightened and went home and asked her husband as to why so many people had gathered outside, despite the fact

that there is a bandh call so many people have gathered outside. Thereafter, she came out on the road with her husband.

49.7 When she came out with her husband on the road, she saw that the people in the mob had burnt tyres, etc. near Natraj and were advancing forward. The mob was pelting stones and was throwing some chemical on the Noorani Masjid. They were also throwing glass bottles and burning rags on the masjid. The mob was comprised of Chharas from Chharanagar and Sindhis.

49.8 At that time, the Imam Saheb of their masjid, Abdulsalam was also injured with a stone. There was *inter se* stone pelting. At this time, she had asked her husband to bring her younger son from her mother-in-law's house. She and her husband went to her mother-in-law's house to bring her son and had thereafter come in front of the S.T. Workshop from the front of Imambibi-ni-Chali.

49.9 At the S.T. Workshop, she saw that there was a firing, where Khalid was injured with a bullet. At this time, a bullet had also hit Abid. The firing was from the side of the persons who were rioting. Abid died on the spot, whereas Khalid was injured by a bullet on his waist and is still alive.

49.10 At this time, she had seen **Guddu Chhara**, **Suresh Langdo** (A-22) and **Bhavanisingh** in the mob. They were calling the persons in the mob towards their chawl. At this time, **Guddu Chhara** and **Suresh Langda** had swords in their hands, **Bhavanisingh** had a trishul. At this time, it must

have been between 9:00 to 10:00 in the morning. Upon seeing all this, she went towards her home. On returning to her chawl, she apprised the people there about the injuries sustained by the Imam Saheb, Khalid and Abid as well as the attack on Noorani Masjid and advised them to leave the chawl and go towards Jawannagar. Together with her, she was accompanied by her four children and Shahenazbanu, Sairabanu and Faridabanu of her chawl and their children. They all went towards Jawannagar. While they were going, four other children from their mohalla were standing on the road and crying. So she also took them along with them.

49.11 At Jawannagar, they went to Shahenazbanu's mother's house. Shahenazbanu's mother's name is Kherunisha. Since the children were crying, Kherunisha had told them to make the children sit there and feed them. At this time, her husband had not come and hence, she had left her children at Kherunishabibi's house. She had told her to keep her children there and she will be back after searching her husband. Leaving her children in her custody in this manner, she went near the wall of the S.T. Workshop in search of her husband. There, many houses were burning and there were sounds of gas cylinders bursting. The people in the mob were shouting "Shree Ram, Shree Ram". On seeing this, she got frightened and did not go further and returned to Kherunishabibi's house, where her children were.

49.12 When she returned, she told Kherunishabibi about what she had seen. Kherunishabibi suggested that her daughter lives in the S.R.P. Quarters so she would leave her, her children and those who had come with her, there. At this

time, it must have been around 1:30 in the afternoon. Thereafter, all of them had gone to the S.R.P. Quarters, where the other four children, whom she had found crying, met their parents and she handed them over to them.

49.13 She once again, at around 2 o'clock in the afternoon, tried to search for her husband after making her children sit at the S.R.P. Quarters. She set off from the S.R.P. Quarters to Jawannagar, when she met a woman named Taherabanu from their mohalla, who told her that her husband had been hacked by the mob. Upon hearing this, she got very frightened and returned to her children at the S.R.P. Quarters.

49.14 At this time, she had requested Kherunisha's daughter to give her a gown which she would wear and go outside to look for her husband. She wore the gown and came to the S.R.P. Quarters compound wall. She was walking parallel to the road, when she could hear shouts of "hack, kill" from the mob outside. At this time, she was roaming around near the wall, when near the S.R.P. point, her brother-in-law Asif was telling the S.R.P. people that at least let the women and children enter inside the compound wall. She does not remember exactly what the time was. At this time, the S.R.P. people had beaten her brother-in-law Asif.

49.15 At this time, another person whose name she does not remember at present, had taken the women and children who were standing outside the compound wall to the Teesra Kuva, which is situated near the compound wall. From there, he got all the women and children to jump over the wall and enter the S.R.P. Quarters. She had seen all this from inside

the S.R.P. Quarters.

49.16 The witness has further deposed that she was near the tank in the S.R.P. Quarters, which is towards the Gangotri Society and Gayatri Society and thereafter, she had gone to the second floor of the S.R.P. Quarters. At this time, it must have been around 5:00 to 5:30 in the evening. She saw from there that sounds of “Maro Kapo” were coming and the houses were burning.

49.17 At this time, **Guddu Chhara, Bhavanisingh** and **Suresh Langdo** and their friends brought her friend Kausharbanu by pulling her. She was screaming “let me go, let me go”. At this time, Kausharbanu was struck with a sword on her stomach and the foetus was taken out of her womb. At this time, Kausharbanu fell down there. The foetus was thrown on Kausharbanu and they were set ablaze there, where they were burnt.

49.18 She had stayed at Kherunisha’s daughter’s house at the S.R.P. Quarters with her children for four days. While they were at the S.R.P. Quarters, they had heard that Kausharbanu and Majidbhai’s entire family had been killed.

49.19 Thereafter, she had gone to Dariyakhan Ghummat relief camp, where she had stayed with her children for four days. Her husband’s friend Aadil had come to this camp and when he saw her he asked her “*You are alive! Someone has told your husband Nadeem that you and the children are dead*”. So, she told him to tell her husband that they were in this camp. She had learnt that her husband was

at the Shah Alam camp. Her husband's friend Aadil had informed her husband at the Shah Alam camp that she and her children were alive, whereupon her husband told Aadil, to bring his wife and children there.

49.20 Thereafter, Aadilbhai came to Dariyakhan Ghummat camp and took them in a rickshaw to the Shah Alam camp, where her entire family was united.

49.21 The witness has stated that no one in her family had sustained any injury except for her elder daughter Venus who got hit on her head by a stone.

49.22 The people in the mob had looted and burnt her residence in this incident.

49.23 They had stayed at the relief camp for eight months. While they were at the Shah Alam relief camp, around one or two months thereafter, the police had come and recorded her statement. Thereafter, her statement was recorded by the SIT, firstly at Gandhinagar and thereafter, at her house at Citizennagar. The witness has stated that as per her knowledge, Guddu Chhara and Bhavanisingh are dead and she can identify Suresh Langda (A-22). The witness has accordingly identified Suresh Langda (A-22) correctly.

49.24 CROSS EXAMINATION: In the cross-examination of this witness it has come out that she can speak and understand Gujarati, but cannot read and write in it. However, she can sign in Gujarati. In her cross-examination it has

further come out that at the time of the incident she was residing at Imambibi-ni -Chali and was staying there since her birth. The witness has denied that she knows the names of Muslims in neighbouring societies and has voluntarily stated that since they belong to the Saiyed community, women do not go out and that she was born in Masjid-ni-Chali and after her marriage she was acquainted with Imambibi-ni-Chali. The witness has been cross-examined with regard to the topography of the area.

49.25 The witness has admitted that her statement came to be recorded by the SIT on 19.5.2008. She has admitted that her statement dated 14.4.2002 had been read over to her by the SIT and has voluntarily stated that whatever was incorporated therein was clarified by her in this statement. The witness has denied that in her statement dated 19.5.2008 she has stated that the statement dated 14.5.2002 recorded by the police is read over to her and it is found to be as dictated by her and is correct and proper.

49.26 The witness has admitted that her statement was recorded at Shah Alam Camp on 14.4.2002 about two months after the incident. She has admitted that during these two months, she has not stated the fact regarding the incident at any Government office or before the police. She has admitted that in two months after the incident she has not lodged any complaint and has voluntarily stated that after two months the complaint was lodged. She does not remember as to at which police chowky she has lodged the complaint and as far as she remembers the police had recorded her complaint in the masjid at Shah Alam camp. She does not remember

whether her complaint bears her thumb impression or signature.

49.27 The witness has stated that her mother-in-law knows English and has studied up till B.Com. She has admitted that in her statement she had put thumb impression whereas her mother-in-law had signed it.

49.28 The end part of her statement dated 14.4.2002 is shown to the witness, who has identified her thumb impression below the same. She has also identified her mother-in-law's signature below it. The witness has identified her thumb impression and her mother-in-law's signature on the margin of the documents. The thumb impressions and the signatures are given mark 'Y'. The witness has denied that on the day of the incident there was police firing near Pandit-ni-Chali. She has admitted that Abid and Khalid were injured in police firing at around 10 o'clock in the morning.

49.29 The witness has stated that she had gone near S.T. Workshop Gate; however, she was standing towards their chawl at a distance of about fifty steps from the S.T. Workshop Gate. Abid and Khalid were at a little distance from her but they too were standing towards their chawl. She has admitted that youth from the Muslim Jamaat had gathered at this spot. She has denied that at least 400-500 Muslims had gathered there. She has voluntarily stated that maximum fifty youths must have been there. She has admitted that, at that time, there was a Hindu mob on the opposite side near S.T. Workshop. She has admitted that both these mobs had pelted stones at each other and at that time the police had resorted

to firing.

49.30 She has admitted that she had seen the place where Abid had fallen down. She has admitted that Abid was lying on national highway after he was injured by bullet. She has admitted that Abid was lying outside on the road where he was injured by bullet. She has stated that she has seen Abid, but not stayed there for a long time. She has further stated that after Abid was injured, Khalid was injured and after seeing that she had left the place and immediately went away. The witness has voluntarily stated that after the incident of Abid and Khalid, she had stayed there for around 10 minutes and had seen that all the three accused were calling the people in the mob to come nearer to them and therefore, she had gone from there. She had admitted that she does not know what happened to Abid thereafter.

49.31 The witness has stated that she knows Abid's wife and had not seen her on that day. The witness has stated that she has not seen Abid's wife taking Abid's dead body and leaving it in a scrap dealer's house. The witness has voluntarily stated that she has heard about it but has not seen it.

49.32 Certain facts stated by the witness in her statement dated 14.4.2002 are brought out in paragraph 52 of her cross-examination. However, this part of her deposition is not admissible in evidence as the same is not put to the witness to contradict any part of her evidence.

49.33 The witness has stated that she has not gone

to any terrace of the S.R.P. Quarters and has voluntarily stated that she had gone on second floor. She has admitted that she has not seen any incident from the terrace of S.R.P. Quarters and has voluntarily stated that she had seen the incident from second floor of the S.R.P. Quarters. The witness is confronted with her statement dated 14.4.2002 to the effect that she had stated therein that when she went to the S.R.P. Quarters, at that time on the day when the riots took place, she had climbed on to the terrace of the S.R.P. Quarters in the afternoon and had seen. This part of the deposition of the witness is not admissible evidence inasmuch as the witness is sought to be confronted with a fact which has been brought out in her cross-examination.

49.34 The witness has denied that she had seen the incident of a pregnant woman's stomach being slit near Gangotri Society after climbing on the terrace and has voluntarily stated that she has seen it from second floor. She had denied that in her statement dated 14.4.2002; she has stated that she does not know the name of the persons who had played role in the incident of the pregnant woman.

49.35 The witness is confronted with her statement dated 14.4.2002, to the effect that she had stated therein that she had climbed on the terrace and seen that near Gangotri Society a pregnant woman's stomach was cut and the foetus was taken out and thrown in the fire, which she had seen with her own eyes. She does not know the name of the persons who committed this act and that out of them, one or two persons were wearing white pants and the people who committed such act were the people belonging to the Sindhi and Chhara

communities. The witness has admitted that nobody had stopped her from going her inside the S.R.P. Quarters on that day and has voluntarily stated that the house of the lady who was with her was inside the S.R.P. Quarters and therefore, they were not stopped by any one.

49.36 The witness is cross-examined with regard to the application-Mark 644/31 made to the SIT. The witness has identified the signature at the bottom of the application. The witness has stated that she has never gone to Naroda Police Station and does not know Mysorewala or M.S. Chudasama. She has stated that till the time she went for recording her statement before the SIT, no one had ever threatened her and no accused had threatened her. The witness has stated that the person who has written the application had read it over to her. The application has been exhibited as Exhibit 1016. The witness is cross-examined with regard to the manner in which the application was prepared. The witness has admitted that she was not aware as to whether Police Inspector K.K. Mysorewala and Shri M.S. Chudasama were investigating into the offence. The contents of paragraph 5 of the application were read over to her and the witness has stated that she has not stated such fact.

49.37 The witness has stated that she knows Tahirabibi who resides in the second lane of Imambibi-ni-Chali. The witness has stated that Tahirabibi had informed her that her husband has been killed near S.R.P. Quarters near Jawannagar at around 12 o'clock in the afternoon. After she received such information she had gone outside S.R.P. Quarters to Kherunishabibi's house at Jawannagar. After

hearing such news, for a little while she was afraid and sat down there and thereafter she had returned to S.R.P. Quarters. She has stated that Kherunishabibi's house is in third lane of Jawannagar. She had denied that till she reached Kherunishabibi's house she had not seen any incident. She has denied that the incident which she had seen did not take place in the lane of Jawannagar, but outside.

49.38 The witness has stated that when she went to Kherunishabibi's house, she was sitting inside her house. She has admitted that while she was sitting in her house she felt that she should go to S.R.P. Quarters and hence she had gone. The witness has stated that she had come out of Kherunishabibi's house for the purpose of providing meals to her children and she had come out of her house for half an hour. At this stage, the witness has voluntarily stated that at the Municipal toilet, near S.T. Workshop, she had seen an incident where a person named Kadir Rana was hacked which she has remembered and therefore, she is stating about it. In her cross-examination it has further come out that from Kherunishabibi's house she has gone to the S.R.P. Quarters.

49.39 The witness has stated that the incident of Kadir Rana must have been taken place between 11 to 12 o'clock. The witness has denied that in her statement dated 14.4.2002 she had not stated any such fact and has voluntarily stated that she has stated such fact, however, they might not have written it down.

49.40 The witness is confronted with certain facts stated by her in her statement dated 5.7.2008, recorded by

SIT, wherein certain explanations were sought for. In the opinion of this court, these facts stated by the witness before the SIT cannot be brought on record unless the same are put to the witness to contradict any fact stated by her in her evidence. Under the circumstances, the contents of statement of the witness as brought on record in paragraphs 80, 82 and 83 of her deposition are inadmissible in evidence.

49.41 The witness is, thereafter, cross-examined with regard to the affidavit made by the witness for the purpose of submitting the same in certain proceedings before the Supreme Court. In her cross-examination it has come out that at the time when she was stating the facts about the incident, Teesta Madam was not present. She has stated that she had narrated all the facts to her on telephone. The witness has stated that a person who was sitting, namely, Raiskhan had taken down the facts as stated by her in affidavit. The affidavit was typed at Mirzapur. The witness has stated that the person had written down the affidavit in English and had read it over and explained it to her. It was explained to her in Hindi and she had understood it. What was written therein was stated by her. The witness is shown her affidavit and she has stated that she has made this affidavit and has also admitted her signature thereon. The affidavit is exhibited at Exhibit 1017. The witness is thereafter cross-examined with regard to the contents of the affidavit. The witness has stated that as per her knowledge, she had not stated anything to the person who was typing the affidavit that a truck filled with diesel was driven into the masjid and the compound wall was broken and the masjid was set on fire and the entire masjid was destroyed.

49.42 The witness has further stated that she does not remember as to whether she had instructed the person writing the affidavit that a youth, named, Abid, aged 30 years had come out to protect the masjid; however, in private firing from that direction he was injured. The witness has stated that she has not given any such instructions while drafting the affidavit as she did not know as to whether Abid was injured in police firing or private firing. The witness has further admitted that certain facts written in the affidavit were not stated by her.

49.43 The witness has stated that she might have possibly told the person writing the affidavit that “Bhavanisingh had inflicted a sword blow on her stomach and had taken foetus out of her womb” and has voluntarily stated that it was Guddu Chhara, but by mistake she has given the name of Bhavanisingh. The witness is thereafter cross-examined with regard to the manner in which the affidavit was prepared as to the purchase of stamp paper, as to what was done with the affidavit and whether any one has given authority to file it before the Supreme Court, etc.

49.44 The witness has admitted that the house in which she is presently residing has been given to her by an organization of their community. She has also admitted that she did not have to pay any consideration for this house and that she had got the house free of cost. The witness has denied that at the instance of leaders of her community she was falsely deposing before the court and on the day of incident she was not at home, she had not gone to fetch water and she had not seen any incident and that at the time of the

incident she was not residing at Imambibi-ni Chali and only at the instance of the people of her community she was falsely deposing before the court. The witness has further denied that she has not seen the incidents of Kausarbanu, Abid, Khalid, Peeru, etc. and falsely deposing before the court.

49.45 The witness is further confronted with her statement dated 14.4.2002, to the effect that she has not given name of any accused in such statement.

49.46 The witness has stated that she had no social or other relations with three accused named by her in her deposition. The witness has further stated that she had talking relations with them and has voluntarily stated that since they reside in the same area she had occasion to talk with them. The witness has admitted that Suresh Langda used to come to their house for Holi, Dhuleti and used to demand money forcibly. She has denied that since Suresh Langda has got enmity with her brother in law who used to come to take money at her house she was falsely implicating him.

49.47 The Investigating Officer or the assignee of the Investigating Officer have been cross examined by the defence to prove the omissions and contradictions in the testimony of witness as to her statement recorded by him.

49.48 PW-277 Shri M. T. Rana has admitted that he had recorded the statement of this witness and that after recording the statement he had read over the statement to her and upon her admitting the contents thereof, he had obtained her thumb impression thereon. He had also obtained the signature of one

Akbaribegum on such statement.

49.49 The assignee officer has admitted that this witness had stated before him that Mahammadbhai and Pirubhai had sustained bullet injuries on their hand and leg respectively but both had survived and at that time they were residing at the Shah Alam camp. Upon them being injured by bullets, she had gone towards Jawannagar and while going there, firstly she had taken four small children who could walk along with her, wherein there were two girls and two boys. Thereafter going further, two girls and a boy of the same age were alone on the road and she had taken them too with her. In all, she had taken eight children with her inside the S.R.P. camp. She does not know as to who were the parents of these children. There they had gone to Kherunnisha's house, whose husband was serving in the S.R.P. The assignee officer has further admitted that this witness in her statement had stated that she had stayed at Kherunnisha's house whose husband plays a band in the S.R.P. He has further admitted that this witness has stated that while she was in the S.R.P. camp, at that time, the riots took place which she had seen in the afternoon by climbing on the terrace of the S.R.P. Quarters. He has further admitted that this witness had stated before him that upon climbing on the terrace she had seen with her own eyes that near Gangotri Society a pregnant woman's stomach was cut and the foetus was taken out and she was thrown in the fire. That she does not know the name of the persons who had committed such act and that out of those people one of the two persons were wearing white pants and that the people belonging to the Sindhi and Chhara communities were

amongst the people committing such acts. He has further admitted that this witness had given her address as Pandit-ni Chali beyond the Noorani Masjid, at present, Shah Alam camp. The assignee officer has further admitted that this witness had stated before him that she had gone to call her husband from her mother-in-law's house. Thereafter, her husband had come and that he was with her outside her house. He has further admitted that this witness had not stated any facts regarding the incident of Kadir Rana. The assignee officer has further admitted that this witness has not stated before him that on 28.2.2002, while he was filling water at the tap, she had seen two trucks with youth having swords and trishuls who were wearing white shirts and undershorts and had tied saffron bands on their heads, PW-277 has further admitted that this witness had not named any accused in the statement recorded by him but had referred to people belonging to Sindhi and Chhara communities.

49.50 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statements of this witness on 19.5.2008, 5.7.2008 and 18.7.2008. He has admitted that on 19.5.2008, this witness had stated before him that on 14.4.2002, the police had recorded her statement which was read over to her and as stated by her was correct and proper. He has admitted that the witness had stated before him that in her statement dated 5.7.2008, that thereafter there was stone pelting and after that there was an attack on the Noorani Masjid and the masjid was damaged and set on fire which she had see with her own eyes. She could not recognise any one. The

Investigating Officer has admitted that the statement dated 7.5.2008 was for clarification of issues shown in the affidavit made before the Supreme Court. He has admitted that this witness has explained Issue No.4 in the affidavit in the statement dated 5.7.2008 recorded by him, wherein she has stated that on 28.2.2002 when she was filling water under the water tap, she had seen two trucks bringing young men with swords and trishuls who were wearing shorts and undershirts and had tied saffron bands on their faces. The Investigating Officer has admitted that the witness had not stated such facts in her statement dated 19.5.2008. He has stated that her statement dated 19.5.2008 the witness had stated that when she had gone to see whether the Municipality water is coming at 8 o'clock at that time, Hindu mobs of people had gathered towards Natraj Hotel as well as Krushnanagar. In the mob, they were saying Shri Ram and had tied saffron bands around their neck.

49.51 SUBMISSIONS: The learned counsel for the appellants-accused submitted that the initial statement of this witness was recorded after one and a half years, wherein she has not named any of the accused persons and for the first time on 19.5.2008, she has made allegations against three accused out of whom, two are no more and one accused No.22 who is named and identified before the court.

49.52 It was submitted that the witness has filed an affidavit before the Supreme Court, wherein various facts and allegations were made which she did not instruct the person who got it prepared to be incorporated. Thus, the motivated role of an NGO or an individual is found prominent for some ill-

motive.

49.53 It was submitted that in her police statement, she did not name Kausarbanu, but narrated the fact about a pregnant lady having been killed by Guddu, whereas in the affidavit sworn by her, she attributes the role to Bhavanisingh. (In her cross-examination, an explanation has been brought out where she has denied having stated so in her affidavit.).

49.54 It was submitted that in the affidavit, two accused persons were sought to be brought in for the first time after about twenty months of the incident though they were not named by the witness in her first statement dated 14.5.2002. It was submitted that this attempt indicates that false implication of persons at a belated stage.

49.55 It was submitted that this witness in paragraph-22 of her cross-examination, does not state from where Kausarbanu was brought and who had done it. It was submitted that this witness was on the second floor of the S.R.P. Quarters and that considering the topography of the area; it would not be possible for the witness to see any incident taking place either at Jawannagar, the passage of the water tank, S.T. Workshop and Jawannagar pit.

49.56 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness is a natural witness and her presence at the scene of offence is established. She has identified accused No.22 in the court. She has implicated three accused. She saw the incident from the second floor of the S.R.P. Quarters. It was submitted that no question has been

asked to this witness in her cross-examination that she has not seen the incident. There is no contradiction brought out qua the pregnant lady and all that is asked is as to whether she saw the incident from the second floor or the terrace. As regards the involvement of the accused, the witness is contradicted only qua her statement recorded in the year 2002. It was submitted that if all the statements are read together, no contradiction is proved as regards the names of the accused. It was submitted that if she does not name them in her 2002 statement and names them in her subsequent statement, it cannot be said to be a contradiction. Therefore, so far as these three accused are concerned, name of Suresh is in the 2008 statement, named in the examination-in-chief and identified and therefore, it cannot be said that she cannot be believed because she did not know him in the year 2002. It was further submitted that the investigation has been carried out to see that the truth comes out. It was submitted that there are no major contradictions in the testimony of the witness and there is no reason not to believe the witness. It was submitted that insofar as the incident is concerned, the witness is consistent in her version.

49.57 ANALYSIS: From the cross-examination of this witness, it emerges that no omissions and contradictions are put to the witness regarding the facts stated by her in the examination-in-chief and the facts stated by her in her police statement. The witness has merely been confronted with her police statement without seeking to contradict any part of her evidence, which is not permissible in law. It is settled legal position that in view the proviso to sub-section (1) of section 162 of the Code, a statement under section 161 of the Code

can be used to contradict a witness in the manner provided under section 145 of the Evidence Act. Under section 145 of the Evidence Act, when it is intended to contradict the witness by his previous statement reduced into writing, the attention of such witness must be called to those parts of it which are to be used for the purpose of contradicting him, before the writing can be proved. The idea behind this provision is to enable the witness to explain his statement in the deposition which is to be contradicted by his previous statement. The parts of the police statement to which attention is so drawn can now be proved and read in evidence. A part of police statement can thus be used for the purpose of contradicting the witness deposing at the trial. While recording the deposition of a witness, it, therefore, becomes the duty of the trial court to ensure that the part of the police statement with which it is intended to contradict the witness is brought to the notice of the witness in his cross-examination. This necessarily would entail referring to the police statement for the purpose of drawing the attention of the witness to that part of the police statement with which he is to be contradicted. The process of bringing such part of the police statement to the attention of the witness would involve correctly identifying that part from the police statement. The attention of witness has to be drawn to that part, and this must reflect in his cross-examination by reproducing it. If the witness admits the part intended to contradict him, it stands proved and it will be read while appreciating the evidence. If he refuses to have made that part of the statement, it will then be proved in the deposition of the investigating officer who again by referring to the police statement will depose about the witness having made that

statement. (See ***Chandrasinh v. State of Gujarat, 2002 (2) GLR 960***).

49.58 On a perusal of the testimony of the witness, while she has been confronted with her police statement, she is not sought to be contradicted with any part of her deposition. Therefore, the provisions of section 162 of the Code read with section 145 of the Evidence Act have not been complied with insofar as the cross-examination of this witness is concerned. Therefore, the averments made by her before the court in her examination-in-chief go uncontroverted except to the extent of her not having named any of the accused in her police statement.

49.59 Therefore, the facts stated by this witness regarding she having come on the road in the morning and having witnessed Noorani Masjid being attacked by Sindhis and Chharas from their area; regarding Abid and Khalid being injured in firing near the S.T. Workshop wherein Abid died on the spot and Khalid was injured on the waist; she having gone to Shahenazbanus' mother Kherunissa's house at Jawannagar with Shahenazbanu, Sairabanu, Faridabanu and their children; and then having gone to Kherunissa's daughter's house at the S.R.P. Quarters, etc. and other facts stated by her in her examination-in-chief have not been dislodged by the prosecution, inasmuch as, there is no cross-examination of this witness qua any part of her examination-in-chief. It appears that in their zest to confront the witness with the contents of the affidavit, the learned advocates appearing for the accused have forgotten to cross-examine the witness to bring out the

omissions and contradictions, if any, in her examination-in-chief. It may be noted that through the testimony of the Investigating Officer the omissions and contradictions in the evidence of the witnesses are sought to be proved. However, unless the witness is first cross-examined in accordance with law as to the omissions and contradictions in her police statement, the question of proving such omissions and contradictions through the testimony of the Investigating Officer would not arise.

49.60 It may be noted that at various places during the course of her cross-examination, the witness has been put questions and after eliciting her response, reference has been made to her police statement to contradict her. In the opinion of this court, it is not permissible to bring on record any part of the police statement through the process of cross-examination, except to contradict any part of the primary statement of the witness. As held by the Supreme Court in **Tahsildar Singh v. State of U.P.**, AIR 1959 SC 1012, *"The contradiction, under the section, should be between what a witness asserted in the witness box and what he stated before the police officer, and not between what he said he had stated before the police officer and what he actually made before him. In such a case the question could not be put at all: only questions to contradict can be put and the question here posed does not contradict; it leads to an answer which is contradicted by the police statement."*

49.61 From the testimony of this witness, taking it at face value, without considering non-compliance of the

provisions of section 162 of the Code read with section 145 of the Evidence Act, it emerges that before the police while she had narrated the incident of a pregnant woman's stomach being slit with a sword and the foetus being taken out and the woman being thrown in the fire, she had not named the woman or the perpetrators of the offence and had merely referred to them as belonging to the Sindhi and Chhara communities. [However, in her affidavit dated 17th November, 2003, the witness has stated that the woman's name was Kausarbanu and has also named all the three persons named by her in her examination-in-chief. She has stated therein that Bhavani Singh killed her by prodding the sword in her stomach and taking out her foetus.] In her examination-in-chief the witness has not named the person who had inflicted the sword blow, but in her cross-examination it has been brought out that in her affidavit while such role is attributed to Bhavani Singh, in fact, it was Guddu Chhara whom she had named. Since the name of Guddu Chhara has been elicited in her cross-examination, it cannot be said that the witness has improved her version, though there is a material omission insofar as naming the victim is concerned. It may be noted that though the name of the victim is not mentioned in the police statement, the witness has named her soon thereafter, in her affidavit dated 17th November, 2003. In any case, to the extent the witness has stated that a pregnant woman's stomach was slit and the foetus was taken out, she is consistent throughout.

49.62 It has been contended on behalf of the accused that the witness claims to have seen the incident from the second floor of the S.R.P. Quarters and that considering the

topography of the area, it was not possible for her to have witnessed the incident. Apart from the fact that this part of the testimony of the witness has gone unchallenged in her cross-examination, it may be noted that the S.R.P. Quarters are situated after the compound wall between the S.R.P. Quarters and Gangotri Society and Jawannagar. The incident of Kausarbanu is stated to have taken place on the road outside the passage of the water tank. Between the road and the S.R.P. Quarters there are no tall buildings, under the circumstances, there is no reason to disbelieve the version of the witness regarding her having seen a pregnant woman being assaulted and her stomach being slit with a sword and her foetus being taken out and she being thrown into the fire, which is a consistent version given by the witness right from the beginning. Since the names of the accused find place for the first time in the affidavit before the Supreme Court and have not been named in her first available police statement, one would look for corroboration from the evidence of other witnesses insofar as the complicity of the accused in the incident narrated by the witness is concerned. However, the witness cannot be disbelieved as regards the accused named by her.

49.63 From the cross-examination of the witness, it becomes evident that in the affidavit affirmed by her, facts have been averred which have in fact not been stated by the witness. Evidently therefore, the person who has drafted the affidavit has introduced certain facts, which in fact, have not been stated by the witness. It appears that the concerned NGO through which such affidavits were prepared, in its quest to

gain the sympathy of the Supreme Court has gone overboard and has introduced facts not stated by the witnesses. While the intention of the NGO be may noble, viz., to ensure that justice is done to the victims, the method and manner adopted towards this end is not proper. On account of stating facts not stated by the witnesses and getting them to affirm such facts, the NGO has only succeeded in weakening their cases and denting the credibility of the witnesses. It is evident that the witnesses being by and large illiterate people are not fully aware of the contents of the affidavits affirmed by them as the same are in English. Nonetheless, these are facts stated on oath by the witnesses relating to the incident, which carry their own weight and cannot be completely overlooked.

49.64 Another disturbing aspect of the case is that from the evidence of PW-277 the assignee officer, it emerges that he had obtained the thumb impression of the witness as well as the signature of some other person on the statement recorded by him. This conduct on the part of the concerned police officer is in blatant violation of the provisions of sub-section (1) of section 162 of the Code which ordains that no statement made by any person to a police officer in the course of an investigation under that Chapter, shall, if reduced to writing, be signed by the person making it, and therefore, needs to be deprecated in the strictest terms. The learned Special Public Prosecutor has submitted that since the witnesses were making grievances that their statements were not being recorded as stated by them, to be on the safer side, the signatures of the witnesses were taken on their statements. In the opinion of this court, merely because of fear of allegations being made against them, it is not permissible

for the police to record statements in flagrant breach of the provisions of law. If the problem was genuine, the concerned police officers should have seen to it that the statements of the witnesses are recorded under section 164 of the Code. However, there can be no excuse for deliberately flouting the provisions of section 162 of the Code. What is more disturbing is that not only the police, but even the SIT has obtained signatures of witnesses and more particularly of the police witnesses. The reason given therefor is that it would facilitate any departmental inquiry that may be conducted against them. In the opinion of this court, such casual approach even on the part of the SIT while recording the statements of witnesses cannot be countenanced even for a moment. When the Supreme Court has reposed faith in the SIT to carry out the further investigation in the case, the officers of the SIT are expected to act strictly in accordance with law, and no matter what, they ought not to have taken signatures on the statements recorded under section 161 of the Code. What is more worrisome is that signatures of even of high ranking officers of the State Police have been obtained on their statements, in blatant disregard of the provisions of section 162 of the Code, and no one appears to have objected to such course of action being adopted.

49.65 Be that as it may, the testimony of this witness can be relied upon for the purpose of proving the involvement of Suresh Langdo (A-22) in the morning incident as well as the evening incident, if the same is corroborated by the testimony of some other witness.

50. **PW-156 Abdulmajid Mohammadusman Shaikh**, aged 53 years, has been examined at Exhibit-1072. The witness has deposed that his previous wife's name was Lalbi. From 1972 to 2002, he was residing at *Jawannagar in Naroda Patiya* and prior to 1972, he was residing at *Chharanagar*.

50.1 The witness has deposed that he used to reside at Jawannagar together with his wife Lalbi and their ten children.

50.2 When he was residing at Jawannagar, he used to perform different tasks, such as, running a snack stall, provision store, digging graves and making biers.

50.3 The incident took place on 28.2.2002. On that day, there was a call for Ahmedabad bandh. In the morning, he had gone to the Noorani Masjid for namaz and from there he had gone to a tea stall. While sitting at the tea stall, he learnt that there was a call for bandh on that day. In view of the bandh call, he told his children to stay at home and told them that he was going to Kubernagar to buy goods.

50.4 On the day of the incident, at around 8 o'clock, he went to Kubernagar to buy pan-masala, bidi, etc. for his shop. At that time, many shops at Kubernagar were closed and many were open. He had purchased goods from Kanubhai's shop and had returned home and had asked his wife to make some tea. Before he could have tea, two youths from the next chawl came and told him that a huge mob had come from Kubernagar. Hence, he was surprised because just a little while ago, he had purchased goods from Kubernagar and had come home.

50.5 Upon hearing this, he went outside to the gate of the S.T. Workshop at the entrance of their chawl. After coming outside, he saw a mob of twenty to thirty thousand people coming from the direction of Kubernagar. The mob was shouting slogans of “*Jay Shri Ram*” and all of them had tied saffron bands around their foreheads. They had belts around their waist; wherein there were packets of snacks, liquor and water. The members of the mob had weapons in their hands, wherein some had swords, some had *kudgals* (a weapon like dharia), some had pipes and some had sticks in their hands.

50.6 He saw that at that time, another mob was coming from the direction of Krushnanagar. The witness has stated that he had not seen the watch, but presumably it must have been approximately 9 o'clock in the morning.

50.7 The witness has further deposed that both these two mobs merged with each other and attacked the Noorani Masjid. They had set Noorani Masjid on fire. The witness has deposed that outside the Noorani Masjid, on the foot-path, there was a cart filled with kerosene belonging to Rajesh Kerosenewala. Another cart belonging to a person named Vadageri Badshah was there, which also contained kerosene. Both these carts which were fully stocked with kerosene, were thrust upon the Noorani Masjid and gas cylinders were also thrown inside it and it had been set ablaze.

50.8 At this time, two police vehicles came to the S.T. Workshop, from which three black coloured trunks were taken down. Thereafter, a white car arrived. At that time, everyone

started taking the name of Mayaben Kodnani. Mayaben Kodnani alighted from this car. She had said "*Maro salaone*". Thereafter, the mob attacked them because of which, all of them started running towards the rear side of their chawl.

50.9 Since Bakri Eid was coming soon, a police point had been kept near their chawl. They told the people sitting at the police point to stop in the mob. However, they told them to go away, otherwise, they would also beat them.

50.10 Thereafter, the mob had attacked them and the police had also resorted to firing and bursting tear gas shells. In the police firing, one Hasan Qureshi was wounded on his head by a bullet and he fell down on the spot and they (the witness) had gone ahead.

50.11 Thereafter, in the same firing, a youth named Abid was injured on his private parts and he too fell down on the spot. Thereafter, they had moved further towards the rear side. Thereafter, a rickshaw driver by the name of Khadir was assaulted near the toilets situated in the line of their chawls and was set ablaze there. After this, he had gone home.

50.12 When he reached home, his daughter Sufiyabanu was reading the Quran and he told her that the mob was setting the houses on fire and hence, they should go away from there.

50.13 At the time of the incident, his daughters Saira and Nafisa were at Surat and except for them, his eight children, he and his wife, in all ten persons, were there.

50.14 At that time, on that day, all ten of them had left their house and gone. He does not remember the exact time. However, thereafter they had gone to a terrace of Gangotri Society in the afternoon. From the terrace of Gangotri Society, he saw that Guddu Chhara, Guddu Chhara's two brothers, Tiniyo and others were present. All of them had swords, sticks and kerosene cans in their hands. They had attacked Ayub, Allabux's son. They had put him in a rickshaw near the compound wall of the S.R.P. Quarters and near Abeda's house in the last lane of Jawannagar, and had burnt him. He himself had seen that Guddu Chhara had a sword in his hand. One of Guddu Chhara's brothers had a can of kerosene and his other brother had a stick in his hand. Five to six other Marathi youths were also there. He has stated that Tiniyo is Kadam's son.

50.15 The witness has stated that since there was a lot of violence, they were thinking of getting down from the terrace of Gangotri and all ten of them had gotten down from the terrace of Gangotri, where they met Jaybhavani and Jaybhavani's brother-in-law Dalpat. They told them to sit in a hall near the temple in Gangotri Society. Thereafter, he had made his wife and children sit in the hall where there were many other people from their chawl. There were about fifty women from their chawl and thereafter, he went to the terrace of Gangotri Society.

50.16 Thereafter, Jaybhavani came to the terrace where he was, and told him to give a big cauldron in which they used to cook gram so that he could make kadhi-khichdi for them. The witness told Jaybhavani that in their community, khichdi is

given after somebody dies, whereupon, he told him that now he would not escape. He told him that, "*Mullaji, none of you will escape*". To which, he replied, "*Allah is great*". At this time, it was almost evening.

50.17 At this time, his sister-in-law Raziyanu came burning with her twenty day old son Shoaib in her arms. He too was burning. Upon asking Raziya about his wife and children, she has told him that "*my mother as well as your wife and children are also burning*". Therefore, he went to the passage near Gangotri Society, where they were burning.

50.18 He saw that his wife was burning and his daughter Supriya was being pulled by some people, namely, Jaybhavani, his son (A-40), Tiniyo (A-30), Suresh (A-22) and two to four other people. Upon seeing his daughter being pulled in this way, he remembered Allah and said, "*Nar E Takbir Allah Akbar*". At this time, somebody attacked him on his head from the back and he fell down there. His head was bleeding and he was unconscious for about half an hour. By that time, it was around 7 o'clock in the evening. After about half an hour, he regained consciousness.

50.19 Upon becoming conscious, he saw that his daughter Supriya was being dragged and taken away and his wife Lalbi and Afreenbanu and Sahinbanu, son Mahammadhussain, son Khwajahussain and daughter Sufiyabanu were burning. Upon regaining consciousness, he thought as to what might have happened to the rest of his children and he started shouting the names of his other children Chand, Yasin and Maheboob.

50.20 At that time, he had met Maheboob, the husband of a woman named Bibibanu, who was in a burnt condition. Thereafter, he heard his son Yasin's voice calling him "*Abba*". His son Yasin was also in a burnt condition. On account of the burning sensation due to being burnt, his son Yasin was sitting in a tank there. The witness told him not to sit in the water because his skin would get swollen and took him out of the tank.

50.21 Together with Maheboob, his two children were also burnt. He, together with his son Yasin, Maheboob and his two children, went to the terrace of Gangotri Society. While they were on the terrace, many people were lying down, and many of them were crying. It must have been about 9 o'clock at night when the police arrived. The policemen said, "*Come down, we have come to take you.*" However, they were afraid that the police would beat them, and hence, they refused to come down. The police came back after half an hour and told them that they had come from Shah Alam and that they would drop them there. Two to three police vehicles had come. Thereafter, they thought that now they should go, and hence, they climbed down from the terrace.

50.22 Upon coming out of the lane, the police vehicle was there and all of them sat in it. They were taken to the Shah Alam camp. He was treated for the injury which he had sustained on his head. His son Yasin was severely burnt, and hence, his burn injuries were dressed. The doctor had told him that Yasin would have to be taken to the V. S. Hospital; hence, he took his son Yasin and went to the V. S. Hospital. They reached the V. S. Hospital at around 12 o'clock at night. When

they took his son Yasin for treatment, he had looked at the watch and it was around 2:25 at night. Yasin was given treatment and all the money that he had was spent in providing treatment to Yasin.

50.23 On 3.3.2002, Smt. Sonia Gandhi came to the V.S. Hospital. He and his son both started crying before her. She had expressed sympathy and told them that they would not have to incur expenses for the treatment. She had assured them that arrangement would be made for them, for everything right from food and water. He had also requested her that his daughter Supriya was in the Civil Hospital, she may also be brought to the V.S. Hospital, so that his both children would be near him and that she may make arrangements for the same. She had written a letter in that behalf.

50.24 On the next day after the incident, two persons had come and informed him that his daughter Supriya was under treatment at the Civil Hospital and that is how he came to know about it.

50.25 He took Sonia Gandhi's letter and went to the Civil Hospital. On inquiring through the nurse, he found Supriya. When he met Supriya, she informed him about all that she had gone through. She had informed him that she could not escape; her chastity also could not be protected. He told her that when they were taking her, he had seen her, but since he was also attacked, he could not save her and he could not see what had happened to her. Supriya had informed him that she was raped and that there were four to five persons involved in

the act. She informed him that Guddu Chhara, Jaybhavani's son and Jaybhavani had raped her. She had further told him that Harijan Manubhai (A-25) was also there.

50.26 The witness has further deposed that Supriya had informed him that Manu had taken off her clothes. On the same day, he had tried to take Supriya to the V.S. Hospital. Supriya too was asking her to take her with him. Since the doctor was not present there, he could not take her. Therefore, after talking with her, he had returned to the V.S. Hospital leaving her there.

50.27 The witness has further deposed that after he left his daughter in this manner and reached the V.S. Hospital, his son informed him that two persons had come there and told him that his wife and daughters have been taken to the Shahpur Kabrastan and that he was required to go there. The witness has deposed that for him, it was more important to look after his two living and ailing children and, hence, he had gone to Juhapura camp and requested his sister Kudratbibi and his brother-in-law Jabbar to go to the kabrastan and identify the dead bodies of his wife and children, as it was not possible for him to go, as both his children were ailing and were in different hospitals. Moreover, on that day, his son Yasin required dressing, and hence, he had not gone to the kabrastan and his brother-in-law Jabbar had gone and identified the dead bodies of his family members.

50.28 His brother-in-law Jabbar came and informed him that he had gone and identified the dead bodies; however, his son Chand was not amongst them. Thereafter, he found his

son Chand at the Shahibaug relief camp. His brother-in-law Jabbar told him that his two year old daughter Afreenbanu was being by his wife Lalbi on her hip and they had been burnt in the same position.

50.29 On the next day, he had gone to the Civil Hospital and found that his daughter was not there on the cot. Therefore, he inquired from the nurse and a doctor and learnt that his daughter had died on the previous night, that is, on 3.3.2002.

50.30 Thereafter, upon his request to see the dead body of his daughter, he was informed that it was sent to the postmortem room. Hence, he had gone there and seen his daughter's dead body. Upon making enquiry through the ward boy about the doctor concerned, and came to know that his name was Dr. Satapara. He also learnt that his daughter had sustained 80% burns.

50.31 He went and met Dr. Satapara, who told him that for the purpose of getting his daughter's dead body, he should call the police from the police station to draw a panchnama. He had gone to the Naroda Police Station and called the police. At that time, he, his brother-in-law Ayubbhai and his paternal uncle's son Afsarhussain were together. Thereafter, they came to the Civil Hospital from Naroda in a police jeep and his daughter Supriya's dead body was handed over to him.

50.32 They had taken the dead body of his daughter to Gunjshahid Kabrastan, where they had performed the burial ceremony. Thereafter they had gone to the V.S. Hospital. Yasin

was treated at the V.S. Hospital for around six months. The police had come to record his statement. However, they did not read it over to him after recording it. The witness has deposed that in this way the police must have come five to six times.

50.33 Thereafter, the SIT people had called him, whereupon he had gone to the SIT, Gandhinagar along with the protection given to him. He had narrated all the incidents that had taken place to the SIT, who had recorded all the facts of the incident.

50.34 Prior thereto, a panchnama of his house was drawn at which point of time, photographs of his house were also taken, all of which, he had given at the SIT office. In all, two statements of his were recorded by the SIT.

50.35 The SIT had called him for the second time in connection with the affidavit submitted by him before the Supreme Court. The witness has stated that he does not know as to whether, except for recording his statement and obtaining his explanation as regards the affidavit, the SIT had called him on any other occasion or not.

50.36 The witness has deposed that moreover, the SIT people had called him to identify the accused in the court. He had been called to the Gheekanta Court, where he had identified Nilam Marathi (A-54) whom he had seen in the mob and had thereafter seen in the court also.

50.37 The witness has further deposed that out of the

accused that he had seen on the day of the incident, Guddu Chhara, Dalpat Chhara and Jaybhavani have died. Out of the other accused whom he had seen on the day of the incident, he can identify Mayaben, Guddu's two brothers, Tiniyo, Manu, Suresh Langdo and Jaybhavani's son and Nilam Marathi.

50.38 The witness has thereafter identified Mayaben Kodnani (A-37), Guddu's brother (A-10), Suresh Langdo (A-22), Manu Harijan (A-28) and Neelam (A-54).

50.39 The witness has stated that Kadam's son Tiniyo and one of the Guddu's brothers are not present. It appears that accused No.1 Naresh alias Nariyo, who is Guddu's brother, had given an exemption application on that day and therefore, he is deemed to be identified.

50.40 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that his house is the tenth house after the S.R.P. compound wall. The witness has stated that he cannot say with certainty that from his house, towards the S.R.P. compound wall, Gauriapa's house is the fourth house. The witness has voluntarily stated that she resides there, but he does not know as to what is the number of her house. The witness has admitted that Manu Harijan resides behind the wall of his house. He has admitted that he knows certain people who were residing in Gangotri Society at the time of the incident. The witness has denied that the suggestion that his house has a cement sheet roof and has voluntarily stated that it has a steel sheet roof. He has admitted that the house behind his house had a concrete slab.

50.41 In his cross-examination, it has come out that there are three lanes in Jawannagar. He has stated that prior to the incident, he had no occasion to go to Gangotri Society or Gopinathnagar and that he does not know whether there was water-tank between Gangotri Society and Gopinathnagar. The witness has stated that he has not seen the gate of Gangotri Society. The witness has been cross-examined with regard to the Masjid trust and his acquaintance with Nazir Master, etc. The witness has stated that as per his information, if a person wants to come from Hussainnagar to Jawannagar, he would come from the S.T. Workshop road. The witness has voluntarily stated that he does not know of any other way and only knows of this road.

50.42 The witness has stated that upon the Krushnanagar mob reaching the S.R.P. Quarters, he came to know about it. He has stated that out of the Krushnanagar and Kubernagar mobs, the Kubernagar mob was near him. The witness has denied that the mob from Kubernagar had not tried to assault them and has voluntarily stated that therefore, they were required to retreat to their mohalla.

50.43 The witness has denied that the police had fired bullets only on the highway, and has stated that bullets were also fired in their lane. One bullet had come from near the Maulvi's house next to the S.T. Workshop, where there is a flour mill. The other bullet wounded someone at Hussainnagar. The third bullet also was directed somewhere near Hussainnagar. The witness has stated that he had not taken shelter at any house in Hussainnagar or Jawannagar. The witness is cross-examined with regard to topography of the

area.

50.44 In the cross-examination of the witness, it has come out that he had left his home after noon. He has stated that Gauriapa had a staircase for carrying mutton and they had gone from there. They had crossed the terrace and gone to Gangotri Society. He has admitted that there was no other house with a concrete slab at the relevant time. Gauriapa's terrace had a cement staircase. There were many families on that terrace on that day. He has stated that he had not noticed as to whether there was anyone whom he knew on the terrace. The witness has voluntarily stated that he noticed his own sister-in-law only after she was burnt. He has stated that it was not possible to recognize those who were not burnt at the relevant time and has voluntarily stated that they were under immense tension at that time. The witness has stated that the house on the terrace of which he has climbed was closed at that time. He cannot say whether the terrace was full and has voluntarily stated that they did not even have enough sense to take care of themselves. He has stated he knows that whatever he has seen with his eyes and whomsoever he has seen burning anything. He has stated that the mob which he had seen from the terrace was not very large, but the accused and other people were there. The witness has admitted that when they were sitting on the terrace, the mob had not come there and done anything to them. He has stated that they were on the terrace since about 4 o'clock in the afternoon. He has stated that when he went to see his wife and children at Gangotri Society, he had made one round there and has voluntarily stated that thereafter, he too was injured. The witness has admitted that he was calling out the names of his

children within the hearing of other people. At that time, he was alone. He has admitted that prior to his being hit on the head and falling down, no person from the mob had caught him. He has admitted that after he was hit on the head, no petrol was thrown on him. He has admitted that after he became conscious, no one had attempted to set him ablaze.

50.45 The witness has admitted that after he went on the terrace and came down again, his son Yasin was with him. The witness has admitted that second time when they got down from the terrace, Raziabanu was with them and her twenty day old son Shoaib was also with her. The witness has admitted that if one leaves two to three houses behind his house, there is a temple.

50.46 The witness has admitted that the hall in which he had put his wife and children was a shuttered hall. The witness has stated that he had not noticed as to how many shutters were there in the hall and did not know as to how long his family members were sitting in the hall. He has admitted that Raziabanu was also in the hall and has voluntarily stated that all these facts relate to the time prior to his family members being burnt. The witness has admitted that at that time, nobody had come to the hall and caused any injury to any person. The witness has stated that he does not know as to who took them out of the hall and has voluntarily stated that when his sister-in-law Raziabanu came to the terrace in a burnt condition, he came to know that they were taken out of the shuttered hall.

50.47 In his further cross-examination, the witness has

stated that when they were taken to the camp at night, as far as he remembers, out of his acquaintances, Gauriapa's sister-in-law was there in the vehicle. There were many people in the vehicle. The people were crying. Gauriapa's sister-in-law was sitting with the women in the bus. At that time, two police vehicles had come and they were straight away taken to the Shah Alam camp.

50.48 The witness has denied that after they went to the camp, the first thing they had done was to get a card prepared. He has further stated that firstly, they availed of treatment. He does not remember whether he had said anything before the doctor at that time and as to whether he had given the case history. The witness has voluntarily stated that they had firstly taken treatment. The witness has deposed that his entire family was finished. Out of his ten children, only one had survived and hence, there was a lot of pain in his heart. He had availed of treatment and had done everything that was necessary. However, for months together, he was not in his senses.

50.49 In his cross-examination, it has come out that his son Yasin was splashing water from the tank because of the burning sensation. He does not know as to whose house it was, but it was some Muslim's house. He has stated that he and Yasin were alone at the V.S. Hospital and that they were taken in the ambulance from the camp to the V.S. Hospital. He has stated that arrangement for the ambulance must have been made by the Shah Alam people and that when they reached V.S. Hospital, upon looking at Yasin's condition, the hospital staff had immediately taken him for treatment. The witness

has voluntarily stated that he does not know anything as regards who took out the case papers, who got anything written down, etc. The witness has admitted that he was in the hospital when Yasin was admitted. He has stated that he was sitting with Yasin throughout the night and when somebody from the hospital asked as to who was taking care of Yasin, he would introduce himself as his father. He has stated that Yasin was not fully conscious and was screaming on account of the burns. He has stated that for the six months during which they stayed at the hospital, different people were helping them with their meals. The witness has stated that at the Shah Alam camp he was told that his son Chand is at the Dariyakhan Ghummat camp, and hence, he had gone there. He has stated that at the Shah Alam camp, he had informed that one of his sons was missing. When he started looking for his son Chand, he came to know that he was at Dariyakhan Ghummat camp. The witness has stated that he had found his son with his brother-in-law Jabbarbhai at the Juhapura camp, where after he had brought his son with him. He has stated that when he went to take Chand from Jabbarbhai, he had informed him about the incident.

50.50 The witness has stated that no identification of the accused was carried out through him prior to the SIT and that the test identification parade was carried out after the SIT came into the picture. He has stated that the Crime Branch people had come for the purpose of the identification procedure. The witness has thereafter been cross-examined with regard to the manner and method of the test identification parade.

50.51 The witness has denied the suggestion that he used to give illegal electricity connections at Jawannagar, which was opposed by accused Manu and Neelam. He has voluntarily stated that he had not given any electricity connection in this manner. The witness has denied that because of this, he had enmity with these two persons. The witness is confronted with his statement dated 8.5.2002, wherein he had stated that at that time, it was 5 o'clock in the evening which was one hour after Jaybhavani had gone, Keshabhai Harijan's son had come to them to the house on the terrace of which they were hiding, and had told them to go away from there as the people in the mob were about to come there. Therefore, out of fear, all of them had got down from there. The witness has stated that he knows Manu from the time when he had vacated the hutments and came to reside in the bungalow. He has admitted that he works as a sweeper and that he also cleans the gutters. He has admitted that he used to come to their house in the evening to collect the leftovers. He has denied that Manu is a very ordinary kind of person. He has stated that he is not aware that he used to carry on any occupation other than a sweeper. He has admitted that he has no enmity with anyone and that he has no enmity with Manu and when he called him, he would come and do the cleaning. The witness has denied that Neelam, Manu or any of the accused named by him in his examination-in-chief, were not there at the time of the incident and that he was deposing as tutored to him. He has voluntarily stated that Manu had compelled his children to drink his urine and he cannot forget that they had to drink it. He has admitted that what he has voluntarily stated before the court regarding his children being made to drink urine, has not been stated by him prior thereto before the SIT or anywhere else. He has

voluntarily stated that the fact is of such a nature that he cannot state it anywhere. If he says such a thing, it would reflect badly upon him amongst the people of his religion and they would cut off relations with him. Hence, he could not talk about it, however, what he had stated before the court was true.

50.52 The witness is cross-examined with regard to his daily routine, etc. He has admitted that from where he was standing, he could not identify anyone standing in the mob near the Noorani Masjid. He has stated that he had not seen any police woman near the Noorani Masjid and has voluntarily stated that he had met only policemen. He has admitted that from the spot where he was standing he had not seen any woman in police uniform and that he had not seen any truck standing near the Noorani Masjid. He has admitted that he is also known as Abdul Majid Langda in Jawannagar. He has denied that all his family members were burnt by somebody in his own house. He has admitted that after going home, he had gone with his entire family to Gangotri Society and that he had stayed at Gangotri Society till his sister-in-law Raziabanu came there in the evening after she was burnt. The witness has stated that he does not know as to whether the Gopinathnagar Society people had thrown any petrol or kerosene on his family from the terrace of Gopinathnagar and has voluntarily stated that he had only seen them burning. The witness has admitted that at the time when he saw his family members burning, it was around 7 o'clock in the evening. He has stated that he had seen the incident of Ayub in their area in a small part of the Jawannagar pit. He does not know as to where the rickshaw in which Ayub was at the time of the incident in Jawannagar was

fully burnt.

50.53 The witness has stated that he does not know the exact time of the incident of Khadir. The witness has denied that Khadir's incident took place near the first lane of Jawannagar and has voluntarily stated that the incident took place opposite where the toilets are constructed. The witness has stated that after the toilets end, the first lane of Jawannagar starts. The witness has denied that he had seen Khadir's incident from the terrace of Gangotri Society. He has stated that he had seen the incident after he came out. The witness has denied that from the terrace of Gangotri Society, the Khadir incident cannot be seen. The witness has admitted that the incident of Ayub took place in the third lane of Jawannagar.

50.54 In the cross-examination of the witness, it has come out that after he saw the two police vehicles; he had not gone from there. He has stated that he does not know that at what time he had seen these two vehicles. He has stated that he does not know as to whom the trunks were given after they were taken down from the vehicles. The witness has denied that after the trunks were taken down, the police had gone away. He has admitted that after alighting from the vehicles, the police were standing there. The witness has stated that after the vehicle came, Mayaben Kodnani had come and till then, he was standing there. However, when their people were attacked, they started retreating. He has stated that he cannot say as to after how much time after the police vehicle came, Mayaben had come there. The witness has stated that he does not know from which road Mayaben's white car had come.

50.55 The witness has stated that the S.T. Workshop mob was not pelting stones at them at that time and has voluntarily stated that after Mayaben came and told them "*Salao ne maro*", the mob became active. The witness has stated that he does not know whether the other people with him had also heard Mayaben's utterances and has voluntarily stated that he can only speak for himself. The witness has asserted that he had heard the utterances.

50.56 The witness has admitted that till then, he did not know Mayaben and has voluntarily stated that he had seen her personally only on that day. He has admitted that till date, he had no occasion to talk with Mayaben and that he does not know as to with whom she had talked on that day. The witness has admitted that he had not seen Mayaben coming walking on that day.

50.57 The witness has denied the suggestion that his family members had got separated from him when his sons Chand and Yasin got burnt in his house or Jawannagar. The witness has denied that while he was hiding at Jawannagar, the police vehicle had come and taken him to the relief camp. The witness has denied that as and when he came to know any fact, he used to state such facts in his police statement and before the SIT officers. The witness has voluntarily stated that the facts stated by him before the SIT had been stated by him in his previous statements.

50.58 The witness is thereafter cross-examined with regard to the affidavit made by him for the purpose of filing it

before the Supreme Court. He has admitted that in the Supreme Court affidavit he had only stated those facts which were within his knowledge. He has voluntarily stated that he had stated certain facts and he had not stated certain facts. He has asserted that he had stated everything that he knew in his Supreme Court affidavit.

50.59 The witness is confronted with his statement dated 13.9.2008 recorded by the SIT wherein he had stated that what he had stated in his statement dated 8.5.2002 was correct and thereafter, his statement recorded in the context of the affidavit is also correct and the names of the persons given in the statement are correct and true. On the day of the incident, in all, seven members of his family having died, he had not named the accused in his other statements; however, upon his mental health improving, he had given the names in his statements recorded from time to time which are correct.

50.60 The witness has denied that at the time when he made the affidavit before the Supreme Court, he did not know the names of the accused as deposed by him in his examination-in-chief. The witness has denied that in his statement dated 13.9.2008, he had stated before the SIT that at the time when he made the Supreme Court affidavit, he did not know the names of the accused and had not given their names; however, he had given the names of those accused which he knew. He has admitted that in his statement dated 13.9.2008 recorded by the SIT, he had stated that he was residing at Jawannagar for the last fifteen years, and he knew the persons in the mob by their faces and could identify them if he sees them; however, he does not know them by their

names. However, afterwards he came to know about their names and thereafter, he had given the names of those persons before the police.

50.61 The witness is confronted with his statement dated 6.3.2002 wherein he had stated before the police that on 28.2.2002, as there was a call for Gujarat Bandh on account of the incident that had taken place in Godhra city, he was present at home and his family members were also at home. At that time, a huge mob of several people came from Saijpur Patiya and the people in the mob started shouting and pelting stones and the police had released tear gas and had also resorted to firing to disperse the mob, but the mob had not dispersed and had started pelting stones and damaging the houses and setting them ablaze and that upon seeing the people in the mob, they had started fleeing; however, the people came from all four sides; they were surrounded and the people in the mob pelted stones at them, sprinkled kerosene and set them ablaze, wherein his son Yasin, who was eight years old, had sustained burns in varying degrees on his hands and legs as well as body and he (the witness) was injured on head with a stone and the people from the chawl had also sustained burn injuries and in the stampede, his family members got separated from him somewhere and he had hidden himself in the chawls to protect his life and upon the police coming at night, they had dropped him and his son and other people in a police vehicle at Shah Alam camp. The witness has admitted that his son Chand was not with him on the day of the incident and that he was at Juhapura with his sister and brother-in-law Jabbarbhai.

50.62 The witness has admitted that in his statement dated 6.3.2002, he had stated that he does not know who the people in the mob were, from where they had come and did not know anyone. The witness has stated that he had not given the names of the people in the mob because he actually did not know them.

50.63 Insofar as the statement dated 6.3.2002 recorded by PW PW-276 Shri P.U. Solanki at the V.S. Hospital, is concerned, it may be noted that this officer has also recorded statements of PW-145 Shahnawazkhan Abbaskhan Pathan, PW-152 Parveenbanu Salambhai Qureshi, PW-154 Ahemadbadshah Mehboobhussain (para 71), PW-167 Mohammed Hussain Kayumbhai Shaikh (para 94) and PW-205 Zarinabanu Naeemuddin Shaikh. During the cross examination of the officer, the police statement of each of the above witnesses, as recorded by this officer, has been brought on record. On a conjoint reading of the statements of all the above witnesses, it is found that the statements are identically worded, except the names, addresses and particulars of family members as well as names of family members, who are injured or who have died in the incident and injuries sustained by the witnesses. The main part of statements of each witness is absolutely identically worded. Evidently, therefore, this officer appears to have written down the statements as per his own whims and has not written down what is stated by the witnesses. Such statements, therefore, cannot be said to be statements of the concerned witnesses and no part of such statements can therefore, be used to contradict the witnesses.

50.64 The witness is confronted with his statement dated

8.5.2002, wherein he had stated that on 28.2.2002, there was a call for Gujarat Bandh; they were present with their families at home, on 28.2.2002, in front of their chawl, opposite the S.T. Workshop, from Krushnanagar till the road, mobs of people belonging to the Hindu community had gathered and were shouting. It was around 9 o'clock in the morning and the people in the mob were pelting stones in which he was injured on the right ear and left hand, whereupon he had fled to his house, when a stick struck him on his buttock; whereafter, he had gone home and in the meanwhile, the people in the mob had entered the anterior side of their chawls; when he was injured by the stone, the police had arrived and were beating the people in the mob and driving them away and he had also heard the sounds of firing to drive the people in the mob away; the mob that had gathered there was comprised of about 25,000 to 40,000 people; when they were at home, the mob had come to the chawls on the anterior side of their chawl, namely, Dilip-ni-Chali, Pandit-ni-Chali, Hukamsing-ni-Chali, etc. and were damaging and looting the goods and articles inside their houses and were torching them and the residents of those chawls were coming towards their chawl to escape with their lives, and upon coming to know from them, they closed their houses and shops at 1:00 to 1:30 in the afternoon, together with his family, he went to a terrace of the adjoining Gangotri Society and hid there to protect their lives; and at that time, the mob had come till their chawl and had entered and damaged the household articles and torched them, which they had seen with their own eyes. However, he does not know anyone in the mob and if they are shown to him, he cannot identify them.

50.65 (The trial court has put a note below that in the very same statement, the witness has named the persons whom he had seen in the incident and the role played by them.)

50.66 The witness has admitted that he had stated the fact regarding Bhavanisingh having come to him when he was on the terrace of Gangotri Society and had asked him for a cauldron to prepare khichdi-kadhi, in his statement dated 8.5.2002. He has admitted that Jaybhavani had told him that they would cook food for them and has voluntarily stated that the menu suggested by the accused was such which they normally eat after someone dies. The witness has denied that when Jaybhavani came to tell him about khichdi – kadhi, it must have been around 5 o'clock in the evening. The witness has stated that it must have been around 4 o'clock in the evening. The witness has denied that after Jaybhavani went, he had remained on the terrace for an hour and has voluntarily stated that he had immediately come down.

50.67 The witness has denied that in his statement dated 8.5.2002, he has stated that they were getting down from the terrace turn by turn and till 7 o'clock in the evening, all of them had proceeded from Gangotri Society and Gopinath Society to the road going towards Naroda, when from the opposite side, a mob of around five thousand people came. The witness has deposed that before the police he had stated facts as narrated by him in his examination-in-chief. The witness has admitted that in his statement dated 8.5.2002, he had stated before the police that when they were pelting stones at them, they had all run towards Gangotri Society and in the stampede, his family members had got separated from

him and were left behind and the mob had poured kerosene and petrol on his wife Lalbi, Maheboob, Hussain and Khwajahussain and had started burning them and at this time, the residents of Gopinath Society were throwing kerosene, petrol etc. from the terrace on the residents of their chawl, who were running to save their lives; the people who were throwing petrol and kerosene had covered their faces with the cloth and hence, he could not recognize them.

50.68 The witness has admitted that he had found his son Yasin, Khurshid Master's son Maheboob and his (Maheboob's) son Bablu and daughter Shabbo, from Munavarbhai's house. The witness has denied that after he found these four persons, all of them had gone to Chetandas-ni-Chali, from where the police had taken them.

50.69 The witness is confronted with his statement dated 8.5.2002 to the effect that he had stated therein that he had taken all four of them and had gone to Naroda road in front of Chetandas-ni-Chali and in the meanwhile, they had seen several houses as well as scooters, rickshaws, etc. were being damaged and burnt, and all of them had gone under the police protection to the relief camp. In the opinion of this court, this part of the testimony of the witness, wherein the statement under section 161 of the Code is brought on record to contradict something elicited in the cross-examination of the witness, is not admissible in evidence.

50.70 The witness has admitted that he had stayed with Supriya for one and a half hours and during the entire period, he had talked with her. When he went to Supriya, she had told

him that she had stated everything that she wanted to say before the police. She had not told him about having stated anything before any Government Officer or Executive Magistrate except the police. The witness has stated that he knows Nazir Rahimkhan Pathan, who resides in his mohalla and that he knows him to that limited extent. The witness has stated that he can identify his (the witness's) signature. The witness is shown his signature on every page of his statement dated 15.4.2002 as well as at the end of the document, and he has admitted that all the signatures are his. To the extent of the signatures, the statement has been given Mark A/1. The witness has admitted that after obtaining his signature on the statement dated 15.4.2002, Nazirbhai's signature was also taken thereon.

50.71 The witness has denied that he had seen the incident of Ayubhai and Khadirbhai from the terrace of Gangotri Society at 3 o'clock in the afternoon. He has stated that he had seen Ayubhai's incident from the terrace of Gangotri Society, however, it must have been around 4 o'clock.

50.72 The witness has admitted that before the police, he had stated that at this time, at around 7 o'clock in the evening, the people in the mob had inflicted blows with pipes and rods on his wife Lalbi, his sons Maheboob, Mahammadhussain and Khwajahussain as well as his daughters Shahinbanu and Afreenbanu, and had caused injuries to them and they had fallen down and at that time, the people in the mob had poured petrol, kerosene as well as oil on them and had set them ablaze. His daughter Sufiyabanu was also injured by this

mob and burnt. The witness has admitted that all the facts stated in his statement had been seen by him with his own eyes. The witness has admitted that before the police, he had stated that he had not seen anyone being raped and except for this, he does not know the names of the other people in the mob.

50.73 (The trial court has made a note that there are names of other accused in his statement to whom roles have been attributed by the witness and that the witness has stated that except for these accused, he does not know who the other people are.).

50.74 The witness is confronted with his statement dated 9.5.2002 wherein he has stated that in his statement before the DCB Police Sub-Inspector Shri R.B. Joshi, he had given the names of Neelam Marathi and Tiniyo Berge. However, he had come to know about the names of these persons from the Shah Alam camp relief camp and hence, he had given the names at the relevant time. In actual fact, he does not know these people, and as to where they live and what business they do. The witness has voluntarily stated that he has said that he knew those people. The witness has denied that in his statement, he has stated that Tiniyo Berge is Tiniyo Marathi and has voluntarily stated that apart from these words, he has also said Kadam's son, but the police had not written it down.

50.75 The witness is shown the affidavit made by him for submitting before the Supreme Court which is given Exhibit-1094. The witness has admitted that prior to making the affidavit, Exhibit-1094, he had not met Teestaben. He had no

occasion to talk with Teestaben prior to making the affidavit. He had talked with her regarding the affidavit on the telephone. She had told him that if he wants to file a case before the Supreme Court, he has to make an affidavit. He has stated that Teestaben had not told him on the telephone as to which rights they would get from the Supreme Court. However, she had told him that they would get their rights and had made an affidavit regarding his sufferings and proceedings were undertaken before a Notary and she had informed him about it on telephone. The witness has stated that he had believed that by way of rights, the persons who had committed the offence and who had harassed them, they should be punished in accordance with law. The witness has admitted that he did not want anything else. He has stated that he does not know as to whether the narration of what he had undergone stated by him to Teestaben on the telephone was written down by her and/or Raiskhan had written it down. He has stated that he does not know that after his talk with Teestaben, as to whether she had talked with Raiskhan. He has stated that he has not informed Raiskhan about his talk with Teestaben. He has stated that Raiskhan himself was writing it down and therefore, there was nothing left to say to him.

50.76 In the cross-examination of the witness, it has come out that prior to making the affidavit, he had received compensation of Rs.50,000/- per family member for three family members, and in all, he had received Rs.1,50,000/- by way of compensation. The witness has voluntarily stated that at that time, His Excellency, the President of India Shri Abdul Kalamji had come and he had narrated all the facts to him, whereafter he had got the money. In all, he had received

rupees thirty five lakh by way of compensation. He had received rupees five lakh per family member. The witness has admitted that the people from his community had come and helped him and has voluntarily stated that Hindus and Sardarjis had also helped him. The witness has admitted that he had gone to purchase the stamp at the instance of Teestaben Setalvad and has voluntarily stated that she had told him that if he wants to file a case before the Supreme Court, he would have to bring a stamp. The witness has admitted that when he had a talk with Teestaben, Raiskhan had written it down and the papers were given to him at the time when he was going to the court to get it typed. He has stated that Raiskhan had got the facts written in Gujarati or Hindi and it was typed in English in the court. The witness has admitted that both he and Raiskhan were listening together the telephonic conversation between him and Teesta Madam. He has admitted that when he went to Raiskhan's place with the typed stamp paper and the letter written by Raiskhan, there was a Notary who had put a red seal thereon. The witness has denied that he does not know what is written in the affidavit and has voluntarily stated that they were to file a case before the Supreme Court, his wife and children had died and that they had written down the details about their rights in connection with the incident. He has admitted that when he talked to Teesta Madam, he had made the telephone call from Raiskhan's office. He has further admitted that he had talked about all the sufferings that he had undergone with Teestaben on phone. The witness has denied that when he talked to Teesta Madam, no facts remained to be stated. The witness has voluntarily stated that whatever he felt necessary, he had told Teesta Madam.

50.77 The contents of the affidavit, Exhibit-1094 are read over to the witness. The witness has admitted that the affidavit has been read over to him in a language that he understands.

50.78 The witness has stated that on the date of the incident, he had not gone to Naroda Gam and he does not know anything about Naroda Gam. He has stated that in the affidavit, he has not stated that he had seen his daughter Sufiya being raped. The witness has voluntarily stated that he had only stated such facts which Sufiya had told him. He has stated that he had not given any deposition before the Nanavati Shah Commission. He has further stated that he might have said that he had made a complaint before the police. The witness is extensively cross-examined with regard to the affidavit. He has admitted that in his affidavit Exhibit-1094, he has not stated the fact regarding the police vehicle having come and three black trunks having been taken out.

50.79 The witness has denied that in his affidavit, Exhibit-1094, he has stated that on the day of the incident, at around 2:30, a huge mob had come and had in a barbaric manner, pelted stones wherein two persons had died on the spot. He has admitted that when the affidavit was read over to him, no such facts were read over to him. He has denied that he has not stated anything with regard to the facts relating to Supriya. The witness has denied that he had stated that in the affidavit he had himself seen the incident of his daughter Supriya being raped. The witness has denied that in his affidavit, he had stated that the Gujarat police, the administration and the then prevailing political situation in the Gujarat would not let them

get justice and would not let their case be solved. The witness has denied that in his affidavit, he has stated that earlier he had met Teestaben Setalvad on several occasions and that she had taken the victims to Delhi for a hearing in April, 2002 and there also, he had met her once. He has stated that he had not stated any such facts in his affidavit, that they felt that the organisation by the name of Citizens for Justice and Peace would help them in securing justice. He has stated that he had given the affidavit to Raiskhan for the purpose of delivering it to Teesta Madam. He has stated that he had not given any authority letter to either Raiskhan or Teestaben to present the affidavit on his behalf before the Supreme Court, but had given the affidavit of Raiskhan.

50.80 Thereafter, the witness is cross-examined with regard to the application Mark 633/24. The witness is shown the signature at the bottom of the application which he had admitted to be his. The witness is cross-examined with regard to the manner and method of making such application. The witness has admitted that he had made this application to the SIT authorities on 4.11.2009. The witness has admitted that prior to 4.11.2009, when he had made the application, there was no incident of threat. The application is given Exhibit No.1095. The application made by the witness to the SIT is read over to the witness and he has admitted the contents thereof. It is given Exhibit No.1096.

50.81 The witness has denied that he had no talking relations with the accused whom he has identified before the court and has voluntarily stated that he had relations of speaking and exchanging greetings with them. He has stated

that prior to the incident and more particularly, prior to the Godhra incident, they were living harmoniously.

50.82 The witness has denied that the accused whom he had identified before the court were not present anywhere on the day of the incident and more particularly, at the scene of incident and that at the instance of the organisation by the name of Citizens for Justice and Peace as well as the people of his community, he was falsely deposing before the court and though these accused are not involved in the offence, he was falsely implicating them.

50.83 The witness has admitted that there was a mob of Muslims between the S.T. Workshop to Jawannagar,. The witness is thereafter cross-examined with regard to the topography of the area. He has admitted that in the morning from 9:00 to 1:30, the Muslims had also pelted stones. He has admitted that when the incident took place, he was under shock. The witness has stated that on account of the tension, he had suffered from shock.

50.84 The witness has admitted that when they went to the terrace, it was afternoon time. He has admitted that till then, no damage was caused to his house. The witness has voluntarily stated that due to fear his children were crying. He has stated that he had climbed on the staircase which falls next to his house and had gone to the terrace. The witness has admitted that after climbing the staircase and going to the terrace, they had remained on the terrace. This staircase was Gauri Apa's staircase. The witness has stated that he cannot say as to how long he remained on the terrace after reaching

there. He said that they were facing immense difficulties and that he might have been there till about 9 to 10 o'clock. The witness has denied that till they climbed the terrace, there was a mob of twenty five thousand to thirty thousand people on the road. The witness has voluntarily stated that by the time they climbed on the terrace, the mob of twenty five thousand to thirty thousand people had entered their chawl. The witness has stated that there were so many people in the mob that there was no place to put even a foot on the road. The witness has voluntarily stated that he is illiterate and that he is stating that there were around twenty five thousand people in the mob only by way of estimation. He has stated that he had seen the people in the mob while he was standing and has voluntarily stated that even if he sat down, the people in the mob could be seen. The witness has admitted that all the Muslims had gone to the terrace to protect themselves. The witness has denied that when Ayub was attacked, the mob was at the spot where he was attacked. The witness has voluntarily stated that the attack on Ayub took place near the third lane when the mob was in the mohalla in front and had not reached their lane. The witness has admitted that he has not seen any incident other than Ayub's in his lane. He has admitted that he has not seen anyone burning his house, but had seen his house burning. He stated that he cannot say the exact time when he saw his house burning. The witness has stated that after the incident of Ayub, the incident in which he was injured on his head had taken place. He has admitted that after he was injured on the head, he had become unconscious.

50.85 The witness has admitted that at the relevant time he did not know the names of Guddu's brothers. He has stated

that at that time he was called to the Gheekanta Court. He has admitted that he could identify only one accused there. The witness has denied that thereafter, as and when the people from their area started coming and talking, he started giving the names. The witness has denied that he cannot say with certainty that Haresh Chhara was in the mob on that day that he only knew that he was Guddu's brother. The witness has voluntarily stated that he was there and that he only needed to know his name.

50.86 The witness has denied that when Jaybhavani and his brother-in-law Dalpat had met him, they had told him to keep his wife and children in the hall near the temple at Gangotri Society to save them from being killed. The witness has stated that if that was so, his family would have been alive. He has admitted that Jaybhavani, Dalpat, Keshubhai Harijan and his son Manu had met him and had told him, as stated by him in his statement dated 20.5.2007 that "*Uncle, keep all of them here, no one will come here.*". The witness has admitted that he had kept them there only for this reason and he alone had gone on the terrace to watch. He has admitted that after leaving his family in this manner, he alone had gone on the terrace. Fifteen minutes after he had gone on the terrace, Jaybhavani had come there. He has denied that when he went to the terrace, Jaybhavani had come along with him. He has admitted that when Jaybhavani came on the terrace, at that time he had asked for a cauldron to cook and at that time, it must have been around 4:00 to 4:30 in the evening.

50.87 The witness has admitted that in his statement

dated 20.5.2008, he had stated that when his son Yasin was under treatment at V.S. Hospital, at that time, Mehboob, who was also under treatment at Vadilal Hospital, had informed him that he had received information to the effect that his wife (Mehboob's wife Bibibanu) and the witness's daughter Sufiyabanu were at the Civil Hospital and that he should go there and bring them. Hence, he had informed the doctors that Mehboob's wife Bibibanu and his daughter Sufiyabanu are at Civil Hospital and he wants to go there to bring them, pursuant to which the doctor had given him in writing that he can go and bring them. Thereafter, on 3.3.2002, he had gone to the Civil Hospital alone. On that day, the riots were continuing. The witness has further admitted that in his statement dated 20.5.2008, he has stated that he had seen Neelam Marathi, Raju Manek, Sitaram Manek and Kishan Manek in the mob. Upon being asked as to whether he has stated so, he says that he had heard about this during the conversation with each other at the Shah Alam camp and he had given their names in his statement dated 8.5.2002. The witness does not remember that he had stated before the SIT that he was mourning and under shock and at that time, he had not given the names of these people, but now he was giving the names of these people who were in the mob. The witness does not remember that in his statement dated 10.7.2008, he had stated that Tiniyo Marathi and Tiniyo Berge were different persons.

50.88 The witness has stated that he cannot remember exactly how many minutes it took him to reach there that after his sister-in-law came to the terrace and told him about his wife and children burning. The witness has admitted that the passage between Gangotri and Gopinath Society comes after

Gangotri Society ends. He has admitted that from the terrace where he was, the passage cannot be seen. The witness has admitted that there is a water tank in this passage. He has stated that he cannot say whether or not, the water tank can be seen from the terrace.

50.89 The second to the last line of paragraph 6, the contents of paragraph 7 and the third to the last line of paragraph 8 of the examination-in-chief of the witness, are read over to him, to the effect that he has not stated such facts in his statements dated 6.3.2002, 14.5.2008 and 8.5.2002.

50.90 The contents of the first two lines of paragraph 9 of the examination-in-chief of the witness, wherein he has stated that at that time he had seen that another mob was coming from Krushnanagar, are read over to him, to the effect that he has not stated such facts in his statements dated 6.3.2002 and 14.5.2002. The contents of paragraph 9, from the second line to the last line of the examination-in-chief of the witness, are read over to the witness, to the effect that he has not stated such facts in his statements dated 6.3.2002 and 8.5.2002. The contents of paragraph 9, from the third line to the last line, of the examination-in-chief of the witness, are read over to him, to the effect that he has not stated such facts in his statement dated 15.4.2002. The contents of paragraphs 10 and 11 of the examination-in-chief of the witness, are read over to the witness, to the effect that he has not stated such facts in his statements dated 6.3.2002, 15.4.2002 and 8.5.2002. The contents of paragraph 12 of the examination-in-chief of the witness are read over to the witness to the effect that he has

not stated such facts in his statements dated 6.3.2002 and 8.5.2002. The contents of the last two lines of paragraph 12 of the examination-in-chief of the witness are read over to him to the effect that he has not stated these facts in his statement dated 15.4.2002. The contents of paragraph 13 of the examination-in-chief of the witness are read over to him to the effect that he has not stated such facts in his statements dated 6.3.2002 and 8.5.2002. The contents of paragraph 13 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated these facts in his statement dated 15.4.2002. (It appears that in his statement dated 15.4.2002, the witness has not mentioned regarding the incident of Abid, but has mentioned the incident of Khadir and has stated the spot where the incident took place.).

50.91 The contents of first four lines of paragraph 14 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated such facts in his statement dated 8.5.2002. In this regard, it may be noted that the witness has only been contradicted with regard to the contents of paragraph 14 of his statement dated 8.5.2002, but not as to his statement dated 6.3.2002, which means that such facts have been stated by him in his statement dated 6.3.2002. Since the statement dated 8.5.2002 is only a further statement, any omission to state all facts which is already stated in a previous statement, cannot be said to be an omission.

50.92 The contents of paragraph 15 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated such facts in his statement dated

6.3.2002. The contents of paragraph 15 of the examination-in-chief of the witness, from the second line to the last line, are read over to the witness, to the effect that he has not stated such facts in his statement dated 15.4.2002.

50.93 The contents of paragraph 16 of the examination-in-chief of the witness are read over to him to the effect that he has not stated such facts in his statements dated 6.3.2002, 15.4.2002 and 8.5.2002. The contents of paragraph 17 of the examination-in-chief of the witness, from fourth line to the last line, are read over to the witness, to the effect that he has not stated such facts in his statement dated 8.5.2002.

50.94 The contents of paragraphs 18, 19, 20, 21, 22, 25, 26 and 29 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated such facts in his statements dated 6.3.2002, 15.4.2002 and 8.5.2002.

50.95 The contents of paragraphs 27 and 28 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated these facts in his statements dated 6.3.2002 and 8.5.2002. The contents of paragraph 27 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated such facts in his statement dated 15.4.2002. (It appears that in this statement, there is reference to Bhavanisingh and his son who is an advocate having committed rape on his daughter Sufiyabanu and thereafter, burning her. However, the names of Guddu Chhara and Harijan Manu are not there and the other facts in the paragraph have not been stated in that

statement.).

50.96 The contents of paragraph 28 of the examination-in-chief of the witness are read over to the witness to the effect that he has not stated such facts in his statements dated 6.3.2002 and 8.5.2002. The contents of paragraph 28 of the examination-in-chief of the witness except last three lines are read over to the witness, to the effect that he has not stated such facts in his statement dated 15.4.2002. In respect of the contents of his examination-in-chief with which the witness has been confronted, the response of the witness is that he had stated such facts before the police but they may not have recorded them.

50.97 The witness is sought to be contradicted with the contents of paragraph 10 of the examination-in-chief of the witness, wherein he has stated that at that time, everyone started taking Mayaben Kodnani's name, to the effect that these facts and the facts stated at page 5, have not been stated by him in his statements dated 20.5.2008, 10.7.2008 and 13.9.2008 recorded by the SIT. The contents of paragraph 11 of the examination-in-chief of the witness, from third line to the last line, are read over to the witness to the effect that he has not stated such facts in any of his statements recorded by the SIT. The last line of paragraph 12 of his examination-in-chief is read over to the witness, to the effect that he had not stated such facts in any of his statements recorded by the SIT. The contents of paragraph 13 of the examination-in-chief of the witness are read over to the witness, wherein he has stated that the incident of Khadir took place near the toilets in the line of the chawl, to the effect that he has not mentioned

the spot where Khadir's incident took place in any of his statements recorded by the SIT, which the witness has denied.

50.98 The contents of paragraph 15 of the examination-in-chief of the witness are read over to the witness, wherein he has mentioned that the site of Ayub's incident was the last lane of Jawannagar near Abeda's house as well as near the S.R.P. Quarters, to the effect that in none of his statements before the SIT, he has stated the spot where Ayub's incident took place. The contents of the last four lines of paragraph 21 of the examination-in-chief of the witness are read over to the witness, to the effect that he has not stated such facts in any of his statements recorded by the SIT. The witness has deposed that he had stated such facts, but they may not have been recorded.

50.99 Certain omissions are sought to be brought out as regards the contents of paragraphs 25 and 27 of the examination-in-chief of the witness, wherein there is a reference to his meeting with Sonia Gandhi. In the opinion of this court, reference to the meeting with Sonia Gandhi, which is an event that has taken place after the incident, cannot be said to be a material omission so as to amount to a contradiction. The contents of paragraphs 9 to 33 of the examination-in-chief of the witness are read over to the witness, to the effect that he has not stated such facts in his statement dated 13.9.2008, which the witness has denied.

50.100 The witness has denied that in his affidavit made before the Supreme Court, he has not mentioned any fact regarding Mayaben's incident, Ayub's and Abid's incidents

and the incident regarding there being three black trunks in two police vehicles.

50.101 The witness has admitted that Faizal Park, where he is presently residing, is populated by Muslims. He had gone to reside at Faizal Park six months after the incident. He has admitted that the Relief Committee had given him this house.

50.102 PW-276 Shri P.U. Solanki, the assignee officer has admitted that he had recorded the statement of this witness on 6.3.2002 in terms of what was stated by the witness. PW-276 has further stated that it has not happened that he has not himself recorded the statement or that he had written down the facts not stated by him or not stated the facts as stated by him.

50.103 The assignee officer has admitted that in his statement dated 6.3.2002, the witness had stated that on the previous day, that is, on 28.2.2002, in connection with the incident that had taken place at Godhra city, there was a call for Gujarat bandh and he was present at home with his family members. At that time, a very huge mob of people had come from Saijpur Patiya and the people in the mob started shouting and pelting stones and the police had released tear gas and resorted to firing to disperse the mob, but the mob had not dispersed and had pelted stones and damaged the houses and had started setting them on fire. Upon seeing the mob, they started running, however, the people having come from all four sides, they were surrounded and they pelted stones and sprinkled petrol and started burning, wherein his son Yasin,

aged 8 years had sustained burn injuries in varying degrees on both his hands and legs, and he too was injured on his head with a stone and the people from the chawl were also set ablaze and the people were running helter skelter, wherein his family members got separated and with a view to protect his life, he hid in the chawl and upon the policemen coming at night, he and his son and other people were dropped at the Shah Alam in a police vehicle.

50.104 As noted earlier, the contents of the statement of PW-156 are more or less identical to the contents of the statement of PW-154 recorded by this assignee officer. Therefore, it appears that the grievance voiced by the witnesses that the police had recorded their statements on their own appears to be justified and hence, such statement cannot be used for contradicting the witness. Therefore, it is not necessary to refer to the omissions and contradictions as to the statement dated 6.3.2002 recorded by PW-276.

50.105 PW-277 Shri M.T. Rana, the assignee officer, has, in his cross-examination, admitted that he had recorded the statement of this witness on 15.4.2002 and below the statement he had taken the signature of Abdul Majid as well as one Nazirkhan Rahimkhan Pathan. He has further admitted that he had recorded the statement, as stated by this witness, and had read over the statement to him and that the witness has stated that the same was correct and proper, whereafter he had made a note with regard to the correctness of the facts stated in the statement. The assignee officer has further stated in the statement dated 15.4.2002 there are three signatures of Nazirkhan as well as three signatures of Abdul Majid, which are

taken in his presence at the bottom of every page. This statement had been recorded by him at the Shah Alam camp. Nazirkhan Pathan had come with this witness. Till the entire statement was recorded, Nazirkhan was present there. The witness has admitted that this statement which he had recorded was an inquiry made by him, due to which as per instructions of Shri Tandon, on every page at the bottom of the statement, he had obtained signatures of the concerned person as well as of a witness. He has admitted that this witness has not given any complaint before him.

50.106 The assignee officer has admitted that in his statement dated 15.4.2002, this witness has stated that all the members of his family were present and at about 9:30 in the morning, from all four sides, mobs of Hindus, who were armed with weapons and were shouting entered Noorani Masjid which is opposite their chawl. The witness has further stated before him that upon the people of this mob becoming violent and setting the houses of Muslims on fire as well as burning people alive and coming towards their Jawaharnagar, out of fear, at about 3 o' clock in the afternoon he had taken his children and climbed on the terrace of a closed house in Gopinath Society behind their chawl. They had seen from the terrace that Ayubhai of their chawl, who used to do tailoring work, was hacked down by the mob and Khadirbai, who used to drive a rickshaw, too was killed by the mob. Both of them were burnt in front of their eyes and upon the Hindu mob coming to attack them, they too had pelted stones in retaliation. At this time the police had released two teargas shells. The contents of paragraph 6 of the examination-in-chief of this witness from the second line till the last line and the entire contents of

paragraph 7 are read over to the assignee officer and he has admitted that this witness has not stated these facts in the statement recorded by him. In his cross-examination, the assignee officer has denied that all the contents of paragraph 8, from the third line to the last line, wherein the witness has stated that a mob of twenty five thousand to thirty thousand people was coming from Kubernagar, and was chanting slogans of "Jai Shri Ram" and all of them had tied saffron bands on their foreheads, they had tied belts on their waist wherein there were packets of snacks and pouches of liquor and water. The people in this mob had weapon in their hands wherein some had swords, some had kudgal which is weapon like a dharia in their hands, and some had pipes and sticks in their hands etc. have not been stated by this witness in the statement recorded by him. The assignee officer has voluntarily stated that this witness has stated before him that from all four sides mobs of people belonging to the Hindu community shouting and armed with weapons in their hands entered Noorani Masjid, which is situated opposite their chawl, He has admitted that this witness has not stated before him that he had seen that another mob was also coming from Krushnanagar. The contents of paragraph 9 of the examination-in-chief of this witness from the third line to the last line are put to the assignee officer, who has admitted that such facts have not been stated by this witness in these very words. The assignee officer has stated that the witness had stated that at around 9:00 to 9:30 a mob had damaged Noorani Masjid and set it ablaze.

50.107 The assignee officer has admitted that the facts stated by this witness in paragraphs 10 and 11 of his

examination-in-chief, wherein he has stated that at that time two police vehicles had come to the S.T. Workshop from which three black coloured trunks were taken down. Thereafter, a white car had come; at that time, everyone started taking the name of Mayaben Kodnani; Mayaben Kodnani had alighted from this car; Mayaben had shouted "*kill the salaas*"; thereafter, the mob started attacking them, due to which all of them started moving towards the rear side of their chawl; at that time, since Bakri Eid had been celebrated in the recent past, a police point was there near their chawl; they had told the police sitting at the point to stop the people in the mob; however, they had told them "*Chale jao nahitar tumhare ko bhi padegi*"; have not been stated by this witness in the statement recorded by him.

50.108 The contents of the last two lines of paragraph 12 of the examination in chief of this witness have been put to the assignee officer, wherein the witness has deposed that the bullet shot by the police had injured Hasan Qureshi on the head, who fell down there and they had gone ahead, have not been stated by this witness in his statement. However, the witness had stated the fact regarding tear gas shells having been lobbed.

50.109 The contents of paragraph 13 of the examination-in-chief of this witness have been put to the assignee officer who has admitted that these facts have not been stated verbatim by this witness; however, the facts regarding the incident of Khadir are there in the statement. He has admitted that the witness has not stated as to where this incident had taken place. The contents of paragraph 15 of the

examination-in-chief of this witness from the second line to the last line are put to the assignee officer who has admitted that the witness has not stated such facts in the statement recorded by him. The contents of paragraphs 16 and 17 of the examination-in-chief of this witness have been put to the assignee officer in his cross-examination and he has admitted that such facts have not been stated by this witness in the statement recorded by him.

50.110 The contents of paragraphs 18, 19, 20, 21, 22, 25, 26 and 29 are put to the assignee officer who has admitted that such facts have not been stated by this witness in the statement recorded by him. The contents of paragraph 27 of the examination in chief of this witness are put to the assignee officer who has denied that all the facts stated in this paragraph have not been stated by the witness. He has stated that before him the witness has stated that he had gone to the Civil Hospital on 4.3.2002, where his daughter Supriya was under treatment and he had met her. Supriya had told him that Bhavanisingh and his son, who is an advocate, had raped her and had thereafter burnt her. He has admitted that this witness in the statement before him had not mentioned the names of Guddu Chhara and Harijan Manubhai in the context of this incident, but their names as well as other names have been revealed as being in the mob.

50.111 The contents of paragraph 28 except the last three lines are put to the assignee officer, who has admitted that the witness has not stated such facts in his statement dated 15.4.2002. He has further admitted that the witness has not stated before him that his daughter Supriyabanu died on

3.3.2002 and had stated that he had gone to meet his daughter at the hospital on 4.3.2002.

50.112 The contents of paragraphs 31 and 32 of the examination-in-chief of this witness are put to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. He has admitted that he has also recorded the statement dated 22.4.2002 of this witness and that on 22.4.2002, he had read over the statement dated 5.4.2002 to the witness, who had admitted that the contents are proper and correct and that he had also shown the statement dated 22.4.2002 to the witness and obtained his signature thereon.

50.113 PW-278 Shri R. B. Joshi, the assignee officer in his cross-examination has stated that he had recorded the statement of this witness on 8.5.2002. He has admitted that before him this witness has stated that the time was about 5 o'clock in the evening which was around one hour after Bhavanisingh had gone, Keshubhai Harijan's son who was the owner of the house on the terrace of which they were hiding, came near them and told them to go away from there as the people of the mob were about to come there and hence, out of fear, all of them had got down. He has also admitted that this witness had stated before him that in the context of these riots, the police had recorded his statement at Vadilal Sarabhai Hospital on 2.3.2002 and that he had also lodged a complaint before the Assistant Police Commissioner Shri M.T. Rana regarding the death of his family members. In his statement, the witness had also stated that on 28.2.2002 there was a call for Gujarat bandh. They were present at home with their family

members. On 28.2.2002, in front of their chawl, opposite S.T. Workshop from Naroda Patiya till Krushnanagar mobs of people belonging to the Hindu community had gathered and were shouting. At this time, it was about 9 o'clock in the morning and the people in the mob were pelting stones wherein he was injured on his right ear and left hand and upon being injured by stones, he ran towards his house and while he was running, a stick was thrown, which injured him on the hips. Thereafter he had gone home and in the meanwhile, the people in the mob had entered the front side of their chawl and when he was injured by stones, at that time, the police had come and were beating the people in the mob and driving them away and for the purpose of driving away the people in the mob, and he had also heard sounds of firing to drive away the mob. There were around twenty five thousand to forty thousand people in the mob which had gathered there and while they were at some, the people in the mob came to the chawls on the anterior side of their chawl, Dilip-ni-Chali, Pandit-ni-Chali, Hukamsing-ni-Chali etc. and entered the houses and damaged and looted them and started torching the goods and houses, and from the direction of those chawls, the residents with a view to protect their lives, came towards their chawl and upon coming to know from them, they closed their houses and shops and in the afternoon at around 1:30, he, together with his family, went to the terrace of Gangotri Society and hid there to save their lives, and at that time, the people in the mob came to their chawl and were entering their houses, damaging them and torching them, which he had seen with his own eyes, however, he did not know anyone in the mob and if they are shown to him, he cannot identify them.

50.114 The witness has also stated in his statement that all of them were in turn, were slowly getting down from the terrace at around 7 o'clock in the evening, and were going from Gangotri, Gopinath Societies to the road which goes towards Naroda, when from the opposite side they saw a mob of around five thousand people. The assignee officer has admitted that this witness has further stated before him that taking all four of them, he had brought them to Naroda road in front of Chetandas-ni-Chali and, in the meanwhile, several houses of their chawl as well as the goods lying outside and rickshaws, scooters and other vehicles were damaged and they had seen them burning, after which, all of them were taken under police protection to the relief camp. The assignee officer has further admitted that this witness has stated before him that on 3.3.2002, he came to know that his daughter Sufiyabanu was admitted to the Civil Hospital for treatment as she had sustained burns and hence, on 4.3.2002, he had gone to inquire about her health, when, while talking with her, he had also inquired about his family members, who had got separated from him. The assignee officer has admitted that this witness has not stated before him that on 3.3.2002, he had met Smt. Sonia Gandhi and had got her to write a note for him. The assignee officer has further admitted that he did not write down a little and then drive them away. The assignee officer has admitted that this witness in his presence has not stated any facts regarding the presence of Mayaben, as well as incidents of Hasan Qureshi, Abid, Kadir and Ayub, which have been stated by the witness in paragraphs 10, 12, 13, 15 and 19 of his examination-in-chief. The assignee officer has denied that this witness has not stated any facts regarding the incident of Sufiyabanu, as deposed by him in paragraph 27 of

his testimony. The assignee officer has stated that the witness had informed him about Sufiyabanu having sustained burns and having been admitted to the Civil Hospital for treatment; however, the other facts have not been stated by him.

50.115 The contents of paragraph 6 of this witness from the second line to the last line are read over to the assignee officer and he has admitted that such facts have not been stated by this witness before him. The contents of paragraph 6 from the second line to the last line as well as the contents of paragraph 7 of the examination in chief of the witness, are read over to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. A perusal of the contents of the examination-in-chief of the witness which are put to the assignee officer reveals that the facts stated therein are more or less an elaboration of the events that had taken place on the day of the incident and cannot be said to be an omission which are so material as to amount to contradiction and as such, this part of the deposition of the witness ought not to have been permitted to be contradicted. The contents of paragraph 8 of the examination-in-chief are read over to the assignee officer who has admitted that this witness has not stated these facts before him, but had stated that while he was going towards Naroda, at that time, from the opposite side, a mob of five thousand people was coming wherein several accused were present.

50.116 The contents of paragraph 9 from the third line to the last line of page 5 of the deposition of the witness are read over to the assignee officer, who has admitted that

such facts have not been stated by the witness before him. The facts stated in paragraph 9 of the examination-in-chief of this witness relate to the kerosene carts belonging to Rajesh Kerosenewala and Vadgeri Badshah having been placed in the Noorani Masjid for the purpose of setting it on fire. The contents of paragraphs 10 to 13 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that such facts have not been stated before him. In paragraph 10 of his deposition, the witness has referred to police vehicles arriving and three black trunks being unloaded from them, whereafter a white car came, from which Mayaben Kodnani had alighted; Mayaben had instigated the crowd, whereafter the mob attacked them, due to which they moved towards the rear side of their chawls. In paragraph 11, the witness has stated that on account of Bakri Eid there was a police point near their chawl, they told the people sitting at the police point to stop the mob, however, they told them to go away, or else they would be beaten. In paragraph 12, the witness has referred to the mob attacking them and the police also firing and lobbing of teargas shell, wherein one Hasan Qureshi was injured on the head by a bullet. In paragraph 13 the witness has referred to one Abid being injured on the private parts by a bullet in the firing as well as to an incident of one Khadir, who was a rickshaw driver, being assaulted with a sword near the toilets and being set ablaze.

50.117 The contents of the first four lines of paragraph 14 of the examination in chief are read over to the assignee officer, but it appears that due to inadvertence what is stated by the assignee officer with reference thereto has not been recorded in the testimony. However, considering the

nature of the contents of the first four lines of paragraph 14, wherein the witness has referred to his daughter Sufiyabanu reading the Quran when he reached home and he apprising her that the mobs were setting houses on fire and hence, they should go away, the same can hardly be said to be an omission so material so as to amount to contradiction.

50.118 The contents of paragraphs 16, 18, 19, 20, 21, 25, 27, 28 and 31 of the testimony of this witness are read over to the assignee officer, who has admitted that all these facts have not been stated by the witness in the statement recorded by him. In paragraph 16, the witness has referred to Jaybhavani and his brother-in-law Dalpat having met them and told them to sit in a hall near the temple in Gangotri Society and that the witness had thereafter left his wife and children in the hall and gone to the terrace of Gangotri Society. In paragraph 18, the witness has referred to his sister-in-law Raziabanu who was still burning coming with her twenty day old child Shoaib, who was also burning and upon asking her about his wife and children she had told him that his wife and children were also burning, and hence, he had gone to the passage of Gangotri Society and seen them burning. In paragraph 19, the witness has referred to his wife burning and Jaybhavani, his son, Tiniyo, Suresh Langdo and two to four other people pulling his daughter Supriya and taking her away. At this time, he being assaulted on his head from the back and falling down and becoming unconscious.

50.119 In paragraph 20, the witness has stated that prior to his gaining consciousness, he had seen his daughter Supriya being dragged and his wife Lalbi and Afreenbanu and

Shahinbanu, sons Mohamadhussain and Khwajahussain and daughter Sufiyabanu burning there. Upon gaining consciousness, he wondered what had happened to his other children and started shouting the names of his remaining children, Chand, Yasin and Mehboob.

50.120 In paragraph 21, the witness has stated regarding meeting one Mehboob husband of Bibibanu in a burning condition, whereafter he heard his son Yasin calling out to him and found his son Yasin in a burning condition. On account of the burns, Yasin was sitting in a water tank.

50.121 In paragraph 25, the witness has referred to Sonia Gandhi coming to the V.S. Hospital on 3.3.2002 and the events that transpired thereafter. In paragraph 27, the witness has stated regarding going to the Civil Hospital to meet Supriya who told him that she could not protect her chastity and that she was raped by four people, namely, Guddu Chhara, Jaybhavani's son and Jaybhavani had raped her and that Harijan Manubhai was also amongst them. Supriya had told him that Manu had taken off her clothes. In paragraph 28, the witness has referred to the certain events that had taken place after he went back to the V.S. Hospital and in paragraph 31, he has referred to going to the PM room and seeing the dead body of his son.

50.122 In the opinion of this court, insofar as the contents of paragraphs 25, 28 and 31 are concerned, the same relate to events which happened after the incident and have no direct connection with the offence in question. Under the circumstances, the same cannot be said to be omissions and,

therefore, ought not to have been permitted to be put to the witness or to the assignee officer.

50.123 The contents of paragraph 17 of the examination-in-chief of the witness from the fourth line to the last line are read over to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. The assignee officer has further admitted that the witness had not stated before him that his brother in law Jabbar had identified the dead bodies of his family members. In the opinion of this court, as to who had identified the dead bodies of the family members of the witness has got no connection with the incident in question and hence, cannot be termed to be an omission at all. The trial court, therefore, ought not to have permitted such questions to be put to the assignee officer.

50.124 PW-307, Shri S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 5.9.2002, which was a further statement of this witness. The original statement of the witness was dated 6.3.2002.

50.125 The Investigating Officer has admitted that this witness had stated before him that he was read over the statements dated 15.4.2002 and 22.4.2002 recorded by Shri M.T. Rana, Assistant Police Commissioner, "G" Division and the statement dated 8.5.2002 recorded by P.I. Shri R. B. Joshi, DCB, Ahmedabad and upon being examined in connection therewith, he has stated that he had given the name of Neelam Marathi and Tiniyo in the statement recorded by Shri

R. B. Joshi, however, he had come to know about the names of these persons from the people at the Shah Alam relief camp and had accordingly given such names in his statement. In fact, he does not know these persons and where they are staying and what business they do. That Tiniyo Berge is Tiniyo Marathi.

50.126 PW-327, Shri V. V. Chaudhari, the Investigating Officer (SIT), has, in his cross-examination, admitted that he has recorded the statements of this witness on 20.5.2008, 10.7.2008 and 13.9.2008. He has admitted that this witness in his statement dated 20.5.2008 has stated that in connection with the investigation into this offence, his earlier statements dated 6.3.2002, 14.5.2002, 22.4.2002, 8.5.2002 and 9.5.2002 had been read over to him, which were as stated by him and are correct and proper. In the opinion of this court, this part of the cross-examination of the Investigating Officer has been made to prove a certain part of the statement of the witness recorded under section 161 of the Code without seeking to contradict the witness in connection with any statement made by the witness in his examination-in-chief. Therefore, this part of the testimony of the Investigating Officer is inadmissible in evidence.

50.127 The Investigating Officer (SIT) has further admitted that the witness in his statement dated 10.7.2008 had stated that the statements dated 6.3.2002, 15.4.2002, 22.4.2002, 8.5.2002, 9.5.2002, 20.8.2002, which were recorded at the SIT office, have been read over to him and the same are correct and proper, as stated by him.

50.128 Considering the fact that a more or less identical statement had already been recorded in the statement dated 20.5.2008, there was no necessity of recording the same in this statement also. Evidently therefore, this appears to be a mere formality on the part of the SIT, wherein while recording the statements of the witnesses, they mechanically record that the earlier statements have been read over to the witness who have stated that they are correct and proper. Similarly, the Investigating Officer has admitted that this witness in his statement dated 13.9.2002 had stated that his earlier statements dated 13.9.2002, 15.4.2002, 22.4.2002, 8.5.2002, 9.5.2002 as well as earlier statement dated 20.5.2008 have been read over to him and are correct and proper, and that the witness has also stated that his statement dated 8.5.2002 as well as his statement recorded in connection with his affidavit are also proper and that the names of the individuals given in that statement are correct and proper. On the day of the incident, as in all seven members of his family had died, in his other statements, he had not given the names of the accused, however, upon regaining his mental health, he had given the names in his statements recorded from time to time which are absolutely correct. That when he made the affidavit to the Supreme Court, at that time also, since he did not know the names of those accused, he had not given their names, but he had given the names of those whom he knew in the affidavit.

50.129 The Investigating Officer has further admitted that this witness in his statement dated 20.5.2008 had stated that this mob was pelting stones at them and hence, the Muslims of their chawl had started cross stone pelting; that at

that time, Jaybhavani had come with them and had told him; and that he came to the passage of Gopinath where he was watching his wife Lalbi, his sons Chand, Mahammadhussain, Khwajahussain and daughters Afreenbanu, Shahinbanu and others were burning; he was overcome with grief and shock and at that time, he had not given the names of these people, but now in his presence, he was giving the names of those persons who were in the mob.

50.130 The Investigating Officer (SIT) has further admitted that this witness in his statement dated 10.7.2008 had stated that Tiniyo Marathi and Tiniyo Barge are different persons. The Investigating Officer has admitted that this witness in his statement dated 20.5.2008 had not stated any fact to the effect that he was sitting at the tea shop. He has also admitted that this witness had said to him that when Mayaben Kodnani came, the people in the mob had shouted "Mayaben has come", which has only been stated by him in his statement dated 20.5.2008. The Investigating Officer has clarified that he had recorded the main statement of this witness on 20.5.2008, thereafter the statement dated 10.7.2008 was in the context of the affidavit made before the Supreme Court and the statement dated 13.9.2008 was for asking for a clarification from the witness as to why he had given the names of the accused whom he had seen in the mob, at a later stage.

50.131 Certain extracts of paragraphs 11 and 12 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein he had stated that they had told the people sitting at the police point to stop these people,

namely, the people in the mob, however, they had told "*Chale jao nahitar tumko bhi padegi*"; that he was lying there and they went ahead. The Investigating Officer has admitted that these facts have not been stated by the witness in any of the statements recorded by him.

50.132 The contents of paragraph 13 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that the witness had not stated any fact regarding the incident of Khadir having taken place in the toilets in line of the chawls in the statement recorded by him. The Investigating Officer has admitted that this witness in none of his statements has stated the place where the incident of Khadir took place. The Investigating Officer has admitted that none of the facts stated by the witness in paragraphs 17, 21 and 25 of his deposition, have been stated by him in any of the statements recorded by him.

50.133 The Investigating Officer has admitted that this witness in none of the statements recorded by him has stated that he had taken a note given by Sonia Gandhi and gone to the Civil Hospital and upon inquiry through the nurse, he had found Supriya. In the opinion of this court, the fact regarding the witness having gone to the Civil Hospital with the note given by Smt.Sonia Gandhi can hardly be said to be a relevant fact insofar as the offence in question is concerned. Hence, non-mentioning these facts in the statement recorded by the SIT or the police can hardly be said to be an omission, leave alone a material omission, amounting to a contradiction. The trial court, therefore, ought not to have permitted such questions to be asked to the witness and to be proved through

the Investigating Officer.

50.134 The Investigating Officer has also admitted that the facts stated in the thirteenth line of paragraph 27 of the examination-in-chief of the witness, wherein he had said that Supriya had informed him that Manu (A-28) had taken off her clothes have not been stated by the witness in his statements dated 10.7.2008 and 13.9.2008. The Investigating Officer has clarified that as stated by him earlier, neither of these two statements is the main statement of the witness and these statements were recorded for the limited purpose of clarification and that the witness has in his statement dated 20.5.2008 had stated that she had told him regarding her being disrobed and that the accused Jaybhavani, his advocate son, Manu, Guddu Chhara and his two brothers and Suresh Langda had together committed the offence.

50.135 The Investigating Officer has admitted that the facts stated in paragraphs 9 to 33 of his examination-in-chief have not been stated by the witness in his statement dated 13.9.2008. The Investigating Officer has clarified that the reason is, because the said statement was merely a clarificatory statement and hence, all the facts were not required to be reiterated therein.

50.136 The Investigating Officer has admitted that this witness in his statement dated 13.9.2008 has stated that when he was looking from the terrace of Gangotri, at that time from the terrace, he had seen these people in the open ground.

50.137 SUBMISSIONS: The learned counsel for the appellants submitted that several statements of this witness have been recorded, both by the police as well as by the SIT. It was submitted that out of the accused named by this witness, Guddu has passed away and Tiniyo has not been identified. Insofar as Tiniyo is concerned, the witness has stated that Tiniyo Marathi and Tiniyo Berge are different and he has seen the son of Kadam. It was submitted that there are two persons called Tiniyo, viz. A-30 and A-55 and neither of them is a son of Kadam. It was submitted that it is not brought on record that the name of the father of either of the Tiniyas is Kadam. It was submitted that there is no evidence qua Tiniyo.

50.138 It was contended that insofar as Guddu Chhara's two brothers are concerned, unless it had been brought on record that Guddu has only two brothers, it cannot be said that both the brothers are brought on record. It was submitted that no test identification parade of Guddu Chhara's brothers has been carried for the purpose of establishing their identify. It was submitted that on 6th March, the witness has not made any allegation against anybody and as admitted by him, as and when he came to know the names of the accused, he was giving them. Therefore, as to whether it was accused No.1 and accused No.10, is a doubtful proposition.

50.139 It was submitted that insofar as his daughter being dragged from the scene of incident is concerned, such version has come up for the first time before the SIT. Out of the four persons against whom the allegation is made, Jaybhavani is no more. The name of Jaybhavani's son was not given even after six years as to who he is. Accused No.40

incidentally happens to be the son of Jaybhavani. It was submitted that it is not proved by the prosecution that he is the only son of Jaybhavani who is referred to by this witness. It was submitted that in any case, accused No.40 has not been identified before the court. It was submitted that insofar as accused No.40 is concerned, no test identification parade has been carried out, nor has he been identified by the witness before the court. It was submitted that this cannot be taken as an oral dying declaration before the father which can be used as a piece of evidence against Accused No.40 when identity is not specifically established by name. It was submitted that insofar as Suresh Langda (A-22) is concerned, since in none of the three police statements, the incident of dragging Supriya has been referred to, and for the first time, this allegation has surfaced before the SIT, this part of the story cannot be said to be reliable and trustworthy.

50.140 It was submitted that none of the medical case papers relating to Supriya's treatment, including the history stated by her, have not been brought on record. The prosecution has to explain this and secondly, in the light of the dying declaration which has been proved by the Executive Magistrate, which does not indicate anything about rape, etc. and the name of the accused, would give occasion to draw an adverse inference against the prosecution qua the medical case papers. It was submitted that Supriya herself did not say anything about the rape and molestation. She herself had stated that she did not know the assailants. It was submitted that when after a few days of recording her dying declaration, her father names someone, he should not be believed. It was submitted that it has not been established beyond doubt that

in fact, any such incident of rape on Supriya took place and that Supriya had told her father about the incident and the names which her father has stated after forty five days and then before the SIT, he has named two more accused with a view to implicate them.

50.141 In conclusion, it was submitted that this witness does not say anything about any incident or accused at the first available opportunity on 6.3.2002. He has admitted in his deposition that he did not know the accused, but subsequently when he came to know their names, he has given their names. On 15.4.2002, for the first time, he had named Guddu and his two brothers and Tiniyo qua the incident relating to Ayub, but without any allegation that he was thrown in a rickshaw and as far as Supriya is concerned, on 15.4.2002, the witness has brought in Jaybhavani and his vakil son. On 8.5.2002, he did not name anyone else and for the first time, he named Manu and Suresh in the statement before the SIT. Before the SIT, he also brought in name of Mayaben for the first time, but only to the extent that he had heard someone in the mob saying that Mayaben had come and for the first time in the court he has brought in a story of three black trunks being taken out from two police vehicles and Mayaben uttering the words "*maro*" etc.

50.142 It was submitted that Ayub's incident as well as the fact regarding Supriya being dragged has also brought in for the first time before the SIT. Insofar as the police vehicle and three trunks incident is concerned, it was stated for the first time before the court. It was submitted that the witness talked about Ayub being attacked by four persons, viz., Guddu,

his two brothers and Tiniyo and before the SIT for the first time, he said that he was thrown in a rickshaw and burnt. It was submitted that it is not the case of the prosecution that Ayub's dead body was found from any rickshaw. Only one panchnama has been prepared qua the burnt rickshaw of one Shakurbhai Tajbhai (Exhibit-950, Volume-97). It was submitted that the panchnama which came to be drawn on 8.5.2002 and the prosecution is absolutely silent as to whether they had any material with them to point out that Ayub's dead body was found in a rickshaw in a burnt condition, where the rickshaw is also burnt.

50.143 Reference was made to the contents of paragraph 12 of his examination-in-chief, wherein the witness has referred to Hasan Qureshi sustaining an injury in police firing, to submit that this is not stated at all in the statement before the police and has been stated for the first time before the SIT. The fact regarding Abid having sustained injury in police firing has not been stated before the police and has come out for the first time before the SIT. There are no allegations made against the police in any of the statements and have been made for the first time before the court. It was submitted that the allegation of Ayub being attacked has not been made in the two police statements dated 6.3.2002 and 8.5.2002, but has been made in the statement dated 15.4.2002, which is introduced for the first time after forty five days. However, Ayub being burnt alive by throwing him in a rickshaw has not been stated in any of his police statements including his statement dated 15.4.2002 and has been brought in for the first time in the statement before the SIT.

50.144 It was submitted that the allegation of Supriya being dragged is not found in any of the three police statements and has been stated for the first time before the SIT. It was submitted that the allegation about the injury to himself has also not been stated in any of the police statements and has been stated for the first time before the SIT. Moreover, no injury certificate has been produced. Referring to paragraph 20 of his examination-in-chief, it was submitted that the fact that while Supriya was being dragged, the witness saw his wife and five children burning, is not found in all his three police statements and has been stated for the first time before the SIT. The fact regarding hearing his son Yasin, who is sitting in the water tank as stated by the witness in paragraph 21 of his deposition, has also not been stated either before the police or the SIT. It was submitted that the witness has admitted in paragraph 155 that Yasin was ultimately found from the house of one Munavarkhan, which shows that even the story of Yasin is self contradictory.

50.145 It was submitted that the whole story regarding Sonia Gandhi has not been stated by the witness either before the police or before the SIT and has been stated for the first time before the court. It was submitted that the fact regarding his daughter Supriya having told him about her being raped is not there in his two police statements dated 6.3.2002 and 8.5.2002. In his statement dated 15.4.2002, there is a reference to only two persons, namely, Jaybhavani and his son, and not to four persons. Insofar as the other names are concerned, there is no reference in either of the two police statements.

50.146 It was submitted that in the entire examination-in-chief of the witness, there is no allegation against Neelam Marathi and there is only identification, but while identifying him, he has said that he had identified him in the test identification parade as a member of the mob, though his being part of the mob has not been alleged in the examination-in-chief. It was submitted that the contents of paragraph 173 of the cross-examination of this witness very eloquently indicates the presence of Nazir Master whose signature is taken on the statement dated 15.4.2002. Nazir Master has come into picture at that stage and the story is improved thereafter and implication has started.

50.147 Referring to paragraphs 85 and 86 of his cross-examination, it was submitted that the witness has admitted that he was in the hospital for six months. However, while he was in the hospital or at the camp, he has not disclosed anything to the doctors or to the camp administration. It was submitted that the witness admits that he went to the Naroda Police Station on 4th March, but did not disclose anything to the police. He had seen the police at the camp, but has not disclosed anything to them. It was submitted that the affidavits speak eloquently of the reply of the N.G.O. It was submitted that the contrary facts stated in the affidavit were not stated by the witness, but still they find place in the affidavit, which shows that he did not tell these facts to the person who prepared it. Therefore, inclusion of these facts is a figment of the imagination of those persons who were instrumental in getting the affidavits made for getting favourable orders. It was submitted that right from the first stage, the witness has changed his story from time to

time. It was submitted that this witness has contradicted himself on many important aspects and it transpires from his deposition that he has no respect for the truth. Referring to the contents of paragraph 147, it was pointed out that the witness has admitted that he did not know any member of the mob, which clearly shows that he has not given the correct names and later on, when he came to know the names from other persons, he has started giving such names. It was submitted that the evidence of this witness does not inspire confidence and cannot be relied upon looking to the serious charges and the punishment provided for the same.

50.148 It was submitted that this witness in paragraph 10 of his evidence has deposed that at around 9:30 a.m., two police vehicles came to the gate of the S.T. Workshop and three black trunks were unloaded which has not been stated by any other witness. It was pointed out that in paragraph 13 of his examination-in-chief, the witness has stated that he was going home from the highway at around 12:00 noon, when a rickshaw driver Abdulkadir was injured by sword and was burning, whereas PW-246 Nurjahan Abdulkadir Shaikh, who is Abdulkadir's wife has testified that the incident of Abdulkadir took place at about 2:00 p.m., which fact is also corroborated by PW-149 Faridabibi Abdulkadar Khalifa, who, in paragraph 12 of her deposition, has stated that when she was coming from Jawannagar to Hussainnagar where her house is situated, at 2:00 p.m. she saw Maiyuddin burning on the road, but she has not seen Kadir burning near the public toilets.

50.149 It was submitted that this witness in paragraph-15 of his deposition, has stated that he was on the

terrace of a house in Gangotri Society when he saw Guddu, his two brothers Naresh (A-1) and Haresh (A-10) and Tiniyo Marathi (A-55) amidst the mob which was attacking Ayub at around 2:30 p.m. at lane No.4 of Jawannagar and thereafter, Ayub was put in a rickshaw near Abeda's house and the S.R.P. Quarters compound wall and burnt in the rickshaw; whereas PW-231 Zulekhabibi Mahammad Ayub Shaikh, Ayub's wife has stated that Ayub fell down from the terrace of their house in Lane No.1 of Jawannagar. PW-143 Dildar Umrao Saiyed has stated that Ayub jumped from the terrace of Gauri Apa's house in Lane No.4 of Jawannagar at around 5:30 p.m. and Guddu, Dataniya, Bipin and Murli lifted Ayub and put him in a rickshaw and thereafter, kerosene was sprinkled from a plastic can carried by Tiniyo (A-55) and he was burnt in the rickshaw. It was submitted that though this witness claims in his evidence that he saw the incident at the passage of the water tank, his presence at that spot is not mentioned by prosecution witness 191, 209, 212, 106, 158, 198, 152, 153, 154, 155 etc., some of whom were residents of Jawannagar where this witness was residing.

50.150 It was further submitted that this witness has deposed that his sister-in-law Raziabanu Mahammad Ayub Shaikh (PW-151) had informed him on the terrace of a house in Gangotri that his family members were burning in the passage, whereas PW-151 in her deposition is silent in this regard. It was submitted that this witness has implicated Bhavani, Tiniyo, Suresh (A-22) and Mukesh (A-40), whereas prosecution witnesses 74, 90, 92, 151, 152, 153, 154, 155, 159, 160, 161, 163, 164, 206 and 205, have not implicated any accused including the local residents in this incident.

50.151 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness has no reason to state incorrect facts as he has lost his family members. It was submitted that insofar as the date of Sufiyabanu's death is concerned, it is merely a loss of memory insofar as the date of death is concerned. It was submitted that Nazir Master was the only educated person who was helping everybody and the people there would not have faith in anyone except a member of their community and that the victim could repose faith in him. It was submitted that this witness is a natural witness who is a victim and an affected person. His presence at the site has been proved beyond doubt. He himself is an injured witness and he has lost eight children and his wife in the incident. He was extensively cross-examined, but he stuck to the version given by him in his examination-in-chief. The omissions in the statement 8.5.2002 statement and the affidavit filed before the Supreme Court, would not amount to omissions amounting to contradictions as per section 145 of the Evidence Act. It was submitted that the defence has failed to dislodge the prosecution case which was propounded through this witness. It was submitted that it cannot be even thought that the witness has given some other version only to misguide the court. Any omission or contradiction which does not go to the root of the matter, therefore, is no ground to disbelieve this witness.

50.152 ANALYSIS: In brief, the witness has deposed that at the relevant time, he had ten children. At the time of the incident, two of his daughters were out of station, and therefore, including him and his wife, ten members of his

family were present at home on the day of the incident. According to the witness, the mobs started coming at 9:00 a.m. Two police vehicles came near the S.T. Workshop and unloaded two black trunks. Thereafter, a white car came and everyone started taking Mayaben Kodnani's name. She got down from the car and said "*Maro Salao Ne*" (kill the salas). The witness has stated that thereafter, the mob had attacked them, whereupon they had asked the police to help, but were told to go away, else they would also get beaten. The mob attacked them, and the police also fired and lobbed tear gas shells. Hasan Qureshi was injured on the head by a bullet and Abid was also injured and fell down there. The witness has also deposed that a rickshaw driver Khadir was wounded with a sword and set ablaze near the public toilets.

50.153 As per the version given by the witness, all the ten family members went to a terrace of Gangotri Society in the afternoon. From the terrace, he saw Guddu and his two brothers and Tiniya with swords, sticks and kerosene cans. Thereafter, at the instance of Jaybhavani and Dalpat, he took his wife and children to a big hall in Gangotri Society and left them there and went back to the terrace. Jaybhavani asked him to give him the big cauldron used by him to cook grams to enable him to make kadhi khichdi for them. His sister-in-law Raziabanu came in a burning condition with her twenty day old son Shoaib in her arms. Upon inquiring about his family members from her, she told him that they too were burning. Therefore, he went to the passage of the water tank and saw his wife burning and saw people pulling his daughter Supriya and taking her away, wherein, he saw Jaybhavani, his son, Tiniyo and Suresh Langda. At this time, someone attacked him

from behind and he fell down and was unconscious for about half an hour. He regained consciousness after about half an hour. At the time when he saw them take Supriya away, he had also seen his wife Lalbi, daughters Afreenbanu and Sahinbanu, sons Mahammadhussain and Khwajahussain and daughter Sufiyabanu, burning. Thereafter, the witness had shouted for his remaining sons and found Yasin. The witness has further deposed regarding having met Mehboob, the husband of a woman named Bibibanu. Mehboob had sustained burn injuries and his two sisters were also burnt.

50.154 In the cross-examination of the witness, it has been elicited that they had gone to Gangotri through Gauri Apa's staircase. A test identification parade had been carried out through him, wherein he had identified one of the accused as Guddu's brother.

50.155 In his cross-examination, it has further come out that accused No.28 Manu had forced them to drink his urine. In his cross-examination, it has come out that from where he was standing, he could not identify anyone from the mob at Noorani. It has also come out that it was around 7 o'clock in the evening when he saw his family members burning. The witness has been cross-examined with regard to Ayub's incident and he has stated that he does not remember the exact time, but it was approximately around 4 o'clock. The witness has also been cross-examined with regard to Khadir incident and has stated that he does not remember the exact time and has also stated that the incident took place in front of the place where the public toilets have been constructed. The witness has stated that he had not seen Khadir's incident from

the terrace of Gangotri Society and that he had seen it when he had come outside.

50.156 In his cross-examination (paragraph 180), the contents of his police statement are sought to be brought on record wherein it has been recorded that he had seen his wife Lalbi, his sons Maheboob, Mahammadhussain and Khwajahussain and daughters Shahinbanu and Afreenbanu being assaulted with pipes and rods by the mob and being injured and upon their falling down, the mob poured petrol, kerosene and oil on them and burnt them alive and this mob had also caused injuries to his daughter Sufiyabanu and burnt her.

50.157 In paragraph 181, the witness has admitted that he had seen all these facts with his own eyes. In paragraph 182, the contents of his police statement (probably dated 15.4.2002) are brought on record wherein there is a reference to the Ayub incident as well as Khadir incident.

50.158 The witness is confronted with his statement dated 9.5.2002 to the effect that he had given the names of Neelam Marathi and Tiniya Berge etc. before the DCB Police Sub Inspector Shri R.B. Joshi, but he had come to know of the names of these persons from other people at the Shah Alam Camp and he had, therefore, given their names. Actually, he does not know these people, where they are staying and their occupation. The witness, however, has denied such facts and has stated that he knew them and had, therefore, given their names. The witness has denied that in his statement before the police, he had stated that Tiniya Berge is Tiniya Marathi

and has voluntarily stated that he had also stated that he was Kadam's son, but the police had not written it down.

50.159 The witness has been cross-examined with regard to the contents of his affidavit wherein he has denied having stated certain facts stated therein.

50.160 After considering the omissions and contradictions brought out in the testimony of this witness, what remains is that the witness had come out on the road and had seen that mobs had gathered there and were attacking Noorani Masjid and setting it on fire. Thereafter, the mob had attacked them and the police had fired bullets and lobbed tear gas shells. The witness had seen the incident of Khadir. They left their house and went to a terrace of Gangotri Society from where the witness had seen Guddu Chhara and both his brothers and others armed with swords, sticks, kerosene cans, etc. They had attacked Allabax's son Ayub. Bhavanisingh and his son had raped his daughter Sufiyabanu and thereafter, set her ablaze. (The names of Guddu Chhara and Harijan Manubhai are not stated in the statement dated 15.4.2002). The other omissions sought to be brought on record are not material omissions and have no direct relation with the offence in question. While the witness has named Bhavanisingh and his son having raped his daughter Sufiya, he has failed to identify Bhavanisingh's son accused No.40.

50.161 Insofar as the omissions and contradictions as to the police statements of this witness are concerned, the first statement has been recorded on 6.3.2002 by PW-276, Shri P.U. Solanki, who was the assignee officer of Shri K.K. Mysorewala,

then Investigating Officer. A perusal of the deposition of the assignee officer shows that on 6.3.2002, he had recorded the statements of about six witnesses, the contents whereof have been brought on record by the defence in his cross-examination. On a conjoint reading of all such statements, it is shocking to note that the statements of the witnesses are identically worded except the names of witnesses and the relatives and the injuries sustained by them. The witnesses are, therefore, wholly justified in saying that their statements were not recorded as stated by them and that only their names and addresses had been taken down. Considering the manner in which the statements have been recorded, these cannot be said to be the statements of the witnesses as stated by them, and hence, the omissions and contradictions as to the statements dated 6.3.2002 of such witnesses are required to be disregarded.

50.162 Insofar as the reference to the presence of Mayaben Kodnani on the national highway in the morning is concerned, such version has come up for the first time in the year 2008 in the statement recorded by the SIT. Prior thereto, the witness has not named Mayaben before the investigating agency despite the fact that several statements of his were recorded by different Investigating Officers. A grievance has been voiced that at the relevant time, considering the fact that Mayaben was an influential person, the police were not ready to record her name in the array of accused. However, in the case of this witness, in the year 2003, he had made an affidavit for the purpose of filing the same before the Supreme Court in petitions for further investigation and transfer of investigation from the State of Gujarat. In the said affidavit the

witness has named several accused viz. Jaybhavani, Guddu Chhara, Guddu Chhara's two brothers, Jaybhavani's son, Suresh Langda, Kadam his neighbour's younger son Tiniya, Ganpat Chhara and Manu Harijan, but he has not named Mayaben Kodnani nor referred to any incident involving her. In the opinion of this court, at the time of making the affidavit, the witness was assisted by legal minds and nothing prevented him from stating the name of Mayaben Kodnani in the affidavit. In fact, recording the name of Mayaben as an accused would have been one of the main points in the affidavit made by the witness; however, the affidavit is totally silent as regards the involvement of Mayaben in the incident in question. Under the circumstances, considering the fact that the witness has named other accused in his previous statements and the police have recorded the names of such accused and more particularly when in his affidavit filed before the Supreme Court, the witness has not named Mayaben (accused No.37), it would be hazardous to rely upon the testimony of this witness against accused No.37, when her involvement has been brought on record only in the year 2008, after a period of more than six years. Thus, insofar as the involvement of the accused named by this witness is concerned, the testimony of this witness would have some bearing only qua the accused No.10 and accused No.1. Insofar as the accused No.54 is concerned, in the light of what has been stated by the witness regarding having named him on the basis of what was stated by the other people at the camp, it is evident that he has been named on the basis of hear-say.

50.163 While several omissions and contradictions in the testimony of this witness as to his police statements have

been brought out, to the extent the witness has stated as above, he is consistent right from the beginning. Therefore, to that extent, the version given by the witness, subject to any contradictions with the version given by other witnesses qua the same incidents, can be believed. This witness is an eyewitness, who has lost eight members of his family in the incident. His presence at the scene of offence has been established beyond reasonable doubt.

50.164 The witness has named Mayaben Kodnani (A-37), Guddu Chhara (deceased), Guddu Chhara's two brothers (A-1) and (A-10), Tiniyo Kadam's son (A-30), Jaybhavani (deceased), Dalpat (deceased), Jaybhavani's son (A-40), Manu Harijan (A-28), Neelam Marathi (A-54) and Suresh (A-22) in his deposition before the court. Out of these accused, the witness has identified accused No.37, 10, 22, 28 and 54 whereas accused No.1 having filed an exemption application is deemed to have been identified. The witness has consistently named Guddu Chhara and his two brothers (A-1) and (A-10), Jaybhavani and his son (A-40) in his police statements, statements before the SIT and in his deposition before the court. Insofar as the other accused are concerned, their names have been given at a subsequent stage, and hence, it would be hazardous to rely upon the testimony of this witness to prove the charge against those accused as their false implication cannot be ruled out. Out of the accused consistently named by him, the witness has failed to identify Jaybhavani's son accused No.40. Therefore, out of the living accused named by this witness, his testimony would support the prosecution in establishing the charge against only two of the accused viz. Guddu Chhara's brothers -

accused No.1 and 10.

51. **PW-162 Rafiq Kallubhai Shaikh**, aged 41 years, has been examined at Exhibit-1149. The witness has deposed that he was residing in *Lane No.2, Jawannagar, Naroda Patiya*, since the year 1985 and that in the year 2002, he used to do the work of spray painting scooters. He has stated that he has studied up till the sixth standard in Hindi medium.

51.1 In the year 2002, he was residing with his family at *Jawannagar*, which was comprised of his wife Amina, his mother Jannatbibi, his father Kallubhai, his sons Hussein, Tahir and his daughters Reshma, Mumtaz, Sabina, Yasmin, his younger brother's wife Parveen, his younger brother Jumman, his brother Jumman's son Shahin and his younger sister Parveen, all of them were residing together. The house, in which they were residing at *Jawannagar*, was of their ownership.

51.2 The incident took place on 28.2.2002. On that day, there was a call for Gujarat bandh. The call had been given by the Vishwa Hindu Parishad. On the date of the incident, he was with his family, when between 9 to 10 o'clock in the morning, a mob of Hindu people started gathering near *Jawannagar* pit. The people in the mob were wearing saffron head-bands and they were armed with dharias, swords, pipes as well as cans of kerosene. The mobs were shouting, "*Kill the Miyas! Kill the Miyas!*"

51.3 At this time, the workmen in the S.T. Workshop,

which was next to their chawls, started pelting stones. A lot of public gathered on the side of Jawannagar pit. The stone pelting started from the S.T. Workshop side as well as from the pit of their chawls. The people in the chawls had gathered together and he heard that the leader of riotous Hindu mob was one Jaydeep Patel.

51.4 At that time, the police had fired at the Muslims. In the firing, two to three Muslims were injured by bullets. He had learnt that a person named Abid was injured by a bullet. He does not know the names of the other persons who were injured.

51.5 In the incident, his brother Jumman had sustained an injury on his cheek. Upon the incident occurring, he was very frightened and therefore, he, his parents, brother, son, etc. went towards the S.R.P. Quarters. At that time, it must have been around 4 o'clock in the evening.

51.6 While they were going towards the S.R.P. Quarters, he had seen that some people in the mob had taken gas cylinders from the nearby Uday Gas Agency and were throwing them in the houses of the Muslims. When they reached the S.R.P. Quarters, they requested the S.R.P. personnel who were standing there, to let them enter the S.R.P. Quarters, but the S.R.P. people refused to let them enter and told them that there were no orders from their superiors and hence, they would not let them enter. They once again requested them to at least let their women and children go inside, whereupon they threatened them and told them to sit down and did not let them go inside.

51.7 The witness has stated that he believes that if on that day they were allowed to go inside the S.R.P. Quarters, not a single person would have died in the incident. They sat there outside the S.R.P. Quarters till 7 o'clock in the evening.

51.8 While they were sitting outside the S.R.P. Quarters, tear gas shells were lobbed to drive them away. On that day, they were around four hundred to five hundred Muslims at that place and on account of bursting the tear gas shells, they had fled from there. After going from the S.R.P. Quarters, they had gone to Gangotri Society, to the house of an S.R.P. person, to save their lives and had hidden there. On that day and at that time, the house in which they were hiding was empty. On that day, an S.R.P. man came and told them that the mobs had gone and that they should all get out one by one. At this time, in fact, the mob was standing in front. Bhavanisingh, Guddu Chhara and Suresh Langda were present in this mob, and they were wielding weapons like dharias, swords, etc. There were also other people in the mob, who had kerosene and petrol cans in their hands.

51.9 When he saw the mob, he told the S.R.P. that the mob is standing right in front, at that time, an S.R.P. man gestured to the mob with both hands to make space for them. The witness has stated that in his opinion, the man had gestured to the mob with his two hands to move, but he had, in fact, told them that they should for the time being move from there and hide, so that they could not be seen and thereafter, they could do whatever they wanted.

51.10 On seeing all this, he remained at the S.R.P. Quarters. However, some of the people from amongst them started going towards Naroda. Those people who went in this manner were attacked with dharias, swords, pipes, etc. by the mob. From where he was standing, he could hear the screams of the people who had got separated from them, who were screaming "help, help".

51.11 He had also heard people who had separated from them screaming, "*Protect the modesty of women*". Women and children were cut and burnt alive at this place, which he had heard. This incident must have taken place at around 7:30 in the evening.

51.12 The witness has deposed that in this manner, those Muslims who had got separated from them did not return. Amongst those people were his maternal uncle's son Sharif, maternal aunt's son Siddiq and both of them died in the incident on that day.

51.13 The witness has further deposed that they remained on the terrace of Gangotri Society till 11 o'clock at night. Thereafter, the police vehicles came and took those who had remained alive in the incident to the Shah Alam camp. They too were taken at the Shah Alam camp, where they stayed for six months.

51.14 While they were at the relief camp, the police had not recorded their statements; however, the Crime Branch had drawn a panchnama of their house. The Crime Branch had recorded his statement with regard to the panchnama of his

house. His house was burnt in the incident.

51.15 Thereafter, the SIT people had sent him summons and they had recorded his statement in connection with the incident. The SIT people called him twice, once at Gandhinagar and on the other occasion at Naroda Patiya.

51.16 The witness has stated that Bhavanisingh, Guddu Chhara and Suresh Langda were in the mob, out of whom, Bhavanisingh and Guddu Chhara were dead. That he knew all of them and was in a position to identify Suresh Langda. The witness has thereafter identified accused No.22 Suresh Langda correctly.

51.17 CROSS EXAMINATION: This witness has initially been cross-examined with regard to the topography of the area. In his cross examination it has been elicited that on the day of the incident he had climbed on the terrace of his house to watch the mob. The roof of his house was made of sheets. On that day he climbed on the neighbouring terrace and had seen Jawannagar Khada. The witness has admitted that on that day he had not climbed on roof of the house. In his cross examination it has further come out that in the morning between 9:00 to 10:00 he had gone to the neighbouring terrace and had stayed there for around five to ten minutes. The witness has denied that at that time he had seen the mobs only in Khada and has voluntarily sated that at that time there were mobs near S.T. Workshop also. However, the mob was not comprised of many people. The witness has admitted that the people in the mob were thousands in number. The witness has denied that at that time at the S.T. Workshop as well as in

Khada, at both the places, there were thousands of people in the mob. The witness has denied that he could not see the interior part of the S.T. Workshop and has voluntarily stated that the people from the fencing side, from inside of the S.T. Workshop were pelting stones and they (the witness) could see them. The witness has admitted that on 8.5.2002, Shri R.B. Joshi, PSI, DCB, Ahmedabad City had drawn Panchnama of his house in his presence and thereafter recorded his statement. The witness is confronted with the statement dated 8.5.2002 to the effect that the facts stated by the witness in paragraph 3 of his examination in chief have not been stated by him in his statement dated 8.5.2002. In the opinion of this court all that the witness has stated in paragraph 3 of his examination-in-chief is about members of his family who were residing with him at the relevant time and hence in mentioning such facts in the statement recorded by the police cannot be, by any stretch of imagination, said to be an omission amounting to contradiction. The witness is confronted with his statement dated 8.5.2002 to the effect that he has stated therein that at around 9:00 to 9:30, mobs of Hindu people started gathering on Saijpur-Patiya Road and upon the people in the mob coming towards them, to protect their lives, they had started going towards the S.R.P. camp with their children. However, upon S.R.P. people refusing to let them enter, they had gone to the terrace of Gauri Apa's house on the rear side near S.R.P. Camp compound wall and were sitting there and that at 7 o'clock in the evening they had gone to Gangotri Society, but they did not let them sit there; upon being driven away from there and told to go further. He does not know the names of the persons whom he had seen in the mob, but can identify them. However, he sees them. The witness has stated that he has

stated the facts stated by him in his examination in chief.

51.18 The witness has admitted that in his statement dated 8.5.2002 he had not given names of Bhavanisingh, Guddu and Suresh Langda before the Police and has voluntarily stated that the police were not taking any interest in their case and on that day they were saying that this was the statement only with regard to panchnama of their house. The witness has admitted that prior to 8.5.2002 he had not lodged any complaint with regard to the incident and that on 8.5.2008 he has lodged complaint. The witness is cross examined with regard to the topography of the area as well as his acquaintance with Jaideep Patel.

51.19 The contents of the panchnama dated 8.5.2002 are read over to the witness, who has admitted the contents thereof. The panchnama is exhibited at Exhibit-1151. The witness has admitted that in connection with loss caused to him due to the incident, he had received compensation from the Government.

51.20 The contents of paragraphs 4 and 8 of his examination-in-chief are read over to the witness, wherein the witness has stated that a mob of Hindus had gathered in Jawannagar Khada and they had tied saffron bands on their heads and armed with weapons and where he had stated that the people were obtaining gas cylinders from Uday Gas Agency and were putting them in the houses of Muslims, have not been stated by him in his statement dated 8.5.2002, which the witness has denied. The witness has been cross-examined with regard to his acquaintance with Raeeskhan Pathan. The

witness has admitted that he was informed by someone that they were required to make an affidavit before the Supreme Court. The witness has admitted that Teestaben had told him that if they wanted justice they would have to go to the Supreme Court and that as part of the action which they were required to take he would have to make an affidavit. The witness has admitted that till he has made affidavit he had not lodged complaint anywhere. The witness has admitted that they had not gone to any court to lodge complaint with regard to the incident. The witness has admitted his signature at the end of the affidavit, which is given Exhibit No.1152. In the cross-examination of the witness it has been brought out that he has met Teestaben's Secretary and had talked to her on telephone. Teestaben used to ask him questions in connection with the incident and he used to answer them and that during the course of his talk he has stated all the facts that he knew regarding the incident, to her. The witness has admitted that except for the facts about the incident that he knew, he has not stated any other fact to Teestaben. The witness is thereafter, cross examined with regard to the manner, where and how the affidavit had been prepared.

51.21 In the cross examination of this witness it has come out that it has not happened that prior to his going to make affidavit, he had gone to lodge complaint anywhere and such complaint was not registered. It has further come out that prior to his making affidavit Exhibit 1152; he had not felt any distrust towards any authority. The witness has stated that he had no occasion to visit Narodagam on the day of the incident. The witness has stated that he is aware of the fact that it is an offence to state the facts other than the true facts in an

affidavit presented before the court. The witness has stated that he was not clearly aware as to whether he has given name of Sahejad Chara in his statement dated 8.5.2002 and he might not have stated to. The witness has stated that it is true that except for the facts stated by him in the affidavit Exhibit 1152, no other facts had taken place.

51.22 The witness has stated that he had informed Madam Teesta Setalvad that he had seen Dr. Jaideep Patel leading the mob and that other persons were acting under his instructions, which he had seen. He had also informed Teestaben that the police were not investigating Naroda Gam case properly. He has also informed her that the police were not investigating the Naroda Patiya case properly. The witness has stated that prior to making the affidavit Exhibit 1152 he had not inquired from any police station as regards the status of investigation and at which stage it was pending.

51.23 The witness has admitted that in his affidavit Exhibit 1152, he had instructed Teesta Madam to state that the police were not properly investigating the offence and that no progress had taken place in the case and the in the trial. He has further stated that he has also instructed Teesta Madam that Naroda Gam and Naroda Patiya cases are required to be transferred to outside Gujarat. He has also admitted that he has informed Teestaben that in the affidavit, to state that it is necessary to transfer cases to outside Gujarat, because attempts are being made to suppress the facts during the investigation and to conceal the evidence. The witness has voluntarily stated that he has reason to state such facts because while making panchnama of his house the police were

not writing down everything. The witness is confronted with his statement dated 12.7.2008 recorded by the SIT, part of which is not admissible in evidence as the same is not put to the witness to contradict any part of his statement. The witness has further admitted that in his statement before the SIT he had stated that in the mob of Chharas he has not seen Sahejad Chhara, he did not know which weapon was in the hands of Jaideep Patel and he has only seen Jaideep Patel leading the mob. The witness has further admitted that he has stated that he did not know which weapon Jaideep Patel had and that he had learnt that Jaideep Patel was leading the mob, but he had not witnessed himself. The witness has admitted that he has not seen the incident of Abid and other Muslims being injured with his own eyes.

51.24 The contents of first four lines of paragraph 8 of his examination-in-chief are read over to the witness to the effect that he had not stated such facts in his statement dated 8.5.2002. The contents of first five lines of paragraph 9 of his examination in chief at page 6 are read over to the witness to the effect that he has not stated such facts in his statement dated 8.5.2002 as well as in his statement recorded by the SIT.

51.25 The contents of paragraph 10 of examination in chief are read over to the witness to the effect that he has not stated these facts in his statement dated 8.5.2002 as well as in his statement recorded by SIT.

51.26 The witness has admitted that he cannot say as to which weapon was wielded by which person in the mob.

51.27 The witness has admitted that the public which had gathered in the Khada was from outside, neighbouring areas. Till 4:30 in the evening, all of them, with their family members, had hidden in their houses in an attempt to protect themselves. The witness has admitted that he has stated these facts in his statement dated 20.5.2008 recorded by SIT.

51.28 In his cross-examination it has further come out that in his affidavit Exhibit 1152, he had himself stated the facts regarding Jaideep Patel; however, the correct facts are such that he has heard about the leadership of Jaideep Patel as well as other facts from other persons. The witness has denied that in his affidavit Exhibit 1152, he had informed that he had personally seen Jaideepbhai. The witness has admitted that he has not told Teestaben that the case should be conducted outside Gujarat. The witness has voluntarily stated that he had told her that whether the case is conducted in Gujarat or outside Gujarat they should get justice and that he had told Teestaben that they will not get justice in Gujarat. The witness has admitted that on the date of the incident he had not seen any incident involving death of any person in Khada.

51.29 PW-278 Shri R.B. Joshi in his cross-examination has admitted that he has recorded the statement of this witness on 8.5.2002. The assignee officer has admitted that this witness had stated before him that he was residing with his wife Amina, four daughters and two sons and had not stated regarding the other persons named in paragraph 3 of his deposition before him. In paragraph 3 of his examination in chief, the witness has stated that he was residing with his wife Ameena, his mother Jannatbibi, is father Kallubhai, his sons

Hussain, Tahir and his daughters Reshma, Mumtaz, Sabina, Yasmin his younger brother's wife Parveen, his younger brother Jumman, his brother Jumman's son Shaheen and his younger sister Parveen. In the opinion of this court, non-mentioning of the other persons who were residing with him at the relevant time in the statement, can hardly be said to be an omission so material amounting to a contradiction.

51.30 In paragraph 37 of the cross-examination of this witness, the contents of her statement dated 8.5.2002 have been put to the witness, who has denied the same. These very same contents of the statement dated 8.5.2002 are read over to the assignee officer, who has admitted that this witness has stated such facts in the statement recorded by him. A perusal of the manner in which the trial court has recorded the evidence gives the impression that these are the facts stated by the witness in the examination-in-chief and not facts stated in her statement recorded by the assignee officer, which he has actually denied in paragraph 37 of his deposition. The assignee officer has admitted that this witness has not given any complaint before him on 8.5.2002, and that on 8.5.2002, he had gone to the house of the witness to draw a panchnama. The assignee officer has further admitted that this witness had not stated before him that a Hindu mob had gathered near Jawannagar pit and those people had tied saffron bands on their heads and were armed with weapons and that people had obtained gas cylinders from Uday Gas Agency and were putting them in the house of the Muslims, have not been stated by the witness in his statement recorded by him. The assignee officer has further admitted that this witness has not given the name of Sahejad Chhara in his statement.

51.31 The contents of the last four lines of paragraph 8 as well as the contents of paragraph 10 of this witness are read over to the assignee officer wherein the witness has stated that if on that day, they were permitted to enter S.R.P. Quarters, then there would not have been a single death in the incident. That they were sitting outside S.R.P. Quarters till 7 o'clock in the evening. When he saw the mob, he had told the S.R.P. people that the mob was standing right in front. At that time, the S.R.P. people had gestured to the mob to give way. That the witness has stated that as per his opinion, the S.R.P. people had gestured the mob to move away and by such gesture, informed them to go and hide so that they could not be seen by people and thereafter they should do whatever they wanted to do. The assignee officer has admitted that such facts have not been stated by the witness in the statement recorded by him.

51.32 As can be seen from the cross-examination of the assignee officer as regards the statement of this witness recorded by him, the only omission which is sought to be brought out is regarding the contents of the statement of this witness as recorded by him. It is a settled position of law that a statement recorded under section 161 of the Code can be used only for the purpose of contradicting a witness as laid down by section 162 of the Code, in the manner provided under section 145 of the Evidence Act. Putting the entire statement of the witness is not the proper manner of contradicting a witness and when the contradiction is not properly put, the question of proving such contradiction through the testimony of the Investigating Officer would not arise. The manner in which the

evidence has been recorded by the trial court, therefore, leaves a lot to be desired.

51.33 PW-327 Shri V. V. Chaudhari, the Investigating Officer (SIT) has, in his cross examination, admitted that he has recorded the statements of this witness on 20.5.2008 and 12.7.2008. The Investigating Officer has admitted that this witness in his statement dated 20.5.2008 has stated that no person from his family has been injured in the incident. The incident in the passage between Gangotri Society and Gopinath Society had taken place in the evening. In this incident, a person named Abid was injured by a bullet.

51.34 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness has seen the occurrence and has identified Suresh Langdo. It was submitted that this witness's statement was initially recorded by the Crime Branch on 8.5.2002, wherein he has not implicated anyone, which fact has been admitted by him in paragraph 38 of his cross-examination. It was submitted that for the first time on 20.5.2008, when his statement came to be recorded by the SIT, the witness has made allegations against two deceased persons, namely, Jaybhavani and Guddu Chhara as well as Suresh (A-22). It was submitted that according to this witness, all his family members including his wife and children as well as parents, brother, brother's wife, brother's son were staying together and that they left their home for the S.R.P. Quarters at about 4:00 p.m. and till 7:00 p.m., his parents Kallubhai and Zannatbibi were with him. It was submitted that this witness has deposed that between 9:00 to 10:00 in the morning, the Hindu mobs had gathered in the Jawannagar pit

which has not been stated by any other witness. It was submitted that this witness has referred to stone pelting from the S.T. Workshop as well as from the Jawannagar pit towards their chawl and has also referred to Jaydeep Patel as leading the Hindu mob. It was submitted that these facts are stated only by this witness and are not corroborated by the testimony of any other witness. It was submitted that this witness is, therefore, not a credible witness and no reliance can be placed upon the testimony of this witness for the purpose of proving the charge against the accused.

51.35 The learned counsel for the appellants submitted that except for this witness, no other witness has stated that there was any mob in the Khada at 10.00 a.m. in the morning. It was submitted that this witness has referred to stone pelting from the Khada and from the side of the S.T. Workshop and has named Jaideep Patel, however, the testimony of the mother of this witness, does not support the version given by him. It was submitted that from the cross-examination of this witness an admission has been brought out that he has not witnessed any incident and that he had mentioned the name of Jaideep Patel on the basis of what was stated by other people.

51.36 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness is an eyewitness and has seen the occurrence. He has named and identified Suresh and has named Suresh, Bhavani and Guddu before the SIT and that the witness has not stated that he had seen any of the major incidents. He has stated that since the police were not taking any interest, he has not given the names of accused at the relevant time. It was submitted that there is no ground for

disbelieving the witness and nothing in the nature of contradiction has been brought out by the defence which would go to the root of the matter and would affect the credibility of the witness.

51.37 ANALYSIS: This witness is the son of PW 142 Zannatbibi Kallubhai Shaikh. According to this witness, at about 9:00 to 10:00 a.m. in the morning, mobs had gathered in the Jawannagar Khada. There was stone pelting on their chawls from the S.T. Workshop as well as from the Khada. The police had fired upon the Muslims wherein, Abid and others were injured by bullets. Abid died due to the bullet injury. At about 4 o'clock in the evening, they started going towards the S.R.P. Quarters but the S.R.P. people did not let them enter inside. They sat outside the S.R.P. Quarters till 7:00 in the evening, when tear gas shells were lobbed to drive them away from there. They were around four hundred to five hundred Muslims. They went to Gangotri Society and hid in an empty house. An S.R.P. man came and told them that the mob had gone away and they should go out one by one. When they came out, the mob, in fact was standing in front. Bhavanisingh, Guddu Chhara and Suresh Langda were amongst the people in the mob and they were armed with weapons. The witness had remained near the S.R.P. Quarters, but those who went away from there were attacked by the mob.

51.38 The witness, in his cross-examination (paragraph 38), has admitted that he had not given the names of the three accused in his statement dated 8.5.2002.

51.39 Thus, this witness has deposed regarding seeing mobs in the Jawannagar Khada in the morning, which has not been stated by any other witness. From his evidence it emerges that they had gone to the S.R.P. Quarters to seek shelter but were not permitted to enter and about four hundred to five hundred Muslims were sitting outside the S.R.P. Quarters. At around 7:00 p.m., tear gas shells were lobbed to disperse the Muslims and they were forced to go away and the witness took shelter in a house at Gangotri. From there they were told by an S.R.P. person to come out as it was safe, and escape from there, but there was a mob outside wherein he had seen Bhavanisingh, Guddu Chhara and Suresh Langda, who were amongst the people in the mob and were armed with weapons. The witness has stated that he did not go in the direction in which they were told to go but remained near the S.R.P. Quarters but others who went there were attacked and he heard the screams of the victims. His mother was with him till 7:00 p.m.

51.40 Therefore, the witness has not seen the actual attack. While he has mentioned the names of the three accused in the mob, he has admitted that he had not given their names in his first available police statement dated 8.5.2002 and appears to have named them for the first time before the SIT, after more than six years. Under these circumstances, it would be hazardous to rely upon the testimony of this witness for the purpose of convicting the named accused. The testimony of this witness can be relied upon only as regards the sequence of events narrated by him to the extent the same corroborates the version given by other

witnesses.

52. The learned counsel for the appellants, have also referred to two other witnesses, viz. PW 160 Afsana Rahemanbhai Saiyed who is the daughter of PW 114 and PW 137 and PW 142 Zannatbibi who is the mother of PW 162 together with this set of witnesses.

53. **PW-160 Afsanabanu Rahemanbhai Saiyed**, aged 28 years, has been examined at Exhibit-1144. The witness has deposed that in the year 2002, she was residing at *Jawannagar, Gali No.1, Naroda Patiya*. At the relevant time, she was not married, though presently she is married.

53.1 In the year 2002, she was residing with her parents, three brothers and three sisters, out of whom she was the eldest; younger to her was Ruksana, then Zarina, thereafter her brothers – Samsad, Iqbal and Aashmammad.

53.2 The incident took place on 28.2.2002. On that day, she was at home with her family members. On that day, they had heard sounds of a fight on the road outside at around 7 o'clock in the morning. There was a stampede on the day of the incident and nobody was listening to them. The people in the mob who were there on the road had later on entered their houses. The people in the mob had driven them out of their homes. They had left their homes in the morning. Till 6 o'clock in the evening, they had stayed in the house of a Hindu at Gangotri Society. The witness does not know as to whether the person whose house it was, was at home or not, but they had

gone there and had stayed there to save themselves.

53.3 When they were inside the house at Gangotri Society, then, at around 6 o'clock in the evening, a mob had come and driven them out of the house. The mob was huge and upon being driven out, they came out of the house at Gangotri Society when the mob encircled them from both sides near the water tank. The people in the mob had set her ablaze when her brother Samsad was holding her hand and walking. The people in the mob snatched him from her hands and set him ablaze. Her brother was burnt and died on the spot. Thereafter they did not get her brother Samsad's dead body.

53.4 The witness has deposed that in the stampede, her family members got separated from her. The mob badly beat her up at the spot and she became unconscious and was lying there. In the incident, her left hand and entire part of her back was burnt. She had also sustained burn injuries to a certain extent on her other hand also. After she became unconscious at the site, she does not know who came and took her from there. When she regained consciousness, she was at the Civil Hospital and was being given treatment. She had stayed at the Civil Hospital for about one month. During the course of her treatment, the police had recorded her statement; however, she does not know what the police had written down.

53.5 The witness has stated that her mother's name is Rafikanbanu and that her mother was also beaten up in the incident and had taken treatment at the Shah Alam camp.

53.6 CROSS EXAMINATION: The witness has been

confronted with her previous statement dated 3.3.2002 as regards the contents thereof, which she had denied. The witness has voluntarily stated that she has sustained burn injuries on her hands, leg and chest, however, as stated in her examination-in-chief, the incident had taken place at the spot and as deposed by her, and facts recorded in her police statement are not correct and that she did not state such facts before the police. (In the opinion of this court, the witness could not have been confronted with the contents of her previous statement without first contradicting her with any part of the contents of her examination-in-chief.)

53.7 In the cross-examination of the witness, it has been elicited that her house was in Lane No.1, Jawannagar, which was towards the ground. The witness is examined with regard to the topography of the area. The witness has stated that she has not gone towards Jawannagar pit on the date of the incident. The witness has denied that the sequence of events was not as stated by her in her examination-in-chief and that, she was not a victim of any incident and that she has not narrated any such facts to the police. The witness is shown her dying declaration Exhibit-847 and has identified her thumb mark thereon. She has stated that she is not educated and cannot sign, but puts her thumb mark.

53.8 In her cross-examination, it has come out that from the relief camp, they had straightaway gone to reside at Faizal Park. She is married to someone at Aligarh in Uttar Pradesh and that she has come to her father's house at Faizal Park since one month only. Her marriage took place approximately eight years ago, after the incident. The witness has been re-

examined by the Special Public Prosecutor and she has stated that she does not remember as to whether she has stated her surname to be Saiyed. May be, she might have stated her surname as Shaikh, though their real surname is Saiyed.

53.9 It may be noted that in her entire cross-examination the witness has not been confronted with her police statement qua any part of her examination-in-chief. Evidently therefore, no contradictions have been brought out as to her previous statement recorded by the police, despite which the concerned assignee officer PW-296 Shri J. V. Surela has been cross-examined as regards her statement dated 3.3.2002. The assignee officer in his cross-examination has admitted that he has recorded the statement of this witness on 3.3.2002. The assignee officer has admitted that the witness has not given the name of any accused before him. [It may be noted that the witness has not named any accused in her examination-in-chief, despite which such question is permitted to be put to the assignee officer.] The assignee officer has admitted that the witness had stated before him that on 28.2.2002, on *jhumme raat*, after 6 o'clock in the evening, a mob of around five hundred people with weapons like petrol, kerosene, pipes, entered their chawl and at that time, there was a stampede in their chawl and petrol and kerosene was poured on their houses and they were torched. In the meanwhile, she got separated from her family and the people in the mob had poured petrol and kerosene on the people of the chawl as well as on her and her brothers and sisters and torched them. In the meanwhile, upon the police coming, the people in the mob fled from there and she had sustained burns on her hands, legs and chest. Since, no contradiction qua her police statement

has been brought out in the cross-examination of the witness, the entire cross-examination of the assignee officer is not admissible in evidence and hence, it was not necessary for this court to refer to it. Reference to the same is made only to demonstrate the manner in which the proceedings have been conducted before the trial court. Moreover, it has also been noticed that the statements of witnesses recorded at the hospitals, be it the Civil Hospital or the V.S. Hospital, read almost alike. It may be noticed that in the police statement referred to in the cross-examination of the assignee officer, it has been recorded that upon the police coming, the people in the mob fled from there, which is not the case of any of the witnesses or even the prosecution, despite which such a fact has been recorded, presumable to show that it was the police who came to the rescue of the victims. This assignee officer has also recorded the statements of PW 106 Farzanabanu Ayubkhan Pathan, PW 158 Naemuddin Ibrahimhai Shaikh, PW 163 Usmanbhai Valibhai Mansuri, PW 164 Yasin Usmanbhai Mansuri, PW 191 Mahammadmaharroof Abdulrauf Pathan and PW 214 Saberabanu Abdulaziz Shaikh on 3.3.2002. A perusal of all such statements recorded by the assignee officer as brought on record in his cross-examination shows that all such statements are more or less identically worded ending with the police coming and the mob fleeing, which lends credence to the grievance of the witnesses that their statements were not recorded as stated by them, but that only their names and addresses etc. were inquired from them. In the opinion of this court, such statements recorded under section 161 of the Code cannot be used to bring out omissions and contradictions in the testimonies of the witnesses for the reason that they have not been properly recorded and the assignee officer has

written down the facts as per his own whims.

53.10 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness is the daughter of PW-114 and PW-137. It was submitted that the witness has stated that the members of the mob had come and chased them from their house. They went to the house of a Hindu in Gangotri Society and were there till 6:00 in the evening. The witness does not involve any accused and has denied that they were at home till 6:00 p.m., which is contrary to what her father has stated in his deposition. It was submitted that the dying declaration of this witness was recorded at Exhibit-847. It was pointed out that the witness does not involve accused Ramila and accused Geeta, hence, the version given by her mother PW-137 is not corroborated. It was submitted that this witness does not name the person who burned Samsad as well as the members of the mob. It was submitted that at the time when her dying declaration was recorded, she has not stated anything about rape being committed on her. Reference was made to her injury certificates Exhibits-342 and 343, to submit that the same do not suggest that she was a victim of rape. It was submitted that none of the three witnesses, namely, PW-114, PW-137 and this witness inspire confidence. It was submitted that there is a variance between the stories narrated by each of them before the court and therefore, it is not possible to determine who is saying the truth out of the three. Therefore, the evidence is not acceptable for any purpose.

53.11 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness has clearly stated

about the incident, about herself and her brother. It was submitted that this witness is an eye witness and is a natural witness and there is no reason to disbelieve her. It was submitted that there is no discrepancy between her evidence and the evidence of her parents to the effect that the incident took place between 6:00 to 7:00 in the evening; that the incident took place near the passage; that her brother was dragged and burnt, which fact is also stated by her mother, whereas her father says that he was hacked to death; she says that they were out of the house from the morning itself. It was submitted that PW-114 has named three accused, whereas PW-137 has named two more accused. It was submitted that there is no inconsistency about the factum of the incident, how it happened and the involvement of the mob. It was submitted that all the three of the witnesses are, therefore, independent, believable and natural witnesses and there is nothing to persuade the court to discard their entire evidence.

53.12 ANALYSIS: This witness is an injured eye witness, who has sustained burn injuries. The witness has not stated anything about the incident in detail, but has stated that they had taken shelter in a house at Gangotri and at around 6 o'clock they were driven out of the house and the mob had surrounded them from all sides near the water tank. Her brother Samsad was holding her hand. The mob pulled him away and set him ablaze. She was badly beaten by the mob and she had become unconscious. She had also sustained burn injuries. When she regained consciousness, she was in the Civil Hospital. The witness has not named any accused.

53.13 Insofar as the discrepancies with the testimony of her mother PW 137 are concerned, as per the version given by this witness, she was badly beaten and had become unconscious, evidently therefore, she would not be in a position to depose anything more about the incident. Insofar as the medical certificates not indicating any rape having been committed are concerned, it is nobody's case that this witness was raped during the incident. The deposition of this witness has a ring of truth in it and the witness comes across as a truthful and credible witness. Insofar as a small discrepancy with regard to the time when they had left their homes is concerned, having regard to the lapse of time between the incident and the recording of her testimony, and the fact that in the interregnum the witness had got married and was residing in Uttar Pradesh, such small discrepancies are natural, and when they have no direct connection with the main incident, much significance cannot be attached to them.

54. **PW-142 Zannatbibi Kallubhai Shaikh**, age 50 years, has been examined at Exhibit-961. This witness has deposed that she is residing at *Lane No.2, Jawannagar, Naroda Patiya*, since the last twenty to twenty five years. The incident took place on 28.2.2002. When the incident took place in the year 2002, her family was comprised of the witness, her husband and her daughter Parveen, all of whom were residing together. At the relevant time, her son Rafiq and his wife Aminabibi, were residing separately. They too were residing at Naroda Patiya in the line in front of their house. Her son Jumman and his wife Parveenbanu and their children, Sahil, Sohail and Shoeb were residing separately in the neighbourhood.

54.1 In the year 2002, her husband used to drive a rickshaw and she used to sell fruits by displaying them on a cot in front of her house. Her son Rafiq used to do his own work by the name 'A-One Bhatthi Colour Kam' situated at Saijpur in the Ambawadi area. Her other son Jumman used to drive a rickshaw.

54.2 The witness has deposed that she is totally illiterate and does not know how to sign. She puts her thumb mark. Her husband used to drive a passenger auto rickshaw bearing registration No.9064, which was of their ownership.

54.3 On 28.2.2002, there was a call for Gujarat Bandh. On that day, she, her husband and her children, all were at home. At around 9 o'clock in the morning, the children were running around and had come and said to her that there was stone pelting at the Noorani Masjid. Hence she had gone to leave her daughters-in-law Aminabanu and Parveenbanu and her daughter Parveenbanu and their children, etc. to the S.R.P. Quarters. After leaving them at the S.R.P. Quarters she had returned home.

54.4 At that time, youths were coming running and the people from their chawl were bringing a youth named, Ahmed, who was injured by a bullet in the incident. When she went to the front side of her lane, stone pelting was going on from the S.T. Workshop. At this time, **Bhavanisingh** was standing in front of his house with an aged person. At this time, Bhavani came near them and told them "*go home, nothing will happen*" and hence, they had gone home.

54.5 Thereafter, at around 11:00 to 11:30 in the morning, **Bhavanisingh** and an old man came to their chawl and Bhavanisingh told them to give him a cauldron and he would make *kadhi-khichdi* for them. She has replied that they were worried for their lives and he was talking about a cauldron and from where would she bring a cauldron for him. At that time, Bhavanisingh told, "You can eat *kadhi* and *khichdi* and sleep in peace". Thereafter, Bhavanisingh had told them that they have to die and no one would escape, and saying this, he hurled abuses and went away.

54.6 While he was going, he had gestured, due to which the mob had come. In this mob, **Suresh Chhara** (A-22), **Guddu Chhara** (deceased), **Sahejad Chhara** (A-26), **Bipin Panchal** (A-44), were present. Suresh, Guddu and Sahejad had swords and Guddu was shouting at Bipin and telling him to shoot. **Bipin** had a pistol in his hand. All these four persons were in the forefront of the mob.

54.7 Thereafter, they had fled from there towards the S.R.P. compound wall. It must have been around 2:00 to 2:30 in the afternoon. At that time, they were four persons, viz., she, her husband, her two sons, Jumman and Rafiq. When they reached the S.R.P. compound wall, there were many policemen there and they had requested them to let them go inside, whereupon they told them "*Now you have to die. How will you go inside?*" They showed them the newspaper and told them "*See how our people had been killed at Godhra. Today none of you are going to escape. See if your Allah saves you.*" Thereafter, they had fled from there also.

54.8 They had released teargas on them. Thereafter, they had climbed on the terrace of a lady called Gauri, where there were a lot of people. From Gauri's terrace, they had climbed down to the Gangotri Society. There was no one in Gangotri Society and it was empty. There was one huge house which was open, so they had gone inside and sat there. Thereafter, two to three persons came there and told them to get out as otherwise their society would also be set on fire and told them to go to Naroda. They (the witness and others) had pleaded with them that Naroda was very far and how would they go there as those people would kill them on the road. Whereupon, those people started beating them and told them that today, they were to die. Thereafter, they had come out of the said house of Gangotri.

54.9 Thereafter, they had gone to Gopinathnagar. Gopinathnagar and Gangotri Societies are situated near each other. They were running from a lane of Gopinath Society, when the youths from the society started beating her sons Jumman and Rafiq with hockey sticks and pipes and told them to run away from there and go to Naroda.

54.10 While they were still in the society, they had met Maharufbhai and Nurubhai. They had said to her "*What shall we do? There are no chances of escaping.*" The people of the society started driving them out of the society and in the process, she did not know where her children had gone and around fifty to sixty people had come out of the society. She started looking for her children in Gopinathnagar itself. The fifty people, who had left in front of her eyes, did not return

back. However, she does not know as to what happened thereafter and as to whether they were killed or not.

54.11 While she was in a passage between the Gopinathnagar and Gangotri Society, she saw that clothes of girls were being torn and they were being set ablaze. At this time, two mobs came from the side of Parshwanathnagar as well as from the opposite side. **Bhavanisingh, Guddu Chhara, Suresh Chhara, Bhavanisingh's son and Bhavanisingh's elder daughter** were there in this mob. The elder daughter of Bhavanisingh was giving petrol and kerosene filled in white cans to the persons in the mob. Bhavanisingh, Guddu Chhara, Suresh, Bhavanisingh's son who is an advocate and his elder daughter were in the mob which came from the opposite side.

54.12 The girls whose clothes were being torn and who were being burnt were Kherunisha, Nasimbanu, Sufiyabanu, Nargisbanu and one another lady. It was around 4.00 to 4:30 in the evening.

54.13 Thereafter, after a little while, Bhavanisingh caught and brought Kausarbanu there. She was shouting "*I am in the last stage of my pregnancy, for the sake of Allah, please spare me.*" However, they did not spare her and at that time, **Babu Bajrangi** came and struck her with a sword on her stomach and took out her foetus and thrust the sword into it and lifted it and told her "*Look, before it could come into the world, your child has been killed.*" Thereafter, Bhavanisingh's daughter brought some kerosene for him and Kausarbanu and her child were burnt on the spot.

54.14 At the time of this incident, she was in the passage of Gangotri Gopinathnagar Society. Thereafter, at 5:30 to 6:00, upon it becoming slightly dark, she took support against the wall and went to Gangotri Society.

54.15 Thereafter, she went and sat on the terrace of the Gangotri Society, where many other people were also sitting. All of them were sitting on the terrace till 11 o'clock at night when the police came and took them in a vehicle to the Shah Alam camp.

54.16 In the incident, immense damage was caused to her house. Her daughter was to get married after about eight days and her trousseau was ready and all the household articles which she had collected throughout her life, worth about rupees one and half to two lakh, including her ornaments were all burnt and looted. Her son Jumman's house was totally looted and set on fire. The witness has stated that she has stated all the above facts in her statement before the SIT at Gandhinagar.

54.17 The witness has stated that she had stayed at the Shah Alam Camp for about seven months. While she was at the relief camp the police had recorded her statements in the month of April and May, 2002. Her third statement was also recorded. In all three statements of hers had been recorded while she was at the relief camp.

54.18 The witness has further deposed that they were always apprehensive as to whether they would get justice and

in the meanwhile, their elders had informed that a SIT team had come to Gandhinagar and she had also given an application there and had received summons from the SIT. The SIT read over her previous statements to her. However, various facts stated by her were not there in her statements and hence she had given a detailed statement before the SIT. The SIT had recorded her second statement at Naroda Patiya in a school.

54.19 The witness has stated that as per her information, Guddu Chhara and Jaybhavani have passed away and that she would be in a position to identify Suresh, Sahejad, Bipin Panchal, Jaybhavani's son, who is an advocate, Jaybhavani's daughters and others and has, accordingly, correctly identified all the said accused.

54.20 CROSS EXAMINATION: In the cross examination of this witness it has come out that she was residing at Jawannagar since twenty to twenty two years. The witness has been cross-examined with regard to the topography of the area. She has denied the suggestion that she goes to impart religious education at a madressa. She has admitted that she had heard commotion at 9 o'clock, but had not gone on the road. The witness has denied that she heard that mobs have come from all the four sides and has voluntarily stated that the mobs had come to her chawl which she herself had seen. The witness has stated that when she went to leave her family members near the S.R.P. compound wall in the morning, at that time the mobs had not come, and hence the mobs had not stopped her. The S.R.P. people had also not stopped them. At that time they were permitting people to go inside.

54.21 The witness has admitted that after leaving her family near the S.R.P. compound wall in the morning, she had once again gone to the S.R.P. Quarters at around 2.30. She has denied that when she went to the S.R.P. Quarters at 2.30 nobody stopped her. She has voluntarily stated that at that time the police were there. She could not go inside the S.R.P. Quarters in the afternoon because there was police point and they did not permit her to go inside. The witness has admitted that there are four lanes in their mohalla, viz. Jawannagar and the mob which came to Jawannagar was comprised about two thousand to three thousand people. The witness has denied that from 9 o'clock in the morning to 2:30 in the afternoon, the people in the mob had not attacked Jawannagar and had not caused injury to anyone. She has admitted that from 9:00 to 2:30, no person in her family was injured. She has denied that she met Nurubhai and Maharufbhai for the first time after 3 o'clock and that she had not met them prior thereto. She has stated that Nurubhai and Maharufbhai met her at 4.00 in the afternoon, which was the first time she met them on that day.

54.22 In her cross-examination, it has come out that when she went to leave her family members at the S.R.P. Quarters in the morning, the mobs had not come and hence they had not stopped her and the S.R.P. people had not stopped them because at that time they were permitting people to go inside. It has further come out that when she went to the S.R.P. Quarters at around 2:30 in the afternoon, she could not go in as there was a police point and they did not permit her to enter.

54.23 In her cross-examination, it has further come out

that Gauri whom she has referred to, is also known as Gauri Aapa and that there were about two hundred to three hundred people on her terrace. The people were climbing down to Gangotri Society from the terrace. It has further been elicited that the girls whose clothes were torn and burnt were from Jawannagar and that she knew their parents. She had taken shelter on a terrace of Gangotri at around 7:00 in the evening.

54.24 She knew Maharufbhai since three to four years prior to the incident. He was residing in a house which was one house away from her house. She has admitted that Nurubhai and Maharufbhai were residing in lane No.2 of Jawannagar at the time of the incident.

54.25 She had gone to Shah Alam Chowky for recording her statement on 13.4.2002.

54.26 The witness has admitted that she has not received any threat from any accused and that from the incident till date, she is able to do all her routine work. No one has ever stopped her on the road and she has never told anyone to not to involve Shri Chudasama and Shri Mysorewala in the investigation. The witness is shown the document Mark 644/1 and has stated that she has not made any such application and that she has not made any application to any authority or to the SIT.

54.27 In her cross-examination, it has come out that she has not gone inside the S.R.P. Quarters on the day of the incident and that she had gone to the S.R.P. Quarters compound wall once to leave her children and a second time at

2 o'clock, but on either occasion she had not entered the S.R.P. Quarters. In her cross-examination it has come out that the house in which they went was open and that it was situated near a temple. She has admitted that there were around one hundred fifty to two hundred people in the house. She has stated that she had stayed there for about half an hour and that the doors of the house were open.

54.28 In her cross-examination it has come out that she had seen the mob which came from the side of the fields and that is why she ran back. She has admitted that the people in the mob were armed. She had seen the mob from a distance and it was coming from the direction of Parshwanathnagar. When they returned from the end of the field, they were assaulted at Gopinathnagar. It was around 6:30 in the evening and it had become dark. She has admitted that she had remained hiding at Gopinathnagar for three hours and had gone to the terrace of a Harijan in Gangotri through the internal roads.

54.29 She has admitted that the police cars came to Gangotri Society after which they had left and were taken to the camp. Certain questions have been put regarding the witness's acquaintance with Bhavani and his daughters and she had said that she knew them because they used to come to purchase vegetables, but did not know their names. The witness had denied the suggestion that her son was beaten with sticks by people from outside and has asserted that the Gopinathnagar youths had come from the direction of the S.R.P. She has admitted that she was not physically assaulted nor had any person commit any wrong or dirty act with her.

She has also not seen any person commit any wrong or dirty act with any other woman.

54.30 The witness had denied that she has not seen any incident at Gopinath and has categorically stated that she has seen the incident in the passage between Gopinathnagar and Gangotri Society and that the incident had taken place between 5:00 to 5:30. She has admitted that she has seen the incident from the passage.

54.31 In her cross-examination it has come out that she knew Guddu since he was young. It has further come out that Kausarbanu was caught and brought there. She has stated that upon seeing Kausarbanu's incident she had not shouted for help because if she shouted they would kill her too. She has stated that the sword blow inflicted on Kausarbanu was on her stomach. She has denied that when Kausarbanu fell the foetus fell out of her womb. She has stated that the foetus was taken on a sword. She has admitted that after taking out the foetus on the sword, it was lifted up and twirled. She has stated that the foetus was then burnt with its mother. She has admitted that both Kausarbanu and the foetus were fully burnt in the incident on the spot. In her cross-examination she has categorically stated that she had seen Bhavanisingh's daughter's in both the incidents and that they were handing over kerosene cans to the mob. It has further been elicited that she knew Babubhai since prior to the incident.

54.32 The witness has been crossed examined as to her previous statement dated 28.5.2008 recorded by the SIT to the effect that she had stated that Kausarbanu was inflicted a

sword blow by Guddu who had taken out the foetus on the sword. She, however, has voluntarily stated that she had given Babu Bajrangi's name.

54.33 The witness is sought to be cross-examined as to her previous statements recorded by the police to the effect that she had not stated that she had gone to leave her daughter-in-laws, daughter and their children to the S.R.P. Quarters and had returned home. In the opinion of this court, this omission cannot be said to be so material or omission so as to amount to a contradiction as envisaged in the proviso to section 162 of the Code.

54.34 Similarly the contradictions sought to be brought out as to her previous statements recorded by the police as regards the contents of paragraph 7, viz. non reference to the youths running and coming with a youth named Ahmed who was injured by a bullet, and reference to Bhavanisingh standing in front of his house with an aged man, also cannot be said to be material omissions so as to amount to contradictions. The omission to state certain facts in paragraph 8 of the deposition in his previous statements recorded by the police, viz. "Thereafter in the morning at around 11:00 to 11:30 Bhavanisingh and an aged person came to their chawl" [the omission limited to the presence of aged person] and "hurled abuses and went away" also cannot be said to be material omissions so as to amount to contradictions. Similarly, not mentioning that the four were foremost in the mob in the previous statements would not amount to a material omission amounting to a contradiction. Such questions therefore, should not have been permitted to be put to the witness.

54.35 The witness is also sought to be contradicted as to her previous statements recorded by the police as well as the SIT, to the effect that she had not stated the contents of paragraph 10 of her examination-in-chief before them. However, it appears that except for the last part of the paragraph, wherein she has deposed that there was saying the they had to die, how could they go inside and were showing them the newspaper, etc. the facts preceding such facts in the paragraph have been expressed in other words in the statements, therefore, there is not omission qua that part. The contradictions sought to be brought out qua the previous statements recorded by the police in paragraph 11 and 12 of the deposition are narrative in nature and non-mentioning of such facts which have no direct relation with the offence in question cannot be said to be a material omission amounting to a contradiction. The contradiction sought to be brought out as to the previous statements recorded by the police as regards certain portions of paragraph 13 of her deposition can be said to be a material omission to the extent the witness had not referred to Bhavanisingh's elder daughter and her role in the incident. Similarly, reference to Bhavanisingh having caught and brought Kausarbanu and reference to Babu Bajrangi in paragraph 15 of the deposition can be said to be material omissions amounting to contradictions.

54.36 In the cross-examination of this witness it has been elicited that she had seen Bipin Auto Garage. The witness has admitted that she knew Bipinbhai from prior to the incident. The witness has denied that she had not seen Bipinbhai anywhere during the day of the incident and that she was

falsely giving his name at the instance of the social workers at the camp.

54.37 Four statements of this witness have been recorded during the course of the investigation. The defence has cross examined the concerned Investigating Officer or the concerned assignee officer of the then Investigating Officer who had recorded the statement of the witness.

54.38 PW-277 Shri M.T. Rana, an assignee officer, has admitted that he had recorded the statement of this witness on 13.4.2002. He has admitted that he had recorded the statement of this witness in the presence of one Nazirkhan Rahimkhan Pathan and has voluntarily stated that at that time allegations were being made against the police, and hence, Shri Tandon had issued orders that they should take signatures on the statements and, therefore, he had taken the thumb impression of the witness and had recorded her statement in the presence of one Nazirkhan.

54.39 The assignee officer has stated that he does not remember as to where he had recorded the statement of this witness but has stated that it must be at the Shah Alam camp. The witness has denied that Shri Tandon had also told him to record the statements in the presence of an educated, intelligent leader of the Muslim community. He has stated that he had only told him to record the statement in the presence of one person. The assignee officer has further stated that Nazirkhan's signature had been taken on the statement together with this witness. He has admitted that from the beginning till the end of recording of the statement, Nazirkhan

was present and after the statement was read over in the presence of Nazirkhan, the witness has stated that the same was proper and correct. It is quite disturbing to note that on account of allegations being made against the police, the police has flagrantly violated the provisions of section 162 of the Code, which expressly ordains that no statement made by any person to a police officer in the course of an investigation under that Chapter, shall, if reduced in writing, be signed by the person making it. It is a matter of concern, that higher officers have issued instructions to the subordinates to follow a procedure contrary to law.

54.40 The assignee officer has further admitted that this witness in the statement recorded by him had not given the name of Babu Bajrangi nor had she attributed any role or act to him. The assignee officer has further admitted that in her statement, the witness has not stated that at that time Hindu Muslims were pelting stones against each other. (It may be noted that insofar as cross pelting of stones between Hindus and Muslims is concerned, such question has been put to the witness in her cross-examination and, therefore, there was no question of proving the same through the testimony of the Investigating Officer. The trial court, therefore, should have disallowed such question.)

54.41 The assignee officer has further admitted that this witness in her statement recorded by him had stated that about one thousand Muslims had taken shelter at Gauri Apa Qureshi's house and has further admitted that the witness had stated that on that day in the afternoon at around 1 or 2 o'clock, she had seen a mob of around fifteen to twenty

thousand Hindus coming from the direction of Uday Gas Agency. He has further admitted that this witness had stated before him that the mob had broken the compound wall towards their chawl with hammers and had attacked their chawl. He has also admitted that this witness had stated that from the terrace of the house where they had taken shelter, they had come over Gangotri Society to Gopinath Society and from the terrace of the house they had seen that Muslims were being burnt alive by the Hindus. He has further admitted that the witness has stated before him that Zarinabanu and her daughter Nasimbanu from their mohalla Jawannagar were burnt by sprinkling kerosene upon them, which she had seen with her own eyes, and kerosene was sprinkled upon Kherunbanu and her mother Bilkisbanu who were residents of Jawannagar, and they were burnt alive by the mob. Also Sharifbhai Iqbalbhai Shaikh, a resident of Jawannagar who is her brother's son and her nephew's son Siddiqbhai Salimbhai Shaikh were also burnt alive, which she had seen and the atmosphere was so bloodcurdling that they were all terrified.

54.42 The assignee officer has further admitted that this witness has stated before him that they had not caused any harm to them. However, people from Gopinath Society and outsiders, who had come in the mob had assaulted them with sticks and she too was beaten with lathis on her hands and waist and when they were at the Gangotri Society at that time, a sword had been struck on the abdomen of a pregnant Muslim woman, whose name she does not know, and upon the foetus coming out, it was taken on the tip of the sword and swirled and thereafter kerosene was sprinkled on the woman and she was burnt. She does not know the name of the person who

killed the woman and that they were people who were wearing shorts and bundies and they had tied saffron bands on their heads. That much she had seen. At that time, she had seen that her husband was not with her and he was sitting down. The assignee officer has further admitted that this witness has stated before him that together with them many Muslims as well as people from Gopinath Society had also seen the incident. He has further admitted that this witness had stated before him that she had not seen any other Muslim woman being raped with her own eyes and not heard about it and that thereafter, at around 11:00 to 12:00 at night, the police came, where they were near the houses of Bhangis and they were taken through their area on foot and from Natraj Patiya they were taken in police vehicles to the Shah Alam relief camp. The assignee officer has admitted that this witness has not named Babu Bajrangi and Bhawani's elder daughter in the statement recorded by him.

54.43 [Once again this part of the statement of the witness has not been put to contradict any part of her evidence, and therefore, it was not permissible to bring the same on record.]

54.44 The assignee officer has admitted that this witness has not named Babu Bajrangi and Bhavani's elder daughter in the statement recorded by him. It appears that due to inadvertence it has not been properly brought out in the cross-examination of PW 277 as to whether the facts stated by this witness in line No.5 to the last line to the paragraph 6 of her deposition have not been stated by this witness.

54.45 The assignee officer has admitted that this witness has not stated the facts stated in the first three lines of paragraph 7 of her deposition, wherein she has stated that at this time youths were running and coming and a youth named Ahemad was injured by a bullet in the incident and the people of their chawl were bringing Ahemad. He has further stated that this witness has also not stated before him that at that time, there was stone pelting from the S.T. Workshop. The assignee officer has also admitted that this witness has not stated before him that there was an old man with Bhavanisingh. He has admitted that the witness has not stated what is stated by her in the first three lines of paragraph 8 of her deposition, wherein she has stated that thereafter at around 11:00 to 11:30 in the morning, Bhavanisingh was there in the chawl and he came with an old man, in her statement recorded by him. He has further admitted that the witness has not stated the facts stated by her regarding the conversation between her and Bhavanisingh regarding Bhavanisingh asking her to bring vessels and prepare *kadhi khichdi*, before him. He has also admitted that this witness in her statement recorded by him has not stated that these four persons were in the forefront of the mob. He has further stated that the witness in her statement has referred to accused Sahejad, Guddu and Suresh Chhara and has also referred to Bipin Autowala and that they were leading the mob. The assignee officer has voluntarily stated that this witness has named all the four accused before him.

54.46 The assignee officer has denied that the witness has not stated all the facts stated by her in paragraph 10 of her examination-in-chief and has stated that except for two

lines, wherein the witness has stated that they had also told them that they have to die today, how will they go inside and that they had also shown them the newspaper, all other facts had been stated by the witness. The assignee officer has admitted that this witness has not stated before him that there was no one in Gangotri Society and the Society was empty. A huge house was which was open and they had gone and sat in the house. Two or three people came there and told them to go away from there, otherwise their Society would also be set on fire. They told them to go away to Naroda. That they had beseeched them that Naroda was very far, how would they go there as people would kill them on the way? At that time, these persons started beating them and told them that today they have to die. Thereafter they had come out of the house in Gangotri Society.

54.47 The assignee officer has denied that this witness has not stated all the facts stated by her in paragraph 12 of her deposition wherein she has stated that they were running in the lanes of Gopinath Society, at that time, youths from the society had started beating her sons Jumman and Rafiq with hockey sticks, sticks and told them to go away from there to Naroda. The assignee officer has voluntarily stated that the witness has stated all the facts in her statement, except that there is no mention of Rafiq or Jumman.

54.48 The assignee officer has admitted that this witness in her statement recorded by him, had not stated the facts stated in paragraph 12 of her deposition regarding her meeting Maharufbhai and Nurubhai; the people of the society driving them out of the society; her not knowing where her children

had gone; and that she was searching for her children at Gopinathnagar, etc., have not been stated by her before him. He has further admitted that this witness has not stated that she was in the passage.

54.49 The assignee officer has denied that this witness has not stated all the facts stated by her in paragraph 13 of her deposition and has stated that she has deposed that she had seen that they were tearing off the clothes of the girls and burning them and at that time from Parshawanathnagar as well as from the opposite side two mobs had come. The assignee officer has stated that only the fact regarding the clothes being torn off and being burnt have not been stated, the rest of the facts have been stated by her. The assignee officer has further admitted that this witness has not given the name of Bhavani's elder daughter nor has she attributed any role to her. He has further admitted that the witness has not stated the facts stated by her in paragraph 15 of her examination-in-chief, regarding Bhavanisingh catching and bringing Kausarbanu there; Kausarbanu shouting; Babu Bajrangi inflicting a sword blow on her stomach and taking out the foetus at the tip of the sword, etc.; thereafter Bhavanisingh's daughter bringing kerosene which was poured over Kausarbanu and her foetus; and they being burnt, have not been stated by her in her statement recorded by him. The assignee officer has further stated that this witness had narrated the incident of Kausarbanu before him; however, she had not named Babu Bajrangi in her statement and had referred to a Muslim woman, but had not given the name of the assailant. She had told him that they were wearing shorts and undershirts and had tied saffron bands. The assignee

officer has further admitted that this witness had not stated the facts regarding "Bipin firing a bullet" as stated by her in paragraph 9 of her deposition.

54.50 PW-291, M.B. Raj, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 25.6.2002. The assignee officer has admitted that this witness had stated before him that on that day, she, her husband and two sons were all present at home and on that day, at around 9:30 in the morning, a mob of around fifteen to twenty thousand people gathered at Naroda Patiya and attacked the chawls of their community and she and her family, to protect their lives, fled to the S.R.P. Quarters and took shelter there and on that day, upon the police vehicles coming at around 12 o'clock at night, they were taken in their vehicle to the Shah Alam relief camp. The assignee officer has admitted that this witness had not given the name of any accused before him, nor had she stated that any of the accused had assaulted, burnt or committed rape. He has further clarified that the witness had stated that the people in the mob had set the houses on fire and that the witness's son Jumman's house was burnt. The assignee officer has admitted that this witness had not given the name of Babu Bajrangi before him.

54.51 The contents of paragraph 6 as well as the contents of first three lines and the fifth line to the last line of paragraph 7 of the examination-in-chief of this witness, are read over to the assignee officer who has admitted that the witness had not stated such facts before him. The contents of paragraph 8 as well as the contents of last line of paragraph 9 of the

examination-in-chief of this witness are read over to the Assignee Officer who has admitted that the witness had not stated such facts before him. The contents of paragraph 10 at page 5 of the deposition of this witness are read over to the assignee officer, who has admitted that the witness had stated before him that to protect their lives, they had gone to the S.R.P. Quarters and had taken shelter there and except for that, the other facts have not been stated before him by the witness.

54.52 The contents of paragraph 12 from the third to the sixth line, the contents of the sub-paragraph of paragraph 12 at page 7, the contents of paragraph 13 as reproduced in paragraph 37 of the deposition of the witness and the contents of paragraph 9 of the deposition of the witness, wherein she has stated that Guddu was shouting at Bipin and was telling him "*Bipin, fire the bullet*", are read over to the assignee officer, who has admitted that the witness has not stated such facts before him. The contents of paragraph-15 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that the witness has not stated such facts before him.

54.53 PW-307, S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 19.5.2002. He has voluntarily stated that her main statement was recorded by Shri M. T. Rana on 13.4.2002. The Investigating Officer has admitted that after recording the statement, he had read it over to the witness and she had put her thumb impression on it in the presence of her husband Kallubhai and that Kallubhai had put his signature at the end of

the statement. The Investigating Officer has denied that the reason for taking the thumb mark and the signature was to ensure that there is no difficulty in case if the witness becomes hostile in future. He has stated that the reason for taking the signature and the thumb impression of the witness is that the representations were being made to Smt. Sonia Gandhi at the Gandhi Ashram and since in the context of the representation, further statement was being recorded, by way of abundant caution, the signature and thumb impression were taken. It is lamentable that once again the provisions of section 162 of the Code have been completely disregarded for extraneous reasons.

54.54 The Investigating Officer has admitted that this witness had not stated any facts regarding or attributed any role to accused No.18 Babu Bajrangi in the statement recorded by him. The Investigating Officer has admitted that this witness had not given the name of any accused, nor had she stated any facts involving the accused in any criminal acts. He has voluntarily stated that in the statement facts regarding criminal acts committed by the people in the mob have been stated.

54.55 Certain extracts of paragraph 6 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. The first three lines and the seventh line of paragraph 7; the first three lines of paragraph 8 and the last but sixth line till the end of paragraph 8; the last line of paragraph 9 and certain extracts of paragraph 10 and the facts stated in paragraph 11 of the

examination-in-chief of the witness, are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

54.56 The contents of the third to the sixth line of paragraph 12 as well as the facts stated in the sub-paragraph of that paragraph at page 7 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. The contents of the first two lines of paragraph 13 of the examination-in-chief of the witness, wherein she has stated that she was in the passage between Gopinathnagar and Gangotri Society, are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

54.57 The contents of the second line to the fourth line of paragraph 14 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that thereafter, she saw that clothes of girls were being torn off and they were being set on fire; at that time, from Parshwanathnagar as well as from the opposite side, two mobs had come. The Investigating Officer has denied that the witness had not stated such facts before him and has stated that in the statement, it has been stated that the girls were raped and they were killed. However, the other facts have not been stated before him.

54.58 The Investigating Officer has admitted that this

witness has not named Bhavanisingh's elder daughter nor has she attributed any role to her.

54.59 The contents of the first two lines of paragraph-15 and the fourth line and the fifth line of paragraph 9 of the examination-in-chief of the witness, are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

54.60 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT), in his cross-examination, has admitted that he has recorded the statements of this witness on 28.5.2008 and 14.9.2008. He has admitted that this witness had stated before him that, moreover at around 5 to 6 o'clock between Gangotri Society and Gopinath Society, Guddu Chhara inflicted a blow with a sword on the stomach of a woman named Kausarbanu, who had a foetus in her stomach and took out the foetus and lifted it on the tip of the sword and told Kausarbanu that he had killed her son before he came into the world. At that time, Kausarbanu stood up and fell down. Thereafter, Bhavanisingh sprinkled kerosene over her and burnt her and the foetus together. The Investigating Officer has admitted that this witness had not mentioned any act or role played by Babu Bajrangi in both her statements and had not named him.

54.61 The Investigating Officer has admitted that this witness had not stated that Bhavanisingh had pulled and brought Kausarbanu and that Bhavanisingh's daughter had brought cans of kerosene and handed them over to

Bhavanisingh. The Investigating Officer has deposed that the witness had stated before him that thereafter another mob had come wherein Bhavanisingh, Guddu Chhara, Suresh Chhara, Bhavanisingh's son who is an advocate and Bhavanisingh's daughter were there. Another mob had also come and was tearing the clothes of five girls, viz. Bilkisbanu, Sofiyabanu, Nasimbanu, Kherunnisha and another girl whose name she does not know and burning them and was sprinkling kerosene on their heads and setting them ablaze. Jaybhavani's daughter was there and she had a white coloured can in her hand wherein there was something like petrol or kerosene, which she was giving to the mob. The Investigating Officer has admitted that the witness had stated before him that in the previous statement, the facts as stated by her and the names of the accused as given by her had not been recorded by the police.

54.62 The Investigating Officer has admitted that the witness had stated before him that since they were behind the wall, the mob could not see them (paragraph 459). The Investigating Officer has admitted that the witness has stated before him that at that time, no one was there in the house of this Bhangi, and therefore, there was no one in the Bhangi's chawl, they had gone to the terrace of the Bhangi and about seven hundred to eight hundred people were sitting there. Then, it became time to put on the lights.

54.63 Certain extracts of paragraph 6 of the examination-in-chief of the witness are read over to the Investigating Officer wherein the witness has stated that she had left her daughter-in-law Aminabanu, Parveenbanu, daughter Parveenbanu, and

their children, etc. at the S.R.P. Quarters. After leaving them at the S.R.P. Quarters, she had returned home. The Investigating Officer has admitted that this witness has not stated such facts in her statement dated 14.9.2008. He, however, has clarified that in her main statement dated 28.5.2008, the witness has stated these facts. However, the statement dated 14.9.2008 was recorded only for the purpose of clarifying as regards which daughter of Jaybhavani. Therefore, such facts would not find place in this statement.

54.64 The contents of paragraph 7 of the examination in chief of the witness are read over to the Investigating Officer, who has admitted that the witness has not stated these facts in her statement dated 14.9.2008. He, however, has clarified that in the main statement dated 28.5.2008, these facts have been stated and since the statement dated 14.9.2008 was for the limited purpose of clarification, the facts stated in the main statement would not find place therein.

54.65 The Investigating Officer has admitted that in both the statements recorded by him, the witness has not stated any fact regarding an old man having accompanied Bhavanisingh.

54.66 The first three lines of paragraph 8 of the examination-in-chief of the witness were read over to the Investigating Officer who admitted that the witness has not mentioned any aged man in her statement. However, he has clarified that the witness had used a synonym of the word aged and had stated the same facts. Certain extracts of paragraph 8 of the examination-in-chief of the witness are read

over to the Investigating Officer, who has admitted that such facts have not been stated by the witness but that instead of aged man she has stated that there was an old man with Bhavanisingh.

54.67 The last line of paragraph 9 of the examination-in-chief of the witness wherein she has stated that these four people were in front of the mob have been read over to the Investigating Officer who has admitted that this witness has not stated these facts before him. He, however, has clarified that this statement is a statement of further investigation and that in her original statement, the witness has stated that accused Sahejad, Guddu, Suresh Chhara and Bipin Auto were leading the mob. Certain parts of paragraph 10 of the examination-in-chief of the witness were read over to the Investigating Officer who admitted that such facts have not been stated by the witness in her statement dated 14.9.2008. He, however, has clarified that such facts find place in the statement dated 28.5.2008. Reference has been made to the facts stated in several paragraphs of the examination-in-chief of the witness to the effect that such facts have not been stated by the witness in her statement dated 14.9.2008. The Investigating Officer has voluntarily stated that as stated by him, all these facts find place in the main statement dated 28.5.2008 and that the statement dated 14.9.2008 was recorded for a limited purpose.

54.68 The contents of the third line and fourth line of paragraph 12 of the examination-in-chief of the witness are read over to the Investigating Officer wherein she has stated that the people of the society were driving them out. The

Investigating Officer has admitted that such facts have not been stated by the witness in her statement dated 28.5.2008. He, however, has voluntarily stated that at this time, the people from the society had come and told them to get out of the house.

54.69 The contents of the sub-paragraph of paragraph 12 from the fourth line to the last line are read over to the Investigating Officer wherein the witness has stated that she did not know as to where her children had gone and that about forty to fifty people had come out of the society; she came out to search for her children; she went to search for them at Gopinath society; the fifty people who went in front of her eyes did not return; however, she does not know as to what happened to them and as to whether they were killed. The Investigating Officer has admitted that the witness has not stated these facts regarding her having gone in search of her children to Gopinathnagar have not been stated before him. He, however, has clarified that the witness has stated that she was alone with her children at Gopinathnagar and that her children were killed there.

54.70 SUBMISSIONS: The learned counsel for the appellants/ accused invited the attention of the court to the omissions and contradictions in the evidence of the witness as to the statements recorded by the investigating agencies, which have been extensively referred to hereinabove. It submitted that the deposition of this witness, who is the mother of PW 162 Rafiq Kallubhai, is on all material facts contrary to what is deposed by her son. Elaborating upon such submission, the learned counsel submitted that this witness

has indicated three incidents in which she has involved the accused. In the first incident she claims to have seen the accused in the mob at about 11:00 to 11:15 in the morning at Jawannagar lane No.2 with weapons, in which she implicates Suresh Chhara (A-22), Guddu (deceased), Sahejad Chhara (A-26) and Bipin Panchal (A-44). All these accused have been named by the witness in the first police statement dated 13.4.2002, that is, 42 days after the incident and prior thereto, though she had ample opportunity to disclose the facts and the names of the accused, she has not disclosed them. It was pointed out that all the three living accused have been identified before the court. She has also named them before the SIT and the court.

54.71 In the second incident she claims to have seen Jai Bhavani, Guddu, Suresh, Jai Bhavani's elder daughter and Jai Bhavani's son at about 4:00 to 4:30 in the afternoon near Gopinath and Gangotri Society. It was submitted that out of these accused, the witness has not named Jai Bhavani's elder daughter (A-61) in the statement dated 13.4.2002. Insofar as Jai Bhavani's son (A-40) is concerned, except for stating that she had seen him, no overt act is attributed to him nor is his name mentioned anywhere and there is no test identification parade of both these accused. Insofar as Jai Bhavani's elder daughter is concerned, her role is not mentioned nor is she named anywhere.

54.72 The third incident referred to by the witness is the Kausarbanu incident which took place at about 5:00 pm. It was submitted that before the SIT, the witness had named Jai Bhavani for the first time, and Babubhai's name was not

mentioned before any investigating agency and is mentioned for the first time only before the court. It was submitted that when her statement came to be recorded on 13.5.2002, she did not mention the name of any assailant and on the contrary made a positive statement that she does not know the person who caused injury to the pregnant Muslim woman. The name of Kausarbanu was also missing in the police statement. It was also submitted that the witness, in her previous statements has not stated that she was in the passage therefore, her entire deposition regarding having seen the incidents is not correct.

54.73 The learned counsel further submitted that this witness has not given the name of accused No.18 Babu Bajrangi in either of her police statements or statement before the SIT. It was submitted that this witness has involved accused Babu Bajrangi in the offence with regard to the incident of Kausarbanu and that such version implicating the accused in this incident has come up for the first time before the court. In none of her police statements dated 13.4.2002, 19.5.2002 and 25.6.2002, the witness has named accused No.18 and for the first time during the court of her deposition before the court, she has named this accused. It was submitted that even in her cross-examination, she has stated that she had no prior acquaintance with accused No.18 and therefore, the fact regarding she having identified accused No.18 Babu Bajrangi is doubtful. It was submitted that the witness has stated about Babu Bajrangi having given a sword blow to Kausarbanu and she is the only witness to have said this.

54.74 It was submitted that from the cross-examination of the witness, it has come out that there were tables to lodge complaints at the camp and the members of social organizations, media as well as police were visiting the relief camp, however, she has given her statement for the first time before the police at a belated stage only on 13.4.2002 at the Shah Alam Police Chowky.

54.75 It was submitted that the conduct of this witness is unnatural and on a close scrutiny of the evidence of this witness, her presence at the scene of offence is doubtful. It was submitted that in her examination-in-chief, she has stated that when the incidents started, she took her daughter-in-law's Aminabanu and Parveenbanu as well as their children to the S.R.P. Quarters and after leaving them at the S.R.P. Quarters, she had come back to the place of incident for no apparent reason. In her cross-examination, the witness has admitted that the S.R.P. personnel were permitting them to enter the S.R.P. Quarters and that on two occasions, she had gone inside, despite which she was moving around the scene of offence throughout the day though she had all chances to save herself. It was submitted that the entire version given by this witness as regards her presence at the place of incident is rendered highly doubtful.

54.76 It was submitted that insofar as the role of accused No.61 is concerned, this witness has given different versions in her testimony before the court and in her statement recorded by the SIT, and hence, even the trial court has found that the participation of accused No.61 in the offence is doubtful. It was submitted that as regards the role attributed to the accused

No.40, no overt act has been attributed to him and that even the trial court has found the participation of accused No.40 to be doubtful.

54.77 It was pointed out that insofar as accused No.26 Sahejad Chhara is concerned, the witness has admitted that she had no prior acquaintance with him and has also admitted that no test identification parade had been carried out to identify those accused whom she had identified in the court. It was submitted that therefore, such identification for the first time before the court should not be believed.

54.78 It was submitted that this witness has given different versions in her testimony before the court and in the statements recorded by the investigating agency regarding the participation of accused No.22 Suresh Langda, accused No.26 Sahejad Chhara and accused No.44 Bipin Panchal in the mob. It was submitted that in none of her police statements, the witness has stated that she was standing on the road between Gopinath and Gangotri Society and that she had witnessed the incident from there. The version of this witness of being present there and having visualized the incident is, therefore, doubtful. It was submitted that the version given by this witness that Guddu was asking Bipin to fire, has not been stated by her in any of her police statements, nor does she allege that Bipin Panchal (A-44) had fired from the pistol. Therefore, the presence and participation of accused No.44 is doubtful.

54.79 It was submitted that considering the overall evidence of the witness, the testimony of this witness is not

credible and trustworthy and cannot be made the basis for implicating the accused persons in such a serious offence.

54.80 It was submitted that in the above backdrop, the credibility of the witness is shaken and it would be very hazardous to rely upon any part of her evidence as she has a clear tendency to improve the facts and to implicate one accused after the other. It was further submitted that the conduct of the witness of leaving the female members of the family and children at the compound wall of the S.R.P. Quarters and then moving around and going to three different houses is not only unnatural and in contradiction to her police version and also contradictory to the version given by her son Rafiqbhai, which would make her unreliable.

54.81 It was submitted that similar to the case of PW 156 Abdulmajid, the first police statement of the witness was recorded in the presence of Nasirkhan and his signature and her thumb impression was taken on the statement. It was submitted that therefore, the possibility of the witness stating facts and incidents showing the involvement of the accused at the instance of Nasirkhan cannot be ruled out.

54.82 Mr. Prashant Desai, learned Special Public Prosecutor submitted that this witness is a natural witness and her version before the court is not an exaggerated version and she has only stated what she had seen. It was submitted that the presence of this witness at the scene of offence has been established beyond reasonable doubt. It was submitted that this witness has referred to two incidents. The first incident is regarding burning five girls and the second incident is about

burning Kausarbanu. It was submitted that the fact regarding Guddu shouting to Bipin may not have been stated in the year 2002, but the witness has stated so in her examination-in-chief and she has not been asked whether or not in her statement recorded in 2008, she has stated so. It was submitted that there is no ground to disbelieve this witness and through her deposition, the prosecution has established that five girls were burnt at the spot and one pregnant lady was killed with a sword at the scene of incident. It was submitted that this is a consistent story stated by this witness since the year 2002. It was submitted that the fact regarding Bhavani's daughter having given kerosene has also been stated by her in her statement recorded in 2008. It was submitted that there is no ground for disbelieving this witness as she was present there and there is no reason for her to give any evidence to misguide the court.

54.83 ANALYSIS: This witness was a resident of Jawannagar since about twenty to twenty-five years prior to recording her testimony. Various omissions and contradictions as discussed hereinabove have been brought on record. Considering the testimony of the witness, after omitting the part in respect of which omissions and contradictions have been proved, it emerges that the consistent case of the witness is that in the morning on the day of the incident, children were running around and had come and told them that stones were being pelted at the Noorani Masjid, whereupon she left the women and children of her family at the S.R.P. Quarters and returned home. She went in front of her lane and saw Bhavanisingh standing in front of his house.

Bhavanisingh came near them and told them to go home, saying that nothing would happen. Thereafter, Bhavanisingh had asked her to give him a cauldron saying that he would make kadhi khichdi for them. While going, he gestured, due to which the mob came. Suresh Chhara (A-22), Guddu Chhara (deceased), Sahejad Chhara (A-26) and Bipin Panchal (A-44) were in the mob, wherein Suresh, Guddu and Sahejad had swords and Bipin Panchal had a pistol in his hand. She saw the four accused persons in the mob after 11:00 and they [she, her husband and two sons, Rafiq and Jumman] fled towards the S.R.P. Quarters compound wall at around 2:30 in the afternoon. There were many policemen there. They did not let them go inside. They (the police) released tear gas at them and they climbed on Gauri Apa's terrace and climbed down into Gangotri Society and took shelter in a big house which was open. They were driven away from there and told to go towards Naroda.

54.84 They went to Gopinathnagar and were fleeing from the lane of Gopinathnagar, when the youth from the society had started assaulting them and had driven them away. She was between Gopinathnagar and Gangotri, when she saw the people in the mob setting girls ablaze. In the mob she saw Bhavanisingh, Guddu Chhara, Suresh Chhara and Bhavani Singh's son. Thereafter, a pregnant woman was caught and brought there; she was shouting that she was at the last stage of her pregnancy and to let her go for the sake of Allah. However, they did not let her go and a blow was inflicted on her stomach and the foetus was taken out on the tip of a sword and they were thrown in the fire. At the time of this incident

she was in a passage between Gopinath and Gangotri and after 5:30 to 6:00, upon it becoming slightly dark, she took cover against the wall and went to Gangotri Society and sat on a terrace there. It has been submitted on behalf of the appellants that a contradiction has been brought out that before the police the witness had not stated that she was in the passage, viz., the passage of the water tank. However, from the cross-examination of the witness [paragraphs 108 and 109] it has been elicited that this passage is not the passage of the water tank but is a lane for going inside Gopinathnagar and Gangotri. She was standing alone in that passage. It has further come out that this passage is near the curve of S.T.

54.85 Insofar as acquaintance with the accused named and identified by the witness is concerned, the same has clearly been brought out in the cross-examination.

54.86 Insofar as the contradictions and omissions in the testimony of this witness as to her previous statements recorded by the police, the same have been reproduced and discussed hereinabove, and the above referred version remains after ignoring the part in respect of which omissions and contradictions have been proved.

54.87 In the opinion of this court, despite the fact that this witness has been subjected to lengthy and tiring cross-examination, she has withstood the same. Except for the contradictions referred to hereinabove, the defence has failed to dent the credibility of the witness, who appears to be a

truthful witness and her version of the incident inspires confidence. It may be noted that the witness has deposed around eight years after the incident, and as such, it would be too much to expect the witness to remember the minute details of the incident and the places where they went to. One has to remember that the witness and others were running to save their lives from a blood thirsty mob and their first and primary object would be to save themselves. Therefore, while they were running from one place to another, it is too much to expect the witnesses to remember in sequence, the places where they hid and the time when they went to each place. Similarly a witness cannot be expected to remember the description of the places where he or she was hiding and it would all depend upon the observation powers of an individual witness.

54.88 Insofar as non-reference to the name of Kausarbanu in her police statement is concerned, it may be that the witness may not be aware of her name at that time but may have subsequently heard that the pregnant woman who was killed at the passage of the water tank was Kausarbanu. Not naming Kausarbanu would not detract from the fact that the witness, at the first point of time, has referred to a pregnant woman whose womb was slit with a sword and the foetus was taken out on the tip of the sword and swirled around. There is a discrepancy in naming the accused person to whom this role is attributed. Before the police she had named Guddu, before the SIT she had named Jai Bhavani and before the court she had named Babu Bajrangi. Thus, while there is no discrepancy in narrating the incident, there is a discrepancy in naming the accused. Therefore, to the extent the witness has improved

upon her original statement recorded by the police and named other accused persons, the evidence of the witness cannot be said to be consistent, so as to rely upon the same to incriminate those accused.

54.89 Insofar as the discrepancies between the testimony of this witness and the testimony of her son PW 162 Rafiq Kallubhai are concerned, by and large the versions given by both of them match with each other, except for the timings. PW 162 has stated that they were sitting near the S.R.P. Quarters and at around 7:00 p.m., tear gas shells were lobbed to disperse the Muslims and they were forced to go away and the witness took shelter in a house at Gangotri. From there they were told to come out as it was safe and escape, but there was a mob outside wherein he had seen the named accused. The witness has stated that he did not go in the direction in which they were told to go but remained near the S.R.P. Quarters but others who went there were attacked and he heard screams of the victims. His mother was with him till 7:00 p.m. While considering the testimonies of the witnesses as a whole, it appears that the timings stated by this witness, viz. PW 142 are closer to the truth, and the timings stated by PW 162 do not appear to be correct as all the incidents had taken place prior to 7:00 pm. Otherwise, the sequence of events is the same, viz. they went to the S.R.P. Quarters, then took shelter in a house at Gangotri and were driven out from there. It appears that at this stage they had got separated.

54.90 It is noteworthy that this is not a case where a single incident has taken place and there are discrepancies in

the testimonies of witnesses in respect of such incident. In this case, the events unfolded from the morning when the residents of the chawl started moving towards the rear side for safety. Throughout the day, the residents were under immense tension and fear and were running here and there for safety. Considering the class to which majority of the witnesses belong, hardly any of them may be wearing watches. Besides, in the atmosphere of terror and fear, one can hardly expect them to note the time when a particular incident took place. This was not a normal day when they were required to go about their routine work, in which case, they might be concerned with the time. Here, all they were concerned was about saving their lives and as to what time of the day it was, was hardly material at that time. Therefore, by and large the witnesses would have given the time on the basis of estimate, and it is quite possible that there may be variations in the time stated by different witnesses given the circumstances prevailing on that day, when they must hardly be in a position to think clearly. In these circumstances, much significance cannot be attached to discrepancies in the time stated by the witnesses if all other facts stated by them are more or less similar. Thus, in the opinion of this court, there are no serious discrepancies in the testimonies of the witness and her son, so as to impeach the credibility of this witness. Her version except to the extent noted hereinabove, therefore, deserves to be accepted.

54.91 Through the testimony of this witness the prosecution has proved the presence of Suresh Chhara, Guddu Chhara, Sahejad Chhara and Bipin Panchal in the mob in the

chawls in the afternoon after 11 o'clock as well as the presence of Suresh Chhara (A-22), Guddu Chhara (deceased), Bhavanisingh (deceased) and Bhavanisingh's son (A-40) in the mob near the passage of the water tank in the evening. Insofar as the presence of Babu Bajrangi is concerned, there is an inconsistency between the previous statement of this witness recorded by the police and her testimony before the court. Therefore, the testimony of this witness cannot be relied upon to prove the charge against Babu Bajrangi (A-18).

XIII OTHER WITNESSES:

55. **PW 37 Salimbhai Roshanali Shaikh** who has been examined at Exhibit-256, has deposed that he is residing at Jawannagar, Next to S.T. Workshop, Naroda Patiya since the last ten years. In the year 2002, he was driving a rickshaw. His family, including his wife, is comprised of fourteen persons and he is residing with them. He has five sons and two daughters. His elder son Siddique died in the riots on 28.2.2002. His sons' names are Siddique, Sabbir, Ayub, Sheru and Jamil and his daughters' names are Afsanabanu and Salimbanu. At the relevant time, he had an auto-rickshaw of his ownership, which he used to ply. His son also used to ply his rickshaw.

55.1 The incident took place on 28.2.2002. Prior thereto, he had gone for his work on 27.2.2002, when he came to know that a train of Hindus had been burnt at Godhra, due to which there was tension and hence, he had come home. On 28.2.2002, there was a call for Gujarat Bandh. On 28.2.2002, he woke up early in the morning at 5 o'clock and had gone to

perform namaz at Noorani Masjid. After namaz, he was sitting at a tea stall for approximately two to three hours, that is, uptill around 09:30. He was sitting at the tea stall so as to ascertain the situation in connection with the bandh. Other Muslims were also sitting with him at the tea stall.

55.2 At round 9:30, Police Inspector Shri Mysorewala came near the Noorani Masjid. At that time, he was at the Naroda Police Station. When he came, they informed him that a mob had gathered near Natraj Hotel and asked him to do something, whereupon he told them that nothing would happen to them and that they should go home. At this time, P.I. Shri Mysorewala joined the mob, and as he had also gone with the mob, the mob started coming towards the Noorani Masjid. The mob was comprised of Hindus and they were throwing burning rags at the Noorani Masjid and resorted to stone pelting, therefore, he felt that there was risk to his life. He and others who were standing near the masjid, thought it appropriate to resort to stone throwing to save the masjid, however, despite doing that, they could not save the masjid and the mob caused damage to the masjid. At that time, they had gone to the corner of the wall of the S. T. Workshop, near the Noorani Masjid when Shri Mysorewala ordered firing, pursuant to which there was firing on their mob and one person died, whose name was Javed @ Khalid. At this time, they were standing at the entrance of Dilip-ni-Chali, near the corner of the S.T. Workshop when the mob of Hindus started increasing and there were people who were wearing khakhi shorts, saffron bands and white undershirts. The members of the mob were armed with dharias (scythes), swords, kerosene, sticks, pipes, kerosene tins, kerosene cans, etc. The mob was

led by Guddu Chhara, Suresh Langado, who is also a Chhara, a person named Darbar, Bipin Autowala, Pintu and Pintu's father Dalpat. In this mob, Guddu had a sword in his hand, Suresh Langado had a dharia, Darbar had a dharia in his hand, Bipin Autowala had a pipe in his hand and Pintu and Dalpat had also pipes in their hands. He has stated that since he was residing at Naroda Patiya since the last ten years, he was able to identify the above named persons in the mob.

55.3 At this time, it must have been around 11 o'clock in the morning and they, namely the Muslims, started moving from Dilip-ni-Chali, Pandit-ni-Chali towards Hussainnagar, when the people in the mob started damaging the houses of Muslims and started advancing forward. Therefore, he went to his family and along with his family members, climbed on the terrace from where they went from one terrace to other. He had felt that now there was no scope of being saved. The Hindu mob had entered their lanes and was assaulting Muslims. When they went near the S.R.P. gate which was a small gate and told the S.R.P. people that the riotous mob was coming forward and requested them to let their women and children stay there, the S.R.P. watchman told them that they had to die there and that they should see what has happened in the Godhra incident. He has stated that the incident near the S.R.P. gate took place at around 4:30.

55.4 The witness has further deposed that upon receiving such a reply from the S.R.P., he along with his family, climbed on Gauri Apa's terrace where there were other Muslims with them and they all climbed down to Gangotri Society, where Bhavanisingh and Dalpat had told them to bring

a cauldron and said that they would cook food for them, whereupon they had told them that they did not want to eat and that they should let them protect their lives.

55.5 The witness has further deposed that they were all trying to return to their houses through Gangotri Society via Gopinath Society, when near the gate of Jawannagar Gangotri Society, a huge Hindu mob had come, and hence, they started climbing over the terrace, when some Muslims were left below and some could climb. At that time, the mob had grown larger and it must have been around 6:00 to 6:30 in the evening and there did not appear to be any hope of escaping and when the police had released tear gas shells, his son Siddique had got separated from him. When he was coming down from the terrace, the aforesaid six persons named by him, viz. Guddu, Suresh, Darbar, Bipin Autovala, Pintu, Dalpat, etc. were there. They pulled his son Siddique into the mob, namely, the mob comprised of Hindus.

55.6 Near the water tank of Gopinath Society, Guddu had inflicted a pipe blow on his son Siddique's head and Darbar had inflicted a blow with a dharia on his stomach and had felled Siddique and Bipin and three others pulled him and poured kerosene and placed mattresses etc. on him and poured inflammable substance on him and set him ablaze. He had seen this. His son Siddique had died. When he saw his son Siddique being killed in this manner, a scream escaped from his mouth, whereupon someone in the mob said, "*See here is a miya*". Somebody from the mob said, "catch, catch, here is a miya". Upon their saying so, he ran towards Gangotri Society and hid himself.

55.7 In the incident which had taken place near the water tank near Gopinath Society, his maternal uncle's son Sharif was also killed in a manner similar to the manner in which his son Siddique was killed. At this time, it was around 6:30 to 6:45 in the evening.

55.8 At this time, all the Muslims had hidden on the terrace of Gangotri Society and had thought that they would all die together and hence, they had gathered and were sitting together. At that time, the police came and informed them that they would be taken to a safe place, however, they could not trust them, hence, they continued to sit there, whereupon one Samsubhai, who belonged to the Muslim community, came and said that the police vehicle had come, which would take them to a safe place, whereafter they all climbed down and sat in the police car. The vehicle took them to the Shah Alam relief camp, where they stayed for six months.

55.9 The witness has further deposed that the riotous mob had ransacked his house and caused damage to it and had committed loot and taken away their goods. His rickshaw GJ-1-W-689 was also damaged. The rickshaw was insured; however, he did not receive the insurance money and also did not receive any aid from the Government. His statement was recorded by the police at the Shah Alam camp. He had gone for recording his statement at Naroda Police Station; however, they were not recording the statements as given by them. He had received rupees five lakhs from the Government towards compensation for the death of his son Siddique, whereafter they had remained silent. However, he had learnt from the

newspapers that an SIT was coming. He had also made an application to the SIT, whereafter the SIT people had called him to Gandhinagar and recorded his statement. He has admitted the contents of the application made by him to the SIT and his signature thereon and the same is exhibited as Exhibit-258. He has further deposed that he had received a letter from the SIT to come and give his statement, whereupon he and two-three others had gone to Gandhinagar for recording their statements. After they had gone to Gandhinagar for recording their statements, the SIT people had come to their house. The SIT people had asked if the statement was proper and it was about their last reply before the SIT and he had stated before the SIT that the statement was proper.

55.10 He has deposed that he can identify Suresh Langdo, Darbar, Bipin Autowala, Dalpat, Pintu and Guddu. He has further stated that as per his information, Guddu Chhara has expired. He has further deposed that since the incident has taken place more than seven years ago, he could go to the place where the accused are sitting and identify them because due to lapse of time, there are minor and major changes in their external appearance.

55.11 At this stage, the learned advocate for the defence had raised an objection that when the witness had seen the accused in the mob, he should be able to identify him from the far and that the witness cannot be permitted to go where the accused is sitting.

55.12 In connection with the said object, the court

recorded a finding that the trial is going on in a very huge room where the witness are standing and the accused are sitting and there is a big distance between them. Moreover, since there are 62 accused, if the witness identifies the accused from far by pointing his finger or by the colour of the clothes of the accused, there would be likelihood of unnecessary suspicion and misunderstanding and keeping in view such fact, when a serious trial is going on, the court was of the confirmed view that in such circumstances, it would be more convenient if the witness is permitted to go to the place where the accused are sitting and identify them so that when the witness identifies an accused, there is no question of any doubt in the mind of the court. The court has recorded that this procedure is adopted keeping in view the sitting arrangement, the arrangement in the court room and other parameters of justice and with a view to avoid any doubts with regard to identification and with a view to see that there is a clear record.

55.13 The witness has further deposed that he cannot identify the accused from the box since a long time has elapsed. The witness has firstly identified Suresh Langdo by name. Thereafter, he has identified Bipin Autowala and has stated that he also identifies Pintu. The witness has identified Suresh Langdo (Accused No.22) and Bipin Autowala (Accused No.44) correctly. However, upon asking the person whom the witness has identified as Pintu, it turned out that he was accused No.34, Laxmanbhai alias Lakho. Thus, the witness has identified two of the accused, namely, Suresh Langdo (Accused No.22) and Bipin Autowala (Accused No.44) correctly, and could not correctly identify Pintu (Accused No.22).

55.14 CROSS EXAMINATION: In the cross-examination of this witness, he has stated that he does not remember the date on which he had made the application, Exhibit-258, but it was made sometime in the year 2008. He has further stated that at present, he does not have the letter sent by the SIT summoning him, but remembers that he was called by the SIT approximately one and half years prior thereto. He has further deposed that when he went before the SIT, his aunt Zannatbanu, Rafikbhai, Shakurbhai, etc. had gone along with him. He has admitted that the application, Exhibit-258 was written by his son and that his name, address and mobile number on the right side had also been written in his son's handwriting. The witness has been examined with regard to the contents of the application as to whether part of it had been written by his son or by someone else, to which he says that he does not know. In his cross-examination, it has come out that prior to making the application he was not informed by anyone that he was required to go before the SIT to record his statement. He has further deposed that prior to his making the application, Exhibit-258, he had not made any application to the police that the accused were stopping him and threatening him and that there was risk to his life. In his cross-examination, it has further come out that he knows Shri Mysorewala since he came to the Naroda Division and Shri Chudasama when he came to the relief camp. He has admitted that he knows Shri Mysorewala and Shri Chudasama as police officers and not in any other manner. He has further deposed that prior to the incident he had no occasion to meet Shri Mysorewala or Shri Chudasama. He has admitted that on 28.5.2008, the SIT had recorded his statement. He has further

admitted that in his statement, he had not stated that any accused had threatened or pressurized him. In his cross-examination, he has admitted that in his statement dated 28.5.2008, he had stated that he had not received any threat from the accused of this offence or from any third person and that, he had not asked for any police protection due to which, no police protection had been granted to him. The witness has voluntarily stated that after his statement was recorded, he had asked for police protection.

55.15 [It may be noted that the statement dated 28.5.2008 is a statement recorded by the SIT, which is statement under section 161 of the Code. Under the circumstances, the above referred part of his statement recorded by the police could not have been put to the witness inasmuch as the witness is not sought to be in any manner contradicted in connection with any statement made by him in his examination-in-chief. Thus, the said part of his evidence with regard to the contents of his statement dated 28.5.2008 is not admissible in evidence.].

55.16 Various other questions have been put in the cross-examination of this witness in respect of the application Exhibit-258 made by him, for the purpose of showing that the applications were not made by the applicants on their own, but were at the instance of other persons. The witness has admitted that no complaint has been filed by him in respect of the death of his son Siddique and his maternal uncle's son Sharifbhai. The witness has further stated that he had filed a complaint with regard to his house being damaged at the Collector's office, but does not remember as to when such

complaint was made. The witness has further admitted that at the time when he made a complaint with regard to the damage caused to his house, he had not lodged any complaint with regard to the death of his son and his cousin. The witness has also admitted that at the time when he was in the relief camp, he had not lodged any complaint, but has voluntarily stated that when he had gone to the Collector's office, he was told to sit quietly and that everything would happen while they are sitting at home. The witness has admitted that he understands that when any such incident takes place, a complaint is required to be lodged with the police. The witness has denied that when they were at the relief camp, the members of the voluntary Muslim organizations had been placed there. He has also denied that non-government and voluntary organizations had also placed people at the relief camps. He has also denied that to deal with any such incident, the members of voluntary organizations and advocates used to come. He has denied that applications of applicants were made in the relief camp after making announcements on the mike. He has also denied that separate arrangements were made in the relief camp for recording the complaints of the victims. The witness does not remember as to when his statement was recorded for the first time by the police, but says that possibly the same could have been recorded on 11.04.2002. The witness does not remember as to which was the police officer who has recorded his statement, but says that prior to his statement being recorded by the SIT, which was his fourth statement, three statements had been recorded. The witness has admitted that at the time when his statement was recorded on 11.4.2002, there was no grievance in his mind. He has categorically stated that his statement dated 11.4.2002 was not recorded by either Shri

Chudasama or Shir Mysorewala. The witness has denied that his statement dated 11.4.2002 recorded by the police was correct, and has voluntarily stated that the police was not recording what they were saying. The witness has further voluntarily stated that the police was very dominating and used to tell them to sit quietly, used to beat them with sticks, and that the police had become an enemy of Muslims. The witness has further stated that his young son aged 27 years had died and the police was oppressing them.

55.17 The witness is sought to be contradicted as to his police statement to the effect that in his statement before the police, he has not stated that at about 9:30 in the morning, Police Inspector Shri Mysorewala had come to Noorani Masjid and that at that time, Shri Mysorewala had become part of the mob and that as he had gone with the mob, the mob started going towards Noorani Masjid. The mob was comprised of Hindus and they were throwing burning rags and stones at Noorani Masjid. The witness has admitted that on the date of the incident, he was with his Muslim brothers in protecting Noorani Masjid. He has denied that there was a mob of Muslims. He has denied that there was cross stone throwing between Hindus and Muslims. He has voluntarily stated that they had only tried to protect the masjid. He has admitted that he was also part of the mob which pelted stones to protect the masjid and that he too had pelted stones and tried to protect the masjid. The witness is sought to be contradicted to the effect that he has not stated in his statement before the police that upon Mysorewala ordering, they had gone to the corner of the wall near S.T. Workshop near Noorani Masjid, and that Shri Mysorewala had ordered firing and hence, there was firing at

their mob. He has denied that on the date of the incident, no persons by the name of Javed and Khalid had died. He has admitted that on the date, one person named Abid had died in the police firing and that Abid was with him in the mob at Noorani Masjid. He has admitted that at that time, a person named Pirubhai was also there. He has denied that in his statement, he had not stated that on that day, the members of the mob had cans and tins of kerosene in their hands.

55.18 The witness has denied that in his statement dated 11.4.2002 recorded by the police he has not stated that Guddu Chhara, Suresh Langdo, a person named Darbar, Bipin Autovala, Pintu and Pintu's father Dalpat had taken over the leadership of the mob. He also denied that in his statements dated 11.4.2002 and 25.6.2006; he has not stated what he has stated in the first six lines of paragraph 6 of his examination-in-chief. He has also denied that he has not stated what he has stated in paragraphs 8, 9, 10 and 11 of his examination-in-chief, in his statements dated 11.4.2002 and 25.6.2002. The witness is further sought to be contradicted to the effect that in his statements dated 11.4.2002, 25.6.2002, 14.9.2008 and 28.5.2008, he has not stated what he has stated in paragraph 12 of his examination-in-chief. The witness has denied the suggestion that till 11.4.2002, he did not know any of the accused and hence, till 25.6.2002, he did not know any of the accused. The witness has voluntarily stated that he had stated all facts when his statement came to be recorded by the police; however, the police was not recording the same. That the police were writing in their own manner and telling them that now they should let go and everything was over. The witness has denied that in his statement dated 11.4.2002 and

25.6.2002; he has not stated anything with regard to his knowing any of the accused or the weapons that were in their hands. The witness is sought to be contradicted with reference to his police statement dated 11.4.2002 to the effect that in his statement, he has stated that out of the persons in the riotous mob, he does not know anyone and he does not know their names or addresses. The witness has denied that in his statement dated 25.6.2002; he has not stated the fact with regard to the death of his son. He has denied the suggestion that after the incident, he had occasion to see and meet the accused. He has admitted that prior to the incident he had no relations of talking with the accused.

55.19 The witness has denied that he had seen the armed mob referred to in his examination-in-chief from a distance of 50 to 100 feet. The witness has voluntarily stated that the mob had come from near. The witness has admitted that the mob could approximately be of five thousand people. The witness has voluntarily stated that in fact, there could be more than five thousand people. The witness has stated that at this stage, he does not remember what kind of clothes were worn by the people in the mob and voluntarily states that he certainly remembers that they had orange bands on their head and they were wearing khakhi shorts and white banyans. He has admitted that all the members of the mob were wearing orange bands, white banyans and khakhi shorts.

55.20 In his cross-examination in connection with the damages sustained in respect of his auto rickshaw, he has stated that the police had only recorded that some damage was caused to his auto rickshaw GJ-1-W-689 at the entrance of

their chawl and that the hood was torn. The witness has stated that he had stated more before the police, however, the police had not recorded it. He has stated that he came to know that the police had not recorded the facts as stated by him immediately, namely, on 11.4.2002 itself. He has denied that the police had read over the statements dated 11.4.2002 and 25.6.2002. He has stated that he had come to know that the police were not recording the statement as he was dictating and has voluntarily stated that the police used to scold them and tell them to say whatever they wanted to be recorded and not talk about anything else and they also used to tell them that a little or more damage is always caused.

55.21 The witness has admitted that, ten days after the incident at the time when the panchnama of his house was drawn, he had come to know that the police was not recording the statements as stated by them. He has admitted that at the time when he made the application, Exhibit-258, he was aware that the police was not recording the statements as stated by them. He has further admitted that in his application, Exhibit-258, he has not stated that the police was not recording the statements as stated by them. He has further admitted that on 28.5.2008 when he had gone for recording of his statement by the SIT, he had informed them that the police was not recording the statement as stated by him. He has stated that at present, he does not remember as to whether in his statement recorded before the SIT, he has stated that at that time, the police was not writing what was stated by him. He has denied that in his statement dated 28.5.2008 recorded by the SIT, he had not stated that the police was threatening them and was telling them that a little or more damage would

be there. He has further admitted that whatever he has stated voluntarily in his cross-examination, has not been stated by him in his application, Exhibit-258 as well as in his statements dated 28.5.2008 and 14.9.2008 recorded by the SIT.

55.22 The witness has admitted that the facts stated in paragraph 6 at pages 3 and 4 of his examination-in-chief which are read over to him, have not been stated by him in his application, Exhibit-258 as well as in his statements dated 11.4.2002 and 25.6.2002. He has denied the suggestion that the facts stated in paragraph 6 of his examination-in-chief have not been stated in either of his statements recorded by the SIT. The witness has denied that he has not stated the facts stated in paragraph 7 of his examination-in-chief in his application, Exhibit-258, his statements dated 11.4.2002, 25.6.2002 as well as in his statement recorded by the SIT. He has further denied that the facts stated in paragraph 8 of his examination-in-chief have not been stated by him in any of his statements. He has admitted that he has not stated these facts in his application, Exhibit-258. The witness further states that he does not remember as to whether in any statement other than the statements made before the SIT, he has stated such facts. He has admitted that on the date of the incident, at 11:30, upon seeing the mob, they had left their house open and gone away. He has denied the suggestion that the mob had pulled his son and taken him away at 11:30 in the morning. He has denied the suggestion that on that day at 11:30, he has closed his house and left. The witness is confronted with his statement dated 11.4.2002 recorded by the police wherein he has stated that upon coming to know that the riot has increased, he together with his entire family

closed his house at around 11:00 to 11:30 and fled towards Gangotri Society to save their lives, at that time, it appeared a huge mob was coming from the side of canal and hence, they had run in the middle of the Gangotri Society towards the S.R.P. group when his son Siddique was caught by the members of the mob and the members of the mob had inflicted blows with sharp cutting weapons and killed him and burnt him, and at that time, tear gas was released from the S.R.P. group line, whereupon the mob ran away. The witness has denied that his son Siddique died at 11:30 in the morning and has stated that the incident of his son Siddique, as stated by him, took place in the evening between 6:30 to 6:45. He has admitted that the fact recorded in his earlier statement that the incident of his son Siddique had taken place at 11:30 in the morning, was false and such fact had not been stated by him in his application, Exhibit 258.

55.23 In his cross-examination, the witness has admitted that as the mobs of outsiders had gathered at 9:30, he had returned home. He has admitted that on that day, it had happened that around 10:30 on the road in Pandit-ni Chali, Hussain-ni-Chali as well as the Noorani Masjid and nearby the chawl on the road in front of them, stone pelting had started. He has denied that on that day, Hindus and Muslims had resorted to pelting stones on each other. He has admitted that at that time, Hindus alone were pelting stones. The witness has voluntarily stated that Muslims had tried to resort to stone throwing to protect the Noorani Masjid, however, they were not successful.

55.24 The witness has denied that the Hindus and Muslim

mobs were near Natraj Hotel and Noorani Masjid. The witness has voluntarily stated that Shri Mysorewala had come with the mob from the side of Natraj Hotel. The witness has admitted that the mob which came from the direction of Natraj Hotel and the mob from Noorani Masjid, both had gathered together near Noorani Masjid and at that time, Mysorewala had ordered firing. The witness has admitted that firing took place towards their chawl, opposite Noorani Masjid. He has admitted that there was no firing near Noorani Masjid. He has admitted that the firing took place near Natraj Hotel. The witness has voluntarily stated that the firing took place near the Muslim mob. The witness has stated that he is not aware as to whether there was any mob other than the mob from Natraj Hotel. He has admitted that except for Noorani Masjid, there was no other mob of Muslims. He has denied that when Abid was injured with a bullet, he was at Noorani Masjid. The witness has voluntarily stated that at that time, he was at the corner of S.T. Workshop and the time was approximately 9:30 to 9:45 in the morning.

55.25 The witness has denied that a mob of fifteen thousand to twenty thousand had come from the direction of Krushnanagar and has voluntarily stated that he has not seen such mob. He has admitted that from Krushnanagar, one can go to Gopinath society by crossing the canal. The witness has stated that he does not know where Javed alias Khalid was injured with bullet and whether they were injured. The witness has stated that he has understood as to on which part of the body, Javed alias Khalid had sustained a bullet injury. As regards in which area he had sustained such injury, he has stated that it was at the corner of the S.T. Workshop. The

witness has admitted that upon crossing the Noorani Masjid, there are chawls with Hindu names near the S.T. Workshop. He has admitted that in all these chawls, persons belonging to both the communities, viz., Hindu and Muslim are residing. He has admitted that in these chawls, some buildings are single storied and some are double storied. He has further admitted that if one is standing on the road of one chawl, he cannot see what is happening in the house of the other chawl. The witness has further stated that he is not aware as to whether Javed alias Khalid has been injured or not. He has stated that he does not know as to on which part of the body, Abid was injured. He has stated that after Abid sustained a bullet injury, he was lifted and carried to his house, but he does not remember the persons who took Abid to his house in this manner. The witness has stated that he has not seen that at time of the incident of his son, the mob had come from behind Gopinath Society. He has admitted that the incident of his son being pulled away and thereafter, took place around 6:30 in the evening. He has denied that the mob came from the side of the canal and was comprised of fifteen hundred to two thousand people and that the mob had pulled his son and that his son's incident had taken place by that mob. He has admitted that upon the members of the mob seeing him and saying that a Miya is standing here, he had fled. He has admitted that after the incident, till date, he has not seen his son. He has denied that he had not seen anyone killing his son and that he had not seen the death of his son. He has denied that his son's death was caused by a mob which had come from the direction of Gopinath Society in the morning at 10:30 and the said fact had been stated by him in his first statement and that in his statement before the SIT, at the instance of his

advocate and other organizations, he had stated the facts as stated herein. The witness has been cross-examined with regard to his statement dated 28.5.2008 recorded by the SIT and certain facts stated therein have been put to the witness in paragraph-75 of his testimony. It may be noted that the contents of his statement recorded by the SIT have been sought to be brought on record without seeking to contradict anything stated by him in his evidence which is not permissible in law in view of the provisions of section 162 of the Code. In his cross-examination, it has come out that after the incident, after staying at the Shah Alam Camp, he had stayed at Vatva for around six months. He has admitted that upon his finding it peaceful and there being no fear, he had returned to stay at his house at Naroda Patiya. He has admitted that after he returned to his house at Naroda Patiya, he has been working freely and meeting his relatives.

55.26 In his cross-examination, the witness has admitted that from the year 2002 to 2008, for a period of six years, various facts had remained to be stated in his statements dated 11.4.2002 and 25.6.2002 and in this regard, he had not felt that he is required to make any complaint to the Government, High Court or Magistrate through any advocate. The witness has voluntarily stated that the reason was that at that time there was a question as to firstly, with whom he should lodge the complaint and secondly because no one cared for them.

55.27 The witness has admitted that he had made application, Exhibit-258 as he had read the advertisement in the newspaper and that if he had not read it, he may not have

made such application. The witness has denied that in his statement dated 28.5.2008 recorded by the SIT, he has not stated that the six persons whom he has named in his examination-in-chief were not named by him in his police statement. The witness has stated that he had no intention to not disclosing names of six persons in the context of the incident relating to his son for the period from 2002 to 2008. The witness has voluntarily stated that he was stating such names; however, the police was not recording the same. He has further stated that in the six years, no media persons had met him.

55.28 The witness has denied that in the year 2008, after due deliberations, he has wrongly given the name of accused Suresh Langdo (accused No.22). The witness has denied that the fact stated by him in his statements dated 11.4.2002 and 25.6.2002 regarding his son Siddique being killed by the mob is correct and that is a true fact and that in his statement recorded by the SIT in 2008, he has wrongly given the names of the accused.

55.29 In his cross-examination, it has further come out that prior to the SIT recording his statement, the police had called him on three or four occasions. The witness has denied that during that period whenever the police called him, they used to put questions to him and used to record what he used to state. The witness has voluntarily stated that the police used to record as per their own whims and that the police used to write in their own manner and he used to sign where the police asked him to. He has stated that he used to sign on account of fear of the sticks wielded by the police. He has

stated that prior to the SIT, he has signed before the police on two or three occasions. The witness has admitted that there are many persons by the name of Pintu residing in the Naroda Patiya area and has voluntarily stated that he is talking about Pintu who resides near him and that he knows him because he resides next to him. He has denied that he does not know any person named Pintu and that he is falsely deposing before the court.

55.30 In his cross-examination, it has further come out that during the period between the incident of firing in the morning and the incident of assault on his son, he was not at home. He has denied that on the date of the incident from 9:30 to 6:30, no incident had taken place at their chawl. In none of his statements he has stated that the injuries sustained by his sons were sustained in the incident of this case. He has admitted that after he had seen his son lying in a bleeding condition, thereafter he had not seen him either dead or alive. He has stated that it had happened that the police had called him to identify his son's dead body; however, the face of the body was damaged to such an extent that he could not identify it. The witness has admitted that Pintubhai Dalpatbhai Chhara is his neighbour and he had seen him on many occasions and he knows him. The witness has admitted that he is a person who performs Namaz five times in a day. He has admitted that the Namaz of 5:00 a.m. in the morning lasts for around 20 minutes. He has denied that on the date of the incident, after performing namaz, they had gathered at Babubhai's tea stall. He has stated that on that day, after performing Namaz at Noorani Masjid, they offered *Salam* and hence, it must have been around 6 o'clock, whereafter around 25 of them were

sitting at the tea stall and the rest of the people had gone away. The witness has denied a suggestion that he has named Bipinbhai Autowala at the instance of his maternal aunt, Jannatbibi, who also lives in the Naroda Patiya area. He has denied that in his two statements recorded prior to the statement recorded by the SIT, he had not named Bipinbhai before the police. The witness has voluntarily stated that the police had not written down the name. The witness has admitted that in his application, Exhibit-258, he has not named Bipinbhai.

55.31 PW-178, Shri P. N. Barot, the Investigating Officer has admitted that the statement of this witness was recorded on 11.4.2002. He has admitted that he had not told any witness to sit quietly else they would beat them with batons. The Investigating Officer has stated that it has not happened that he has behaved with animosity towards this witness or that he has threatened him and taken his statement. Certain extracts of paragraph 43 of the deposition of the witness are read over to the Investigating officer, who has admitted that this witness has not stated before him that Guddu Chhara and Suresh Langdo, who is also a Chhara, a person named Darbar, Bipin Autowala, Pintoo and Pintoo's father Dalpat had taken the leadership of this mob. The contents of the statement of the witness are read over to the Investigating Officer who has stated that the witness has not stated the facts stated by him in the first six lines of paragraph 6 of his deposition, wherein the witness has stated that in the morning at around 9:30, Police Inspector Shri Mysorewala had come near Noorani Masjid. At the relevant time, he was at the Naroda Police Station, when he came, they had informed him that there was

a mob near Natraj Hotel and had asked him to do something, whereupon he had told them that nothing would happen to them, they should go home.

55.32 The contents of paragraphs 8, 10 and 11 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the facts stated therein have not been stated by the witness in the statement recorded by him.

55.33 The contents of paragraph 9 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the witness has verbatim, not stated such facts before him, but had stated that upon the mobs of people starting to gather at around 9 o'clock in the morning, he had come home. At 10:00 to 10:30, stone pelting started on the chawls in front of their house, namely, Pandit-ni Chali, Hussain-ni-Chali as well as Noorani Masjid and the chawls nearby. There was a stampede amongst the people belonging to the Muslim community residing in Hussain-ni-Chali.

55.34 The contents of paragraph 12 of the examination-in-chief of the witness are read over to the Investigating Officer, who has denied that the witness has not stated all the facts stated therein in the statement recorded by him. The Investigating Officer has stated that the witness had stated that he had gone near Gangotri Society and hidden there and while he was going towards Gangotri Society, at that time a mob came from the direction of the canal, whereupon the witness had fled between Gangotri Society towards the S.R.P. Group when his son Siddique was caught by the people in the

mob. The people in the mob inflicted blows with sharp edged weapons on him and set him ablaze and he had died. These facts had been stated by him and except for these facts, the other facts were not stated by him.

55.35 The Investigating Officer has admitted that the witness had stated before him that he could not recognize any person in the riotous mob and does not know the names and addresses of anyone.

55.36 The Investigating Officer has admitted that this witness had not given the name of any accused in the statement recorded by him and had not stated as to which weapon was in whose hands.

55.37 The contents of paragraph 7 of the examination-in-chief of the witness are read over to the Investigating Officer who has denied that the witness has not stated all those facts in the statement recorded by him. The Investigating Officer has stated that the witness had stated before him that he had gone on the road to have tea and at around 9 o'clock, mobs of people had gathered. Except for this, the other facts were not stated by him.

55.38 The contents of paragraph 13 and certain extracts of paragraph 14 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the witness has not stated such facts before him. Certain parts of the statement of this witness are put to the Investigating Officer, however, since such extracts of the statement have not been used for the purpose of contradicting any part of the

primary statement of the witness, the same are not admissible in evidence.

55.39 The Investigating Officer has admitted that in the statement recorded by him, this witness has not named Bipinbhai Autowala.

55.40 SUBMISSIONS: Mr. Y. S. Lakhani, learned counsel for the appellants-accused submitted that this witness in his deposition has narrated three incidents at three different points of time. At about 9:30 in the morning, six of the accused were leading the mob and causing damage to the Noorani Masjid. Reference was made to the contents of paragraph-8 of the examination-in-chief of the witness, to submit that the entire facts stated therein were not stated by the witness before the local police. Reference was made to the testimony of PW-178, Investigating Officer Shri P. N. Barot, wherein the Investigating Officer has admitted that this witness has not stated before him that Guddu Chhara, Suresh Langda, a person named Darbar, Bipin Autowala, Pintu and Pintu's father Dalpat had taken over the leadership of the mob. The Investigating Officer has further admitted that this witness has not stated before him that at around 9:30 in the morning, Police Inspector Shri Mysorewala had come near the Noorani Masjid. At that time, he was at the Naroda Police Station. When he came there, they had informed him that there was a mob near Natraj Hotel and asked him to do something about it, whereupon he had told them that nothing would happen to them and that they should go home, and more particularly paragraphs 73 and 74 thereof, to submit that the contradiction has been proved through the testimony of the said witness.

55.41 Next it was pointed out that Guddu and Jay Bhavani stating that they would make food for them between 4:00 to 4:30 in the afternoon, is also not there in the police statement. It was submitted that the witness has stated that his son Siddique and his maternal uncle's son Sharifbhai were killed by the very same six persons; however, the entire set of allegations made by him in paragraph 12 of his examination-in-chief, have not been stated by him in his police statement. Referring to paragraphs 77 to 79 of the testimony of PW-178, it was pointed out that the contradiction has been proved through the testimony of the said witness.

55.42 It was submitted that even though the statement by the police was recorded on 11.4.2002, after a period of more than 40 days, even at that point of time, no accused have been named by him. It was submitted that in his statement dated 25.6.2002 recorded by the Investigating Officer PW-292 regarding loss and damage analysis, the witness had an opportunity to disclose the facts about the incident and the accused as well as to narrate this at the camp where he was feeling safe. However, the witness has not made any allegations against anybody and on the contrary, on 11.4.2002, he has attributed the incident of his son Siddique to a mob from the canal side at 11:00 a.m. and not between 6:00 to 6:30 in the afternoon. Therefore, on the face of it, it appears that in the light of the fact that the witness has not made any grievance before the SIT about the improper recording of his statement or not recording what he has stated in his statement by the police. It was submitted that the witness in his deposition has improved the entire story which he apparently

was asked to state before the SIT to implicate the accused persons. Referring to the identification of the accused by the witness, it was pointed out that despite the fact that the witness has stated that he knew Pintu very well, he has wrongly identified another accused as Pintu and has been able to identify only two accused, Suresh and Bipin Autowala.

55.43 Mr. B. B. Naik, Senior Advocate, learned counsel for some of the accused has submitted that there are certain inherent improbabilities in the evidence of the witness, inasmuch as, he says that he went to the Noorani Masjid for namaz at 5:00 a.m., which takes about 20 minutes, however, he has further stated that till 9:30 a.m., he was at the tea stall. It was submitted that it is highly improbable that he was sitting at the tea stall for such a long time. Referring to paragraph 6 of the examination-in-chief of the witness, it was submitted that the witness has stated that Mysorewala came at 9:30, whereas the other witnesses have deposed that Mysorewala was standing at the gate of the S.T. Workshop. It was submitted that the distance between the Noorani Masjid and the S.T. Workshop Gate is about two hundred and fifty metres. It was submitted that the witness has stated that from the side of the Noorani Masjid, Mysorewala ordered firing, whereas most of the witnesses have stated that Mysorewala ordered firing at the S.T. Workshop gate. It was argued that nothing has come on record to show as to how the witness crossed the road from the Noorani Masjid to the S.T. Workshop Gate and neither Javed or Khalid have died, as stated in paragraph 6. Referring to the contents of paragraph 7 of the examination-in-chief of the witness together with the contents of paragraph 49 thereof, it was submitted that the witness has contradicted

himself as regards what the members of the mob were wearing.

55.44 Reference was made to the contents of paragraph 9 of the examination-in-chief of the witness, to submit that the witness lives in Jawannagar, where the terraces are made of tin sheets or asbestos sheets and hence, it is not possible for so many people to go from one terrace to another. It was submitted that the time stated by the witness as regards the incident in paragraph 11 of the examination-in-chief, is contrary to what is stated by the other witnesses. Referring to the contents of paragraph 12 of his testimony, it was pointed out that the witness has stated that while they were trying to go to their homes at Jawannagar from Gangotri Society via Gopinath Society, to submit that Gopinath Society is situated beyond Gangotri Society, and hence, there is no question of going from Gangotri Society to Jawannagar via Gopinath Society. It was submitted that it is apparent that the witness is lying and his version is contrary to the topography of the area. The witness has stated that he got separated from his son on account of tear gas shells being released; however, no tear gas shells were released at Gangotri Society. It was emphatically argued that the witness is totally silent as to from where he saw the incident of the water tank passage which shows that he was not there at all. It was submitted that the incident narrated by the witness in paragraph 12 of the examination-in-chief is not there in any of his police statements. Referring to paragraph 42 of the testimony of this witness, it was pointed out that the witness in his cross-examination has admitted that Abid died in police firing.

55.45 Next it was contended that when the witness did not have any relation with the accused, it is difficult to understand as to how he could have identified them after eight years of the incident. Referring to paragraph 51 of the testimony of the witness, it was submitted that in his cross-examination, the witness has admitted that when the police was writing down his statement, he had immediately come to know that they were not recording it as stated by him. It was submitted that despite the aforesaid position, the witness has not made any grievance before any forum with regard to the police not recording the statement as stated by him. It was submitted that from 11.4.2002, till he made application before the SIT in 2008, the witness has not stated that the police were not recording his statement as stated by him and no application was made by him to any authority. It was submitted that the evidence of this witness clearly indicates that he has not seen the incident or accused during the day and what is stated by him before the SIT is an afterthought and as per the information which he may have gathered at the camp or when he was subsequently residing at Naroda Patiya. In conclusion, it was urged that the evidence of this witness does not inspire any confidence and cannot be accepted as a truthful version.

55.46 ANALYSIS: From the testimony of this witness, it emerges that his first statement was recorded by the police on 11.4.2002 wherein he has not named any accused. It also appears that he had stated that his son was killed in the morning by a mob which came from the side of the canal. Assuming that there may be a mistake in mentioning the time, one striking fact which emerges is that he had not named any

accused in his statement recorded by the police. Of course, it is the case of the witness that he had named the accused but the police had not recorded the same. It appears that another statement of this witness was recorded on 25.6.2002, which was more or less in the nature of a loss damage analysis statement. Even at this stage the witness has not named any accused in his statement and for the first time that he has named the accused is before the SIT. While the witness has lodged a complaint in connection with the loss and damage caused to his properties in the incident, he has not lodged any complaint regarding the death of his son. In his cross-examination, it has been elicited that after they received compensation for the death of his son, they had remained silent and it was only when the SIT was constituted that he had come forth to get his statement recorded and had named the six accused referred to in his examination-in-chief. While it is true that considering the conduct of the police at the time of the incident, the witnesses would suffer from lack of faith insofar as the police authorities are concerned, however, even when the statement was recorded he has not named any accused and the version of the incident stated before the police does not tally with the version stated before the court.

55.47 This witness, therefore, does not appear to be a credible witness and no part of his evidence can be relied upon.

56. **PW-52 Aminaben Abbasbhai Belim** has been examined at Exhibit-425. She has deposed that she understands Gujarati, but cannot speak in Gujarati and hence,

would depose in Hindi.

56.1 The witness has stated that she has been residing behind Noorani Masjid, Opposite S.T. Workshop, at Naroda Patiya since the last thirty years and is residing with her family. In the year 2002, her two sons were staying with her, however, at present, on account of their jobs; both her sons are staying at Bhivandi, Maharashtra. Her elder son's name is Ayub and he is working as a driver and her second son's name is Naeem and he is working in a pearl factory. At the time of the incident, her son Ayub's age was 32 years and Naeem was around twelve to thirteen years old. In February, 2002, she and her elder son Ayub used to work at a Printing Press at Chiloda. She was engaged in security work and she used to check the women who came to work at the factory.

56.2 On 27.2.2002, she and her son had night duty, however, Shri Agrawal, who was their officer at the relevant time, had told them not to come. Their officer had informed them that the kar sevaks had been burnt at Godhra due to which there is tension; hence, they should not come for night duty. As her son was driving, she had gone along with him in the vehicle to drop the women who had come for their jobs to their homes. They had gone as per the instructions of their higher officer.

56.3 On that day, that is, in the evening of 27.2.2002, she along with her son had gone in their Press vehicle to drop the girls at an area beyond Krushnanagar in Naroda Patiya. After dropping the last girl, her son dropped her at the Naroda Patiya, Opposite Masjid and went to leave the vehicle which he

was driving at the Press. At that time, she had seen that two to three shops were burning.

56.4 The witness has deposed that the shops which were burning were near the house of the Vaghri, opposite the S.T. Workshop. Her son Ayub left the vehicle and returned home. All of them were all under great tension at home because in the office, they had heard that kar sevaks were burnt, and they had seen the shops being burnt and therefore they were constantly under the fear that something would happen.

56.5 On 28.2.2002 in the morning at around 7 o'clock, she and her son were ready to go for their job, however, she asked her son that as the Vishwa Hindu Parishad had given a call for bandh, how would they go for their job, whereupon her son said that he would go out and see as to whether the bandh was in force. When her son returned, he was very worried and had informed her that there were so many people from the S.T. Workshop till Natraj Hotel that the road was not visible and except people nothing could be seen. Her son also informed her that all these people in the mob were armed with weapons like sticks, swords, dharia and pipes.

56.6 On 28.2.2002, at around 9 o'clock in the morning, she herself went out to see in front of Noorani Masjid. The witness has deposed that she was wearing a khakhi coloured saree and blouse, which was given to her by the company by way of uniform and she had worn the same as she was ready to go to her office. When she went out to see, she herself saw that a mob was standing and as told by her son Ayub, the people in the mob were armed.

56.7 The witness has further deposed that at that time, from the middle of the mob, from the direction of Natraj Hotel, a white car came towards the Noorani Masjid. The white car came from the direction of the ice factory, which was on the left side of the Noorani Masjid and from there, it came towards the Noorani Masjid. The white car stopped near the masjid and **Mayaben** and her assistant got down.

56.8 Mayaben is known as Mayaben Kodnani and on that day, she had worn a white saree and after both of them got down from the car, Mayaben started talking with the people in the mob. Mayaben was standing near the masjid and the members of the mob were coming near the masjid where Mayaben was standing and she was gesturing with her hands to show the Muslim area. Within hearing distance, Mayaben told the mob that the masjid and the Muslim area should be destroyed. The witness has stated that as she was wearing khakhi clothes for the attending her job, nobody recognized her as a Muslim woman and thinking that she was a police personnel, were speaking in her presence.

56.9 Thereafter, the mob started pelting stones and vandalizing the houses. The people in the mob were wearing something like shorts, which were half pants and they had tied orange bands round their heads. All these people were raising slogans like, "Jay Shri Ram", and "the Godhra incident has to be avenged". The mob had started pelting stones near the Noorani Masjid and thereafter, the vandalizing escalated. There were police personnel near the masjid. The witness has further deposed that the police got up and released the tear

gas at them and were shooting. Thereafter, she had seen that Mayaben had something like a pistol in her hand and she also was firing. After firing, Mayaben told the mob that they should continue and thereafter, she returned in the same car in which she had come.

56.10 The witness has also deposed that at that time she had seen that a truck full of gas cylinders had come and that the members of the mob had kerosene cans in their hands. She had seen all these facts with her own eyes and heard with her own ears. She told the policemen that *"These are gas cylinders and cans of kerosene have come; therefore, you do something for us!"* Whereupon the policemen told them that *"We have a holiday and you have to die today!"* Such talk had taken place with the police near the Noorani Masjid. Since the police had refused to help, she went behind the masjid to get help from the police and to make a call to telephone No.100. She had made a phone call and a woman had replied that she was sending a police vehicle; however thereafter, no vehicle had come, and hence, she had once again called telephone No.100. Thereafter, she could not get any reply from telephone No.100, and hence, she called Naroda Police Station. When she called Naroda Police Station, Shri K. K. Mysorewala had replied. She had informed that *"Sir, there is no chance of our lives being saved!"*; however, he had casually replied like an intoxicated person, that *"Today, we have a holiday and you are sure to die today!"*. After the telephonic talk, she came out near the Noorani Masjid where there were policemen. In the meanwhile, two gas cylinders had already been burst at the Noorani Masjid and the mob had continued rioting. They were carrying out activities of looting the houses and hacking down

and killing people. Thereafter, she had gone and stood on the side of a lane in the corner of the Noorani Masjid.

56.11 At that time, vehicles had arrived carrying snacks and pouches of liquor for the people in the mob and the members of the mob sat on the divider in the middle of the national highway and consumed the liquor in the pouches and ate Samrat Namkeen (snacks).

56.12 The witness has stated that in this situation, she did not feel like returning home, and hence, she stood outside. Her younger son Naeem was caught in the firing at Jawannagar. During this time, at a little distance from the masjid, the youth from their mohalla were putting obstacles like tin sheets, iron, garbage and scrap, due to which, the members of the mob could not come towards them.

56.13 One Uday Gas Agency is situated in the lane beside Mahavir Hall opposite Noorani Masjid. From the Agency the road goes straight to Jawannagar and at this time there were mobs on both sides of the road, and the only road other than the one on which the youth of their mohalla had put obstacles, was the road from the lane beside Mahavir Hall. The mob had gone through that road and had continued with the hacking and killing there. Since her son Naeem had gone in the same direction, she kept looking and was under great tension.

56.14 The watchman of Mahavir Hall was a Muslim. The watchman along with his wife and children had gone inside Mahavir Hall to protect their lives. She had seen that the watchman, his wife and his children, in all four persons, were

killed by the mob on the road in front of her eyes. She herself had seen this incident. The mob had killed and cut all four and thrown them on the road and thereafter the mob had advanced a little.

56.15 There was a paan galla, opposite the Noorani Masjid, towards Mahavir Hall belonging to one Vermaji. Vermaji was standing near his paan cabin and the mobs under the impression that Vermaji was a Muslim, killed him in front of her eyes, which also she had seen with her own eyes.

56.16 The witness has also deposed that after leaving two shops, there is a house of one Yasinbhai. Initially, she was standing below Yasinbhai's house, however, as the members of the mob were cutting and killing, out of fear, she climbed on the terrace of Yasinbhai's house. Yasinbhai's house was under construction and there were pillars on the terrace and she was hiding behind the pillars and watching everything. There, the members of the mob had brought gas cylinders and had started entering their chawls, after which, she went into the house of Mohammad Hussain's daughter, next to Yasinbhai's house, where she stayed for about two hours.

56.17 Her house is behind this house and she had seen that her house, their scooter, everything, was being looted by the mob and their household goods, cash, money, jewellery, worth about three to four lakh rupees had been looted by the members of the mob.

56.18 Thereafter, she came out of the house of Mohammad Hussain's daughter and went into Masjid-ni-Chali,

which is situated behind the masjid, on the Dhanurdhari Mata Road and was standing on that road when she saw **Bipinbhai** shooting. Bipinbhai's garage is situated on the Bombay National Highway at Dhanurdhari Mata Na Road, on the front side. This Bipinbhai was shooting from the top of his garage and he was on the terrace. Thereafter, she felt tense and went to Jawannagar to look for her son Naeem.

56.19 When she was going to Jawannagar, she saw that the S.R.P. jawans were putting money and ornaments which were looted from the houses of Muslims in their pockets. The goats were lying there alone and were bleating when the Chharas were putting them in the rickshaws and taking them away. When she went a bit further, she saw a woman was lying in a burnt condition and the woman was crying "water ... water" and was asking for some water. Upon reaching Jawannagar, she could not find her son Naeem, and hence, she returned back. She returned to Masjid-ni-Chali. Thereafter, in the evening at around 4:00 or 5:00, a police vehicle had come and had taken them to the Shah Alam camp. On the way, near Kankaria Lake also, a mob had stopped the police vehicle and the police had said that it was enough, and had started the vehicle and dropped them at the Shah Alam camp. The witness has thereafter stated that, that night, she had stayed at Masjid-ni-Chali and that the police had come on the next day in the evening at about 4 to 5 o'clock, that is, on 1.3.2002 and had taken them to the Shah Alam relief camp, where she met her son Naeem.

56.20 She has thereafter deposed that other than this, in the riotous mob, Guddu and Suresh were also there and she

had herself seen all of them.

56.21 [The note below this part, together with the findings recorded by the trial court reveals that the what is deposed in the last two lines hereinabove, where the witness had named Guddu and Suresh, was pursuant to a query put by the Public Prosecutor as to who else was there in the mob, to which defence had raised an objection, however, such objection was turned down by the court on the ground that asking the witness as to who else was there in the mob cannot be said to be a leading question or a question whereby the memory of the witness is refreshed.]

56.22 The witness has further deposed that in connection with the damage caused on account of the incident, she had received a cheque for Rs.1,000/- and another cheque for Rs.2,000/-, and the cheque for Rs.2,000/- was in the name of her son Naeem. The witness has stated that during the course of riots, she had sustained a stone injury on her forehead above her left eye, in respect of which she had received compensation of Rs.1,25,000/-. She has stated that in connection with the damage caused to her house, she had not received any amount by way of compensation from the Government.

56.23 The witness has stated that the police has recorded her statement in connection with the incident. When she was at Bhiwandi, at that time she had received a phone call that her statement was to be recorded and hence, she should come to Ahmedabad. She had received such phone call on 30.5.2008. Thereafter, the witness has stated that she does

not remember on which date, she had received such phone call. However, she had come to Ahmedabad because of that and after returning to Ahmedabad, people residing in the neighbourhood were going to Gandhinagar, and hence, she went to Gandhinagar along with them. At Gandhinagar, in a room in the office, they were recording the statements and she had also given her statement. She does not remember as to on which date she was called to Gandhinagar and does not know what had happened prior to her statement being recorded. However, her statement had been recorded in Gujarati and she had signed thereon. She has stated that she does not know how to read Gujarati. That she had studied up to the seventh or eighth standard in Urdu and that she had studied in Urdu medium at Pune.

56.24 An application dated 17.4.2008 was shown to the witness and she has admitted the contents thereof and the same has been exhibited at Exhibit-427. The defence had raised an objection against exhibiting the said application only to the extent of the signature of the witness. However, the trial court, for the reasons recorded below paragraph 28 of the deposition of the witness, had turned down the objection.

56.25 The witness has stated that she would attempt to identify the persons named by her and has identified Mayaben Kodnani (Accused No.37). The witness has stated that she does not remember the name of the second person whom she has identified. The witness has thereafter identified the second person as Bipinbhai (Accused No.44) correctly. Thereafter, the witness has identified accused No.38 as Mayaben's assistant and stated that she does not know his name. However, she

could not identify the correct accused.

56.26 [It may be noted that this witness has described one accused as Mayaben's Assistant. The Investigating Officer has not carried out any test identification parade to fix the identity of the accused as to whom the witness is referring to as Mayaben's Assistant. The court has observed that the witness has not identified the correct accused, but apart from nonidentification in the court, even otherwise, from the evidence of the witness there is nothing to establish the identity of the accused.]

56.27 CROSS EXAMINATION: This witness has been extensively cross-examined by the learned advocates for the accused. In her cross-examination, it has come out that the printing press in which she was working was named Condition or something; however, thereafter, the board was taken down. She has stated that she had worked there for about one year and that she was aware of the fact that in case any woman employee took anything from the printing press, she was required to report the same to the manager. She has deposed that she used to travel to her work place either in a private vehicle or in the company vehicle and in case she was travelling in the company vehicle, the vehicle first used to drop the women employees and then drop her at Naroda Patiya. She says that she is not in a position to say as to how many girls were working in the Chiloda Press and voluntarily states that her work was to check the girls only. She has stated that about fifty women from Ahmedabad city were working in the press. In her further cross-examination, she has stated facts as regards from where women working in the press used to come.

She has admitted that on 27.2.2002, she was at her job and that it had not happened that her officer Shri Agrawal had told them not to come on the next day. She has admitted that the fact that there were many people on the road and that the road could not be seen, was told to her by her son and has stated that there was a stampede on the road and that other persons had also told her the same. That the vehicular traffic on the national highway had slowly stopped. She has stated that she knew Vermaji, who owned a paan galla as she was residing in the said area. She has stated that she is not in a position to say the exact time as to when she had come on the road wearing a khakhi dress on 28.2.2002; however, it must have been sometime after 7 o'clock in the morning. She has stated that after coming out of the house, she stood at one place only and had not gone to any other place because it was not possible to go anywhere at the time. She has stated that on that day, she had made a phone call to telephone No.100 from someone's house and not from any PCO. The house was of a tailor named Karimbhai, and that when she made a phone call on that day, she had not given her name but had given the address as behind Noorani Masjid and had told the police to send a vehicle. She had made three phone calls from Karimbhai Tailor's house. She has deposed that she does not remember as to whether prior to the incident, she had any occasion to visit the Naroda Police Station and that she does not remember the telephone number of Karimbhai Tailor. She has stated that on that day, some boy had dialed the number of the Naroda Police Station and that the said boy must be residing somewhere nearby. She has stated that while making the phone call to Naroda Police Station, she had only told them to send at Noorani Masjid, near Naroda Patiya.

56.28 She has also admitted that she has stayed at the Shah Alam relief camp for about four months and that there were many people at the camp. She has admitted that at the relevant time, there were discussions as regards what had transpired in different areas. However, she had said that there might be such talk, but she was not aware and that she did not know that leaders of the relief camp, political leaders and the leaders from different social organizations used to come to hear the sufferings of the people in the relief camp. She has admitted that she has not told any leader about the incident that she had witnessed and has voluntarily stated that at the time when she was at the relief camp, there was severe pain in her eyes in which she was injured, and, therefore, she did not say anything to anyone and she simply used to sit in one corner. She has stated that on the day of the incident, since she was wearing a khakhi dress and no one could recognize her, she had the courage to make a telephone call in an attempt to protect the masjid; however, the situation in the relief camp was different. She has admitted that there was no reason for her to be afraid in the relief camp, but has voluntarily stated that such a big incident had taken place which she had seen and that they were ruined and all this had a huge effect on her mind. She had also seen people dying due to which, her mind was not functioning. She has admitted that in this incident, she has not lost any relative or family member. She has admitted that in connection with the injury sustained by her, she had availed of treatment from the doctor at the relief camp. She has stated that she cannot say as to how long the effect of the incident was there in her mind and she cannot say whether in 2004 and in the year 2005 and 2007 also, there

was such effect on her mind. She has admitted that at the relief camp, she had not informed anyone about the articles that were looted from them and that it was true that if anything was looted from any person, they were giving complaints at the relief camp. She has also admitted that prior to the SIT recording her statement with regard to the incident, she had not given such information at an place.

56.29 The witness has stated that she does not know as to who had informed her when she first came for recording her statement before the SIT. She has stated that she herself had picked up the phone and all that was stated on the phone was that she should come; however, they had not told her as to which officer she was required to meet. She was not told as to where her statement was to be recorded nor was the address given at the time when the telephone call was made; however, after she returned home, the people residing in the neighbourhood were going, and hence, she also went along with them. She said that such phone call had been made by an acquaintance of her son and that after staying at Bhiwandi for a little while after the phone call was received, she had left.

56.30 In her cross-examination, it has further come out that prior to the SIT recording her statement, there was no occasion for her to visit the Mamlatdar's or the Collector's office. She has admitted that she has not submitted any certificate with regard to the injuries sustained by her anywhere. In her cross-examination, it has further come out that she could not name the persons with whom she had gone to Gandhinagar for the purpose of recording her statement and that along with others, she had gone to the office and had sat

where the others were sitting and upon her turn coming, she had gone to the officer, whose name she does not remember. She has stated that at the time of recording of her statement, she had spoken in Hindi; however, the police had recorded her statement in Gujarati and it was read over to her, which she remembers.

56.31 The witness has admitted that what was stated by her in the fifth line of paragraph 8 of her examination-in-chief, viz., *"Therefore, my son said that, I will go out and see as to whether everything is open"* and *"after my son inquired and returned, he was very worried"* and in the second line of paragraph 12, viz., *"The members of the mob were wearing something like shorts which were like half pants"* and in paragraph 13, viz., *"I had seen that at that time, a truck full of gas cylinders had come and there were kerosene cans in the hands of the mobs"*, and in paragraph 15, viz., *"The members of the mob were sitting in the middle of the divider on the national highway and were sitting and drinking liquor from the pouches and eating Samrat Namkeen"*, were not stated by her in her statement before the SIT. The witness has denied that Vermaji was killed by a Muslim mob. She has denied that on the day of the incident, she was not present at the scene of offence and that it was only at the instance of leaders of her community and organizations, that she had given a false statement before the SIT. The witness has denied that the incident with regard to the Muslim watchman of Mahavir Hall and his family members had not occurred and that it was only with a view to support the prosecution case that she was deposing falsely. Various facts have been brought out with regard to the security provided to the witness as well as the

fact regarding the places where she has travelled. In her cross-examination, it has come out that the witness is not aware that Navi Masjid (new masjid) is situated behind Noorani Masjid. The witness has denied that within an area of 2000 feet behind Noorani Masjid, new masjid is situated.

56.32 Various questions have been put to the witness with regard to the topography of the area and the deposition in this regard runs into several paragraphs. The witness has admitted that if she comes out of her house, she cannot see the open space behind Uday Gas Agency. The witness has admitted that if she comes out of her house and comes into the lane, she cannot see Bipin Auto Garage, but has voluntarily stated that if she crosses the road and goes to the other side, she can see it. She has admitted that if one stands at the door of the Noorani Masjid, one cannot see Bipin Auto Garage from there.

56.33 Various questions have been put to the witness regarding the salary she was being paid at that time, her appointment by the printing press and the uniform, which she had stated was given to her by the company. The witness has admitted that prior to making the application Exhibit-427; the SIT had not recorded her statement. The witness has admitted that before the SIT, she had stated what she had seen and what she had known and other than that, she had not stated anything else. However, thereafter, she has stated that other than the facts stated in her statement, there would be many other facts which she would have seen and known and that she has not stated everything that she had knew and heard in her statement before the SIT, because at that time all those facts did not come to her mind or she did not remember them. The

witness has admitted that the facts stated by her in her statement before the SIT had not been stated before anyone prior thereto. The witness has admitted that at the time when she made the application Exhibit-427, she was aware of the facts stated by her before the SIT. The witness has denied that she has not stated the facts which she had stated in her statement, in her application Exhibit-427. The witness has denied that in the application Exhibit-427 she has stated that while passing through the road, the accused in this case are stopping them and threatening them and that the applicants find that there is risk to their lives. The witness has admitted that the photograph shown at page 26 of the Combat magazine is her photograph, but does not remember as to when she had given the interview. Various questions have been put to her with regard to the security provided to her.

56.34 The witness has denied that on that day, there was a police point near the Noorani Masjid. She has admitted that her son had gone out to see what was happening and had returned home immediately and had informed her about the situation outside. She says that she does not remember as to whether she had gone out immediately and does not remember the exact time when she had gone out. The witness has stated that after she was ready, it must have taken her around 15 to 20 minutes to reach the water tap from her house. She has denied that the car came immediately thereafter. She has denied that at that time, three cars had come and has voluntarily stated that only one car had come and that she had not written down the number of the car that had come. She has admitted that the car had come from the direction of Natraj Hotel. She has denied that the car came

from the mob honking the horn. She has admitted that at that time, there was a mob of ten to fifteen thousand people near Natraj Hotel. She has stated that the car did not stop at the chowk of Natraj Hotel. She has denied that she had gone to the opposite side towards Natraj Hotel. She has stated that at that time, she had not gone towards the mob at Naroda Patiya and that she was standing at the water tap towards Narol where there was no mob. She has stated that she does not know as to how many persons were there in the car, but has voluntarily stated that two persons had alighted. She had not seen the persons who got down from the car from a close distance. She has denied that she must have seen them from a distance of about fifty (50) feet. She has denied that when they got down from the car, there was intense stone throwing.

56.35 The witness has admitted that she was at the water tap near the Noorani Masjid till 4 to 5 o'clock in the evening. She has stated that during this time, she has not seen any Hindu person being cut and killed and thrown near Noorani Masjid. She has admitted that at that time, she has not seen that any Hindu person had died near the Noorani Masjid. She has stated that she had not seen any Muslim driver taking a truck from near the Noorani Masjid towards Naroda, wherein two to three Hindu persons had sustained injuries. The witness said that she had moved around and after she had come back, she had heard that somebody had come with a truck. She has admitted that she has not seen any truck ramming into the Noorani Masjid.

56.36 In her cross-examination, the witness has denied that Mahavir Hall cannot be seen from the Noorani Masjid. She

has admitted that she had seen the watchman of Mahavir Hall and his family being cut and killed and thrown on the road. She has admitted that those persons had been cut, killed and were thrown on the road in a bleeding condition. She has voluntarily stated that the said incident had taken place a long time after the car came and went. She has admitted that except for killing and cutting them near Mahavir Hall, no other situation had arisen. She has stated that she does not know the names of the persons who have died; however, she knows that it was the watchman of Mahavir Hall. She has admitted that she does not know the persons who have killed them. She has denied that she had not seen them being killed, hacked and thrown, and she was deposing falsely. The witness has stated that it has not happened that from the terrace of her house she had seen anyone being raped and had informed anyone about such fact. She has stated that she does not remember that she had gone on the road going towards Kalupur behind her house on that day. She then says that even if she might have gone, then also she does not remember it. She has denied that one cannot see Vermaji's galla directly from the Noorani Masjid. She has denied that Vermaji's galla is situated on the road going inside from the Patiya and that on that road, Pandit-ni-Chali is situated. The witness states that she is not aware as to whether there was a board showing the name of Ashok Paan House or Ambika Paan House on Vermaji's galla. She has denied that Vermaji's galla's door was facing the road towards Narol. She has also denied that Vermaji's galla's door was facing the chawl. She has voluntarily stated that the door was on the Bombay National Highway road.

56.37 The witness has admitted that she has no talking

relations with Mayaben or Bipinbhai. She has denied that she has no talking relations with Suresh Richard and has voluntarily stated that Suresh once in a while used to pass near her house. She has admitted that at no point of time had any occasion arisen for her to sit and talk for five to ten minutes with any of these three persons. In her cross-examination, it has further come out that she has no talking relations with the person whom she had identified as Mayaben's assistant and has voluntarily stated that once when she had gone to get medicines, she had seen this person with Mayaben. She does not remember any other details about the person whom she identified as Mayaben's assistant as regards what he was wearing, etc. on the day of the incident. She has admitted that on that day, except for what is stated by her, she has not seen Mayaben's assistant at any other time during the entire day. She has voluntarily stated that thereafter, during the entire day, she had not gone anywhere.

56.38 The witness has stated that she understands the words gun, pistol and revolver. She has stated that she cannot clearly state as to whether a weapon can be said to be a revolver, pistol or gun, but can say that there was firing from such weapon. The witness states that she cannot say as to after seeing the mob, whether she (Mayaben) had gone to the car to get the revolver, or whether she had a revolver in her right hand which everyone could see when she got down from the car. The witness states that she does not know whether she had a revolver when she got down from the car, as to in which hand she was holding the revolver, but knows that she had resorted to firing. The witness says that she does not know as to whether she had hidden the revolver in the *pallu* of her

saree when she got down. The witness has denied that the persons whom she had identified before the court were not present on the date of the incident and that she was deposing falsely at the instance of their leaders,.

56.39 In the cross-examination of this witness, an omission is brought out to the effect that in her statement recorded by the SIT, she has not stated the fact with regard to Yasinbhai's house being on pillars and that she was standing behind the pillars and watching everything as stated by her in paragraph 11 of her cross-examination, which the witness has admitted. (The trial court has made a note to the effect that however, the witness has stated that she was hiding in the underconstruction house of Yasinbhai and was watching everything).

56.40 In her cross-examination, a further omission has been brought out that what is stated by her in paragraph 22 of her examination-in-chief, namely, "Bipinbhai was on the terrace and was shooting from the top of the terrace" is not stated by her in her statement recorded by the SIT, which the witness has admitted. (The trial court has made a note to the effect that the witness has stated that Bipinbhai Autowala was a member of the mob and he was firing at persons of the Muslim community, which she had seen.).

56.41 The witness has stated that she has never availed of any treatment at Dr. Mayaben's (accused No.37) hospital. She has further stated that she is not aware as to whether prior to the incident, she has seen Mayaben's photographs in the newspaper, hoardings or anywhere else. She has

voluntarily stated that she might have seen them, but does not remember. Various questions have been put to the witness with regard to her place of service and vouchers issued by her company. The witness has admitted that it is true that on the day of the incident, a lot of noise and commotion could be heard and has voluntarily stated that since the population of Muslims in the Jawannagar and Hussainnagar area is more, riots were very intense in that area. She has denied that the sounds of the mob were more intense in the Natraj and Naroda Patiya area. The witness has admitted that at the place where the present chowky is situated, opposite the Noorani Masjid, there were mobs on the day of the incident and that the chowky was not there at the relevant time. That on that day, from place to place there were mobs and that the mobs from Naroda Patiya, Natraj Hotel and from near the chowky were pelting stones at the Noorani Masjid, which she had seen. She has stated that she had seen that the mobs were pelting stones at Muslims and had denied that there was cross stone pelting by the Muslims. The witness has stated that she does not know as to how long the two persons who got down from the car had stayed there. She has denied that the car had passed through a Hindu mob and has voluntarily stated that the mob was only on one side. She has denied the suggestion that despite the fact that she had not seen the incident, she was falsely deposing at the instance of the people of her community.

56.42 In her further cross-examination at the instance of the learned advocates for the other accused, the witness has admitted that Chetandas-ni-Chali, Pandit-ni-Chali, Kashiram Mama-ni-Chali, Dhanushdhari Mata-ni-Chali, Jawannagar-ni-

Chali, all its three lanes, Khemchand-ni-Chali, Hussainnagar-ni-Chali, Kumbhaji-ni-Chali, Imambibi-ni-Chali, Hukamsing-ni-Chali, Jawaharnagar area, Badarsing-ni-Chali, Jikar Hasan-ni-Chali, the area around the fair price shop and the area around the Sardar Ice Factory, have only Muslim population. She has stated that she does not know as to whether, in all, there was a population of around five to six thousand Muslims in that area. She has denied the suggestion that her son Ayub was residing separately and has voluntarily stated that he was staying in the same house. Various facts stated by the witness in her statement before the SIT, have been brought out in paragraph 127 of her cross-examination. It may be noted that such facts have not been brought out to contradict any fact stated by the witness in her examination-in-chief. Under the circumstances, the facts stated in paragraph 127 are not admissible in evidence as the same would be hit by the bar contained in section 162 of the Code.

56.43 The witness has stated that after the incident, she has not gone to her place of service. She has admitted that on the 27th, when they had gone to drop the girls at their homes, their Sheth (employer), had told them that since there is a call for bandh on 28.2.2002, they should not come for their job. The witness has thereafter stated that their employer did not speak with them that much and that somebody has told them that on the next day, there was a call for Gujarat Bandh and therefore, they should not come. The witness has admitted that in the incident, her husband had sustained several injuries and even as on date, he is not in a position to work. The witness has voluntarily stated that her husband had sustained many injuries in the stone throwing and that he had not

received treatment at the relief camp. She has voluntarily stated that her husband had refused to avail of treatment and used to tell her that since she had sustained severe injuries in her eyes, she should take treatment first. She has stated that her sons Naeem and Ayub both had sustained injuries; however, they too had refused to take any treatment at the camp. She has denied that her son Ayub had received Rs.1,25,000/- by way of compensation. The witness has stated that she did not deem it fit to take her family to a safe place taking the benefit of the khakhi uniform that she was wearing on the day of the incident because other people in the chawl had told them not to.

56.44 The witness has admitted that the Muslim population is not towards the road going towards Kalupur, but on the side of the S.T. Workshop. The witness has denied that in her application, Exhibit-427, she has stated that Mysorewala and Chudasama were not carrying out any investigation in the case. She has denied that if such fact is stated in the application Exhibit-427, it is false. She has voluntarily stated that all facts stated in the application are true. The witness has further admitted that no policeman had recorded her statement prior to the SIT recording her statement. The witness has denied that early in the morning, there was a police point at the Noorani Masjid and Naroda Patiya and has voluntarily stated that they were not there in the morning, but had come thereafter. In her cross-examination, it has further come out that the witness is not in a position to say as to since how long she knew Bipin Autowala (accused No.44). The witness has admitted that the facts stated by her in paragraph-22 of her examination-in-chief to the effect that when

Bipinbhai was shooting, at that time he was on his terrace, which she has stated in her examination-in-chief, was not stated by her in her statement recorded by the SIT. (The trial court has made a note to the effect that she had stated that Bipinbhai was also there and he was firing at persons belonging to the Muslim community, which she had seen.). The witness has denied that before 30.5.2008, she had not told anyone that Bipinbhai was shooting in this manner. She has stated that she does not know as to whether or not she has given a written complaint with regard to Bipinbhai shooting. She has stated that she had heard that on the day of the incident, Bipinbhai's garage was burnt. She has denied the suggestion that she had seen Bipinbhai's garage being burnt and has said that she had heard about the same. She has admitted that in the entire day, she had not crossed the road. She has denied the suggestion that as Bipinbhai's manager had lodged a complaint regarding Bipin Auto Garage being burnt wherein thirty one Muslims had been named, to protect them, she was falsely deposing before the court. The witness has voluntarily stated that on the day of the incident, a lot of damage was caused to the masjid, whereas none of the temples which were situated nearby have been touched. She has stated that on that day, Muslim mobs were very few and the damage had been caused only to the masjid and no damage had been caused to the temples nearby. She has denied the suggestion that she had not seen Bipinbhai at the scene of the incident on that day and that she was falsely implicating him at the instance of persons of her community.

56.45 SUBMISSIONS: Mr. N.D. Nanavaty, learned counsel for accused No.37 Mayaben Kodnani submitted that what the

witness has stated in her examination-in-chief has been stated by her for the first time after six years and has admitted that before she gave her statement to the SIT in 2006, she never made any such allegations, or grievance or complaint. It was submitted that it is not the case of the witness the despite efforts, her statement was not being recorded. Referring to the deposition of the witness, it was pointed out that the witness was not aware of there being a police point at the Noorani Masjid, therefore, the fact regarding her having witnessed anything is doubtful. It was submitted that in any case, the evidence of the witness is not evidence of hatching of conspiracy, and, therefore, her testimony could not have been used by the trial court for basing conviction under section 120B read with other penal provisions of the Indian Penal Code.

56.46 Mr. Y. S. Lakhani, learned counsel for the appellants – accused submitted that no statement of this witness has been recorded by the police and her only statement has been recorded by the SIT. Referring to the contents of paragraph 11 of the testimony of this witness, wherein she had said that she had heard Mayaben telling the mob to destroy the masjid and the Muslim areas, it was submitted that as to whether the witness could have heard Mayaben saying so in the crowd with all hubbub, is doubtful. It was further submitted that except for this witness, no other witness had stated that Mayaben had a pistol with her and had fired from the same. It was submitted that when the police was firing upon the Muslim mob, there was no question of the witness being around accused No.37 Mayaben. It was pointed out that while this witness says that Mayaben came to the Noorani Masjid, the other witnesses have

stated that Mayaben came to the gate of the S.T. Workshop. Referring to the contents of paragraph 13 of the examination-in-chief of the witness, it was submitted that no other witness has stated that the truck with gas cylinders had come to the Noorani Masjid. It was pointed out that the witness in this paragraph has stated that when she saw the truck with the cylinders coming there, she had told the police to do something about it, whereupon the police had told her that it was their holiday and that they were to die. It was submitted that looking to the version stated in this paragraph, the say of the witness that she was not identified, falls to the ground. It was submitted that there is no evidence of any calls having been made by this witness to the control room or any other documentary or oral evidence to corroborate the version given by her.

56.47 Referring to paragraph 14 of the examination-in-chief of this witness, it was submitted that the prosecution case is that Shri Mysorewala was at the site at this time, and hence, there is an apparent contradiction, inasmuch as, this witness states that he (Mysorewala) was at the police station and had talked to her on the phone. It was further submitted that there is no evidence of any gas cylinder having been burst in the entire evidence. It was pointed out that the witness in paragraph 15 of her examination-in-chief has stated that the members of the mob were sitting on the divider of the national highway and consuming liquor and eating Samrat Namkeen, which is something which no other witness has stated. It was pointed out that the witness in paragraph 16 of her examination-in-chief has stated that in the above situation, she did not want to return to her house and had stood outside, to

submit that even this conduct of the witness is unnatural. It was submitted that the say of this witness that the boys from their mohalla had put up obstacles on the road, has not been stated by any other witnesses. With reference to the contents of paragraph 18 of the examination-in-chief of this witness, it was submitted that such incident of the watchman and his family members being done to death has never occurred and no person has been identified as watchman of Mahavir Hall who is a Muslim and no such incident had been reported and proved by the prosecution. As regards the say of the witness that the mob thought that Vermaji who was standing near his paan-galla was a Muslim, and killed him in front of her eyes, is also not true as it is not the case of the prosecution that Vermaji paanwala was killed by Hindus believing him to be a Muslim.

56.48 Referring to the examination-in-chief of this witness, it was pointed out that right from 9:30 a.m., the witness was moving around till 4:00 to 5:00 p.m., which was not possible according to the situation and circumstances prevailing at that time. It was submitted that according to this witness, she had received a phone call to come to Ahmedabad to record her statement; however, who had called her has not come on record, nor has it come on record as to how such person came to know her name. Referring to Exhibit-427, viz., the application dated 17.4.2008 made by the witness to the Chairman of the SIT, it was submitted that the same is identically worded to other applications and that the witness does not state that she made an application, but has admitted her signature upon being shown the application. Referring to the identification of the accused, it was pointed out that insofar

as accused No.4 Bipinbhai is concerned, the witness has just identified him without stating his name and hence, such identification is not a valid identification. It was further submitted that the witness has also not identified accused Suresh. Referring to paragraph 130 of the testimony of the witness, wherein in her cross-examination, she has admitted that on 27th, when they went to leave the girls at their homes, their employer had told them that there was a call for bandh on 28.2.2002, and hence, they should not come for their job and thereafter she has corrected herself and said that their employer did not talk so much with them and that somebody else had told them that, as there was Gujarat Bandh on the next day, they should not come, it was submitted that if this part of her testimony is correct, there was no need for the witness to wear her uniform and get ready for going to her workplace on 28.2.2002.

56.49 The learned counsel emphatically argued that no statement of this witness has been recorded by the police. Though she claims to be an eye witness of a serious incident which has taken place, this witness has not lodged any complaint, nor made any representation before any authority. It was submitted that her identity though as disclosed as per her examination-in-chief, it is very difficult to believe that she could safely move around various parts of this area right from 9:00 a.m. till 4:00 to 5:00 p.m. It was submitted that this witness narrates incidents which are neither stated by any witness nor is there any corroboration from any corner of the prosecution case. During the course of her deposition, the witness has referred to various persons with whom she had interacted, but she is unable to name any of them. According

to the learned counsel, the witness has come from Mumbai and she does not say that she had made any application before the SIT. However, the application, Exhibit-427 written in her name, about which she is ignorant, clearly indicates that it was prepared, drafted and sent to the SIT taking her signature without letting her know the contents thereof. Thus, the intervention of third persons or NGOs to move the case in the direction they wanted through the investigation by SIT cannot be ruled out. It was submitted that though not claiming in the examination-in-chief that she received serious injuries in her eyes, in the cross-examination, she claimed so, but no corroborative documentary evidence about her injury is brought on record. Similarly, her husband and two sons are also stated to be injured, but no supportive or corroborative evidence is produced and there are reasons to believe that she was not an eyewitness of the incident, but is apparently a got up witness, who suddenly surfaces from Mumbai to give her statement before the SIT.

56.50 It was submitted that other witnesses have been cross-examined as to whether they had seen a woman constable, but they have all denied having seen any such person. It was submitted that insofar as the accused No.37 Mayaben is concerned, the testimony of this witness is not believable as it is contrary to that of all other witnesses. It was submitted that insofar as accused No.62 Kirpalsingh is concerned, the witness has not named him in the examination-in-chief and when she was asked to identify Mayaben's assistant, she wrongly identified accused No.38, and hence, there is no identification qua accused No.62. It was submitted that accused No.44 – Bipinbhai Panchal is named after six and

a half years, but the evidence qua him regarding his firing from the roof is not stated by any of the other witnesses. In any case, having regard to the topography, it was not possible for her to see Bipinbhai Autowala. It was submitted that at the relevant time Bipin Auto did not have any pucca terrace and hence, it was not possible for anyone to climb on the roof and start firing. Moreover, the fact regarding private firing has not been proved on record by the prosecution.

56.51 It was submitted that the witness has not referred to the role of accused No.22 – Suresh in her examination-in-chief and it is only at the end of her examination-in-chief, upon the public prosecutor asking as to who was also in the mob, that the witness has named Guddu and Suresh. It was submitted that there is no identification of Suresh in the court. In conclusion, it was submitted that this witness is not a reliable and trustworthy witness and her entire deposition should be kept out of consideration.

56.52 Mr. B. B. Naik, learned counsel for the appellants, adopted the submissions advanced by Mr. Lakhani and submitted that reading the deposition of this witness as a whole, it clearly transpires that she has no respect for the truth. It was submitted that there is no evidence to corroborate the fact that she was working in the printing press. Besides, her son Ayub is also not examined. It was submitted that the story of her serving in a press and having a khakhi uniform seems to be totally false. Referring to paragraph 122 of the testimony of this witness, wherein she has admitted that on the day of the incident, there was a lot of noise and commotion, it was submitted that in this situation, it was not

possible for the witness to have heard what Mayaben had uttered. It was submitted that there is no corroboration to the say of this witness that she had called the police and that the prosecution could have easily produced the call register of the concerned police station to substantiate the version given by this witness. Referring to paragraph 39 of the testimony of this witness, wherein in her cross-examination, the witness has stated that from the morning since the time she left her home, she was standing at one place and had not gone anywhere as there was no place to go at that time, it was submitted that if the witness has not gone anywhere, how could she have made the phone calls. Referring to paragraph 104 of the testimony of this witness, it was pointed out that she has admitted that she was present at the water tap near the Noorani Masjid till 4 to 5 o'clock in the evening. It was submitted that though according to other witnesses Shri Mysorewala he was at the spot in the morning, this witness has stated that he was at the police station. It was pointed out that this witness, in paragraph 107 of her examination-in-chief, has stated that her son was stuck in the firing at Jawannagar, to submit that no firing has taken place at Jawannagar and that no other witness has stated about putting up of obstacles by the youth from their mohalla. It was submitted that the contents of paragraph 17 of the examination-in-chief are in the nature of a completely imaginary story put up by this witness. It was submitted that from near the Noorani Masjid, the witness could not have seen what was happening on the other side. It was submitted that the incident with regard to killing of the watchman of Mahavir Hall and his family members has never occurred and that the narration of a mob of Hindus killing Vermaji is also not true. It was submitted that except for this witness, no other witness

has stated that Bipinbhai Panchal was on the roof of the garage, much less shooting. Referring to paragraph 79 of the testimony of this witness, it was pointed out that in her cross-examination, it has come out that she does not even know the name of her factory where she was working. Referring to paragraph 84 of the deposition, it was submitted that this witness has not seen anything and has only stated what she came to know afterwards. Referring to paragraph 134 of her deposition, it was pointed out that the chawl of Juni Masjid is behind the Noorani Masjid and when she was sitting near the chawl of Juni Masjid, she could not possibly have seen the incident. It was submitted that the whole story propounded by her before the SIT is totally false. Various other discrepancies were sought to be pointed out in the testimony of this witness to submit that the entire evidence of this witness is totally false. It was submitted with this kind of evidence, this witness is one of the witnesses upon whom the trial court has heavily relied upon for convicting the accused.

56.53 ANALYSIS: From the testimony of this witness, it emerges that her statement was not recorded by the police at the relevant time in the year 2002. After the riots, the witness appears to have shifted to Maharashtra and it was only six years after the incident that the witness travelled from Bhiwandi in Maharashtra to Ahmedabad for giving her statement before the SIT. As to how she came to know that her statement is required to be recorded is also not very clear. In her testimony the witness has referred to various incidents, which do not find any corroboration from the evidence on record or support from the testimonies of other witnesses. This witness claims to be roaming around freely in the area where

throughout the day there was violence, ransacking and arson by Hindu mobs without being harmed, only because she was wearing a khaki uniform. The fact regarding her having put on a khaki uniform is also doubtful because whereas in her examination-in-chief she has stated that she had put on her uniform to go to her workplace, in her cross-examination it has been elicited that on the previous day, that is, 27th February, 2002 they were told that in view of the call for Gujarat Bandh they should not come on the 28th, and hence, as rightly submitted by the learned counsel for the appellants, there was no reason for her to put on her uniform.

56.54 It is the case of the witness that after Mayaben and her assistant got down from the car; Mayaben was talking with the people in the mob. Mayaben was standing near the masjid and upon the people in the mob coming near, she gestured with her hands and showed the Muslim area and that she had heard her telling the mob to destroy the masjid and the Muslim area. According to the witness as she was wearing a khaki saree and blouse she was not identified as a Muslim and was taken to be a police woman, and hence, she (Mayaben) spoke in her presence. Thereafter the mob resorted to violence. She has also stated that she saw Mayaben firing from a pistol. Firstly the fact regarding the witness being in a khaki dress is doubtful in view of the contradiction brought out in her cross-examination. Moreover, the witness has stated that she saw a truck full of gas cylinders being brought and cans of kerosene in the hands of the people in the mob and upon this being brought to the notice of the police by her, they had told her that it was their holiday and that they (the Muslims) had to die today. It may be noted that on the one hand, the witness says

that she being in a khaki uniform, people thought she was a policewoman and on the other hand she says that the police had told her that they had to die today, which clearly belies the version given by the witness regarding her being in a khaki dress. Thus, the testimony of the witness is self contradictory. The entire story that she could stand close to Mayaben because she was wearing a khaki dress, therefore, does not appear to be credible.

56.55 The witness has stated that she has seen the whole family of the watchman of Mahavir Hall, in all four persons, being done to death by the mob and cut into pieces and thrown on the road; however, there is no evidence to corroborate her say. From the evidence coming on record, there is nothing to suggest that any person was killed on the national highway in the Naroda Patiya area on the day of the incident. All incidents of killing are stated to have taken place inside the chawls, except in case of Abid where some witnesses say that he died due to bullet wounds in police firing and was burnt by the mob.

56.56 The witness also claims to have witnessed the killing of Vermaji Panwala. She also claims to have seen the mob looting her house. She further claims that Bipinbhai Autowala had climbed on his shop and was firing from there. Apart from the fact that this version does not find corroboration from any other witness, it is difficult to believe that Bipinbhai would fire from the terrace of Bipin Auto, inasmuch as from the testimonies of the witnesses it emerges that there were mobs of Hindus on both sides of the national highway, in which case it would be Hindus who would be

injured in such firing. Her version of having made telephone calls to the police also does not inspire confidence. The witness also claims to have gone to Jawannagar and having seen that in the houses that were looted, there were ornaments and money which the S.R.P. jawans were putting in their pockets. She further claims to have seen Chharas taking away goats in rickshaws. The fact regarding use of rickshaws is totally contrary to the evidence which has come on record. Furthermore, the witness also claims to have seen a woman lying in a burnt condition asking for water. Thus, the witness claims to have seen multiple incidents during the entire day; however, none of this was disclosed by her at the relevant time and after a period of six years she has come all the way from Maharashtra and has narrated the same before the SIT.

56.57 This witness has named accused No.37 Mayaben, her assistant (who as per the prosecution is accused No.62 Kirpalsingh), accused No.44 Bipinbhai, Guddu (deceased) and accused No.22 Suresh. Out of the accused named by her, she has identified accused No.37. She has identified accused No.44 Bipinbhai but has stated that she cannot remember his name at present. She has thereafter identified accused No.38 as Mayaben's assistant and has not identified accused No.22 at all. Thus, the witness could not identify accused No.62 and 22, and has identified accused No.44 by his face and not by his name. Thus, the only accused whom she has fully identified is Mayaben, who being a public figure, her photographs and posters would be easily accessible, moreover, in this case there is no other female accused of her age, and therefore, it is very easy for anyone to identify her. Insofar as accused No.62 Kirpalsingh is concerned, there is nothing on record to show as

to how he is sought to be implicated as the witness has only referred to a person who according to her was Mayaben's assistant as having accompanied her, but nothing has been brought on record to show that accused No.62 is in fact Mayaben's assistant, nor has any test identification parade carried out to establish his identity.

56.58 The witness, therefore, appears to have come up with a highly exaggerated version of the incident, that too, for the first time after six years. Considering the overall testimony of this witness she does not come across as a truthful or credible witness. Her entire testimony does not inspire any confidence, and, therefore, no part of her testimony can be relied upon to convict the accused named by her.

57. **PW-1 Mahemudbhai Abbasbhai Bagdadi**, aged 58 years, has been examined at Exhibit-141. The witness has deposed that he was residing at *Chetandas-ni-Chali, Opposite Noorani Masjid* since 1973 along with his family.

57.1 The witness has deposed that the incident had occurred on 28.2.2002. Pursuant to the incident of burning a train on 27.2.2002, there was a call for Ahmedabad Bandh. On that day, at around 9:00 to 9:30 in the morning, his wife had informed him that a mob had come behind his house towards the Noorani Masjid. Natraj Hotel and the S.R.P. Quarters are situated near his house. He told his wife to lock the house as it would not be possible to face the mob. The mob was comprised of about ten to fifteen thousand people. He took his two sons and two daughters with him and together with his

wife, they went towards Jawannagar Khada. He together with his children entered the S.R.P. Quarters, whereas his wife with the children who were with her, remained outside and it was declared that no one would be permitted to enter the S.R.P. Quarters. He stayed at the S.R.P. Quarters for two days. At 2 o'clock at night, he and his children were taken in a vehicle to Shahibaug camp. The witness has deposed that on the day of the incident, stones and bricks were being thrown from all four sides.

57.2 CROSS EXAMINATION: The witness has been cross-examined by the learned advocate for the defence mainly with regard to the topography of the scene of the incident. The witness has admitted that he could not identify any of the persons in the mob and that the police have not carried out any test identification parade.

57.3 PW-283, Jagdishsinh Temubha Chudasama, the assignee officer has, in his cross-examination, admitted that he had recorded the statement of this witness on 16.5.2002. The assignee officer has admitted that at the time of recording his statement, the witness had not given him any compliant and that no instructions have been given to him to record the statement of this witness in connection with such complaint. (The complaint of this witness is in the record of I-C.R. No.111/2002, Exhibit-142).

57.4 Upon the first information report Exhibit 142 being shown to the witness, the prosecution had raised an objection to exhibiting the same on the ground that all the different first

information reports had merged with the main FIR C.R. No.100/02 in connection with which the trial court recorded a finding to the effect that the prosecution has sent this document along with the charge-sheet which shows that the prosecution seeks to place reliance upon the said document, and hence, it would be in the interest of justice to give an exhibit number to the same. [It may be noted that the prosecution, though has placed a copy of this document with the charge-sheet papers, it has not sought to prove the same through the testimony of the witness, and rightly so, in view of the fact that since all the first information reports which were registered in connection with the incident that took place at Naroda Patiya formed part of the very same transaction and, hence, only one first information report could be registered in connection with the said incident. All the other first information reports would then be merely statements recorded by the police under section 161 and cannot be exhibited. The trial court was therefore not justified in exhibiting such documents. Exhibit 143 panchnama has been exhibited during the course of cross examination due to consent given by the learned advocate for the accused. This witness has been cross-examined extensively as regards the topography of the area. The complaint has been lodged on 7.3.2002 a week after the incident.

57.5 SUBMISSIONS: The learned counsel for the appellants has submitted that this witness has been residing at Chetandas-ni-Chali for around 29 years. He has seen the mob and therefore, would have recognized the local residents. He, however, does not name anyone. The witness has seen the

mob of ten to fifteen thousand people, but not identified any of the accused.

57.6 ANALYSIS: This witness does not implicate anyone and says that he did not recognise any member of the mob and police did not carry out any test identification parade. Nothing, therefore, turns upon his testimony.

58. **PW-2 Sumarmiya Mahammadmiya Makrani**, aged 35 years, has been examined at Exhibit-147. The witness has deposed that he was residing at *Imambibi-ni-Chali, Naroda Patiya, Ahmedabad*, since the last thirty years. The witness has stated that he runs a provision store by the name of Gulabsha Kirana Stores above which his house is situated. He has studied upto the 5th standard. The witness has deposed that he opens his shop at 6 o'clock in the morning and on the day of the incident, he had opened his shop at 6 o'clock in the morning. At 9:30 in the morning when his shop was open, people said that mobs are coming and hence he locked his shop and came out and went to the highway to watch. He saw a mob coming from Krushnanagar, which was comprised of about five to seven thousand people. The people were armed with pipes and sticks. The mob came near the Noorani Masjid where it set carts and stalls on fire. Gas cylinders were burst in the masjid. Thereafter the police had fired at the Muslims and a Muslim boy by the name of Abid was shot at with bullets by the police and he died on the spot due to bullet injuries. After Abid died his dead body was taken to his house and kept there. The people who had come had burnt his shop and the people in the mob had come till their houses. Upon the mob reaching

their home, he and his family went towards Hussainnagar. Thereafter the mob, burning houses after houses, reached Jawannagar and broke the wall, whereupon they felt that now there was no hope of escaping, and hence, he took his children and went through Gangotri Society to the S.R.P. Quarters where they sat in the open ground along with other people. They stayed there for about two days, whereafter a constable from their village took them in a police vehicle to Shahibaug, where they stayed in the camp.

58.2 The witness has further deposed that the mob had looted his shop as well as his house and had set his house on fire. In the stone pelting that took place he was injured on his leg.

58.3 CROSS EXAMINATION: In his cross-examination, a suggestion is put that the witness had sustained injury while fleeing from his house, which the witness has denied in respect of which he is contradicted by his statement dated 16.5.2002 recorded by the police wherein he had stated that he had sustained injury on the heel of his right leg while fleeing from his house. The witness had denied that except for stating that as the mobs were rioting in the Naroda Patiya area, he along with his family went to the S.R.P. Headquarters, none of the other facts stated in paragraph 3 of his deposition had been stated by him in his statement dated 16.5.2002. In paragraph 20 of his deposition, the witness has admitted that as and when he became aware of facts, he had stated the same in his statement recorded by the SIT. The witness has proved the first information report Exhibit 148, which is sought to be produced on record at the instance of the learned Assistant

Special Public Prosecutor. Thus, the prosecution, though it has initially objected to exhibiting the first information report in the case of PW1 has thereafter sought to produce the other first information reports on record.

58.4 The witness is cross examined as regards the topography of the area. It may be noted that this witness in his examination-in-chief, has not stated anything with regard to any tanker near the ice factory. However, in paragraph 23 of his cross-examination the witness has admitted that on the day of the incident he had seen a tanker near the ice factory and has stated that the tanker was empty and did not contain kerosene and has stated that he does not know as to in which condition the tanker was and whether it was pushed and brought there. The witness has also stated that he does not know as whether the tanker was brought near the Noorani Masjid and set on fire. The witness is then sought to be contradicted qua the above reply given by him in his cross-examination with his statement recorded by the SIT. Thus by a process of cross-examination, the defence has succeeded in bringing on record facts stated by the witness in his police statement though such facts have not been stated by him in his deposition, and despite the fact that in his examination-in-chief he has not stated anything contradictory. It is settled legal position as held by the Supreme Court in the case of **Tahsildar Singh** (supra) that a statement recorded under section 161 of the Code can only be used to contradict a witness and cannot be used for any other purpose. It has further been held that by a process of cross-examination, what is not stated by a witness in his examination-in-chief cannot be brought out in his cross-examination. The prosecution,

therefore, ought to have objected to this course of action and the trial court ought not to have permitted such question to be put to the witness which is contrary to the provisions of section 162 of the Code.

58.5 The witness has admitted that he was part of the Muslim mob which resorted to stone throwing and has voluntarily stated that he did so in self-defence.

58.6 PW-282, Shri K. S. Desai, the assignee officer has admitted that he has recorded the statement of this witness on 16.5.2002. The assignee officer has stated that when he went to record the statement of this witness, no complaint was given to him and no instructions were issued to him to record his statement in the context of such complaint. (The complaint of this witness dated 7.3.2002 is on the record at Exhibit-148). The assignee officer has admitted that this witness had not stated before him that he had seen his house and shops being looted and burnt with his own eyes.

58.7 The contents of paragraph 2 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that these facts have not been stated by the witness in the statement recorded by him. The contents of paragraph 3 of the examination-in-chief of the witness are read over to the assignee officer who has denied that all the facts stated therein have not been stated by the witness in the statement recorded by him. He has stated that the witness had stated before him that the mobs were rioting in the Naroda Patiya area and that the witness together with his family had gone to the S.R.P. Quarters nearby at around 10 o'clock in the

morning. Other than that, the facts stated in the said paragraph have not been stated by the witness. The assignee officer has further admitted that the witness had not stated before him that the people in the mob had tied saffron bands on their heads and were wielding sticks and pipes in their hands.

58.8 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness does not name any accused. In paragraph 2 of his examination-in-chief, the witness has stated that the police resorted to firing at the Muslims and a Muslim boy named Abid was shot by the police and he died due to the bullet injury. It was submitted that this fact stated by the witness runs contrary to the depositions of other witnesses as well as the documentary evidence. Reference was made to the inquest panchnama of Abid at Exhibit 662 to submit that he died at Jawaharnagar Chhapra behind the S.T. Workshop. Referring to the post mortem report Exhibit 393 together with the deposition of PW 47 Exhibit 392, viz. the doctor who performed the post mortem, it was submitted that the possibility of firearm injury is ruled out. As regards the say of the witness that gas cylinders were burst, it was submitted that the concerned Investigating Officer PW 296 Mr. Surela who has been examined at Exhibit 2035 has deposed that during the entire incident at Naroda Patiya, no bursting or blast of any gas cylinder has taken place. Referring to the panchnama of the scene of offence Exhibit 2036, it was submitted that it does not refer to any remnants of burst gas cylinders. It was further submitted that the witness has admitted that people of both the communities were pelting stones at each other (paragraph 24) and that he has also

admitted that he was a member of the mob which was pelting stones. It was argued that the witness has given a version which is contradictory to the evidence on record and that he has indulged in stone pelting and is not an innocent victim.

58.9 It was submitted that as per the prosecution case and the evidence, the first incident at the Noorani Masjid went on till 11:30 and thereafter, the mob started going towards the chawls. It was submitted that the witness does not name any accused though he saw the incident on the highway and thereafter inside. It was submitted that this witness is staying in the area since 22 years before the incident and he has seen the mob at various places, despite which, he does not name any of the accused, including the local residents. It was submitted that the accused Bhavani, Dalpat, Tiwari, Mukesh and two daughters of Bhavani are residing at Gangotri Society and Sahejad is residing at Hussainnagar, but this witness does not implicate any of those accused, which clearly raises a doubt about their participation in the incident.

58.10 ANALYSIS: This witness has not implicated any accused. The evidence of this witness regarding Abid having been taken home after he died is contrary to the testimony of the other witnesses. Nothing much turns upon the testimony of this witness.

59. **PW-38 Umedhasan Kalubhai Kureshi**, aged 50 years, has been examined at Exhibit-267. This witness has deposed that he is residing in Gujarat since the last fifteen years and his native place is *village Jalali, District Harduvaganj, Uttar*

Pradesh.

59.1 In the year 2002, he was residing at *Jawannagar, Naroda Patiya*. He had a scrap shop by the name of H. I. Scrap at Jawannagar and adjoining his shop was a house of his ownership.

59.2 On 27.2.2002, after he returned from his work, he learnt that a train had been burnt at Godhra, in the context of which, there was a call for bandh on 28.2.2002.

59.3 On 28.2.2002 in the morning at around 8:30, he went from his house on the road to have tea. While he was sitting at the tea stall, he saw a mob coming from the direction of Natraj and another mob coming from the direction of Krushnanagar. Since one of his legs has been operated, upon seeing the mob which had come till the Noorani Masjid, he was frightened. He thought that he might get caught in the mob, and hence, he immediately went home from the tea stall at the corner of Jawannagar.

59.4 After he reached home, he went and sat there with his family, and in the meanwhile, several times he heard shouts of "cut", "kill" and "help". After staying at home in this manner till 12 o'clock, he, together with his family, started going towards Gangotri Society, and while going, he saw that the Hindu houses were locked. Since these houses were locked, they went on the terrace of one of the houses of Gangotri Society and hid there and slowly other people from their community also started coming to the terrace of Gangotri Society.

59.5 He had seen the mobs armed with swords, sticks, dharias, etc. and they were tearing clothes of the girls. There, on one side, there were shouts of “kill, cut” and on other side, there were screams of “help, help”, and the persons in the mobs were assaulting people. He had seen fire burning there and while hiding, it became night, however, sounds of “kill”, “cut” and “help” kept on coming continuously.

59.6 At around 12 o'clock at night, four police jawans shouted from the ground and said “come down, we are police personnel”. However, since they were frightened, they did not believe that they were police personnel and all of them started crying and at that time, two policemen climbed on the terrace and told them that they were the policemen and that they should trust them, whereafter, they came down with their families. There were dead bodies lying below the terrace and passing through the dead bodies, they started walking forward with the policemen. It was dark at that time and the police vehicles were standing near the Noorani Masjid. He sat in the vehicle with his family members and ten to twenty other people. When the vehicle went ahead, near Saijpur Patiya, there was a mob which pelted stones to stop the vehicle. The people in the mob said, “*Make the Miyas in the vehicle get down*”, however, the policemen showed them a gun and proceeded forward. They were dropped at the Ghummat Camp at Shahibaug, where they stayed.

59.7 After about eight days, the police came there and recorded their statements. He had lodged his complaint. Around eight days after the complaint was lodged, the police

came there in a vehicle and took them to their house in the morning at around 11 o'clock and drew a panchnama. The witness has deposed that everything in his house was burnt.

59.8 The witness has further deposed that six years thereafter, there was a call from the SIT office, and his statement was recorded. The contents of the complaint lodged by the witness have been read over to him and he has identified his thumb mark there under and the same is exhibited as Exhibit-268.

59.9 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that some of the houses in Jawannagar, Hussainnagar, Hukamsing-ni-Chali, Pandit-ni-Chali, Chetandas-ni-Chali and other chawls, have either single storeys or two storeys. The witness has been cross-examined with regard to the contents of his statement recorded by the SIT. The witness has admitted that on the day of the incident, the mobs had come from all four sides and he had not recognized anyone. The witness has denied that from the terrace of Gangotri Society, one cannot see what is happening at Jawannagar and that one could merely hear the sounds. The witness has admitted that there is a two and a half to three feet high parapet wall on the terrace at Gangotri Society, behind which they were hiding.

59.10 The witness has proved the first information report Exhibit 268 and has admitted the contents thereof to be true. It may be noted that the first information report Exhibit 168 has been subsequently merged with the main first information report being Naroda Patiya Police Station I C.R. No.100/02 and

therefore, in is no longer in the nature of a first information report and at best can be said to be a previous statement of the witness.

59.11 Since several statements of this witness have been recorded, the concerned Investigating Officer or the assignee officer of the concerned Investigating Officer, who have recorded such statements have been cross examined to prove the omissions and contradictions in the evidence of the witness as to the previous statements recorded by them.

59.12 PW-282 Kalubhai Sartanbhai Desai, the assignee officer, in his cross-examination, has admitted that he had recorded the statement of this witness on 16.05.2002. The assignee officer has further admitted that he has not recorded the statement of this witness in connection with any complaint given by this witness to his officer.

59.13 The contents of paragraph 6 of the deposition of this witness from the first line to the ninth line are read over to the assignee officer, wherein the witness has stated that he went home and thereafter, in this situation, he had stayed at home with his family members, in the meanwhile, many times he had heard shouts of "kill, cut" and "help" and that till 12 o'clock at night, they stayed at home and thereafter, he took his family towards Gangotri Society and on the way he saw that the houses of Hindus were locked. Since the houses were locked at Gangotri Society, they climbed on the terrace of a house. The assignee officer has admitted that this witness has not stated these facts in the statement recorded by him.

59.14 The contents of paragraph 7 of the deposition of this witness are read over to the assignee officer, wherein the witness has stated that he saw that mobs of thousands of people with swords, sticks, dharias etc. and they were tearing the clothes of the girls. On one side, there were shouts of “kill, kill” and on the other side people were crying “help, help” and the people in the mob were assaulting the people there. The assignee officer admitted that this witness has not stated these facts in the statement recorded by him, but has clarified that the witness has stated that mobs of people had gathered there.

59.15 The contents of paragraph 9 of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness has stated facts regarding the police coming at 12 o'clock at night and shouting out to them that they were policemen and that they should come down, but out of fear and because they did not believe that they were policemen, they were crying and that thereafter, two policemen came on the terrace and assured them that they were police, whereafter they came down with their family members and they saw corpses lying on the way and passing through the corpses, they started going forward with the police. That while they were going, near Saijpur, a mob pelted stones at the car and were saying that there are Miyas in the vehicle, make them get down, but the police showed them a gun and they went away. The assignee officer has admitted that the witness had not stated these facts before him. In the opinion of this court, not mentioning these facts which have taken place after the incident cannot be said to be an omission amounting to a contradiction within the meaning of such

expression as envisaged in section 162 of the Code.

59.16 The assignee officer has admitted that this witness had not stated before him that when he went to have tea, he had seen such mobs but has clarified that the witness had stated that at 9 o'clock, he had gone on the road and he saw the Hindu mobs having gathered there.

59.17 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination, admitted that he has recorded the statement of this witness on 5.6.2008. He has admitted that upon reading the statement of this witness, it does not appear that he has made an application to the SIT. He has admitted that this witness had stated before him that they were at home when at around 8 o'clock they came to know that mobs of Hindu from Natraj Hotel and Krushnanagar had gathered on the side of the Noorani Masjid. He had not left his house because he was earlier injured on his leg, due to which, he had difficulty in walking. Thereafter, at around 10 o'clock he came to know that the mobs were causing damage and pelting stones and burning the Noorani Masjid and the surrounding areas. The first nine lines of paragraph 6 of the examination-in-chief of this witness are read over to the Investigating Officer, who has denied that all these facts have not been stated by the witness in the statement recorded by him.

59.18 SUBMISSIONS: The learned counsel for the appellants submitted that the witness does not involve any of the accused. He has not made any allegation against the police or the manner and method of investigation. It was submitted that the witness has stated that (1) a mob of

thousands of people were tearing the clothes of girls, (2) when they got down from the terrace of Gangotri Society corpses were lying on the ground. It was submitted that these two facts are not corroborated by any evidence. It was submitted that the witness has admitted that the mob came from all four sides and he could not identify anybody.

59.19 It was further submitted that this witness is staying in the area since seven to seven and a half years. Though he has seen the mob, he has not implicated any accused, including the local accused.

59.20 ANALYSIS: From the testimony of this witness all that emerges is that in the morning of 28th February, 2002 mobs came on the high way and subsequently entered the chawls and started damaging and burning the houses. The witness has stated that upon the mobs entering the chawls, he and his family members fled from their house and took shelter on a terrace of Gangotri Society where they could hear shouts of “kill, cut” and cries for help throughout the evening till night and that from the terrace they could see the armed mobs were stripping girls and assaulting people. He has also said that when they came down from the terrace, they could see corpses lying on the ground. However, from the cross-examination of the assignee officer who had recorded his statement first in point of time, an omission in the nature of a contradiction is proved that the witness has not stated these facts in the statement recorded by him. Since this is the core of the testimony of this witness, not stating the same before the police at the first point of time, is a material contradiction affecting the credibility of the witness to the extent of the new

facts which have subsequently been deposed by him.

59.21 Insofar as the contention that considering the height of the parapet of the terrace, persons sitting inside could not see what was happening outside is concerned, in the opinion of this court even if people were sitting on the terrace behind the parapet it was always possible for them to peep out and see what was happening. When there are screams coming from people who are being burnt and assaulted, it cannot be gainsaid that a person would be tempted to look outside to see what is happening.

59.22 This witness has not implicated any accused, and hence, his testimony does not come to the aid of the prosecution in proving the charge against any of the accused.

60. **PW-40 Taufikbhai Akbarmiya Sumra**, aged 43 years, has been examined at Exhibit-290. The witness has deposed that he is residing at *Imambibi-ni-Chali*, Naroda for the last thirty to thirty five years. At the relevant time, he used to work in a garage and wash cars.

60.1 On 28.2.2002, there was a call for Gujarat Bandh and he was at home. In the morning at around 9:00 to 9:30, there were shouts and there was a lot of commotion outside, hence, he came out and he saw the mob coming from the side of Naroda Patiya.

60.2 The witness has deposed that this mob was shouting "kill" and "Jay Shri Ram". The mob was advancing

forward and had started pelting stones. While he was in the mob, his family members got frightened and left. Out of fear, he joined the mob. At around 12 o'clock in the afternoon, the people in the mob entered Hukamsing-ni-Chali, near the Naroda Workshop. The people in the mob were saying "Jay Shri Ram" and had started looting and burning the houses. They had started burning all the houses in the chawl. He ran off to Gangotri Society to protect his life. In the incident, he was injured on the left hand by a brick. He had learnt that his family had gone inside the S.R.P. Quarters and out of fear, he hid on a terrace of Gangotri Society, where, like him, there were three hundred to four hundred other people hiding there. Thereafter, at around 3 or 4 o'clock, two Marathi ladies were going to the S.R.P. Quarters and he also entered the S.R.P. Quarters with them, where he met his family. At around 2 o'clock at night, the police came and took him and his family. There were around three hundred to four hundred other people in the S.R.P. Quarters. The police took them to Dariyakhan Ghummat Relief Camp. Thereafter, the police had come to the camp and had recorded his complaint in which he had stated the damage sustained by him. The complaint has been exhibited at Exhibit-291.

60.3 CROSS EXAMINATION: The witness has been cross-examined by the learned advocates for the accused; however, nothing much turns upon the testimony of this witness. The witness does not involve any of the accused. He admits that there was a long queue of persons who wanted to file complaint. He admits that behind Gangotri Society there is a field and behind the field there is canal and that the road to the canal is about fifteen to twenty feet wide.

60.4 SUBMISSIONS: The learned counsel for the appellants-accused have submitted that though the medical certificate of the witness was available, the prosecution has not taken care to produce the same on record. It was further submitted that this witness has not named any accused though he knows people in the area, which gives reason to doubt the presence of the accused who are local residents of the area at the time of the incident.

60.5 ANALYSIS: From the testimony of this witness it emerges that the mob came at around 9:00 to 9:30 in the morning and at around 12 in the afternoon, the mobs started entering the chawls and looting and burning the houses. The witness like many other Muslims fled to Gangotri Society and took shelter on the terrace of a house. Subsequently, upon getting a chance, he entered the S.R.P. Quarters and later on was taken to the relief camp by the police. The witness has not named any accused or ascribed any particular role to any person. Nothing much, therefore, turns upon the testimony of this witness.

61. **PW-41 Alauddin Adambhai Mansuri**, aged 40 years, has been examined at Exhibit-322. The witness has deposed that he was residing at *Hussainnagar-ni-Chali, Near S.T. Workshop, Naroda Patiya* and was running his own garage named Jagrut Motor Garage, Near Naroda Railway Crossing.

61.1 The incident took place on 28.2.2002. On that day, at around 10 o'clock in the morning, he was at home with his

family members when his father-in-law whose name is also Adambhai (he does not remember his full name), came to their house, whereupon he learnt that stones were being pelted outside. He came out of his house and went to the main highway and saw that the mob was coming from the direction of Natraj Hotel and the people in the mob were throwing stones at the Noorani Masjid as well as the chawls and were pelting stones towards their Hussainnagar-ni-Chali. After a little while, he returned home. He stayed at home for some time, when from the rear side of the chawl, from the direction of Uday Gas, a mob came and started pelting stones. The mob was shouting, "cut and kill the Miyas". The people in the mob were armed with pipes, sticks and swords and were wearing saffron bands round their heads. The people in the mob had looted articles from their houses and had burnt their beds, etc. He had seen the mob carry out such looting at Hussainnagar-ni-Chali. Upon the mob coming in this manner, he, along with his family, went to Gangotri Society, where they went on a terrace where there were other people also. He and his family members stayed on the terrace till 4:00 to 5:00 p.m. After coming down from the terrace of Gangotri Society, they went to the S.R.P. Quarters. Since his wife was wearing a saree, the S.R.P. people told them, "*You are our people, come in*". They were not letting any other people come in. The witness has stated that they stayed at the S.R.P. Quarters throughout the night and in the morning at around 4:00 or 5:00, an S.R.P. vehicle went to drop them at the Shah Alam relief camp. They stayed at the camp for around three months. Thereafter, he returned to Naroda Patiya. However, since he was afraid, he rented a house at Vatva and stayed there for a month. Thereafter, the relief camp allotted a house to them and at

present, he is residing in the allotted house. In the incident, all his household goods had been burnt. Ten to fifteen days after the incident, he had made an application to the police in connection with the loss suffered by him, which he had made to the Naroda Police Station. The witness has stated that he had studied till the 4th Standard and can read Gujarati. His application is read over to him and he has admitted the contents thereof and the same is exhibited at Exhibit-323.

61.2 CROSS EXAMINATION: The witness has been cross-examined by the learned counsel for the defence mainly as regards the topography of the area.

61.3 SUBMISSIONS: The learned counsel for the appellants submitted that the witness has been residing since many years in the locality, and has seen the mob closely, but he does not involve any accused by name or identification. He has a garage in the same area since fifteen years, but he does not identify any resident of the area. It was submitted that no allegation has been made against the police in his statement recorded by the SIT nor has he stated so before the court. It was submitted that this witness has seen the mob coming from Natraj but does not say that it was raising slogans or that the people in the mob were armed with weapons. It was also submitted that this witness has gone to the S.R.P. Quarters after 5 o'clock and was permitted to go inside, which indicates that the people were not restrained from entering the S.R.P. Quarters.

61.4 ANALYSIS: This witness is a resident of the area and has seen the mob coming on the road, but has not named or

identified any accused. Insofar as entering the S.R.P. Quarters after 5 o'clock is concerned, the witness has stated that since his wife was wearing a saree, under the impression that they are Hindus, the S.R.P. personnel had let them enter the S.R.P. Quarters while other people were restrained from doing so. The contention that people were permitted to enter the S.R.P. Quarters even in the evening hours, therefore, does not merit acceptance. Since the witness has not implicated any accused, nothing much turns upon the testimony of this witness.

62. **PW-45 Sufiyabanu Yakubhai Shaikh**, aged 40 to 45 years, has been examined at Exhibit-380. The witness has deposed that she can understand Gujarati a lot, but she cannot speak in Gujarati and would prefer to speak in Hindi.

62.1 The witness has deposed that in the year 2002, she was residing at *Jawannagar, Naroda Patiya* with her family comprised of her two daughters and her son. Her husband had passed away about nine years prior thereto.

62.2 She has deposed that there were disturbances about seven years prior thereto when the incident had taken place and that there was a call for bandh.

62.3 At the relevant time, she was working in the plastic factory of Pappubhai Sindhi, which was situated near Railway Crossing, Kubernagar and the timings of her job was from 8:30 in the morning to 6:30 in the evening.

62.4 As per her routine, on the day of the bandh also,

she had set off for her job at 8:15 in the morning. When she went for her job, her three children were at home. On that day, during the lunch break, a worker named Ijubhai had gone out to wash his hands and he had seen that the mattress shop opposite the factory was burnt. Ijubhai had found out that Naroda Patiya had also been set on fire, and hence, she and Ijubhai had gone to the house of their employer who was residing in the Kubernagar area, behind their factory.

62.5 When they went to their employer's house and informed him about arson at the Patiya and the mattress shop being set on fire, he asked them to wait for a while and thereafter, she, Ijubhai and her employer went on his scooter and returned to the factory. Her employer had then closed the factory, locked it and thereafter, he dropped her and Ijubhai at Natraj Hotel, Patiya, on his scooter and she had told him that she wants to see as to what has happened to her children.

62.6 When they reached Natraj Hotel, a large number of people had gathered there. Scooters and rickshaws were being burnt. There, she had told her employer Pappubhai and Ijubhai to leave and that she would go home on her own. There was a mob of around one to two thousand people who were armed with weapons and pipes. People asked as to where she wanted to go and she said that she wanted to go to khada (pit), whereupon people asked her whether she wanted to go to die, Muslims are being cut inside. At that time, it was around one o'clock in the afternoon.

62.7 Since on that day, she was wearing a saree like she was wearing while deposing, the people there thought that she

was a Maharashtrian. The witness has deposed that she always wears her saree in *Dakshini* style; hence, people thought that she was a Maharashtrian and started advising her not to go towards the interior side. Therefore, she slowly went to the rear side of the Noorani Masjid. While she was going, she could hear the voices of people belonging to their Miya community. Sounds of “bachao, bachao” (“help ... help”) were coming and upon hearing sound of bullets as if there was firing, she got frightened and went behind the Noorani Masjid and stayed there till late at night. In the meanwhile, she did not get any news about her children. At around 1:30 at night, police vehicles came and the people were going to the Shah Alam relief camp. She was informed that these vehicles belonged to the Shah Alam Relief Camp. She was told to go in these vehicles, but she did not go as the whereabouts of her children were not known.

62.8 At night, she found all her three children at the place where presently Naroda Police Chowky is located when she came to the masjid road. Thereafter, she boarded the last police vehicle which was going to the relief camp as she had found her children.

62.9 They were taken to the Shah Alam relief camp. She has stayed at the Shah Alam relief camp with her children and the police came after five to six days and recorded her complaint. The witness has stated that she is not literate and puts her thumb impression.

62.10 The witness has admitted the contents of her complaint as well as her signature thereon, which is exhibited

as Exhibit-683. The witness has further stated that the police had recorded her statement and thereafter, after six years, she was also called to Gandhinagar for recording her statement. The witness has deposed that her house had been burnt in the incident and her household goods had been looted and set on fire.

62.11 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that she was residing at Jawannagar since the last thirty five to forty years. The witness has been cross examined as to whether she has seen the internal roads of the surrounding areas. The witness has admitted that when she set off for her job at 8:00 to 8:15 in the morning, the atmosphere was good; however, there was a call for bandh. The witness is cross-examined as regards the application Exhibit 383 and she has stated that she is not aware of who had written it for her.

62.12 In her cross-examination, it has been elicited that there was a crowd on the road opposite Natraj Hotel. The witness has stated that she is not aware as to whether the lane of her house was also crowded as people had stopped her outside. The witness has admitted that at that time, there was a crowd of Muslims near the Noorani Masjid. The witness has denied having seen the Muslim crowd pelting stones on the crowd near Natraj Hotel. She has admitted that the crowds near the Noorani Masjid and near Natraj Hotel were different. She has stated that she has not seen any scuffle between both these mobs.

62.13 The assignee officer of the concerned Investigating

Officer had recorded the statement of this witness. He has been cross-examined to prove the omissions and contradictions in the evidence of this witness.

62.13 PW-296 Shri J. V. Surela, the assignee officer in his cross-examination has admitted that he has recorded the statement of this witness on 20.3.2002. He has stated that he does not remember as to at which place he had recorded the statement and also does not remember as to whether at the time when he recorded her statement, he had a copy of her printed form complaint. The assignee officer has admitted that this witness has not named any accused in the statement recorded by him.

62.14 SUBMISSIONS: The learned counsel for the appellants-accused have submitted that this witness has not seen the incident and has not implicated any accused, nor has she made any allegations against the police officers. It was submitted that this witness in paragraph 17 of her testimony, has stated that when she left at 8:15 in the morning, the atmosphere was good, which is contrary to what has been stated by PW-52 Aminabibi.

62.15 ANALYSIS: This witness has seen mobs setting scooters and rickshaws on fire when she reached Natraj Hotel. At around one o'clock in the afternoon, she had seen a mob of one to two thousand people armed with weapons and pipes and when she told the people that she wanted to go to Jawannagar, she was asked if she wanted to die as they were cutting miyas inside. Thus, from her evidence it emerges that

by 1 o'clock in the afternoon the mobs had entered the chawls. The witness has not implicated any accused as she has not witnessed the main incidents that took place during the day.

63. **PW-53 Afzalbanu Liyakathussein Zalori**, aged 40 years, has been examined at Exhibit-434. The witness has deposed that she was residing at *Hussainnagar-ni-Chali, Opposite Noorani Masjid, Naroda Patiya* since the last twenty years and was doing the work of preparing wicks for Ashok Stoves at home. Her husband had passed away about fourteen to fifteen years ago. He was in the police department and was serving at the police headquarters.

63.1 The witness has stated that the incident took place on 28th day in the year 2002, but does not remember the month. On that day, in the morning at around 11 o'clock, a mob of around ten thousand people armed with swords, sticks, pipes, etc. had come from the direction of Natraj Hotel. The mob went towards the Noorani Masjid. She was at home and has not seen anything with her own eyes, but had heard from the people. The witness has stated that thereafter, she had taken her parents and come out of the house, and upon seeing the mob, she was frightened as she had never seen like this. Thereafter, she, together with her parents and children went with the people of their chawl to the S.R.P. Quarters, where they stayed for two days. At the S.R.P. Quarters, she had heard from the people of their chawl that everything is now burnt in their chawl and everything is looted. After two days, the police vehicle came and took them to the Shahibaug relief camp.

63.2 The witness has stated that in the entire incident, no one from her family had sustained any injury or died.

63.3 CROSS EXAMINATION: The witness has been cross-examined by the learned advocate for the defence; mostly in relation to the topography of the area. The witness has, however, admitted that at the time when they went inside the S.R.P. Quarters, no persons in the mob had stopped them.

63.4 SUBMISSIONS: The learned counsel for the appellants submitted that this witness does not involve anybody, nor has she made any allegations against the police. She has admitted that when they entered the S.R.P. Quarters and stayed there, no one prevented them from entering and the S.R.P. personnel, who belonged to both, the Hindu and Muslim communities, provided food and water for them. It was contended that through the testimony of this witness, the claims of other witnesses who have stated that they went towards the S.R.P. Quarters but were not permitted to enter, get falsified.

63.5 ANALYSIS: This witness is not an eye witness of the incident and has not implicated any accused. She had heard from people about the mob gathering on the road, and had fled with her family members to the S.R.P. Quarters. Considering the overall evidence of this witness, nothing much turns upon her testimony. Insofar as the contention that the witness has stated that no one stopped them from entering the S.R.P. Quarters, which falsifies the case of the other witnesses is concerned, from the overall evidence which has come on

record, it appears that in the morning hours, people from the chawls were not prevented from entering the S.R.P. Quarters, however, subsequently S.R.P. personnel appear to have been posted at the opening between the S.R.P. Quarters and Jawannagar and the Muslims from the chawls have been prevented from going inside.

64. **PW-54 Jubedabibi Rasidbhai Shaikh**, aged 64 years, has been examined at Exhibit-442. The witness has deposed that she is residing in *Jawannagar-ni-Chali, Naroda Patiya* since the last fifteen years. Her husband had passed away about thirty years prior thereto. She used to reside in lane No.2 and used to fetch water from lane No.1.

64.1 On the day of the incident she had gone to lane No.1 to fetch water at around 9:00 in the morning, at that time boys from the chawl were saying "the mob has come, the mob has come". She saw the mob coming. It came from the side of Uday Gas Agency. Upon seeing the mob, she immediately ran. She took her two daughters, who had come from their matrimonial homes, from her house and went towards Gangotri Society. After staying at Gangotri for about five minutes, she went to the S.R.P. Quarters. In the mob she had seen **Guddu Chhara** who is the only one whom she could identify as she knew him. She did not know anyone else in the mob. At the S.R.P. Quarters she had gone to Hasinaben's house. In the morning at 6:00 a.m., the police came and took them to the Shah Alam camp. Her first information report is given exhibit No.443. In the first information report she had stated facts regarding the things looted from her house. At the

relevant time she was working at people's homes and doing labour work. She used to mop and sweep people's houses.

64.2 CROSS EXAMINATION: In her cross-examination, the witness has denied the suggestion that on the day of the incident she had taken her daughters and locked the house and gone to the S.R.P. Quarters and has stated that she had not waited to lock the house and had taken her children and fled. In respect of this part of her evidence, the witness is sought to be contradicted as to her statement dated 12.5.2002 recorded by the police, to the effect that she had stated therein that she had gone home, taken her daughters Naseem and Rukshana and had locked their house and gone to the S.R.P. Quarters. Thus, the witness is confronted with her police statement not to contradict her with anything stated by her in her examination-in-chief, but is first put a question in her cross examination and is then sought to be contradicted with her police statement in respect of the answer given by her. Thus, through the process of cross examination, what is stated by the witness in her police statement is sought to be brought on record, which is not permissible in law. That part of the evidence of the witness, therefore, is not admissible in evidence.

64.3 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has only named Guddu Chhara who was a local resident and has not been able to identify some of the other accused who were also local residents, though she was residing in the area since seven years. It was submitted that this witness, apart from the fact that she does not implicate anyone other than Guddu, has not

seen any incident.

64.4 ANALYSIS: This witness has only implicated accused **Guddu Chhara** (deceased). Considering her overall testimony, nothing much turns upon it as she had taken shelter at the S.R.P. Quarters right from the morning and has not witnessed the incident. Besides, the witness says that she saw the mob coming from the side of Uday Gas Agency, whereas from the evidence emerging from the record, no mob had come from the side of Uday Gas Agency in the morning hours.

65. **PW-55 Faruk Kasambhai Saiyed**, aged 30 years, has been examined at Exhibit-444. The witness has deposed that he is also known as Mahammadfaruk Kasambhai Saiyed. He knows a little Gujarati but knows Hindi better.

65.1 The witness has deposed that he is residing in *Naroda Patiya* since his birth along with his family. At the relevant time, he was residing there with his wife and two children. His father lives separately at Hussainnagar. At the time of the incident, his mother also used to reside with his father and two brothers. He is working at New Shiv Motor Body as a truck body repairer and his service hours are from 9:00 in the morning to 8:30 at night.

65.2 The incident took place 28.2.2002. On that day, he set off at 8:30 in the morning for going for his job. At that time he was standing at the Naroda Patiya bus stand for going towards Chamunda. From the bus stand he has seen mobs gathering near Natraj Hotel. The mobs were getting the shops

in the area shut down. The people in the mob were wearing khakhi shorts and had tied saffron bands. On seeing all this, he returned home and took his children and went towards Gangotri Society. At that time, his mother, his brother, sister and his wife were also with him. They went to a house in Gangotri Society. From the terrace, he saw the people in the mob ransacking and burning everything. They were burning houses, killing people and ransacking everything. The people in the mobs had pipes, dharias and sticks in their hands. They stayed on the terrace of the Gangotri Society till 12:30 at night. Thereafter, the police came and took them to the Shah Alam camp.

65.3 The police came to the Shah Alam camp after four to five days and he had told them whatever he had seen. The witness is shown the complaint Mark-441/4 and he has identified his signature thereon. The complaint is read over to him and has admitted the contents thereof. The same is exhibited as Exhibit-304.

65.4 CROSS EXAMINATION: The witness has been cross-examined by the learned advocates for the defence with regard to the topography of the area. In his cross-examination, he has admitted that while he was standing at the Naroda Patiya bus stand, nobody had driven him away. He has also admitted that till he reached home from the S.T. Workshop, no incident had occurred. He has admitted that his family has not suffered any loss of life and that he cannot identify the persons who have looted his house and set it on fire.

65.5 SUBMISSIONS: The learned counsel for the

appellants have submitted that though this witness is residing in this area since his birth, that is, for around twenty years prior to the incident and has seen the mob from the terrace of Gangotri Society, he has not identified anyone and therefore, does not implicate any accused. He has made no allegations against any officers or the investigation and has admitted that the complaint was in a printed form and has also admitted that all the persons were wearing khakhi shorts and saffron bands.

65.6 ANALYSIS: All that emerges from the testimony of this witness is that the mobs started gathering at around 8:30 in the morning and were getting the shops in the area shut down. The witness fled with his family to Gangotri Society and took shelter on a terrace from where he saw the mob which was armed with weapons, damaging and burning houses and assaulting people. The witness's complaint was recorded at the relevant time and he has not named any accused.

66. **PW-56 Kamrunisha Muradali Shaikh**, aged 40 to 45 years, has been examined at Exhibit-448. The witness has deposed that she is residing at Chetandas-ni-Chali since the last twenty years with her husband and children. At the time of the incident she was residing with her husband and three children.

66.1 On 28.2.2002 which was a Thursday, the incident of communal riots had occurred. At the time of the incident as well as at present, she is working in a thread factory. Ordinarily, she went for her job at 8:30 in the morning and used to return at 7:00 in the evening.

66.2 On the day of the incident, she set off to go for her job at around 8:30 in the morning. After she reached her workplace, her employer's son told them to go back home as there was a call for bandh, and hence, she returned home at about 9:15 a.m. On that day, people were saying that there are riots outside, and hence, she also went out to see and saw that people were setting the Noorani Masjid ablaze and were pelting stones at the masjid.

66.3 Thereafter till about 12:00, she stayed at home. She had seen the people in the mob who setting things on fire. They were people from outside and she did not know them. At around 12:00, she left her house and went to Gangotri Society with her children.

66.4 The witness has further deposed that all the people in the mob in the open ground were outsiders. The mob which was near her house was comprised of people from the vicinity and this mob took away her goats and were burning and looting. About nine of her goats were taken away and there were many people. Out of the persons who took away her goats in this manner, she had seen **Suresh Chhara**. The other Chharas were also looting and thereafter they had gone to Gangotri.

66.5 They hid on a terrace of Gangotri Society together with many of her family members including her children, her sister, her sister's children, etc. She had sustained an injury on her chest and her daughter was injured on her forehead in the stone pelting. On the same night at 1:30, a police vehicle came

to Gangotri Society and took them to the Shah Alam Dargah where there was a relief camp.

66.6 The witness has deposed that the police came to the camp after five days and as everyone was advising, she had given her complaint there. The witness is shown the complaint Mark 441 and she has identified her thumb impression thereon. The contents of the complaint are read over to her and she has admitted that the same are correct. The complaint is given Exhibit No.449.

66.7 The witness has deposed that after four months, the police had taken her to her house and had recorded her statement and had drawn a panchnama of her house after surveying her house. All her household articles had been looted, but her house had not been burnt.

66.8 After five to six years she was also called to Gandhinagar where she was asked about the facts of her complaint and her statement was also recorded.

66.9 The witness has stated that since Suresh Chhara has taken away her goats about eight years prior thereto, she is not sure whether she would be able to identify him but if she can recognise him she will identify him. The witness has thereafter, correctly identified accused No.22 Suresh Chhara.

66.10 CROSS EXAMINATION: In her cross-examination, it has been elicited that she had reached the factory at 9 o'clock. The witness has admitted that when she returned from the factory via Krushnanagar, she had reached

her home peacefully. It has further come out that she had stayed at home till 1 o'clock. The witness has admitted that when she left her house, till then the mob had not come till their chawl. The witness has denied that there is an open ground near Gangotri Society and has stated that it is very far. From the cross-examination of this witness it has been elicited that at the relief camp some people were sitting and everyone was giving their complaints there. Somebody told her to go there to lodge her complaint and, hence, she had gone there. She has admitted that when she went to give her complaint, other people had also come. She has stated that she is not aware as to whether the police were there where she gave her complaint. The witness has admitted that the person who took down the complaint wrote what she had told him and thereafter it was read over to her and she had put her thumb impression thereon. She has also admitted that in the complaint given by her she had not named any accused.

66.11 The witness had denied that she had named the accused whom she has identified only before the SIT, and has voluntarily stated that she had named him everywhere. The witness has admitted that she does not know what is recorded in the complaint Exhibit 449 and that there is reference to V.H.P. in the complaint but she does not know what it is. Similarly she does not know what Bajrang Dal is and that she never had any occasion of talking with any worker of V.H.P. or Bajrang Dal.

66.12 The witness has stated that she does not know whether in her statement dated 7.6.2002 recorded by the police, she had said that she does not know any of the persons

in the mob. She has admitted that she had not described Suresh Chhara before the SIT with his physical features, address, etc. The witness has admitted that the name Suresh Chhara is very common in their locality and that there are several persons named Suresh Chhara. She has admitted that she had never had any occasion to talk to Suresh Chhara but has stated that eight years ago he used to come there and hence she knew him. The witness has denied that at the instance of people from her community, she was deposing falsely and that she had falsely identified the accused.

66.13 The witness has denied that one cannot see Jawannagar from Gangotri Society. She has voluntarily stated that it is nearby and that one can see Jawannagar if one climbs on the terrace. The witness has admitted that there was stone throwing from the masjid also.

66.14 Since two statements of this witness were recorded by the assignees of the concerned Investigating Officer, the contradictions in her evidence are sought to be proved through the testimonies of the concerned assignee officers.

66.15 PW-281 Dhananjaysinh Surendrasinh Vaghela, the assignee officer has admitted that he has recorded the statement of this witness on 7.6.2002. He has admitted that this witness had stated before him that she could not recognize any person in the mob. The assignee officer has stated that in his investigation, it has not been revealed that a statement of this witness was also recorded on 12.5.2002. However, it was recorded that earlier also, a statement of this witness was recorded. The assignee officer has stated that he

does not remember as to whether when he was given instructions to record a statement of the witness, any complaint was given by her or whether he was informed that he was required to record a statement in the context of her complaint. The assignee officer has admitted that through the statement of this witness, no name of any accused has been revealed.

66.16 PW-302 Dilip Arjunbhai Rathod, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 12.5.2002. The assignee officer has admitted that this witness has not given the name of any accused in the statement recorded by him.

66.17 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that the witness has implicated only Suresh Chhara (A-22) and has identified him. The limited allegation against this accused is that he took away her goats. It was pointed out that in her statement dated 7.6.2002, she has not named anybody, and in her application dated 5.3.2002 also she has not named any accused. It was submitted that though the witness did not know accused No.22, no test identification parade was conducted. It was pointed out that the complaint Exhibit 449 is in printed form and the witness is not aware of certain parts thereof, wherein reference is made to the VHP and Bajrang Dal. It was submitted that the witness has admitted that there was stone pelting from the masjid. It was argued that the claim of the witness that she and her daughter were injured is nowhere stated either in the complaint or before any authority until her statement came to be recorded by the SIT nor has any medical

certificate indicating that either she or her daughter sustained any injury has been brought on record. It was also pointed out that the witness has not made any allegation against the police that though she had named the accused they had not written it down.

66.18 Referring to paragraph 5 of her deposition, it was submitted that once the witness left for Gangotri, it is not clear as to how she could have seen the incident that took place at her house. Attention was invited to the contents of paragraph 15 of her deposition, to submit that in her cross-examination it has come out that when she returned from her workplace through Krushnanagar, she could do so peacefully. It was pointed out that in her complaint she has not named anyone. Reference was made to paragraph 28 of her deposition in the context of the sequence of events narrated in paragraphs 4 and 5 of her examination-in-chief, to submit that she could not have seen the incident of theft of goats from her house or seen accused No.22 Suresh, and hence, she had not named him in her FIR. It was urged that even if the testimony of the witness is accepted at face value she has implicated Suresh Chhara only for the act of looting her goats.

66.19 Referring to paragraph 28 of the deposition of PW-281 Shri Dhananjaysinh Surendrasinh Vaghela, the assignee officer, who had recorded her statement on 7.6.2002, it was pointed out that the omission in the statement dated 7.6.2002 has been proved through the testimony of this witness namely that she has not named any accused and that she does not know any person in the mob. It was submitted that therefore, for the first time after six and a half years, the witness has

named accused No.22 before the SIT. It was submitted that the witness has admitted that there is a huge population of Chhara and Sindhi communities in that locality and that there are many persons by the name of Suresh Chhara in that area. Therefore, in view of the above two admissions, coupled with the fact that there was no TI Parade even after the SIT recorded her statement, the identification of the accused for the first time before the court cannot be considered as evidence against accused No.22. Besides, there is no recovery of any goat from accused No.22 to corroborate the same. It was submitted that the evidence of this witness, therefore, does not inspire confidence, more particularly when she has named the accused only after six and a half years of the incident and that such time gap is enough to support the defence theory of false implication at the instance of other persons.

66.20 ANALYSIS: This witness has named only one accused viz. Suresh Chhara accused No.22. This witness had lodged a complaint at the relevant time and her statement has been recorded by the police on 7.6.2002. However, neither in the complaint nor in her statement has she named accused No.22. In her cross-examination, it has been elicited that she was read over her complaint, whereafter she had signed it. It is not the case of the witness that she had named the accused at the relevant time and that the police had not written his name. The omission in her statement dated 7.6.2002 is duly proved through the testimony of PW-281 as well as PW-302. From the testimony of this witness, it emerges that she was at home till 1 o'clock, and when she set out from her house, the mob had not come till their chawl. According to the witness, the mob

near her house was comprised of Chharas and people from their locality who were looting the houses and taking away her goats, amongst whom she had seen accused No.22. The witness is a resident of Chetandas-ni-Chali, which is situated at a considerable distance from Gangotri Society. Considering the topography of the area, it would not be possible for the witness to see what was happening at her house in Chetandas-ni-Chali from the terrace of Gangotri Society. Since the mob had not come to their chawl till she left her house and went to a terrace at Gangotri Society, the version of the witness that she saw accused No.22 in a mob taking away her goats, does not inspire confidence, more so, considering the fact, that she has come up with this version for the first time six and a half years after the incident when her statement came to be recorded by the SIT. In view of the above, her testimony to the extent she has implicated accused No.22 does not appear to be credible and reliable.

67. **PW-72 Shakilabanu Firozahmad Ansari** has been examined at Exhibit-510. The witness has deposed that she was residing at Naroda Patiya since her birth. In the year 2002, she was residing there with her mother and her house was situated in *Pandit-ni-Chali*. In the year 2002, Riyazhussain Babubhai Shaikh was her husband. Thereafter, she had divorced him and married Firozahmad Salauddin Ansari. When she was residing with her ex-husband Riyazhussain, she was staying at *Magdumnagar, Vatva*.

67.1 The witness has deposed that the riots took place on 28.2.2002. On that day, she had come to her mother's

place for Eid. Her mother's name is Kudratbibi. On that day, her mother Kudratbibi, elder brother Maheboob, younger brother Sabbirahmad, elder sister-in-law Bibibanu, younger sister-in-law Zubedabanu and her elder brother's three children, viz., Shabnambanu, Safiqahmad and Parveen and her younger brother's three children of viz., Shaminabanu, Mohammadasif and Nadeem, were residing together. At that time, her husband Riyazhussain was also with them.

67.2 The witness has deposed that her mother used to work in a thread factory from 8 o'clock in the morning till 8 o'clock in the evening. On the day of the riots also, her mother had gone to the factory at Chharanagar at 8 o'clock in the morning. At around 9 o'clock in the morning, her mother returned from the thread factory, as her employer had said that there was a call for bandh and hence, she should return home. Her mother had told them as to why she had returned home.

67.3 Her mother had also told that when she was coming back, she had seen that there was a mob of Hindus standing on the road, with saffron bands on their heads and the people in the mob had swords, sticks, rods, etc. in their hands. They were causing damage near the Noorani Masjid and were getting the shops shut. Upon hearing this, her elder brother Maheboob, went to fetch her nephews and nieces who had gone to read Quran e` Sharif at the masjid. Her brother had safely returned with them. Upon hearing this, they also came out. All the members of the family came outside and were standing in another lane outside their lane and were watching. They saw mobs of Hindus causing damage. They were

damaging shops and carts and were setting the Noorani Masjid on fire. The people in the mob had weapons in their hands like rods, swords, sticks, etc. They had come to know that the Maulana Imam of the masjid had also been beaten. Upon seeing and hearing all these things, they had returned home.

67.4 They were all hiding in their house, when at around 12 o'clock in the afternoon, they came to know that the mob was coming inside towards their chawl and hence, they left their home and went away. They had gone towards Jawannagar. Her sister Zarina was residing there and they went to her house and remained there for about two to two and a half hours.

67.5 Upon coming to know that the mob was coming towards Zarina's house at Jawannagar also, they came out of Zarina's house also and went towards S.R.P. There they asked for help to go inside. A policeman wearing khakhi uniform was standing near the S.R.P. Quarters, her mother requested him to let them go inside; however, the policeman told them that they would not let them enter and that under any circumstances, they have to die today. The policeman inflicted blows on her mother's legs with a stick and they returned from there.

67.6 They went to a shuttered shop towards Gangotri Society and were sitting inside the shop. There were also other people in the shop. When they were hiding inside, Bhavani Chhara, Guddu Chhara, Sahejad Chhara and Manu Bhangi also came there and told them that they should not be frightened and asked them to come with them and said that they would

make arrangements for their meal. Upon hearing this, they set off with Bhavani. Bhavani Chhara took them towards Gopinath Society and they sat on a terrace of that society. There also the sounds of the mob could be heard and they came to know that the mob was coming in that direction, and hence, they came out from there also. From there, they went to another terrace. She and her mother had come down from the terrace there.

67.7 Her mother told Bhavani that they had gold, money, ornaments and that he should take away whatever he wants, but he should show them a way to get out. Bhavani said, he is showing them the road leading to Naroda and they can go from there.

67.8 It was immensely crowded there and there was a pandemonium and at this time, she was separated from her family.

67.9 After getting separated from her family, they were going further. Her mother, her brother Maheboob, younger brother Sabbirahemad and their children and her younger brother's wife, etc. were going ahead. She had seen them going forward. When they started going forward, Bhavani gestured to the mob. The mob had many weapons, petrol, diesel, etc. They first assaulted her family members. Guddu Chhara, Bhavani, Sahejad Chhara, Manu Bhangi and Suresh Langdo, all five, were present in the mob that beat up her family members in front of her eyes. These five persons were helping the mob in setting everything on fire. This mob poured kerosene over her family members and burnt them alive. Her

three month old infant nephew was also thrown alive in the fire by the mob. On seeing all this, she went and hid on a terrace.

67.10 Along with her family, there were other Muslim persons also and they were also burnt alive by this mob. The burning people shouted for help, however, she was not in a position to go and help them because if she went there, the mob would kill her also and hence, she remained hiding on the terrace. She was watching everything from the terrace.

67.11 On the terrace where she was hiding, there were other Muslim persons also and they were talking and saying that Jadikhala and Hasanbhai Golawala of their mohalla had also been burnt alive and that Hasanbhai Golawala had been tied to a cot and burnt. On the terrace, she also come to know that a handicapped boy from their mohalla was told by the mob that if he says *Ram*, they would spare him, when the handicapped boy stated that even if he dies, he would not say *Ram*, they poured kerosene over him and burnt him alive. She hid on the terrace till late at night when the police vehicle came and took them to the Shah Alam camp.

67.12 At the camp, she met her nephew Safiqahemad, who was in a burnt condition. There she also met her sister-in-law Bibibanu and her niece Parveen. Bibibanu and Parveen had sustained injuries which were minor in nature and they were given treatment at the Shah Alam camp. Safiqahemad had sustained more injuries, and hence, he was taken to the Vadilal Hospital and she also went along with him.

67.13 At the camp, on the next day, she came to know

that her mother Kudratbibi, brother Maheboob and younger sister-in-law Zubeda and her nephew Mohammadasif, were also at the Civil Hospital and that after some treatment, they had passed away at the Civil Hospital and that they had been buried at the Ganjshahid Kabrastan. She did not get the dead bodies of her mother, brother and nephew; whereas her sister-in-law's dead body was taken by her parents.

67.13 The witness does not remember as to whether the police had recorded her statement at the Shah Alam camp. She has stated that the SIT had recorded her statement at Gandhinagar as stated by her.

67.14 The witness has stated that if Bhavani and Guddu Chhara were alive, she could have identified them. However, as per her knowledge, both of them had passed away. She has stated that she would attempt to identify Shahejad Chhara, Suresh Langdo and Manu Bhangi as a period of six years has elapsed. The witness has thereafter correctly identified accused No.28 – Manu Bhangi, accused No.26 – Suresh Shahejad and accused No.22 – Suresh Langdo in the dock.

67.15 CROSS EXAMINATION: This witness has been extensively cross-examined by the learned advocates for the accused. In her cross-examination, it has come out that she is illiterate and has not studied at all. She was residing with her parents at Pandit-ni-Chali. After her marriage also, she was residing at Pandit-ni-Chali. The witness has stated that she had come to her mother's place for celebrating Eid, three to four days prior to the riots. At that time, her husband and her son were also with her. She has admitted that when her mother set

off for going to her work, the situation was not in any manner disturbed. She has further admitted that upon hearing that the mob was coming, there was pandemonium in the chawl. She has further stated that wherever all the members of her family went, they had gone together till she and her children were separated from them. She has deposed that Zarinaben is her elder sister; however, she is not in a position to state the distance between the highway and Zarinaben's house. She has further stated that Zarinaben's neighbours were also in their houses where people were hiding.

67.16 The witness is not in a position to state exactly where her family members got separated from her, but has stated that it was something like a society. In her cross-examination, it has come out that in the shuttered shop, there were other Muslims also and that the shutter was half closed and half open. She has admitted that when other Muslims were sitting in the shop, at that time also, the shutter was half open. The witness is not in a position to estimate as to how long she was there in the shuttered shop. She is not in a position to state as to where the shop is located, whether Jawannagar, Gopinath Society or Hussainnagar. She has stated that there were about twenty to twenty five persons hiding in the shop. She does not know that when they came out of the shop, whether at that time the other Muslims who were sitting there had also left.

67.17 In her cross-examination, it has come out that she has not seen Gopinath Society earlier as she was not required to go on that side. She has admitted that on the day of the incident, they had gone to hide in Gopinath Society and has

voluntarily stated that on that day, Bhavani had asked them to come to Gopinath Society, and hence, they had gone there. The witness has denied that while they were going to Gopinath Society, no person in the public had stopped them. She has stated that at that time the mob was assaulting them and that they were cautiously going. She has admitted that she has not sustained any injury.

67.18 In her cross-examination, it has further come out that their family members who had got separated from them had gone towards Naroda. In a little while she had come to know that her family had got separated, however, it was so crowded it was not possible to catch up with them. Despite the crowd, she could see her family. Her family was not very far from her. The witness has admitted that the distance between her and her family could be covered within two minutes. At that time also, the mob was huge. The huge mob was between them. She has admitted that since the mob was between them, she could not reach her family. She has stated that she does not know whether the members of the mob had seen her.

67.19 The witness has admitted that all the people from their mohalla were at the Shah Alam camp and that they used to talk with each other as regards the nature and extent of injuries sustained by them. She had narrated the incident of her family at the camp. The witness has denied that the organizers of the camp used to keep a record of how many persons had come and who had come from which area and, has voluntarily stated that the police was doing all that writing work.

67.20 The witness has stated one or two months after she went to the camp, the police had come to examine her. When the police came to the camp, she herself had gone to the police and none of the camp organizers had introduced her. She does not remember whether she had got her statement recorded at that time itself.

67.21 The witness has stated that she has not told the camp people that eight persons of her family had been burnt alive, but had stated so before the police. She has admitted that for the incident of her family members, she had received about forty lakh rupees. She does not remember exactly after how much period, she had received such amount. The witness has admitted that she was stating facts regarding the damage and has voluntarily stated that they had fled in the clothes that they were wearing and at that time their position was very bad.

67.22 The witness has stated that in connection with the incident relating to her family members, she has not taken any action before any authority except for her statement before the SIT. In her cross-examination, she has stated that she knows Jadi Khala and Hasan Golawala and also knows the handicapped boy whom she has referred to. She has admitted that she had not seen the incidents relating to these three people, but had heard it from others. She has stated that her sister-in-law Bibibanu has passed away.

67.23 In her cross-examination, it has further come out that she never ventured out of her house without any reason

ad that whenever she went out, she wore a burkha. At that time she used to do tailoring work at home but did not go for a job. The material for stitching was sent to them at home and she did not have to go out to get it. The witness has also been cross-examined regarding the topography of the area.

67.24 In her cross-examination it has come out that prior to her statement being recorded, she had made an application to the SIT. She has admitted that after she made the application, the SIT had recorded her statement at Gandhinagar. She has admitted that when she went to make the application, she was totally fearless and was not afraid of anyone. She has admitted that she is not in a position to state as to who had written the application made by her before the SIT. She has further stated that when she made the application, she was not aware as to whether she has lodged any complaint with the police in respect of the incident of 28.2.2002. She has stated that nobody had told her to give the application to the SIT, at Gandhinagar. That on account of the public notice given in the newspapers, wherein it was stated that if anyone wants to make an application or say anything, they should do so and hence, since the members of her family had died, she had thought it fit to make such application. The witness is also cross-examined as regards who wrote the application and the manner in which the application was made. The witness has identified her thumb mark in the application and the application is read over to her and exhibited at Exhibit 511.

67.25 In her cross-examination, it has come out that the mob which came to their chawls had come inside from the

direction of the Noorani Masjid. She has stated that she cannot say whether the mob was standing at the corner of Gangotri Society. She has admitted that the people in the mob were also pelting stones. She has seen the people in the mob burning and assaulting people. She has not seen this mob setting houses on fire.

67.26 In her cross-examination, she has stated that on the day of the incident, they had gone from Pandit-ni-Chali towards Jawannagar and from there, to the shuttered shop. From the internal lanes, she had reached Gangotri Society. In her cross-examination, it has come out that in the shuttered shop where she was hiding, there were about twenty to twenty-five other persons and thereafter, there was no other space in the shop. She has admitted that persons sitting in the shop were sitting close to each other and they were all sitting inside with the intention of hiding. She is not aware as to whether the shutter was a steel shutter and has stated that it was true that the shutter could be closed by pulling it down. She is not in a position to say as to whether the shop is situated on the road immediately after Jawannagar ends. She has stated that even on date, she is not in a position to state as to where the shuttered shop is located.

67.27 In her cross-examination, she has stated that she has not seen any political leaders, police officers or police personnel coming and going to the camp during the eight months when she had taken shelter in the relief camp. She has stated that having lost her family members, she was not in a position to take note of any such things. She has admitted that other people like her who were living in the camp, used to talk

with each other.

67.28 In her cross-examination, she has admitted that while she was at the camp, one Shri Barot of the Crime Branch had recorded her statement and has voluntarily stated that she does not remember as to what she has stated therein. In her cross-examination, she is confronted with her statement dated 13.05.2002 recorded by the police wherein it is recorded that upon the above mob charging inside shouting and burning, in the pandemonium, six members of her family, namely, her mother Kudratbibi wife of Khurshid Ahemad, age 50 years, Sabbirhussain son of Khurshid Ahemad, age 25 years, Zubedabanu wife of Sabbirhussain, age 22 years, Shaminabanu daughter of Sabbirhussain, age 5 years, Mohammadasif son of Sabbirhussain, age 4 years, and Mohammad Nadim son of Sabbirhussain, age 4 years, got separated from them and all of them were surrounded by a mob belonging to the Hindu community and were killed. She had received news of such deaths at the Shah Alam camp when her younger brother Maheboobhussain Khurshid Ahemad met her and gave her the news and she had come to know that all of them had been burnt alive by the mob. The witness has denied that she has not seen the incident in which all the six persons were killed and has voluntarily stated that in all eight persons from her family were killed. The witness has also denied that her younger brother Maheboob had met her at the camp.

67.29 The witness has further been contradicted with her above statement, to the effect that she has also stated that the fact regarding their death was told to her by her younger

brother Maheboob Hussain Khurshid Ahemad when he met her at the Shah Alam camp and thereupon, she had learnt that all of them had been burnt to death by the mob and that her younger brother Sabbir Hussain was killed with sword blows.

67.30 The witness has denied that she has not seen any incident as stated by her in her examination-in-chief wherein, eight persons of her family members were killed, hacked down and set on fire and that no such incident has taken place. The witness has denied that she is stating all these facts on the basis of what her brother Maheboob had told her.

67.31 The witness has admitted that she has not gone to the hospital to meet her family members and that she has not seen their dead bodies and she does not remember as to whether the police had called her for identification of the dead bodies of her family members.

67.32 The witness is confronted with her statement dated 13.5.2002 in the context of paragraph 10 of her examination-in-chief and she has denied that she has not stated such facts before the police. The witness has voluntarily stated that she had informed the police, but the police had not recorded the same. She has denied that in her police statement, she has not stated that Bhavani started going ahead and gestured to the mob.

67.33 The witness is further confronted with her statement dated 13.5.2002 in the context of last eight lines of paragraph 12 of her examination-in-chief to the effect that she had not stated such facts in such statement. The witness has

voluntarily stated that they were informing the police and the police were not listening to them, and that they were telling them that they have written down everything. The witness has been cross-examined as regards the manner in which the statements were recorded by the police. The witness has stated that for the first time, she came to know that the police had not written down what was stated by her in her statement, when her statement was read over to her when they had gone before the SIT. The witness states that she does not remember as to whether she has stated before the SIT that no statement of hers has been recorded earlier.

67.34 The witness has been cross-examined with regard to the contents of paragraphs 13 and 14 of her examination-in-chief to the effect that she has not stated such facts in her statement dated 13.5.2002, which she has denied. At this juncture, it may be noted that below both the paragraphs in respect of which the above referred contradictions in relation to paragraphs 13 and 14 are put to the witness, the trial court has made a note that such facts are not found in the statement. This indicates that the trial court has recorded facts from the police statement accepting the same to be true. It is settled legal position, as is also clear from the provisions of section 162 of the Code, that a statement recorded under section 161 cannot be used for any purpose except for contradicting the witness in the manner provided under section 145 of the Evidence Act. Therefore, when the witness denies a particular fact as having been recorded in her statement, such contradiction has to be proved by the person who has recorded the statement, namely, the concerned investigating officer. In the absence of such facts being proved

through the testimony of the investigating officer or before the investigating officer is examined, it is not permissible for the court to refer to any part of the statement as no part of such statement is admissible in evidence unless duly proved in the manner provided in law. The procedure adopted by the trial court, therefore, is not in consonance with the legal provisions. It may be noted that at some places the court has referred to the statement to bring out the exact nature of contradiction, which appears to be permissible in law inasmuch as otherwise it would appear as if the witness had not stated anything in the statement under section 161 of the Code.

67.35 The witness has been cross-examined with regard to her stay at the V.S. Hospital when her nephew Shafiq Ahemad was under treatment and regarding the police recording statements of other persons who had come with her. The witness has denied that she was saying that the mob that she had seen was a Hindu mob is on the basis of assumption. The witness has voluntarily stated that those persons had tilaks on their foreheads and some of them had tied saffron bands, due to which, she thought that the mob was comprised of Hindus.

67.36 The witness is further confronted with her statement dated 13.5.2002 to the effect that she had stated therein that she does not know the people in the riotous mob, which was comprised of people from other areas and had tied saffron coloured bands on their heads and this riotous mob had looted her household articles and taken them away. The witness has also been confronted to the effect that she had further stated that the people in the riotous mob had, as stated

above, killed in all six persons from her family. She has voluntarily stated that she had mentioned eight persons. [Here also, the trial court has made a note to the effect that such facts are there in her statement without such facts having been duly proved through the testimony of the concerned investigating officer.]

67.37 The witness has admitted that in her statement recorded by the SIT, she had stated that on that day, she had no fear and that no one had threatened her. She has admitted that in her statement before the SIT, she had stated that on the next day, after going to the camp, she had come to know that members of her family have been burnt alive by the mob, out of whom her mother Kudratbibi, her brother Maheboob, her sister-in-law Zubedabanu, her nephew Asif were admitted in a burnt condition and that all four of them also had died during the course of treatment. [This part of the cross-examination of the witness is not admissible in evidence, inasmuch as the statement recorded by the SIT has been used for a purpose other than to contradict the witness.] The witness is also confronted with her statement dated 13.5.2002 to the effect that she had stated therein that in the afternoon, to protect their lives, all of them had gone to her elder sister Zarinabanu Afsharhussain's place at Jawannagar and stayed there for about an hour, and upon the Hindu mob coming, they had fled and come back home at Hussainnagar and had hidden in their house and in the evening, at around 5 o'clock, upon a huge mob of Hindus shouting kill, cut and torching the houses, coming charging inside, she, her husband and two children, all the four, and other members of her family were separated in the pandemonium and till 12 o'clock at night, they were hiding

in different houses in the chawl and at 12 o'clock, upon the police vehicles coming, they went to the relief camp at Shah Alam at around 2 o'clock. The witness has voluntarily stated that after they left Hussainnagar and went, the mob was coming inside and hence, they were not in a position to return back to the same place.

67.38 The witness is sought to be contradicted to the effect that in her statement before the SIT she had not stated that Bhavani, Guddu, Suresh Langdo, Sahejad and Manu Bhangi, all five of them, were helping the mob and burning and that she could not go to save them as the mob would kill her. The witness has stated that she does not remember as to whether she has named the three accused whom she has identified before the court, before any police. She has admitted that she has not been called by the police at any point of time for test identification of the three accused

67.39 In her cross-examination, it has come out that at the time when her statement was recorded by the SIT, she has not stated that Shri Barot had not written down what she was stated by her. The witness has denied that in her statement before the SIT she has named five accused after due deliberation over a period of six years upon being so tutored. In the cross-examination of the witness, it has been brought out that on the day of the incident, the roads were fully crowded. She has admitted that the mobs were so huge that it was difficult for even a cycle or a scooter to pass through. The witness has admitted that at the time of the incident, it was very difficult to identify anyone. The witness has also admitted that she has resided at Naroda Patiya for at least twenty two

years.

67.40 The witness has been re-examined by the Assistant Special Public Prosecutor for the purpose of explaining certain contradictions brought out in her cross-examination. In her re-examination, the witness has admitted that in her statement dated 27.5.2008 recorded by the SIT, she has stated that from her mother's family, viz., her mother Kudratbibi, both brothers Maheboob, Sabbir, sister-in-law Zubedabibi, niece Shabnam, niece Shamina, nephew Asif, nephew Nadeem, had died. In her re-examination it has been further brought out that the witness had, in her statement recorded by the SIT, stated that her mother and all of them had come down and told Bhavani Chhara to save them, so he had said that they would save them. Whereupon her mother said that she had ornaments and money, he may take all of them and but find a way for them to escape, whereupon he had told them to escape from road towards Naroda. that they were separated and were searching the road going towards Naroda.

67.41 After re-examination, the witness has been further cross-examined, whereby the witness is sought to be contradicted as to her statement dated 13.5.2002. The witness has admitted that till her statement was recorded by the SIT for a period of six years, she had not stated before anyone that two other persons from her family had died. [The re-examination and the subsequent cross-examination of the witness relates to the number of members of the family of the witness who have died in the incident. From the evidence on record, it appears that initially, six persons had passed away; later on, her brother and nephew had also passed away,

meaning thereby, the number of persons who had died increased from six to eight.]

67.42 Two statements of this witness have been recorded, one by the local police and the other by the SIT. Both the officers have been cross examined by the defence to prove the omissions and contradictions as to the statements recorded by the concerned officers.

67.43 PW-284, Tarunkumar Amrutlal Barot, the assignee officer has, in his cross-examination, admitted that this witness had stated before him that upon the above mob of Hindu community shouting "kill, cut" and burning entering inside, the members of her family started running helter and skelter and got separated, wherein (1) her mother Kudratbibi, wife of Khurshidahemad, aged 50 years, (2) Sabbirhussain, son of Khurshidahemad, aged 25 years, (3) Jubedabanu, wife of Sabbirhussain, aged 22 years, (4) Shaminabanu, daughter of Sabbirhussain, aged 5 years, (5) Mahammadasif, son of Sabbirhussain, aged 4 years and (6) Mahammadnadim, son of Sabbirhussain, aged 4 months, got separated from them and all six of them were surrounded by people belonging to the Hindu community and were killed and her younger brother Maheboobhussain Khurshidahemad had given her the news when he met her at the Shah Alam camp and she came to know that the mob had burnt all of them alive. The assignee officer has admitted that this witness had stated before him regarding the happening of the incident, wherein six members of her family had died.

67.44 The contents of paragraph 10 of the examination-in-

chief of this witness are read over to the assignee officer, wherein the witness has stated regarding her mother having offered gold, money and ornaments to Bhavanisingh for showing them the road to escape and Bhavanisingh had told them that he was showing them the road of Naroda and they should escape. The assignee officer has admitted that such facts were not stated by the witness before him. The assignee officer has denied that the witness had stated the facts stated by her in paragraph 10 of her deposition before him, but that he had not written them down. The assignee officer has admitted that this witness had not stated before him that when Bhavanisingh started going ahead, he had gestured to the mob.

67.45 The contents of last eight lines of paragraph 12 of the deposition of the witness are read over to the assignee officer who has admitted that the witness had not stated these facts in the statement recorded by him and has further stated that it has not happened that the witness had stated such facts, but he had not written them down. The contents of paragraph-13 and the contents of paragraph 14, except for the last line, of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that these facts have not been stated by the witness in the statement recorded by him. The assignee officer has denied that this witness had not stated before him that she was residing with her mother since eight years in a house of their ownership and has stated that the witness had stated such facts before him. The assignee officer has admitted that the witness had not stated before him that she had come to celebrate Eid at her mother's place. The assignee officer has admitted that the witness had

stated before him that she could not recognize any person in the mob and that the people in the mob were from the same locality and had tied saffron bands on their heads and the people in the mob had looted all the articles and household goods from the house and taken them away. That as stated by her earlier, the riotous mob had, in all, killed six people from her family. The assignee officer has admitted that the witness had stated before him that therefore, the people of their community started pelting stones in defence and were opposing them to defend themselves. That to protect their lives, all the family members together went to her sister Zarinabanu Asrafhussain's house at Jawannagar and remained there till the afternoon and stayed at Jawannagar also for about one hour and upon the mob of Hindus coming, they had fled from there and returned to their house at Hussainnagar and were hiding in their house and in the evening at around 5 o'clock, a Hindu mob shouting "kill, cut", burning the houses, charged inside and she, her husband and her two children, all four of them and other members of her family, got separated in the pandemonium and till 12 o'clock at night, they had remained hiding in the houses in the chawls and upon the police vehicles coming at 12 o'clock at night, they sat inside and had come to Shah Alam relief camp at 2 o'clock at night. Her house has not been damaged, but all the household goods from her house and a rickshaw have been burnt.

67.46 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 28.6.2008. He has admitted that this witness had not stated before him that they had closed their house and gone to Ansari's house. (The

witness in her deposition has stated that Pinjara and Ansari is one and the same person). The Investigating Officer has admitted that this witness has not stated before him that Bhavani, Guddu, Suresh Langdo, Sahejad and Manu, all five, were helping the mob in burning. He has stated that, however, the witness has named all the accused and that the people in the mob had continued with the damaging and burning.

67.47 SUBMISSIONS: Referring to the contents of paragraph-4 of the testimony of this witness, Mr. Y. S. Lakhani, learned counsel for the appellants-accused submitted that in her statement before the police, she has not stated that she had come to her mother's house for celebrating Eid. Referring to paragraphs 9 and 10 of the examination-in-chief of the witness, it was submitted that the witness does not say as to on which side they were going, viz., whether towards the highway or the canal, nor does she state as to from where she had seen the incident, which fact itself indicates that she had not seen the incident.

67.48 It was submitted that this witness does not say as to on the terrace of which house of the society she had gone. It was submitted that the evidence on record shows that the mob from the canal was comprised of totally unknown persons and these named accused were not part of that mob. Referring to the contents of paragraph 12 of the testimony of the witness, certain omissions were pointed out as to her statement recorded by the police. Referring to the testimony of PW-284, it was pointed out that the contradiction has been proved through the testimony of the said witness. It was pointed out that the contents of paragraph-13 of the examination-in-chief

of this witness do not find place in her police statement dated 13.05.2002, which fact has been proved through the testimony of PW-284 and such facts have been stated for the first time before the SIT. Reference was made to paragraph 14 of the testimony of the witness to submit that the same does not form part of the statement recorded by the police and that such facts have been subsequently brought on record to corroborate such version given by some of the witnesses before the SIT. Reference was made to paragraph 27 of the deposition of PW-284 to point out that such contradiction has been duly proved.

67.49 Reference was made to paragraph 68 of the testimony of the witness, wherein, in her cross-examination, she has stated that other than her, twenty to twenty five other persons were sitting in the shuttered shop in which she was hiding and that there was no more space behind them; and the witness has admitted that everyone in the shop were sitting close to each other and were sitting inside with the intention of hiding. It was pointed out that the testimony of the said witness is contrary to the depositions of the other witnesses, who have stated that they had taken shelter in huge godown with shutters wherein there were large number of people and not a small shop, whereas this witness has stated that there was only sufficient space for twenty to twenty five persons to sit in that shop. Referring to the contents of paragraph 74 of the cross-examination of the witness, it was pointed out that the witness has given a totally different version before the police than what was stated by her in her examination-in-chief. It was submitted that her statement before the SIT runs contrary to what she has stated before the police and,

therefore, her version of being an eyewitness after six years, is not correct and that the contradiction has been proved through the testimony of the concerned Investigating Officer PW-284. Referring to the contents of paragraph 85 of her testimony, it was pointed out that despite the position as reflected therein, no complaint had been filed by the witness at any place. The learned counsel for the appellants-accused submitted that before the police, names of any accused had not been given by the witness and for the first time before the SIT she has named the accused referred to in her examination-in-chief.

67.50 Mr. B. B. Naik, learned counsel for some of the appellants-accused referred to paragraph 6 of the examination-in-chief of the witness to submit that in relation to what the witness has stated in that paragraph, the witness has not identified anyone. It was submitted that the witness has stated that thereafter, they came back to Pandit-ni-Chali, which proves that till 11:30, the mobs had not entered the chawls. It was submitted that there is nothing on record to show that the witness's sister Zarina left the house with them. Moreover, the witness does not point out the place where the shuttered shop was situated, which indicates that she was not present at the scene of offence on that day. Referring to the contents of paragraphs 9 and 10 of the examination-in-chief of the witness, it was submitted that there are certain inherent improbabilities in the evidence of this witness. It was submitted that it is not clear as to from which side, the mob had come. It was submitted that the witness does not say on what side they were going, whether towards the highway or the canal, which clearly shows that she has not seen the incident. It was argued that the witness has also not stated as

to on the terrace of which house of the society, she had gone. According to the learned counsel, the evidence on record shows that the mob from the canal was comprised of totally unknown persons and these named accused persons were not part of that mob.

67.51 Referring to the contents of paragraphs 23 and 25 of the testimony of this witness, it was submitted that the facts stated therein raise serious doubts about her presence at the scene of incident. Referring to the contents of paragraph 28 of the deposition of the witness, wherein the witness has stated that after coming out of the shop, her mother had asked Bhavani the direction in which they should go and that they had gone in the same direction, it was submitted that here, the witness states that Bhavani had met them at Jawannagar, whereas in paragraph 12 of her deposition, she states that Bhavani had met them near Gopinath Society, which is a major contradiction in her story. Referring to the contents of paragraph 32 of her deposition, wherein she has stated that in the mob, she could still see her family and that her family was not very far from her, it was submitted that it is improbable that the witness could see her family members in the crowd.

67.52 In the context of what has been deposed by the witness in paragraph 34, wherein the witness has stated that the distance between her and her family was about two minutes and that there was a huge mob between them, due to which, she could not catch up with her family, it was submitted that if there were a mob between her and her family, the witness could not have seen as to who has done what to her family. Referring to the contents of paragraphs 65 and 69 of

the deposition of the witness, it was submitted that it is clear that the witness is aware of the topography of the area and hence, it is unbelievable that she does not know where the shuttered shop inside which she had gone, is situated. It was submitted that the witness could have pointed out the shop where she had gone if she had actually gone there.

67.53 Referring to the contents of paragraph 77 of her deposition, wherein the witness has admitted that she had not gone to meet her family members at the hospital and that she had not seen their dead bodies and at present, she does not know whether or not the police had called her to identify the dead bodies, it was submitted that the witness has not made any efforts to visit the hospital because she was not aware about the same. The attention of the court was invited to the contents of paragraph 103 of the deposition of the witness, wherein she has stated that she had not seen any women of their community wearing a police dress accompanying them, to submit that the story put forth by PW 52 Aminaben, is not supported by any of the witnesses. It was pointed out that this witness in her cross-examination (paragraph 105) has admitted that it was very difficult to identify anyone in the incident.

67.54 The learned counsel submitted that looking to the admission made by the witness in paragraph 91 of her deposition that in her statement before the SIT, she had stated that she had come to know about the death of her family members in the camp, clearly renders the deposition before the court unreliable. It was submitted that in her police statement also, she has stated that she came to know about

the death of her family members in the camp only and that looking to the discrepancies in her evidence and the contradictions in her evidence before the court, her evidence cannot be said to be of a sterling quality on which the court would rely to convict the accused persons in a serious offence where the maximum punishment is capital and imprisonment for life.

67.55 ANALYSIS: This witness is an eye witness and was present at the site on the day of the incident. In all, eight members of her family have died in the incident. Six members died, either on the spot or immediately thereafter and two members died a short while thereafter. If the testimony of the witness is considered de hors the portion in respect of which omissions are brought out in her examination-in-chief, it emerges at around 9 o'clock in the morning they had seen mobs of Hindus damaging shops and carts and setting the Noorani Masjid on fire and that the people in the mob were armed with weapons. This witness was a resident of Pandit-ni-Chali, which is one of the chawls situated at the entrance of the S.T. Workshop road parallel to the chawls opposite the Noorani Masjid. At around 12 o'clock in the afternoon, the mobs started coming to their chawls, and hence, they fled from there and went to Jawannagar to her sister Zarina's house and stayed there for around two to two and a half hours. When the mobs started coming towards Jawannagar, they went towards the S.R.P. Quarters, but were not permitted to enter inside. Therefore, they took shelter in a shuttered shop at Gangotri Society together with other people. While they were there, Bhavani Chhara, Guddu Chhara, Sahejad Chhara and Manu Bhangi also came there and told them that they should

not be frightened and asked them to come with them and that they would make arrangements for their meal, and hence, they went with them. Bhavani took them to a terrace of Gangotri Society. When the mobs started coming in that direction they went to some other terrace and were sitting there. There, she and her mother came down from the terrace. It was immensely crowded there and there was a pandemonium and at this time, she was separated from her family. According to this witness, her family was going ahead in front of her wherein her mother, her brother Maheboob, her younger brother Sabbirahemad and their children and her younger brother's wife etc. were going in front. She saw them going ahead. The witness hid on a terrace till late at night when the police came and took them to the Shah Alam camp. On the next day she came to know that her mother, brother Maheboob and younger sister-in-law Zubeda and her nephew Mahammadasif were at the Civil Hospital and after some treatment they had died.

67.56 From the cross-examination of this witness, contradictions have been brought on record and proved through the testimony of the Investigating Officer PW 281 that before the police she had stated that the fact regarding her family members being burnt to death had been stated to her by her brother at the hospital. Therefore, it appears that from the point when the witness got separated from the family while going towards the road going to Naroda, the witness has not seen the incident of her family and what had been stated to her by her brother appears to have been stated by her as if she had witnessed the same herself. Since the names of the accused have cropped up for the first time before the SIT and before the police she had stated that she does not know any of

the accused, it would be hazardous to rely upon the testimony of this witness against the named accused. Nonetheless, the other facts stated by the witness, till the time she got separated from her family appears to be credible and there is no reason to discard her testimony to that extent. As regards the witness having stated that Bhavani Chhara, Guddu Chhara, Sahejad Chhara and Manu Bhangi had come to the shuttered shop and offered them a meal, whereafter they took them towards Gangotri Society and made them sit on the terrace is concerned, this part of her testimony has not been contradicted. However, from this part of the testimony of the witness even if it is accepted to be true, no culpability can be attributed to any of the named accused as would amount of an offence.

67.57 Thus, from the testimony of this witness, it is established that the mob was damaging properties on the road till around 12:00 in the afternoon, after which it started entering the chawls on the front side of the highway and came to Jawannagar at around 4:00 in the afternoon. Subsequently, the mobs cornered the Muslims near Gangotri Society after 5:00 p.m. and there was a massacre. It also comes out that the police had come late at night.

68. **PW-58 Munavar Sarmuddin Shaikh**, aged 50 years, has been examined at Exhibit-454. The witness has stated that he can understand Gujarati, but would find it convenient to depose in Hindi.

68.1 The witness has deposed that he is also known as Munirsha, Munarsha and Munwar all three of which are his

names. He is residing at *Badarsing-ni-chali* since the last thirty five years and is doing tailoring work at home. In his house, his mother, his father, his brother, brother's wife, his wife and he used to reside together.

68.2 The incident took place on Thursday 28.2.2002. On 28.2.2002, in the morning at about 9:00 to 9:15 there were sounds. There were cries that "the mob has come, the mob has come" and hence they came out of their house. He came out on the road outside his house, when he saw mobs both from the direction of Natraj Hotel as well as Krushnanagar. After coming home and locking his house, and taking his family members, they went ahead a little towards Jawannagar. At Jawannagar there were steel sheets on the roof of one house and they all lay down on it till 12:30 at night, when the police came and took them to the Shah Alam camp.

68.3 The witness has admitted his signature on the complaint Mark 441/10 and has admitted the contents thereof and the same has been exhibited at Exhibit 455. The complaint has been registered as a first information report being Naroda Police Station I C.R. No.183/02 (Exhibit 309).

68.4 CROSS EXAMINATION: In his cross-examination the witness has admitted that his family has not sustained any injury or loss of life in the incident. From his cross-examination it has been elicited that the complaint lodged by him was on a printed form and the witness was not aware of the facts printed thereon, wherein there is reference to the workers of VHP and Bajrang Dal.

68.5 SUBMISSIONS: The learned counsel for the appellants submitted that this witness was residing at Badarsing-ni-Chali since 27 years prior to the incident, but he does not implicate anyone nor does he make any allegation against the police. The complaint lodged by him is in printed form. The witness says that his statement was recorded at a madressa which, in fact, was constructed after the incident. It was submitted that this witness is residing in this area for thirty five years, but has not named any accused.

68.6 ANALYSIS: This witness, upon coming out on the road and seeing the mob, has left his house with his family and had taken shelter over the roof of a house at Jawannagar. The witness has not named any accused nor has he given any narration of the incident. Moreover, no member of his family has been injured in the incident. Nothing much turns upon the testimony of the witness which could be helpful to either the prosecution or defence.

69. **PW-59 Sarmuddin Khwajahussein Shaikh**, aged 60 years, has been examined at Exhibit-456. The witness has stated that he can understand Gujarati, but would find it easier to depose in Hindi.

69.1 The witness has deposed that he is a resident of *Badarsing-ni-Chali* since the last thirty-five years. At the relevant time, he used to do the work of washing rickshaws. At present he is working at a tea stall. At the time of the incident he used to wash rickshaws near the gate of a bank near the S.T. Workshop.

69.2 The witness has deposed that the incident took place on 28.2.2008. On that day he had gone to wash rickshaws at 6:00 in the morning outside the gate of the bank. He had washed rickshaws till 9 o'clock. Thereafter he saw a mob coming from the direction of Natraj Hotel. In the mob which was coming he saw saffron bands on foreheads and saffron stoles on shoulders. The people in the mob were pelting stones at them. In those days also he used to wash rickshaws till 10 o'clock and after 10 o'clock he used to go the tea stall. On that day also he went to the tea stall which is adjoining the Noorani Masjid. The people in the mob were pelting stones and the police had released tear gas shells there. Thereafter, because the police had lobbed tear gas shells, the persons working with him were saying "let us go". At that time there was also firing from the opposite site. Hence, he went towards his home to see his children, when he was injured on his right shoulder and his head with a brick. The people in the mob had thrown the brick. Upon not finding his family at home, he went from his house to some other person's terrace and sat there. He had gone to the terrace in this manner at 12 o'clock in the afternoon. He had gone to the terrace as mobs were coming from both the sides and he was afraid for his life and to protect his life he had climbed up.

69.3 In the evening he learnt that his children had stayed at the house of a Marathi at the S.R.P. Quarters. The Marathi was his son's friend. He stayed on the terrace till 8:30 in the evening and then he had gone to the terrace of one Mansuri Pinjara. When he did not see anyone below, he got down and climbed on Mansuri Pinjara's terrace, where he stayed till 1:30 at night, whereafter the police came and took them to the

Shah Alam camp.

69.4 The witness had deposed that he met his wife, children and others at the camp next day in the morning.

69.5 On the second or third day after they went to the camp, the police had come and he had lodged his complaint there. The witness has identified his signature below the complaint Mark 441/12. He has stated that he has not named any accused. No member of his family was injured nor was there any loss of life.

69.6 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that he does not know the name of the doctor who treated him at the camp and that the doctor had told him that he had been injured by a bullet. In his cross examination it has further come out that till he washed the last rickshaw at 9:30-10:00, he did not feel that there was anything to worry. He has stated that on that day at around 9:30, upon the mob coming, he was worried and he went to the hotel. He has admitted that till 9:30 in the morning, he did not see any mob.

69.7 The witness has been cross-examined as regards the topography of the area and he has admitted that going through the road to the Uday Gas Agency, first there is an open field after which Jawannagar, Gangotri Society and Gopinath Society, in that order, are situated. The witness has admitted that some of the mobs coming from the Krushnanagar to Uday Gas Agency road, went towards Naroda Patiya and some of them went inside the chawls from the Uday

Gas Agency Road. All of them went into the pit that is to Jawannagar, Gangotri and Gopinathnagar.

69.8 In his cross-examination the witness has stated that he had stayed at the tea stall for about half an hour. The witness has denied that while he had remained at the Noorani Masjid, that is, at the hotel, there was no stone pelting and has voluntarily stated that he was injured in the stone pelting. The witness had denied that both Hindus and Muslims were pelting stones.

69.9 The witness has denied that at that time he was also pelting stones and was in the mob and has admitted that he was injured by a bullet at his hotel near the Noorani Masjid and that the bullet with which he was injured came from the side of the S.T. Workshop gate. He has admitted that the police were shooting from near the S.T. Workshop and was also releasing shells. At that time there were mobs on both the sides and they were in the middle when he was injured by a police's bullet. The witness has admitted that he stayed at his hotel for about half an hour and then returned home and that during this period the traffic was closed. The witness has admitted that he has not named anyone in his Exhibit 457 complaint, as he had not seen any of the accused.

69.10 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness was residing in the area since twenty seven years prior to the date of the incident. He has seen both the mobs closely for a considerable time. One mob came from Krushnanagar and another from Natraj. Still he has not given the names of any of the accused,

including the local residents. It was submitted that according to this witness he was washing rickshaws and till 9:30 a.m. he did not see any mob and till that point of time nothing happened that was frightening.

69.11 ANALYSIS: This witness has deposed regarding mobs coming from both sides of the highway and resorting to pelting stones. That the police had lobbed tear gas shells and there was firing wherein he was injured by a bullet. However, no medical certificate has been produced to show that he had sustained any bullet injury. The witness has not named any accused. Nothing much turns upon the testimony of this witness.

70. **PW-60 Usmanbhai Daudbhai Shaikh**, aged 52 years, has been examined at Exhibit-458. The witness has stated that he can understand Gujarati, but finds it easier to speak in Hindi and would therefore depose in Hindi.

70.1 The witness has deposed that he is residing at *Kumbhaji-ni-Chali, Next to S. T. Workshop, Naroda Patiya*, since the last thirty years with his family, which is comprised of him, his wife, his two sons and two daughters.

70.2 The witness has deposed that in the year 2002, he was serving at Jay Ambe Estate, Bapunagar Road. The incident took place on 28.2.2002. At that time, he used to work in the night shift and used to go at 11 o'clock at night and used to return at 7 o'clock in the morning. On the day of the incident also, he returned home at Kumbhaji-ni-Chali at 7 o'clock in the morning and had his bath and breakfast and went to sleep. His

four children went out on the road and saw that people were screaming and crying, and hence, his children came to wake him up. He woke up and went on the road in front of the Noorani Masjid and saw that on both the sides of the road, mobs were coming from Natraj Hotel and Krushnanagar. He was crossing the road and coming with his daughter, who had gone to the Noorani Masjid to study, when he was injured on his head as well as on his leg with stones.

70.3 He saw that the people in the mob had weapons in their hands and were wearing iron hats on their head and khaki clothes. He had seen the weapons, sticks, etc., in their hands and the people in the mob were pelting stones from the side of the masjid and were burning handcarts. The people in the mob had also resorted to firing. The people in the mob had also fired at one Pirubhai there. The youth from the Muslim area lifted him and took him away. Thereafter, they thought that there were a lot of disturbances there, and hence, they should go away. Therefore, leaving their house open, they had gone towards Gangotri Society, and sat on a terrace of Gangotri Society. While sitting there, they saw that the Hindu mobs were burning everything and rioting. He saw them killing people and burning them. The police was not permitting anyone to go inside towards the S.R.P. Quarters, which also he had seen from the terrace. The S.R.P. people had lobbed tear gas shells and had resorted to lathi-charge. They had seen all this while sitting on the terrace till 3 o'clock at night.

70.4 In the evening, after 7 o'clock, someone was shouting "help, help" from the well behind the S. T. Workshop, which he had heard from the terrace. They were sitting on the

terrace, hungry and thirsty. Thereafter, at 3 o'clock at night, the police vehicle came and upon calling them, they came down and jumped across the burning dead bodies and reached the police vehicle which took them to the Shah Alam camp.

70.5 The witness has further stated that his son Ayub had sustained stone injury on the head on the Naroda Patiya road and that he and his son had availed of treatment at the camp. His son Maheboob had also sustained stone injury at Naroda Patiya and he too had availed of treatment at the camp. The witness has stated that after five days, since he was not feeling well his wife had lodged a complaint at the relief camp. The witness has further stated that he was called to Gandhinagar, where his statement was recorded.

70.6 CROSS EXAMINATION: The witness has been cross-examined with regard to the topography of the area. The witness has admitted that in his statement recorded by the police, he has not named any accused and that till date, he has not given the names of any accused. In his cross-examination it has come out that he is not aware as to whether his statements were recorded on 3.11.2006 and 10.6.2008 and as to whether he had named any accused in either of these statements. The witness has admitted that the bullet with which Piru was injured was by a weapon in the hands of persons wearing khaki clothes and steel hats. He is not aware as regards the time when such bullet was fired. The witness has voluntarily stated that upon seeing a lot of public they were terrified and were more concerned about saving their lives, and hence, they had not noticed the time. He has denied that Piru had sustained bullet injury at 8:30 in the morning and

has voluntarily stated that it was after 9:30. Piru was standing on the road near S.T. Workshop where presently there is a police chowky. He has stated that he has seen Piru being injured by the bullet. He does not know the direction from which the bullet came, but knows that he was injured by a bullet.

70.7 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness is a resident of Kumbhaji-ni-Chali since more than twenty years prior to the incident. It was submitted that from the examination-in-chief of the witness, it is apparent that he had remained on the road for a considerable time and had the opportunity of seeing the mob closely, despite which the witness has not named any accused, which gives reason to believe that the mob was comprised of outsiders. It was further pointed out that according to this witness Piru had received a bullet injury near the S.T. Workshop.

70.8 ANALYSIS: From the testimony of this witness, it emerges that he has seen the mobs come on the road in the morning. He has also seen Piru getting injured in the firing. While in his examination-in-chief he has stated that the people in the mob were firing and Piru was injured with a bullet, in his cross-examination it has been elicited that the bullet with which Piru was injured was by a weapon in the hands of persons wearing khaki clothes and steel hats, which would be indicative of the fact that Piru was injured in police firing. The witness has not named or described any accused nor has he made any allegations against the police. He, however, has deposed that while they were sitting on a terrace at Gangotri

Society, they could see Hindu mobs burning everything and rioting and killing people and burning them. According to this witness, from the terrace he had also seen the S.R.P. personnel prevent people from entering the S.R.P. Quarters, lob tear gas shells and resort to lathi charge. Furthermore, this witness has stated that while going to the police vehicle they had to go across burning dead bodies.

71. PW-61 Abdulkarim Saiyadrasul Shaikh, aged 50 years, has been examined at Exhibit-462. The witness has stated that he can understand Gujarati, but would find it easier to speak in Hindi and hence he would depose in Hindi.

71.1 The witness has deposed that in the year 2002, he was residing at *Kumbhaji-ni Chali at Naroda Patiya*, with his family which is comprised of his wife and four sons and six daughters.

71.2 In connection with the Godhra incident that has taken place on 27.2.2002, there was a call for bandh on 28.2.2002. On 28.2.2002, he was at home and had gone to a hotel near Noorani Masjid at 9:00 to 9:30 in the morning to have tea when he had seen a mob of Hindu coming from the direction of Natraj Hotel. The mob was armed. The people in the mob were coming to assault. They had started pelting stones at the Noorani Masjid, and hence, he left the place and returned home. At that time, the police were releasing tear gas. A person had sustained a bullet injury there. The bullet had injured Pirubhai. Thereafter, he was frightened, and hence, he took his children and wife towards Jawannagar. He stayed there till 3 or 4 o'clock. His brother's house was at Jawannagar

and his whole family had stayed there.

71.3 At around 4 o'clock, a mob of around four to five thousand people came to Jawannagar also. At that time all the family members got separated. From there, he went towards Gangotri Society and climbed on a terrace and hid there. On the same day, at around 2:30 at night, a police vehicle came and took him to the Shahibaug relief camp. He did not find his children there. However, two days thereafter, he met his children and his begum.

71.4 About four days thereafter, the educated people were giving their statements before the police and he also gave his statement, on which his son had signed. His son's name is Mohammadsalim Abdulkarim. In his complaint, he had stated that the mob had come from Krushnanagar and he had also given his address, etc. In his complaint, he had stated that a mob of Chharas had come and that **Hariyo Chharo** (A-10) was there in the mob. However, such fact had been stated by him upon hearing it from someone. The complaint, except for the words "Hariyo from Krushnanagar", has been exhibited at Exhibit-463. [It appears that the complaint is a part of the complaint Exhibit 312].

71.5 The witness has stated that about one and half month after lodging the complaint, the police had come and had taken him to Naroda Patiya for the purpose of drawing a panchnama of his house. He has further stated that he was called to Gandhinagar, but he had not gone. Thereafter, the SIT had come to Naroda Patiya, where his statement was recorded.

71.6 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that before the SIT he had stated that he does not know anyone in the mob. He has admitted that in the complaint he had named Hariyo on the basis of what he had heard at the camp. He has admitted that the police have not informed him that his complaint has been merged with some other first information report. The witness has further admitted that no member of his family has been injured in the incident. He has stated that the terrace of Gangotri which he has referred to in his examination-in-chief is near the S.R.P. Quarters. The house where he went had a single storey, and had construction only on the ground floor and had a boundary wall on all four sides. He has admitted that behind this bungalow and the pit there are six bungalows which are in Jawannagar-ni-Chali. He has admitted that there are at least fifty to sixty houses in Jawannagar. He has admitted that in Jawannagar-ni-Chali some houses have single storeys and some have double storeys; however, there are more houses with roofs.

71.7 SUBMISSIONS: The learned counsel for the appellants submitted that the witness went on a terrace of Gangotri but does not say that he has seen anything. In his complaint he has named Hariyo on the basis of what he had heard in the camp. Therefore, accused No.10 has been implicated only on the basis of hearsay and the witness has not seen him in the mob personally. This witness is residing in the area since more than twenty years but has not named any other accused. Before the SIT he has admitted that he could not identify anyone in the mob.

71.8 ANALYSIS: From the testimony of this witness, it emerges that there was a mob on the road at around 9:00 to 9:30 in the morning, which was armed and was pelting stones at Noorani Masjid. That the police lobbed tear gas shells and resorted to firing in which Piru was injured. The witness fled with his family and took shelter at Jawannagar; however, a huge mob came to Jawannagar at around 4:00 p.m. Though the witness has named accused No.10 Hariyo in his examination-in-chief, he has admitted that he had named him on the basis of hearsay.

72. **PW-62 Bizanibegam Usmanbhai Shaikh:** The prosecution had moved an application Exhibit 460 to examine this witness as an additional witness, which came to be allowed.

72.1 PW 62- Bizanibegam Usmanbhai Shaikh, aged 45 years, has been examined at Exhibit-464. The witness has stated that she can understand a little Gujarati, but would find it convenient to speak in Hindi and would therefore depose in Hindi.

72.2 The witness has deposed that in the year 2002, she was residing at *Kumbhaji-ni-Chali, Naroda Patiya*, since the last twenty five to thirty years, together with her husband, her children, her mother-in-law and father-in-law. At the relevant time, she used to do tailoring work to earn a livelihood and her husband used to work in a mill and after the mill was closed down, he was working in a factory.

72.3 In the year 2002, her husband used to work in the night shift. At times he used to work in two shifts and at times he used to work in a single shift. Her husband used to go for his job at 11 o'clock at night and used to come back at 7 o'clock in the morning.

72.4 The incident took place on 28.2.2002 which was a Thursday and there was a call for bandh. On that day, they were at home together with their children. Her elder son had gone for his job, however, he had returned back at 9:00 to 9:30 on account of the bandh.

72.5 Her husband returned from his job at around 7:00 to 7:15 and after taking a bath, he went to sleep. She sent her two daughters and her son to the Noorani Masjid for reading the *Quran Sharif*. On that day, she had gone to the fair price shop at Hussainnagar to purchase kerosene; however, the shop was not open and she learnt that on account of the bandh call, the shop was not open, and hence, she returned home.

72.6 Thereafter, she was thinking of finishing her household work, when she heard sounds of shouts and running. She went on the road to see. She saw that there was a mob on the road near Natraj Hotel. The people in the mob had tied saffron bands and they had weapons like knives, sticks, swords in their hands. Upon seeing this, she returned home and woke her husband. Thereafter, she and her husband went to fetch their children from the masjid when they saw that there was stone pelting on the masjid. They could not find their children at the masjid and she and her husband got separated in the crowd. Subsequently, she found her children.

72.7 Since the mobs had grown larger, at around 11:30 to 12:00, they had gone to Jawannagar. The entire family had gone there. They stayed at Jawannagar for a little while and then, went to Gangotrinagar (sic.). They went on the terrace of a house at Gangotrinagar and were sitting there. While they were on the terrace, at around 3 o'clock in the afternoon, somebody in a khakhi uniform shouted and called them down to have food. After they came down, that person was with them for a little while after which they did not know where he went.

72.8 Thereafter, tear gas shells started bursting and there was firing. On the rear side there is an entrance to the S.R.P. Quarters which is a part of the broken compound wall, many persons were trying to enter from there, and hence, somebody was beating them. Therefore, they did not go from the side of the broken S.R.P. wall and waited for a while. They went back to the terrace of another bungalow in Gangotri society and sat there. Till 3 o'clock at night, sounds of "help ... help" were coming.

72.9 At 3 o'clock at night, vehicles came to take them to the Shah Alam camp. They were very frightened; however, they were assured that the people who had come to take them were their people and thereafter, the police vehicles also came. Therefore, they got down to go to Shah Alam camp. By the time they reached the vehicle they had to cross several corpses. Her husband was wearing a lungi and undershirt, and hence, he said that he would go home and change his clothes as their house was on the way. When he went home, he found

that everything in the house was burnt and he came and informed her that the house is burnt and nothing remains. Thereafter they went to the Shah Alam camp and stayed there.

72.10 The witness has further deposed that at around 12 o'clock in the afternoon, her husband and her elder and younger son had sustained injuries in the riots. They had taken treatment after they went to the camp. The witness has also deposed regarding the damages sustained by them. She has further stated that she has given a complaint in which she has not named any accused and has identified her signature on the complaint and admitted the contents thereof. The complaint is exhibited at Exhibit-465.

72.11 The witness has stated that after lodging the complaint, the police had come to her to inquire about the incident and had recorded her statement wherein she had stated all that she had seen.

72.12 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that she is illiterate and only knows how to sign. The witness has denied that on that day when she went up to the masjid to bring her kids, there was no hurdle in her way. The witness has voluntarily stated that stone pelting was going on and that with a lot of difficulty they had reached up to the masjid. During that time, her husband was injured by a stone. The witness has admitted that when she went to the Noorani Masjid at that time she had seen a mob near Natraj Hotel. The witness has admitted that till they reached Noorani Masjid, they had not been injured by the stones. While they were returning from the Noorani Masjid, her

husband had sustained a stone injury on the road. The witness has stated that while returning from the Noorani Masjid, they had not met any person from their chawl whom they knew. When they went towards the Noorani Masjid also she does not remember having met anyone from her chawl whom she knew. The witness has voluntarily stated that the entire road was so crowded that they did not notice as to whether they had met any person whom they knew. The witness has admitted that the crowd was comprised of people of their chawl. The witness has denied that when they went towards the Noorani Masjid and returned, the mob at Natraj Hotel was stationary and has voluntarily stated that the mob was continuously coming. The witness is thereafter cross-examined with regard to the topography of the area.

72.13 In her cross-examination, it has further come out that they had stayed at Jawannagar for around half an hour to one hour and from there they had gone to Gangotri Society. They had stayed at Gangotri Society till 2:30 to 3 o'clock. The witness has admitted that when she went to the Noorani Masjid in the morning to fetch her kids, she had returned back in five minutes. She has stated that it took them around half an hour to reach Gangotri Society from Jawannagar and has voluntarily stated that they were going there very cautiously. The witness has admitted that they had gone from Jawannagar to Gangotri from the road on the side of the S.T. Workshop compound wall. The witness has voluntarily stated that there are many other roads for going to Gangotrinagar.

72.14 The witness has admitted that upon people from their community coming in vehicles to pick them up, they had

gathered on the road. The witness has stated that she had not seen Hindus and Muslims pelting stones against each other on the day of the incident.

72.15 In her cross-examination, it has also come out that she had lodged the complaint Exhibit-465 at the camp. The witness has admitted that there were many people who were taking down their complaints. The witness has stated that she felt that the people who were taking down the complaints were police personnel. They were in plain clothes. The witness has admitted that the people who were with her in the camp stated that the police personnel were taking down the complaints, and hence, she was saying that they were police personnel. She has stated that they were recording complaints on printed paper. The witness has admitted that she herself has not read the complaint application and has voluntarily stated that they had read it over in everyone's presence; however, she had not paid attention to it.

72.16 The witness has admitted that it had not happened that she had seen that any of her family members was cut down in her presence or was shot with a bullet and thereafter burnt, or burnt alive or murdered. [This question is put to the witness as such averments form part of the printed material in the complaint.]

72.17 The witness has admitted that she has not named any accused in her complaint because she did not know any such thing. The witness has been further cross-examined as regards her previous statement dated 12.5.2002 to bring out minor contradictions therein.

72.18 SUBMISSIONS: The learned counsel for the appellants submitted that this witness was residing in the area since twenty two years prior to the incident and has not named any accused, though she has passed through the mob and seen it very closely. Referring to her cross-examination, it was pointed out that the printed complaint contained certain printed statements thereon which were not stated by the witness and that the same is proved through the testimony of this witness.

72.19 ANALYSIS: From the testimony of this witness, all that emerges is that when she went on the road towards the Noorani Masjid to fetch her children, there were mobs on the road with people with saffron bands, armed with weapons in their hands. That upon the mobs increasing, at around 11:30 to 12:00, they had gone to Jawannagar, from where they had gone to the terrace of a house in Gangotri Society, where they stayed till late at night and could hear cries of “help” “help” while they were there. Though this witness has not named any accused nor given any narration implicating any accused, she has unnecessarily been cross-examined at great length. From her cross-examination, it emerges that complaints of victims were taken on printed forms, which contained printed material stating facts which were not actually stated by the concerned persons. Other than this, nothing much turns upon the testimony of this witness.

73. **PW-64 Gulamrasul Saiyadrasul Shaikh**, aged 45 years, has been examined at Exhibit-489. The witness has deposed that at the time of the incident, he was residing at

Imambibi-ni-Chali, Opp. S.T. Workshop, Naroda Patiya. The incident took place on 28.2.2002, which was a Thursday and there was a call for Gujarat Bandh. He was at home. In the morning at around 8:30, he had gone out to have tea. After having tea, he had returned home when stones started falling on the roof of his house. Hence, he took all his children and went towards Jawannagar to save their lives. At Jawannagar, he and his family hid on a terrace of Gangotri Society. He had seen burning houses and smoke coming from there. At 12 o'clock at night, the police came and took them to the Shah Alam relief camp. He and his son sustained injuries on account of the stone pelting at Jawannagar. In the open ground of the Jawannagar, there was a huge mob, where people wearing khakhi shorts and saffron bands were standing. While running and trying to escape from the mob, he and his son sustained stone injuries.

73.1 This witness has not supported the prosecution case and is sought to be cross-examined by the Special Public Prosecutor. The witness has also been cross-examined by the learned advocates for the defence.

73.2 Since the witness is a hostile witness and nothing substantial has come out in his deposition, nothing much turns upon the testimony of this witness and hence, it is not necessary to refer to the same in detail.

74. **PW-65 Abdulrahim Abdulwahab Shaikh**, aged 50 years, has been examined at Exhibit-490. The witness has deposed that he used to reside *behind Mahammadi Madressa, Millatnagar, Shah Alam*, in the year 2002. He was residing

there with his family comprised of his wife and two daughters. He used to run a garage near the gate of Ambica Mill-2, at Kankaria.

74.1 The incident took place on 28.2.2002, on which date there was a call for bandh in connection with the incident that took place at Godhra. About a month prior to the incident, his parents had come to his house and told him that they would stay at his place for fifteen days and thereafter, they would go to the house of their relative Babubhai, who is residing *near Noorani Masjid, Naroda Patiya*. On the day of the incident, in the morning at around 9:00 to 9:30, he had set out towards Naroda Patiya from his residence in Millatnagar on his bicycle. He had gone to Naroda Gam in the Naroda Police Station area to the house of one Ashrafkhan, who was his friend, at which point of time, the situation was tense and Ashrafkhan had told him to take his children and household goods in a loading rickshaw and go to a relative's place in the city. He told Ashrafkhan that his parents were also at the house of Babubhai Painter and he would also take them in the loading rickshaw. Ashraf told him that since he has been residing there since years and such things keep on happening, he would not face any difficulty, and that they may go and keep faith in Allah.

74.2 The witness has further stated that from Naroda Police Station, while coming towards Naroda Patiya, dirty water had accumulated on the road and there was a puddle and he was standing there. From the puddle, he went towards the Naroda Patiya. When he reached Naroda Patiya, there was a crowd of thousands of people and he saw mobs and mobs. The

Hindus in the mobs were pelting stones and the Muslims were fleeing. At that time, the Patiya Chowky was not there. He had seen his father and mother supporting each other and coming from Hussainnagar-ni-Chali. His father was taking the support of his mother's shoulder and was walking. From far, he saw a Hindu striking a Muslim with a sword. At that time, a person going on the road caught hold of his father. The person had brought something in a can and he poured the same on his parents and another person came with a burning rag and threw it on his parents and his parents were saying, "Ya Allah, save us, Ya Allah save us". With his own eyes, he had seen his parents burning. Upon witnessing this scene, his spirit was broken and he had kept his bicycle on one side and was sitting helplessly. The mob was very huge, and hence, he could not save his parents. If he had gone to save them, like his parents, he too would have been killed. In total despair, after a little while, he went to his house at Millatnagar. The time when his parents were burnt must have been around 2:00 to 2:30 in the afternoon. Thereafter, he returned home and after sometime, he registered his name with the relief camp and went to stay there.

74.3 His father had gone to Babubhai Painter's house to arrange the marriage of his [the witness's] two daughters. He had never found the dead bodies of his parents. He had gone to Dariyakhn Ghummat to identify the dead bodies and he had learnt that the dead bodies which had come there were unidentifiable. Since his mother used to wear a silver anklet on her foot and his father used to wear a copper anklet on his foot, he felt that he may be able to identify their dead bodies. He had gone to Dariyakhn Ghummat as well as to the Civil

Hospital; however, he did not get to see the dead bodies of his parents. The witness has stated that he cannot identify the people who had poured inflammable substance on his parents and had set them ablaze. He had learnt that the last rites of his parents must have been performed together with other people and that he had learnt that there was a collective burial of the people who had died in the incident as per the Muslim religion.

74.4 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that he had set off from Millatnagar at around 9:30 and had reached Ashrafbhai's house at Naroda after about two to two and a half hours. The witness has voluntarily stated that the roads were very crowded and hence, it was not possible to move swiftly. The witness has admitted that he had reached Ashrafbhai's house, which is opposite Naroda Police Station, at around 1 o'clock. He has admitted that when he reached there, no incident was taking place.

74.5 In his cross-examination, he has admitted that from where he was standing the road towards the chawls was curved. He has admitted that there was a mob on the road where he was standing and similarly, the mobs were also coming from the direction of Narol. He has voluntarily stated that there were sounds of firing. He has admitted that the sounds were very loud. In his cross-examination, it has further come out that he was standing on the platform of a hotel when he saw the incident. From the platform where he was standing, if he crosses the road which is 150 feet wide and reaches on the other side, the distance from there to the Noorani Masjid is about one minute. The witness has admitted that the road

which goes towards the chawl is after the Noorani Masjid.

74.6 The witness has admitted that from where he was standing, the passage for going inside the chawls was at a distance of about 800 to 1000 feet.

74.7 The witness has further stated that after he returned home, he has not seen his mother or father alive. He has also not seen the dead bodies of his parents. The witness has admitted that prior to giving his statement on 13.5.2002, he had not informed anybody about the incident of his parents. The witness has voluntarily stated that he had lost the spirit.

74.8 The witness has stated that Babubhai Qureshi's house, where his parents had gone, is at a distance of three hundred to four hundred feet from the road. He has admitted that from the platform where he was standing, he could not see Babubhai Qureshi's house. He has admitted that where he was standing, there was a huge crowd and that the side of the Noorani Masjid was also very crowded.

74.9 SUBMISSIONS: The learned counsel for the appellants submitted that as per the say of this witness his parents were burnt in front of his eyes at 2:30 in the afternoon. The witness does not involve any accused in the incident and is not in a position to identify those who committed the offence. It was submitted that from the spot where the witness was standing, he could not have identified his parents as the distance is about two hundred fifty metres. It was submitted that, therefore, this witness could not have seen such incident nor does he know how and where his parents died. It was

submitted that the witness is not reliable witness and that he is not even the local resident and that it is not established as to why he had come to the place of incident.

74.10 ANALYSIS: From the testimony of this witness it emerges that he is not a resident of the area. He could not identify any of the accused and has therefore, not named any accused. According to the version given by this witness, he was standing at Naroda Patiya and his parents came out of Hussainnagar and were burnt to death on the road. From the cross examination of the witness, it has been elicited that from where he was standing the road towards the chawls was curved and that there were mobs where he was standing and that there was a mob on the road where he was standing and similarly, the mobs were also coming from the direction of Narol. Considering the distance between where the witness was standing and the entrance of Hussainnagar-ni-Chali, as well as the fact that the road was curved near the chawl and there were huge mobs on the road, it is highly improbable that the witness could have seen his parents come out of Hussainnagar and could have identified them from this distance. Besides, it is too much of a coincidence that the witness who lives in some other area is standing on the road at a distance and he sees his parents coming out from Hussainnagar and the mob assaulting and burning them. From the overall evidence that has come on record, there is nothing to indicate that anyone was burnt to death on the road in the morning hours. Considering the timing of the incident and the spot from where the witness states he has seen the incident and the narration of the incident, the version given by the witness does not appear to be credible as the same is not

corroborated by any evidence on record. Besides, considering the huge mob that was there on the road after 9:30 a.m., the witness could not have seen any such incident from Naroda Patiya nor could he have heard what his parents had uttered from such a distance. In any case, since this witness has not named any accused and is not a witness of the main incident, nothing much turns upon his testimony.

75. **PW-66 Babubhai Mahammadhussain Budali**, aged 70 years, has been examined at Exhibit-491. The witness has deposed that prior to the riots, from the year 1970, he used to reside at *Hukamsing-ni-Chali, Naroda Patiya*. He was residing in a rented house. He used to work in Chandubhai's thread factory at Saijpur and had four sons and three daughters. At the time of the incident, his wife and three sons used to reside with him.

75.1 On 28.2.2002, that is, the day of the incident, he woke up in the morning and went for his job at Sheth Chandubhai's place at 8:30 in the morning. There, his employer told him that the situation was not good and hence, he should return home. Thereafter, he returned home on his bicycle and after leaving the cycle at home, he immediately came out where there is a neem tree. His house is the first house on the road and upon coming out, he saw that there was a mob near Krushnanagar and stone pelting was going on. Considering the situation, he had taken his children and gone to the nearby societies on the rear side. When they were going, stone pelting was continuing, in which, all his three sons were injured. He took his children and went and sat on a terrace. The time must have been around 1:30 in the noon. Till

late that night, they sat on the terrace.

75.2 From the terrace he saw that the houses in the chawls were burning. At around 1:30 at night, the police vehicles came and dropped them at the Shah Alam Dargah, where there was a relief camp. At the relief camp, his three sons had availed of treatment in connection with the injuries sustained by them. The witness has deposed that the people in the mob were wearing khakhi shorts and saffron bands and that he does not know any person in the mob. The witness has deposed that he has stated all this in his statement before the police and that the police had recorded his statement.

75.3 CROSS EXAMINATION: In his cross-examination, the witness has admitted that he was residing in the Naroda Patiya area since thirty two years prior to the incident. The witness has stated that he does not know all the people in the area and he cannot identify them with their names or faces. The witness has voluntarily stated that he is busy with his business from 8 o'clock in the morning till 6 o'clock in the evening and hence, he does not know anyone. The witness has admitted that he had seen that all the people in the mob were wearing khakhi shorts and saffron bands.

75.4 The witness has admitted that he, his son and other Muslims in the chawl were also pelting stones. He has voluntarily stated that to protect their lives they had to do something. Thereafter, he has stated that he himself had not pelted stones but his son had gone to pelt stones. The witness has admitted that in his statement before the police, he has stated that therefore to protect themselves, they had pelted

stones against them.

75.5 The witness has admitted that the police was firing and releasing tear gas at the people who were rioting. He has admitted that the society where he took his family was Gangotri Society.

75.6 SUBMISSIONS: The learned counsel for the appellants, have submitted that this witness has not been able to identify any of the accused. It was submitted that this witness is residing in the area since more than 32 years and has seen the accused clearly when they were involved in cross stone pelting, but has not named any of the accused. It was submitted that the witness has admitted that Muslims were also pelting stones. It was submitting that the witness has admitted that all the members of the mob were wearing Khakhi shorts and saffron bands. It was submitted that since the witness's son has received injuries and they were present while there was stone pelting, he must have seen the mob despite which he has not named any accused.

75.7 ANALYSIS: From the testimony of this witness, all that emerges is that when he came out on the road in the morning, he saw a mob pelting stones. From his cross-examination, it has emerged that they were also engaged in cross stone pelting, which, according to the witness, was done in the self defence. The witness has thereafter taken his children and gone to Gangotri Society where they remained till late at night. Nothing much turns upon the testimony of this witness, who has not narrated any specific facts with regard to the incident nor has he named any of the accused.

76. **PW-67 Afzal Abdulrauf Abdal**, aged 35 years, has been examined at Exhibit-492. The witness has deposed that at present he is residing at Citizennagar, Bombay Hotel, Narol, Ahmedabad. At the time of the incident he was residing at *Pandit-ni-Chali, Naroda Patiya*.

76.1 From three years prior to the incident, he was residing in his sister-in-law Rasulbi's house at Naroda Patiya together with his wife and his two sons. At the time of the incident, he used to work as a designer in Omkar Factory at Naroda Memco.

76.2 The incident took place on 28.2.2002. On that day there was a bandh call. At that time, he was sleeping at home. At around 10 o'clock, his wife woke him up because there were mobs standing outside and everyone was running helter skelter. The people of their community were fleeing. He had woken up.

76.3 After waking up, he went out to search for his son and he saw that there was a stampede and both his sons had sustained stone injuries. Thereafter, he took his family and went to the terrace of the Pinjara's house in Hussainnagar. It became evening. While sitting on the terrace, they could hear shouts of "Kill! Cut! Help!" They remained seated on the terrace. At around 12 o'clock at night, the police vehicle came and took them to the Shah Alam Relief Camp. The witness has stated that he could not identify anyone in the mob and that both his sons had availed of treatment in connection with the injuries sustained by them at Shah Alam camp.

76.4 CROSS-EXAMINATION: In the cross-examination of this witness, it has come out that he had gone to the terrace at Hussainnagar in the morning time. He had set out at around 10 o'clock in the morning and reached the terrace at around 10:30. The witness has admitted that there was safety in the chawl in which the house where he went, was. He, however, has denied that no incident had taken place in Hussainnagar-ni-Chali. The witness has admitted that till his wife woke him up at 10 o'clock, no incident had taken place. He has admitted that the police was firing at the riotous mob.

76.5 The witness has thereafter been re-examined, wherein he has admitted that in his statement before the police, he had stated that the sounds of the police firing at the riotous mob on the side of the road could be heard.

76.6 In his further cross-examination the witness has admitted that while referring to the side of the road in his police statement, he had not stated as to on which side of the road.

76.7 ANALYSIS: This witness has not seen any incident. Right from the morning upon the mobs coming, he, together with his family had taken shelter at the Pinjara's house in Hussainnagar. The witness does not name any accused and does not narrate any incident relating to the offences in question. Nothing at all turns upon the testimony of the witness and one wonders why the prosecution has sought to examine such witnesses, while dropping witnesses who had named accused in their statements before the police.

77. **PW-68 Naseembanu Mahammadkhalid Saiyed**, aged 30 years, has been examined at Exhibit-496. The witness has deposed that till the incident in 2002, she was residing at *Hussainnagar, Naroda*, with her mother-in-law, father-in-law, two brothers-in-law, her son and her husband.

77.1 The incident took place on 28.2.2002 and there was a bandh call. They were at home. Her husband was under the impression that though there is a call for bandh, nothing would happen and had gone to the electric shop where he was serving at around 9:00 to 9:30. Her husband is also known as Kalu and while he was repairing a fan, his employer told him to close the shop as the public was increasing a lot, whereupon he closed the shop and returned to his house and on the way, he was injured by a bullet on his back on a vertebra of his waist.

77.2 This incident had taken place at the corner of Hussainnagar. At around 11 o'clock, he had been hit by the bullet. Upon getting the news at home that her husband had been injured by a bullet, her brother-in-law named Abdulmajid went to the road to see and he too was injured on the leg with a bullet.

77.3 Despite the fact that both her husband and brother-in-law had been injured by bullets, she and her brother-in-law removed her husband and stealthily took him away. When the riots started, she and her husband, her brother-in-law and her son, all of them were at home and upon these two having sustained bullet injuries, all four of them, were hiding and

going to different places. They all sat in an empty house in the Gangotri Society.

77.4 When she went out to look, she saw that there were a lot of people and mobs were outside with pipes, swords, etc. in their hands. The police had resorted to firing. The people in the mob were shouting, “kill, kill”, “beat the bandiyas” and “no one should escape”. She has stated that she could not identify any of the persons in the mob as she was engrossed in looking after the two persons of her family who were injured by bullets.

77.5 Till night, they stayed in the house at Gangotri society, when the police came and said that, “come out, we are policemen, we will take you wherever you want to go”. The police took them in the vehicle to the Shah Alam camp. Her husband and brother-in-law were taken to the V.S. Hospital for treatment. Her brother-in-law was discharged from the hospital after three days, whereas her husband was admitted for twenty five days. Her husband is handicapped even today, as he had sustained a bullet injury on his back, the lower part below his waist is totally incapacitated. The witness has stated that with regard to the incident, the police had recorded her statement after three months of the incident.

77.6 CROSS EXAMINATION: In her cross-examination, the witness has stated that she was residing in either lane No.2 or lane No.3 of Hussainnagar and has voluntarily stated that since she did not go out of her house, she makes mistakes regarding Hussainnagar and Jawannagar. The witness is also cross-examined with regard to the topography of the area. In the cross-examination of the

witness, it has come out that she came to know that her husband was injured by a bullet, around one and half hours after he went for his job. When she and her brother-in-law went to look for her husband, he was lying against the wall opposite the masjid at the place where presently there is a police chowky. The witness has admitted that when she and her brother-in-law came out to see her husband, at that time, the people in the mob had not assaulted them or her husband with weapons and has voluntarily stated that at that time, throughout the day, there was a lot of commotion and, when she came out from the chawl, she did not see mobs on the road.

77.7 In her cross-examination, it has come out that on account of the bullet injury her husband was unable to walk, whereas the bullet had made a hole in her brother-in-law's leg and had exited and he could walk with a limp. Her husband was not bleeding whereas her brother-in-law was bleeding. She has further stated that for taking her husband from where he was lying, no one came forward to help her and her brother-in-law. She has voluntarily stated that they had dragged him and taken him. The witness has also stated that the bullet which had injured her husband was stuck in the vertebrae of his waist and was taken out after thirteen days. She has further stated that when the police came to take them to the relief camp, they had changed two houses for hiding and had taken shelter in the third house, from which they were taken to the relief camp.

77.8 An omission is sought to be brought out as to her statement recorded by the police, to the effect that she had

not stated that the bullet injury was sustained at the corner of Hussainnagar. The witness has stated that she cannot say the exact time when her husband had sustained the bullet injury and that she was stating the approximate time. The witness is sought to be contradicted as regards the utterances made by the mob, to the effect that she has not stated these facts in her police statement. The witness has admitted that the bullet injuries sustained by her brother-in-law and her husband, were on account of firing by the police. The witness has denied that the police had resorted to firing to control the mob and has voluntarily stated that the bullets were being fired at the Muslims and that the police had also colluded with the mob. The witness has stated that when she went to fetch her husband, there was no crowd of the people of their chawl. Those people, who were residing at the entrance, were leaving their houses and running towards the rear side. The witness has stated that on that day, there was a mob at the entrance and has voluntarily stated that that mob was of their people (the Hindus) and that the people of their (the witness's) community (the Muslims) were running towards the rear side. In her cross-examination, she has stated that she had not seen any stone pelting when she went to look for her husband and has voluntarily stated that upon hearing the news about her husband, she had lost her mental balance and had run to see her husband without even putting on a dupatta.

77.9 PW-278 Shri R. B. Joshi, the assignee officer who has recorded the statement of this witness has been examined to prove the omissions and contradictions in the testimony of the witness as to the statement recorded by him. In the cross-examination of, the assignee officer has stated that this

witness in her statement recorded by him had not stated that the bullet injury was sustained at the corner of Hussainnagar.

77.10 The contents of paragraph 7 of the examination-in-chief of the witness are read over to the assignee officer wherein the witness has stated that at the time of the riots the witness, her husband, her brother-in-law and her son, all four were at home and all four of them, in view of the fact that these two people had been injured with bullets, were stealthily going to different places; they had gone to an empty house at Gangotri Society and had sat there, to the effect that such facts have not been stated by this witness in her statement recorded by this witness. The assignee officer has admitted that the witness has not stated such facts before him but had stated that her husband and brother-in-law were injured by bullets. The assignee officer has also admitted that this witness has not stated before him “kill the bandiyas and not the single one should escape” He has also admitted that the witness in her statement before him has stated that thereafter from their house they had taken both of them and fled towards Jawannagar.

77.11 SUBMISSIONS: The learned counsel for the appellants-accused have submitted that this witness has not implicated anyone though she had seen the mob and that she has admitted that her husband and brother-in-law were injured in the police firing.

77.12 ANALYSIS: This witness is the wife of Mohammed Khalid, who is one of the persons who was injured in the police firing in the morning on the day of the incident. From her

testimony, it emerges that at around 11:00 a.m. her husband was injured by a bullet and he was lying against the wall opposite the masjid at the place where presently there is a police chowky. In the firing, her brother-in-law also sustained a bullet injury on his leg. She and her brother-in-law pulled her husband and hid in a house in the chawls and moved from one house to the other for hiding and while they were hiding in the third house, the police arrived and took them to the relief camp from where her husband and brother-in-law were taken to the V.S. Hospital. From the testimony of the witness, it further emerges that the police was not firing to control the riotous mob but was firing at the Muslims. This, witness has not named any accused nor has she described any incident.

78. PW-69 Badshah Abdulkadar Kureshi, aged 48 years, has been examined at Exhibit-497. The witness has stated that he understands a little Gujarati, but would find it more convenient to speak in Hindi and will therefore depose in Hindi.

78.1 The witness has deposed that he was residing at *Jawannagar* with his family since the last fifteen years with his wife and five children. He is serving at the mutton shop of Gosu, who is a resident of Ambedkar Nagar at Mirzapur and the house in which he is living is of his ownership.

78.2 The witness has deposed that since there was a call for bandh, he was sleeping till 10:00 in the morning. Upon waking up and going outside, he came to know that there were at lot of disturbances outside, people were coming towards their houses. He tried to go out, but the public was coming in and hence he went back to his house. He took his children and

stayed at home till 4 o'clock in the evening. Thereafter the public started coming even by breaking the wall. Rioting started there. They all went to behind their house to Gangotri Society and hid on the terrace. They stayed on the terrace till 12 o'clock. Thereafter the police vehicle came and took them to Shah Alam Dargah.

78.3 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that his house is the last house in Jawannagar. The witness has also admitted that a mob of people of their jamaat and their community had gathered there. The witness has admitted that in his statement before the police, he has not stated that the people from the public were coming to their chawls towards them and hence, he had gone on the rear side. The witness has voluntarily stated that he had answered only what the police had asked. The witness has further admitted that in his statement before the police, he has not stated that the second stone injured him on the waist because the police had not asked him. In his cross-examination he has stated that the police had come to the relief camp, two to two and a half months after the incident.

78.4 The witness has admitted that there was a mob of a thousand people outside his house on that day. He has admitted that those persons were sitting outside till four o'clock and till then he did not face any difficulty. He has stated that they (the witness) had jumped over the wall on the rear side and had gone. The witness has denied that from the terrace where he was sitting, one cannot see Jawannagar and Hussainnagar and has voluntarily stated that they can be seen

to a certain extent. In his cross-examination it has been elicited that there were many people on the terrace and there must be approximately two thousand to two thousand five hundred people on different terraces. The witness is not aware as to whether the water tank of Gangotri Society is situated near the terrace where he was sitting. He has not seen it.

78.5 SUBMISSIONS: The learned counsel for the appellants/accused, have submitted that this witness is residing in Jawannagar since more than seven years prior to the incident, but has not implicated any one. From the testimony of this witness it emerges that no one from the mob had entered that area till 4 o'clock in the evening. It was submitted that the witness resides in the last lane of Jawannagar but has not stated anything about the incident of Ayub who is stated to have jumped from the terrace whereafter he was burnt in a rickshaw by the mob by other witnesses.

78.6 ANALYSIS: This witness has not named any accused nor narrated any role played by the mob. From his testimony it appears that when he tried to go to the road, the other Muslims were rushing inside on account of the riots outside and hence, he returned home. Evidently, therefore, he has not seen the mob. The witness is a resident of the last lane of Jawannagar, viz. the last lane in which the Muslims were residing, because Gangotri Society is situated behind the last lane of Jawannagar. After returning home, the witness stayed there with his family till 4:00 p.m. Thereafter, the compound wall between the pit and Jawannagar was broken and the mob started coming inside when they left their home and took

shelter on a terrace of Gangotri Society. Prior to 4 o'clock, a mob was sitting outside his house but till then they did not face any difficulties. It, therefore, appears that while a mob was present at Jawannagar even prior to 4:00 p.m., it became active after 4:00 p.m. when the Jawannagar compound wall was broken and the mob entered from that side also which is indicative of synchronization between members of different mobs.

79. PW-70 Zubedakhatun Rahimbhai Shaikh, aged 55 years, has been examined at Exhibit-499. The witness has stated that she can understand Gujarat to a certain extent, but would find it easier to speak in Hindi and would, therefore, depose in Hindi.

79.1 The witness has deposed that since the last twenty one years, she is residing at *Hussainnagar lane No.1* together with her husband and two daughters and two sons. Her husband has a tea stall at Talod and comes home once a week. Her niece Asmabanu (her brother's daughter) also used to stay with them. She has studied up to the 7th Standard in Urdu and puts her signature in Urdu.

79.2 The incident took place on 28.2.2002. At that time there were riots. She was at home and her husband was at Talod. She, her four children and her niece were all at home.

79.3 On that day there were sounds coming from the road at around 9:00 to 9:30. On that day there was a call for bandh and hence they were getting the shops shut down. She came out on the road to see what was happening, at that time

the mob was pelting stones there. In the mob, some had sticks and some had steel spears.

79.4 The youth from their chawl went to the police and asked for help, but the police did not help and on the contrary they released tear gas and started firing. Upon seeing all this she was frightened.

79.5 When she went out to see, people from their chawl, Mohamed, Piru and Khalid had sustained bullet injuries. The people in the mob had tied saffron bands around their heads and were wearing shorts and undershirts. Some were wearing shirts. The mob was raising slogans of "Jay Shree Ram, Jay Shree Ram". Thereafter they reached home. The people of the chawl came and started saying that the mob was coming in that direction and hence she locked her house and went to Mansuri's house in the fourth lane from their house and stayed there till 11:30 at night.

79.6 The witness has stated that the house, in which they were hiding, had a steel door and there people were banging on the door and saying "Go away from here, and don't ever come back" and they were watching from the opening in the parapet of the terrace. **Guddu** and **Bhavani** were also in the mob. Guddu had a hockey stick in his hand and Bhavani had an iron pipe. The police came at about 12 at night and dropped them at the Shah Alam Camp. On the way at two places there was stone throwing at the police vehicle.

79.7 When they were going to sit in the police vehicle, there were burnt corpses lying on the road and flames were

coming out of their houses. The houses on the road through which they passed were also set on fire.

79.8 On the day of the incident, as stated by her, she had fled in the morning and while running she had fallen down and was hurt on the knee, but she had not taken any treatment for it. She had treated herself by applying balm.

79.9 She had stayed at the camp for eight months. After five days the police had come to the camp and had recorded her statement. The police had recorded her complaint.

79.10 Her complaint and loss, damage analysis form have been exhibited as Exhibit 500. The corresponding first information report is given Exhibit 304.

79.11 The witness is shown her signature at the bottom of her complaint and below her loss damage analysis form, which she has acknowledged to be hers.

79.12 The witness has stated that her complaint is read over to her. She has not given the names or addresses of any persons in her complaint nor has she stated any fact regarding her family members being killed or injured. She has stated facts regarding the people in the mob having swords and trishuls in their hands. The complaint and the loss damage analysis form are given exhibit No.500. [It appears that the first information report corresponding to her complaint is at Exhibit 304].

79.13 She had given her statement before the police at

the camp. Five to six years after the incident, she was called to a school near Jawannagar where at Naroda Patiya also, her statement was recorded.

79.14 The witness has stated that damage was caused to her house as reflected in the loss damage analysis form. She has stated the Guddu Chhara and Bhavani Chhara are not alive and have passed away.

79.15 CROSS EXAMINATION: In her cross examination, the witness has admitted that on the day of the incident, there were Hindu and Muslim mobs and they were pelting stones against each other. The witness has clarified that the Muslims were pelting stones in defence. They (the mob) were throwing stones at the masjid and they had thrown stones in defence. In her cross-examination it has come out that she does not know the full name of Ansari at whose house she had gone during the pandemonium. She has stated that this house was in the fourth lane after her house. The house was quite big and a lot of people had taken shelter there. It could be around hundred to one hundred and fifty people. She was there throughout the day.

79.16 In response to a question as to with whom she had talked throughout the day, the witness has said that they were all sitting mutely and that even if their children cried, they had to press their hands over their mouths.

79.17 In her cross-examination, it has come out that the witness knows the families of Khalid and Pirubhai and also know Khalid's wife. She has stated that on that day she had no

occasion to talk to Khalid's wife and that all she knows is that when Khalidbhai was injured he was kept outside. She has not seen Khalid's wife at Ansari's house.

79.18 The defence has sought to bring out certain omissions as to her statement dated 12.5.2002, to the extent put to the witness in paragraph 27 and 28 of her deposition, however, the same can in no manner be termed to be material omissions so as to amount to contradictions. One of the omissions suggested as to her statements dated 12.5.2002 and 28.6.2008, is that she had not stated therein that after closing her house she had gone to Ansari's house. The witness has voluntarily stated the Pinjara whom she has referred to is Ansari.

79.19 In her cross-examination, it has been elicited that it was approximately 11:00 to 11:30 in the morning when she went to the road when Piru and others were injured by bullets. She has admitted that Piru and Khalid who were injured were being lifted and brought by people from their chawl. The three persons who were injured were brought to a shop on the interior part of the chawls. The witness has admitted that after going to Ansari's house, she did not go to the road again.

79.20 The witness has admitted that no one in her family has been injured or suffered loss of life. The witness has been cross-examined at length as to who recorded her complaint and the manner in which it was recorded.

79.21 In her cross-examination, the witness has admitted that the police were present at the Noorani Masjid as well as

the S.T. Workshop on the day of the incident, but has voluntarily stated that they did not do anything.

79.22 PW-293 Shri B.T. Karoliya, the assignee officer assisting the Investigating Officer has been cross examined to prove the omissions and contradictions in the testimony of this witness as to the statement recorded by him. The assignee officer in his cross-examination has admitted that he has recorded the statement of this witness on 12.5.2002. The assignee officer has admitted that this witness had not stated the facts stated in paragraph 7 of her deposition that the people in the mob were chanting "Jay Shri Ram, Jay Shri Ram".

79.23 The assignee officer has admitted that the witness had not stated before him that their house also was set on fire. He, however, has explained that the witness has stated that her house was also damaged. He has also admitted that the witness had not stated before him that she had seen her house burning.

79.24 SUBMISSIONS: The learned counsel for the appellants/accused submitted that this witness does not implicate anyone except Guddu and Bhavani. With regard to them also, she says that when they were at Ansari's house, they had made some utterances. It was submitted that the witness has not named any accused from the mob at Noorani, nor does she say that Guddu and Bhavani were in that mob.

79.25 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that when this witness went out on the road, she saw a mob pelting stones and three persons were

injured in the firing and were carried inside to a shop. It was submitted that considering the overall testimony of this witness, there is no reason to reject her evidence, which is required to be accepted.

79.26 ANALYSIS: The two accused named by this witness have passed away. The role attributed to those to accused is that while she had taken shelter at Ansari's house, the accused were banging on the steel door of the house and telling those inside to go away and never come back. From her testimony it emerges that Mahammad, Khalid and Piru were injured in police firing at approximately 11:00 to 11:30 in the morning and that people from their chawl lifted them and took them to a shop on the interior side of the chawl. This witness does not implicate any of the living accused. Despite lengthy cross examination, nothing has been brought out by the defence to dent the credibility of this witness. The version given by the witness is plausible and can be relied upon while considering the manner in which the incident has occurred. The witness, therefore, appears to be a trustworthy and credible witness.

80. **PW-73 Basubhai Maiyuddinbhai Saiyed** has been examined at Exhibit-514. The witness has deposed that his family is comprised of his wife Khatijabanu, son Ahesan Ahemad and two daughters Irshadbanu and Saminabanu. The witness has deposed that the incident took place on 28.2.2002. At that time, he was residing in *Room No.5, Badarsing-ni-Chali, Next to S.T. Workshop, Naroda Patiya* together with his family. The house at Badarsing-ni-Chali was of his ownership, which he has now given on rent. The witness has further stated that his native place is *Village Afzalpur, Taluka Afzalpur, District*

Gulbarga, State Karnataka, but he is born in Ahmedabad and had studied up till the 10th Standard in Gujarati at Ahmedabad.

80.1 The witness has deposed that on 27.2.2002, in the afternoon, there was communal tension in Ahmedabad city on account of the Godhra incident. On that day, in the morning, he had gone for his work. On account of the communal tension, he had taken his auto rickshaw and returned home in the evening and on that day, he had learnt that in the context of the Godhra incident, on 28.2.2002, there was a call for Gujarat Bandh by the Vishwa Hindu Parishad. On 27.2.2002, he had parked his auto rickshaw in front of his house, that is, on the road opposite the lane. Thereafter, he had gone to meet Gafurbhai near the S.T. Workshop and was talking with him when in the evening at around 6:30, Police Inspector Shri Mysorewala of Naroda Police Station came in a government jeep, wherein he and two armed uniformed policemen also got down. The Police Inspector told him that since there was a call for Gujarat Bandh on the next day, he was placing these two people for their protection and thereafter, went away. He (the witness) and Gafurbhai together, arranged for cots for the two policemen to rest at night and also arranged tea and snacks for them. He was there till around 10 o'clock at night, whereafter he went home and slept.

80.2 On 28.2.2002, he woke up early in the morning and his family members had also woken up. His two daughters were doing a hosiery course in the I.T.I., at Naroda and he told them not to go to the I.T.I. and also told his son not go for his job at Kubernagar. On that day, in the morning at around 8 o'clock, a huge mob of Hindus was coming from the direction

of Krushnanagar. On hearing the sounds of the mob, he came to the national highway road. After coming out, he was standing near the Jay Ambe Pan cabin. Munnabhai of the cabin was also present there with him. A Hindu mob was coming from Krushnanagar towards the Noorani Masjid. This mob was led by Bipin Panchal, Guddu Chhara and his two brothers. The Hindu mob was armed with weapons like swords, trishuls, spears, revolver and iron pipes.

80.3 In a little while, a huge mob came from the direction of Kubernagar Patiya, Natraj Hotel and this mob was coming towards Noorani Masjid. This mob was raising slogans like "Jay Shree Ram". This mob was led by **Kishan Korani, Ashok Sindhi, Suresh Langdo** and **Manoj Videowala**. In this mob, Manoj Videowala and Kishan Korani had revolvers with them. The other persons in the mob had weapons like swords, trishuls, spears and iron pipes, etc. The mob was setting shops belonging to Muslims situated next to the masjid, on fire and was also pelting stones. He had seen everything. At that time, it must have been approximately 9:30. At this time, people from their chawl were standing near Gafurbhai's house and Naroda Police Inspector Shri Mysorewala was also present there with his jeep. At this time, Police Inspector Shri Mysorewala gestured to the two persons whom he had placed for bandobust on 27.2.2002 and called them to the place where he was standing. At this time, Hindus were pelting stones on them and some of them were also pelting stones towards the masjid. At that time, the Muslim youth also threw stones to protect the masjid. When such stone throwing was going on, at that time, one of the two policemen who were placed there for protection on 27.2.2002, had resorted to

firing. The police had fired shots from the Noorani Masjid towards Gafurbhai's house, where they were standing. In the firing, a bullet scraped over the shoulder of Sarmuddin Khwajahussain (PW-59) and exited. At this time, four or five persons from their chawl went to Police Inspector Shri Mysorewala and asked him to work impartially, whereupon Mysorewala told him that today, he was not in a position to protect their masjid and that they should protect themselves because there was pressure on them from above.

80.4 The witness has further deposed that Police Inspector Shri Mysorewala had told him that if he takes any action against the Hindu mob, then they would kill the police. Mysorewala also said that they should flee and hence, all of them who had gone there, returned on the opposite side to Gafurbhai's house.

80.5 The members of the mob were either setting shops ablaze or causing damage to the masjid and one of the persons had started a tanker parked near the masjid and had dashed the same against the door of the masjid, due to which, the door of the masjid and the adjoining Milan Hotel were broken down. Thereafter, the mob started advancing towards the opposite side where they were standing at Gafurbhai's house. At this time, it was around 12:30 in the afternoon. Upon this happening, everyone started running. He was afraid and went to his house. When he went back, he saw that his house was locked and he went into the chawls on the rear side to inquire about his family members, but he could not find his daughter and his wife there.

80.6 Thereafter, he was standing at the back of his house and was inquiring about his family members. In the meanwhile, from the rear side of his house from the open ground, a mob came. This mob went towards the Noorani Masjid. While searching, he reached a small road near the S.T. Workshop where Muslim women and men were standing. The mob was moving ahead step by step. The Muslims were comprised of children and elders, all of whom went towards Gangotri Society. At the corner of Gangotri Society, they met three persons, namely, (1) **Jay Bhavani**, (2) **Tiwari Conductor** and (3) **Dalpat Chhara**. Upon seeing them, they (the accused) asked them as to where they were going and told them to hide in a godown. Approximately, one hundred and fifty of them had hidden in the godown. After ten minutes, from what they were talking, he felt that these three persons would burn down the godown. Thereafter, he pinched a small boy who started crying, whereupon, he told Bhavani to open the door as the boy wanted to drink water. Thereafter, upon Bhavani opening the door, all of them, men, women and children went out together. At that time, around fifteen to twenty persons were left in the godown and the rest had come out. Those who came out and fled went towards a small gate near the S.R.P. Quarters. They requested the S.R.P. personnel who were standing there; however, they did not let them enter inside. They did not even let them stand there and hence, as Gangotri Society was empty, they climbed on its terrace. At that time, it was approximately 4:00 in the evening. From 4:00 in the evening till 8:00 at night, he sat on the terrace.

80.7 In the meanwhile, at about 5 o'clock, a mob came. In this mob, **Kishan Kourani (A-20)**, **Manoj Videowala (A-**

41), Ashok Sindhi (A-38 or 45) and Suresh Langado (A-22) were present. Under the leadership of these four persons, the house of Majid Langda, which was in the last line of Hussainnagar, came to be burned. Majid was engaged in the business of bidi, cigarette and miscellaneous items in his house. As Majid's house was in the last line, under the impression that nothing would happen, he had locked his house with his wife and children inside. His family was comprised of around six to seven members. In the fire which was kindled at Majid's house, all those persons who were inside the house were burnt alive which he had seen with his own eyes. Thereafter, at around 8 o'clock, he went down to answer nature's call. At that time, **Jay Bhavani, Dalpat and Tiwari Conductor** were snacking on *bundis*. He went near them and asked for some water. However, they said that even they did not have any water to drink and hence, he went back to the terrace. After the earlier incident, as well as the incident that took place at Majid's house, those persons who were left in the godown, who were approximately fifteen to twenty persons as well as those who could not climb near the S. T. wall, such people were sitting near the compound wall and **Tiniyo Marathi (A-55)**, son of S.R.P. chased them away. All these persons who fled from there did not return. They were killed and thrown in a dry well.

80.8 The witness has further deposed that thereafter, he climbed on the terrace and was there till around 11 o'clock at night. Around five big police vehicles came near Gafurbhai's house at 11 o'clock at night and they were shouting that if anyone has survived or is hiding, they should come down. A Muslim belonging to their area was also with them (with the

police). They together with their families came out on the road. On that day, it was dark. While coming from Gangotri Society towards Patiya, there was a burnt dead body lying on the road, which he could not see in the darkness and upon bumping against the dead body, he fell down, due to which he sustained injury on his back for which he had availed of treatment at the camp. They were taken in the vehicles, but as there were too many people, his turn had come in the second trip. All of them were taken to the Shah Alam camp. In the meanwhile, he found his son and both of them had gone to the Shah Alam camp together.

80.9 The witness has stated that he can identify all those persons whom he has stated he had seen in the mob. He has stated that since a long time of seven to eight years has passed since he had seen them and there might be changes in their physical features, he would be able to identify them from near. The witness has identified Dhanraj (A-16) as Ashok Sindhi and therefore, he has failed to identify accused Ashok Sindhi. The witness has correctly identified Tiwari Conductor (A-25), Manoj Videowala (A-41), Naresh, Guddu Chhara's brother (A-1) and Kishan Kourani (A-20). The witness has wrongly identified accused No.22 as Tiniyo Marathi, and therefore has failed to identify him. Similarly, he has identified accused No.34 as Suresh Langdo and hence, in this case also, there is a misidentification. Out of the accused named by him, this witness has not identified Bipin Panchal (A-44) and Hariyo Chhara (A-10) at all.

80.10 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that on 27.2.2002 and

28.2.2002, that is, on both the days, the water supply and electricity supply to Naroda Patiya was stopped. In his cross-examination, it has further come out that on the day of the incident, in his family, other than him, his son Ahesan Ahmad had also sustained injury on the knee on account of falling down. Like him, his son had also availed of treatment at the camp; however, no medical certificate had been issued to them. In his cross-examination, it has further come out that while they were at the Shah Alam Camp, after four to five days, two persons who looked like police but were not wearing police uniform, had come with printed forms and in the queue, there were around fifteen hundred to sixteen hundred people whom they had called. They had also asked him about how much loss he had suffered and he had stated regarding the loss which he had sustained. The witness stated that he does not remember as to whether he had given the names of three or four accused. The witness does not know whether the same had been written down or not. The witness has further stated that he had also asked them to record the names of the accused and that he had named three or four accused, however, he does not know as to which names they had written down. He has stated that he wanted to give names of other accused also, however, they had told him to see how long the queue behind him was, and that he should give his statement in short and that he should give his detailed complaint thereafter. He has stated that they had asked him to sign on such form. The witness has admitted his signature on the complaint application. The witness has read the contents of the complaint and has stated that what is stated therein is true. However, all the facts stated by him in the complaint have not been written down. The complaint has been exhibited

as Exhibit-518, and the corresponding first information report is Exhibit-308.

80.11 The witness has further stated that after recording of the complaint-Exhibit-518, the Crime Branch had recorded his statement on 15.5.2002. He has further stated that even the Crime Branch did not record all the facts as stated by him. In his cross-examination, it has come out that in the year 2008 he had read in the newspaper that if any complainants or witnesses of Godhra incident are dissatisfied, they can contact the SIT. Hence, he had addressed an application through Registered A.D. to the SIT Office, at Gandhinagar. The complaint application is produced with a list Exhibit-519. The witness has admitted his signature below the complaint application and has stated that the same is in his son's handwriting, which he can identify. After reading the contents of the application, the witness has admitted the contents thereof and the application is exhibited as Exhibit-520. About twenty days after making the application, he had received a summons at home, wherein a date was given on which he was required to appear personally at the SIT office. On the date mentioned in the summons, he had personally gone to the SIT office, where his statement was recorded.

80.12 In his cross-examination, he has stated that Badarsing-ni-Chali and Pandit-ni-Chali are next to each other and Pandit-ni Chali is behind Jay Ambe Pan House. In his cross-examination, the witness has stated that the owner of Jay Ambe Pan House was one Vermaji. The witness has been cross-examined with regard to the topography of the area. In his cross-examination, he has stated that at present, he does not

remember in which chawl Gafurbhai was residing; however, his residence is on the road. His (the witness's) house is the last house in the chawl. The witness has stated that from the time he is residing in the Naroda area, he knows Gafurbhai. The witness has denied that Gafurbhai's house is adjoining his chawl and has stated that there is no chawl adjoining Gafurbhai's house. The witness has denied that he has contested any elections from the Saijpur Ward and has voluntarily stated that he has contested the elections from the Naroda ward, at which point of time he had only 182 voters who were all from the neighbouring chawls. He has stated that he was not required to go and ask for votes and he had contested the elections in 1976, at which point of time, there was a Panchayat. The witness has stated that he does not have any interest in politics, but has a liking for it. The witness has stated that if he is at home and if somebody has any task, he does it for him. The witness has denied that because of his liking for politics, he wants to go ahead in politics. He, however, has voluntarily stated that right from the beginning, he is a rickshaw driver and that today also, he is a rickshaw driver.

80.13 [The trial court has made a note to the effect that the learned advocate for the defence wanted to put questions to the witness with regard to his criminal background, and has opined that the same would be likely to embarrass the witness and hence, the court cannot permit such questions to be put to him. The learned advocate for the defence had submitted that the questions should be taken down, whereupon the court recorded that the question is recorded, however, permission to ask such question is not granted and the witness is told that it

is not necessary for him to answer such question. The question sought to be put to the witness was as to whether any offence was registered against him under section 326 of the Indian Penal Code at the Maninagar Police Station. The court has recorded a finding to the effect that it has found that the above question is not necessary as it does not have any connection with this case. Moreover, putting such a question would amount to asking an insulting question to the witness and he would be put to an embarrassing position and hence, the question is rejected. [In this regard it may be pertinent to note that it is settled legal position that a witness can be put to any question in his cross-examination to impeach his credibility. The criminal antecedents of a witness would certainly be relevant material for the purpose of impeaching the credibility of a witness. Under the circumstances, the trial court was not justified in not permitting the defence to put such question to the witness on the ground that the witness would feel embarrassed.]

80.14 In his cross-examination (paragraph 49), it has come out that the witness is not a member of the Noorani Masjid Committee. On 28.2.2002, when he went to Jay Ambe Pan Parlour at 8:00 in the morning, the riots had not started. The witness has voluntarily stated that the mobs were coming from the direction of Krushnanagar. The witness has admitted that despite stone throwing having commenced, he had stood at the Jay Ambe Pan Galla. The witness has voluntarily stated that the stone pelting was on the opposite side. For a minute when he was standing there, there was no stone pelting at their chawl. The witness has voluntarily stated that thereafter immediately there was stone pelting at their chawl. He has

denied that the moment the stone pelting started, he has returned to his chawl. He has stated that he has not been hurt by a single stone during the stone pelting.

80.15 The witness has admitted that the Muslim youth were also throwing stones as a counter offensive. The witness has voluntarily stated that it was the Hindus who firstly started pelting stones and that with a view to protect the masjid; the Muslim youth had also pelted stones. He has admitted that through this mob, he had gone to meet Shri Mysorewala. At that time, nobody had thrown stones at him. The witness has voluntarily stated that at that time, other people were standing near Gafurbhai's house and that stones were being pelted at them. The witness has admitted that on 28.2.2002, from the time he left his home at 8:00 in the morning till 12:30, he had remained outside. After returning home at 12:30, he had not gone to search for his family members in all the chawls, but had gone to the chawl behind his chawl. He does not remember the name of the chawl, but says that he could trace out his family within fifteen minutes. The witness has denied that in his application Exhibit-518, he had not given the names, addresses and description of Guddu Chhara's two brothers. The witness has denied that he has not given the names of Guddu Chhara's brothers in his statement before the SIT. The witness has admitted that no test identification parade was carried out in respect of accused No.1 Naresh Chhara whom he had identified in the court on the previous day. In his cross-examination, the witness has stated that he had not complained to the managers about the names of the accused as stated by him, not being written down in his complaint at Exhibit-518. The witness has voluntarily stated that those

times were very different. They all were very frightened, staying in the camp, and did not know the names of the persons who were staying next to them. In such a situation, whom would they go to complain? The witness has admitted that Shah Alam is a Muslim area. He has admitted that the Shah Alam camp was a Muslim camp. He has also admitted that he has not lost any family member in this incident, nor have any of them sustained any serious injuries. He has denied that at that time, there was no fear in the camp. The witness has voluntarily stated that till three months, they were not free from fear.

80.16 In his cross-examination, the witness has further stated that in connection with the facts as stated by him not being written down in his application Exhibit-518, he had not made any complaint to any higher officer. He has stated that the reason was that no higher officer used to come there. The witness has further stated that they did not even have the facility of sending Registered A.D. post and that the person who took the readymade application Exhibit-518, came after four to five days, whereas it took them about three months to come out of their fear.

80.17 In his cross-examination, the witness has stated that in the year 2005-06, he was staying at home at Vatva. He has admitted that in the year 2005-06 also, he had not made any application to any higher authority. The witness has voluntarily stated that the reason was that neither the police nor the government was theirs. He has also stated that he has not made any application to the State Human Rights Commission for the reason that they themselves were coming

and writing down their complaints in detail. The witness has admitted that on 12.5.2002 when his statement was recorded, on that very day, he had come to know that the Crime Branch had not recorded his statement as stated by him and that the words have been changed as per their own whims. The witness has stated that he does not remember as to which were the words which he had stated but were not taken down. In his cross-examination, it has further come out that the person who had recorded his statement had not read it over to him. He had not asked the police to read over the statement to him. The witness has voluntarily stated that at that time, there were so many people that they were not responding to anyone.

80.18 In his cross-examination (paragraph 85), it has come out that the fact that in his complaint Exhibit-518, all the facts stated by him had not been written down and that incomplete details had been written down. As to which names had been written down out of the three to four accused named by him, was something that he had come to know only today. In his cross-examination (paragraph-91), the witness has denied that he can identify those two policemen who had been dropped near Gafurbhai's house on the previous day, even today. He has admitted that they had made arrangements for tea, etc. for the two policemen.

80.19 The witness has stated that the incident of Sarmuddin had occurred at about 9:30 on 28.2.2002. He has denied that at the time of Sarmuddin's incident, he was at home. He has further denied that when the incident took place, Sarmuddin was at the corner of their lane. He has stated that when the incident took place, he was at the Patiya Narol road,

near Gafurbhai's house. The witness has stated that he cannot say what was the distance between him and Sarmuddin, but has stated that he was quite near. The witness has denied that between him and Sarmuddin, there were about forty to forty-five persons, but he has voluntarily stated that there must be ten to fifteen persons. The witness has stated that if he looks from Gafurbhai's house, then he can recognize a person standing at Noorani Masjid, if he knew him. The witness has denied that when Sarmuddin sustained bullet injury, he was standing next to him. A contradiction is sought to be brought out in this regard to the effect that in his statement recorded by the Crime Branch, he had stated that at that time, Sarmuddin Khwaja Hussain Shaikh, who was standing next to him, was injured on his right shoulder by a bullet through private firing from the mob. The witness has stated that it is definite that Sarmuddin was injured in the police firing. He has admitted that on the date when he lodged the complaint Exhibit-518, he was aware of the fact that Sarmuddin was injured in police firing. The witness has voluntarily stated that he knew this from the time of the incident itself. The witness has admitted that in his readymade complaint Exhibit-518 as well as in the statement dated 3.5.2002 recorded by the SIT, he has not stated that Sarmuddin was injured in police firing. The witness has voluntarily stated that at none of these three places, the injury sustained by Sarmuddin was the subject matter. The witness has admitted that the fact that Sarmuddin had sustained injury through the firing carried out by one of the two policemen who were posted near Gafurbhai's house on 27.2.2002, has not been stated by him in Exhibit-518 as well as statements dated 12.5.2002 and 3.5.2002. The witness has voluntarily stated that this is because he did not have faith in

either police or the government.

80.20 In his cross-examination, he has stated that as far as he knows Majid's full name is Abdul Majid Langda, but he does not know his father's name. The witness does not know whether the full name of Majid Langada is Abdul Majid Mohammad Usman Shaikh. He has stated that the incident of Majid Langda occurred after 4 o'clock on that day and that he cannot give the exact time as he was not wearing his watch on that day. The witness has denied that at the time of the incident, it was dark. He has stated that at the time of Majid's incident, he was on the terrace of Gangotri society and that Abdul Majid resided in the last line of Jawannagar. The witness has stated that in his examination-in-chief, due to inadvertence, he may have stated Hussainnagar-ni Chali instead of Jawannagar. He has further stated that Abdul Majid's house was comprised of only a ground floor and the door of the house was facing Noorani Masjid and it had a small window from which he used to sell goods in the evening.

80.21 The witness has admitted that on that day, people were killed and thrown in the well. The witness has voluntarily stated that he himself has not seen them being thrown in the well; however, two persons who had escaped and were sitting with him in the godown had told him about it. The witness has admitted that there is a road between the last lane of Jawannagar and the terrace of Gangotri. The witness has stated that at the time of the incident, there was no wall between Gangotri Society and Jawannagar. He has further stated that when they went to Gangotri, they had seen the temple which was inside the society. He has stated that he

does not know whether the godown in which they had taken shelter was near the temple. He has stated that they were standing in the godown and that the godown was facing east. He has stated that there were around one hundred to one hundred and fifty people in the godown and that the godown did not have a window and had a wooden door and did not have a shutter. The door of the godown was in two parts and there was a chain to lock the godown from outside. He has stated that there was no platform outside the godown door and that they had gone inside the godown one after other. He has further stated that no Muslim leaders were standing outside to protect them and that there were three people there to keep them inside the doors. He has admitted that after sending all the one hundred and fifty people inside, the door was shut. He has stated that they had remained inside for around twenty minutes and that in the interior side, women were sitting and the men were standing. He has admitted that nobody came to the godown and attacked. The witness has voluntarily stated that there was preparation. He has stated that they were not talking inside because all of them were frightened. He has stated that the roof of the godown was made of tin sheets. The witness has stated that he does not know whether there was a hole in the godown and has voluntarily stated that from the movement of these people, which he saw from the cracks in the door, he had become suspicious. The witness has denied that there is open space on all four sides of the godown. He has stated that the open space of the godown was towards the S.T. compound wall. He has stated that they must have gone to the godown at approximately 2 o'clock and had gone to the terrace of Gangotri at around 4 o'clock.

80.22 The witness has stated that he does not hire videos from Manoj Videowala. He has no relation of visiting Manoj's house. The witness has voluntarily stated that he does not know where he resides. He has stated that he has got no business or credit dealings with Manoj and he had no occasion of talking to Manoj.

80.23 The witness has also stated that just like Manoj Videowala, he also does not have any relations with Kishan Korani. Similarly, he also does not have any kind of relations or contact with Suresh Langda. He has stated that before the SIT he had said that he was in a position to identify all the persons whom he had named as accused. He has stated that the SIT authorities had not arranged any test identification parade for identifying the accused. He has admitted that he has identified the accused for the first time before the court.

80.24 The witness has admitted that in his readymade complaint, exhibit-518, he has not named the persons whom he has identified as accused in the court and has voluntarily stated that he had tried to give their names, however, they had not written them down. He has admitted that Kishan Korani's (A-20) name does not find place in his statement dated 12.5.2002 recorded by the Crime Branch. He has however voluntarily stated that he had given such name.

80.25 The witness has stated that he knows Majid Langda since around fifteen years. He does not remember as to whether on 27.2.2002 and 28.2.2002, he had personally met Majid Langda. He has admitted that on the date of the incident, Majid was with him on the terrace. He has admitted

that they were on the last terrace of Gangotri Society. He, however, does not know as to whose terrace it was. He had reached the terrace at around 4 o'clock in the evening.

80.26 The witness has admitted that a lot of people belonging to the Muslim community were there on the terrace on that day. On that day, on the terrace, there was conversation between him and Majid to the effect that his house was burnt and that his children were inside the house. That upon inquiring from Majid, he had told him that he had kept his wife and children inside the house and had locked it from outside. The witness has admitted that on the date of the incident, he had not gone to Majid's house and has voluntarily stated that on that day, there was so much fear that no one was in a position to go to anyone's house. The witness has denied that between the terrace on which they were and Majid's house, there are twenty five to thirty houses and has voluntarily stated that there are no houses in between and that Majid's house can be clearly seen from the terrace.

80.27 The witness has stated that while they were on the terrace, no mob had come to the Gangotri society. The mob which came to Jawannagar was comprised of fifty to sixty persons, which he had seen from the terrace when it came near Majid's house. The witness has stated that he does not know whether the mob had broken the lock on Majid's house. He has admitted that the door of Majid's house was on the opposite direction, from which they were standing. He has admitted that he could not see what the mob was doing at the door. He has denied that all the members of the mob had tied saffron bands and had stated that some of the people had tied

such saffron bands. He has denied that they had put black cloths on their face. The witness has admitted that he has not seen as to how many members of Majid's family were inside his house. The witness has denied that the members of Majid's family were not inside his house and that they have not been burned and that he is falsely deposing and that he has not seen any mob coming to Majid's house. The witness has admitted that Majid had told him that his family members were burned and that is how he came to know about it. The witness has denied that Majid had never told him any such facts with regard to his having locked his family members inside the house and they having been burned. The witness has denied that Majid's family members did not die inside the house, but died in the part outside the society.

80.28 The witness is sought to be contradicted as regards the contents of paragraph 17 of his examination-in-chief, to the effect that all the facts stated therein have not been stated by him in his statement dated 12.5.2002 before the Crime Branch, his readymade complaint Exhibit-518 and the application Exhibit-520 made before the SIT. The witness has voluntarily stated that he was giving the names, but those who were writing, did not take it down. The witness has denied that in his statement dated 12.5.2002, he had stated that "upon looking out of a hole in the wall after half an hour" and has stated that he had stated that "while he was seeing from the crack between two doors". The witness has admitted that in his readymade complaint, Exhibit-518, the application Exhibit-520 and statement dated 12.5.2002, he has not stated that he was looking from the cracks between the doors. The witness has admitted that this fact has not been stated by him even in

the statement made before the SIT. From the cross-examination of this witness, it has come out that Gafurbhai is still alive.

80.29 The witness has denied that the mob came charging from all four sides and has voluntarily stated that one mob came from the direction of Krushnanagar and another mob came from the side of Natraj Hotel. The witness has stated that on the day of the incident, he had occasion to meet the police for the first time, while going to the camp at 11 o'clock at night. The witness has denied that he had boarded the vehicle which was going to the relief camp as he had faith in the police and has voluntarily stated that everyone was standing there and he had gone where they were going. The witness has admitted that at that time, he had not told the managers of the camp that he had seen a great part of the riots and knew a lot and hence, they should make arrangements for him to narrate the same to the Police Commissioner and the Collector. The witness has voluntarily stated that the riots were continuously going on and the situation was extremely bad and the managers were never idle as they were busy making arrangements for their meals and they did not have any time. In these circumstances, it was not possible to state any such things to the managers. The witness has stated that after a week, he had gone out of the camp on the road. He has stated that after about two months in the camp, he had gone to take money from a Hindu acquaintance as he did not have any money. The Hindu whom he met was his friend and he had given him Rs.200/-. The witness has stated that prior to 2002, he knew many advocates. He did not think that he should use Rs.200/- and meet an advocate and inform him about his

sufferings and find a remedy in that regard. The witness voluntarily states that the managers of the camp as well as the advocates who used to visit the camp used to give them a lot of help.

80.30 The witness has stated that after about four to five days after they had gone to the camp, an announcement had been made on the mike in the context of which, he had made the readymade complaint Exhibit-518. He has further stated that at that time, he did not advise them not to give such readymade complaints and that complaints with detailed information should be given. The witness has stated that it was not possible for him to do so as the managers of the camp, themselves were knowledgeable in law and they would be aware of such facts. It has further come out that it took about four minutes to take down his complaint Exhibit-518. That there was a heap of printed complaints out of which, they used to take out one and take down their complaints. The witness has admitted that the printed facts on the complaint Exhibit-518 were printed prior in point of time. The witness is cross-examined at great length and in great detail about the manner in which the complaints were recorded at the camp.

80.31 In his cross-examination, it has come out that when for the first time he saw the mob coming from Krushnanagar, the mob was on the opposite side of the S.T. Quarters (sic. S.R.P. Quarters). In his cross-examination, it has further been elicited that he had not seen any Muslim mob near Noorani Masjid pelting stones at a Hindu mob. The witness has voluntarily stated that the Muslim population residing behind the masjid was very frightened and did not even come on the

road. The witness has stated that he had seen the Muslim mob pelting stones to protect Noorani Masjid when the mob from the side of Krushnanagar which was pelting stones reached Noorani Masjid. He has stated that the Hindu mob was extremely large, whereas the Muslim people were a few in numbers, and hence, the resistance given by the Muslim to protect Noorani Masjid by pelting stones did not have any effect.

80.32 The witness has admitted that in the readymade complaint Exhibit-518, complaint before the SIT Exhibit-522 and statement dated 12.5.2002, he has not stated that he can identify the accused if he sees them. The witness has stated that in his application Exhibit-520, he had not stated that the person, who had written down the readymade complaint Exhibit-518, had not taken down the names of the accused though he had given them. The witness has stated that this was because Exhibit-520 was not his statement, but only an application to the SIT.

80.33 The witness has stated that he does not know that on the date of the incident, a Hindu boy named Ranjit had been killed. He has stated that he does not know as to how many Hindus had been killed in the Naroda Patiya area. The witness states that he only knows that the dead body of the owner of Jay Ambe Pan House whose name is Vermaji was lying on that day, which has not been found till date. He has stated that Hindu mob thought that Vermaji was a Muslim and hence, had killed him.

80.34 The witness has admitted that the facts narrated

from the eighth line till the end of that paragraph 6 of his examination-in-chief had not been stated by him in his statement dated 12.5.2002. It may be noted that these facts related to certain events that are stated to have occurred on the previous day, and are not relevant insofar as the incident is concerned. Under the circumstances, such omission cannot be said to be a material omission so as to amount to a contradiction. Therefore, such question ought not to have been permitted to have been put to the witness. The witness has further admitted that in his statement dated 12.5.2002 recorded by the police as well as his complaint Exhibit 518 and application Exhibit 520, he had not stated the facts stated in paragraph 8 of his deposition, wherein the witness has stated that Bipin Panchal, Guddu Chhara and his two brothers were leading the mob and the people in the mob were armed with swords, trishuls, spears, revolvers and iron pipes, and has further stated that, that was the reason why he had to go before the SIT.

80.35 The witness is also confronted with his previous statement dated 12.5.2002, to the effect that the facts stated by him in paragraphs 11 and 12 his examination-in-chief wherein the witness has stated facts with regard to cross stone pelting at Noorani Masjid and police firing wherein a bullet grazed Sarmuddin's shoulder and the Muslims having requested Shri Mysorewala to act impartially etc., have not been stated by him in such statement which the witness has denied. The witness has admitted that he had not stated the facts stated in paragraph 13 of this examination-in-chief viz. that P.I. Shri Mysorewala had also told him that if he takes action against the Hindu mob, then they will kill the police;

Mysorewala also told them to flee and hence all those who had gone had returned and gone on the opposite side to Gafurbhai's house; in his previous statement dated 12.5.2002. The witness is sought to be contradicted as to his previous statement dated 12.5.2002 as well as his statement before the SIT to the effect that he had not made any mention of the words "door of the masjid" used in paragraph 14 of his examination-in-chief in such statements. The witness confronted with his statement dated 12.5.2002, to the effect that all the facts stated in paragraph 14 of his examination-in-chief wherein the witness has referred to the damage caused by the mob to the masjid as well as Milan Hotel and the mob advancing forward at around 12:00 in the afternoon whereafter he went home, have not been stated in such statement, which he has denied. The witness is further confronted with his previous statement dated 12.5.2002 to the effect that the facts stated by him in the first seven lines of paragraph 15 of his examination-in-chief have not been stated by him in such statement, which he has admitted. Insofar as the first seven lines of paragraph 15 of the examination-in-chief of the witness are concerned, the same are merely an elaboration of facts and cannot be said to be an omission in the nature of contradiction. In the same paragraph the witness has referred to Jay Bhavani, Tiwari Conductor and Dalpat Chhara having told them to hide in the Godown, but no contradiction has been brought on record qua this part of this deposition. The witness is also contradicted with regard to the contents of paragraph 16 of his examination-in-chief to the effect that such facts had not been stated by him in his statement dated 12.5.2002, which he has denied. However, in this paragraph the witness has merely referred to their having gone towards S.R.P.

Quarters and upon not being permitted to enter they had gone to a terrace of Gangotri Society. The witness is sought to be contradicted as regards the contents of paragraph 18 of his examination-in-chief, only to the extent of the words "*Bundi Snacks*" and the words "*at around 8 o'clock*" used in that paragraph, to the effect that such words had not been used in his statement dated 12.5.2002, which he has denied. A contradiction is sought to be brought out as regards the facts stated in paragraph 19 of his examination-in-chief to the extent that he has not stated the words "*incident that took place at Majid's house*", in his statement dated 12.5.2002 recorded by the CID, Crime Branch, which he has denied. The witness is also sought to be contradicted as regards first 14 lines of paragraph 20 of his examination-in-chief wherein the witness has referred to his having stayed on the terrace till 11:00 p.m. and facts regarding the police having come and taken them to the relief camp, to the effect that he has not stated such facts in his statement dated 12.5.2002, which he has denied. These facts in the opinion of the court have no direct relation to the incident in question and hence, omission to mention such facts in the police statement cannot be said to be so material so as to amount to a contradiction. The witness is further sought to be contradicted as regards the facts stated in paragraph 28 of his examination-in-chief wherein the witness has referred to the police in plain clothes having come to the camp with printed form etc., to the effect that he had not stated such facts either in his statement dated 12.5.2002 recorded by the Crime Branch or statement dated 4.6.2008 recorded by the SIT, which he has denied and has voluntarily stated that he had stated such facts, but they had not written down the same. Since the facts stated in paragraph 28 relate

to events much after the incident, non-mentioning of such facts in the previous statements cannot be said to be an omission amounting to a contradiction.

80.36 The witness is further sought to be contradicted to the effect that the last five lines stated by the witness in paragraph 29 of the examination-in-chief were not stated by him in his statement dated 4.6.2008 before the SIT as well as in his statement dated 12.5.2002, which he has admitted to the extent of his statement recorded by the SIT and has voluntarily stated that the readymade complaint was not written down in the manner he had stated and the Crime Branch had also recorded his incomplete statement and hence, he was required to give his statement before the SIT. Pertinently, the contents of paragraph 29 of his examination-in-chief, once again relate to events at the camp and have no direct connection with the offence and hence, non mentioning of such facts, in the absence of any specific query having been put by the investigating agencies, cannot be said to be an omission amounting to a contradiction. The witness has admitted that the facts stated in paragraph 30 of his examination-in-chief to the effect that the facts stated in the complaint are true, however, the writer had not taken down and the full facts have been stated by him before the SIT. The witness has denied that he has not stated the facts recorded in page 19 of his examination-in-chief in his statement dated 12.5.2002 before the Crime Branch.

80.37 The witness has denied the suggestion that he has not witnessed the incident and that subsequently, he had filed a false application before the SIT making false allegations. In

his cross-examination, it has come out that the witness has not studied beyond Standard X. The witness has denied the suggestion that as he has been named as an accused in the complaint lodged in connection with burning of Bipin Auto, he has wrongly named Bipin Panchal in his statement.

80.38 The assignee officer and the Investigating Officer (SIT) who had recorded statements of the witness have been cross examined to prove the omissions and contradictions in the testimony of the witness as to the statements recorded by them.

80.39 PW-281, Shri D. S. Vaghela, the assignee officer has admitted that he has recorded the statement of this witness on 12.5.2002. He has stated that he does not remember as to whether a copy of the complaint of this witness was given to him when he was instructed to record his statement. The assignee officer has admitted that he has not recorded the statement of the witness in connection with any complaint given by him or for investigating any complaint given by him. The assignee officer has admitted that he was not informed about any complaint having been given by this witness earlier. The assignee officer has stated that the statement of this witness was recorded at the Shah Alam camp. He has also admitted that it has not happened that the statement of this witness had been changed by the Crime Branch and that it has also not happened that certain words in the statement have been changed. He has admitted that this witness had stated before him that on 3.5.2002, he had gone to protect his house. He has also admitted that the witness had stated before him that at that time, Sarmuddin Shaikh who was standing near

him was injured by a bullet from private firing on his left shoulder and was injured. He has also admitted that this witness had not named Kishan Korani before him.

80.40 The contents of paragraph 17 of the examination-in-chief of the witness are read over to the assignee officer and he has admitted that the witness has not stated such facts in the statement recorded by him.

80.41 The contents of paragraph 11 of the examination-in-chief of the witness are read over to the assignee officer, wherein he has stated that at that time, the people of their chawl were standing near Gafurbhai's house. There, Naroda P. I. Shri Mysorewala was also present with his jeep. The assignee officer has admitted that such facts have not been stated by the witness in his statement recorded by him.

80.42 The contents of paragraph 12 of the examination-in-chief of this witness have been read over to the assignee officer who has admitted that such facts have not been stated by this witness in the statement recorded by him. The assignee officer has admitted that the witness has not mentioned the words "door of the masjid" in the statement recorded by him.

80.43 The contents of paragraphs 14 and 16 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that such facts have not been stated by the witness in his statement recorded by him. The assignee officer has admitted that the witness had not stated before him the facts regarding the accused eating snacks like *Boondi* as well as at around 8 o'clock at night.

80.44 A part of the contents of paragraph 19, the contents of first fourteen lines of paragraph 20, the contents of paragraph 28 as well as the contents of last five lines of paragraph 29 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that the witness has not stated such facts in the statement recorded by him. The assignee officer has admitted that the witness had not stated before him that earlier, he had lodged a complaint and the person who had taken down the complaint, had not taken down the full facts.

80.45 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT), in his cross-examination, has admitted that he has recorded the statement of this witness on 4.6.2008. The Investigating Officer (SIT) has admitted that this witness had stated before him that his earlier statements dated 12.5.2002 and 9.5.2008, were correct and proper. In the opinion of this court, this part of the evidence is inadmissible inasmuch as the statement under section 161 of the Code has not been used to contradict the witness, but has been brought on record to corroborate the stand of the defence.

80.46 The Investigating Officer has admitted that this witness has not mentioned the words, "Masjid door" but has mentioned the word, "Masjid wall".

80.47 The contents of paragraph 28 of the deposition of this witness are read over to the Investigating Officer, who has admitted that the witness has not stated such facts in the statement recorded by him. In paragraph 28, the witness has

stated that when they had gone at the Shah Alam camp, about four to five days thereafter, two persons who were not wearing police uniform, but looked like police had come with a printed form. They were called and around fifteen hundred to sixteen hundred people had formed a queue there. In the opinion of this court, the events that had transpired at the camp, can hardly be said to have any connection with the incident in question and hence, cannot be said to be an omission amounting to a contradiction. Such questions, therefore, ought not to have been allowed to be asked to the witness.

80.48 The Investigating Officer has admitted that this witness has not stated before him that all the facts stated by him in the complaint had not been recorded. He has further admitted that the witness had not stated before him that even the Crime Branch people had not recorded all the facts stated by him.

80.49 SUBMISSIONS: The learned counsel for the appellants/accused, have invited the attention of the court to paragraph 6 of the deposition of this witness together with paragraph 170 thereof, to submit that an omission has been proved to the effect that the witness has not stated these facts in his statement dated 15.5.2002. [In this regard, it may be noted that the facts which are sought to be contradicted are the facts relating to certain events which occurred on the previous day and as discussed earlier, the same cannot be said to be an omission in the nature of a contradiction.] The learned counsel have further pointed out that the witness in paragraph 8 of his examination-in-chief has named accused Bipin Panchal, Guddu Chhara and his two brothers as leading the

mob and that the members of the mob were wielding arms like swords, trishuls, spears, revolvers, steel pipes etc., whereas such facts have not been stated by the witness in his statement dated 12.5.2002 and that such contradiction has been proved on record in paragraph 171 of the deposition of the witness, wherein the witness has admitted the same. It was submitted that this is a material omission amounting to a contradiction, inasmuch as, the accused who are named in the examination-in-chief, have not been named in the statement recorded before the police.

80.50 Reference was made to the contents of paragraph 9 of the examination-in-chief, to submit that the witness has not named accused No.20 – Kishan Korani in his police statement, which has been proved through the testimony of the assignee officer PW-281 D. S. Vaghela (paragraph 40), whereby it is duly proved that the witness has not named Kishan Korani in his police statement. [It may be noted that the witness has not been confronted with his previous statement recorded by PW 281 insofar as the contents of paragraph 9 of his examination-in-chief is concerned, and hence, the question of proving such contradiction through the testimony of the concerned police officer would not arise. The contradiction, therefore, cannot be said to have been proved.]

80.51 The attention of the court was invited to paragraph 172 of the cross-examination of this witness, to submit that a contradiction has been brought on record that the witness has not stated the facts as stated in paragraphs 11 and 12 of the examination-in-chief in his statement dated 12.5.2002, and that such contradiction has been proved through the testimony

of PW 281 (paragraph 43). It was pointed out that the witness has admitted that the facts stated in paragraph 13 of his examination-in-chief have not been stated by him in his statement dated 12.5.2002. Referring to the contents of paragraph 14 of the examination-in-chief, it was submitted that the entire facts stated therein have not been stated by the witness and that the contradiction has been proved through the testimony of the Investigating Officer, PW-281 (paragraph 46). It was submitted that the witness has created this story for the first time when his statement was recorded before the SIT.

80.52 It was submitted that the fact of the incident about the tanker having dashed with the gate of the masjid whereby the gate was broken and due to its impact, Milan hotel was also demolished, are not the facts which have emerged as per the prosecution case. It was submitted that no such incident of door or wall having been broken have been proved by any witness and that the witness is, therefore, creating a story not put forward by the prosecution. Referring to the contents of paragraph 15 of the examination-in-chief, it was submitted that though no one is implicated in this paragraph, no such events have transpired and none of the witnesses have stated so and that the other witnesses have denied any such incident. Referring to the contents of paragraph 17 of his examination-in-chief, it was submitted that the entire set of facts have been created after six and a half years. Reference was made to the testimony of the PW 281 the assignee officer (paragraph 47), to point out that such facts have not been stated by him in his statement recorded by the police. Reference was made to the contents of paragraph 18 of the examination-in-chief of the

witness, to submit that a contradiction has been brought out to the effect that the time stated by him and the fact regarding “bundi and snacks” have not been stated by him in his statement before the police, which has been duly proved through the testimony of the assignee officer (para-47). Referring to the contents of paragraphs 28 and 29 of the examination-in-chief, it was submitted that an omission has been proved through the testimony of both the Investigating Officers PW-327 and PW-281. [In the opinion of this court, not stating what has been stated in paragraph 28 of the examination-in-chief cannot be said to be a material omission so as to amount the contradiction, inasmuch as, the same does not have any direct connection with the incident in question]. It was submitted that the witness has tried to project that though he wanted to name more accused persons, he was not permitted to do so, and has cleverly attempted to show that the printed complaints were at the instance of the police and not at the instance of the NGOs. Reference was made to the contents of paragraph 51 of the testimony of PW-281, to submit that no such grievance has been made by the witness either before the police or the SIT.

80.53 It was submitted that the grievance that the written complaint given by the witness, which was registered, was not a complete version as dictated by him has been raised by the witness for the first time before that court. Referring to the contents of paragraph 31 of the examination-in-chief of the witness, it was submitted that it has been duly proved through the testimony of PW-327 (paragraph 408) that the witness has not stated before the Investigating Officer that the Crime Branch has not recorded his statement correctly. It was

submitted that no grievance was raised before the police or the SIT with regard to the printed complaint dated 5.3.2002 and as regards the police statement, no grievance had been made before the SIT and for the first time before the court, such grievance has been made. Therefore, the grievance is without substance and it has to be construed that he has not made this statement. Reference was made to the contents of paragraphs 55 to 58 of the examination-in-chief of the witness, to submit that the witness has been made no such grievance anywhere. The attention of the court was invited to the contents of paragraph 65 of the deposition of the witness, to submit that when the witness came to know on 12.5.2002 itself, that his statement had not been recorded correctly, there was no reason for him not to make any grievance before any authority, or at least before the SIT. Referring to the further cross-examination of the witness and more particularly, paragraphs 70, 73 and 74, it was submitted that the victims were going to the S.T. bus station and were moving around freely and were not under any fear as such, and that the witness has not lost any family member and has admitted that no serious injury is caused to his family members, he had ample opportunity to raise his grievance.

80.54 Referring to the contents of paragraphs 115 to 118 of the cross-examination, it was submitted that though the witness had no acquaintance with Manoj, he has named and identified him. Insofar as Kishan Korani is concerned, he was not named before the police and was named for the first time before the SIT. It was submitted that the witness has no acquaintance with Suresh Langdo and had not correctly identified him. It was submitted that from the cross-

examination of the witness, it has been clearly brought out that he had no acquaintance with the accused and that no test identification parade had been carried out and it is only before the court that he had identified the accused for the first time.

80.55 Referring to the contents of paragraph 126 of his cross-examination, it was submitted that it is amply clear that what has been deposed by the witness as regards the incident of Majid's house, is in the nature of hearsay. It was submitted that the printed complaint, though *prima facie* appears to be given at the instance of some of those agencies who were helping the victims, this witness has attempted to show that it was prepared by someone who appeared to be a policeman, but was not in uniform. In paragraph 30, he has attempted to point out that those police like persons have not fully written the facts as stated by him, which is stated by him for the first time before the court and that neither in the statement dated 12.5.2002 recorded by the police nor in his statement dated 4.6.2008 before the SIT, such facts have been stated.

80.56 It was submitted that considering all the omissions, only the facts stated in paragraph 9 of the examination-in-chief remain. Therefore, as far as the accused are concerned, the role has been attributed in paragraphs 8, 9, 15, 17 and 19 and five incidents have been narrated. It was submitted that in paragraph 8, the witness has implicated Bipinbhai, Guddu Chhara and his two brothers and qua Bipinbhai, there is no identification at all, whereas Guddu is dead. It was submitted that the names of Guddu's brothers have not been given and there is nothing on record to show whether the witnesses had any acquaintance with Guddu's brothers. It was submitted that

out of the two brothers, though Naresh (Accused No.1) has been identified, even if he is taken to be the Guddu's brother, such fact has not been stated in the police statement and so, for the first time before the SIT, accused No.1 Naresh has come in the picture, that too, only as Guddu's brother. Insofar as the other brother, that is, accused No.10 Haresh is concerned, there is no identification. It was submitted that no act has been attributed to Guddu or his two brothers in any other paragraphs.

80.57 It was submitted that insofar as accused No.44 Bipin Panchal is concerned, except for the contents of paragraph 8 of the statement, there are no allegations made against this accused and he is not identified. Moreover, Bipin Panchal has been named only in connection with the morning incident.

80.58 It was submitted that insofar as the second incident is concerned, four accused are attributed roles. Out of the four accused, Kishan Korani's name was admittedly not stated before the police and has been stated for the first time before the SIT. No overt act has been attributed with any weapon.

80.59 As regards Ashok Sindhi, it was submitted that it is not clear as to which Ashok he is referring to, inasmuch as, there are two Ashoks, viz. (i) Accused No.38 and (ii) Accused No.45. It was submitted that the witness has identified accused No.16 as Ashok Sindhi and hence, there is no identification at all, as Ashok is ultimately not identified.

80.60 As regards accused No.22 Suresh Langdo, it was

submitted that the witness has named him as a part of the mob before the police and the SIT, but has not correctly identified him, and instead of him, accused No.34 Laxman has been identified as Suresh.

80.61 As regards Manoj Videowala, it was submitted that there is no acquaintance, but he has named him in both the statements and has correctly identified him. He, however, has not attributed him any specific role qua the weapon viz., the revolver and no recovery or discovery of any weapon has been made either from Manoj Videowala or Kishan Korani.

80.62 It was submitted that the third part of the incident which is narrated in paragraph 15 of the examination-in-chief of the witness, out of the three accused named by him, only accused No.25 Tiwari is alive. It was submitted that all that is stated in paragraph 15 is that the three persons named therein have guided the people to take shelter in the godown, which does not show any criminal complicity of accused No.25. It was submitted that this is the only incident where his name figures, hence, no offence is made out qua him. It was submitted that though Tiwari is identified, the same is of no consequence in view of the lack of any allegation against him.

80.63 It was submitted that some persons referred to in the 8:30 incident are sought to be implicated even in the incident of 5:00 p.m., which even otherwise is *prima facie* unlikely, considering that thousands of persons were moving around, it is not likely that the same person would see the same accused in the morning and again see all four at another place after nine hours at 5:00 p.m. in the evening. Apart from

that, this entire set of facts was not stated either in his complaint or in his first available statement dated 12.5.2002. It was submitted that the witness has contested the elections and was a public figure and had the assistance of advocate, was provided with legal assistance in the relief camp and he had all the opportunity to lodge a complaint, but at no point of time, any grievance was made or complaint was lodged about the serious offence of murder by five to six persons. It was submitted that the witness is not reliable for the reason that except for the facts stated in paragraph 9 of his examination-in-chief, he has come out with all new facts after six years.

80.64 It was submitted that insofar as the incident of Majid is concerned, PW-156 Abdul Majid has been examined and he does not support the say that his family members had been burnt alive in the house. In support of such contention, the attention of the court was invited to the contents of paragraph 8 of the testimony of PW-156 Abdul Majid. It was submitted that there is no evidence that any panchnama of his house had been prepared and dead bodies have been found inside. It was submitted that this witness has stated that he could not see the front door of Majid's house, so in any case he could not have seen the incident.

80.65 It was submitted that the evidence of the other witnesses is that the mob which came first was from the Natraj Hotel side and then from Krushnanagar side, whereas this witness has stated to the contrary. It was urged that in this whole incident, the witness has not assigned any overt act to any accused, and except for naming them, he has not said anything further against them.

80.66 Referring to paragraph 112 of the deposition of this witness, it was submitted that this is not the godown situated in Gangotri as the description does not match. In connection therewith, reference was made to the testimony of PW-137 Rafikanbanu, to submit that therefore, it becomes doubtful as to whether the witness was there in the godown. Referring to the contents of paragraph 15 of the cross-examination, it was submitted that the witness has contradicted himself, inasmuch as, in paragraph 15, he says that he had heard those three persons, whereas in paragraph 113, he says that the door was closed. Referring to the identification of the accused before the court, it was submitted that the witness has identified accused Naresh by name, though in his deposition he has referred to him as Guddu's brother. It was submitted that such identification cannot be accepted and that the identification of the accused by name creates a doubt. Referring to the contents of paragraph 53 of his cross-examination, it was submitted that the evidence of this witness raises serious doubts about his presence and his having seen the incident during the course of the day.

80.67 Referring to contents of paragraph 126 of the deposition of the witness, it was submitted that the witness has only seen Majid's house burning and he has no personal knowledge about the incident. The so-called incident about the tanker having dashed with the gate of Masjid and thereby the gate being broken and on account of its impact, Milan hotel was also demolished are not facts which have emerged as per the prosecution case. Therefore, the witness has created a story which is not put forward by the prosecution.

80.68 It was, accordingly, argued that the witness has contradicted many other witnesses on vital facts and incidents stated by him. He has also improved his version in his SIT statement and before the court, as against what he has stated in the first information report and his statement before the police. The witness has identified two accused and did not identify three accused named by him. The omissions and contradictions and other discrepancies between the deposition, FIR, police statement and SIT statement are vital and important and considering all these aspects, the witness is not a credible and reliable witness and his evidence does not inspire confidence.

80.69 ANALYSIS: This witness has stated that the incident of Sarmuddin had occurred at about 9:30 on 28.2.2002. The witness has denied that when Sarmuddin sustained bullet injury, he was standing next to him. A contradiction is sought to be brought out in this regard to the effect that in his statement recorded by the Crime Branch, he had stated that at that time, Sarmuddin Khwaja Hussain Shaikh who was standing next to him, was injured on his right shoulder by a bullet through private firing. The witness has admitted that in his ready-made complaint Exhibit-518, statement dated 3.5.2002 as well as the statement recorded by the SIT; he has not stated that Sarmuddin was injured in police firing. The witness has voluntarily stated that at none of these three places, the injury sustained by Sarmuddin was subject matter.

80.70 The witness has stated that at the time of Majid's

incident, he was on the terrace of Gangotri Society and that Abdul Majid resided in the last lane of Jawannagar. The witness has stated that in his examination-in-chief, due to inadvertence, he may have stated Hussainnagar-ni-Chali instead of Jawannagar.

80.71 From the testimony of this witness, it emerges that a mob of Hindus had gathered on the national highway and had come towards the Noorani Masjid. The mobs had come from the side of Krushnanagar as well as from the side of Natraj Hotel. The people in the mob had set the shops belonging to Muslims on fire and were pelting stones. This was at around 9:30 in the morning. It also emerges that Naroda Police Inspector Shri Mysorewala was present there with his jeep. According to this witness, there was police firing where PW-59 Sarmuddin Khwaja Hussain was injured when a bullet grazed over his shoulder.

80.72 This witness has referred to a tanker being rammed into the door of the masjid on account of which, the door as well as Milan Hotel were damaged. In this regard it may be noted that in the panchnama of the scene of offence there is a specific mention regarding a tanker having been reversed into the masjid. However, though there are photographs of the scene of offence and videography thereof, there is no such photograph. Pertinently, on the internet, photographs of the Noorani Masjid with a tanker reversed into it which appear to have been taken immediately after the incident are available. Unfortunately, none of the prosecuting agencies have thought it fit to bring them on record. Nonetheless, this fact does find support in the panchnama of the scene of offence, which was

prepared immediately after the incident. Therefore, to the extent the witness talks about the tanker being rammed into the door of the masjid, the same is corroborated by the documentary evidence on record. According to this witness, this had happened at around 12:00 to 12:30 in the afternoon, after which he left and went home.

80.73 This witness has deposed with regard to having gone into shuttered godown at the instance of Jay Bhavani, A-25 Tiwari Conductor and Dalpat Chhara, wherein about one hundred and fifty people were hiding. According to this witness, he apprehended that the godown may be burnt down by these three people, and therefore, he pinched a four year old boy who started crying, whereupon he told Bhavani to open the door as the boy wanted to drink water and upon Jay Bhavani opening the door, all of them came out. This part of the version given by the witness does not find support from the testimonies of any of the other witnesses as none of them have given a version that matches the version given by this witness. The witnesses, by and large have stated that, either Jay Bhavani or some other accused or S.R.P. personnel came and told them that alternative arrangements were made for them near Teesra Kuva, whereupon they had come out of the shuttered godown. Therefore, to the extent the witness talks about apprehending that the above named three persons would burn the godown and pinching a small child to come out of the godown, do appear to be an exaggerated version.

80.74 The witness has stated that thereafter, they had gone towards the S.R.P. Quarters, however, despite their requests, the S.R.P. people standing there did not let them

enter, whereupon they went to a terrace of Gangotri Society at around 4 o'clock in the evening, where he remained till 8 o'clock at night.

80.75 The witness refers to four accused persons, namely, Kishan Korani (A-20), Manoj Videowala (A-41), Ashok Sindhi (A-38 or A-45) and Suresh Langdo (A-22) as having set Majid's house on fire with his family and children, in all, around six to seven persons inside. Insofar as the incident of burning of Abdul Majid's house along with his family members is concerned, there is no evidence to corroborate the same and in fact, the evidence is to the contrary inasmuch as Abdul Majid's family members are stated to have been killed at the passage of the water tank. Therefore, there was no question of Abdul Majid telling this witness that he had locked his family members in his house when he left. To that extent, the testimony of the witness does not appear to be truthful.

80.76 The version given by the witness regarding coming down from the terrace and seeing Jaybhavani, Dalpat and Tiwari having snacks and asking for water also, does not appear to be credible. From the testimony of this witness, it further comes out that while they were going towards police vehicles at night, he bumped against a dead body which was lying on the road. Several witnesses have stated that while they were going to the police vehicles they had seen burning corpses lying on the road.

80.77 This witness has named different accused as being in the mob at different points of time. This witness has named Bipin Panchal, Guddu Chhara and his two brothers, namely,

accused No.1 and 10, as leading the mob on the road in the morning. These facts, however, have not been stated by him in his statement dated 12.5.2002, which the witness has admitted. Therefore, the names of these persons have come on record at a subsequent stage. Moreover, the witness has failed to identify Haresh Chhara (A-10) and Bipin Panchal (A-44) in the dock. Though he has referred to two brothers of Guddu Chhara in his deposition, during the course of identification, he has referred to accused No.1 Naresh Chhara by name.

80.78 The witness has also named Kishan Korani (A-20), Ashok Sindhi (A-38 or 45), Suresh Langda (A-22) and Manoj Videowala (A-41) as leading the mob coming from the direction of Kubernagar Patiya Natraj Hotel. The witness has further stated that Manoj Videowala and Kishan Korani had revolvers and the other persons were armed with swords, trishuls, spears and iron pipes etc. The witness has also named Kishan Korani (A-20), Manoj Videowala (A-41), Ashok Sindhi (A-38 or 45) and Suresh Langda (A-22) in the mob at 5 o'clock in the evening which set Majid Langda's house on fire. He, however, has wrongly identified accused No.16 as Ashok Sindhi and therefore, could not correctly identify accused Ashok Sindhi and has wrongly identified accused No.34 as Suresh Langdo. Therefore out of the witnesses named by him, the witness has identified Manoj Videowala and Kishan Korani correctly.

80.79 The witness has referred to the presence of Jay Bhavani, Tiwari Conductor (A-25) and Dalpat Chhara as having shown the shuttered godown to them. Though Tiwari (A-25) has been identified, from the testimony of the witness, no

criminal complicity can be said to have been attributed to the witness. Insofar as Tiniyo Marathi (A-55), concerned all that is attributed to the witness is that he chased away the people who had come out of the shuttered hall and were sitting near the S.R.P. compound wall. Besides, the witness has wrongly identified accused No.22 as Tiniyo Marathi; hence, he could not correctly identify accused Tiniyo Marathi.

80.80 The evidence of this witness can therefore, be considered only qua Manoj Videowala (A-41) and Kishan Korani (A-20).

81. **PW-74 Sardarali Kasamali Saiyed** has been examined at Exhibit 523. He has deposed that he is residing at Jawannagar since the last twenty four years. His family was comprised of his wife and six children. At the relevant time he used to run a scrap cart.

81.1 The incident happened on 28.2.2002. On 28.2.2002, there was a call for Gujarat Bandh on account of burning of a train at Godhra. On that day he was at home with his wife and children. At the relevant time his wife Salimabanu used to do labour work in a thread factory. On that day she had gone for work but returned at about quarter to nine to nine o'clock and she was very worried. He asked his wife the reason for her being worried and she told him in an anxious tone that there are huge mobs near Krushnanagar and Natraj Hotel and hence he too was worried and came on the road. Upon coming on the road, he saw that the persons in the mob had sticks, pipes etc. Hence he came home and told that "*Let's go to nana nani's*

place in the third lane of Jawannagar", in other words, he suggested that they go to his in-laws place. His wife told him to take care of his daughter who was around three years old at the relevant time.

81.2 His wife was handicapped in one leg and one of her eyes was totally non-functional and hence she could not see with that eye. His wife left their youngest daughter with him and took the other children with her and went to her parental home and he had told his children not to go elsewhere and go straight to their grandparent's home.

81.3 At around 10 o' clock there was a lot of commotion on the road. From outside people were coming running inside and hence, upon his asking them, he was told that the scene outside was very bad and that people are pelting stones at the masjid. He, therefore, went nearby his chawl and talked to people, which consumed time of about one to one and a half hours. At that time a mob was coming from the direction of Uday Gas Agency and the mob was shouting and there was a lot of commotion. He went on the terrace to see and was worried and he came down with his daughter. He moved about after coming down, when the stone pelting started. To avoid injury by stones to his daughter and himself, he went into the last line where young and old were all climbing the stairs and going on the terrace of Gangotri. He also took his daughter to Gangotri and went down and sat there. He sat there for about one hour. There was a shuttered house in front, where a lot of persons belonging to the Muslim community were going into, and hence, he also went and sat inside the side of the shutter. After a little while there was a very horrific scene. Gas

cylinders started bursting and there were sounds from all directions. At that time one of the Muslims amongst them said that they should all go out because if they remain inside they would all be set ablaze. Hence everyone came out. Two minutes after they came out, he met his wife and five children there.

81.4 They stayed there peacefully for just about ten minutes when people with swords and pipes could be seen. The people were frightened. There was a lot of public and they went towards the wall of the S.R.P. where there were policemen. The policemen beat them there. The policemen were beating indiscriminately without considering as to whether it was a child, woman or man and told them to go back, hence they went back.

81.5 At that time, a Hindu mob came from the open ground and they had petrol, kerosene, sticks, pipes, swords and such things and on seeing that they ran back. While running, his wife fell down. Upon turning back and seeing, the mob was very close by and his wife could not get up. He fled from there but went into a passage and was watching. At this time his entire family had got separated. He was standing in the passage and watching when he saw that his wife was beaten with swords and pipes and was set on fire after pouring petrol and kerosene. On seeing this he was terrified.

81.6 He, thereafter, took his daughter and ran to protect his life. After getting beaten at two three places he was trying to save his life and he ran with his daughter to the terrace of Gangotri Society where everyone else was going.

81.7 Thereafter at about 12:30 at night the police came. They did not trust that it was a police vehicle as it was the police who had got all this done. They were very frightened and one person from them said that he would go on the road and see if there is a police vehicle, and if there is a police vehicle he would come back. That man returned after ten minutes and told them that it was true that there was a police vehicle. Thereafter they went on foot to where the police vehicle was parked and saw the destruction of the population. It was burning on all four sides. They were taken to the Shah Alam Camp at night. There was a rush to sit in the police vehicle.

81.8 The police had recorded his statement. He did not know the persons who had set his wife ablaze. He found all his five children in the camp. His wife's dead body lay where she was set on fire.

81.9 CROSS EXAMINATION: In his cross-examination, the witness has stated that he could not identify his wife's body as it was burnt. In his cross-examination (paragraph 26) it has come out the Majid Langda is his brother-in-law (wife's brother). The witness has stated that he has seen the road from Majid's house to Gangotri Society. One road is the one that runs along the wall of the S.T. Workshop and the other is to climb down from the stairs into Gangotri from near his house. He has admitted that there is a common wall between Gangotri Society and Majid's house. He has stated that it takes about two minutes to walk from Gangotri Society to Majid's house.

81.10 The witness has denied that the incident of his wife took place at their chawl, but stated that it took place in the open ground on the rear side. In his cross-examination it has further come out that he still remembers his wife screaming when she fell down and after all these years he can still recognise his wife's voice. He has further stated that upon witnessing his wife's scene he took his daughter and went away. He has voluntarily stated that he could not go to save his wife and his wife did not have the strength to get up after she fell down.

81.11 ANALYSIS: Though this witness comes across as a truthful and credible witness and is an eye witness who has seen his wife being done to death by the mob, he has neither named nor described any of the culprits, and hence, his testimony does not in any manner assist the prosecution in proving the charge against the accused.

82. **PW-75 Maiyuddinmiya Ahmedmiya Shaikh** has been examined at Exhibit 525. This witness has deposed that he was residing at **Lane No.1 Jawannagar** since eight years prior to the incident. He used to do casual labour work and was working in a steel factory by the name of Pramukh Steel Factory at Vatva GIDC .

82.1 The witness has deposed that on the day of the incident there was a call for Gujarat Bandh and some incident happened on the road. They did not venture outside their house and he does not know anything. At the time of the incident, he was at home and all his family members were at

home. It was around 10 o'clock in the morning. At the time of the incident a mob came from the direction of Krushnanagar and the members of the mob were armed with weapons and there was violence. They had gone on the rear side to a terrace in Gangotri Society and were sitting there. At that time it was around 3 o'clock in the afternoon. At 11 o'clock in the night, upon the vehicle for Shah Alam coming, they were taken to the Shah Alam camp.

82.2 The witness has deposed that he knows two persons from the mob namely **Bhavanisingh and Guddu Chhara** (both deceased). He has deposed that no one in his family has sustained any injury or has suffered loss of life in the incident. His house was looted in the incident and was burnt. He does not remember whether the police had recorded his statement.

82.3 CROSS EXAMINATION: In his cross-examination, he has stated that he had seen the mob which was comprised of fifteen to twenty thousand people. The people in the mob had tied black cloths around their faces and were wearing shorts and undershirts. He could not identify anyone in the mob.

82.4 The witness has admitted that the mobs came to Jawannagar after 6 o'clock in the evening. He has denied that the mob had spread terror and burnt after 6:00.

82.5 SUBMISSIONS: The learned counsel for the appellants-accused has submitted that this witness was residing in Jawannagar area since more than 8 years prior to the incident. Despite which, he has not implicated any one,

except Guddu and Bhavani. The attention of the court was invited to the contents of paragraph 11 of the cross-examination of the witness, to submit that the witness has admitted that he could not identify any person in the mob as they had covered their faces with black cloths.

82.6 ANALYSIS: As per the testimony of this witness, a mob came from the direction of Krushnanagar and was armed with weapons. At about 3 o'clock in the afternoon they had gone to a terrace in Gangotri Society and remained there till late night when the police came and took them to the camp. From the people in the mob the witness has named two persons viz. Bhavanisingh and Guddu Chhara both of whom are dead. The testimony of this witness therefore, does not assist the prosecution in proving the charge against any of the accused.

83. **PW-76 Mohammadhussain Munirbhai Shaikh** has been examined at Exhibit-526. This witness has stated that he can speak a little Gujarat and can understand it but he finds it more convenient to speak in Hindi and, therefore, will depose in Hindi. The witness has deposed that he is residing in the fourth lane of Jawannagar. In the year 2002, he was residing with his wife Noorjahanbanu and his two sons Ahmedraza and Hamidraza. His father's name is Munirbhai Ahmedbhai Shaikh and he does the work of recitation of azaan in the Ziya Masjid at Vatva. His mother's name is Jenabbibi and she is doing household work. In the year 2002, his parents were residing at Patiya with him. His elder brother's name is Meblahussain, younger brothers' names are Sabbir and Anwar. They too were residing at Naroda Patiya in the year 2002. At present, they

are residing at Vatva. His sister Gosiyabanu is residing at Vatva with his brother and, therefore, she is unmarried. He is working in a thread factory at Naroda Patiya.

83.1 The incident took place on 28.2.2002. On that day, there was a bandh call in the context of the incident that took place at Godhra on 27.2.2002.

83.2 On the day of the incident, he woke up at around 8:00 to 8:30 in the morning. At that time, there was unrest on the road. A mob was coming from Krushnanagar towards Noorani Masjid. At that time, a mob of Hindus was breaking the masjid and the police was firing at them (the Muslims). The police was releasing teargas. In the firing, one Ahmed Badshah was injured by a bullet. Ahmed Badshah was lifted by the witness's brother and three other boys and taken inside the chawl.

83.3 At that time, the witness was on the road. Upon Ahmed Badshah being injured by a bullet, they all went inside. There was a stampede towards the chawls due to which they could not muster courage and hid in the chawl. The people in the mob had tied bands over their faces. He had seen **Guddu Chhara** and **Bhavanisingh**. **Guddu Chhara** had a pipe and **Bhavanisingh** was gesturing to show the place where the Muslims were hiding. The witness and his wife, his mother-in-law, all fled towards Gangotri Society. In the pushing and pulling, his wife's hand got separated from his. His mother and his younger brother went inside the S.R.P. Quarters. The S.R.P. Quarters people beat them with sticks and drove them away and did not let them enter inside. They told them that they

were prohibited from going inside. At this time, it must have been around 12 o'clock in the afternoon. They all went to Gangotri Society.

83.4 Stones were being pelted inside from the Gangotri Society from the open ground. They went and hid on Gauri Apa's terrace which is in their lane. From Gauri Apa's terrace they went on the rear side of Gangotri Society. They were about to go towards Teesra Kuva. However, they were told not to go there as people were being hacked there. There were mobs at Teesra Kuva as well as in the open ground behind them and hence, they were stuck in between.

83.5 His wife Noorjahan, his mother-in-law Mahaboobi, his nephew Mohsin and niece Afreenbanu, all four were hacked and set ablaze. He had seen them being set ablaze from far, but did not have the courage to go there. His younger son Hamid was with him.

83.6 This incident took place at Gangotri Society. Shehnazbanu had saved his son Ahmed and brought him on the terrace. He too was burnt. They remained hidden on the terrace till 11:00 to 11:30 at night. Thereafter, at night, the police came in a vehicle to call them. While they were being taken to the camp, corpses were burning on the road. The police took them in that vehicle to the Shah Alam camp. On the next day, he had taken his elder son for treatment to Vadilal Hospital. His elder son Ahmedraza was kept for treatment at Vadilal Hospital for about five months. He had a talk with his son at the V.S. Hospital and he had informed him that his mother, maternal grandmother, Afreen and Mohsin

were no more.

83.7 After fifteen days, the witness came to know that his brother Shabbir had also sustained burns in the incident and was in the Civil Hospital. His wife was buried at the Shahibaug Kabrastan, the receipt whereof is with his brother.

83.8 His house was damaged and he had incurred a loss of Rs.25,000/-. Firstly, he had received aid of Rs.1,300/- and in all, he had received Rs.10,000/- towards damages. He had received Rs. 5 lakh as compensation for his wife's death.

83.9 The police had recorded his statement at Vadilal Hospital. Thereafter, he had made an application to the SIT at Gandhinagar and he had given his statement at Gandhinagar. The witness has stated that he is illiterate and has produced the application made by him to the SIT with the list Exhibit-527. The last part of the application Mark 527/1 is shown to him. The witness has identified his thumb impression below the application. The contents of the application are read over to him and he has admitted the contents thereof to be true. The application is exhibited as Exhibit-528.

83.10 The witness has stated that after his wife died in the incident, he has married again.

83.11 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that in lane No.4 of Jawannagar there are about 25 to 30 houses and that the residents of these 25 to 30 houses have been residing with him for many years. He has admitted that he knows all the people

residing in these houses by their names.

83.12 The witness has stated that he made the application Exhibit-528 after he came to know about it from someone that it has come in the newspaper. He has admitted that at the time of making the application Exhibit-528, he was speaking and the writer was writing. He has admitted that at that time, he did not have a newspaper or a letter with him. He has stated that the person who wrote the application has not told him about the number of any Supreme Court case. He had got the number from his chawl, that is, Lane No.4 Jawannagar. The witness has stated that he does not remember as to which person had given him this number. He has admitted that he has not described the incident in the application Exhibit-528.

83.13 The witness has admitted that in the statement recorded by the SIT, he had stated that his statement dated 3.3.2002 is correct and proper. The witness has denied that in his statement dated 3.3.2002, he has not given the names of accused Guddu Chhara and Bhavanisingh. He has stated that once in five months the police had come to the V.S. Hospital. He has denied that when the statement was recorded on 3.3.2002 at the V.S. Hospital, he had not given the name of any accused to the police. The witness has voluntarily stated that he had given the names but they had not written them down.

83.14 In the cross-examination of this witness, it has come out that he came to know that the police had not written down the names of the accused after six years. He came to know about it for the first time after two – three months that the

names of the accused given by him have not been written down. He has thereafter, stated that he does not specifically remember as to when he came to know that the police had not written down the names given by him. The witness has admitted that prior to making the application Exhibit-528, he had not received any kind of threat from any person.

83.15 The witness has admitted that while he was at the V.S. Hospital, the police have recorded his statement twice. He has stated that they had come twice on the same day. He does not remember as to whether different policemen had come on both the occasions. The statement had been recorded at the side of the bed where his son was admitted. He has initially admitted that in both the statements he had not given the name of any accused. Upon understanding the question, he has stated that he had named the accused in both the statements, however, the police had not written them down.

83.16 The witness has admitted that in the statement recorded by the SIT, he has not stated that though he had given the names of the accused, the police have not written it down in his statement dated 3.3.2002.

83.17 The witness has stated that he has also given the name of the accused in the application Exhibit-528. He has stated that he does not know whether the DCB Crime has recorded his statement on 13.5.2002. He has thereafter, stated that he remembers that the Crime Branch had recorded his statement at the relief camp on 13.5.2002. He has admitted that in the statement he had stated that he could not recognise any person in the mob. (The trial court has made a

note that after the sentence, the witness has stated that there were Chhara people, out of whom he knew Guddu, which is a part of the sentence.)

83.18 The witness is cross-examined with regard to acquaintance with Guddu. The witness has stated that he has never gone to Chharanagar and does not know where Guddu Chhara is staying nor has he any occasion to talk with him or have tea with him. The witness has voluntarily stated that but he knew him. The witness has voluntarily stated that Guddu had four to five houses opposite their house.

83.19 The witness has stated that at around 8:30 in the morning, he had woken up and come out. He had come out and gone to Noorani Masjid. He had reached near the Noorani Masjid at around 10:00 to 10:30. He went there and saw that people were breaking Noorani Masjid. He has admitted that at that time, he had seen mobs of people coming from the direction of Krushnangar, Kalupur, Saijpur Bogha and Kubernagar. The mobs were huge huge and there must be around fifteen to twenty thousand people in the mob who were creating a ruckus. The witness has admitted that on account of the shouting and commotion, one could not hear what any one was speaking and that from all four sides, people were coming to Noorani Masjid. The witness has admitted that it was so crowded that there was pushing and pulling within the crowd and that all this had started a few minutes before he reached there at 10:00 to 10:30 in the morning.

83.20 The witness has stated that many mobs had come inside Jawannagar from all four sides. There were around ten

to fifteen thousand people in the mob. A mob had also come from the rear side of Gangotri Society from the canal road.

83.21 The witness has admitted that the people in the mob had tied black scarves around their faces and had tied saffron bands on their heads and were wearing shorts and undershirts. The witness has admitted that at Jawannagar, Muslim people were also pelting stones at the mob and there was cross stone pelting.

83.22 The witness has admitted that after 6 o'clock in the evening, huge mobs had come inside Jawannagar. The witness has denied the suggestion that the mobs which came after 6 o'clock killed their family members and put them back inside their house. The witness has admitted that the members of his family, who died in the incident, had died on the Gangotri Society and Gopinathnagar road. The witness has admitted that at that time, he was on the terrace of Gangotri Society and has stated that he does not know as to who was the owner of the house.

83.23 The witness has admitted that at that time, it was around 7:30 to 8:00 in the evening. The witness has admitted that the place which is known as Jawannagar pit does not have any electric pole. He has stated that if one looks from Gangotri Society's terrace, the pit cannot be seen.

83.24 The witness has admitted that Muslim people were also pelting stones on the Hindus to protect the masjid. He has admitted that on that day, tube-lights, bulbs etc. were thrown on the road and has voluntarily stated that the Hindu people

were throwing them. They were throwing them in such a quantity that no person could go inside the chawl from the road.

83.25 The witness has admitted that he has not received compensation for the death of his mother-in-law. He has admitted that he had made the application Exhibit-528 to obtain compensation in connection with the death of his mother-in-law. The witness has denied that for the purpose of obtaining compensation, he is giving the statement as dictated by the SIT.

83.26 SUBMISSIONS: The learned counsel have submitted that as per the deposition of this witness, in the morning, he was at the highway and he has said that he went inside after Ahmad Badshah was injured, but he does not give the name of any accused. In relation to the evening incident also, he does not name any accused. It was submitted that the witness has named Guddu Chhara and Bhavanisingh to the effect that he had seen them after they came back from the road, but he does not say where he had seen them. It was submitted that it is not possible that this witness would not know the local accused who are implicated by other witnesses if they were present. It was submitted that though this witness was on the highway, he has not identified any accused, some of whom were local residents.

83.27 It was submitted that the witness was residing in Jawannagar since many years and he had also gone to the road in the morning. He had also seen the evening incident and the mob in the noon, but still does not implicate any

accused except Bhavanisingh and Guddu without alleging any overt act, and has not named other accused who are local residents like Dalpat, Tiwari, Manu, Ramila, Geeta and Sahejad. He has also stated that a mob had gone there to Teesra Kuva and the people were caught in the evening.

83.28 ANALYSIS: On a perusal of the evidence of this witness, it emerges that only one statement of this witness was recorded on 3.3.2002 at the Vadilal Sarabhai Hospital. As per the version given by this witness, the mobs of Hindus had gathered on the road and were damaging the Noorani Masjid. The police fired at the Muslims wherein one Ahmed Badshah was injured. The witness has named Guddu Chhara (deceased) and Bhavanisingh (deceased) in the mob. However, it appears that in the statement dated 3.3.2002, the witness has not named either of the two accused. This court has already discussed the manner in which the Investigating Officer had recorded the statements at the hospital; however, considering the fact that both the named accused are dead, it is not necessary to delve upon the same. As per the unchallenged version given by this witness, it has come out that he together with his wife and mother-in-law had fled towards Gangotri Society. But in the rush, his wife got separated from him. His mother and brother tried to take shelter at the S.R.P. Quarters, but were driven away. Whereafter, all of them went to Gangotri Society. Initially, they went to Gauri Apa's terrace, from where they went to the rear side of the Gangotri Society. While they were about to go towards Teesra Kuva, they were cautioned not to go there as people were being hacked. However, there were mobs at Teesra Kuva and in the open ground behind them and they were caught in between. The

witness's wife Noorjahan, his mother-in-law, his nephew Mohsin and niece Afreenbanu were all hacked and set ablaze which he had seen from far. Except to the aforesaid extent, nothing much turns upon the testimony of this witness who has named only two of the deceased accused. The testimony of this witness, therefore, would not assist the prosecution in establishing the charge against the accused.

84. **PW-77 Rasidkhan Ahemadkhan Makrani** has been examined at Exhibit-529. This witness has deposed that in the year 2002, he was residing at Pandit-ni-Chali at Naroda Patiya. He was working as a painter in D. I. Company and his working hours were from 9:00 am to 5:00 pm. At the relevant time, he was residing with his wife Jayedabibi and his two daughters Nabirabanu and Sabiyabanu in a rented house. The riots took place on 28.2.2002. On that day, he was sleeping at home. When he woke up in the morning, there were riots on all four sides. When he came outside, he saw that there was destruction on all four sides. The Noorani Masjid was being vandalized. Hindu people had come there. The people had also come from the side of Krushnanagar. Those people were pelting stones. They, therefore, went towards the side of khada (pit). They went there and hid on the terrace on the side of Jawannagar. Thereafter, there were severe riots. In the riots, Muslims were being killed. Thereafter, the police came to take them at 12 o'clock and took them to the Shah Alam camp. He was injured on his hand in the stone pelting and was given treatment at the camp. Damage was caused to his house and various articles were taken away. The police had inquired about the same and had recorded his statement.

84.1 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that there was cross stone pelting between Muslims and Hindus. He has admitted that he too was part of the mob and has admitted that he was injured in the cross stone pelting. The witness has admitted that he has not seen any riots.

84.2 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness was residing in the area since a considerable time prior to the date of the incident, but has not implicated anyone and has admitted that he has not seen the incident.

84.3 ANALYSIS: This witness has participated in the cross stone pelting on the road. He has not named any accused nor has he narrated any incident that occurred during the course of the day. Nothing turns upon the testimony of this witness and one wonders why the prosecution which has dropped witnesses who had named accused in their police statements, has examined such witnesses whose evidence does not in any manner help the prosecution case.

85. **PW-78 Noormohammad Sarmuddin Shaikh** has been examined at Exhibit-530. This witness has deposed that since his birth, he is residing in Hukumsing-ni-Chali, Naroda Patiya. At the time of the incident he was residing with his wife Sultanabegum, father Sarmuddin, mother Zeenatbibi and brother Mohammad Shakeel. At that time, he was doing casual electric work and his brother was doing the tailoring work and his father had retired.

85.1 The incident occurred on 28.2.2002. On that day, there was a call for Gujarat Bandh. The members of his family were present at home. On that day in the morning, between 9:15 to 10:00, a mob came towards their house from Naroda Patiya side. This mob was damaging the masjid. At that time, the police fired bullets towards them.

85.2 There, several Muslims had told the police to stop the mob from damaging the masjid, however, the police had not stopped them and had released tear gas towards them.

85.3 Therefore, to save their lives, they ran on the rear side of Jawannagar. While running, his mother, his wife, his brother, all of them, had got separated. He and his father started running towards Jawannagar. His father could not run and the mob inflicted a blow on his leg with a sword and felled him. The people in the mob had swords, spears, pistols, etc. They also had kerosene. They had kerosene or petrol or something like that. The people in the mob started sprinkling something like kerosene or petrol on his father and he (the witness) fled to save his own life.

85.4 They climbed on the terrace of Jawannagar and went to the terrace of Gangotri Society, which was on the rear side and hid there. Many people from Jawannagar area were hiding there. Thereafter, between 12:30 to 1 o'clock at night, they were taken in a police vehicle to the Shah Alam relief camp, where he met his mother, brother and wife.

85.5 He had seen that the people in the mob who had thrown something on his father and attacked him; they were

wearing khakhi shorts and white undershirts. They had tied cloths on their faces. They had started vandalizing and looting the Patiya area and were burning the shops.

85.6 They had not found their father's dead body afterwards. The police had recorded his statement in the camp and upon asking him about the incident, he had narrated the same. The witness had made a complaint application together with loss damage analysis form which was produced with a list Exhibit-531. The witness has admitted his signature on the complaint and has admitted the contents of the complaint which were read over to him and the same is exhibited as Exhibit-532.

85.7 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that he had not got the application form Exhibit 532 from anywhere but that somebody had come to the camp and got it written down from them. He has stated that he has put his signature on the application Exhibit 532 in the presence of the person who came to get it written down. The witness has denied that in his application Exhibit 532 he has stated that his father was missing since 28.2.2002. The witness has denied that he had prepared Exhibit 532 and given it to the people at the camp. He does not remember whom he had given the application to and does not know whether a Government official or somebody else had taken it.

85.8 The witness has stated that the police had recorded his statement at the relief camp and that till his statement was recorded, he had not seen his father's dead body. He has

denied that in his statement dated 13.5.2002, before the Crime Branch, he had stated that his father must have been killed during the riots that took place at Naroda on 28.2.2002. (It appears that the witness has stated that his father was killed and not that his father must have been killed in the statement recorded by the police). The witness has admitted that in his application Exhibit-532, he has not mentioned regarding his father's incident and has voluntarily stated that no one had informed him that this was to be recorded in the form. He was stated that this was a loss/damage form and hence, he had only given details regarding the damage sustained by him.

85.9 The contents of paragraph 4 of his examination-in-chief are read over to the witness, who has denied that he has not stated such facts in his statement dated 13.5.2002 and 21.6.2008. The witness has denied that the mob came from all four sides. He has stated that the mob came from front and from the rear side, namely, from the Highway road and from the canal. The witness has denied that on that day, he had taken his children and gone away to the S.R.P. camp and has voluntarily stated that on that day, he did not have any children.

85.10 The Investigating Officers who recorded the statements of this witness have been cross examined by the defence to prove the omissions and contradictions in the testimony of this witness qua the statements recorded by them.

85.11 PW-307, S. S. Chudasama, the Investigating Officer

has admitted that the statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 13.5.2002. The contents of paragraph 4 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that there several Muslims told the police to stop the mob which was breaking the masjid, however, the police did not stop them and released tear gas against them, and the Investigating Officer has admitted that this witness had not stated these facts before Shri Chauhan.

85.12 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 21.6.2008. The contents of paragraph 4 of the examination-in-chief of this witness are read over to the Investigating Officer, wherein the witness has stated that several Muslims told the police that "they are damaging the masjid, stop the mob" but the police had not stopped them and had released teargas against them. The Investigating Officer has admitted that the witness has not stated such facts in the statement recorded by him.

85.13 SUBMISSIONS: The learned counsel for the appellants-accused have submitted that this witness has not named any accused and has stated that he had seen that the members of the mob had covered their faces with cloth. It was argued that though this witness had seen the morning incident and the incident of his father, he has not named any accused.

85.14 ANALYSIS: The witness refers to the mob on the road and firing by the police and also states that they had fled towards the rear side towards Jawannagar and his father being

caught by the mob and some inflammable substance having been sprinkled on him and he being set ablaze. However, the version given by the witness is very vague and no specific time has been given by him, as to when such incident happened and where. The witness has also not named any accused nor ascribed any role to them. There is nothing substantial in the evidence of this witness which would support the case of either of the sides.

86. **PW-79 Ibrahimhai Alambhai Mansuri** has been examined at Exhibit-533. The witness has deposed that he is residing at Naroda Patiya together with his wife, four daughters and son since the last eighteen years. He carries on the work of cycle repairing and plumbing on the footpath. His daughters are named Rehana, Raziyanu, Sayarabanu and Nilofer, and his son is named Irfan.

86.1 The incident took place on 28.2.2002. He was at home in the morning. On that day, there was a call for bandh. On that day, there were shouting near the masjid at around 09:30 to 10:00 in the morning. There was stone pelting and the masjid was being set ablaze. On seeing this, he had fled. He went back to his house, took his family members and was trying to lock his house and go away, at that time, the mob came from opposite side and hence, they returned to Jawannagar. The members of the mob were pelting stones and were throwing burning rags. From there, they went to Jawannagar when the mob came from behind. Thereafter, they were standing near the S.T. wall. While they were standing near the S.T. wall, the mob was coming from the opposite direction. On seeing the mob, they started going on the side of

the S.R.P. Quarters. The members of the mob had weapons and they were throwing stones and setting things ablaze. They were not permitted to go inside the S.R.P. Quarters and were driven away. Thereafter, they went to a society. He does not know the name of the society. Thereafter, they went to Gangotri Society and Gopinath Society. From there, they were beaten and driven out and were not permitted to go inside. Thereafter, they went on the terrace of Jawannagar and hid there.

86.2 The witness has further deposed that there were mobs on all four sides. The mob had come to the gate of Gopinath Society and his wife and his daughter were caught in the mob. At that time, they had climbed on the terrace. However, the people in the mob had thrown his wife and his daughter Nilofer in the fire. Before throwing them in the fire, the people in the mob had fractured both the hands of his wife with a sword and inflicted injuries. They had thrown Nilofer in the fire and Nilofer was burnt. His wife was lying unconscious on the side of the wall and the people in the mob thought that she is dead, and hence, they left her there and went away. From the terrace, he had seen that the mob had dispersed. However, twenty-five to thirty dead bodies were lying there. The witness has stated that there were many people in the mob, out of whom, **Bhavanisingh** was also standing with a stick. Many people had tied yellow bands on their heads and were wearing bundies. They remained on the terrace till 11 o'clock at night. The police vehicle came at night and took them from the terrace to the Shah Alam Camp. Thereafter, his wife was taken to the V. S. Hospital and was provided treatment. The lock of his house at Hussainnagar was broken

and the household articles came to be looted. The police had recorded his statement at the camp as well as at the Patiya.

86.3 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that the terraces of Gangotri and Jawannagar are common. The witness has voluntarily stated that there is a parapet in between. He has admitted that if one wants to go from a terrace in Jawannagar to a terrace in Gangotri Society one can cross the parapet to go there. He has admitted that on that day, Muslims had gone from the terrace of Jawannagar to the terrace of Gangotri. The witness has admitted that Gangotri Society has a population of Hindus and Gopinath Society is also populated by Hindus. He has admitted that the people from the Hindu societies were standing in front yard of their houses to see that the people in the mob who had come from outside do not resort to rioting in the society.

86.4 The witness has denied that at that time, Bhavanisingh was standing near his house. The witness has admitted that the SIT had recorded his statement on 2.7.2008 wherein he had stated that he had only seen Bhavanisingh standing there in front of his house and could not identify anyone else. The witness has stated that he does not know Nazir Master alias Popat Darji, however, there is a master in their area and he knows him. This master teaches in a school and does social work in the camp. He has admitted that he does the work of bringing medicines for those who are injured, bringing post mortem notes and helping anyone in need of treatment. He also used to prepare applications for obtaining compensation and used to submit post mortem notes together with the application to the Government or the Collector

wherever necessary.

86.5 The witness has denied that everyone used to write and sign on the printed forms. The witness has voluntarily stated that he used to write for those who could not write and read it for them and thereafter, take the signature and then used to deliver the complaint to the concerned Department.

86.6 The witness has admitted that he got his typed complaint written by this master and everyone used to get their application written by this master whom he knows from his face. He resides in the Naroda Patiya area.

86.7 The witness has denied that master was teaching in the school where he had gone for recording of his statement. The witness has admitted that on the day when he got his statement recorded, this master was present in the school.

86.8 The Investigating Officers who have recorded the statements of this witness have been cross-examined to prove the omissions and contradictions in the testimony of this witness.

86.9 PW-307 Shri S. S. Chudasama, the Investigating Officer has admitted that the statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 13.5.2002. The contents of paragraph 16 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that his wife had become unconscious and they thought that she is dead and had gone away, have not been stated by him in the statement recorded by Shri

Chauhan. He has denied that the witness had not stated that his son was thrown into fire by the people in the mob. He has stated that the witness had stated that his daughter Nilofer, aged 7 years, had died on account of the burns and that his wife had also sustained burns.

86.10 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 2.7.2008. He has admitted that this witness has verbatim not stated before him that his wife had become unconscious and, therefore, they thought she is dead and went away. The Investigating Officer has stated that the witness had stated before him that the mob had beaten his wife with hockey and sword on her head and on her left hand and that she was injured.

86.11 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness was residing at Hussainnagar since ten years prior to the incident. He has named only accused Bhavanisingh and that too, not as being a person in the mob. Moreover, no overt act has been attributed to him. The witness does not implicate any other accused though he was a resident of the same area.

86.12 ANALYSIS: From the testimony of this witness, it emerges that as the mob had come and was pelting stones and throwing burning rags, they had left their house and had gone towards Jawannagar. Thereafter, they went towards the S.R.P. Quarters, but were not permitted to enter inside and were driven away. Thereafter, they went to a terrace at Jawannagar and hid there. Subsequently, the mobs gathered

from all four sides and while the witness and his wife and children were going towards the terrace of Gangotri Society, near the gate of Gopinath Society, his wife and daughter were caught by the mob. His wife was assaulted and both her hands were fractured with a sword, and both his wife and his daughter Nilofer were thrown in the fire. His wife was lying unconscious near the side of the wall and the people in the mob thought that she was dead and they left her there and went away. After the mob dispersed, he saw that there were about twenty five to thirty dead bodies lying there. Out of the people in the mob, he had identified Bhavanisingh (deceased) who was standing there with a stick. In the cross-examination of the witness, nothing substantial has been elicited to dislodge the core of his testimony, namely, that his wife and daughter were assaulted by the mob and his daughter Nilofer had died on account of the burns. The witness appears to be a credible and truthful witness. Therefore, there is no reason to disbelieve the testimony of this witness to the extent noted hereinabove. This witness, however, has not named any accused except Bhavanisingh (deceased).

87. **PW-80 Maheboobbhai Umarbhai Shaikh** has been examined at Exhibit-539. The witness has deposed that from 1985 to 1986, he was residing at *Hussainnagar-ni-Chali, Naroda Patiya* with his wife Shakinabanu and daughter Taiyaba. In the year 2002, he was residing in a rented house and was giving tuitions to children and eking out his living. Prior thereto, he was doing commission work. While doing commission work, the scaffolding had broken and his bone of waist was broken and since then, he is handicapped and uses a wheel chair.

87.1 The incident took place on 28.2.2002. On that day, there was a call for bandh by the Vishwa Hindu Parishad in the context of burning of a train at Godhra on 27.2.2002. On the day of the incident, he was at home. At around 9:00 to 9:30, people outside were saying that the mobs have come to the masjid and everything outside is burning and there is stone pelting. On that day, he was very much frightened and was at home with his family members. At this time, there was an assault on the chawls of the front side and they were coming on the rear side. The people from the neighbouring chawls also started coming to their place. His house was fully crowded at that time and it was felt that the mob would also come there. At that time, his friend lifted him and took him. All of them set off towards Jawannagar. They had lifted him and taken him towards Jawannagar, and made him sit in a house, where a burning rag had fallen on his leg and he had sustained burn injuries and had shouted "*Somebody lift me up*" after which, his friend Ibrahimbhai had lifted him and they proceeded further and continued to protect him. All this time, his wife and his daughters were with him. At this time, it was around 1:30 in the afternoon. His friend Ibrahimbhai ultimately carried him to the house of one Akhtarbhai Chudivala and they had hidden there and secured the chain from inside. At that time, his wife, his daughter, his maternal aunt, son of his maternal aunt, all of them were together in Chudivala's house till it became dark. At that time, while searching for his sister-in-law, Ibrahimbhai came there. At that time, he had told Ibrahimbhai that there was no public there and that they should take him to a place where everybody was sitting. He replied that all are sitting on the terrace of a society, namely, Gangotri Society. Ibrahimbhai

had lifted him. All others who were with him also came with him at the terrace of Gangotri society, where they sat till 11:30 to 12:00 at night. Thereafter, they were taken to the Shah Alam relief camp by the police.

87.2 CROSS EXAMINATION: In the cross-examination of this witness, he has stated that he is acquainted with the entire Naroda Patiya area. He has admitted that after their Hussainnagar chawls, Jawannagar is situated and behind Jawannagar, there is Gangotri Society and thereafter, Gopinath Society. He has admitted that the S.T. Workshop compound wall road goes straight from Hussainnagar, Jawannagar, Gangotri Society and Gokulnagar and from the open ground to the canal. The road goes parallel to the wall.

87.3 The witness has admitted that on one side there is the S.T. Workshop wall and on the other side there are Gangotri Gopinath Societies and between them, there is a road. He has admitted that the houses on the Gangotri Society road are residential houses and at the relevant time, there were no shops, factories or godowns on the Gangotri Society Gopinath Society road.

87.4 The witness has stated that Akhtarbai Chudiwala's house where he had gone is in Jawannagar. He had reached there at around 5:00 to 5:30 in the evening. Ibrahimbai had come at around 7:00 to 7:30. The witness has stated that Ibrahimbai had left him at Akhtarbai's house. The witness has denied that when he was at Akhtarbai's house, there was nothing to be afraid of. The witness has voluntarily stated that those who could go on their own, those people out of fear had

left and gone away. A lot of sounds were coming and they were also afraid.

87.5 In his cross-examination, it has come out that Akhtarbai's house is in lane No.4 of Jawannagar and is situated next to the S.R.P. Quarters compound wall. He has denied that Akhtarbai's house is next to Majidbai's house and has voluntarily stated that this house is situated after leaving two to four houses.

87.6 The witness does not remember whether any untoward incident had taken place at Majidbai's house while he was there. He has stated that since the mob was coming, they had gone inside.

87.7 PW-307 S. S. Chudasama, the Investigating Officer has admitted that the statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 12.5.2002. He has admitted that in his statement, this witness had not stated that Ibrahimbai while searching for his sister-in-law, came to Akhtarbai's house and the witness told Ibrahimbai that there was no public there and that wherever there are people, he should take them there and Ibrahimbai had lifted him and taken him, have not been stated by the witness in the statement recorded by him.

87.8 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness has not seen any incident. It was pointed out that from the testimony of this witness, it emerges that they were safe at Jawannagar till it became dark and then, they went to Gangotri.

87.9 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness is a natural witness and is an eyewitness. From his evidence, it is established that by 1:00 to 1:30 p.m. the mob had started coming inside the chawls and that there is no cross-examination on this aspect.

87.10 ANALYSIS: From the testimony of this witness, it is apparent that he was handicapped and therefore, was required to be carried by someone while they were trying to escape from the mob. From the testimony of this witness, it emerges that the mob had come to Hussainnagar at around 1:30 in the afternoon. Thereafter, they had taken shelter in a house at Jawannagar together with his family members and in the evening after the mob had gone, they had gone to the terrace of Gangotri Society where other Muslims had taken shelter. In the cross-examination of the witness, it has been elicited that they had reached Akhtarbhai Chudiwala's house in Jawannagar at around 5:00 to 5:30 in the evening. This witness has not named or described any accused.

88. **PW-81 Chandbhai Saiyadbhai Ratal** has been examined at Exhibit-540. The witness has deposed that in the year 2002, he was residing with his wife Jetunbegam, three sons, viz., Rafik, Safik and Javed, daughters, viz., Shabana and Rizvan, at *Jawannagar, Naroda Patiya*, since the last 30 to 32 years.

88.1 The incident took place on 28.2.2002. On that day, there were riots. There were mobs of Hindus with bands tied around their foreheads. He was at home in the morning

between 9:00 in the morning till 4:00. He was frightened. His children were also frightened. At 9 o' clock, when he was going out for work, his sons had stopped him. During the course of riots, people started coming forward. At around 10 o'clock, he also left his house and went away to somebody else's house. He had left his house open and gone away due to fear. The witness states that the house where he had gone was somebody else's house. While coming out, he had seen that there were outsiders who had weapons in their hands. They had gone to the third lane of Jawannagar and had stayed in that house till 4 o'clock. After 4 o'clock, as the mob started coming, they started going on the interior side and thereafter, they climbed on the terrace of Gangotri Society. He had seen the mob pelting stones. **Guddu Chhara** was there with a sword in his hand. They were on the terrace till 12 o'clock, whereafter the police had come and taken them to the Shah Alam camp, where they stayed for six months. The witness has stated that except for Guddu Chhara, he could not recognize anyone and that the police had recorded his statement at the relief camp and that Guddu Chhara had died.

88.2 This witness has named only accused Guddu Chhara who has passed away thereafter.

88.3 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that during the period while he was in the camp, he has met the police on two occasions. He has stated that the names of the police, who were coming to the camp, were Rajubhai and Amratbhai Patel and that he knew them well. He has stated that he also knows the person who was managing the camp. He has stated that he has not

told either the police or the Managers of the camp that he wanted to lodge a complaint about the incident. He has stated that he had given his complaint before policemen other than the above referred two policemen. The witness has denied that after recording his complaint, the police had called him again to record his statement and has voluntarily stated that the police had called him for the second time for carrying out a survey and at the time when he was called for the survey, he was orally examined.

88.4 The witness has admitted that at around 9:00 to 9:30, out of fear, he had gone home and had stayed at home with his family members and thereafter, he had gone to the terrace of the Gangotri Society. The witness has admitted that many people from their community were hiding on the terrace of Gangotri Society at 8 o'clock at night. He has admitted that from the terrace of Gangotri Society, he saw that houses of his chawl were being set on fire and he had seen the smoke.

88.5 The witness has admitted that at 8 o'clock they could only see the smoke. The witness has admitted that from the time he left his home, till he reached Gangotri Society, he could not recognise any person. The witness has admitted that he has not stated before the police that he had seen Guddu Chhara with a sword on the day of the incident. He has denied that because he has not seen Guddu Chhara, he has not given his name to the police. The witness has denied that he has not seen the incident with his own eyes and has voluntarily stated that he had seen people with saffron bands. The witness has denied that it was only the people with saffron bands that were pelting stones and has voluntarily stated that

in the stone pelting, the people with saffron bands as well as local people were also there.

88.6 PW-302 D. A. Rathod, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 13.5.2002. The assignee officer has admitted that he had recorded the statement of this witness at the Shah Alam camp. He has stated that he has not recorded any complaint of this witness. He does not remember as to whether he has recorded the complaint of this witness at the camp and that he had taken the thumb impression of the witness on the complaint. The assignee officer has voluntarily stated that at present, he has the statement which was recorded in his presence. The assignee officer has admitted that except for Guddu, this witness has not named any accused in the statement recorded by him.

88.7 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness has not seen any incident and has named only Guddu Chhara with a sword, whereas other witnesses state otherwise. It was submitted that the witness does not say where he had seen Guddu, nor has he attributed any overt act to him. Except Guddu, he does not implicate any local residents of the surrounding area. It was submitted that he has named Guddu Chhara for the first time before the court.

88.8 ANALYSIS: This witness has implicated only **Guddu Chhara** (deceased) to whom he has not attributed any overt act. From the testimony of this witness, it emerges that the witness had remained in the third lane of Jawannagar till 4

o'clock and after 4 o'clock since the mob had started coming, they had gone towards the interior side and had climbed on the terrace of Gangotri Society.

89. **PW-82 Pirubhai Ismailbhai Sholapuri** has been examined at Exhibit-541. The witness has deposed that in the year 2002, he was residing at *Jawannagar, in the Last Line, Naroda Patiya* with his family. His family was comprised of his wife Reshma, his sons Shahrukh, Yusuf, daughter Shayra, mother-in-law Nasimbanu, brother-in-law Asif, sister-in-law Najju, in all eight persons. He used to drive his auto rickshaw No.GJ-1-UU-624 and used to earn a living.

89.1 The incident took place on 28.2.2002. There was a call for Gujarat Bandh. He was with his family at home. In the morning at 9 o'clock, public started running and coming into the chawls. Upon inquiry, he came to know that a mob of Gujarati people was pelting stones at the masjid and the mob was also attacking nearby shops. On account of such events on that day, at around 9:30, he took his family and went to the S.R.P. Quarters, where he stayed for entire day and night. The witness has deposed that throughout the day, he was standing and watching as to who was doing what, and in the afternoon at 1:30, there were many people in the open ground. Out of these people, he had recognized one person, whose name was **Guddu Chhara**, whom he had seen in the middle of the people with a sword. Since Guddu Chhara was residing in their chawl, he knew him very well. He did not know any other person in the mob. On the next day, the police vehicle came and took them to the Shah Alam camp, where he stayed for around six months.

89.2 CROSS EXAMINATION: The witness has admitted that on the day of the incident after he left his home at 9:30 in the morning, he had gone straight to the S.R.P. Quarters. He has stated that he was standing taking support of the S.R.P. Quarters compound wall when he had left the family members a little inside. Till 6 o'clock, he was standing with the support of the compound wall.

89.3 The witness has stated that the mob which he had seen must have been comprised of about one and a half thousand people. He has admitted that Guddu Chhara has three to four houses in Jawannagar. He has stated that he had seen Guddu Chhara at 2 o'clock in the afternoon. He has denied that he saw Guddu Chhara while he was standing on the verandah of his house. The witness has denied that the people in the mob that he had seen had tied black coloured scarves over their faces and has voluntarily stated that the people in the mob were wearing saffron bands. The witness has denied that faces of all the people in the mob were covered and has voluntarily stated that only some people had covered their faces. The witness has stated that he had gone to the S.R.P Quarters through Jawannagar. He has denied that Majidbhai's house is near the S.R.P. compound wall and he has stated that it is far away. The witness has admitted that when he went to the S.R.P. Quarters, at that time there were many other people with him. He has admitted that the S.R.P. people had come near the S.R.P. compound wall. He has voluntarily stated that there was an S.R.P. bandobust. The witness has denied that the S.R.P. people had spread throughout the compound wall and has stated that they were only there near

the lane. He has admitted that the S.R.P. people were not permitting anyone to go in and were also not allowing anyone to come out. He has admitted that the S.R.P. people made everyone sit inside. He has voluntarily stated that many people were standing near the compound wall and that the people were very frightened.

89.4 In his cross-examination, it has come out that he resides at Ektanagar since last five years. He has admitted that this house was given to him by the Relief Committee. He has admitted that houses have been constructed at Ektanagar for the victims of the Naroda Patiya incident and that the Relief Committee has given him the house without payment of any consideration.

89.5 The witness has admitted that there is a Hindu population also in the S.R.P. Quarters and has admitted that the Hindus who were residing in the S.R.P. Quarters had made arrangement for meals for them. The witness has denied the suggestion that as the Relief Committee and the people of the Jamaat had given him the house at Ektanagar, he was falsely deposing before the court.

89.6 PW-307 S. S. Chudasama, the Investigating Officer has admitted that the statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 12.5.2002. The contents of first three lines of paragraph 4 of the examination-in-chief of this witness are read over to the Investigating Officer, wherein he had stated that he stayed there for the whole day and saw as to who was doing what and saw that in the afternoon at 1:30, there were plenty of people in the open

ground. The Investigating Officer has admitted that such facts have not been stated by him in the statement recorded by Shri Chauhan.

89.7 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness is a resident of Jawannagar. According to his say, he was seeing everything from behind the wall of the S.R.P. Quarters, but he has only named Guddu Chhara with a sword and has not implicated any other accused, including local residents.

89.8 ANALYSIS: From the testimony of this witness, all that emerges is that at 9:30, he had taken his family and gone to the S.R.P. Quarters and stayed there for the entire day. The witness claims to have seen the incidents taking place in the open ground from the S.R.P. Quarters and has deposed that he had identified one person named Guddu Chhara (deceased). From the cross-examination of the witness, it emerges that the S.R.P. people were not permitting anyone to go inside and were also not permitting anyone to come outside and that many people were standing near the compound wall and that they were very frightened. This witness has named only Guddu Chhara (deceased).

90. **PW-83 Fatmabibi Makbulbhai Shaikh** has been examined at Exhibit-542. The witness has deposed that she has been residing at Pandit-ni-Chali, Naroda Patiya since the last about 28 years and is doing casual labour. Her husband has passed away about 13 years back. She has two daughters and one son, namely, Khatijabanu, Rasidabanu and Maiyuddin. Her native is Village Rangampet, District Sherampur,

Maharashtra.

90.1 The witness has deposed that the incident took place on 28.2.2002. On that day, she was at home. There was violence. There was a mob which was pelting stones. She took her children and went out to watch. All this was happening on the road at around 9:30 in the morning. She saw that many people were pelting stones at the Noorani Masjid and setting things ablaze. In the mob, she saw **Guddu Chhara, Sahejad Chhara, Bhavani Chhara** and **Tiwari**. Upon seeing all this, she took her children and went away towards Hussainnagar, where they went and sat in a godown. Thereafter, upon the mob advancing, they left the godown and went to Jawannagar. On account of the fear, they went on the terrace of a society and sat there. However, the mob reached there also. Her house was vandalized and set on fire and the articles were looted. The police had recorded her statement with regard to whatever she had seen. The witness has identified accused No.26 Sahejad Chhara in the court and though present, he had stated that Tiwari is not present. Thus, out of four accused named by the witness, two accused, namely, Guddu Chhara and Bhavani Chhara have died and the witness has not identified Tiwari.

90.2 CROSS EXAMINATION: In her cross-examination, the witness has admitted that in her police statement, she has not stated that she had taken her children and gone on the road. The witness has explained that this was for the reason that all these facts did not come to her mind at that time. Thereafter, the witness has stated that she might have stated such facts before the police, but the police might

not have recorded them. The witness is confronted with her police statement to the effect that she had not stated the facts stated in paragraph 3 of her deposition that she had gone with her children on the road and in the mob, she had seen the four named accused. The witness has stated that if the police have not written down what she stated, what she could do. Similarly, the witness is confronted with her police statement to the effect that she had not stated that she had taken her children to Hussainnagar, where they went to a godown and sat there and she once again stated that what could she do if the police did not write it down? Similarly, the witness has been confronted with the police statement to the effect that she has not stated therein that thereafter, upon the mob advancing, they left the godown and went to Jawannagar out of fear and the witness has once again stated that what could she do if the police did not write it down? The witness has denied that in her police statement, she had stated that when the mob came towards their chawl, she took her children and left and she had not seen anyone being beaten. The witness has admitted that prior to 28.2.2002, she had no occasion to meet Guddu Chhara and Bhavani, but has voluntarily stated that they used to frequently come to their chawl, and hence, she had seen them many times. In the cross-examination, she has admitted that at no point of time, did she have any work with Sahejad or that she had gone to his house. The witness has admitted that on the day of the incident, she was at home at around 10 o'clock and upon her chawl being attacked, she and her children escaped with their lives and from there, they went to the terrace of a house with her children and hid there and upon the police coming late at night, she had got down from the terrace. The witness has further admitted that upon their

chawl being attacked at 9:30, she along with her family, fled from there and hid on the terrace of a house and came down when the police came there late at night and other than that, she had not gone anywhere else.

90.3 The witness has been re-examined by the learned Special Public Prosecutor to explain the contradictions brought out as to her police statement to the effect that in her statement before the police, she has stated that out of the people in the mob who had attacked their chawl, she had seen and identified Guddu Chhara, Sahejad Chhara, Bhavani Chhara and Tiwari who drives the municipal bus.

90.4 PW-307 S. S. Chudasama, the Investigating Officer has admitted that the statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 12.5.2002. The contents of paragraph-4 from the fourth line to the eighth line of the examination-in-chief of this witness are read over to the Investigating Officer, wherein the witness had stated that she had come out with her children to watch; all this was happening on the road at around 9:30 in the morning; she had seen that several people were pelting stones at the Noorani Masjid and were burning it; in the mob, she had seen Guddu Chhara, Sahejad Chharo, Bhavani Chhara and Tiwari. The Investigating Officer has admitted that such facts have not been stated by her in the statement recorded by Shri Chauhan. The contents of the first five lines of paragraph 4 of the examination-in-chief of this witness are read over to the Investigating Officer, wherein the witness had stated that upon seeing all this, she took her children and went towards Hussainnagar; there, they sat in a godown; thereafter, upon

more mobs coming, they had left the godown and gone to Jawannagar; thereafter, out of fear, they had gone right upto Jawannagar. The Investigating Officer has admitted that such facts have not been stated by her in the statement recorded by Shri Chauhan.

90.5 The Investigating Officer has admitted that this witness had stated before him that when the people in the mob came towards their chawl, she had left with her children and had not seen anyone killing anyone.

90.6 SUBMISSIONS: The learned counsel for the appellants-accused, have invited the attention of the court to the testimony of PW-307 Mr. S. S. Chudasama to submit that the omissions put to the witness in paragraphs 3 and 4 of her testimony have been duly proved through this witness. It was submitted that the omission which is sought to be brought on record in the cross-examination in paragraph 16 of the testimony of the witness has also been proved through the concerned Investigating Officer PW-307. It was submitted that out of the four accused named by the witness, two have expired, while Tiwari has not been identified and the witness has identified only Sahejad Chhara accused No.26. It was submitted that the SIT has not recorded her statement and her only statement was recorded by the local police on 12.5.2002. It was submitted that in her statement dated 12.5.2002, there are no allegations implicating the accused and that for the first time, they have been implicated before the court. Referring to the re-examination of the witness, it was submitted that the witness has never stated that the accused had attacked her in a chawl and therefore, in re-examination, this fact could not

have been brought on record as it was never the case of the witness in her examination-in-chief that there was an attack on the chawl. It was submitted that Sahejad Chhara's name is not there in the police statement of this witness and there is no such statement about any attack on her chawl, and therefore, there is nothing in her deposition which implicate any of the accused persons.

90.7 ANALYSIS: From the testimony of this witness, it emerges that after seeing the incidents on the road, she had taken her children and gone and sat in a godown, and upon the mob advancing, she had left the godown and gone to Jawannagar to the terrace of a society. In her examination-in-chief, the witness has stated that she had seen four accused, viz., **Guddu Chhara, Sahejad Chhara, Bhavanising Chhara** and **Tiwari** in the mob on the road, however, in her cross-examination, a contradiction has been brought out that she has not stated such facts in her statement dated 12.5.2002. The contradiction is proved through the testimony of PW-307 Shri S.S. Chudasama the Investigating Officer (SIT), which reveals that the witness had in fact not stated that she had seen the above named accused in the mob on the road. The prosecution has re-examined the witness to explain the contradiction wherein it has been brought out that in her police statement, she had stated that out of the persons in the mob who had attacked their chawl, she had seen and identified the above four accused.

90.8 Therefore, though the witness had named the accused in her police statement, the place, time and role attributed to the said accused was different. Therefore, since

the witness has not deposed regarding the accused having attacked her chawl in her testimony before the court, the explanation brought out in the re-examination would be of no avail to the prosecution.

91. **PW-85 Yunusbhai Mohammadbhai Shaikh** has been examined at Exhibit-551. The witness has deposed that he was born in the Naroda Patiya area and is working as an electrician. In the year 2002, he was residing at the same address at Hussainnagar with his wife Rukhsanabanu alias Mahebubbibi, his father Mohammad Millatali and his children, namely, his son Wasim and daughters Asmabanu and Nasreen. His native is Tirvalli, Taluka Haveli, Karnataka. His mother Mumtazbanu was residing with his brother. His father sometimes used to stay with him and sometimes used to stay with his brother. His brother's name is Harun, who is residing at *Hukamsing-ni-Chali, Naroda Patiya*.

91.1 The witness has deposed that the incident took place on 28.2.2002. Since there was a call for bandh on that day, he was at home. On that day, his daughter was ill and there were riots near his house, he had gone out to bring medicines for his daughter Asmabanu. When he had gone out to bring the medicines at 7:30 to 8:00 in the morning, there was nothing. After taking the medicines, he returned home and thereafter, they were at home.

91.2 In the morning, there were riots and hence, they had gone to the rear side of the chawl and were sitting there. Thereafter, they went to the lanes of Gangotri, Gopinath Society and were all sitting there. There were many people. It

must have been around 11:30 at that time. The left their home at 11:30 and wherever they went, there was a lot of commotion on all sides and stone pelting was going on. He took his daughter in his lap and sat there. At that time, his family members, viz., his father, mother, his wife and children, all of them were at that place along with others. There was a lot of commotion there and all the people got up and started running. In this chaos, all of them got separated. His daughter Asma, who was in his lap, remained with him and rest of them, got separated. From this place, he also ran and climbed on the terrace of a house in Gangotri Society, where he found his wife and son. On the terrace, he did not find any other members of his family. In this incident, his daughter Asma sustained stone injury on her head and she was bleeding. Out of fear, they sat on the terrace itself. When it became dark at night, the police came to fetch them. When they came to the road, he found his father, however, his mother was not found. They were taken to the Shah Alam relief camp in a vehicle. For a period of eight days in the relief camp, he did not know anything about his mother. After about eight days thereafter, he received a message that his sister Farzanabanu had sustained burn injuries and was admitted in the Civil Hospital, and hence, he went to Civil Hospital to inquire about her. In the hospital, his sister told him that his mother Mumtazbanu, his brother's son Akram, his niece by the name Farhana, all of them died in the incident at Gopinath Gangotri Society. His sister told him not to look for them anymore. His sister did not tell him as to how they had died. However, she told him that they had died on the spot. The witness has further deposed that his entire house was burnt and he had sustained damages of Rs.1,75,000/-. The witness has not named any accused.

91.3 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that his sister Farzana used to reside in Imambibi-ni-Chali and his brother Harun used to reside in Hukamsing-ni Chali. The witness has admitted that on the day of the incident, he did not have occasion to meet his sister Farzana or brother Harun and has voluntarily stated that on the previous day, they were together. The witness has admitted that the parapets on the terrace of the houses of Gangotri Society in some cases are two and a half feet and in some cases three feet high. The witness has admitted that when he hid on the terrace at Gangotri, it was dark. The witness has further admitted that with a view to see that the mob cannot see them, all the Muslim brothers on the terrace were sitting and they were sitting in such a manner, that the mob could not see them. The witness has stated that approximately three hours may have passed between the time they went on the terrace of Gangotri society and the time when the police came. The witness has admitted that he met his brother Harun at the camp, where he had given his complaint application Exhibit-553. The witness has denied that he had got the application Exhibit-553 made through the people in the camp and has stated that the police had come and were recording complaints, and hence, he had also gone to give the complaint application Exhibit-553. The witness has further admitted that the police were taking down details of whatever damage / loss they had sustained. The witness has admitted that thereafter, his statement came to be recorded at the camp on 15.5.2002. The witness is sought to be contradicted to the effect that he has not stated the facts stated in paragraph 5 of examination-in-chief in his complaint

Exhibit-553 as well as statement dated 15.5.2002. The witness is further sought to be contradicted to the effect that he had not stated that he had gone with his daughter Asma on his lap to Gangotri in his statement dated 15.5.2002 and that on the terrace of Gangotri, he had met his wife and son. [It may be noted that the witness has denied all the aforesaid suggestions put to him, however, the court below every paragraph has made a note that such facts are not stated in the statement dated 15.5.2002 and the complaint.]

91.4 The witness is further sought to be contradicted to the effect that he has not stated the facts stated in paragraph 12 of his examination-in-chief to the effect that his sister had told him that his mother, sister-in-law, brother and niece all died in the incident of Gopinath Gangotri Society. The witness has admitted that he has not stated any details with regard to the names of the accused or the weapons used by them in his application Exhibit-553 and that in his statement dated 15.5.2002, he has not stated any specific facts connecting any accused with the incident. The witness has further admitted that in his statement dated 28.6.2008 made before the SIT also, he had not stated any facts connecting any accused with the offence and has further admitted that he did not know any person in the mob who participated in the incident. Certain questions are put to the witness with regard to his relations with his family members as well as with regard to Nazir Master and some other persons. The witness has admitted that on 28.2.2002, between 9:30 to 10:00, the mobs of Hindus had gathered and were pelting stones at their chawl and had attacked by setting them ablaze, due to which, he had taken his wife and children on the interior side of the chawl. The

witness has further admitted that he does not know any person in the mob and thereafter, they had gone to Gangotri Society and thereafter, the police came therein vehicles and took them to the Shah Alam camp.

91.5 In his cross-examination, it has further come out that his brother Harun had come in the morning to inquire about Asma's health and thereafter, he had met him in the relief camp. In his cross-examination, it has further come out that when the witness reached Gangotri Society, it was around 4 o'clock in the evening. The witness has admitted that till the time he went to Jawannagar, no incident of stone throwing or arson had taken place. The witness has voluntarily stated that there was a lot of commotion and has admitted that while he was going at Jawannagar, till then, he had not seen any person in Jawannagar Khada. The witness has admitted that where the terraces of Gangotri Society end, the wall of the S.R.P. Quarters is situated. In the cross-examination of the witness, it is further brought out that they had not gone to any house in Gangotri Society and had not hidden inside any house. The witness has voluntarily stated that they were hiding on the terrace and that they must have been sitting in the lane of the temple for approximately one and a half hours. He has further admitted that during that period, no incident had taken place at Gangotri Society or Gopinath Society and that at that time, he had not met his brother Harun in the temple lane or terrace of Gangotri Society.

91.6 To prove the omissions and contradictions in the testimony of the witness, the prosecution has examined the Investigating Officer/assignee officer who had recorded the

statement of the witness.

91.7 PW-282 Shri K. S. Desai, the assignee officer has admitted that he has not recorded the statement of this witness in connection with any complaint lodged before him. (It appears that this witness had given a ready-made complaint, Exhibit-553). The contents of paragraph 5 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that the witness has not stated such facts in the statement recorded by him. Considering the contents of paragraph 5 of the examination-in-chief, the same relate to what the witness had done early in the morning and have no direct connection with the incident in question and therefore, cannot be said to be a material omission so as to amount to a contradiction. The assignee officer has admitted that the witness has not stated that he had taken his daughter Asma in his lap on the terrace, but has stated that the witness had stated that he had taken his wife and children and gone and sat on the terrace of Gangotri Society. The assignee officer has further admitted that this witness had stated that he had found his wife and son, but has not stated that he had met them on the terrace and has further admitted that the witness had not stated that he was informed about the incident by his sister. The assignee officer has admitted that the witness had stated before him that they stayed on the terrace of Gangotri Society till late and has admitted that he had not stated that they were sitting on the terrace.

91.8 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has, in his cross-examination, admitted that he has recorded the statement of this witness on 28.6.2008. He

has admitted that this witness had stated before him that he is shown his printed form/ complaint application dated 6.3.2002 as well as the statement dated 15.3.2002 which are read over to him and that the facts stated therein are correct and true. In the opinion of this court, this part of his deposition is inadmissible in evidence inasmuch as the statement under section 161 of the Code has not been used to contradict the witness.

91.9 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness was residing at Lane No.6, Hussainnagar since 29 years prior to the incident. The witness is the brother of Farzanabanu, but he has not implicated anyone, nor has he seen anyone in the mob.

91.10 ANALYSIS: This witness has not named any accused in his deposition. He is the brother of Farzanabanu. From the testimony of the witness, it emerges that his mother Mumtazbanu, his brother's son Akram and his niece Farhana (Farzana's daughter) died in the incident. However, the witness has not seen the incident, but was informed about it by his sister Farzana. This witness, therefore, is not an eye-witness to the incident. Even otherwise, as he has not named any accused, his testimony does not in any manner assist the prosecution in proving the charge against the accused.

92. **PW-86 Raziyanu Yakubhai Shaikh** has been examined at Exhibit-554. The witness has deposed that in the year 2002, she was residing with her husband, her sons Mohammad Shafik, Mohammad Halim, Maiyuddin, Nasruddin and Mohammad Hussain, Sadekhabibi wife of Mohammad

Shafik and their son Mohammad Asif. Her husband and her son were doing tailoring work. One week prior to the incident, her son Mohammad Shafik, his wife and their son as well as her husband, all four had gone to their native village Rangampet, District Gulmarg, Karnataka. The incident took place on 28.2.2002. It was a Thursday. There was a call for bandh. On that day, all of them were at home. In the morning, at around 9:30, a lot of commotion could be heard from the side of the Noorani Masjid where stone pelting was going on. Thereafter, the riots increased, and hence, they took their children and went on the rear side. Their house was a tin house and being afraid, they went on the rear side of the side of the chawl leaving the house open. Upon the attacks increasing, they started going behind towards the S.R.P. Quarters. All her children were with her, out of them, two got separated, namely, Mohammad Halim and Maiyuddin. At the S.R.P. Quarters, they went to the house of a policeman who was a Muslim, and hence, he kept them in their house. They stayed there at night till 5 o'clock. In the morning, the police vehicles came, and took them to the relief camp. The witness has stated that she did not know anyone in the mob. Thus, this witness has not seen any part of the incident and hence, she has not been cross-examined by the prosecution.

92.1 This witness has not been cross examined.

92.2 **SUBMISSIONS:** The learned counsel for the appellants-accused submitted that probably this witness has been residing in Hukamsinh-ni-Chali since many years prior to the incident, yet she could not identify anyone in the mob.

92.3 ANALYSIS: Nothing turns upon the testimony of this witness inasmuch as she has neither implicated any accused nor has she stated anything which would support the prosecution case. Therefore, this witness has not even been cross-examined by the defence.

93. **PW-87 Tamizanbanu Taufikmiya Sumra** has been examined at Exhibit-555. The witness has deposed that in the year 2002, she was residing at *Imambibi-ni-Chali* with her husband and children. On 27.2.2002, a train was set on fire at Godhra, due to which, there was a call for Gujarat Bandh on 28.2.2002. At that time, she was at home with her family till 10 o'clock in the morning. On that day, they were at home. In the meanwhile, a huge mob came from the direction of Chharanagar. A huge mob also came from the direction of Krushnanagar. The members of the mob had weapons in their hands like sticks, dharias. She had seen the mob coming, and hence, she took her children and fled and went towards the S.R.P. Quarters. Thereafter, after two days, they went to Shahibaug camp. The witness has stated that she had seen the mob, but had not recognized anyone.

93.1 CROSS-EXAMINATION: The witness has not been cross-examined by the defence.

93.2 SUBMISSIONS: The learned counsel for the appellants-accused submitted that probably this witness has been residing in Hukamsinh-ni Chali since many years prior to the incident, yet she could not identify anyone in the mob.

93.3 ANALYSIS: From the evidence of this witness it is

apparent that she has not been able to identify any one in the mob. Nothing much turns upon the testimony of this witness, and hence, the defence has not even thought it fit to cross-examine her.

94. **PW-88 Jamilabanu Maheboobhussain Shaikh** has been examined at Exhibit-556. The witness has stated that in the year 2002, she was residing with her family at *Jawannagar*. Her family was comprised of her husband, her three sons and four daughters, viz., Ahemadali, Farzana, Salim, Sahin, Ashiyana and Afreen. The witness has further stated that she, her husband and two sons and daughters were engaged in making readymade clothes.

94.1 The incident took place on 28.2.2002, which was a Thursday. At that time, she was at home. There was a call for Gujarat Bandh and they all were at home. On that day, at around 10:00 to 10:30, they came to know that there were riots near the Noorani Masjid on the road outside. People were coming running inside the chawl, and hence, she came to know that there were riots outside. They took all their family members and went on the terrace.

94.2 Upon hearing that there were riots, her elder son had gone out of the house. He had sustained a bullet injury in the incident. They had climbed on the terrace at around 3 or 4 o'clock and she was there till 1 o'clock at night, whereafter the police vehicles came and they got down from the terrace and went to the Shah Alam camp.

94.3 The witness has further deposed with regard to the

damage caused to her house and the things looted therefrom. She has further stated that in the incident, her son Ahemad Badshah had gone out and had sustained a bullet injury. Thereafter, other persons with him got burnt during the incident, wherein her son also sustained burns on his body and thereafter, came home and sat down. Her son was given treatment at the V.S. Hospital, where he was admitted for ten months. She has stated that she could not identify anyone in the mob which had come.

94.4 CROSS EXAMINATION: In the cross-examination of this witness, she has denied that Muslims were also responding by pelting stones in the incident and has voluntarily stated that the Muslims were running hither thither. Someone went behind the chawls and someone climbed on the terrace to escape. The witness has admitted that a few people out of whom, twenty to twenty five people belonging to their chawl, had pelted stones. The witness has denied that at that time her son Ahmad had gone towards the Noorani Masjid and has admitted that she had not seen the incident of he being injured by a bullet. The witness has admitted that Ahmad after returning home had informed her as to how he had sustained the bullet injury and how he got burnt. Certain questions have been put to the witness with regard to the manner in which Ahmad sustained burn injuries.

94.5 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness has not identified anyone, nor does she implicate anybody. Moreover, the witness has also not witnessed the incident in which her son had sustained bullet injury and burns. Her son Ahemad

Badshah (PW 154) was residing in that area since twenty years prior to the incident, but has not implicated anyone though he had seen the mob and had sustained bullet injury.

94.6 ANALYSIS: This witness has not implicated any accused and merely refers to the rioting on the road near the Noorani Masjid at around 10:00 to 10:30 in the morning. She has further stated that her son had sustained bullet and burn injuries in the incident, but has not stated that she has witnessed such incident. Nothing stated by this witness is, therefore, of much assistance either to the prosecution or the defence.

95. **PW-89 Abdulrasid Abdulkarim Shaikh** has been examined at Exhibit-557. The witness has stated that he was residing at *Hussainnagar, Lane No.1, Naroda Patiya*, since the last forty years and was serving in the S.T. Workshop since the last seventeen years. Over and above his service, he was doing the work of T. V. Channel. His family is comprised of his wife, four daughters and a son. The incident took place on 28.2.2002. On that day, he had gone to his office in the S.T. Workshop nearby. He had started work. Between 9:30 to 10:00 in the morning, there was a lot of commotion and disturbances on the road outside the gate of the S.T. Workshop. Hence, all the workers came out. He also came out and saw that on the outside, there were huge mobs of Hindus and an attack on the masjid was going on. Their officer came out and immediately sent all the workers inside. Thereafter, the riots escalated and the danger increased. Since he belonged to the minority community, his colleagues hid him in the house of one Vijaybhai. The atmosphere inside the S.T. Workshop was

similar to that of outside and the people inside were also shouting slogans of “Jay Shri Ram”.

95.1 For the entire day, he was at Vijaybhai’s house till 3:30 to 4:00 on the next day. As per the information given by his family, they had sent the police to fetch him. The vehicle was sent with S.R.P. police wherein he had gone to the S.R.P. Quarters, where he met his family. The witness has deposed that in the incident, his house was damaged and looted. He had sustained loss of Rs.2,57,000/-. The witness has stated that he had not seen anyone on the day of the incident.

95.2 CROSS EXAMINATION: This witness has denied that in his statement dated 23.5.2002, he has not stated the fact regarding the atmosphere in the S.T. Workshop being the same as outside and that inside also slogans of “Jai Shri Ram” were being chanted.

95.3 The witness has admitted that the S.T. Workshop wall is very high and there is a barbed wire on top. The witness has stated that he does not know whether any stones and burning rags were thrown from the S.T. Workshop. He has denied that all the Hindus in the S.T. Workshop had protected him. The witness has voluntarily stated that his friends from his Department had protected him. The witness has admitted that till his statement dated 23.5.2002 came to be recorded, he had not stated these facts to anyone. The witness has admitted that there are about 90 employees belonging to the minority community in the S.T. Workshop and has voluntarily stated that on that day, as there was a call for Gujarat Bandh, the employees from Ahmedabad city and villages had not

come for their job.

95.4 PW-300 Shri N.S. Malek, the assignee officer, in his cross-examination, has admitted that he has recorded the statement of this witness on 23.5.2002. The assignee officer has admitted that this witness in the statement recorded by him had not stated that the atmosphere inside the S.T. Workshop was the same as outside and slogans of "Jai Shri Ram" were being chanted inside also. The assignee officer has admitted that this witness had not stated any such fact from which the names of any accused had been revealed. The assignee officer has voluntarily stated that in his statement, the witness has stated that he had happened to hear that Suresh Langdo, Harshad Mungdo, Guddu Chharo and Manu Harijan and others were amongst the people who had taken away his property. The assignee officer has admitted that this witness has stated before him that he does not know as to who had taken away the goods and who has set the house on fire. [It appears that such questions have not been put to the witness].

95.5 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness is a resident of Hussainnagar since more than thirty two years prior to the incident, yet he has not implicated anyone. Moreover, there is nothing in his evidence.

95.6 ANALYSIS: All that emerges from the testimony of this witness is that there was commotion and rioting on the road outside S.T. Workshop at 9:30 to 10: 00 in the morning.

96. **PW-90 Gauriben Mohammadmashak Kureshi** has been examined at Exhibit-559. The witness has stated that she is also known as Jayedabibi Mohammadmashak Kureshi. Her native is *Village Shahpur, District Gulbarg, State Karnataka*. Since the last thirty eight years, she is residing at *Jawannagar, Naroda Patiya*.

96.1 The incident took place on 28th of the second or third month of the year 2002. Seven or eight months prior to the incident, her husband died of a heart attack. In the year 2002, her family was comprised of her sister-in-law, her children, her brother-in-law and their children. On the date of the incident, the fight had started at 10 o'clock in the morning. The Noorani Masjid was attacked. On that day, her son, brother-in-law, etc. came and told her that there were a lot of disturbances outside. She felt that everything would be over. But, the people were burning everything and had reached till Jawannagar when her brother-in-law told her that they should also go, and hence, her brother-in-law's children, her children, her sister-in-law and her brother-in-law, all left their house and went to Gangotri Society and sat there till 7 o'clock in the evening. At that time, people of Gangotri Society told them to go away because if the mob came, they would attack upon them too. Hence, they went away from there. When they came out, one mob came from the direction of the masjid and another mob came from the direction of Naroda. On seeing these mobs, they entered the lane of Gopinath Society; however, the members of the society closed the gate when they saw them entering the society. At that time, the people from the terrace were throwing oil, kerosene, diesel, etc. The members of the mob had kerosene with them. The witness has

stated that as far as she remembers, kerosene which had come to the rationing shop on 27.2.2002, was also obtained by the people in the mob. They prepared rags soaked in kerosene and also started inflicting blows with swords and throwing burning rags. On seeing the mob, she went out through a little opening which was there in the Gopinath Society when a person in the mob inflicted a blow with a pipe on her and with a sword on her hand. Thereafter, she told the mob that she was a Hindu and escaped from the mob. The witness has further deposed that kerosene rags were also thrown on the members of her family and they were being cut with swords and beaten with pipes. In all, six members of her family died in the incident on that day, namely, her son Hussain, her brother-in-law Salambhai Kureshi, her brother-in-law's daughter Reshma Salambhai, her brother-in-law's son Samir Salambhai, her brother-in-law's son Imran, daughter Meraj. In this incident, her sister-in-law Parveenbanu was severely burnt and was taken for treatment to the Vadilal Hospital. She had also gone to the Vadilal Hospital where she was treated for three months. The witness has stated that she had seen three persons in the mob, viz., **Jay Bhavani**, **Guddu Chhara** and **Dalpat Chhara**, who were the main persons involved in killing her family members. The witness has deposed that at present all these three persons have passed away. The witness has further deposed that the policemen were not letting her go inside the S.R.P. Quarters. She had beseeched them to let her young children go, however, they were not letting them go and told that there had orders from above. They had further told her that they had orders to kill them for 72 hours. From the Vadilal Hospital, she had gone to the Civil Hospital, where she was shown the dead bodies for the purpose of identifying her family

members. All the dead bodies were swollen. She had identified all the dead bodies of her six family members.

96.2 For a period of two months after the incident, she was under the impression that her son Abdulla had also died in the incident, and hence, she had identified seven dead bodies. The witness states that after two months, she found her son Abdulla and therefore, she had approached the Crime Branch, Gaekvad Haveli and informed the police about the same and that the police had commended her for her honesty. The police had also recorded her statement.

96.3 CROSS EXAMINATION: In her cross-examination, the witness has admitted that the mob was throwing stones on the houses in the chawl and burning them, and hence, they had fled to save their lives. The witness has denied that while fleeing, her family members had got separated. The witness has denied that till her statement dated 4.3.2002 was recorded, she had no information about her family members. The witness has denied that after she had gone from the spot, later on, she learnt that many persons were burnt. The witness has voluntarily stated that six members of her family were killed in front of her eyes, which she had seen. The witness has admitted that she had identified seven dead bodies of her family members and has voluntarily stated that six members of her family were killed in her presence and all the dead bodies were swollen and the faces had turned black and the dead bodies were not identifiable. Since one of her sons could not be found, she had thought that he too must have died, and hence, she had identified the seventh dead body.

96.4 The witness is sought to be contradicted with regard to the facts stated by her in her examination-in-chief to the effect that in statement before the police dated 4.3.2002, she had stated that her family had fled and had got separated from them and that despite searching for them, till date, she could not find them. The witness has voluntarily stated that the police had written down the facts which she had not stated and had not written down the facts as stated by her. In her cross-examination, the witness has stated that she does not specifically remember as to when the police has recorded her first statement and has voluntarily stated that she was under shock because so many persons from her family had died. The witness is sought to be contradicted with the contents of paragraph 6 of her examination-in-chief to the effect that in her statements dated 4.3.2002 and 17.5.2002, she had not stated that the fight started at 10 o'clock in the morning on the day of the incident when there was an attack on the Noorani Masjid. A similar contradiction is sought to be brought out qua the contents of paragraph 6 of her examination-in-chief to the effect that in the above police statements, she had not stated that her son, brother-in-law etc. came and told her that there were disturbances outside and she felt that everything would be over. Certain contradictions are sought to be brought out as regards the facts stated in paragraphs 6 and 7 of her examination-in-chief to the effect that she had not stated the same in her statement dated 4.3.2002. An omission in the nature of contradiction has been brought out to the effect that in her statements dated 4.3.2002 and 17.5.2002, the witness had not stated the facts stated in paragraphs 8 and 9 of her examination-in-chief. The witness has admitted that in her

statement dated 17.5.2002, she had stated that a mob of thousands of people with weapons had come, wherein her brother-in-law Abdul Salam Kureshi, his daughter Reshmabanu, Merajbanu, sons Samir and Imran and her son Husain, etc. were killed and burned. A suggestion is put to the witness to the effect that in her statement before the police, she had not stated that burning rags were also thrown on her family members and her family members were cut with swords and beaten with pipes and in this manner, six members of her family had died. A contradiction is brought out to the effect that in her statement dated 4.3.2002, the witness has not named Jay Bhavani, Guddu Chhara and Dalpat Chhara as being the main persons involved in killing her family members. It may be noted that this contradiction is limited to the statement dated 4.3.2002 and there is no such contradiction as to her statement dated 17.5.2002. A contradiction is sought to be brought out to the effect that the witness, in none of her three statements recorded by the police, had stated the facts stated by her in paragraph 15 of her examination-in-chief wherein she has stated that the police were not letting her go inside the S.R.P. Quarters and she had beseeched them to at least let her younger son go in, but they were not letting him go inside and were saying that there are orders from above and had also told them that they had orders that they had 72 hours for killing. The witness has admitted that at that time, there were no weapons in the hands of Jay Bhavani, Guddu Chhara and Dalpat Chhara. She has voluntarily stated that these three persons were leading the mob and were the main persons in the mob. She has stated that she cannot specifically say as to whether Dalpat Chhara was in the Krushnanagar mob and has voluntarily stated that mobs had gathered from all

sides and she can say with certainty that all three of them were there. She has stated that she cannot specifically say as to in which mob Jay Bhavani, Guddu Chhara and Dalpat Chhara had come and has specifically stated that two different mobs had come which had gathered at the corner of their chawl near Jaybhavani's house wherein all three were there.

96.5 The witness has denied that she was at Gangotri Society till 7 o'clock in the evening and has voluntarily stated that the burning started at 6:00 to 6:15 and it had become dark. The witness has denied that when she was at Gangotri Society the entire society was empty and all the people had gone away. She has voluntarily stated that the women had gone but the men were present.

96.6 The witness has admitted that she is also known as Gauri Apa in the Jawannagar area. She has voluntarily stated that she is also known as Jayedabibi and resides in the fourth lane of Jawannagar.

96.7 Several statements of this witness have been recorded by the police, and the concerned Investigating Officer or assignee officer of the concerned Investigating Officer have been cross-examined by the defence to prove the omissions and contradictions in the testimony of the witness qua the statements recorded by them.

96.8 PW-282 Shri K. S. Desai, the assignee officer has admitted that he has recorded the statement of this witness on 17.5.2002. The assignee officer has admitted that this witness had not stated before him that on the day of the incident, the

fight started at 10 o'clock in the morning and at that time, there was an attack on the Noorani Masjid. He has further admitted that the witness had not stated before him that there were a lot of disturbances outside and she felt that now everything would be over and that her brother-in-law said that they should go away.

96.9 The contents of paragraphs 8 and 9 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. The assignee officer has admitted that this witness has not stated before him that kerosene soaked rags were also thrown on the people of their family and they had started cutting her family members with swords and were assaulting them with pipes and in this manner, six members of her family had died.

96.10 The contents of paragraphs 15 and 17 of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness had stated the facts regarding the S.R.P. people not permitting them to enter despite their requesting them to do so, by saying that there were orders from above and that for two months, after the incident, she was under the impression that her son Abdulla had also died in the incident and therefore, she had also identified Abdulla's dead body among the seven dead bodies identified by her. However, upon her son being found, she had informed the police. The assignee officer has admitted that such facts have not been stated by the witness in the statement recorded by him.

96.11 PW-296 Shri J. V. Surela, the assignee officer, in his cross-examination has admitted that he has recorded the statement of this witness on 4.3.2002. The assignee officer has admitted that this witness in her statement dated 4.3.2002 had stated that on 28.2.2002 there was a call for Gujarat Bandh. In the meanwhile, at around 11 o'clock a huge mob of people came from the direction of Saijpur Patiya and started pelting stones, damaging houses and torturing them. Out of them people of her family also fled and got separated from them and upon trying to search them out, till date, they cannot be found and it has been learnt that on that day, the riotous mob had burnt many people. The assignee officer has admitted that this witness has not stated before him that on the day of the incident at around 10 o'clock, the fight was going on at that time the Noorani Masjid was attacked. There were severe riots outside and she felt that everything would be over. Her brother-in-law told her that they should go away from there. Therefore, her brother-in-law's children, her children, her sister-in-law and her brother-in-law and all of them left their house and set off. All of them went and sat at Gangotri Society. They sat there till 7 o'clock in the evening. At that time, the people at Gangotri Society told them to go away from there; otherwise the mob would come and also kill them. Hence, they had gone away from there. The assignee officer has admitted that this witness has not stated before him that when they came out, one mob came from the direction of the masjid and another mob came from the direction of Naroda.

96.12 The contents of paragraphs 8 and 9 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that the witness has not

stated such facts before him. He has admitted that the witness has not stated before him that kerosene rags were also thrown on her family members and her family members were cut with swords. The assignee officer has admitted that this witness has not named any accused before him.

96.13 The contents of paragraph 15 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that the witness has not stated such facts in the statement recorded by him. The contents of paragraph 17 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that except for the fact that the witness has identified seven dead bodies, the rest of the facts have not been stated by her in the statement recorded by him.

96.14 PW-307 S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 19.5.2002. The contents of paragraph 15 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that such facts have not been stated by the witness before him. The contents of paragraph 17 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that the witness has not stated all the facts stated by her in her statement dated 19.5.2002 recorded by him and has clarified that the witness had stated that Abdulla was with her and he is alive and he had not sustained any injury. Other than that, the facts stated therein have not been stated by her before him.

96.15 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has given altogether a different story before the court than that given in the police statement. There are serious contradictions, omissions and discrepancies in her deposition before the court and the police statements. It transpires that she has not seen any incident as claimed by her in the evidence. Her evidence cannot be relied upon in such serious offences. It was submitted that this witness has been residing at Jawannagar since 30 years prior to the incident. Her sister-in-law Parveenbanu Salambhai Qureshi has been examined as PW-152. It was submitted that this witness has named three accused, namely, Bhavani, Guddu and Dalpat, all of whom are dead. It was submitted that the entire incident which she has narrated that when she went to the scene of incident there were two mobs and they were caught in between and her family members were killed, is not stated in her police statement. It was submitted that the fact regarding the incident of family members being killed in her presence, has not come on record during the course of investigation.

96.16 It was submitted that there are serious contradictions, omissions and discrepancies in her deposition before the court and in her police statements, and it therefore, transpires that she has not seen any incident as claimed by her in her evidence. Her evidence therefore, cannot be relied upon in a case where such a serious offence is alleged against the accused.

96.17 ANALYSIS: From the testimony of this witness, it emerges that on the day of the incident, the mob reached

Jawannagar while committing arson. The witness and her family members namely, her brother-in-law's children, her children, her sister-in-law and brother-in-law, all left their houses and went to a terrace of Gangotri Society where they stayed till around 7 o'clock in the evening. At that time, the residents of Gangotri asked them to go away as otherwise the mob would come and would also assault them.

96.18 In the cross-examination of the witness, various contradictions have been brought out as to her police statements dated 4.3.2002 and 17.5.2002. Considering her evidence other than that in respect of which omissions and contradictions have been proved, it emerges that on the day of the incident, after they left Gangotri Society as referred to hereinabove, the witness's son Hasan, her brother-in-law Salambhai Kureshi, her brother-in-law's daughter Reshma Salambhai, brother-in-law's son Samir Salambhai, her brother-in-law's son Imran, daughter Miraj, have died in the incident. In the incident, her sister-in-law Parveenbanu was severely burnt and was admitted to the Vadilal Hospital for treatment. In the mob, the witness had seen three accused, namely, **Jaybhavani, Guddu Chhara** and **Dalpat Chhara**, who were the main persons in killing her family members. Insofar as naming of the three accused are concerned, there is an omission as to her statement dated 4.3.2002, however, the witness has named all three in her statement dated 17.5.2002. In any case, the three accused named by her, died before the deposition of the witness was recorded. Therefore, through the testimony of this witness, none of the present accused have been implicated. In paragraph 39 of her cross-examination, the witness has admitted that the three named accused did not

have any weapons in their hands and has voluntarily stated that all three were leading the mob and were the main persons in the mob.

96.19 Since the witness has named the three accused, none of whom are alive, nothing much turns upon the testimony of this witness, except to the extent noted hereinabove.

97. **PW-91 Mansuri Salim Yusufbhai** has been examined at Exhibit-564. This witness has stated that he has been residing at *Pandit-ni-Chali, Naroda Patiya* since his birth. His father had passed away. His mother Aminabanu, he himself, his two brothers, and their wives and their children, all are residing together. He was married to Hajrabanu and earlier, he used to work as salesman with Ganesh Medical Agency.

97.1 The incident took place on 28.2.2002. On that day, there was a call for Gujarat Bandh. He was at home on that day and was sleeping on the terrace of his house. In the morning between 9:00 to 9:15, sounds of mobs belonging to the Hindu community were coming from the road side. He woke up on account of the commotion and from the terrace; he saw that mobs were facing each other on the road, one from the side of Krushnanagar and another from the side of Natraj Hotel. The mobs were violent and the members of the mobs had tied saffron bands and were wearing khakhi shorts.

97.2 After waking up, he was watching everything from the terrace, when stone pelting started from the terrace of Jayveer Complex situated near his house and in the stone

pelting, he was injured with a stone on the right side of his forehead, whereupon he came down from the terrace. When he came down, he found that the people were running helter skelter in the chawl. The police had resorted to firing near the Noorani Masjid and had released tear gas shells. The mob was setting the Noorani Masjid on fire; hence, there was a stampede in their chawl. They also left their house open and went towards Jawannagar-ni-Chali.

97.3 From Jawannagar-ni-Chali, they went towards the S.R.P. Quarters, where they were not permitted to sit. In the evening at 5 o'clock, he along with his family, climbed on the terrace of Gangotri Society, where there were other people of their community. From the terrace, they saw that their chawl was set ablaze and the smoke rising high therefrom. Thereafter, they remained on the terrace of Gangotri Society. At night, after the situation had calmed down, the police came and took them to the relief camp at around 3 o'clock. The witness has deposed that in the incident, he had sustained stone injury on his forehead, whereas none of his other family members had sustained any injury or loss of life. The witness is not in a position to say as to who were the persons in the mob and cannot identify anyone.

97.4 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that in place of Mahavir Hall Complex, which he has referred to in his evidence, now there is Rudraksh Hospital. Pandit-ni-Chali and Rudraksh Hospital are situated next to each other and that Pandit-ni-Chali faces the Noorani Masjid. The witness has stated that his house is situated in Pandit-ni-Chali, opposite the Noorani Masjid. The

first chawl on the main road is Pandit-ni-Chali and that adjoining Pandit-ni-Chali is Imambibi-ni-Chali.

97.5 The witness has stated that he does not know whether the police were firing and releasing tear gas at those who were rioting. He has admitted that he has not seen any incident on the road with his own eyes.

97.6 PW-279 Shri B. J. Sadavrati, the assignee officer has admitted that he had recorded the statement of this witness on 15.5.2002. He has also admitted that this witness had not named any accused in the statement recorded by him. It may be noted that despite the fact that the witness has not named any accused in his examination-in-chief, the defence has sought to put such a question to the assignee officer, which reveals the nature of cross-examination which has been conducted in the matter.

97.7 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness has been residing at Pandit-ni Chali ever since his birth, viz. 23 years prior to the incident. It was submitted that despite this position the witness has not named any accused. It was pointed out that according to this witness he had sustained an injury on his forehead due to stone pelting, but no medical certificate has been brought on record to corroborate his statement. It was submitted that nothing has come out of the evidence of this witness so as to support the case of the prosecution against the accused.

97.8 ANALYSIS: All that emerges from the testimony of

this witness is that mobs came from both sides of the highway and resorted to rioting and set the Noorani Masjid ablaze. The police had resorted to firing and lobbing tear gas shells. They tried to take shelter at the S.R.P. Quarters but were turned away. The witness has not named any accused nor has seen the main incident. Nothing much really turns upon the testimony of this witness.

98. **PW-92 Abdulhak Abdulrahim Luhari** has been examined at Exhibit-565. This witness has stated that at the relevant time, he was residing in *Lane No.12, Jawannagar*, which is also known as Jawaharnagar. He was residing there since fifteen to twenty years prior to the incident. At that time, he was engaged in tailoring work and did not have any children. He was bringing up his brother-in-law Riyazbhai's daughter by the name Afsanabegum as he did not have any of his children.

98.1 The incident took place on 28.2.2002. On that day, there was a call for bandh. He was at home with his wife. At that time he had not gone out but was near his house with his wife. The riots started at around 9 o'clock on that day. Since the mobs were coming inside the chawl, he and his wife went towards the interior of the chawls. Since the mobs were coming, they were afraid and with a view to save their lives, they had gone out.

98.2 The mob which he had seen on that day was comprised of around fifteen thousand people. However, he does not know who was in the mob. But upon seeing the mob, he and his wife were terrified. There was danger to their lives

from such mobs. In the meanwhile, at around 4 o'clock, they had gone outside the gate of the S.R.P. Quarters and were sitting in the open space near it. Other people were also sitting there, who suggested that they should go further to the society, where they would be protected. The people present there also suggested that they may flee to Naroda from the rear side. In the meanwhile, some people started going on the rear side towards Naroda, when the mob came from the opposite side, whereupon those people started coming back. In the meanwhile, the crowd swelled and in the melee, his wife got separated from him. To protect his life, he went to a terrace of Gangotri Society where other people were sitting. In the meanwhile, at around 11:30 to 12:00 at night, a police vehicle came and took them to the Shah Alam relief camp, where he learnt that his wife had been burnt alive. Thereafter, he had gone to the Civil Hospital to identify the dead body. However, the condition of the dead body was such that he could not identify it as the dead body was burnt and it had turned black. The witness has stated that he does not know any person in the mob.

98.3 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that Gopinath Society is situated behind Gangotri Society and there is open plot behind Gopinath Society. The witness has admitted that from the open ground where they had gone, one can go to Naroda village from one side and on the national highway from the other. The witness has admitted that there was a huge mob in the open ground comprised of about ten thousand people. The witness has further admitted that the mob was coming with weapons to attack the chawls from Gopinath Gangotri Society. The

witness has admitted that there were no known persons in the mob. He has further admitted that the mob which came from the side of Gangotri Gopinath Society had started killing all the Muslims who came in their hands on the road of Jawannagar, Gangotri Society and Gopinath Society and set some persons on fire. The witness has further admitted that the mob had started advancing ahead in the chawls and started looting the chawls and killing people and burning them.

98.4 The contents of paragraph 15 of the testimony of this witness are read over to the assignee officer, wherein he has stated that no member of his family was missing. The assignee officer, however, has stated that the witness has stated before him that his wife was burnt alive.

98.5 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness could not identify the dead body of his wife. He was residing in Jawannnagar since twenty years prior to the incident, but though he had seen the mob, he could not identify anyone. It was submitted that the witness has lost his wife, but does not implicate any accused including the local residents. It was pointed out that while some of the witnesses had deposed that tear gas shells were burst and they were compelled to leave the place, this witness has not stated any such thing. Moreover, this witness has stated that a mob had come from the canal side.

98.6 ANALYSIS: As is evident from the examination-in-chief of this witness, nothing has been stated by him which in any manner furthers the prosecution case. It is difficult to

understand as to why the prosecution has examined witnesses like him, when witnesses who have named accused persons have been dropped.

99. **PW-93 Jahedabanu Iqbalahemad Shaikh** has been examined at Exhibit-567. This witness has deposed that in the year 2002, she was residing at *Hussainnagar, Naroda Patiya* with her family. She is residing at Ahmedabad from her birth, but her native place is *Gulbarg, Karnataka*.

99.1 In the year 2002, her husband was doing tailoring work and continues to do the same till date. At the time of the incident, her family was comprised of her husband, her son and three daughters. Her son's name is Mohammad Asif and her daughters' names are Reshmabanu, Parveenbanu and Nilofer. Her daughter Reshmabanu is no longer alive. She had died in the incident.

99.2 The incident took place on 28.2.2002. On that day, there was a call for bandh. Her family members were all at home on that day and at around 9:30 in the morning, she had gone to the water tap to fetch water and her husband had gone on the road outside. The water had stopped. She came near the Noorani Masjid and saw that there was stone throwing by the mob. Upon such stone pelting having started, they went inside the lane and started going towards Jawannagar. They had also gone towards Gangotri Society; however, they were driven away from there. The people in the mob were armed with swords, sticks, etc. and had released tear gas. When she went to Gangotri Society, it must have been around 2 o'clock in the afternoon. From there also, they were driven out, and

hence, they went to the S.R.P. Quarters, where they were not permitted to enter. By that time, it was 6 o'clock in the evening and it was slightly dark. At that time, the mob was burning the houses and tyres and they had flee to save their lives. At that time, her daughter Reshmabanu got separated from her and they had gone and hidden in a room in Jawannagar, where they stayed till 12 o'clock at night, whereafter the police vehicle came and took them to the Shah Alam camp at around 12:30 at night. Her husband has also got separated from her during the incident and met her two days after the incident. Upon searching her daughter Reshmabanu, she could not be found. She has further stated that after three days, she came to know that she had been burnt in the incident. She was told this fact by Harun who was residing near them at Patiya and whose entire family had been burnt in the incident. Reshmabanu's dead body was not found and they received her burial receipt from Shahibaug Kabrastan. Her other daughter Parveenbanu was also injured with a stone on her back and she was given treatment at the camp. The witness has stated that she did not know any person who was involved in the incident. However, since other people were giving some names, she had also given the names of some persons; however, she does not know them. The witness has admitted her signature on her application and has admitted the contents thereof. The application has been exhibited as Exhibit-569.

99.3 CROSS EXAMINATION: This witness in her cross-examination has stated that she knows Harun and that his full name is Harun Mahammadbhai. He resides at Chetandas-ni-Chali and that she had a talk with him. In her cross-

examination it has further come out that she does not know any Hasanbhai and no one has talked with her about any incident regarding Hasanbhai.

99.4 In her cross-examination she has stated that she came to know that statements are to be recorded at Gandhinagar because everyone was going there and hence she also went there. She has admitted that the person who wrote the application Exhibit 569 had written it and brought it and upon his asking her to sign on the application, she had signed it.

99.5 She has admitted that when she went to the S.R.P. Quarters it was around 6 o'clock in the evening and at that time it had also become dark. She has admitted that the incident took place after it became dark.

99.6 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that this witness was residing at Hussainnagar since thirty two years prior to the date of the incident. Her daughter Reshmabanu has died in the incident. It was submitted that this witness is a very truthful witness. She has categorically stated in paragraph 10, that she gave names of some persons only because others were giving the names and that as a matter of fact, she has not seen any one, nor identified any one from the mob. It was submitted that the witness is residing in the area since many years, yet she has not implicated anyone in the offence, including the local residents. She has gone on road also but has not identified anyone in the morning mob also. She and her husband both have gone to the road but she has not named

any accused. She has stated regarding Harun having told her that her daughter Reshmabanu was set ablaze, but the witness does not implicate any accused. She has further admitted that the names of the accused were being discussed and that is why, she came to know their names.

99.7 ANALYSIS: From the testimony of this witness, it emerges that they had gone to the S.R.P. Quarters, but were not permitted to enter. At around 6:00 p.m., it was slightly dark and her daughter got separated from her and they had gone and hidden in a room in Jawannagar, where they stayed till night when the police arrived. Her daughter Reshmabanu was not found, and subsequently, the witness has learnt that she had been burnt in the incident. This fact was told to her by Haroon whose entire family had been burnt in the incident. This witness has not named any accused in her testimony and has frankly stated that in her statement before the police, she had given the names of accused as other people were giving some names. However, she did not know such persons.

100. **PW-94 Akbarsubhani Nazirahemad Munshi** has been examined at Exhibit-570. This witness has deposed that in the year 2002, he was residing at *Jawannagar, Naroda Patiya* with his family since the last twenty years. His family was comprised of his wife Abedabibi and son Arbaaz. His wife used to work in a thread factory.

100.1 The witness does not remember the month, but says that as far as he remembers, the incident took place on the 28th in the year 2001. On that day, there was a call for bandh. He had gone for his job at 8 o'clock, where he received

a phone-call at the factory informing him that they should shut the factory and go home. Hence, he closed the factory and returned home.

100.2 On that day, from the factory, he went straight to his mother's house, who was residing behind the Noorani Masjid, and from there, he went to Jawannagar where his wife and children were, that is, he went home.

100.3 During that time, at around 9:00 to 9:30 in the morning, there was commotion, and hence, he came out, and saw a mob of Hindu persons pelting stones at the masjid, due to which, he was worried and took his wife and children to the society behind their chawl. He had gone to Gangotri Society. They had stayed at Gangotri Society till 5:00 in the evening. From the terrace, he had seen the fire and the smoke coming out.

100.4 From the terrace he had seen the mob committing arson. He has also seen the mob killing. They stayed on the terrace till night, whereafter the police vehicle came at 1 o'clock. They went in that vehicle to the Shah Alam relief camp, where they stayed for six months.

100.5 The witness has deposed that in the mob which was committing arson and was killing people, he had seen Jay Bhavani and Tiwari – accused No.25. Other than that, he does not know anyone in the mob. The witness has further deposed regarding the extent of the loss sustained by him on account of his house being looted and burnt down. The witness has thereafter identified accused No.25 Tiwari correctly.

100.6 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that his first statement was recorded by the police at the Shah Alam camp on 13.5.2002, and prior thereto, he had not stated the facts as deposed by him in his examination-in-chief to anyone. The witness has admitted that he has identified accused No.25 Tiwari for the first time before the court and that he had no occasion to talk with Tiwari, nor did he had any occasion to go to his house, nor was he involved in any transaction or dealing with Tiwari or having any kind of relation with him. He has also admitted that he also did not have any relation with Jay Bhavani. The witness has voluntarily stated that since he was residing in the same area, he knew him. The witness has stated that Jay Bhavani was residing in Gangotri Society, whereas he was residing in Lane No.4, Jawannagar. The witness has admitted that where Jawannagar ends, there is a wall of the S.R.P. and on the other side, there is the wall of Gangotri Society. The witness has admitted that he has not stated the facts stated by him in paragraph 5 of his examination-in-chief in his statement dated 13.5.2002 made before the police. The witness is confronted with his statement dated 13.5.2002 to the effect that he had not stated the facts stated by him in paragraph 6 of the examination-in-chief that in the morning at around 9:00 to 9:30 people were shouting and he came out and saw that the Hindu mob was pelting stones at the masjid. The witness has admitted that he has not stated the facts in this manner. The learned advocate for the defence has clarified that the contradiction is sought to be brought out only to the extent of use of the word "masjid" in the examination-in-chief.

100.7 The witness has admitted that on the day of the incident they had gone to the terrace of Gangotri Society. He has stated that they had left their house at 2:30 in the afternoon and thereafter they had gone to Gangotri Society where they stayed till night.

100.8 The witness has admitted that from the terrace where they had stayed, his house could not be seen. The witness has admitted that there are no houses with two storeys in Jawannagar and has admitted that on the terrace where they were, it became dark at around 6:00 to 6:30. The witness has admitted that nobody came on the terrace and asked them to go away.

100.9 The witness has also admitted that after 6:00 to 6:30, the mob came from the side of Uday Gas Agency road. The witness has denied that the persons in the mob had tied bands around their mouth, but has admitted that they had tied bands on their head.

100.10 The witness has further admitted that with a view to see that the mob does not see them, all those persons who were there on the terrace were sitting and hiding. He has admitted that the mob which he had seen was in the Jawannagar ground. The witness has also admitted that the mob which was coming was such that on account of the crowd they had to push to come forward. The mob was at a distance of around 200 to 300 feet from the terrace where he was. The witness has admitted that it was at that time that he first saw the people in the mob.

100.11 In his cross-examination, it has further come out that is not aware of what kind of clothes Jay Bhavani and Tiwari were wearing. The witness has stated that he cannot say whether five to twenty five people came and thereafter Jay Bhavani came. The witness has voluntarily stated that he has not seen them beating or hacking anyone in the mob. He had merely seen them present in the mob.

100.12 The witness has stated that it did not happen that firstly five to twenty five people came and Tiwari came thereafter. The witness has voluntarily stated that he had seen Jay Bhavani and Tiwari in the mob and he had not seen them killing or doing anything. He has also admitted that he had not seen them advancing forward.

100.13 SUBMISSIONS: The learned counsel for the appellants-accused submitted that police statement of this witness is recorded two and a half months after the incident. The witness admits that he has identified the accused for the first time before the trial court. It was argued that the witness has named accused No.25 only by his surname, viz., Tiwari and without any description, therefore, there is nothing to show that it is accused No.25, who has been named by this witness. It was further submitted that no overt act has been attributed to this accused, nor anyone has sustained any injury. It was submitted that the witness could not have seen the named accused as he was sitting and hiding on the terrace of a house in Gangotri Society. It was submitted that considering the fact that there is a parapet wall on every terrace of Gangotri, it is highly improbable that the witness could have seen the incident and even if it is believed that he has seen them then

also considering the fact that at that time darkness had set in, it was not possible for him to see them. It was pointed out that no test identification parade had been carried out to identify the accused and the witness has identified accused No.25 for first time in the court after more than eight years.

100.14 ANALYSIS: This witness has deposed that he had gone to Gangotri Society with his family where they stayed till night. The witness has stated that from the terrace of Gangotri, he had seen the mob committing arson and killing people and in the said mob, he had seen **Jaybhavani** (deceased) and **Tiwari** (A-25). From the cross-examination of the witness, it has been elicited that while he had seen Jaybhavani and Tiwari in the mob, but he has not seen them committing any overt act or coming forward with the mob. Insofar as the names of the accused are concerned, the witness has named them in paragraph 9 of his examination-in-chief, however, this part of his testimony has not been dislodged in the cross-examination of this witness and no contradiction has been brought out in that regard. Therefore, to the extent the witness has named the accused; he is consistent in his statement before the police as well as in his deposition before the court.

100.15 On behalf of the appellants, it has been contended that the witness has named the accused only by his surname, namely, Tiwari, without any description and hence, there is nothing to show that it is accused No.25 who has been named by this witness. From the overall evidence which has come on record, the accused No.25 Tiwari appears to be well-known in the area by his surname Tiwari. Though no overt act has been attributed to him, the witness is consistent right from the

beginning about his presence in the mob which was assaulting and committing arson. From the cross-examination of the witness, no contradiction has been brought out insofar as this part of his evidence is concerned. Therefore, there is no reason to disbelieve the witness so far as the presence of the accused No.25 Tiwari in the mob is concerned.

100.16 Through the testimony of this witness the prosecution has proved the presence of accused No.25 Tiwari in the mob in the evening, without any overt act being attributed to him.

101. PW-104 Mohammadsalim Mohammadhussain Shaikh has been examined at Exhibit-668. This witness has deposed that he is residing in *Lane No.7, Hussainnagar* and in the year 2002 also, he was residing there. His family is comprised of his wife, elder daughter Kamrunisha, thereafter his daughter Sayrabanu, son Rahemuddin, daughter Ashiyabanu and son Moinuddin. His son Moinuddin was not born in the year 2002. His native place is *Taluka Shahpur, District Gulbarga, State Karnataka*.

101.1 The incident took place on 28.2.2002. On that day, there was a call for bandh. He was at home in the morning. The bandh was declared by the Vishwa Hindu Parishad. Since several such bandh calls are not successful, he set off for his work in his auto rickshaw at around 8:30 to 9:00 in the morning. When he came out on the main road and reached Milan Hotel, which is near the Noorani Masjid, he saw that there was a total bandh on all four sides. Milan Hotel was partly open and was in the process of closing down. While he

was drinking tea, he saw the police going around their area with one Asifkhan and checking inside the masjid and nearby shops. While they were checking, a mob of around 1500 people came from the side of Kubernagar. The mob was being led by **Kishan Korani** accused No.20, **Manoj Videowala** accused No.42 and **Murli Sindhi** accused No.2. The mob was slowly advancing towards their area. On seeing this, he started his rickshaw and took a turn towards his home. While he was going home, the mob was at a distance of around thirty feet from him. While going, he saw that the mob was armed with weapons wherein Kishan Korani had a sword, Murli Sindhi and Manoj Videowala had revolvers. Thereafter, he went and informed his brother Sattarbhai (PW-201), who resides on the upper floor of the house, that a mob has come outside with weapons, hence, he should take his family and go towards the S.R.P. police line. After telling this to his brother, he went out to see as to what was happening. On coming out to the corner of the chawl, he saw that the mob which he had seen was at a distance of around forty feet from him and was shouting "Jay Shri Ram" and was attacking their area. They were pelting stones and were setting the houses and *lari gallas* near the masjid on fire. At that time, it was around 9:00 to 9:30 in the morning. At that time, an empty army truck passed from there and the people in the mob who were engaged in the acts which he had stated, ran towards Natraj Hotel. Thereafter, a police jeep came, which halted at the S.T. Workshop gate. Behind this jeep, **Kishan Korani**, **Manoj Videowala** and **Murli Sindhi** came. After a little while, a white Maruti franti car came there. He saw that MLA **Mayaben Kodnani** was there in the car, whereafter she spoke to Kishan, Murli, Manoj and the police. While speaking, Mayaben's tone was

aggressive. She was gesturing towards their area and was saying something. All these people, that is, Mayaben, Kishan, Murli, Manoj and the policemen gestured with their hands to the mob which had run away towards Natraj Hotel and called it back. Mayaben discussed something with the mob in an aggressive tone. Thereafter, she sat in the very car in which she had come, and left.

101.2 This mob from the side of Natraj aggressively attacked their area. The mob which was comprised of Hindus, resorted to pelting stones and firing, and at the same time, the police had also resorted to firing. At this time, it must have been approximately 9:30 to 10:00. He had seen that Manoj Videowala had resorted to private firing due to which, Abid, a rickshaw driver, was hurt by a bullet on his private parts. At this time, he had seen Murli Sindhi also resorting to private firing due to which, Mustaq Razakbhai Kaladiya had sustained a bullet injury on his shoulder. At that time, other persons were also injured. All of them were frightened, due to which, they had gone on the interior side of the chawl. Thereafter, he sent his family together with his brother to the S.R.P. police lines and he too had gone with them. When he went inside the police lines, the police had stopped him. But he told them that he was residing in the police lines and saying this, he also went inside. At this time, it must have been 10:30 to 11:00. After going inside the police lines, he looked around for his family, but he could not find it, hence, he went to the house of Pratapbhai Kharadi who was residing in the police lines. His friend told him that he himself was going to search for his family and went towards Gangotri Society in search of his family. His friend had made him sit at his home and at that

time, he had seen that around one hundred fifty people of their area were sitting in the open ground of the S.R.P. camp. His friend could not find his family and he stayed at the house of his friend Shri Kharadi for the entire day. His friend Shri Kharadi returned home at around 8:30 in the night and informed him that many persons of their area had been burnt alive at the corner of Gangotri Society and that he could not find his family. He had searched for his family amongst the people who had escaped alive and had come to the S.R.P. Quarters but he could not find his family there also. He asked Shri Kharadi to make arrangements for sending all the survivors to a safe place and he (Shri Kharadi) had contacted the police officers residing in the S.R.P. and called for a police vehicle, which was a big van. The van took as many people as could be filled in and went, at which point of time, at Krushnanagar, people had pelted stones and had shouted kill, cut and broken the glass of the vehicle. The witness was not sitting in that vehicle; however, Faridabanu who was sitting inside, had informed him about it. Thereafter, he stayed at Pratapbhai's house till 3.3.2002. Later on, he went to Devjipura camp in the police headquarters jeep to look for his family, but could not find it. Thereafter, he went to the Shah Alam camp in a rickshaw, where he found his family, which was safe and sound. He along with his family had stayed at the Shah Alam camp for six months. In this incident, none of his family members had sustained any injury. However, his niece and her two children were burnt alive in the incident. His house had been looted in the incident and he had incurred a loss of about Rs.55,000/-.

101.3 The witness has further deposed that he had stated

the facts regarding the incident to the people at the camp and had also informed the Crime Branch, when the panchnama of his house was drawn and he had asked the Crime Branch to record his statement. He had stated the names of the accused whom he has named before the court to the Crime Branch, however, they had not recorded his statement and told him to go to the Naroda Police Station. Thereafter, he had contacted Shri G. L. Khunti of Naroda Police Station, who was the Police Inspector at that relevant time. He informed Shri Khunti about all the facts and Shri Khunti told him that the complaint would lie before the Crime Branch, and hence, his statement has to be recorded before the Crime Branch. In this manner, his faith in the Crime Branch as well as the Naroda Police Station was shaken. Thereafter, the Crime Branch had asked him details about his name, address and the damages sustained by him, whereafter the police had never contacted him. After six months, they returned to his house in their area and started to lead a normal life.

101.4 In the year 2008, he came to know through the newspapers as well as the media, that an SIT had been constituted, whereupon he made an application to the SIT. He gave his statement before the SIT, wherein he had stated the true facts of the incident. The SIT officers had come to him once again and recorded his statement regarding why he had not lodged any complaint in relation to the incident in the year 2002. He had told the SIT that the reason for not lodging the complaint at the relevant time was because his complaint was not being taken by the Crime Branch and the Naroda Police Station and since they were not recording his complaint when he named the above referred accused. The SIT has recorded

his statement in this regard. The witness has further stated that he can identify Mayaben, Kishan, Murli and Manoj Videowala and has identified Kishan Korani (Accused No.20), Murli Sindhi (Accused No.2), Manoj Videowala (Accused No.41) and Mayaben (Accused No.37). The witness has stated that over and above the aforesaid accused, he could also identify one other person in the mob whose name he does not know till date, but whom he knows by his face and has pointed out to accused No.58 – Santoshkumar Kothumal.

101.5 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that he had studied in Gujarati till the 6th Standard. The witness has admitted that before the SIT, he had given his opinion as to why the incident had occurred and has voluntarily stated that he has seen the incident himself. The witness has admitted a portion of his police statement as extracted in paragraph 32 and 33 of his testimony as regards the reason why he thought that the incident had taken place.

101.6 As discussed earlier, it is by now well settled and it is also clear on a plain reading of the provisions of section 162 of the Code that a statement recorded by the police under section 161 of the Code can be used only for the purpose of contradicting a witness and not for any other purpose. The portion of the police statement which is extracted in paragraphs 32 and 33 has not been referred to for the purpose of contradicting the witness, but for bringing on record the statement of the witness as recorded by the SIT, wherein the witness had given his opinion as to why the incident had taken place. Such part of the police statement is, therefore, not

admissible in the evidence and the trial court ought not to have permitted the same to be brought on record.

101.7 In the cross-examination of this witness, he has stated that as far as he remembers, in the context of an incident in Kashmir in the year 2001, the B.J.P. had given a call for bandh and all these three accused other than Mayaben, had burnt tyres in front of Natraj Hotel at Naroda Patiya and were trying to assault people who looked like Muslims and that he had seen the same while he was standing there with his rickshaw. The witness has admitted that the said incident took place in the year 2001, and has voluntarily stated that even in the incident of 2002, he had seen the three of them.

101.8 The witness has admitted that the facts regarding the incident of 2001 and naming the three accused had not been stated by him to anyone prior to the SIT recording his statement. In his cross-examination, the witness has stated that he knew Asif since last fifteen to twenty years. The witness has stated that after the incident, he had a talk with regard to the incident with Asif, during which there was also a talk about his going along with the police for checking the shops. The witness has denied that there is no such person called Asif and that he has created an imaginary person.

101.9 The witness has stated that he knows Abid since his childhood; however, he does not know exactly where he stays. The witness has further stated that he knows Mustaq Razak Kaladiya, but does not know where he stays, but knows that he resides in his area and knows him by his name. The witness has further stated that Mustaq Razak Kaladiya is not alive at

present, and that as per his information, he had died on account of the bullet injury. The witness has voluntarily stated that he had heard that he was in a coma for two years on account of bullet injury and died thereafter. He has stated that during these two years, he has never gone to inquire about the Mustaq's health. The witness has denied that he has not seen Abid sustaining a bullet injury and that Abid had died only due to burn injuries and there was no firing on him and that Mustaq had not sustained any injuries due to firing.

101.10 The witness is cross-examined as regards the topography of the area. The witness has admitted that Milan Hotel where he was drinking tea is situated adjoining the Noorani Masjid and has further admitted that while going from their chawl to the Noorani Masjid, when one crosses the road, there is a divider on the road and that due to this divider, for going from their chawl to the Noorani Masjid, one has to first take a turn towards Narol. The witness has been cross-examined as regards the time taken by him while he was drinking tea at Milan Hotel. The witness has admitted that there was a huge mob near Natraj Hotel. The witness has denied that there was a huge mob near Noorani Masjid. He has stated that he was watching the events while standing where the S.T. Workshop compound wall ends, where there is a police chowky at present. The witness has admitted that from this place, he could not see the mob on the road which goes towards Ahmedabad. The witness has stated that the number of people in the mob was approximately one thousand five hundred. The witness has denied that his statement was recorded on 11.6.2002.

101.11 The witness has stated that his statement was not recorded by the police on 11.6.2002 and has denied that in such statement, he had stated the facts as reproduced in paragraph 59 of his testimony. [It may be noted that despite the fact that the witness has denied having given such statement, and at this stage, the Investigating Officer has not yet been examined to establish the recording of such statement, the trial court in a note below has recorded that these sentences are there in the statement.]

101.12 The witness has admitted that it is true that about twenty to twenty five thousand people had come to their area and had set people ablaze. The witness has admitted that in his statement before the SIT, he has stated that after the incident, he had stayed at the relief camp for six months and that he had mentioned the fact regarding a mob of twenty five thousand people coming and burning people to the people at the relief camp. The witness has stated that he is not aware as to whether the workers had kept tables outside the relief camp and were sitting there. He has admitted that in the relief camp, announcements used to be made on the mike that the Crime Branch police have come and whoever wants to lodge a complaint, can do so.

101.13 The witness has admitted that he had made an application wherein both he and Nazirbhai Master, have signed. The witness has further stated that prior to his statement being recorded by the SIT at Gandhinagar, he had made an application for the purpose of recording his statement. He has admitted that he had written therein that the accused should be punished and has voluntarily stated that

it is only if the accused are punished that he would get justice. The witness has further admitted that in his application, he had stated that such statement should be recorded, whereby the accused are punished. The application is read over to the witness and is given Exhibit No.669. The witness has admitted that the application Exhibit-669 has been written by Nazirbhai Master and has further admitted that he did not have any talk with Nazirbhai Master as to why the details of the incident and the names of the accused were not written therein. The witness has voluntarily stated that the main object behind the application was that his statement should be recorded by the SIT. The witness is shown the application Mark 644/39 and he has identified his signature thereon. The witness has admitted that the names of the accused who have been identified as well as the names of the accused who have not been identified by him before the court, have not been stated in the application. He has stated that this is the second application made by him, which is given Exhibit No.670. The witness has voluntarily stated that this application was made by the people of their area jointly. As all of them were poor people and going to Gandhinagar was very expensive, they had made a request that the SIT should come to their area and record their statements.

101.14 The witness has admitted that during the six months when he stayed at the relief camp, there was no fear or threat. The witness has admitted that after he returned home from the camp till 2007, he was carrying on his business and at that time also, he did not receive any threats or was not under fear. The witness has further admitted that after returning from the relief camp, he has been able to roam about

in Ahmedabad city and do his business. The witness has voluntarily stated that after returning from the relief camp, initially there was fear; however, slowly they are now set. The witness has denied that after 2002, he has been able to do his business fully and has voluntarily stated that there were a few difficulties and that he has been able to do his business properly only after 2004. The witness has denied that he has not addressed any letter to the Police Department in connection with this incident and that during this period, he used to take passengers to many courts and that he has not made any application or complaint in connection with the incident before any court. The witness has voluntarily stated that as stated by him in his statement, the Crime Branch and the Naroda police has not recorded his statement and hence, no court would listen to him, and therefore, he had not made any application or complaint. In the cross-examination of this witness, it is brought out that several well known leaders had visited them at the camp and he has admitted that he had not talked about the incident or made any complaint to such people.

101.15 The witness has stated that after keeping his rickshaw at home, he was standing near the wall of the S.T. Workshop for two to three minutes. The witness has admitted that at that time, no incident had taken place at the Noorani Masjid and that he had not seen any private car near the Noorani Masjid and had also not seen the dead body of Ranjit being hacked and thrown near the Noorani Masjid. The witness has further stated that he has not seen any Muslim drive a Tata 407 near the crowd near the Noorani Masjid. The witness has admitted that in his statement dated 29.9.2008; he has

stated that “..... Upon asking me about the attack on the masjid, I have not seen any attack on the masjid.”

101.16 [At this stage, the learned Special Public Prosecutor had invited the attention of the court to the fact that the witness has not stated any such facts in his examination-in-chief. Such contradiction in the statement is sought to be brought out in relation to the facts brought out in the cross-examination, and hence, the same technically cannot be said to be a contradiction. In connection therewith, the court has recorded that at this stage, the testimony has been recorded; the submission made is mainly subject matter of appreciation of evidence, which can be taken into consideration as an issue at the time of evaluating the evidence and hence, such a submission is taken note of. In the opinion of this court, the approach adopted by the trial court is contrary to the settled legal position whereby, a statement recorded by the police cannot be used for any purpose except for contradicting a witness. It is further well settled that such contradiction has to be in relation to the primary statement of the witness and that through the process of cross-examination, the statement recorded by the police cannot be elicited. The trial court should, therefore, have disallowed the question as this is not a matter of appreciation of evidence but as regards whether or not such a question can be put in cross-examination in view of the bar contained in section 162 of the Code. These are questions which are to be answered by the trial court at the time of recording of the evidence and cannot be left to be decided at a later stage. The consequence of this approach adopted by the trial court is that voluminous inadmissible evidence has been permitted to be brought on record, thereby

burdening the record of the court. Upon reading the depositions of the witnesses, it appears that at some stage, the learned counsel for either side have raised objections against permitting inadmissible evidence from coming on record, which has been turned down by the trial court. After which the learned advocates have not persisted with the matter and have subsequently, actively participated in bringing such inadmissible evidence on record.]

101.17 The witness has voluntarily stated that when the officer of the SIT asked him about the attack on the masjid, he has understood as to whether he had seen the attack while standing in the Masjid, and hence, since there was no masjid nearby, he had given such a reply. In the cross-examination of the witness, it has come out that Abid was a rickshaw driver and was standing at a distance of 5 to 6 feet behind him towards the direction of the chawl. Mustaq Kaladiya was standing in front of him on the road. The witness has denied that Abid was not standing on the public road and has voluntarily stated that he was standing near him on the public road. He has denied that where Abid was standing, there were many people in front of and behind him and that there were many people standing in front of and behind Mustaq Kaladiya also. The witness has admitted that Abid and Mustaq were also among the fifty Muslims who were standing there. The witness has denied that they were pelting stones in defence. The witness has admitted that he has not seen any police and that at that time, there were no police at the Noorani Masjid and that at that time, he had not seen any police near Natraj Hotel.

101.18 In his cross-examination, the witness has stated

that at that time, from the direction of the S. T. Workshop gate, Manoj Videowala had fired towards the people of their area, when a police jeep was also standing there. At that time, the bullet came from the direction of the S.T. Workshop gate. The witness has admitted that firing was done by Manoj. He has further stated that Manoj was at a distance of about 40 feet from him. The witness has denied that there were other people around Manoj and that there were other people at that spot. The witness has stated that he has seen as to where Abid was injured with the bullet shot by Manoj. He has stated that when the bullet hit Abid, he fell down. He, however, cannot say as to whether Abid died on the spot. In the cross-examination of the witness, it has further come out that after Abid was injured by a bullet, he had not tried to give him any treatment. He had not seen as to whether while he was standing there, Abid's wife Ayeshabibi had come there or not. He has stated that after Abid fell down, four to five people picked him up and took him away, but he does not know the names of those people. In the cross-examination of the witness, it has come out that while he was standing there, he had seen the police firing and that the police had also resorted to firing. The witness has admitted that simultaneously with Manoj firing there was also firing by the police. The witness has denied that the police had resorted to firing at the mob which was rioting and was releasing tear gas shells. The witness has voluntarily stated that out of the mobs of Hindus and Muslims standing there, the police was only firing at the fifty Muslim people standing there. The witness has stated that he had seen the revolver in Manoj's hand, but he cannot state the length of the revolver. He had stated that he had seen the revolver in Manoj's hand for the first time at the gate of the S.T. Workshop. The witness

has stated that he does not know as to whether Manoj fired only one bullet and has voluntarily stated that after Abid was shot, he had moved his sight from Manoj because the atmosphere was very different. The witness has admitted that he had seen Manoj firing only to the extent of one bullet which had hit Abid and that he had not seen any more firing by Manoj. The witness has denied that he had not seen Manoj after Abid was injured with the bullet and has stated that he cannot say whether Manoj's revolver was a country-made tamancha or a 12 bore tamancha. The witness has admitted that he has not seen Abid sustaining any injury by a police bullet. The witness has further admitted that he has not seen Abid being injured in police firing.

101.19 In the cross-examination of the witness, it has further come out that the bullet which struck Mustaq Razak Kaladiya came from the same direction as the bullet which struck Abid. The witness has admitted that the bullet which hit Mustaq was not a police bullet. The witness has stated that Abid and Mustaq had sustained bullet injuries more or less at the same time. The witness has admitted that other than this, there was private as well as police firing and has admitted that after hearing the sounds of shooting and two persons falling, he had gone home.

101.20 The witness has stated that he cannot say as to what kind of fire arm Murli was wielding and has voluntarily stated that it was definitely a revolver. He has admitted that when Murli and Manoj resorted to firing, they were in the Hindu mob. The witness has denied that the mob was comprised of ten to fifteen thousand people and has voluntarily stated that

it must have been comprised of approximately fifteen hundred people. The witness has admitted that the Hindu mob was near the S.T. Workshop gate and has voluntarily stated that near the gate, there is an open ground where the mob was. The witness has stated that he knows exactly where the bullet hit Abid and Mustaq as he was standing near them. Mustaq had sustained a bullet injury on the left shoulder and Abid had sustained a bullet injury on the right side of his body on his private parts. The witness has admitted that the police had also resorted to firing at that spot. The witness has admitted that among the one thousand and five hundred people, there were people wearing khakhi shorts and undershirts and they also were armed with weapons. The witness has admitted that these people had also attacked their chawls on that day. The witness has denied that out of the five accused whom he had identified in the court, only two were in the mob. The witness has admitted that he had seen five persons in the mob of one thousand and five hundred during the time when he was standing there. The witness has stated that he had seen the accused even prior to the time he was standing at the S.T. Workshop.

101.21 The witness has admitted that he had seen three accused at the time when he was drinking tea at Milan Hotel. The witness has admitted that at that time, the mob was coming from the direction of Kubernagar and he had seen the mob from a distance of 300 feet. The witness has admitted that there were people wearing shorts and undershirts in the mob. In his cross-examination, the witness has admitted that while he was drinking tea at Milan Hotel, he had not seen which person had which weapon and has voluntarily stated

that thereafter, he took his rickshaw and was turning it at the divider when the mob was at a distance of thirty feet from him, at that time he had seen the weapons. The witness has admitted that when he saw this, his rickshaw was going with speed. He, however, has voluntarily stated that near the divider while he was taking the turn, the speed was very moderate.

101.22 The witness has admitted that prior to the incident, he never had any occasion to talk with the five accused whom he had identified before the court and there was no occasion to either sit with them or to visit their homes. The witness has stated that he had asked people the names of the accused and has voluntarily stated that in any case, he knew these people prior to 2002 and knew their names. The witness has stated that he had not seen the photographs of the accused and has also not seen their posters. He has stated that he has seen Mayaben in a T. V. programme and admitted that she is the MLA of that area. He knows the other accused by name as well as because they are B.J.P. workers.

101.23 In his cross-examination, it has further come out that out of the four accused, except for Mayaben, Kishan Korani and Manoj Videowala are BJP workers. The witness has admitted that Murli Sindhi's shop is situated next to Natraj Hotel. The witness has denied the suggestion that he has not seen any incident near the S.T. Workshop and that no such incident has taken place. The witness has denied that no incident of private firing has taken place and in such firing, no Muslim was injured. The witness has stated that he cannot say so with certainty as to whether anyone was injured in police

firing at that time.

101.24 The witness has admitted that on that day, at that time, Abid was not in a burnt condition at that spot. The witness has stated that he does not know from where Abid's dead body was found and has denied that Abid's death was not caused due to police or private firing and that he was falsely deposing before the court. The witness has stated that he does not know that Abid's dead body has been found near a tank near Gangotri Society and Gopinath Society. The witness has also denied that Mustaq's death has not been caused in police or private firing.

101.25 The witness is confronted with his statement dated 11.6.2002, but he has stated that no statement of his was recorded by the police. The witness has admitted that before the SIT, he had not given any explanation with regard to the facts stated in the statement dated 11.6.2002 and has voluntarily stated that when he had not given such statement and as the SIT had not inquired in that regard and had not asked him any facts with regard to such statement, he had not given any such explanation. In his cross-examination, it has come out that on that day, he had seen woman wearing a police dress near Noorani Masjid, but does not know her name.

101.26 In his cross-examination, this witness has admitted in his police statement that he has not given the physical description or any other description of the person whom he has identified as accused No.58. The witness has admitted that after sending his family, he had gone out to see what was happening. He has admitted that the second time when he

came out of his house, he had seen the mob towards Natraj Hotel and has admitted that he had seen the mob at around 9:30 in the morning. The witness has denied that Mayaben's car came half an hour thereafter. He has further denied that Mayaben had not come to the Naroda Patiya area and was busy with government work and that he is deposing falsely. The witness has admitted that he has not heard as to what Mayaben was talking with the police and the co-accused and has denied that subsequently, he came to know that Mayaben had instructed the police that since Hussainnagar, Jawannagar, etc. are within her electorate, they should ensure that they (the electorate) do not face any difficulty, despite which, after eight years, he is deposing falsely by implicating Mayaben. The witness has denied that subsequently he came to know that Mayaben with the gesture of her hand had told the police to look after her electorate, despite which, after such a long time, he was stating such wrong facts.

101.27 The witness has further stated that in his statement dated 29.5.2008, he has not stated that the Naroda Police Station and the Crime Branch people were not recording the names of Mayaben and other accused and has voluntarily stated that when Shri Raghuram and Smt. Geetha Johri came to their area, they had orally represented to them. (paragraph 132)

101.28 The witness has admitted that in his statement dated 29.5.2008, he had stated that *"..... from that car, Mayaben Kodnani, our MLA, who was wearing a white coloured saree and a saffron scarf around her neck had come and was talking with Kishan, Murli and Manoj. I do not know what they*

were talking about." The witness has denied that Mayaben was talking aggressively in such a manner to say that not only should they take care of this mob, but also the other mob, and that they are part of her electorate and was reprimanding the police and was, therefore, talking in an aggressive tone.

101.29 The witness has admitted that it did not happen that after his statement dated 29.5.2008, he remembered something and had gone to the SIT for recording the same. The witness has admitted that on 12.9.2008, his second statement was recorded by the SIT wherein, he had stated the following facts: "*..... In the riots that took place on 28.02.2002, I had seen (1) Mayaben Kodnani, (2) Kishan Korani, (3) Murli Sindhi, (4) Manoj Videovala in the mob near the gate of the S.T. Workshop and they were gesturing to the mob and were inciting them and I was standing at the police chowky at that time. They were at a distance of 25 to 30 feet from me and at that time, it was around 8 to 9 in the morning.*". The witness has voluntarily stated that the SIT had asked his explanation as to why he had not named these four persons in his statement in the year 2002 and it was in this context that his statement was taken and that in this statement, his focus was on why these names were not recorded in the statement of 2002 and not on the other details.

101.30 The witness has admitted that in his statement dated 12.9.2008, he has also stated that "*... .. At that place, around ten to fifteen women and men of their chawl were standing and he cannot say as to whether they can identify these people and that a youth named Abid was standing with him, who sustained injuries in the firing and*

died."

101.31 The witness has admitted that on the date of the incident, there was no question of his shouting to Mayaben and telling her that she was their MLA and should help them. The witness has denied that since he had a grudge in connection with the incident of 2001, wherein Pandits of Kashmir were burnt, he had wrongly named the five accused.

101.32 The witness has admitted that the facts stated by him in paragraphs 4 and 5 of his examination-in-chief have not been stated by him in his statement dated 12.9.2008 and that such facts have also not been stated by him in his statement dated 11.6.2002 recorded by the Crime Branch. The witness has admitted that the facts stated in paragraphs 6 and 7 of his examination-in-chief have not been stated by him in either of his statements dated 11.6.2002 or 12.9.2008. The witness has further admitted that the facts stated in paragraph 8 of his examination-in-chief have not been stated by him in his two statements dated 11.6.2002 and 12.9.2008. The witness has voluntarily stated that as stated by him earlier, he has not given any statement dated 11.6.2002 before the Crime Branch and that the second statement recorded by the SIT was for the limited extent of explaining. The witness has further admitted that the facts stated in paragraph 12 of his examination-in-chief have not been stated in his statements dated 12.9.2008 and 11.6.2002. The witness has admitted that the facts stated in paragraph 9 referred to in paragraph-154 of his testimony, have not been stated in his statements dated 12.9.2008 and 11.6.2002. The witness has admitted that in his statements dated 11.6.2002 and 12.9.2008, he has not stated the

following facts stated in paragraph 10 of his examination-in-chief, viz., "*Mayaben, Kishan, Murli, Manoj and the policemen gestured with their hands to the mob which had gone towards Natraj Hotel and called it back and thereafter, Mayaben departed in the car in which she had come.*" The witness has admitted that the facts stated by him in paragraphs 11 to 19 of his examination-in-chief are not there in the statements dated 11.6.2002 and 12.9.2008. The witness has admitted that the facts stated by him in paragraph 21 of his examination-in-chief to the effect that his niece and her two children were also burnt alive in this incident, have not been stated by him in any of his statements. The witness has admitted that the facts stated by him in paragraph 23 of his examination-in-chief are not there in the statements dated 11.6.2002 and 29.5.2008 and has voluntarily stated that these facts are stated by him in his statement dated 12.9.2008, where he was asked for an explanation. [It may be noted that though the witness has denied having given any statement dated 11.6.2002, he is persistently cross-examined to bring out omissions and contradictions in such statement.]

101.33 The witness has admitted that there was an inflow and outflow of people from the S.R.P. Quarters from the morning to the evening. Many Muslims had come to the S.R.P. Quarters after the evening, out of whom, some were injured Muslims. The witness has admitted that the people residing in the S.R.P. Quarters, amongst whom there were Hindus also, had made arrangements for food and drinks for the Muslims who had stayed at the S.R.P. Quarters. The witness has stated that the names of his niece and her children who were burnt alive in the incident are Saliyabanu Jenulabedin, son Subhan

and daughter Muskan. On a query by the court, he has stated that in the year 2002, he was not doing tailoring work, but was driving a rickshaw.

101.34 PW-282 Shri K. S. Desai, the assignee officer who is stated to have recorded the statement of his witness on 11.6.2002 has been cross-examined to bring out the omissions and contradictions in the testimony of the witness as to the statement recorded by him. The assignee officer has admitted that it has not happened that this witness had given the names of certain accused in his statement, but that he had not written them down and had told him to go to the Naroda Police Station. The assignee officer has voluntarily stated that this witness has not given the names of any accused to him. The assignee officer has admitted that this witness has not informed him regarding his having filed any complaint with the Crime Branch. The assignee officer has admitted that this witness had stated before him that when the incident took place at Naroda Patiya on 28.2.2002, at that time he was drinking tea at the tea stall opposite his house and at that time, at around 9:00 to 9:45 in the morning, a mob of around twenty to twenty-five thousand people attacked Hussainnagar and he and his children went and hid in the society situated behind Hussainnagar.

101.35 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statements of this witness on 29.5.2008 and 12.9.2008. The witness had stated before him that his statements dated 11.6.2002 and 29.5.2008 have been read over to him and have been recorded as stated by him and are

correct and true. The Investigating Officer has clarified that the witness had stated before him that his statement dated 11.6.2002 was only in connection with the loss and damage caused to him.

101.36 SUBMISSIONS: The learned counsel for the appellants-accused, have submitted that three statements of this witness have been recorded, viz., (1) statement dated 11.6.2002 before the Crime Branch, (2) statement dated 29.5.2008 before the SIT and (3) statement dated 12.9.2008 before the SIT. The attention of the court was invited to the omissions and contradictions in the testimony of the witness qua the statement recorded by the police, to submit that after six and a half years, when the SIT recorded his statement, the witness has for the first time come out with a bundle of facts and has named four accused and that it was easy for him after such a long lapse of time to create a story and say that his statement was not recorded by the Crime Branch at all in 2002. It was submitted that the witness had ample opportunities during this period to raise his grievance and narrate about the facts and also to disclose the involvement and complicity of the accused named, but he did not do so for such a long time.

101.37 In the context of paragraph 33 of his deposition, it was submitted that this witness has made a reference of something being recorded by the Crime Branch which according to him, now is something in relation to loss and damage recorded by the Crime Branch. It was submitted that the very fact that the Crime Branch asked something and he has stated something, indicates that his statement was

recorded and that now, he very cleverly indicates the statement to be of loss and damage. It was submitted that despite the above facts, the witness has never contacted the police, which means that if he was aggrieved, he could have made his grievance before many authorities and that there was no reason for him to sit silent for six years. Referring to the contents of paragraph 31 of his examination-in-chief, it was submitted that the witness has falsely implicated Manoj regarding use of revolver and Abid having received injury by that weapon. It was submitted that most of the witnesses say that Abid was injured in police firing and hence, there was no question of his being injured in a private firing. If at all Abid had received injury by private firing, then the prosecution is required to establish that the injuries sustained by Abid are from private fire arms and not from police fire arms.

101.38 It was submitted that as per this witness one thousand five hundred people were there in the mob, but most of the witnesses have stated that the mob was of more than five thousand people. Therefore, there is a vast difference in the figure. This raises a doubt about his credibility and it transpires that he is not telling the correct facts before the court and it indicates that he has not seen anything and is falsely deposing before the court.

101.39 It was submitted that most of the facts stated by the witness in his examination-in-chief from paragraphs 4 to 33, including the names of the accused and the so called role attributed to them, were not stated by him in his first available police statement dated 11.6.2002. It was submitted that when his first statement was recorded, it was after one hundred days

and prior thereto, no attempt was made by the witness to disclose these facts even after the statement dated 11.6.2002, till his statement was recorded on 29.5.2008 by the SIT that any of the facts regarding complicity of the accused were disclosed by him. It was submitted that insofar as the accused No.58 Santosh is concerned, the witness has neither named him before the police or the SIT or even before the court, but has simply identified him.

101.40 It was submitted that there are many material, important and vital contradictions in the deposition of the witness and in his police statement as well as the statement before the SIT. Thus, this witness is not reliable and credible and his evidence cannot be relied upon in such a case where the accused are charged with serious offences.

101.41 ANALYSIS: The evidence on record indicates that the statement of this witness was initially recorded on 11.6.2002. This statement was probably relating to the loss and damage sustained by the witness. It appears that, at the relevant time, no other statement of this witness was recorded and thereafter, his statements were recorded by the SIT on 29.5.2008 and 12.9.2008. The witness, in his cross-examination, has denied any statement of his having been recorded by the police on 11.6.2002.

101.42 In his examination-in-chief, the witness has named Kishan Korani (A-20), Manoj Videowala (A-42) and Murli Sindhi (A-2) in the mob on the main road. The witness has stated that Kishan Korani had a sword and Murli Sindhi and Manoj Videowala had revolvers. The witness has also referred to the

presence of Mayaben Kodnani at the scene of offence and has stated that initially a police jeep came and halted at the S.T. Workshop, which was followed by Kishan Korani, Manoj Videowala and Murli Sindhi, whereafter Mayaben Kodnani came in a white Maruti Franti Car and spoke to the three accused and the police. According to the witness, Mayaben spoke in an aggressive tone and thereafter, the mob aggressively attacked their area. The witness has referred to firing at the people by the mob as well as by the police. He has attributed specific roles to Manoj Videowala and Murli Sindhi and has stated that Manoj Videowala had resorted to firing in which Abid was injured by a bullet on his private parts and that Murli Sindhi had also resorted to firing, in which, Mushtaq Razak Kaladiya had sustained bullet injury on his shoulder.

101.43 In this regard, it may be noted that several witnesses who were present on the main road in the morning have referred to Mustaq and Abid being injured. However, majority of the witnesses have referred to the police having resorted to firing and the above referred two persons and others being injured in the police firing. Therefore, the testimony of this witness regarding Manoj and Murli having fired bullets is contrary to the version given by majority of the witnesses. Considering the fact that at the relevant time, no statement of this witness has been recorded, this version, which has come up for the first time in his statement recorded by the SIT in the year 2008, does not appear to be very credible.

101.44 Insofar as the presence of M.L.A. Mayaben Kodnani

at the scene of offence is concerned, the witness has stated that firstly a police jeep came, which was followed by the above three accused, whereafter Mayaben came in a car and spoke to the police and the three accused in an aggressive tone, thereafter the mob was summoned and Mayaben spoke to the mob in an aggressive tone, after which the mob attacked more aggressively. Reference to the presence of Mayaben is at around 9:00 to 9:30 at the S.T. Workshop gate. It is also required to be noted that the statement of this witness implicating Mayaben has come up for the first time in the year 2008. According to this witness, at the relevant time, he had gone to the Crime Branch for the purpose of recording his statement, however, they had not recorded his statement and had told him to go to Naroda Patiya Police Station and that when he went to the Naroda Patiya Police Station, he was relegated to the Crime Branch which only asked the details about his name, address and damage sustained by him and thereafter, never contacted him.

101.45 It may be noted that statements of majority of the witnesses have been recorded by the police at the relevant time wherein names of the three accused, except Mayaben have been recorded by the police. Therefore, there is no reason to believe that the police would not have recorded the statement of this witness naming at least the three accused viz., Kishan Korani, Manoj Videowala and Murli Sindhi, whose names have been recorded in the statements of other witnesses. Moreover, in the cross-examination of the witness (para 107), he has admitted that prior to the incident, he never had any occasion to talk with the five accused whom he had identified and that he had no occasion to visit their houses.

The witness has stated that he had asked the names of the accused to the people and has voluntarily stated that even prior to 2002; he knew these people as well as their names. This part of the statement of the witness is self-contradictory, inasmuch as, on the one hand, he says that he knew the accused and their names, on the other hand, he says that he had asked the people their names.

101.46 Insofar as accused No.58 **Santoshkumar Kodumal Mulchandani** is concerned, the witness has merely identified before the court, though he has not named him in his examination-in-chief or in any of his statements recorded by the SIT. In his cross-examination, it has been brought out that he had not even described the physical features of the said accused in the statement recorded by the SIT. Therefore, without naming the accused or describing him, the witness has merely identified accused No.58 Santoshkumar Kodumal Mulchandani as being one of the persons whom he had seen in the mob. Considering the fact that this accused was not named by the witness in any of his statements, nor had the witness given any description of the accused, it would be hazardous to rely upon such identification of the accused for the first time before the court.

101.47 In the above backdrop, considering nature of the testimony of this witness as well as the fact that the witness has implicated the accused Kishan Korani (A-20), Manoj Videowala (A-41) and Murli Sindhi (A-2) at a belated stage before the SIT after a period of more than six years and has not named Santosh Kodumal Mulchandani (A-58) even before the court, but has merely identified him in the dock, it would

be very risky to rely upon the testimony of this witness to establish the charge against the said accused in such a serious offence. Insofar as accused No.37 Mayaben Kodnani is concerned, the evidentiary value of the testimony of this witness shall be considered at the time of considering the culpability of the said accused.

102. **PW-105 Hussainbhai Valibhai Kaladiya**, aged 62 years, has been examined at Exhibit-676. This witness has deposed that he is residing at *Imambibi-ni-Chali, Naroda Patiya* since the last forty years and that in the year 2002 as well as today also, he is serving in *Bhatiya Enterprise, Soni-ni- Chali*. He was residing in *Imambibi-ni-Chali* along with his wife, son Sajidali, his wife Sabanabanu and his daughter.

102.1 The witness has stated that the incident took place on 28.2.2002. On that day, there was a call for bandh by the Vishwa Hindu Parishad. He was at home and in the morning at around 9 o'clock, he set off for his job, for which purpose he came on the road. Every day he used to go for his job after inquiring about the health of his friend Kadri, who was ill. On that day also, he had gone to inquire about his health. While he was sitting at his friend Kadri's house, a mob came from the side of Natraj Hotel and stood near the S.T. Workshop, and hence, he did not go for his job. The people in the mob started vandalizing the handcarts belonging to Muslims near the Noorani Masjid. Upon seeing this, he was frightened and went home. As soon as he reached home, he went stood at the entrance of his home and the disturbances escalated suddenly. There were many people in the mob. At the corner of their house, stone pelting also started. At this time, another mob

came from the direction of Krushnanagar. During this period, his nephew Mustaq was also on the road. While his nephew was going on the road, from the opposite side, tear gas shells were released and in a little while, there was a firing and his nephew Mustaqali Razakbhai Kaladiya was hit by a bullet. They, that is, his family members took Mustaq after he was injured with the bullet and were going, at that time, on the road; another boy named Abid had also sustained bullet injury. Thereafter, they had gone further, however, the disturbances continued. The armed members of the mob were trying to enter their chawls. At that time, from the side of the S.T. Workshop also, stones and rags were being thrown at their chawls. They went towards the S.R.P. Quarters; however, they were not permitted to enter inside. Thereafter, they went and stood in the chawls near Gangotri Society, which is near the S.R.P. Quarters. They had taken their nephew with him, at which point of time, his wife, his daughter-in-law, all were got separated. Subsequently, he came to know that his wife, daughter-in-law and granddaughter had gone inside the S.R.P. Quarters. There is a big open ground near Gangotri Society, where many people had gathered and where people were killed and cut. They had gone on a terrace of Gangotri Society and were sitting and hiding there and stood there till 1:30 at night.

102.2 Initially, six buses had come; however, they had not gone in them. Thereafter four other buses came from which people alighted and came to meet them and after verifying that these people were proper and they stated that they would take them to the Shah Alam camp, they sat in that bus and this bus took them to the Shah Alam Roza.

102.3 His wife, daughter-in-law and granddaughter came to Shah Alam in the bus which left from the S.R.P. Quarters early in the morning. After alighting from this bus, his wife, daughter-in-law and granddaughter went to his niece's house at P & T Quarters, Shah Alam. During this period, curfew was going on. After five days, he got the news that his children were safe. Upon coming to know that three of his family members are at the house of his niece, when the curfew was relaxed, he had gone there and met his family. He had brought them back to the relief camp. Upon finding his sister-in-law who lives in Millatnagar, he sent his family members to his home town at Chotila.

102.4 The witness has deposed that while they were on the terrace on the day of the incident, he has seen their house being burnt and smoke coming out from there. Before sitting in the bus going to Shah Alam, he had gone to see his house, where there were ashes and his entire house was burnt and it was not possible to go inside the house. Everything in the house was looted.

102.5 The witness has further stated that in the mob that was there on the day of the incident, there were many people from the Naroda Patiya area. Out of whom, Kadri to whose house he had gone to inquire about his health, had identified several of them to him. He has stated that there were several people from the Naroda Patiya area and out of the people whom Kadri had identified, were **Manoj Sindhi (accused No.41), Suresh Langado (accused No.22), Bipin Autowala (accused No.44), Guddu Chhara, Bhavani**

Singh and Tiwari (accused No.25).

102.6 A few days after going to the relief camp, he had made an application, but does not remember the date. A complaint produced with list Exhibit-677 is shown to the witness who has identified his signature at the bottom thereof. The contents of the complaint application are read over to him and he has admitted the contents thereof and the same is exhibited as Exhibit-678. The witness has further deposed that the Crime Branch had recorded his statement with regard to the incident at the camp and the SIT had recorded his statement when it had come to Naroda Patiya. The witness has stated that out of the four accused, two accused, viz., Guddu Chhara and Bhavanisingh have passed away and said that he would attempt to identify the other two accused as on account of the lapse of eight years and since he is suffering from cataract, he does not know whether he would be in a position to identify them. The witness has identified a person as Bipin Aowala, however, such person turned out to be accused Murli Sindhi. Thus, the witness has failed to identify either of the two living accused.

102.7 CROSS EXAMINATION: The witness has been cross-examination with regard to his complaint Exhibit-678 and has stated that he does not know as to who has written it. The witness has denied that the person who had written the complaint had read it over to him. The witness has stated that he has not given the name of any person whom he had known prior to the incident. The witness has admitted that the persons whom he has named in his complaint were not known to him prior to the incident and that he is not in a position to

state as to which weapons the named persons were holding in their hands. The witness has admitted that he has not specifically attributed any role to any individual person in the complaint. The witness has denied that he has not given the name of Bhavanisingh and Tiwari in the complaint, but has voluntarily stated that he had given such names, but the same have not been written down. The witness has admitted that he has not stated as to which weapons Bhavanisingh and Tiwari had in their hands as well as what part they had played in the offence. The witness has admitted that in his complaint Exhibit-678, he has not named Murli Sindhi (Accused No.2) or the weapon in his hand or the role played by him in the offence. The witness has further admitted that apart from his complaint, he has not named or attributed any role to Murli Sindhi in any of his statements. The witness has admitted that he knows Kadarbhai Sultanbhai Kadri, who resides on the road opposite his house in Kashiram-ni-Chali in the line of the Noorani Masjid. The witness has admitted that between his house and Kadarbhai's house, there is a two way national highway. The witness has stated that it may have happened that in his complaint Exhibit-678, he may not have stated that he had gone to Kadarbhai Kadri's house on the day of the incident to inquire about his health. The witness has admitted that the fact regarding his having gone to inquire about Kadarbhai's health was prior to the incident and was within his knowledge. The witness has admitted that in his statement before the police, he has not stated that he had gone to inquire about Kadarbhai's health. The witness has denied that the persons whose names he had given in the complaint Exhibit-678 were identified to him by Kadarbhai. The witness has admitted that till the time he was sitting at Kadarbhai's

house, he did not know any of the accused. The witness has admitted that when he gave his complaint, he had identified those persons whose names Kadarbhai had given, which fact was known to him. The witness has admitted that he was at Kadarbhai's house when the riots started. He denied that he had seen the riots while sitting inside Kadarbhai's house and has voluntarily stated that Kadarbhai's house is on the road and they were sitting outside the house when he had seen the riots. The witness has stated that Kadarbhai's house comes after leaving about thirty houses from the Noorani Masjid. The witness has stated that at that time, he had seen that a mob had come from the side of Natraj Hotel which was standing near the S.T. Workshop out of which, certain persons were vandalizing handcarts of the Muslims near the Noorani Masjid and were overturning them. The mob was comprised of approximately ten to fifteen thousand people. The witness has denied that the mob was comprised of people wearing khakhi shorts and undershirts and saffron bands on their heads and has voluntarily stated that some people were like that, but not all of them. The witness has admitted that the magnitude of mobs was so huge that the vehicles could not pass through. The witness has admitted that at that time, he had seen tear gas being released from the side of the Noorani Masjid and thereafter, bullets being shot and he had seen this happening. The witness has admitted that he cannot say whether the firing was done by the police and has voluntarily stated that he can say that much that they were the persons who were dressed in khakhi, but cannot say they were police. The witness has stated that he does not know whether it was the police who released the tear gas, but it had come in their direction. The witness has admitted that at the time, Abid, Mustaq and four to

five other persons had sustained bullet injuries and has voluntarily stated that he had seen only two persons being hit by bullets and that his own nephew had sustained a bullet injury. The rest of the things were heard by him.

102.8 The witness has further deposed that his nephew was hurt by a bullet next to the S.T. Workshop. The witness has denied that he had seen that a bullet hit his nephew Mustaq from Kadarbhai's house and has voluntarily stated that thereafter, he had come near the S.T. Workshop. The witness has stated that he does not know whether the first bullet had hit Mustaq or Abid. He has stated that he had seen Abid sustaining a bullet injury and sitting on the road.

102.9 The witness has admitted that he was at Kadarbhai's house at about 9:00 to 10:00 in the morning. The witness has stated that on an estimate, he can say that when Mustaq was hit by a bullet, he must have been approximately 100 feet away. Mustaq was injured by the bullet at the corner of the S.T. Workshop where there is a police chowky towards Narol side.

102.10 The witness has admitted that after Mustaq had sustained bullet injury, he was taken home and when they entered the chawl, he had seen Abid sitting there. He does not know where Abid had sustained a bullet injury, however, he was bleeding from his abdomen and upon inquiring from them, he had learnt that he had sustained a bullet injury.

102.11 In the cross-examination of this witness, it has further come out that they had taken Mustaq to his house. His

house is situated in Hukamsing-ni-Chali and that he had stayed there and cleaned his wound with Dettol and placed a burnt piece of cotton on the wound. Upon he feeling better in a little while, he had left. The witness has stated that insofar as he knows, thereafter, Mustaq's mother and brothers took him to some house near Gangotri society and thereafter, he had not inquired about Mustaq's health. The witness stated that he does not know whether Mustaq was given treatment and that he had later on learnt that on the next day, he was taken to the Civil Hospital. From the cross-examination of this witness, it is further brought out that he had gone to the boundary of S.R.P. in the afternoon after 12 o'clock and while going from S.R.P. to Gangotri, it had become dark. He had stayed near the S.R.P. compound wall for two to four hours, which he cannot exactly say; however, he was there prior to it becoming dark. The witness has admitted that while he was at the S.R.P. compound wall, there was no kind of fear and that when he went from S.R.P. to Gangotri, there were no obstacles and he had gone on the terrace, from where he had seen the neighbouring chawls. The witness has admitted that on that day, when he went from S.R.P. to Gangotri Society, he had not seen anyone being hacked down or killed. The witness has further admitted that on that day, he had not hidden anywhere except on the terrace of Gangotri Society.

102.12 The witness has admitted that while he was giving his complaint, he was at the relief camp and during that time, leaders of Muslim organizations used to visit the camp. The witness has admitted that he had signed the complaint Exhibit-678 after being satisfied that whatever was written therein was written as per his say. The witness has denied that he has not

stated the names of the four persons whom he had named in his complaint Exhibit-678 and in his statement dated 17.5.2002 recorded by the police. The witness has voluntarily stated that he had given the names, but they had not written them down. The witness has admitted that he had named the accused before the police on 17.5.2002 and has voluntarily stated that at every place, where he could give the names of the accused, he had named them; however, sometimes they were writing them down and sometimes they were not. The witness has denied that two accused whom he had named in his statement dated 17.5.2002 have not been named by him in his complaint Exhibit-678 and has voluntarily stated that he had given the names, but they might not have been written down.

102.13 The witness has denied that on the day of the incident, the police was releasing tear gas and firing at the people who were rioting and has voluntarily stated that the police was not firing at and not releasing tear gas at the rioters, but against the Muslims, and that if the police had fired at them on that day, the carnage would not have happened. The witness has admitted that the police had fired at the Muslim mob and has voluntarily stated that he wants to make it clear that there was no mob of Muslims and that they were scattered there. The witness has denied that he wants to say that the police was searching out Muslims and was shooting them and has voluntarily stated that if that be so, he would not be here to depose. He has stated that the police was firing at Muslims, where they stood in a group of ten to fifteen persons. The witness has admitted that in his complaint as well as in his statement, he has not given any physical description or

identification of the accused and has voluntarily stated that even on the day of the incident, he was acquainted with them and knew them by their faces and therefore, it was not necessary for him to give their description.

102.14 The contents of paragraph 2 of his examination in chief are read over to the witness wherein he has stated that *"I, everyday, go to visit my friend Kadri who was ill and
... did not go for my job"* to the effect that he has not stated such facts in his statement dated 17.5.2002. The witness is confronted with his statement dated 28.6.2008 to the effect that he had not stated the facts deposed by him in paragraph 2 of his examination-in-chief. (The learned advocate for the defence has clarified that the contradiction sought to be brought out only relates to the direction from which the mob was coming.).

102.15 The witness is confronted with his statement dated 17.5.2002 to the effect that he had not stated the facts stated by him in paragraphs 4, 6 and 9 of his examination-in-chief in such statement.

102.16 PW-282 Shri K. S. Desai, the assignee officer has admitted that he had recorded the statement of this witness on 17.5.2002. The assignee officer has admitted that he had not recorded the statement of this witness in connection with any complaint lodged by him. (The witness has given a ready-made complaint Exhibit-678). The assignee officer has admitted that this witness had not stated before him that Kadribhai had identified the accused.

102.17 The contents of paragraph 2 of the examination-in-chief of this witness from the second line to the tenth line, are read over to the assignee officer wherein the witness has, *inter alia*, stated that he was sitting at his friend Kadribhai's house, at that time, a mob came from the side of Natraj Hotel and was standing near the S.T. Workshop and hence, he had not gone for his job. The assignee officer has admitted that these facts have not been stated by the witness in his statement. The contents of paragraph 4 of the examination-in-chief of this witness are read over to the assignee officer, wherein he has stated that a mob with armed people was attempting to enter their chawls, at that time, stones and rags were being thrown at their chawls from the S.T. Workshop also. They had gone towards the S.R.P. Quarters, but were not permitted to enter. Thereafter, they had gone and stood at Gangotri Society near S.R.P. The assignee officer has admitted that these facts have not been stated by the witness in the statement recorded by him. The contents of paragraph 6 of the examination-in-chief of the witness are read over to the assignee officer, who has denied that the witness has not stated all the facts stated therein in his statement. The assignee officer has stated that this witness had told him that late at night, upon the police vehicles coming, they had taken them to Shah Alam Roza. Considering the contents of paragraph 6 of the deposition of this witness, what is stated therein is merely a elaboration of what is stated by him before the police and cannot in any manner be said to be a material omission so as to amount to a contradiction.

102.18 The contents of paragraph 9 of the examination-in-chief of the witness are read over to the assignee officer,

wherein he has stated that on the night of the incident when they were on the terrace, he had seen from the terrace that his house was burnt down and the smoke was coming out. Prior to sitting in the bus for Shah Alam, he had gone to see his house, but there were ashes in his house and everything in his house was burnt. It was not possible to go inside the house and everything from the house was looted. The assignee officer has denied that the witness has not stated all the facts stated by him in paragraph 9 of his examination-in-chief in the statement recorded by him. He has stated that the witness had stated the facts with regard to the damage caused to his house, but has not stated the other facts.

102.19 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 28.6.2008. Certain extracts of paragraph 4 of the examination-in-chief of this witness are read over to the Investigating Officer, wherein the witness has stated that they had gone towards the S.R.P. Quarters, but were not permitted to enter. The Investigating Officer has admitted that this witness has not stated such facts before him. Certain extracts of paragraph 9 of the examination-in-chief are read over to the Investigating Officer, wherein the witness has stated that from the terrace he had seen that his house was burnt. The Investigating Officer has admitted that the words, "their house was burnt" are not there in the statement. He, however, has clarified that the witness had stated that he was on the terrace and had seen the chawl burning and that his house was in Imambibi-ni-chali.

102.20 SUBMISSIONS: The learned counsel for the

appellants-accused submitted that this witness is the uncle of Mustaq Kaladia, who is stated to have sustained fire arm injuries. It was pointed out that this witness has been residing at Imambibi-ni-Chali since the last 40 years, but could not identify any one. Various contradictions in the deposition of this witness as to his statements recorded by the Investigating Officer are pointed out. It was submitted that this witness, at the first point of time, had filed a printed complaint-exhibit 678 on 6.3.2002. Admittedly, when this complaint was made, he himself did not know any accused. In his printed complaint-exhibit 678, names of accused No.22, 44 and 41 are mentioned though he did not know any of them, and therefore, there are all chances that these names have been given in the printed complaint, not at the instance of the witness Mr.Kadri, but at the instance of some NGO or somebody else who was stated to be helping the victims. It was submitted that the stand of the defence is strengthened by the fact that Mr.Kadri is not examined. Therefore, what the witness says in the name of Mr.Kadri does not get support from any corner. It was submitted that in any case, the witness has failed to identify any of the accused.

102.21 ANALYSIS: This witness has testified that he left his house in the morning at 9 o'clock on the day of the incident for going for his job, and for this purpose, he had gone on the road. The people in the mob were damaging the stalls and carts belonging to Muslims near the Noorani Masjid. Upon seeing this, he was frightened and, therefore, he returned home. While going home, he had stood at the corner of his house, when all of a sudden, the riots escalated. There was stone pelting at the corner of his house and, at that time,

another mob came from the direction of Krushnanagar. His nephew Mushtaqali was also on the road, at that time, upon the nephew going on the road, teargas shells were released from the opposite side and in a short while there was firing. In the firing, his nephew Mushtaqali Razak Kaladiya was injured with a bullet. After Mushtaqali was injured, they (the family members) were taking him, at that time, on the way another youth named Abid also sustained bullet injury. Thereafter, they had gone further, however, the riots continued. When they were taking his nephew, his wife, daughter-in-law and granddaughter got separated from them. Later on, he came to know that all of them had gone to the S.R.P. Quarters. There was a big house near Gangotri Society where many people had gathered and where many people were hacked and killed. They had gone on the terrace of a house in Gangotri and had hidden there.

102.22 From the overall testimony of this witness, it emerges that several people in the mob were from the Naroda Patiya area, out of whom, Kadri, about whose health he had gone to inquire had identified several of them to him. The persons whom Kadri pointed to him were Manoj Sindhi (A-41), Suresh Langdo (A-22), Bipin Autowala (A-44), Guddu Chhara (deceased), Bhavanisingh (deceased) and Tiwari (A-25). Thus, after considering the contradictions and omissions in the police statement, this part of his testimony remains undislodged. Therefore, the version of the witness regarding his having gone on the road in the morning and seen Mushtaqali and Abid being injured in firing and having taken shelter on the terrace of Gangotri Society deserves to be believed. Moreover, there is no contradiction with regard to the witness having named the

above referred accused. However, from the testimony of the witness, it is evident that he did not know the named accused, but it was his friend Kadri, who identified them to him. The witness has also not been able to identify any of the accused in the dock. Under the circumstances, the testimony of this witness does not in any manner help the prosecution in establishing any charge against the named accused. The testimony of this witness, however, is relevant only to the extent noted hereinabove.

102.23 Besides, apart from the fact that even, according to the witness, he did not know the accused and could name them as Kadribhai had identified them to him, Kadribhai's house is situated in the same line as the Noorani Masjid, after leaving several houses in between. Therefore, it is difficult to believe that from such a distance, they could identify the accused on the road while sitting outside Kadribhai's house.

103. **PW-106 Farzanabanu Ayubkhan Pathan**, aged 38 years, has been examined at Exhibit-687. This witness has deposed that she is residing at *Naroda Patiya* since her birth. In the year 2002, her family was comprised of her husband, her two daughters Farhana and Reshma, in all four members, and since then, she was doing household work and also used to work in the elastic factory of one Parshottambhai. Her native place is Hubli, Karnataka. Her husband is serving in a scrap shop of one Shashtri. One of her daughters died in the riots that took place on 28.2.2002.

103.1 The witness has deposed that the incident took place on 28.2.2002. On that day, there was a call for bandh.

On 27.2.2002, when she returned from her work, she learnt that there was a bandh on 28.2.2002. Her husband had gone to Siddhpur on 27.2.2002 to attend a wedding. On 27.2.2002, she and her daughters were at home and knowing that on the next day, there was a bandh, they went to sleep after dinner.

103.2 On 28.2.2002, they woke up and had tea. Thereafter, she went to fetch water for her household purposes from a tap near their chawl, where the people of the chawl had told her that the Hindu mobs have gathered near the Noorani Masjid and are indulging in ransacking and arson and that the carts and cabins are being set on fire. They had gathered near the place where there is presently a police chowky and were standing there. From there, they saw that the police were with the Hindu mobs and the police were firing bullets at the Muslims and oppressing them. The police were releasing tear gas at the Muslims, and in the firing, three persons had sustained bullet injuries. They are Abidali, Khalid and Piru. At that time, it must have been approximately 9:00 to 9:30. Abidbhai died on the spot and Khalid and Pirubhai are alive.

103.3 The witness has stated that the mob which she saw was shouting, "kill", "hack" and some of the persons in the mob were wearing white undershirts and khakhi shorts and had tied saffron bands on their heads. The people in the Hindu mobs had implements like swords, hockey sticks, pipes, etc. The police were in front of the mob and were driving them (the Muslims) away. In this manner, they reached their chawl and the Hindu mob had resorted to vandalism and arson in their chawls. Thereafter, they had gone into a field in Jawannagar. At that time, it must have been approximately 2:00 to 3:00 in

the afternoon.

103.4 Thereafter, from there, they started going to the S.R.P. Quarters, but they were not permitted to enter and abuses were hurled at them and they were driven away and were told that today, they have to die. Thereafter, they had gone to Gopi Gangotri Society situated near S.R.P. Quarters and there also, they were not permitted to sit and they were shouting “kill”, “hack”. No one had given them shelter there. Thereafter, rags, stones and some articles like burning stones were prepared and were thrown on the Muslims from the S. T. Workshop. The time must have been around 6 o'clock in the evening.

103.5 Thereafter, they had gone near Jaybhavani's house and were sitting there. At that time, a policeman came and told them that they would take them in a vehicle for their safety. They believed this to be true and went with the policeman and found that there was a huge Hindu mob there also. At that time, a Hindu mob came from the other side also and they were surrounded there. At the place where they were surrounded, there was a passage of Gangotri Gopi Society. At that time both her daughters, her brother, sister-in-law, mother and nephew Akram were with her. Thereafter, shouts of “kill”, “hack” started coming and they got separated and her two daughter and her mother were with her. Her mother's name is Mumtaz.

103.6 At that time, the Hindu mob pulled her mother and killed her and set her ablaze in front of her.

103.7 At that time, her two daughters were also with her and the mob pulled her elder daughter Farhana away from her. They took off her clothes and four to five persons from the mob had raped her. Her younger daughter Reshma was beaten on the hands with pipes and both her hands were fractured. The mob also threw petrol on the back side of her (the witness's) body as well as on her hands and set her ablaze.

103.8 She, therefore, rolled on the ground to extinguish the fire and her younger daughter was also with her and both of them started rolling on the ground.

103.9 At that time, the persons in the mob pulled a girl named Zarina and raped her and cut her hands.

103.10 At that time, a police jeep came there. They hurled abuses at them and told them that if they are alive, they should come out and that they were sending a truck. Thereafter, a truck came and all of those who were alive were taken in the truck to the Civil Hospital, where they reached at around 9:00 to 9:30 at night.

103.11 The witness has stated that in the Hindu mob which she has referred to, she had recognised **Jay Bhavani (deceased), Sahejad (Accused No.26), Tiwari (Accused No.25) and Manu (Accused No.28).**

103.12 The witness has further deposed that she and her daughter Reshma stayed at the Civil Hospital for about a month. Her husband, who was at Siddhpur at the time of the incident, came to know that they were at the Civil Hospital

when he returned to Ahmedabad, he came to the Civil Hospital. Thereafter, he also stayed with them. Thereafter, they all went to the Shah Alam Camp.

103.13 The witness has stated that her daughter Farhana was raped and killed. From her family, her mother Mumtaz, her daughter Farhana, her sister-in-law Gosiyabanu, nephew Akram and her aunt Rabiyanu, all were killed and burnt by the mob in front of her. The witness has further stated that while they were at the Civil Hospital, around five bodies had been buried at the Dariyakhan Ghummat Kabrastan and the Kabrastan Committee had merely given them the receipts of the kabrastan.

103.14 The witness has stated that her household goods and articles were set on fire and she had sustained loss of around rupees two lakh. Her statement had been recorded at the Civil Hospital and thereafter, she had given her statement before the SIT, where she had stated the facts about the incident. After her statement was recorded at the Civil Hospital, her statement was also recorded at the Shah Alam camp. Thereafter, the Crime Branch had also recorded her statement. The survey of the damage caused to her house has also been made. The witness has deposed that prior to giving the statement before the SIT, she had made an application because it had come in the newspaper that whoever wants to make an application, can do so. Such advertisement had come in the newspaper about two years prior thereto, but she does not remember the date of her application. The witness has stated that out of the four persons she has named, as far as she knows, Jay Bhavani has passed away and she has stated

that she can identify Manu, Tiwari and Sahejad. The witness has thereafter correctly identified all the three accused before the court.

103.15 CROSS EXAMINATION: In her cross-examination, the witness has stated that in the incident wherein her family members were killed and cut and set afire which she has referred to, the first incident was of her mother Mumtaz. Her mother's incident took place after 6:00 in the evening in the passage of Gangotri Gopinath Society. The witness has admitted that she did not know the persons who had pulled her mother. The witness has stated that petrol was poured on her mother and she was burnt alive. The witness has denied that at the time when her mother was pulled away, the mob was comprised of ten to fifteen thousand people. The witness has stated that the mob was comprised of a few people, but she does not know exactly how many people were there.

103.16 The witness has stated that the people in the mob were wearing different clothes and that there were only one or two persons wearing khakhi shorts and undershirts and that the rest were wearing regular clothes. The witness has stated that of the persons whom she has identified as being in the mob, she also knew Jay Bhavani and would have been in a position to identify him. The witness has stated that she came to know these four people on the day of the incident only. The witness has stated that the SIT had recorded her statement as stated by her. The witness has admitted that when her mother's incident took place, it was dark. The witness has, however, voluntarily stated that at that time, the faces of

people were visible. She has stated that she had no grievance against the officers of the SIT.

103.17 The witness is contradicted with her statement dated 28.5.2008 recorded by the SIT, wherein she had stated that at that time, she had seen the mob hacking people and burning them. However, since it had become dark, she could not identify as to who was in the mob. The witness has voluntarily stated that this fact was stated by her in relation to the persons other than four accused named by her. [It may be noted that as to whether it was dark at the time when the incident of her mother took place, is a question put to the witness in her cross-examination, whereafter she is sought to be contradicted by the answer she has given as against what she had stated before the SIT. It is settled legal position that through the process of cross-examination, the statements made before the police under section 161 of the Code cannot be elicited. Hence, the trial court ought not to have permitted the witness to be contradicted with the statement recorded by the SIT when the same was not used for the purpose of contradicting what the witness had stated in her primary statement.]

103.18 The witness has denied that she has not seen as to how the four persons killed her mother. The witness has stated that since it had become dark, she could not see as to which accused had which weapon in his hand, but she knew their voices and their faces very well and that since Manu comes to their place to sweep day and night, and also comes to beg for the leftovers, in this manner she knows all four of them. The witness has admitted that she has identified all the four by

their voices.

103.19 The witness has denied that the four people were not part of the mob and that they have not killed her mother with any weapon. The witness has voluntarily stated that all these four persons as well as the members of the mob had killed her mother and thereafter, sprinkled kerosene and set her ablaze. She has stated that along with the people in the mob, she has seen these four people killing her mother and she had stated these facts in her statement before the SIT. The witness has denied that she did not know as to who had pulled her daughter and stripped her till she gave the name in the statement recorded by the SIT. The witness has denied that she has not stated before the SIT the exact name of the person who pulled her daughter Farhana, killed her, stripped her and raped her, in her statement before the SIT. [The court has put a note to the effect that the witness has stated that her mother was being pulled and killed and Manu was one of them and that she knew him.]

103.20 The witness has admitted that, as to who had stripped Zarina and raped her and cut her hands, she does not know who they were or what were their names and she does not know them. The witness has stated that Zarina's incident took place immediately after the incident of her daughter. At that time, there were not more than twenty to twenty-five people in the mob. The witness has stated that she had seen Zarina's incident just opposite the incident of her daughter within a short span of time. Two to three boys had pulled her, stripped her and raped her and had cut her hands. The witness has stated that she cannot say as to how far Zarina was from

her, but states that she was just at a short distance. The witness has stated that Zarina was around 25 to 26 years old at the time of the incident, and that she was wearing salwar kameez like they do.

103.21 In her cross-examination, it has come out that the incident of her daughter occurred only five minutes after her mother's incident took place. Her daughter was pulled nearby in an open public place. The witness has admitted that after tearing her clothes, she was pushed on the ground. At that time, her daughter was crying a lot and five to six persons were pulling her. The witness has denied that those people had beaten and felled her daughter. The witness has voluntarily stated that they had made her daughter lie down and thereafter, had forcibly raped her. Those people were around four to five and they had climbed on her daughter. The witness has voluntarily stated that out of them, Manu was the first and he was the one who had pulled her daughter. The four people had raped her daughter and had killed her there and then. She was killed with a dagger. Thereafter, she was lying there.

103.22 The witness has admitted that she (her daughter) had sustained injuries on her private parts and has voluntarily stated that four people had ravished her like dogs. All of them had one after the other raped her and that between them, they were catching her daughter. The witness has voluntarily stated that the first person to rape her daughter was Manu, whom she knows very well. The witness has admitted that when her daughter was made to lie down, the accused were grabbing at her. She has denied that the persons who raped her had also taken off their clothes and has voluntarily stated that they had

only taken off the lower apparel.

103.23 In her cross-examination, it has further come out that the persons who had raped her daughter had handed over the weapons which they had to each other and had committed rape. She has admitted that at that time, Farhana was screaming. The witness has stated that she does not know as to how long it took for all four of them to rape her and that she only knows that four persons had committed rape.

103.24 The witness has admitted that when these four persons raped her daughter, she was quite nearby, but cannot say the exact distance in feet. Upon a query by the court, she stated that the distance would be approximately twelve feet. In her cross-examination, it has further come out that after her daughter was pulled and taken away, immediately thereafter, she (the witness) was also set ablaze and hence, she could not save her daughter. Several other people had also been set ablaze when she was set ablaze. After being burnt, she had sat there.

103.25 The witness has stated that despite this position, when they pulled her daughter and took her away, she had tried to go there; however, they had pushed her towards the fire. The witness has stated that she does not know as to whether after the act of raping was over, the four people had put on their lower apparel there itself. It has further come out that the four people had pulled and taken her daughter near the S.T. wall which was very near to where she was.

103.26 The witness has admitted that the S.T. wall is

opposite the water tank of Gopi and Gangotri Society. The witness has stated that she does not know the height of the S.T. wall, but it is higher than a person and there is a wire fencing above. The witness has admitted that this wall starts from near the national highway and goes till the place which is known as Teesra Kuva and that there is no place to sit near that wall. The witness has voluntarily stated that there is a road there.

103.27 The witness has admitted that thereafter, she had not seen her daughter Farhana. The witness has explained that after her death, she had not seen her. The witness has stated that they had inflicted two blows with a dagger on Farhana and thereafter they had gone. The witness has denied that the accused had left the dagger in her body and gone away and has voluntarily stated that she was bleeding from her abdomen. The witness has stated that she does not know where else her daughter Farhana was struck. However, she has stated that blood was oozing out of her head. She has stated that she does not know as to with what she was hit on the head or as to whether she was hit or not. She has stated that she had cried for help and has admitted that they were also in a burnt condition.

103.28 The witness has further stated that wherever she had given her statement, she has stated that the first person to rape her daughter was Manu. A contradiction has been brought out to the effect that in her statement dated 22.4.2002; the witness has stated that she does not know the persons who had raped her daughter. (Below this part, the court has made a note to the effect that in the statement,

there is such a reference. Thus, without waiting for the defence to establish the contradiction by examining the investigating officer, the court has accepted the contradiction by mere reference to the statement recorded under section 161 of the Code.).

103.29 The witness has denied that she has not attributed any specific role to Jaybhavani and Tiwari in any of her statements. She has denied that Jaybhavani and Tiwari had not done anything to her and has voluntarily stated that they were amongst those who had set her on fire. The witness has admitted that they had not inflicted any injury with any weapon on her, but has stated that they set her ablaze after sprinkling petrol and diesel on her. She has voluntarily stated that amongst the persons who set her ablaze Tiwari, Sahejad, Manu and Jaybhavani. The witness has admitted that right from the day of the incident, she was aware that these four people were also involved in setting her ablaze and has denied that she has not stated these facts in all her statements as well as the statement before the Magistrate. The witness has voluntarily stated that she has stated these facts everywhere.

103.30 The witness has denied that in her statement dated 22.4.2002, she has stated that somebody from the mob pulled her daughter Farhana and took off her clothes, raped her and stabbed her with a dagger in her stomach. The witness has denied that she has further stated that the people in the mob had sprinkled kerosene and petrol on them and burnt them.

103.31 The witness has admitted that she has not stated as to who had injured Reshma on her hand. She has admitted

that because she did not know as to which person was beating her. The witness has voluntarily stated that the mob which was assaulting her was a Hindu mob. She has denied that in her statement she has stated that she has recognised Jaybhawani and Tiwari in the mob and she does not know any other people in the mob. The witness has voluntarily stated that she had given the names of all the accused but they had written down only two names.

103.32 The witness has admitted that she does not know where Jaybhawani resides but has heard that he lives in the vicinity. The witness has stated that she knew that he drives an AMTS bus. She has stated that she had no occasion to talk to him or to visit his house and that she has no social relations with his family members.

103.33 The witness has stated that prior to the incident, Manu used to come to sweep at their place and used to come to ask for leftovers in the evening and hence, she knows him. She has not seen Manu's house and she had not gone on any terrace of Gangotri Society on the day of the incident. She has stated that she does not know that people from their chawl were on Manu's terrace from morning till evening on the day of the incident. The witness has stated that she has never had any occasion to talk with Manu and that he used to come to sweep sometimes and sometimes he used to be absent. The witness has stated that it was true that when they cooked mutton they used to throw the garbage outside where there also used to be bones. She has denied that Manu refused to remove such garbage. A suggestion is sought to be put to the witness that on account of Manu not removing certain garbage

and asking for money, they used have quarrels with him.

103.34 The witness has stated that she knows where Sahejad lives. He lives in Hussainnagar. He lives opposite her brother's house, after leaving one house. The witness has admitted that while going and coming towards her brother's house, she has heard sounds of aarti. She has admitted that Sahejad had a temple in his house. She has admitted that there used to be aarti at Sahejad's house every day.

103.35 A suggestion is put to the witness that she and the other persons residing in the area did not like Sahejad performing aarti at his home and the witness has voluntarily stated that if he performs aarti in his house what objection could she have. The witness has denied that Sahejad was not there in the mob on the day of the incident and that she was falsely implicating him. The witness has stated that she does not know where Tiwari resides but used to sit in a Kirana shop in the line of the Noorani Masjid. The witness has stated that she never had any occasion to talk with Tiwari or to visit his house. The witness has denied that Tiwari and Manu were not present on the day of the incident and that she was falsely implicating them at the instance of others.

103.36 The witness has stated that after the incident of her near and dear ones took place, till 9:00 to 9:30 at night, she was lying on the spot and thereafter, she was taken to the Civil Hospital. She had gone to the Civil Hospital in a truck. She does not know who was driving the truck but all those who were injured were taken in the truck to the Civil Hospital. For the purpose of climbing on the truck, those who were injured

had helped each other. Other people had helped her daughter who had sustained burns to climb on the truck.

103.37 The witness has stated that she does not remember exactly, but her mother's incident took place at around 6 o'clock. She does not know as to when her incident took place but after her mother's incident, the mob had started committing the acts stated by her. Her daughter's as well as her incident took place almost simultaneously. On the day of the incident, till she sat in the truck, she was lying on the spot. The witness has admitted that after the incident, she had gone to Farhana. She did not have any talk with Farhana because by the time she reached Farhana, she had died. She was in a naked condition. The witness has denied that the mobs involved in her and Farhana's incidents were different mobs. The witness has admitted that in the case of her incident and Farhana's incident different persons of the same mob were involved. The witness has stated that she had shown the police the place where her mother's incident, her own incident and her daughter Farhana's incident had taken place. She is not aware as to whether the police had drawn any panchnama in this regard. The witness has stated that she has not shown the place of Zarina's incident to anyone. Her sister-in-law Gosiyabanu used to reside in Chetandas-ni-chali. Akram was Gosiyabanu's son and he was one year old and he used to reside with Gosiyabanu. Her maternal aunt Rabiyanu used to reside in Dilip-ni-chali and Rabiyanu was with them right from the beginning on the day of the incident.

103.38 The witness has admitted that when the mob came on the road, she had heard sounds of teargas shells. She had

also seen the people wearing khakhi clothes firing. Abid was injured by a bullet in the firing by these people wearing khakhi clothes. She does not know whether Mustaq Kaladiya was injured by a bullet in the firing by the police. The witness has voluntarily stated that Pirubhai, Abid and Khalid were all injured by bullets and that it was the police, who had fired these bullets. The witness has stated that she does not know the persons who killed and burnt Gosiyabanu, Akram and Rabiyanu, but they were people from the mob.

103.39 In the cross-examination of the witness, it has further come out that at the Civil Hospital, her case papers were prepared, their names and addresses were asked and she was also asked about how the incident took place, which she has narrated. She has admitted that at the Civil Hospital, she had not given the names of the accused and the roles played by them. The witness has voluntarily stated that they had sustained burns and were very frightened.

103.40 She has stated that she had not stated the facts regarding the incidents and the names of the accused to the doctor. She had a talk with the doctor regarding how she had got burnt. She has admitted that she was fully conscious at that time. She says that as far as she remembers, her statement was not recorded by the police. She was admitted in the Hospital at around 9:00 to 9:30 at night on 28.2.2002 and was completely conscious from that time. The witness has admitted that, three days thereafter, on 3.3.2002, an officer had approached her and had orally examined her. The witness has denied that she had told the officer that on 28.2.2002, the incident had taken place near the S.T. Workshop and that it

had taken place at 6 o'clock in the evening. The witness has admitted that when she was asked as to who had set her on fire, she had stated that there were many people. The witness has stated that she was terrified at that time and hence, she had not given the names of these four persons. The witness has admitted that she had not told the officer that she was very frightened, and hence, she was not given the names of the accused. The witness has admitted that when the officer asked her as to whether she knew the persons who had burnt her, she had replied in the negative. The witness has stated that she was very frightened and hence, she had said so.

103.41 The witness has denied that she had not told this officer about the incident of her daughter Farzana, Zarina as well as the incident of Gosiyabanu, Akram, Mumtazbanu, Reshma and Rabiya. The witness has stated that she does not remember at present whether the officer had asked her whether she wants to say anything else and what reply she had given to such question. The witness has admitted that when this officer came to inquire, she could understand very well and could speak.

103.42 The witness is shown page No.1055 from the record of the Criminal Case No.1924/2002 and she is shown the thumb mark on the reverse side. She has denied that this is the thumb impression of her right thumb. She is shown a dying declaration Mark R. The witness has stated that she does not know that at the relevant time she was on bed No. 7 of E/7 Ward in the Civil Hospital because she is not educated. She does not know at what time the recording of the statement started and when it ended, but the fact regarding some officer

having come to record her statement is true. She does not remember as to whether he had taken her thumb impression.

103.43 She has admitted that this officer had asked her short facts about the incident. She has admitted that in these short facts she had not given the names of the accused and had also not stated about the incidents of the other people who were with her. The witness has voluntarily stated that because at that time she was very frightened. The witness does not remember whether the police had recorded any statement of her's at the Civil Hospital and has admitted that even in such statement, she had not given the names of any accused.

103.44 The witness has admitted that before the police, except for the incidents involving her and Reshma, she has not stated anything about the incidents relating to the other persons. The witness has voluntarily stated that she and Reshma were at the hospital and, therefore, she had only stated about the incidents relating to them.

103.45 The witness has denied that on that day, she did not know any person in the mob and has voluntarily stated that she was so frightened that she had not given the names. The witness has denied that she did not know the person who caused injury to Reshma and she has admitted that in this statement she has stated that she does not know the names and addresses of the persons who have burnt her and have caused injuries to her daughter.

103.46 The witness has admitted that in her statement she

has not stated regarding having gone to fetch water from the tap on the day of the incident and has voluntarily stated that out of fear, she could state only a few facts. She has denied that she had not seen any incident in the morning and that it was only at 6 o'clock in the evening, when the mobs came, that they had come out of their house. The witness has admitted that in her statement, she has not stated regarding the incident having taken place in the passage of Gopinath and Gangotri Society and has voluntarily stated that she had stated only a few facts. The witness has admitted that she has not stated facts regarding the incident of her daughter Farhana and others in her statement. The witness has voluntarily stated that at this time whatever little she could remember, she had stated before them.

103.47 The witness has denied that she was not aware of any incident that took place prior to 6 o'clock in the evening. She has denied that in her statement dated 3.3.2002, she had stated that at around 6 o'clock in the evening, they were at home when many people screaming and shouting "kill", "cut", with sticks, pipes and kerosene and petrol cans in their hands came to their chawl and firstly entered their houses and started looting them, due to which they came out of their house. The witness has voluntarily stated that she had told that on the day of the incident, right from the morning they had left their house, however, she does not know what the police had written down. The witness has admitted that she has stated that kerosene was sprinkled on her and her daughter and she had sustained burns on her back and right hand and her daughter Reshma was injured with pipes and sticks on her left hand and had sustained injuries. The witness

has denied that she has further stated that in the meanwhile, upon the police coming, the people in the mob ran away and the police have brought her and Reshma to the Civil Hospital and she is under treatment. The witness has admitted that DCB Crime Branch police had recorded her statement on 12.5.2002. She has admitted that she had gone to her brother's house near Jawannagar at around 9:00 to 9:30 in the morning. She has denied that her brother's house was next to Gopinath Gangotri Society.

103.48 She has stated that at around 3 o'clock they went from her brother's house towards S.R.P. Quarters. The witness has voluntarily stated that they were not permitted to enter the S.R.P. Quarters. Hence, they had gone back towards Gopinath Gangotri Society. There also, men had chased them away. From there they were sitting in the corner near Jaybhavani's house. At Jaybhavani's house a policeman came and told them "*come, let me take you for your safety*" and took them. She has denied that the policeman came near Jaybhavani's house at 6:30. She has admitted that the police had told them to come for their safety and that he would take them out from the Naroda road. She has admitted that they had followed him. The witness has voluntarily stated that many other people like them had also followed the policeman. She has denied that after coming out from Jaybhavani's house, they had started going towards an open ground next to Gangotri and Gopinath Society. She has admitted that there was a Hindu mob coming from the open ground also. She has denied that the mob from the open ground was comprised of around ten thousand to fifteen thousand people. She has stated that she does not know whether the mob was

comprised of one thousand people or whether the mob was comprised of five hundred people. She has stated that mob was not of five persons and has voluntarily stated that the road was small and that there were some people in the mob.

103.49 The witness has further stated that there were people wearing khakhi shorts and undershirts in the mob. She has voluntarily stated that there were mixed persons in the mob. She has denied that the mob which had come from the side of the open ground had attacked them. The witness has voluntarily stated that the mobs from both the sides had attacked them. She has denied that prior to the mob attacking them, no incidents had taken place. The witness has admitted that when the mob came she was sitting and hiding. The witness has admitted that at that time her daughter Reshma was assaulted. She has denied that Farhana was also killed at that time. She has denied that Farhana was assaulted with pipes and rods. The witness has admitted that in her statement dated 12.5.2002, she had stated that at 3 o'clock in the afternoon, people came from outside and were burning houses and hence, they came out and went to Gangotri Society behind their chawl and were sitting there till 6:30 in the evening and thereafter, a police man came there and told them to come with him and that he would take them from the road to Naroda, and hence, they had followed him and come out and at that time in the open ground, on the rear side there was a mob of persons and hence they told the policeman that they do not want to come there as the mobs had gathered there and that he should leave them back at Gangotri. In the meanwhile, the people from Gangotri and Gopinath Society also gathered on the road and the people from the opposite

side also came there, due to which, they were caught between the two mobs and in an open space, taking support of the compound wall, they hid themselves and the people in the mob which had come from the open ground, poured kerosene/petrol over them and set them on fire. At this time, both her daughters were with her. Her body had caught fire and started burning. At that time, she had told her younger daughter to hide behind the cabin and upon seeing her, the mob took her out and assaulted her and broke both her hands and her elder daughter was with her.

103.50 The witness has denied that in this statement, she has further stated that they pulled her (her elder daughter) from near her and took her outside and assaulted her with pipes and rods and killed her. The witness has voluntarily stated that she had specifically stated that Manu had pulled her elder daughter Farhana, however, she does not know what the police had written down. The witness has denied that in this statement she has not given the names of any accused to the police. The witness has denied that in the context of the accused, whom she has identified in the court, whatever she has stated about her near and dear ones and the incident that had taken place, she has not stated any such facts involving the accused in her statement.

103.51 The witness has denied that in her statement dated 12.5.2002 she has not stated anything regarding Farhana and Zarina being raped. She has also denied that she has not stated any facts regarding the incident of Gosiyabanu, Rabiyanu, Mumtazbanu, Akram, etc. The witness has denied that in her statement dated 12.5.2002, she has stated that she

does not know any of the accused and that till date, she was not in a position to identify any of the accused even if she saw them.

103.52 The witness has admitted that in her statement, she has stated that in her family, her elder daughter Farhana was killed and both the hands of her younger daughter were broken and her body was burnt and that she was injured. That she does not know any person in the mob and that she cannot even identify them if she sees them. The witness has stated that she wants to clarify that she has stated these facts in respect of the other people in the mob, other than those whom she knew. The witness has denied that she has not given the names of even those persons in the mob whom she could identify. The witness has voluntarily stated that she had given the names but does not know whether the person who had written down the statement has recorded it or not.

103.53 The witness is cross-examined with regard to her application Mark 644/08 as to who has written it down and where. The witness has identified her signature in the application Mark 644/08 and has stated that she had made this application to the SIT. The application is given Exhibit No.690. The witness is further cross-examined with regard to not having named the accused in her application or not having attributed any role to them. The witness has denied that in the application Exhibit-690, she has not made any averment to the effect that her earlier statements were not recorded as dictated by her. The witness has admitted that she had gone to record her statement before the SIT at Gandhinagar on 28.5.2008 and at the relevant time, she did not have any

problem. The witness has denied that before the SIT, she had stated that her earlier statements dated 3.3.2002, 22.4.2002 and 12.5.2002 were read over to her and that they were correct and proper.

103.54 The witness has admitted that in this statement she has stated that they had gathered at the spot where at present there is a police chowky and were watching the mob. The people in the mob were damaging the chawls and the carts and shops on the road near Noorani Masjid and were setting them on fire and the police were standing there. The police were releasing teargas in the direction where they were standing and were firing at the people belonging to their community. At this time, at around 9:00 to 9:30 in the morning in the firing, from their chawl, Khalid, Pirubhai and Abid Ali were injured by bullets. Abid died on the spot and Khalid and Pirubhai are alive. The people in the mob were wearing white undershirts and khakhi shorts and had tied saffron bands on their heads.

103.55 The witness has denied that she has stated that they all got separated. At this time, the mob severely assaulted her mother and burnt her, which she had seen with her eyes. Since it had become dark she could not recognise who was in the mob and her elder daughter Farhana was pulled away from her and was disrobed and killed. The witness has deposed that while stating so, she has also stated that Manu had pulled her daughter away and that he was also involved in assaulting and burning her. (It appears that the witness has mentioned the facts regarding Manu having pulled her daughter and assaulted her and that she had identified

him).

103.56 The witness has admitted that till 28.5.2008, when her statement came to be recorded, she had not seen her family members, namely, Mumtazbanu, Gosiyabanu, Farjana, Akram, etc. The witness has voluntarily stated that they had died in the incident so how could she see them.

103.57 The witness has admitted that in her statement recorded by the SIT, she has not stated the fact regarding her daughter Farhana being raped and has voluntarily stated that which mother would state such things about her daughter. The witness has denied that she has never seen Manu in the mob and had also not seen him committing any offence. The witness has denied that while dictating the statement, she remembered that Manu was there and hence she has given her name. She has voluntarily stated that she was sure that Manu was there and had given his name. The witness has denied that in her statement she has stated that while her statement was being recorded she had remembered that Manu Bhangi was also present amongst those who were pulling her daughter and taking her away and assaulting her. The witness has voluntarily stated that she has specifically given the name of Manu as being involved in this act. The witness has admitted that the SIT had read over her statement to her. She has admitted that in the statement she has also stated that three to four youths were pulling Zarinabanu from their chawl in front of her eyes and had disrobed her and raped her and thereafter had cut her hands. That she does not know these youths and that she cannot identify them if she sees them. The witness has denied that at the instance of leaders of her

community, she was falsely deposing and was suppressing the truth.

103.58 The witness has denied that she did not have any complaint against the investigation. There was no reason for her to make the application Exhibit-690 to the SIT. The witness has voluntarily stated that she wanted justice, which was the reason for her making the application.

103.59 The witness was confronted with her application dated 23.4.2002 to the effect that she has not stated that facts stated by her in the first eight lines of paragraph 7 of her examination-in-chief in such statement. The witness has been further confronted with the facts stated in paragraph 8 of her examination-in-chief to the effect that such facts have not been stated by her in her statement dated 12.5.2002. The witness was further confronted with her statement dated 22.4.2002 and to the effect the facts stated by her from the fourth to the seventh line of paragraph 8 of her examination-in-chief have not been stated by her in that statement. The witness was confronted with the last sentence of paragraph 8 of her examination-in-chief wherein she has stated that thereafter they had gone to a field in Jawannagar, to the effect that she has not stated such facts in her statement dated 22.4.2002. The witness was confronted with the facts stated by her in the first eight lines of paragraph 9 of her examination-in-chief, to the effect that she has not stated the said facts in her statement dated 12.5.2002.

103.60 The contents of paragraph 9 of the examination-in-chief of the witness from the third line to the eighth line and

the last five lines of paragraph 9 were read over to the witness to the effect that she has not stated such facts in her statements dated 22.4.2002 and 12.5.2002.

103.61 The contents of paragraph 10 from the sixth line to the twelfth line, were read over to the witness to the effect that she had not stated such facts in her statement dated 22.4.2002. The contents of paragraph 11 of the examination-in-chief of the witness were read over to her to the effect that she had not stated such facts in her statement dated 12.5.2002. The witness was confronted with the contents of the third line to the sixth line of paragraph 12 of her examination-in-chief, to the effect that she has not stated such facts in both her statements dated 12.5.2002 and 3.3.2002. The witness has admitted that she has not stated the contents of paragraph 14 of her examination-in-chief in any of her three statements dated 3.3.2002, 22.4.2002 and 12.5.2002. The witness is sought to be contradicted with the first three lines of paragraph 15 of her examination-in-chief to the effect that such facts have not been stated by her in her statements dated 3.3.2002, 22.4.2002 and 12.5.2002. The witness has denied that in her statements dated 22.4.2002 and 12.5.2002 she has not named Sahejad and Manu.

103.62 The witness has denied that in her statement dated 3.3.2002 and 12.5.2002 she has not given the names of the four accused in the context of the facts stated in paragraph 16 of her examination-in-chief.

103.63 The witness was further sought to be contradicted with the contents of paragraph 18 of her examination-in-chief

to the effect that she had not stated such facts in her statement dated 3.3.2002 and 12.5.2002. The witness has denied that in her statements dated 3.3.2002 and 12.5.2002, she has not informed the police that she knew Manu, Tiwari and Sahejad. The witness has denied that none of the offences mentioned by her have taken place in connection with her or any of her family members and that none of the accused whom she has identified before the court or who have died, were present at the scene of offence on the date of the incident and hence, in her dying declaration as well as in none of her police statements, she has named any accused. The witness has denied that she was falsely deposing at the instance of the leaders of her community.

103.64 PW-277 Shri M.T. Rana, the assignee officer has stated that he had recorded the statement of this witness on 22.4.2002. The assignee officer has admitted that this witness in her statement had stated facts regarding her daughter's clothes being pulled and she being raped and a dagger being stabbed in her abdomen, but she had not stated as to who had committed the act. The assignee officer has further admitted that this witness in her statement recorded by him had stated that she does not know the people who have raped her daughter. The assignee officer has denied that in none of her statements recorded by him, the witness had given the names of Jaybhavani and Tiwari and has voluntarily stated that this witness in her statement recorded by him had stated that the people in the mob were burning their people and she has clearly stated regarding the presence of Jaybhavani and Tiwari in that mob. The assignee officer has admitted that the witness has clearly stated that somebody from the mob had pulled her

daughter and taken off her clothes and had raped her and stabbed her in stomach with a dagger. He has further admitted that this witness had stated that in the mob she had identified Jaybhavani and Tiwari but, could not recognise the rest of the people in the mob. The Investigating Officer has further admitted that this witness has not stated the facts stated by her in the first seven lines of paragraph 7 of her deposition, wherein she has stated that on 28.2.2002, in the morning they woke up and had tea. Thereafter she herself had gone to fetch water for her family from the tap near their chawl. There, near the chawl, the people from the chawl had informed her that Hindu mobs have gathered near Noorani Masjid and are destroying and setting things ablaze and are setting stalls and carts on fire. They (the witness and others) had gathered next to where presently there is a police chowki and were standing there. The assignee officer has further admitted that this witness in her statement recorded by him has not stated that the people in the Hindu mob had instruments like swords, hockeys, pipes in their hands. The police were leading the mob and was driving them away and thereafter, they had gone to a field in Jawannagar. The assignee officer has further admitted that this witness has not stated the facts stated in paragraph 9 of her deposition to the effect that, "and that they had hurled abuses and had driven them away and told them that today they have to die. Thereafter, they had gone to Gopinath Gangotri Society near S.R.P. Quarters. There also they were not permitted to sit down and were shouting "hack, kill". They were not given shelter by anyone even there and thereafter, rags, stones and burning stones were prepared and were being thrown at Muslims from the S.T. Workshop. At this time, it was around 6 o'clock in the evening" had not been stated by the

witness in the statement recorded by him. The assignee officer has further admitted that this witness has not stated before him that her daughters were caught in the passage between Gangotri – Gopinath Society. He has also admitted that the witness has not stated before him that at that time, a police jeep had come and they had abused them and told them that whoever is alive should come out and that he was sending a truck. Thereafter, a truck had come. He has further admitted that this witness had not named Shahejad and Manu before him.

103.65 PW-278 Shri R. B. Joshi, the assignee officer, in his cross-examination has admitted that the witness has not named accused Manu in the statement recorded by him nor has she assigned any act or overt act to him. The assignee officer has stated that this witness had mentioned that her daughter's clothes were pulled and taken off and she was raped and a dagger was stabbed in her stomach, however, she has not stated that accused Manu had committed this act. The assignee officer has admitted that in the statement recorded by him, this witness has stated that her elder daughter was with her. She was pulled away from her and taken outside and was beaten with pipes and rods and was killed on the spot. The assignee officer has admitted that this witness has not stated before him that Manu had pulled her daughter and taken her away. The assignee officer has admitted that in her statement dated 12.5.2002 this witness has not given the name of any accused. The assignee officer has further admitted that on 12.5.2002 this witness had not stated anything regarding incidents of rape of Farhana and Zarina. He has admitted that the witness has not stated any fact regarding any incident of

Gosiyabanu, Rabiyanu, Mumtajanu, Akram etc. The contents of paragraph 8 of the examination in chief of the witness are read over to the assignee officer, who has admitted that such facts are not stated by the witness in her statement dated 12.5.2002. He, however, has pointed out that the witness had stated that at around 9:00 to 9:30 in the morning, the people in the chawl were shouting and saying, run a Hindu mob has come outside.

103.66 The first eight lines of paragraph 9 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that the witness has not stated such facts before him.

103.67 The last five lines of paragraph 9 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that such facts are not stated by her in the statement recorded by him.

103.68 The contents of paragraph 11 of the examination-in-chief of this witness wherein she has stated that at that time, a Hindu mob had pulled her mother Mumtaz and that they had killed her mother in front of her and set her ablaze. The assignee officer has admitted that these facts have not been stated by the witness in the statement recorded by him.

103.69 The contents from the third line to the sixth line of paragraph 12 of the examination-in-chief of this witness are read over to the assignee officer, wherein she has stated that her clothes had been taken off and four to five persons from the mob had raped her. The assignee officer has admitted that

such facts have not been stated by the witness in her statement dated 12.5.2002.

103.70 The contents of first three lines of paragraph 15 of the examination-in-chief have been read over to the assignee officer wherein the witness has stated that at this time a police jeep had come. They hurled abuses and told that whoever is alive should come, he is sending a truck. The assignee officer has admitted that such facts have not been stated by the witness in her statement dated 12.5.2002. She, however, has stated that the police had come with a truck and had taken her and her younger daughter to the Civil Hospital. In the opinion of this court, the fact regarding the police jeep coming and the police abusing them and asking those who are alive to come out and that they would send a truck, cannot be said to be an omission in the nature of contradiction, and hence, such question ought not to have been permitted to be asked.

103.71 The assignee officer has, in his cross-examination, admitted that this witness had not given the names of Sahejad, Tiwari, Jaybhavani and Manu.

103.72 The contents of paragraph 18 of the examination-in-chief of this witness are read over to the assignee officer wherein she has stated that her daughter Farhana was raped and was killed. From her family members, her mother Mumtazbanu, her daughter Farhana, her sister-in-law Gosiyanu, nephew Akram and her maternal aunt Rabiyanu were killed and burnt by the mob in front of her house. The assignee officer has denied that all the facts stated by the witness have not been stated by her in the statement

recorded by him and has stated that the witness has stated before him that her daughter was with her and that she was pulled away from her and taken outside and was killed by assaulting her with pipes and rods and that the other facts stated by the witness have not been stated by her in her statement.

103.73 The assignee officer has further admitted that in her statement before him, this witness has not stated that she knows Manu, Tiwari or Sahejad.

103.74 PW-296 Shri J. V. Surela, the assignee officer in his cross-examination has admitted that he has recorded the statement of this witness on 3.3.2002 at the Civil Hospital. The assignee officer has admitted that the witness has not named any accused in connection with the incident in the statement recorded by him. The assignee officer has admitted that this witness has stated before him that at around 6 o'clock, they were at home, at that time, a mob of many people came to their chawl screaming and shouting "cut", with sticks, pipes, cans of kerosene and petrol and entered the houses and starting looting them and hence, they all went out of the house. In the meanwhile, upon the police coming, the people in the mob fled and the police brought them for treatment and she and Reshma upon being brought to the Civil Hospital were under treatment.

103.75 The assignee officer has admitted that the witness has not stated certain portions of what is stated by her in paragraphs 12 and 15 of her examination-in-chief in the statement recorded by him, wherein the witness has stated

that her clothes were taken off and four or five persons in the mob had raped her. At that time, a police jeep came and abused them and told them that whoever is alive should come out, he was sending a truck.

103.76 The contents of paragraph 18 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that the witness had stated facts regarding her daughter Farhana being killed in her statement but the other facts have not been stated by her. He has further admitted that the witness had not stated before him that she knew Manu, Tiwari and Sahejad.

103.77 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 28.5.2008. He has admitted that this witness had stated before him that her earlier statements dated 3.3.2002, 22.4.2002 and 12.5.2002 are read over to her and the contents thereof are correct and proper. Since the statement under section 161 of the Code has not been used for the purpose of contradicting the witness, this part of the deposition is not admissible in evidence. The Investigating Officer has further admitted that this witness had stated that they all got separated. At this time, the mob had beaten up her mother and set her on fire, which she had seen with her own eyes. Since it was dark, she could not recognise as to who was there in the mob and her elder daughter Farzana was pulled away from her and was disrobed and was killed. While the statement is being recorded, she has remembered that when they were pulling her daughter and beating, Manu Bhangi was also there.

103.78 SUBMISSIONS: The learned counsel for the appellants-accused submitted that the first statement of the witness was recorded by the police (PW 296) on 3.3.2002; her dying declaration was also recorded on the same day, that is, on 3.3.2002. Thereafter another police statement was recorded on 22.4.2002 by PW 277, and her third statement was recorded on 12.5.2002 by PW 278 and lastly, her statement came to be recorded by the SIT on 28.5.2008 by PW 327.

103.79 It was pointed out that in her first statement dated 3.3.2002 recorded by PW 296, the witness has not named any accused, which fact has been admitted by her in her cross-examination (paragraph 76). In her second statement dated 22.4.2002, recorded by PW 277, there is a specific reference to two out of the four accused named by her, viz. Tiwari and Jay Bhavani, however accused Sahejad and Manu were not named by her at the stage. In the third statement dated 12.5.2002 recorded by PW 278, once again she has not named any accused. Reference was also made to the dying declaration recorded by the Executive Magistrate (PW 130) to point out that the witness has not named any of the accused. It was submitted that, therefore at the first available opportunity, the witness had not named any accused either before the police or the Executive Magistrate. It was pointed out that insofar as accused Manu and Sahejad are concerned they have been implicated for the first time before the SIT.

103.80 It was submitted that the witness has narrated four different incidents, namely:

(i) Stone pelting and pulling and killing of her mother-Mumtaz as well as causing injuries to Reshma, Gasiyabanu, Rabiabanu and Akram; for these incidents she has not implicated any one in her dying declaration or three police statements or any statement before the SIT.

(ii) Stripping of her daughter, raping her and causing injury. In her dying declaration and in her three police statements the witness has not made any allegations against the named accused. Only before the SIT, while her statement was being recorded, she has stated that she recollects the presence of Manu.

(iii) Zarinabanu Naemuddin Shaikh (PW 205) being stripped, raped and injured; however, there are no such allegations in the dying declaration, the three police statements or the SIT against anybody.

(iv) The witness has stated regarding having seen the accused as part of the mob setting persons on fire, however, in her dying declaration no name has been given, whereas, in first statement dated 3.3.2002 she has not named any accused, whereas in her second police statement dated 22.4.2002 which is recorded at the camp, the witness has named Jay Bhavani and Tiwari. In her statement dated 12.5.2002, she has not named any accused and then before the SIT she has named all the four accused.

103.81 It was submitted that so far as Tiwari is concerned, she has only named by his surname and not by his full name.

It was submitted that his identity and acquaintance of the witness is also not clear and no Test Identification Parade has been held. It was submitted that only by his surname it is difficult to fix identity that the person referred to by the witness is accused No.25 and no one else. It was submitted that in one of her statements, the witness has stated that she does not know the people in the mob, which is proved through the Investigating Officer concerned.

103.82 It was further submitted that the evidence of this witness as regards the time of the police firing is different from the version given by other witnesses. It was submitted that other witnesses have stated that it took place after 9:30. It was submitted that the witness does not say from where she saw the firing and timing of the firing is also incorrect, which creates doubt about her presence on the road. It was submitted that the witness has not stated anything about any attack on the Noorani Masjid and she also does not say as to when she went home and when her family joined her and the route she took for going to the Jawannagar pit.

103.83 Referring to contents of paragraphs 12 and 13 of her examination-in-chief, it was submitted that looking to the sequence of events as stated by the witness that she was also attacked and she was rolling on the ground, it would not be possible for her to see how Farhana was taken away and where. It was submitted that it is highly improbable that she could have seen what had happened to Farhana. It was submitted that in her examination-in-chief the witness has not stated that Manu was the person who had snatched Farhana away. Referring to paragraph 29 of her cross-examination, it

was pointed out that the witness has admitted that she had identified the accused by his voice. It was submitted that in such a serious offence such evidence cannot be relied upon. It was submitted that the incident of her daughter took place after the incident of her mother, and therefore, the witness could not have identified anyone nor could she have seen the incident. Secondly, a question arises as to whether she had actually seen the incident. In these circumstances, it was not possible for her to have seen the incident, and therefore, the witness is completely lying before the court. It was submitted that insofar as the evening incident is concerned the witness has admitted that at that time it was dark. Under the circumstances she could not have seen the weapons in the hands of the accused in the darkness. It was submitted that the witness has also stated that she had identified the accused by their voices, but has not stated that they were speaking so that she could identify them by their voices. It was submitted that except for the fact that the witness was injured and her younger daughter-Reshma was also injured, nothing can be believed from her evidence. Therefore, her evidence is neither reliable nor credit-worthy which can inspire the confidence of the court to rely upon in such a serious offence.

103.84 Reference was made to the contents of paragraph 116 of her cross-examination, to submit that the witness has made an application before the SIT stating that the accused are threatening her, whereas before the SIT, she has stated that she had not received any threats from any of the accused. It was submitted that the manner in which the application was made, and considering the fact that such application contained facts which were not correct, it is evident that there were some

interested parties who were tutoring the witnesses.

103.85 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness has named three accused persons and has identified all three of them in the dock. It was submitted that insofar as the incident of Farhana daughter of this witness is concerned, to more witnesses, viz. PW 85 and PW 198 have referred to the same and insofar as the incident of Zarina is concerned, the same finds corroboration in the testimonies of PW158 and 205. It was submitted that in the incident of Farhana, the witness has named three persons, namely, Tiwari, Sahejad and Manu. Insofar as Manu Bhangi is concerned, the witness has attributed overt act to him, which she had not stated in her 2002 statement. It was submitted that the place of incident is the same as per the testimonies of all the three witnesses so far as Farhana is concerned. It was submitted that the witness has also sustained burn injuries and she was in the hospital and her first statement was recorded on 3.3.2002. It was submitted that not naming the accused in the dying declaration or the first statement cannot be said to be a major contradiction since she has already given the explanation for not naming the accused, which is plausible and probable. It was argued that the omissions brought out in paragraphs 7, 8 and 9 of her examination-in-chief cannot be termed as contradictions since they do not affect the incident in question.

103.86 It was further submitted that even if there is some contradiction in respect of the incident in one or the other statements, it cannot be called a material contradiction which will affect the testimony of the witness insofar as the incident

in question is concerned. Therefore, the omission of certain sentences does not affect the prosecution case and in the last statement before the SIT, the totality of the case is mentioned and the accused cannot get any advantage for not mentioning the incident in the earlier statements as mentioned in the examination-in-chief. It was urged that this witness lost her mother and other relatives and an untoward incident has happened to her daughter, she cannot be disbelieved on some contradiction or omission as she has no reason to involve any accused wrongfully.

103.87 ANALYSIS: As pointed out by the learned counsel for the appellants/accused, four statements of this witness have been recorded by the investigating agencies. The first statement was recorded on 3.3.2002 at the Civil Hospital by PW 296 Shri J.V. Surela an assignee officer. On a perusal of the testimony of the assignee officer, it has been noticed that he has recorded statements of several witnesses on the same day at the Civil Hospital. The defence has brought on record the entire statements of the witnesses as recorded by the assignee officer, a conjoint reading whereof, shows that all the statements are identically worded, except for the names and addresses of the persons whose statements were recorded and the names of his/her family members and the injuries sustained by such persons and/or their family members, which gives reason to believe that such statements have been recorded mechanically and not in terms of what had been stated by the victims. While it is true that in the cross-examination of this witness, she has admitted that she had not given the name of any accused when this statement came to be recorded, it is equally true that she has stated that she was

under immense fear at that time. The witness has also stated at that time she had stated whatever little she could recall. The incident took place in the evening of 28th February, 2002 and her statement was recorded on the third day thereafter. Several members of her family were brutally murdered in the presence of the witness. Therefore, though the witness was conscious, it cannot be gainsaid that she must have been under a state of shock and fear. One can also take judicial note of the fact that the Muslims residing in the area had taken shelter in relief camps and it had taken them months to muster the courage to return back to their homes. Therefore, not naming the accused immediately after the incident, that too, considering the conduct of the police at the time of the incident and the manner in which the statements of the witnesses have been recorded by Shri Surela, would not render the evidence of the witness unreliable when she subsequently names the accused before the police, of course, depending upon the stage when she has named them. Moreover, the witness has denied having stated that in the meanwhile upon the police coming, the mobs had fled and the police brought them for treatment to the Civil Hospital in such statement, which indicates that such facts have been introduced by the assignee officer to show that the police had come to the rescue of the victims, which fact, is not supported by a shred of evidence. In the opinion of this court, considering the manner in which the first statement of the witness has been recorded, the same has to be ignored while considering the omissions and contradictions in the testimony of the witness.

103.88 Another aspect of the matter is that when several statements of a witness are recorded, the subsequent

statements are further statements wherein the witness would normally state what he or she wants to say in addition to what has already been stated by him or her in the previous statement. Therefore, non-mentioning what has already been stated in a previous statement cannot be said to be an omission or contradiction qua the subsequent statement. Despite this clear legal position, during the course of the cross-examination of the witnesses, the learned counsel for the defence have sought to bring out omissions and contradictions qua subsequent statements, even though there is no such omission or contradiction in the previous statement, thereby creating a lot of confusion and unnecessarily increasing the volume of the evidence. At this stage it was the duty of the prosecution to object to such questions being asked, however, (for reasons not far to seek, presumably because the remuneration of the prosecutors is fixed on a per day basis), it appears that the learned Special Public Prosecutor and the Assistant Special Public Prosecutors have not thought it fit to curtail the cross-examination to only that part which is admissible in evidence. Therefore, while appreciating the evidence of the witness, the omissions and contradictions in the subsequent statements, where there are no such omissions or contradictions in the previous statement, are required to be ignored. As regards the dying declaration of the witness, for the reasons recorded while discussing the topic of dying declarations, the same is required to be ignored.

103.89 Considering the evidence of this witness de hors that part of her evidence in respect of which the omissions and contradictions qua her statement dated 22.4.2002 have been brought on record and proved together with the facts elicited

by the defence in her cross-examination, what emerges is that on the day of the incident, that is, 28.2.2002, the witness had come on the road and had seen the police with the Hindu mobs. The police were firing at the Muslims and committing atrocities on them. The police was lobbing tear gas at the Muslims. The police had also resorted to firing wherein three persons, viz., Abidali, Khalid and Piru were injured. Abid died on the spot. The people in the mob were shouting "kill, hack" and some of them were wearing white undershirts and khakhi shorts and had tied saffron bands on their heads. The witness and other Muslims went inside the chawls and the people in the mob had started setting their chawls on fire and damaging them. This had happened at around 2:00 to 3:00 in the afternoon. Thereafter, they (the witness and others) started going from there towards the S.R.P. Quarters, but were not permitted to enter inside. Thereafter, they went and sat near Jaybhavani's house. While they were sitting there, a policeman came and told them that for the purpose of their safety, they would take them in vehicles. Believing this to be true, they (the witness and others) went with the police, but there was a huge mob of Hindus. At that time, on the other side also, there was another huge mob of Hindus and they got surrounded by both the mobs. At the time when they were surrounded, both her daughters, her brother, sister-in-law, mother and nephew Akram were with her at the spot. Thereafter, there were shouts of "kill, hack" and they got separated. Her two daughters and her mother Mumtaz were with her.

103.90 At that time, the Hindu mob pulled her mother Mumtaz and killed her in front of her eyes and set her ablaze. Both her daughters were also with her at that time and the

people in the mob pulled her daughter Farhana from her and took off her clothes and four to five persons in the mob had raped her. Pipe blows were inflicted on both the hands of her younger daughter Reshma and her hands were fractured. The people in the mob had poured petrol on the back as well as hands of the witness and set her ablaze. At that time, she had rolled on the ground to extinguish the fire. Her younger daughter was also with her and both of them had rolled on the ground. Thereafter, those who were alive were taken in a truck to the Civil Hospital, where they reached at around 9:00 to 9:30 at night. In the mob, the witness had seen Jaybhavani and Tiwari (A-25). Though the witness had named accused No.26 Sahejad and accused No.28 Manu in her deposition as well as in the statement recorded by the SIT, she has not named them in any of her three police statements. On behalf of the prosecution, it has been contended that if certain facts are stated in the subsequent statement recorded by the SIT, the same are required to be taken into consideration while deciding as to whether or not there are any omissions or contradictions in the testimony of the witnesses. In the opinion of this court, the statement has been recorded by the SIT at a much belated stage, after more than six years of the incident. Therefore, when prior thereto, two statements of the witnesses have been recorded wherein the names of some of the accused have also been recorded, there is no reason to believe that though the witness has named some more accused, the police had not taken them down, more so, considering the fact that the accused who are named subsequently are ordinary people and not persons who could have influenced the investigating authority. Besides, the names of these very accused have been recorded in the statements of other

witnesses. Therefore, if such names had been stated by the witness, there was no reason for the concerned officer not to have recorded their names. Therefore, when such names have been stated at a highly belated stage and considering the fact that the applications made to the SIT were drafted by unknown parties and various facts not stated by the witness were stated in the applications, chances of the witness having given such statements after some tutoring cannot be ruled out. Therefore, it would be hazardous to base a conviction on the basis of the evidence which has come on record at a much belated stage, more so, in the background discussed hereinabove.

103.91 From the testimony of the witness, it also further emerges that amongst her family members, her mother Mumtaz, her daughter Farhana, her sister-in-law Gosiyabanu, nephew Akram and maternal aunt Rabiyanu were killed by the mob in front of her.

103.92 As regards the contention that the witness has admitted that in her statement dated 12.5.2002 she has stated that she does not know the names and other details of the persons in the mob and cannot recognise them even if she sees them, which renders nugatory the naming of the accused in her statement dated 22.4.2002, the same has to be considered in the light of the explanation that follows, namely that this part of her statement was with reference to the people in the mob, other than those whom she could identify.

103.93 The graphic description of the incident of rape as has been brought out by the defence in the cross-examination of this witness has a ring of truth in it. The fact that the witness

has been able to withstand even this kind of cross-examination concerning her daughter which must have been sheer torture for her, shows the dogged resolve of a mother to bring justice to her daughter even if she has to reveal facts which no mother would ever want to reveal about her daughter. One can only imagine the depths of despair and the agony that the mother must have felt while having to depose such facts before the court. There is no reason whatsoever for the court to discard this part of the evidence of the witness, more so, when it has been elicited by the defence in her cross-examination. In a case like this where the role of the police is suspect, where the trial court has totally discarded the statements recorded by the police at the relevant time, the court would be cautious in accepting the version given by the concerned police officer at face value. When the police, on account of their conduct lose their credibility, the contradictions/omissions brought out qua the statements recorded by them would pale into insignificance and the court would evaluate the evidence of the witness according to his/her credibility.

103.94 From the testimony of this witness, the prosecution has proved that the witness's daughter was brutally raped by the mob. It is further proved that Jay Bhavani (deceased) and Tiwari (A-25) were also present in the mob during the evening incident.

104. **PW-107 Mohammadbhai Kalubhai Khalifa**, aged 55 years, has been examined at Exhibit-698. This witness has deposed that he used to reside at *Hussainnagar, Next to S.T. Workshop, Naroda Patiya*, at the relevant time. His family was

comprised of his wife Nasimbanu and three children – Mohsin, Wasim and Imran. The incident took place in the second month of the year 2002. On that day, there was a call for Gujarat bandh. On that day, he was at home with his family. At around 10:00 to 10:30, the mobs had gathered and were shouting kill, hack. The people in the mob were shouting, kill, hack the bandiyas. The mob was pelting stones and was comprised of ten to fifteen thousand people. They were trying to save their children. They locked their houses and took their family and started running towards S.R.P. Quarters. His family had gone a bit far from him and he was left alone. They were stealthily going to School No.10. He had hidden himself in the school and stayed there for three days. He had met his wife and children at S.R.P. Quarters, whereafter he had gone to the Naroda police chowky. He had first gone to the excise chowky, and from there, he had gone to the Naroda Police Station, from where they were taken to the Shah Alam relief camp.

104.1 The witness has further stated that in the mob, he had seen **Bhavani, Dalpat Chhara, Bipin Autowala, P. M. Shah**, who is an S.T. employee and **Gohel Jamadar**. Bhavani had a pipe, Dalpat had a sword, Bipin Autowala had a revolver, Gohel Jamadar and P.M. Shah were giving diesel and kerosene to the persons in the mob, and they were shouting “kill, cut”. After seeing all this, he had gone to the S.R.P. Quarters.

104.2 The witness has stated that he has sustained a loss of around one and half lakh rupees due to the damage caused to his house. The witness has stated that the facts stated by him before the court are as stated by him in his statement recorded by the police which was recorded at Naroda Patiya.

His statement was also recorded at the relief camp, which was frequently visited by the police. They were the D-Staff policemen. The witness has stated that he had also made an application, whereafter he was taken to Gandhinagar and was interrogated and he had stated the facts as stated by him before the court. The witness has stated that as per his knowledge, Dalpat Chhara and Jaybhavani have died and that he can identify Bipin Autowala and P. M. Shah. The witness has, thereafter, identified Bipin Autowala (Accused No.44) correctly and has stated that he could not see the S.T. employee P.M. Shah.

104.3 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that he was residing in Hussainnagar since October, 1983. He was residing in Lane No.1. The witness is cross-examined with regard to the topography of the area. The witness has denied that in the morning between 10:00 to 10:30, both the communities were pelting stones at each other and has voluntarily stated that they (the Hindus) were pelting stones at them. He has also admitted that no member of his family has sustained any kind of injury in the incident. In his cross-examination, he has stated that when he was saying that he was stealthily going, at that time, he was hiding against the S.T. wall. From 10:30 in the morning till 5:30 in the evening, he had hidden himself near the S.T. wall and at that time, other Muslims were also standing with him near the wall. The witness has admitted that the place where he was hiding was an open space and not a closed space and has admitted that the mob has not caused any injury to him. In the cross-examination of this witness, it has come out that he had gone to School No.10 from the road

behind the S.R.P. wall, where there is a wire fencing. From the S.T. to school No.10, there is a society in between. The witness has admitted that while passing from the society, the mob had not caused any injury to him, but has voluntarily stated that they had injured others.

104.4 The witness has further admitted that on the day of the incident, the mobs were coming from the direction of Krushnanagar, Patiya as well as the canal and that the mobs were coming from all four sides. The witness has admitted that since he was running around and was hiding, he does not know exactly from which side, the mobs were coming. The witness has stated that he has seen the canal and has admitted that the mobs were coming from the side of the canal and has thereafter stated that three Marathas with swords were standing. The witness has denied that he has not seen Bipinbhai in the mob on that day.

104.5 The witness is shown his complaint application together with the loss damage analysis form which is jointly exhibited at Exhibit-699. The witness has admitted the contents of the complaint application Exhibit-699.

104.6 The witness has admitted that the person whom he knows as P. M. Shah is not present in the court. The witness has further admitted that in his statements dated 13.5.2002 and 14.5.2002 recorded by the police, he has not stated that the mobs were saying, hack and kill the bandiyas. The witness has further admitted that in his statements dated 13.5.2002, 14.5.2002, 22.10.2008 and 31.5.2008; he has not referred to the fact about having stayed in the school on the day of the

incident. The witness has stated that in his statements dated 13.5.2002 and 14.5.2002, he has stated that they had gone to school No.10 and hidden there, but has not stated that he had stayed there for three days.

104.7 The witness has admitted that in his statement dated 13.5.2002, he has not named P.M. Shah and Gohel Jamadar. The witness is contradicted with his statements dated 13.5.2002 and 14.5.2002 to the effect that he had not stated that Bhavani had a pipe, Dalpat had a sword and Bipin Autowala had a revolver. The aforesaid omission is brought out only to the extent of the weapons which the accused are stated to be holding.

104.8 The witness is shown the application made by him to the SIT and he has admitted his signature thereon. The same is exhibited at Exhibit-700. The witness has denied that there was no special reason for his making the application and has voluntarily stated that since he had not received compensation for the damage sustained by him, he had made the application and that the SIT had recorded his statement at Gandhinagar and that he had given his statement to the effect that he should get the compensation.

104.9 The witness has admitted that he had no talking relations with the accused and that from the time he gave his complaint, till date, he has not met the accused and had no occasion to meet them. The witness has denied that on the day of the incident, the Muslim mobs had gathered near Noorani Masjid and he was standing there with a sword. He has admitted that on the date of the incident, the Muslim mob had

attacked the Hindus to protect Noorani Masjid. He has denied that the Muslims had pulled and brought a boy by the name of Ranjit. The witness has stated that he does not know and has not seen that on that day, a vehicle TATA 407 had driven through the Hindu mobs and two Hindu boys had died in the incident. In his cross-examination, it has come out that he knew Bipinbhai since four to five years prior to the incident. He knew him because he had a garage. The witness has denied that on the date of the incident, at around 11:30, Bipin Autowala had been set on fire. The witness has denied that Bipin Auto Garage had been burnt by the Muslims on the day of the incident and that he too was amongst them. The witness has denied that since Bipin Autowala had lodged a complaint wherein many Muslims had been named, he too has been tutored to give the name of Bipin Autowala and that with a view to repay the obligation of the Islamic Relief Committee which had given him a house, he was falsely deposing before the court.

104.10 To bring out the contradictions and omissions in the testimony of the witness, the defence has cross examined the PW-300 Shri N.S. Malek, the assignee officer of the concerned Investigating Officer who had recorded the statement of this witness. In his cross-examination, the assignee officer has admitted that he has recorded the statement of this witness on 14.5.2002. The assignee officer has admitted that this witness at the time of recording his statement, has not shown to him any complaint recorded by the Naroda Police Station from the Crime Branch. He has admitted that the witness had not stated before him that the people in the mob had shouted "kill, hack the bandiyas". He however, has stated that the witness had

stated before him that they were shouting “kill” “hack”. The Assignee Officer has admitted that this witness has not stated that Bhawani, Dalpat or Bipin had weapons with them. He, however, had given the names of all the accused.

104.11 PW-307 S. S. Chudasama, the Investigating Officer has admitted that a statement of this witness was recorded by Shri A. A. Chauhan (now deceased) on 13.5.2002. The Investigating Officer has denied that this witness in his statement dated 13.5.2002 has not stated the facts regarding Bhavani having a pipe, Dalpat having a sword and Bipin Autowala having a revolver. He has clarified that the witness had not stated that the accused had weapons with them, however, the witness had stated that Bipin Autowala was present and that he was in the mob and that he had also given the name of Dalpat Chhara, Bhavani Chhara etc. in his statement.

104.12 SUBMISSIONS: The learned counsel for the appellants- accused submitted that the witness was residing at Hussainnagar since 18 years prior to the incident. The witness has named accused-Bhavani, Dalpat Chara, Bipin Autowala, P.M. Shah and Gohel Jamadar. It was submitted that no person like Gohel Jamadar is an accused in this case. Reference was made to paragraphs 16 and 17 of the cross examination of the witness wherein the witness has stated that he had hidden against the S.T. Compound wall from 10:30 in the morning till 6:30 in the evening, to submit that having regard to this factual situation, namely, that the witness remained near wall for the entire day, it is not possible that he would not have sustained any injury. It was submitted that the printed

complaint of this witness is exhibited at Exhibit 699, wherein no names of any accused are mentioned. It was submitted that the witness has admitted the contents of his complaint application- Exhibit 699, wherein he has only referred to persons, viz. Chharas and Sindhis, whereas in his deposition he has implicated five persons. It was submitted that accused Bhavani, Dalpat and the other three persons are neither Sindhis nor Chharas. It was pointed out that so far as accused P.M. Shah is concerned, the witness has admitted that he has not named him and therefore, not identified him. Gohil Jamadar is not an accused. Bipin Autowala is neither a Chhara nor a Sindhi. Reference was made to the testimonies of the concerned Investigating Officers, who had recorded statements of this witness to bring out contradictions in the statements of witnesses. It was pointed out that in his statement dated 13.5.2002, the witness has only referred to the presence of Bipin in the mob, which is proved through the testimony of PW-307. It was submitted that the witness had only given the name of the accused and had not attributed any weapon; however, for the first time, before the SIT, the witness has come up with an improved version that Bipin had a revolver with him. It was submitted that it was very doubtful whether the witness, in fact, had witnessed anything.

104.13 It was submitted that the witness was hiding near the wall with other witnesses and does not refer to any incident having occurred. It was submitted that when two persons have been killed on the road, it is difficult to understand how the witness had escaped despite the mobs being there. It was accordingly contended that this witness could not have seen anything.

104.14 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness is a natural witness and has seen the incident. No material contradiction or omission has been brought out in his cross-examination and his version is consistent right from 2002. It was submitted that this witness is a believable and credible witness and his evidence cannot be brushed aside on any ground whatsoever.

104.15 ANALYSIS: From the testimony of this witness it emerges that the witness has seen that the mobs had gathered on the highway at 10:00 to 10:30 in the morning and were pelting stones. In the mob he saw Bhavani (deceased), Dalpat Chara (deceased), Bipin Autowala (accused-44), P.M. Shah (accused-57) and Gohil Jamadar (not an accused). The witness has identified Bipin Autowala before the court.

104.16 In his cross-examination, the witness has admitted that he had not named P.M. Shah and Gohil Jamadar in his statement dated 13.5.2002 recorded by the police. In his cross-examination a contradiction has been proved to the effect that he had not attributed weapons to the accused in either of his statements dated 13.5.2002 or 14.5.2002. The witness has admitted having given a complaint and has also admitted the contents thereof. The witness has admitted having stated the facts in his complaint. In the complaint he has not named any accused, but has referred to the presence of Sindhis and Chharas. However, the witness is consistent insofar as he has implicated Bhavani, Dalpat Chara and Bipin Autowala, in his statement dated 13.5.2002. The acquaintance with accused No.44 Bipin Autowala has been brought out in the

cross-examination of the witness. Therefore, to that extent the witness appears to be credible. Thus, through the testimony of this witness, the prosecution has proved the presence of Bipin Autowala in the mob in the morning. However, considering the fact that this witness in his complaint-Exhibit 699, has not mentioned the names of any accused, but has named them only in his statement dated 13.5.2002, the court would look for corroboration as far as his testimony against Bipin Autowala (A-44) is concerned.

105. **PW-108 Iqbalhussain Amirmiya Kureshi**, aged 41 years, has been examined at Exhibit-702. This witness has deposed that in the year 2002, he was residing at *Pandit-ni-Chali, Next to S.T. Workshop at Naroda Patiya* and his family was comprised of his son Sabirhussain, daughters Sahistabanu and Shanabanu and his wife and grandmother.

105.1 The incident took place on 28.2.2002. On that day, there was a call for bandh. On the day of the bandh, at around 8:30 in the morning, he went for his work to Naroda GIDC. At his work place at GIDC, he received a phone call from his wife Sairabanu, at the factory, that the mobs had gathered near Patiya and hence, he should quickly come home. He, therefore, took his cycle and returned home. While coming home, he saw intense stone pelting at the Patiya Circle.

105.2 The witness has deposed that while he was passing, in the mob he saw **Pappu Sindhi, Manojbhai** (accused No.41) and **Bipinbhai** (accused No.44). Thereafter, while he was going, there was cross-stone pelting. Thereupon, he went home and to save the lives of his children, he went near

Hussainnagar with his family. At that time, his wife, two children, his grandmother and his sister and brother-in-law, were there with him.

105.3 The mob was coming forward and they (the witness and others) were going towards Jawannagar. At that time, there was stone pelting from the S.T. Workshop. He had heard the people in the mob addressing P.M. Shah and asking him to throw stones and rags on that side.

105.4 They went and hid in the house of Abdulbhai Ghadiyali in Jawannagar till 5 o'clock in the evening, when a huge mob came and there was stone pelting. Whereupon they escaped and went near the S.R.P. Quarters compound wall. Thereafter, they climbed on a terrace of Gangotri Society. They along with many people of their community, hid on the terrace. At 1 o'clock at night, a vehicle came from outside. After ascertaining as to whether it was a police vehicle by certain persons from amongst them, they went to the Shah Alam Relief Camp in that vehicle.

105.5 His mother and father were both lost in the incident and they found them after four days. His mother had sustained injuries on both her hands on account of some chemical being thrown on her and his father had sustained a stone injury on head. Both of them had taken treatment at the Shah Alam camp. He sustained a total loss of around rupees two lakh. The witness stated that whatever he has stated before the court, he had stated in his police statements which were recorded at the Relief Camp as well as at Naroda Patiya. The witness has stated that he can identify Manoj, Pappu and Bipinbhai. The

witness has identified both Bipinbhai (A-44) and Manojbhai (A-41). There is no accused by the name of Pappu.

105.6 CROSS EXAMINATION: In the cross-examination of this witness, it has come out that his wife must have made a phone call to him between 9:00 to 9:30 in the morning. The distance between his home and the GIDC area is around two kilometres. While he was coming back from the GIDC on the date of the incident, from the Naroda Baithak to the thread factory, people had gathered in small groups. He has admitted that on that day, there were mobs at Naroda Patiya and Krushnanagar. The witness has voluntarily stated that Krushnanagar is a distant area, whereas the mobs were near Naroda Patiya and the S.R.P. Quarters. He has stated that when he came on bicycle, he was very frightened. His daughter, who was around six to seven years old, was lost and he was searching for her and he found her on another terrace, while he could not find his parents.

105.7 The witness has admitted that in his anxiety, he did not know as to from which direction, the mob was coming. The witness has voluntarily stated that he knows that much that Hussainnagar is opposite S.T. Workshop and there was more stone pelting there. From there, they had gone to Jawannagar where the Muslims were hiding in a house, where they had also hidden.

105.8 They had stayed there till around 5 o'clock in the evening when a huge mob had come. The witness has stated that he knew that it was Abdulbhai's house, however, he cannot say as to how many people had taken shelter there, but

Abdulbhai's house is a big house.

105.9 The witness has admitted that from Jawannagar, they had gone to Gangotri Society, but has voluntarily stated that they had gone through the headquarters compound wall. The witness has admitted that when they went to Gangotri Society and took shelter there, none of the residents of Gangotri Society had caused them any injury. The witness has admitted that they were hiding on the terrace in such a manner whereby nobody could see them and has voluntarily admitted that the mob was on the other side and had not come inside Gangotri Society. The witness has admitted that there is a pit behind Gangotri Society which is at a distance of around half a kilometre. The witness has admitted that the terrace where they took shelter was towards S.R.P. Quarters. The witness has admitted that till 12.5.2002 when his statement was recorded, he has not stated these facts before anyone at the camp.

105.10 The witness has stated that when he returns from his factory, Naroda Patiya area comes prior to his reaching the chawl. The witness has admitted that at Naroda Patiya, there are roads going towards Naroda Gam, Kubernagar city and Narol. The witness has stated that in this area, he had firstly seen a mob at Naroda Patiya at S.T. Workshop. The witness has admitted that except for the mob at S.T. Workshop, he had not paid attention to any other mob. The witness has stated that from Naroda Patiya Circle, he had come through the mobs wherever he found space. He has stated that the mob was comprised of about ten to twelve thousand people and that the mob was spread around the entire circle.

105.11 The witness has admitted that some of the people in the mob had tied cloths around their faces and has denied that all the persons in the mob had tied cloths around their faces.

105.12 The witness is thereafter sought to be contradicted by his statement dated 12.5.2002 wherein he has stated that they had gone to Gangotri Society and at that time, the people in this mob had burnt people alive in their chawl and had hacked and thrown them. The people in the mob had covered their faces with cloths. [It may be noted that the witness, in his examination-in-chief, has not narrated any facts with regard to he having seen the mob burning anyone alive and hence, there was no question of putting any such a query to him. Therefore, when there was no contradiction, the extracted part of the statement recorded by the police could not have been put to the witness by way of contradiction.]

105.13 The witness has stated that while returning from the S.T. Workshop, he had not seen any firing taking place. The witness has further admitted that even at the time of going to the factory, he had not seen the firing.

105.14 The witness has stated that the persons whom he had identified were part of the mob at the S.T. Workshop. The witness has admitted that the statement recorded by the SIT at Naroda Patiya was as stated by him.

105.15 The witness is confronted with his statement dated 12.6.2008 to the effect that he has stated that he knows Manoj

Sindhi and Bipin Autowala very well and that they must have been in some other mob and that they were not in the mob which he had seen at the cross roads in front of the workshop. The witness has voluntarily stated that he had only stated that they were in the mob and that he had not stated that they were not in the mob which he at the cross roads opposite the workshop.

105.16 The witness has admitted that he had seen Manoj and Bipin Autowala in the morning mob and that thereafter, during the entire day, he had not seen them. The witness has voluntarily stated that he was engaged in hiding himself. The witness has stated that he does not know P.M. Shah. The witness has admitted that he had seen Bhavanising just standing near his house. The witness has denied that he does not know Pappu Sindhi. He has stated that an identification parade had been carried out in front of the Executive Engineer to identify Pappu Sindhi; however, he had not identified him. The witness has admitted that he himself had not personally seen P. M. Shah and that the mob was shouting about P. M. Shah and he does not know him. The witness has admitted that when he went from near Naroda Patiya in the morning, there was stone pelting from both the sides, viz., the Hindus and the Muslims, and that the time must have been around 9:30 to 9:45 in the morning. In the cross-examination of this witness, it has further come out that there was no traffic on the road on account of the mobs from all four sides.

105.17 In the cross-examination of this witness, it has further come out that after he reached home he had gone towards Hussainnagar at around 11:00 to 11:15 in the

morning. They had stopped on the road of Hussainnagar ni-Chali, where they stayed for about one to two hours. He has admitted that while they had stayed at Hussainnagar for two to three hours, none of them had sustained any injury or damage and that there was no other problem in the chawls till they were there. Thereafter, the mob had come from Hussainnagar to Jawannagar which was at around 3 to 4 o'clock. They must have stayed at Jawannagar for around two to three hours and till then, no one had sustained any injury and that till they were at Jawannagar, he had not seen any incident occur. Thereafter, upon the mobs coming at their side at around 5 o'clock, they had gone to the S.R.P. wall where they had stayed for approximately half an hour. The witness is cross-examined with regard to the topography of the area. The witness has stated that they had gone to the Jawannagar Khada at 5 o'clock in the evening, and that till 5 o'clock, he had not seen any incident in the Jawannagar Khada. The witness has denied that Manojbhai and Bipin Autowala were not there and that he was falsely deposing. The witness has admitted that he had relations of taking videos, with Manoj Videowala and his brother Pappu Sindhi and that Pappu Sindhi used to rent out videos and occasionally they used to call Pappu to their chalis with the video and cassettes. The witness has admitted that when they rented video, they were required to pay the rent and has denied that since Pappu was demanding money for the videos which he had rented on occasions, there were altercations and disputes. The witness has admitted that he had no relations with Manoj Videowala and his voluntarily stated that he is the owner of the video. The witness has admitted that he knows Manoj as the owner of the video and that he did not have any relations of talking with

Manoj and that on any personal occasion, he had not met Manoj. The witness has admitted that the entire management was carried out by Pappu Sindhi as per his information. The witness has denied that on account of the disputes with Pappu, he had wrongly implicated both Pappu and his brother Manoj and that he had not seen Manoj or Bipin in the mob. The witness has admitted that till date, the police had not got any test identification parade of Manoj or Bipin carried out through him and has further admitted that his family has not sustained any injury or loss of life. The witness has admitted that in the year 2002, there was no divider in the middle of the road and that there was nothing which could separate/divide the incoming and outgoing traffic on the road in the year 2002.

105.18 The witness has denied that in none of his statements he has stated that while returning he had seen that there was intense stone pelting at the Patiya circle and while he was passing by he has seen Pappu Sindhi, Manojbhai and Bipinbhai in the mob. The witness has voluntarily stated that he had stated so in one of his statements and thereafter he may not have stated so. It has been clarified that the contradiction is only as regards having seen the accused at Patiya circle.

105.19 The witness has admitted that in his police statement as well as the statement before the SIT, he has not stated as to which accused he had seen at what time. The witness has voluntarily stated that he has no exact impression of the time on the date of incident. He has denied that he has not stated which accused he had seen at which place and has stated that he has stated that he had seen them in the mob at

S.T. Workshop and the Patiya. The witness has stated that he has seen accused Manoj near the Patiya Circle, whereas he has seen Bipin on the side of Krushnanagar near the Auto Consultant shop. The witness has admitted that the mobs at Patiya Circle, Krushnanagar, Bipin Auto Consultant and S.T. Workshop were different. The witness has admitted that the mob from Krushnanagar was comprised of approximately ten to fifteen thousand people. He has stated that on the road near Sikandar Khabadi's place, near the S.R.P. Headquarters, there was a huge mob. The witness has stated that he has not seen that at that time, Bipin Auto Consultant Show Room was burning. The witness has admitted that the S.R.P. Headquarters, Patiya Circle and S.T. Workshop are different places and has voluntarily stated that all of them come in a large circle. The witness has stated that he has seen stone pelting against each other from the Noorani Masjid, the place where there is presently a Tent Chowky as well as Krushnanagar. The witness has admitted that except for Pappu, in none of his statements, he has given physical description or identification of any person and has voluntarily stated that he was answering whatever the officers were asking. In the cross-examination of the witness, he has further admitted that while he was returning, no one had stopped him on the road. The witness has denied that while coming from the Patiya, he had gone through the Noorani Masjid and has voluntarily stated that there were mobs near Noorani Masjid and hence, he had gone home from the said of the road. The witness has admitted that at that time, he had not seen any police firing at that spot. In the cross-examination, it has further come out that at the time when he saw Bipinbhai, his father had sustained a stone injury. Hence, he had gone there

and upon the mob coming nearby, he had seen Bipinbhai. His father was near Sikandar-ni-Kabadi, near Krushnanagar. The witness has stated that the distance from his house to Sikandar-ni-Kabadi is about five to seven minutes. The witness has denied that as the Muslim people of Jawannagar had attacked Gangotri Society, the society was empty. The witness has denied that the Muslims from Chetandas-ni-Chali, Hussainnagar, Pandit-ni-Chali and Jawannagar had gathered together and set Bipin Auto Consultant on fire and that he too was involved. The witness has stated that he knows Bipinbhai since many years; however, there was no occasion for him to go to his auto garage. The witness has admitted that the Islamic Relief Committee has given him a house at Citizennagar and he has not paid anything towards the same. The witness has denied that he had given the names as per the say of the Islamic Relief Committee and that at the Shah Alam Relief Camp, they had decided that the name of Bipin Autowala should be given and hence, he was giving his name and that he had not seen Bipinbhai on the date of the incident, despite which he was falsely giving his name.

105.20 To bring out the contradictions and omissions in the testimony of this witness qua his statement under section 161 of the Code, the defence has cross examined the concerned police officer.

105.21 PW-301, Devendragiri Himmatgiri Goswami, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 12.5.2002. The assignee officer has admitted that this witness had stated before him that when they had gone to Gangotri Society, at

that time, this mob had burnt people alive in their chawls and had hacked them and that the people in the mob had tied cloths over their faces. The assignee officer has admitted that the witness has not stated before him as to where the people were in the mob.

105.22 The assignee officer has admitted that this witness has not mentioned before him that he had seen Pappu Sindhi, Manojbhai and Bipinbhai in the mob at the Patiya Circle. He, however, has clarified that the witness has stated before him regarding having seen three accused together with the other accused. The assignee officer has admitted that the witness has not stated before him as to where he had seen the accused and that he had also not stated before him that his mother and father had availed treatment at the camp as regards the injuries sustained by them.

105.23 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statements of this witness on 12.6.2008, 25.6.2008 and 18.10.2008. The Investigating Officer has admitted that this witness had stated before him that he knows Manoj Sindhi and Bipin Autowala very well. However, they must have been in some other mob and that they were not in the mob which he had seen opposite Workshop at the crossroads. He has further admitted that this witness in his statement dated 10.8.2002 had stated that the earlier statement recorded by the Crime Branch as well as recorded by the Investigating Officer have been read over to him and they are correct and proper. Once again, this part of the deposition is not admissible in evidence, as the same has not

in any manner used to contradict what is stated by the witness in his examination-in-chief.

105.24 The last part of paragraph 3 and the beginning of paragraph 5 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the witness had not stated before him that he had seen the accused at Patiya Circle. The Investigating Officer, however, has voluntarily stated that he had mentioned that they were in front of the Noorani Masjid and as described by the witness, he had mentioned that he has seen Manoj Sindhi, Bipin Auto and at the S.T. Workshop he had seen P.M. Shah as well as Bhavanisingh in the mob.

105.25 SUBMISSIONS: The learned counsel for the appellants-accused invited the attention of the court to various contradictions and omissions in the deposition of the witness. It was submitted that this witness has involved four persons in his examination in chief, but he does not know P.M. Shah, as admitted by him. It was submitted that there is no accused by the name of Pappu Sindhi, which leaves only two out of four accused named by him, namely, Manoj and Bipin. It was submitted that so far as these two accused are concerned the only allegation is that they were seen in the mob at Patiya Circle, however, at what point of time he had seen them is not coming on record. It was submitted that the witness wanted to convey that there was major stone pelting at Patiya Circle and he has seen all the three accused in that mob. It was submitted that however, the witness has not stated this fact either in his police statement dated 12.5.2002 or in his statement dated 12.6.2008 recorded by the SIT. It was

submitted that in his cross examination, the witness has very conveniently stated that all the three accused were seen in different mobs at different places, which contradicts the witness' evidence in his examination-in-chief. It was submitted that admittedly, no overt act is attributed to either of the accused, nor is any weapon is attributed.

105.26 Before the SIT, the witness has stated that he did not see Manoj and Bipin in the mob at the crossroad opposite to the S.T. Workshop, which destroys the prosecution case. As far as this witness is concerned it was submitted that even in his cross examination Bipin's presence near Bipin Auto is found even then it is natural and possible, because he is the owner of Bipin Auto.

105.27 It was submitted that insofar as accused-Manoj is concerned there was no acquaintance with Manoj as per the evidence of the witness and when the witness does not refer to the names of the accused in full, in the absence of a Test Identification Parade, it is doubtful whether he is referring to the same accused and that their identity is in question. It was submitted that this witness had never talked with Manoj, had no relations with Manoj, in these circumstances, he could not have identified Manoj in the mob.

105.28 It was submitted that the witness first says that he saw Bipin in a mob at Patiya Circle; thereafter he says that he saw Bipin in a mob at Krishnanagar. In his examination-in-chief he has stated that he saw Manoj and Bipin at Patiya Circle in the mob, whereas in paragraph 30 he says that he saw him in a mob at the S.T. Workshop. It was submitted that this witness

has not stated anything about any weapon in the hands of the named accused and has not referred to any overt act. Neither Bipin nor Manoj is the local resident and Manoj resides at Kubernagar, which is a far off place. It was submitted that though this witness was residing at Pandit-ni Chali since 32 years, he is not able to identify the local residents.

105.29 ANALYSIS: This witness in his statement dated 12.5.2002 recorded by the police has named Manoj Sindhi, Pappu Sindhi, Bipin Auto-consultant as well as P.M. Shah and Bhavani. In the cross-examination of the witness no material contradiction has been brought out as to his statement recorded by the police, except the spot where he had seen the accused. In his cross-examination the witness has explained that he has not stated the time when he had seen the accused, because on the day of the incident one would not have a clear idea about the time. Insofar as the acquaintance of the witness with the named accused is concerned, the same has been clearly brought out in the cross-examination of the witness.

105.30 In his examination-in-chief, the witness has stated that while he was passing, he had seen Pappu, Manojbhai and Bipinbhai in the mob. He has not specifically stated that he had seen them at Patiya circle. In his cross-examination, it has been elicited that he had seen Manojbhai near Patiya circle and Bipin near his auto-consultant shop. In the opinion of this court, the part elicited in his cross-examination does not, in any manner, contradict what has been stated by the witness in his examination-in-chief. Moreover, having regard to the fact that the witness has deposed before the court almost eight years after the incident, there are all chances of his not being

able to recollect certain facts with exactitude. The fact remains that he had seen the accused in the mob on the day of the incident and in that regard the witness is consistent right from the beginning. Insofar as the minor discrepancies brought out in his testimony, what weightage should be given to the same shall be considered while appreciating the evidence of the witness against individual accused as well as while appreciating the evidence on record as a whole. However, the evidence of this witness qua the named accused cannot be discarded. Insofar as the submissions advanced by the learned counsel for the appellants with regard to the contradictions about his father being with him at the time of the incident or not and when he met his father after the incident, are concerned the same have no direct bearing on the incident in question, and hence, would not dent the credibility of the witness.

105.31 In his statement recorded by the SIT on 12.6.2008, the witness has stated that he knows Manoj Sindhi and Bipin Autowala very well. However, he had not seen them in the mob opposite S.T. Workshop. From the cross-examination of the Investigating Officer, it has been brought out that the witness had referred to the presence of both the above accused in front of the Noorani Masjid. Thus, while there is a little discrepancy as to exactly where the witness had seen the accused, the witness is consistent regarding their presence in the mob on the road in the morning.

105.32 Through the testimony of this witness, the prosecution has proved the presence of Manoj Sindhi (A-41) and Bipin Autowala (A-44) in the mob on the road in the

morning.

106. **PW-109 Sarfarazkhan Maheboobkhan Pathan**, aged 37 years, has been examined at Exhibit-704. This witness has deposed that in the year 2002, he was residing at *Hussainnagar, Naroda Patiya, Ahmedabad*, with his family, which was comprised of his wife Rukshanabanu, son Shahbazkhan, daughter Gazalabanu and son Arbazkhan. He was residing at *Hussainnagar* since around the year 2000 and he had an auto rickshaw garage in the line of the S.T. Workshop. The incident took place in February, 2002. On the previous day, a call for bandh was given. On the day of the incident, he was at home. In the morning at around 9 o'clock, he came out on the road where there was a mob of around fifteen to twenty thousand people. The people in the mob had resorted to arson and violence and were burning everything. There were a lot of people in the mob. He returned home. Thereafter, he took his family and went towards Gangotri Society. They fled towards S.R.P. Quarters but were not given shelter there. Hence, they returned to Gangotri Society. At that time, night had fallen and a lot was burnt. They stayed hidden in the Gangotri Society. At around 11 o'clock at night, a police vehicle came and they came out. While coming out they heard screams and saw everything burning. The police vehicle took them to Shah Alam Camp.

106.1 The witness has deposed that when he came out of his house, there was a mob, wherein he could identify certain people. He had seen **Mugado Chhara (accused No.39), Jaybhavani Chhara, Sahejad Chhara (accused No.26), Manoj Videowala (accused No.41) and Suresh Langda**

Chhara (accused No.22) in the mob and had identified them. All five had weapons in their hands; however, he could not see the weapons from a distance. The witness has stated that out of the five accused, Jaybhavani had died and he can identify rest of the accused persons. The witness has, thereafter, correctly identified all the four accused.

106.2 CROSS EXAMINATION: In the cross-examination of this witness, certain queries are put to him with regard to the garage being run by him, his ownership thereof and the place where it is situated, etc. The witness is also cross-examined with regard to the topography of the area where the garage is situated as well as the general topography of the area. The witness is sought to be cross-examined with regard to his acquaintance with the accused named and identified by him. The witness has denied that none of the accused used to come to him for getting their rickshaws repaired and has voluntarily stated that out of the accused identified by him, only one person used to come.

106.3 The witness has denied that on the day of the incident he was at home till 9 o'clock in the morning and has voluntarily stated that he was at home till 8:00 to 8:30. The witness has stated that on the day of the incident, after he came out, he saw the mob and immediately returned home. When he came out of his house, he had only come to the corner of the S.T. Workshop where at present there is a tent chowky. When he came out there were mobs on both the sides, namely on the side of Kubernagar as well as on the side of Krushnanagar. In all, there were two mobs. The mob on the side of the Kubernagar was the same as the one towards the

Naroda Gam. Both the mobs were pelting stones on the Noorani Masjid. They first attacked the masjid and thereafter, attacked the people standing there. The witness has denied that the people standing near the Noorani Masjid had also pelted stones in defence. The witness has stated that when he reached there, he was standing at the S.T. Workshop gate. When he went there and was waiting, he had not waited there for five to fifteen minutes. The witness has admitted that he had waited there for less than five minutes and after seeing the mob he had returned. He has admitted that the mob was so crowded that people could not see each other's heads and, therefore, it was not possible to see as to which weapon was in whose hands.

106.4 The witness has admitted that he could not make out which weapon was in whose hands and in whose hands there were swords, pipes, dharias, etc. He has admitted that at that time there was police bandobust. He has admitted that the bandobust was comparatively less and that the people in the mob were far more. Hence, the police could not control the mob. The witness has stated that he does not know whether the police had tried to control the mob. The witness has admitted that the position was such that it was not possible for any vehicle to move on the road.

106.5 The witness has stated that the accused whom he has named were all in the mob opposite the masjid. The witness has denied that this mob was near the S.T. Workshop. He has denied that the mob from Kubernagar was near the Noorani Masjid and has voluntarily stated that the mobs from Kubernagar and Naroda Gam were near the masjid. The

witness has stated that he does not know whether there was any woman in police uniform at that place. The witness has denied that he was permanently staying there and has voluntarily stated that he was staying at that place since two years prior to the incident and that before that he used to reside at Saraspur. The witness has stated that he had seen the truck being pushed inside the Noorani Masjid. The witness has stated that he had himself seen it. He has admitted that he had not disclosed this fact to anyone in the camp or to the police or any one at any other place.

106.6 The witness has stated that at the relevant time, there was no divider on the road and he had not seen any people having snacks or drinking liquor on the divider. In the cross-examination of this witness, it has come out that while he was there, he had seen firing and teargas shells being lobbed. He has admitted that where there were mobs on both the sides, teargas shells were being lobbed at them and there was firing. He had seen one person being injured by the teargas at the corner near the S.T. Workshop gate. He had stood at the S.T. Workshop gate for one to two minutes and thereafter, immediately returned home. The witness has denied that the accused whom he has identified before the court were in the middle of the mob. The witness has voluntarily stated that they were in front of the mob. That they were in the forefront while the masjid was attacked and the mob was behind them.

106.7 The witness has admitted that at the time when he went to his house and from his house he went to Gangotri Society, it must have been around 4 to 5 o'clock in the

evening. The witness has denied that he was at home till 4 to 5 o'clock in the evening. The witness has stated that after he went to Gangotri Society at 4 to 5 o'clock, he had remained there till 11 o'clock at night.

106.8 The witness has admitted that his statement was recorded on 12.5.2002. He has denied that he had stated therein that they had gone to Gangotri Society and stayed hidden there. The witness has voluntarily stated that they might have gone one or two places further. The witness has been cross-examined with regard to the location of the house and the terrace on which they had taken shelter.

106.9 The witness has admitted that from the terrace where he was sitting he had not seen the Hussainnagar hutments. The witness has admitted that from the terrace where he was sitting, he could not see the house where he was residing. The witness has admitted that after he went on the terrace, he had not seen any incident. The witness has admitted that from the time he went from his house to the Gangotri terrace, he had not seen any incident except that stated by him.

106.10 The witness has admitted that out of the four accused named by him, one accused had come to his place and that the remaining three accused had not come to his garage. He has admitted that the accused whom he has identified has not visited him at home. He has admitted that except for the accused who came to his garage for repairing his rickshaw, he has no speaking relations with any of the accused. That out of the accused identified by him, he had no

social or other relations with them.

106.11 The witness has admitted that if a girl from his community marries a boy from any other community, he would not like it. He has admitted that a girl from their community has married Suresh Langdo Chhara (Accused No.22) and that they had a love marriage. The witness has denied that because Suresh Langdo had married a girl from the Muslim community, at the instance of the people from his community, he was falsely naming him. The witness has denied that the persons whom he has named and identified and the dead accused were not at the scene of the incident and that he is falsely implicating them at the instance of the people of his community.

106.12 PW-307 S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 12.5.2002. He has admitted that the witness had stated before him that they had gone to Gangotri Society and had stayed there and had hidden themselves. He has admitted that the witness had stated before him that he was a resident of Jawannagar.

106.13 SUBMISSIONS: Mr. Y.S. Lakhani, learned counsel for the appellants submitted that this witness in his examination-in-chief has made vague and general allegations that in the morning at 9:00 a.m. when he came out on the road, he saw a mob of fifteen to twenty thousand people and again vaguely says that the mob was setting fire and resorting to violence. It was submitted that from the evidence which has come on record, it emerges that there was no violence at 9:00

a.m. in the morning.

106.14 It was submitted that though this witness is staying at Jawannagar, he has wrongly claimed to be a resident of Hussainnagar and even if it is believed that he had come there since just two years prior to the incident he had no acquaintance with any of the accused in any way. Hence, he could not have named any of them by either their community or profession and, therefore, when his statement is recorded only on 12.5.2002, that is, after more than seventy days of the incident, the possibility of naming the accused at the instance of somebody else cannot be ruled out.

106.15 It was submitted that despite the fact that he had no acquaintance with the accused, in a large mob of twenty to thirty thousand people, while standing on the other side of the highway, he could not have seen any person in the front lane opposite the Noorani Masjid, much less the accused persons, inasmuch as he has voluntarily stated in paragraph 35, that the entire mob was at the back side of these accused persons and he was on the other side of the road.

106.16 It was submitted that when the witness has nothing to show that he had a garage there, his testimony is completely under the shadow of doubt and just with a view to implicate the accused, he has named them before the police while he was in the camp possibly on hearing the names from others.

106.17 It was submitted that in view of his admission in paragraph 23 of his deposition that the crowd was so dense

that it was not possible to see the hands of the people and his further admission that even the weapons could not have been seen even if held by the people of the mob and he has said that he immediately turned back upon seeing the mob there on the road, it is not possible that he could have seen the accused and identified them. It was submitted that no overt act or weapons have been attributed to any of the accused.

106.18 It was submitted that this witness in paragraph 25 of his testimony has stated that the traffic was totally closed and no vehicle could move on the road, in view whereof, it is doubtful whether Mayaben's car or a police van could have come.

106.19 Mr. B. B. Naik, learned counsel for the appellants submitted that on a conjoint reading of paragraphs 23, 26 and 35 of the testimony of this witness, the facts that emerge are that he was hardly there for two minutes. It was submitted that the mob was facing the Noorani Masjid, whereas he was standing on the side of the S.T. Workshop and, therefore, it was not possible for the witness to identify the named accused, who were in front of the mob facing the Noorani Masjid, more so, considering the fact that the mob was comprised of fifteen to twenty thousand people and he was standing at a distance of 50 to 80 feet away. It was submitted that the version given by the witness is inherently improbable and it was not possible for him to identify the accused in the mob.

106.20 Mr. Prashant Desai, learned Special Public Prosecutor submitted that no material contradiction or

omission has been brought out in the testimony of this witness as to the statement dated 12.5.2002 recorded by the police. It was submitted that the minor discrepancies in the testimony of the witness regarding his having gone to Gangotri Society and thereafter having hidden themselves and in his examination-in-chief stating that he hid at Gangotri Society, is not a material contradiction, which goes to the root of the matter.

106.21 As regards, identification of the accused, it was submitted that it is an admitted fact in paragraph 35 of the cross-examination that these four persons were in the mob, in view of the suggestion put to the witness that they were not leading the mob but were in the middle of the mob. It was submitted that this witness is credible, reliable and truthful and can in no manner be said to be an unreliable witness. It was urged that the involvement of the four named accused persons who have been identified by the witness, is established beyond reasonable doubt.

106.22 ANALYSIS: From the testimony of this witness, it emerges that he had come out on the road at 9 o'clock and had seen the mob committing arson and assault. Thereafter, he went home and together with his family members went to the S.R.P. Quarters. However, they were not permitted to enter the S.R.P. Quarters, and hence, they took shelter on a terrace of Gangotri Society, where they remained till a police vehicle came at night and took them to the relief camp. From the testimony of this witness it emerges that when he went out on the road he had seen Mugdo Chhara (accused-39), Jaybhavani Chhara (deceased), Sehjad Chhara (accused-26), Manoj Videowala (accused-41) and Suresh Langda (accused-22) in

the mob. The witness has also stated that he had seen all of them with weapons, but from a distance, he could not identify the weapons.

106.23 In his cross-examination, it has been brought out that he had stood near the S.T. Workshop gate for a few minutes. The witness has admitted that he had seen a truck being rammed into Noorani Masjid. In his cross examination it has also come out that the accused identified by him were in front of the mob and were at the forefront in attacking the masjid. The witness has not seen any incident after going to the terrace of Gangotri Society.

106.24 Insofar as acquaintance with the accused is concerned, acquaintance with accused Suresh Langda is brought out in paragraph 44 of his cross examination. However, the witness does not specify as to which accused, out of the named accused, had come to his place with a rickshaw. Thus, the acquaintance of the witness with the accused is not very clear. However, the witness has been consistent in naming the accused as well as attributing the role played by them right from the inception and no contradiction has been brought out as to his statement dated 12.5.2002. Considering the fact that the acquaintance with the accused has not been properly established, the evidence of this witness qua the accused named by him needs to be closely scrutinized. Nonetheless, through the testimony of this witness, the prosecution has proved the presence of Mugdo Chhara (accused-39), Jaybhavani Chhara (deceased), Sehjad Chhara (accused-26), Manoj Videowala (accused-41) and Suresh Langda (accused-22) in the mob on the road in the morning,

but, the court would look for corroboration while considering his evidence against the individual accused.

107. **PW-110 Noormahammad Ismailbhai Mansuri**, aged 35 years, has been examined at Exhibit-707. This witness has deposed that he was residing at *Lane No.3, Hussainnagar, Naroda Patiya*, since about fifteen years prior to the date of his deposition and that in the year 2002 also, he was residing there. The witness has stated that the incident took place on the 28th in the year 2002. It was probably the month of February. There was a call for bandh on the date of the incident. He had warned his father not to go anywhere, despite which, he had gone and since that day, till date, there is no information regarding his whereabouts. On the day of the incident, he was at home at around 9:00 to 9:30 when shouts could be heard. There was commotion outside and people were shouting "hack hack". Hence, he came out of his house. His house was opposite Noorani Masjid. Upon coming outside, he saw that the areas next to Natraj Hotel, Krushnanagar and Noorani Masjid were heavily crowded and a lot of people had gathered there. Stone pelting was going on, hence, they all ran and went back to their chawls. Thereafter, after finding their families and making arrangements for their safety, they had kept all their children and women in one room. In the same room, other women from their chawl had also gathered and thereafter, they had come out, when there was a huge crowd and the police were outside. When they came out of their chawl, the police had resorted to firing against them and had not permitted them to come out of their chawls. In the shooting, a boy was injured on his waist with a bullet and had fallen down. They had picked him up and brought him to the

chawl and made him lie down on a platform. Another person had also sustained bullet injuries and he died on the spot. The police permitted the opposing public to enter their chawls and was firing at them and not permitting them to come out, hence, after coming back to their chawl, they started hiding at different places. They kept hiding at different places till 6:00 to 7:00 in the evening. With him, there were approximately 150 to 200 Muslims, and all of them had gone towards S.R.P. Quarters, where they were not permitted to go inside. The S.R.P. people had hit one person who was with him, with the butt of a gun and had told them that none of them would escape and that they should not enter inside and should go away. The witness has stated that after they were driven out from near the S.R.P. Quarters, they had gone further and ahead of the S.R.P. Quarters, where there is a wire fencing, and by jumping over such fencing, they had gone to the S.R.P. Quarters and they stayed there till 4 o'clock at night. At 2 o'clock at night, a vehicle came and took several people in it. At Krushnanagar, there was stone pelting and the driver of the vehicle turned the car back and brought it back to the S.R.P. Quarters. The driver and the police vehicle said that at present, it is not possible to provide for bandobust and that when the bandobust is made, they would be taken away. A second bus came at 4 o'clock in the morning and they had all gone to the Shah Alam through the airport. His family was with him, except his brothers and his father.

107.1 The witness has deposed that after his father was lost in the morning, he was not found thereafter and that later on, he had learnt that his father had gone to an acquaintance, one Dahiben's house at Hiravadi and was there for the whole

day. However, upon seeing the things on the road about Naroda Patiya on the T.V., his father had set out from there, but thereafter there was no news about him. At the relief camp, he and his brother had made a joint application which is in the nature of a complaint application produced along with List Exhibit-708. The witness has denied his thumb impression on the complaint application.

107.2 The witness has further stated that on the date of the incident, he had seen Janakbhai (accused No.36) and he knew him since childhood. He had shown them the way to the S.R.P. Quarters and had helped them. He had helped him. Along with him, about one hundred and fifty to two hundred people followed him and hence, they could come out safely. The witness has stated that it has not happened that before the police, he had stated the facts regarding a person whom he knew very well who was residing at Hirawadi, Mahavirnagar, who was in the Hindu mob with a pipe on the date of the incident and that he had seen such person with his own eyes.

107.3 CROSS EXAMINATION: At this stage, the learned Special Public Prosecutor has submitted that the witness was not supporting the prosecution case and that he is required to be declared hostile. The witness is thereafter cross-examined by the Special Public Prosecutor with regard to his acquaintance with Janakbhai Marathi. However, nothing has been elicited so as to implicate any accused.

107.4 ANALYSIS: From the evidence of this witness, it emerges that there was police firing wherein two persons were injured by bullets, one of whom died on the spot. The police

had let the mob enter the chawls, but had restrained the residents of the chawls from coming out. The Muslims tried to take shelter at the S.R.P. Quarters, but were not permitted to enter inside. Accused Janakbhai Marathi had in fact helped him and other Muslims to escape. Thus, this witness does not implicate any accused and on the contrary, says that accused Janakbhai Marathi helped him and many other Muslims to escape.

108. **PW-111 Mahebalahussain Munirahemad Shaikh**, aged 40 years, has been examined at Exhibit-709. This witness has deposed that he is residing at *Lane No.4, Jawannagar* and his native is Village Timapur, District Shahpur, Karnataka.

108.1 The witness has deposed that the incident took place on 28.2.2002 and at that time, he was at home with his family which was comprised of his parents and himself. His wife at the relevant time has died, thereafter, he has married again. From his previous marriage, he had a daughter Afreenbanu and a son Mohsin. Both of them have died in the riots that took place in Ahmedabad city in the year 2002 in connection with the Godhra incident and they were burnt to death. The witness has further stated that they are in all five brothers. He is the eldest, younger to him is Mahammadhussain, then Sabbirhussain, then Anwarhussain and the youngest is Sabirhussain. His younger brother Mahammadhussain's wife Noorjahanbanu and his brother's mother-in-law Maheboobbanu, also died in the incident. On the day of the incident, he had gone for his work at 8 o'clock in the morning. On that day, there was a call for Gujarat Bandh,

hence, the Manager had closed the factory and let them go and hence, he had returned home.

108.2 The witness has deposed that when he returned home, his father was not there. Hence, he went towards the Noorani Masjid, where he found his father and told him to go home. At that time, it was 9:30 in the morning and he was standing there on the road. At that time, the mobs shouting, kill, cut and pelting stones came from the direction of Natraj Hotel and Krushnanagar. At that time, there was shooting and tear gas shells were released and a bullet had injured a boy. He does not know the name of the boy who was hit by the bullet. They had lifted the boy who had sustained bullet injury and had taken him to Masjid-ni-Chali, behind the Noorani Masjid. On that day, the houses in the chawl were burning and it was not possible to come out on the road from the chawl. He had seen houses and corpses burning in the chawls. At around 10 o'clock at night, they had reached Gangotri Society which was behind their chawl and then, he had gone to the terrace of the Gangotri Society, where he found his father, his brother Mahammadhussain and his son Ahemadrazak and younger sister Hamidabanu. His mother had gone to the S.R.P. Quarters and his other family members had got separated. The witness has deposed that his son and daughter from his previous marriage were never found. He had not even found their dead bodies. On that day, till 1:30 at night, they had stayed on the terrace of Gangotri Society, whereafter the police had come and taken them to the relief camp. He along with his father, sister Hamidabanu, brother Mahammadhussain and his two sons were taken by the police in a vehicle to Shah Alam Relief Camp. He himself had not gone in the police vehicle, but was

looking for his children and had stayed back. Though he searched for his children a lot, but he could not find them. The witness has deposed that in the incident, his house was looted by the mob. From Gangotri Society, on that day itself, he had gone to the Masjid-ni-Chali at 1:30 night and stayed there at night. Thereafter, on 1st March, at around 1:30 at night, the police vehicle had come, wherein he had gone to Dariyakhn Ghummat, where he had stayed at the relief camp for two days. Thereafter, they were told to come to the Civil Hospital to identify the dead bodies. Hence, he had gone to the Civil Hospital; however, he could not identify the dead bodies of his children. At the Civil Hospital, he met his brother Sabbirhussain (PW-159), who was in a burnt condition taking treatment. His brother informed him that his both children, Mohsin and Afreenbanu, as well as his brother Mahammadhussain's mother-in-law Maheboobbi and his daughter Noorjahan were burnt in the incident, and accordingly, he had come to know that his children had died. The police had recorded his statement in connection with the incident at the camp; whereafter the SIT had recorded his statement.

108.3 CROSS EXAMINATION: In the cross-examination of this witness it has come out that out of his family members who had died in the incident, he had received the postmortem notes of his son Mohsin and his brother's wife Noorjahanbanu. The witness has admitted that he had received receipts from the kabrastan regarding burial of his daughter Afreenbanu and his brother's mother-in-law Maheboobbi. The witness has stated that he has received compensation for the death of his children and his brother's wife after due verification. He has admitted that on 28.2.2002 he had stayed at Masjid-ni Chali till

10 o'clock at night. He has admitted that after he took the person injured in the firing inside, he did not come out of the chawl. He has admitted that at 10 o'clock at night he had come out of Masjid-ni-Chali and crossed the road and had reached Jawannagar through the S.T. Workshop road. He has further admitted that after reaching Jawannagar he had again gone to the terrace of Gangotri Society. The witness has stated that his house is in the last lane of Jawannagar and Gangotri Society is adjoining it. They had gone from that way to the terrace.

108.4 He has admitted that on that day there were around two hundred to three hundred people on the terrace and all of them were sitting and hiding in a manner that no one could see them from outside and some of them were lying down. He has admitted that he has not seen any disturbances from the terrace. He has also stated that the S.R.P. compound wall comes after leaving two houses from his house.

108.5 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness is a local resident of Jawannagar. He went on the road, but has not implicated any accused including the local residents. He is the brother of PW-76 and PW-159. Referring to paragraph 16 of his cross-examination, it was submitted that the witness has stated that after he took the person who was injured by bullet inside, he had not come out of the chawl.

108.6 ANALYSIS: From the testimony of this witness, it emerges that he had seen mobs near Natraj Hotel as well as on the side of Krushnanagar and the Noorani Masjid pelting

stones. The police was firing and was not letting them come out of their chawls. In the firing, one person was injured who was lifted and taken inside and made to lie down on an ota (a platform). Another person was also injured by a bullet and died on the spot. According to this witness, the police was letting the public from the opposite party enter their chawls and was not letting them come out, therefore, they started hiding. At around 6:00 to 7:00 in the evening, they had gone to the S.R.P. Quarters, but were not permitted to enter inside. While several members of his family have died in the incident, this witness has not deposed any fact regarding the main incident or any incident and has not named any accused. Nothing, therefore, really turns upon the testimony of this witness for the purpose of establishing the prosecution case against any accused.

109. **PW-112 Fatmabibi Mahammadyusuf Shaikh**, aged 47 years, has been examined at Exhibit-717. This witness has deposed that she was residing at *Hukamsing-ni-Chali* in the year 2002. At that time, her family was comprised of her husband, her mother-in-law, her three daughters, one son, one son-in-law, son-in-law's daughter and daughter's son. All ten of them were residing together. She used to run a flour-mill and her husband had a tube-light shop. Her daughter was engaged in making night lamps and her husband's tube-light shop was situated near their house. Her flour-mill was situated next to her house.

109.1 The incident took place on 28.2.2002. On that day, there was a call for bandh. She was at her flour-mill on that day and her family members were at home. On that day at around 9:30, her maternal aunt's daughter who resides in that

area had come to her mill and told her that a huge mob has come from the direction of Natraj Hotel and the Noorani Masjid and hence, she also went on the road to see. When she went out on the road, she saw that there were people wearing khakhi shorts and undershirts in the mob and that they had tied saffron bands on their heads and they were shouting slogans of "Jay Shri Ram" and had attacked the masjid and vandalized it and set it on fire. The people in the mob were armed with swords, hockey sticks, diesel, petrol, etc. She had seen the Pesh Imam (the person who reads the namaaz) of the Noorani Masjid being injured in the riots. The people in the mob were looting the neighbouring gallas (cabins) and setting them on fire. Upon seeing all this, she returned home and told her family members about the incident on the road and hence, her family members also came out. The Muslims had gathered there and were watching the incidents that were taking place. Her husband had also come out to see the incident and while he was watching the incident, the police had beaten him, which she had seen with her own eyes. The police had beaten him on both the hands and had fractured both of his hands. On that day, the Hindu mobs were attacking the Muslims. They were pelting stones and such Hindu mobs were coming towards their Muslim chawls. However, the police was asking them (the Muslims) as to why they were coming out and told them to go inside. The police was firing at them and was releasing tear gas and was not saying anything to the Hindu mob. By this time, she was standing in front of her flour-mill. The witness has deposed that in front of her eyes, Abidali Hamidali Pathan had sustained bullet injury and had died on the spot. At that time, the boys from their chawls put him in a rickshaw and took him towards the field. At that time, it was

approximately 11:00 to 11:30. Thereafter, after a little while, Mustaqbhai Razakbhai, Pirubhai and Khalidbhai were also injured with bullets within a short span of time. While all the time when the firing went on, she was nearby. After these three persons were injured with bullets, the Hindu mob started looting and entered their chawls. At that time, many frightened Muslims had come inside her house and she too was frightened and with a view to save their lives, they had all gone together to Hussainnagar to her brother-in-law's house. Her brother-in-law's name is Akhtarhussain and they had stayed there for about an hour. Thereafter, stone pelting started from S.T. Thereafter, all those who had gone there as well as her brother-in-law's family went towards Jawannagar. They had heard that a Muslim by the name of Rana Kadir had been hacked and burnt alive. Thereafter, in a little while, they had gone towards Gangotri Society. At that time, an AMTS driver by the name of Jaybhavani had met them and had asked her "*Aapa, what happened?*", to which she replied that their children were crying, they were hungry, they were hungry since morning and their house is looted and set ablaze, whereupon Jaybhavani told them to wait and that he would make arrangement for their meal. Thereafter, he went at a little distance and gestured to the Hindu mob which was standing in the khada (pit), towards them. The mob came towards them, wherein she had seen **Bhavanisingh Chhara**, **Guddu Chhara** with sword in his hand, **Sahejad Chhara** with a hockey in his hand and **Suresh Chhara** with a gupti in his hand. At that time, Jaybhavani was shouting, "*Kill the miyas*". At the place where they were standing, there was a house of a Hindu woman and they went inside her house and sat there for about an hour and the Hindu woman had given chappatis

(rotis) to their crying kids. At this time, a Darbar woman residing next to her house came there and asked her (the Hindu woman), as to why she had allowed Muslims to sit there, as her house will also be set on fire. Hence, this woman had also driven them out of her house.

109.2 When they came out of this house, a person by the name of **Tiwari**, who was working as a conductor in the AMTS and a policeman in uniform were standing there, and they (the witness) had requested them to take them to a safe place and give them shelter, whereupon they had told that arrangement is made for them towards the khada and told them to go there. She, together with her family had stayed there, whereas other persons had gone to the place shown by these persons. She was standing at a place from where it was visible and towards the open ground she saw a mob armed with petrol, diesel, swords, etc. All those persons who had separated from them and had gone on that side, the policemen who were standing there, had not permitted them to come out and they had gone and hidden in the passage near the water tank of Gopinath Gangotri Society. She had turned back towards Gangotri Society where there was wire fencing near the S.R.P. Quarters and two policemen were sitting there. She had asked these two persons to let them go, whereupon they had said that there was an order for them from above, and that there was no chance of their escaping. They had also told them "*you are not supposed to say Allah, you say Ram*". She said "*why should we say Ram*" whereupon they said "*look at what you have done in Godhra*", so she said "*the Patiya Muslims were not there at Godhra, then why are you punishing us*". Still however, they did not permit them to go inside. They had told them to go

away, however, they did not go and so, they started beating them with guns and sticks and tear gas shells were released at them, as a result, they started rubbing their eyes and had gone to the terrace of Gangotri Society and hidden there. At this time, it must be around 7:00 to 7:30 in the evening. While they were hiding on the terrace, they could hear the sounds of screams and cries for help from the passage near the water tank where Muslims who had got separated from them were hiding. They looked towards their side and saw that these Muslims who were hiding there were hacked with swords and dharias and were set ablaze. Fire was ignited by throwing petrol and diesel on the bodies of the people. There were small innocent children who had not got a glass of water to drink since morning and were asking for water and they were making them drink diesel and petrol. After a little while, the shouting increased and cries were heard to protect their chastity and young girls were seen in a naked condition. Thereafter, in a little while, there were many sounds of screaming and in front of their eyes, the Muslims who had separated from them, were being hacked. Under the impression that everyone had died, the Hindu mob, thereafter, started whistling and playing songs, saying everyone is dead, all finished. She had heard them shouting like that.

109.3 The witness has further deposed that they were bringing gas cylinders from Uday Gas Agency and were setting the houses on fire with the gas cylinders. They were looting and had looted all the household articles and had not let anything remain and were acting as they please. Late at night, the police vehicles came and took them to Shah Alam camp. At night when they were going to sit in the vehicle, they had seen

many dead bodies lying on the road. At that time, in the moonlight, they had crossed over corpses and had reached the vehicle. When they sat in the vehicle and set off, their house was still burning. They were taken to the Shah Alam Relief Camp. When they reached the camp, a girl who was the daughter of a battery seller, had told her that her (the witness's) sister Kudratbibi was hacked and burnt. She has further told her that her sister had given the persons in the mob all the money and jewellery which she had, despite which, they had thrown away the same and burnt her sister. Her house was set on fire wherein all the household goods, ornaments, cash, etc. as well as her flour-mill, tube-light shop, scrap shop, etc. were all burnt and in all, they had sustained a total loss of rupees ten lakh. In the incident, she had sustained an injury on her head with a stone in connection which she had received compensation of Rs.1,25,000/-. She had availed of treatment at Shah Alam camp. Her husband had sustained fractures on both of his hands; however, he had not availed of treatment at the relief camp and had treated himself by way of home remedies. She had got compensation of in all Rs.26,000/- in respect of the scrap shop, tube-light shop, flour-mill etc. that were burnt. Eight persons from the family of her sister Kudratbibi had died. Two of her (Kudratbibi's) children had escaped and had presently come to her house for vacation and both these children have been kept for studies in a hostel for studies at Raigarh in Maharashtra. A lady by the name of Padmaben, who at the time of incident used to sell vegetables, had also come to the relief camp and was staying there with them. She had returned after around six days. The witness has stated that whatever she has stated before the court, she had stated the same facts before the SIT. She came to know from

the newspaper that whoever wants their statement to be recorded, can go to the SIT. She is not educated and she heard the same from someone in the chawls. She had got an application for going to the SIT written by a boy in the chawl. After the application was written, the same was read over to her and she had signed it in Urdu. The witness has stated that even at the relief camp where she stayed for seven months, the police had come to record her statement. The witness has stated that out of the accused whom she has named in the examination-in-chief, she can identify them if they are present in the court. As per her information, Guddu Chhara and Bhavanisingh Chhara are dead. She has stated that she can identify Suresh Chhara (A-22), Sahejad Chhara (A-26) and Tiwari (A-25) and has correctly identified them before the court. The witness is shown her application made before the SIT, which has been exhibited at Exhibit-718.

109.4 CROSS EXAMINATION: The witness is cross-examined with regard to the daughter of battery seller as regards her age and as to whether she knows the battery seller. She has stated that she knows battery seller's wife, namely, the mother of the girl who was with her in the relief camp. She has admitted that if any talk took place between her sister Kudratbibi and this girl in connection with the incident, she was not present at that time.

109.5 The witness has admitted that her statement recorded by the SIT was true and correct and that she has not made any complaint in that regard. The witness has stated that she has got police protection. She has admitted that she has not received any threat from the accused and has

voluntarily stated that she herself was afraid. The witness has admitted that her husband was injured by the police and he has not taken treatment anywhere and that she had received compensation of Rs.1,25,000/- towards the injury sustained by her.

109.6 The witness has stated that she does not know whether Abidali Hamidali Pathan, Mustaq Razakbhai, Khalidbhai and Pirubhai had sustained bullet injuries in police firing. She has admitted that Abidali Hamidali Pathan was injured in police firing at around 11 o'clock and that she had seen Abid being injured in police firing.

109.7 The witness has admitted that while she was standing outside at 11 o'clock, the riots were going on. She has denied that at that time, the police were firing and releasing tear gas at those who were rioting. The witness has voluntarily stated that on that day, the police were given all freedom and that the police were firing at them, but was not doing anything to the rioters.

109.8 The witness has denied that at that time, there was a Hindu mob and similarly, there was also a Muslim mob and the police had fired more at the Muslim mob. Thereafter, Mustaqbhai Razakbhai, Khalidbhai Alibhai and Pirubhai Allabax were injured with bullets. The witness has stated that she does not know and she has not seen where the firing was carried out by the police. The witness is sought to be contradicted by her statement before the SIT, wherein she has stated that the Hindu mob had continued with damaging and arson and a Muslim mob also having gathered, the police had resorted to

firing wherein from the Muslim mob: (1) Mustaqbhai Razakbhai, (2) Khalidbhai Alibhai and (3) Pirubhai Allabax were injured by bullets.

109.9 The witness has stated that she does not remember whether her statement was recorded on 19.4.2002, but has voluntarily stated that she is aware that her statement was recorded at the Shah Alam camp. The witness has admitted that prior to her statement being recorded on 19.4.2002, she had not lodged any complaint with regard to the injuries sustained by her and her husband and the damage caused to her house or flour mill.

109.10 The witness has stated that on the day of the incident, she was at home till 12:30 and has voluntarily stated that her house and her flour mill are situated next to each other. The witness has denied that on the day of the incident, all the members of her family had gone to Gangotri Society at 1:30 and had stayed there till 6 o'clock in the evening and that they were on the lower level of the society. The witness has voluntarily stated that when they went there, they were on the terrace.

109.11 The witness has admitted that at that time, a huge mob came from the side of the canal. She has denied that the mob was comprised of around five to ten thousand people. She has denied that she could not identify anyone from the mob which came from the side of the canal and has voluntarily stated that she had seen the named people in the mob. She has stated that she cannot specifically say as to whether the accused whom she had identified were in the mob which came

from the direction of the canal and has voluntarily stated that the mobs were coming from all sides. The witness has admitted that one mob had also come from the Uday Gas Agency road from the open ground from the direction of Jawannagar and another mob had come from the canal. She has denied that the other mob came from the direction of the chawls and the S.R.P. Quarters and from Krushnanagar as well as Naroda Patiya. The witness has voluntarily stated that while they were there, the mobs had not come from these places. The witness has voluntarily stated that if one is talking about Gopinath Society and Gangotri Society, then on the main road outside, there were mobs from all four sides and those mobs had surrounded them.

109.12 The witness has admitted that in the evening at 6 o'clock, they had gone near S.R.P. Quarters, Group-2. She has admitted that after they reached the S.R.P. Group-2, the Muslim chawls were set on fire. She has denied that from there, she had heard the Muslim victims shouting and screaming, and has voluntarily stated that she had heard it from the terrace. The witness has denied that in her statement recorded at the camp, she had stated that in the afternoon at 1:30, all the members of her family had gone to Gangotri Society and were hiding and sitting there till 6 o'clock in the evening on the lower level of the society. However, upon seeing the huge mob of Hindus coming shouting from the direction of canal and another mob coming from the direction of the road, all of them immediately went near the S.R.P. Group-2. In the evening at around 6 o'clock, suddenly, their Muslim chawls were set on fire and looting had started and people were screaming and shouting. They went to Gangotri.

Immediately the police released teargas, they had gone to the terrace of Gangotri. The witness is cross-examined as regards the location of the terrace of Gangotri and the time when they stayed there. The witness has admitted that from 6:00 in the evening till the police vehicles started coming, they were on the terrace of Gangotri. In her cross-examination, it has come out that she was injured by a stone on her head and was bleeding. The witness is confronted with her statement recorded at the Shah Alam camp, wherein she had stated that no member of her family had sustained any injury or suffered any loss of life.

109.13 The witness has stated that she does not know that out of the mobs which had come from all four sides, in which mob she had seen Guddu Chhara. She has admitted that she cannot say as to in which mob she had seen Suresh, Bhavani, Sahejad and Tiwari and has voluntarily stated that she had certainly seen them. The witness has denied that she knows Suresh because he is lame and has voluntarily stated that she knows him right from the time she was staying there. The witness has stated that she had seen Suresh Langda near the water tank where the people were burning. She has admitted that she had seen Suresh Langda near the water tank. She has stated that she had also seen Guddu Chhara there and has voluntarily stated that the rest of the accused as well as these two were also roaming around nearby.

109.14 The witness has denied that while they were roaming around like this, it had become dark. The witness has admitted that there was no light and has voluntarily stated that it was not so dark that they could not see anyone. She has

stated that she cannot say as to from what distance she has seen the accused. She has admitted that she had seen them from the terrace. She has voluntarily stated that the terrace was very close by. The witness has admitted that she was not on the terrace of the water tank and has voluntarily stated that they were on the terrace near the tank. The witness has admitted that at that time, Guddu and Suresh had weapons in their hands.

109.15 The witness has admitted that when her statement came to be recorded at the camp, she knew that Guddu and Suresh had weapons in their hands. The witness is confronted with her statement recorded at the Shah Alam camp, wherein she has stated that she had seen Guddu Chhara and Suresh Langda Chhara in the riotous mob. At present, she does not remember as to which weapon they had.

109.16 The witness has admitted that on the day when her statement was recorded at the camp, she was aware that Sahejad, Bhavani and Tiwari were also in the mob. She has denied that she has not stated the facts stated by her regarding Sahejad, Bhavani and Tiwari as deposed in her examination-in-chief in the statement recorded by the police and has voluntarily stated that if she gives the names and the police does not write, what can she do, she herself is illiterate.

109.17 The witness has stated that Sahejad lives in Hussainnagar. She has stated that she does not know that he has a Mataji's temple in his house. She does not know where Bhavani and Tiwari are residing. She has admitted that she has no talking relations with Sahejad, Suresh, Guddu, Bhavani and

Tiwari, and does not have any social or other relations with them and she has never personally talked to any of them.

109.18 The witness is cross-examined with regard to the application Exhibit-718 as to who had written it down and the manner in which it was written. The witness has stated that she does not know that Abid and the others, who were injured by bullets, were injured near Noorani Masjid. The witness has stated that Abid was standing at the corner of the S.T. Workshop and was injured by a bullet there. She has admitted that the remaining persons were also injured by bullets near the corner of the S.T. Workshop. The witness has admitted that she has not seen the incident of Rana Kadir and that she had heard about it. The witness has admitted that there were people wearing khakhi shorts and undershirts in the mob and has voluntarily stated that there were people in ordinary dress like pant-shirt also. In her cross-examination, she has stated that she has not seen Uday Gas Agency, but had seen someone go to Uday Gas Agency. She does not know whether the gas cylinders were filled or empty. She has deposed that they were lifting the cylinders on their shoulders and bringing them. They were bringing the gas cylinders from Uday Gas Agency towards their chawl. She had not seen them taking the gas cylinders on the highway. She has stated that the people who took the gas cylinders were those wearing khakhi shorts and undershirts as well as in ordinary clothes.

109.19 The witness has stated that the name of her maternal aunt's daughter, whose incident which she had seen from the flour mill, was Noorjahanbanu. The witness is cross-examined regarding not having stated that she was at the flour

mill as well as the fact regarding a huge mob having come from Natraj Hotel to Noorani and hence, she had gone to the road to see it, etc. in her statement recorded by the police.

109.20 The contents of paragraph 13 of her examination-in-chief are read over to the witness to the effect that she has not stated these facts in the statement recorded by the police. The contents of paragraph 14 of her examination-in-chief are read over to the witness to the effect that she has not stated these facts in the statement recorded by the police. The court has made a note below that the learned advocate for the defence has stated that the contradiction is not as regards the presence of the accused, but regarding their presence with weapons and that the names of Bhavanisingh and Sahejad are not mentioned.

109.21 The witness is sought to be contradicted as regards the first line of paragraph 15 of her examination-in-chief to the effect that in her statement recorded at the camp, she had not stated that when Bhavani Chharo was shouting, "*kill the miyas*".

109.22 The contents of paragraphs 16, 17 and 18 of her examination-in-chief are read over to the witness to the effect that she has not stated these facts in the statement recorded by the police. The contents of paragraphs 19, 20 and 21 of her examination-in-chief are read over to the witness to the effect that she has not stated these facts in the statement recorded by the police. The witness has voluntarily stated that she had stated all these facts when her statement came to be recorded at the camp, however, what could she do if they did not write it

down.

109.23 Certain extracts of paragraph 22 as well as the contents of paragraphs 23 and 24 of her examination-in-chief are read over to the witness to the effect that she has not stated these facts in the statement recorded at the camp. The contents of paragraph 25 of her examination-in-chief, from fourth line to the sixth line, wherein she has stated that at that time, in the moonlight, they had crossed over corpses and had reached the vehicles, are read over to the witness, to the effect that she has not stated such facts in the statement recorded at the camp.

109.24 The contents of paragraph 28 of her examination-in-chief are read over to the witness to the effect that she had not stated the fact regarding she being injured on the head with a stone and her husband's both hands being fractured and having not taken any treatment at the camp, have not been stated by her in the statement recorded at the camp. The witness is also confronted with the contents of paragraph 29 of her examination-in-chief to the effect that she has not stated these facts in the statement recorded by the police.

109.25 The witness has admitted that no test identification parade has been carried out through any authority for the purpose of identifying the accused whom she has named and whom she has identified for the first time before the court. She, however, has voluntarily stated that she already knew the accused.

109.26 The witness has denied the suggestion that during

this entire period, she was at home and has not seen any incident and that she has not seen any of the accused whom she had identified and at the instance of the people of her community, she is falsely naming the accused and that she has not sustained any injury in the incident and has concocted false facts, and hence, she has not taken any treatment.

109.27 The witness has denied that before the SIT, she has stated that her statement dated 19.4.2002 recorded by the police was correct and proper. The witness has admitted that her statement recorded at the camp was read over to her and has voluntarily stated that she had stated that the statement is incorrect and that they should write down the correct statement which she would now dictate. The witness has admitted that she had stated before the SIT that the contents of her application, Exhibit-718 are correct.

109.28 The witness is sought to be contradicted as to her statement recorded by the SIT to the effect that the facts stated by her in the first two sentences of paragraph 24 of her examination-in-chief, wherein she has stated that they were bringing gas cylinders from Uday Gas Agency road and were setting the houses on fire with the gas cylinders. The witness is further confronted with the contents of the fourth line to the seventh line of paragraph 25 of her examination-in-chief to the effect that she had not stated before the SIT that at that time, in the moonlight, they crossed over the corpses and reached the vehicle.

109.29 The contents of paragraph 31 of her examination-in-chief from the second line to the last line are read over to the

witness to the effect that she has not stated such facts in her statement recorded by the SIT. The witness has admitted that she has not stated such facts in her statement and has voluntarily stated that the SIT had not asked her about it, and, therefore, she had not stated so. The witness has denied that the field which she had referred to in her examination-in-chief where Abid was taken in a rickshaw, is after Gopinath and Gangotri Society. She has admitted that this field is between their chawl and Gangotri Society. The witness has admitted that it is a big field and has denied that there is a well in the field. The witness is also cross-examined with regard to the topography of the area.

109.30 The contents of paragraph 17 of her examination-in-chief are read over to the witness to the effect that she had not mentioned the word “khada” (pit) in the statement recorded by the SIT. It appears that in the statement before the SIT, she had referred to the word “well”. The witness has denied that reference to the word “khada” in her examination-in-chief is to the Jawannagar pit. She has stated that the word “pit” is with reference to the place which Tiwari had pointed out with his finger. The witness has voluntarily stated that when she has mentioned the words field, well, pit, etc., she means the same thing. She has stated that this place comes after Gangotri Society and Gopinathnagar.

109.31 The witness has denied that she and the people who were with her had gone towards the pit and has voluntarily stated that she had remained at the same place, whereas the other people who were with her had gone on the other side and at that time, upon a mob coming from the

opposite direction, they had entered the passage of the water tank. She has admitted that from where she was standing, she could not see the pit, but could see the people coming from the opposite side.

109.32 The witness has admitted that the people who were coming from the opposite side had weapons and has admitted that she was afraid and had moved back. She has voluntarily stated that at this time, she had taken shelter in the Hindu woman's house.

109.33 The witness has admitted that the Muslim mob which was with her had gone towards the well and from that direction, a Hindu mob came towards the Muslim chawls from the open ground and upon the mob charging at the Muslims who had gone towards the well, the Muslim mob returned towards their chawl from the well. The witness has voluntarily stated that thereafter, the mob had gone inside the passage of the water tank.

109.34 The witness has denied that the mob of Muslims which had gone towards the chawls was followed by the mob which came behind them from the direction of the well and the open field. She has stated that when the Muslim mob went inside the passage of the water tank and the Hindu mob was following them, she was standing on the side near the house of the Hindu woman who had given her shelter. She was standing on the road of the chawl. She has admitted that the Hindu mob which was coming from behind, had not attacked her and has voluntarily stated that she had gone inside the house. The witness has stated that she does not know whether this house

was in Gopinath Society or Gangotri Society. The witness has stated that she does not know as to whether the mob started the massacre after she went inside, because she was inside. She has admitted that out of fear, she must have stayed inside for about an hour. The witness has denied that after being driven out of the house, they had gone to the terrace of Gangotri Society and has voluntarily stated that thereafter, they had gone to Tiwari. The witness has admitted that from the time she was driven out and till she went to the terrace of Gangotri Society, she had not seen any mob and no mob had seen her. She has denied that she had not seen any incident and that at the instance of leaders of her community, she was falsely deposing before the court.

109.35 The omissions and contradictions in the testimony of the witness qua her statement recorded under section 161 of the Code have been sought to be proved by the defence through the cross-examination of the concerned Investigating Officer.

109.36 PW-178 Shri P. N. Barot, the Investigating Officer has admitted that he has recorded the statement of this witness on 19.4.2002. The Investigating Officer has admitted that this witness had stated before him that at 1:00 to 1:30 in the afternoon, all the people of their house had gone to Gangotri Society and were sitting and hiding there. Till 6 o'clock in the evening, they were in the lower level of the society, however, upon seeing a huge Hindu mob coming shouting from the side of the canal and upon a similar mob coming inside from the direction of the road, all of them immediately went near S.R.P. Group-2. At around 6 o'clock in

the evening, their Muslim chawls were suddenly set ablaze, looting commenced and the people were shouting and screaming. No person in her family was injured and there was no loss of life. Out of the people in the riotous mob, she had properly seen Guddu Chhara and Suresh Langda. At present, she does not remember which weapons they had. The Investigating Officer has admitted that the witness had stated these facts before him.

109.37 The contents of paragraphs 14, 15 and 17 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that the witness in the statement recorded by him, has not stated any facts regarding Sahejad, Bhavani and Tiwari and that three of them were in the mob.

109.38 The Investigating Officer has admitted that this witness has not stated before him that on that day, she was at the flour mill and huge mobs had come from Natraj Hotel towards the Noorani Masjid due to which, she had gone on the road to watch and the witness and her brother-in-law had stayed there for one hour and that the witness was also afraid at that time, have not been stated by the witness in the statement recorded by him.

109.39 Certain extracts of paragraphs 13 and 14 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that such facts have not been stated by the witness in the statement recorded by him.

109.40 The Investigating Officer has admitted that the witness has not stated before him that Bhavanisingh Chhara was shouting "*kill the Miyas*". The contents of paragraphs 16, 17 and 18 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

109.41 Certain extracts of paragraphs 19 to 21 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

109.42 The contents of paragraphs 22, 23 and 24 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. Certain extracts of paragraphs 28 and 29 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the witness has not stated such facts before him.

109.43 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 28.5.2008. He has admitted that this witness had stated before him that upon a Hindu mob continuing with the damaging and arson, a Muslim mob had also gathered. The police had resorted to firing wherein from the Muslim mob (1) Mustaqbhai Razakbhai, (2) Khalidbhai Alibhai, (3) Pirubhai Allabax were injured by bullets

(Para 42). The Investigating Officer has admitted that this witness had stated before him that her statement dated 19.4.2002 recorded by the police was correct and proper. Certain extracts of paragraph 24 of her deposition are read over to the Investigating Officer, wherein the witness had stated that they were bringing gas cylinders from the Uday Gas Agency road and were burning houses with the gas cylinders. The Investigating Officer has admitted that the witness has verbatim not stated these facts in her statement. She, however, has stated that the owner of Uday Gas Agency which is situated nearby had given gas cylinders from the Gas Agency for the purpose of burning. Part of the contents of paragraph 25 of the deposition of the witness are read over to the Investigating Officer wherein the witness has stated that in the moonlight, they had crossed the dead bodies and reached the vehicles, which had come to pick them up. The Investigating Officer has admitted that these facts have not been stated by the witness. However, the witness had stated that late at night, the police vehicles came and took them to the relief camp at Shah Alam.

109.44 Certain parts of paragraph 9 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that all this time, she was standing in front of her flour mill. The Investigating Officer has denied that the witness has not stated these facts before him. The witness in her statement had described that on the date of the incident she was at her flour mill which makes it clear that this witness has stated such facts in her statement. The Investigating Officer has admitted that the witness had not mentioned the word, "khado" (pit) in paragraph 17 but had

used the word “kuvo” (well).

109.45 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has a tendency of giving exaggerated testimony before the trial court which finds no corroboration whatsoever from the evidence on record. It was submitted that the averments pertaining to fractures sustained by her husband and him not taking any treatment for the same, children being made to drink petrol and diesel, having heard individuals talking in the mob from a far away distance, are examples of how highly exaggerated and unreliable, the testimony of the said witness is.

109.46 It was submitted that this witness has implicated accused No.22, 25, 26 as well as Jay Bhavani and Guddu Chhara before the trial court. Pertinently, in her statement recorded by the local police in the year 2002, the accused persons viz., accused No.26, 25 and Jay Bhavani were not implicated. It was pointed out that the improvements made by the said witness regarding the weapons attributed to accused No.22 and Guddu Chhara, have also been brought on record by the defense.

109.47 It was urged that this witness has made averments in her deposition pertaining to events, which she has never seen and which can be termed as hearsay evidence. That, the incident pertaining to Kudratbibi, which she had heard from the daughter of one Battery Cellwala, has not been seen by her and even the incident pertaining to Rana Kadir has not been seen by her. It was pointed out that in fact, there is no evidence on record pertaining to the death of an individual by

the name of Rana Kadir in the said incident.

109.48 It was submitted that this witness has also been cross-examined as regards her written application made to the SIT below Exhibit-718, in response to which, the witness has categorically admitted that the said application has not been written by her and as a matter of fact, the contents of the said application are added by the author of the said application as per his own will and with whom she has no prior acquaintance. It was argued that this averment made by the said witness is suggestive of the fact that the applications made to the SIT as well as the statements recorded thereafter are tutored and concocted and at the behest of certain individuals and organizations.

109.49 It was urged that this witness has not stated true and correct facts before the trial court, which can be gathered from the fact that in her testimony she has stated that one Abid was injured due to police firing. It was submitted that on a perusal of the postmortem note of Abid (Exhibit-393) produced on record through the deposition of PW – 47 Dr. Rameshchandra Bhagubhai Shah, it appears that Abid had died due to burn Injuries and not because of firing. Thus, there are two sets of evidence on record of police and private firing as regards to the firing incident that had taken place in the morning, in which, Abid and others have received injuries.

109.50 It was further submitted that two statements of this witness have been recorded. The first statement was recorded on 19.4.2002 by PW-178 and the second statement was recorded on 28.5.2008 by PW-327. The attention of the court

was invited to the omissions and contradictions in the testimony of the witness to submit that except for the names of Guddu and Suresh Chhara, there is complete omission on facts in the statement dated 19.4.2002 including the name of Sahejad and the weapons qua all the three accused. It was submitted that this witness has implicated five accused out of whom two have passed away. The remaining three are accused No.26 Sehjad, accused No.25 Premchand Tiwari and accused No.22 Suresh Chhara. It was submitted that these three accused have not been named in the first statement recorded on 19.4.2002, and have been named for the first time in the statement recorded by the SIT. It was submitted that even before the SIT, the role attributed to Sahejad is that he was seen as a part of the mob which came near Gangotri Society after Jai Bhavani gave a signal. It was submitted that this story against Jai Bhavani was not there in the police statement. Not only that, the story as regards Jai Bhavani and various other facts mentioned from paragraphs 5 to 29 in the examination-in-chief were not there in her police statements. It was submitted that insofar as accused No.25-Premchand Tiwari is concerned, the only allegation was that when the witness had requested for shelter, he directed them towards the khada (pit). It was submitted that before the SIT the witness has mentioned 'kuva' (well) and not 'khada (pit). Moreover, there is no allegation beyond this. No weapon has been attributed to Tiwari.

109.51 It was submitted that insofar as accused No.22-Suresh Chhara is concerned, though he has been named in the statement dated 19.4.2002 as well as before the SIT, no weapon has been attributed in the police statement and no

overt act has been attributed to him by the witness, beyond the fact that he was part of the mob. The attention of the court was invited to the contents of paragraph 88 of the cross-examination of the witness, wherein the witness has admitted that the Muslim mob with them had gone towards the well and the mob of Hindus came from the open ground towards the Muslim chawls and upon the mob charging towards them, the Muslims who were going towards the well, returned back. The witness has voluntarily stated that the mob went into the passage of water tank. It was submitted that the fact stated in this paragraph as well in the paragraphs subsequent thereto, are irreconcilable, which shows that she is not stating the correct facts. It was submitted that what is stated by the witness in paragraphs 86 to 88 of her cross-examination demolishes what has been stated by her in paragraphs 15 to 19 of her examination-in-chief. It was submitted that there are major contradictions in the deposition of the witness on vital issues as well as contradictions in her police statements and her deposition before the court, which render her evidence completely unreliable. It was contended that the witness has not seen any incident at all and whatever she has stated before the court is what she had heard from others or was tutored before recording her statement before the SIT. It was submitted that the evidence of this witness does not inspire confidence and cannot be relied upon.

109.52 ANALYSIS: This witness is the sister of Kudratbibi, who died in the incident. In her examination-in-chief, the witness has named Guddu Chhara (deceased), Suresh Langda (A-22), Sahejad (A-26), Bhavani (deceased) as well as Premchand Tiwari (A-25). Various omissions and contradictions

in the testimony of this witness have been brought on record as is reflected from the cross-examination of the witness. While the witness has named Guddu Chhara and Suresh Langda in her statement recorded at the camp on 19.4.2002, she does not remember which weapon they had.

109.53 Considering the proved omissions and contradictions, what emerges from the testimony of this witness is that on the day of the incident, in the morning she had come out on the road at around 9:30 and had seen the mobs which had attacked the Noorani Masjid and were damaging it and setting it on fire. The people in the mob were armed with weapons and the mob had also resorted to looting and arson on the nearby cabins. Subsequently, her family members had also come out on the road. According to this witness, the Hindu mob was attacking the Muslims and was pelting stones and was coming towards the Muslim chawls, but the police were not doing anything about it and were asking them (Muslims) as to why have they come out and were telling them to go inside. The police were firing at them and also lobbing teargas shells. In her testimony, the witness has also referred to Abid Ali being injured in the police firing. She, however, has also stated that he was lifted by youths from their chawl and put in a rickshaw and taken towards a field, which is a version that has not been stated by any of the witnesses, inasmuch as, majority of the witnesses have stated that Abid died on the spot. The witness has also seen Mustaq, Razak, Pirubhai and Khalid being injured by bullets within a short span of time. At the time when the firing took place she was near the spot.

109.54 From the testimony of the witness, it further comes out that after the firing, the Hindus entered their chawls and started ransacking them, and hence, the witness and others went towards Hussainnagar. After staying at Hussainnagar for around an hour, there was stone pelting from the S.T. Workshop, and hence, all of them went towards Jawannagar, after which she had seen a mob wherein she had seen Guddu Chhara and Suresh Langda. Thereafter they had taken shelter on a terrace of Gangotri Society and could hear screaming and shouting.

109.55 From the testimony of this witness it is apparent that while she is consistent in part, there are improvements in her statement to the extent that she has named more accused than those named by her in her police statement and has attributed specific weapons to them. The witness, however, is consistent regarding the presence of Guddu Chara (deceased) and Suresh Langda (A-22) in the mob, and in her cross-examination it has been elicited that she had seen both these accused near the water tank, where the people were set ablaze.

109.56 It has further come out in the cross-examination of the witness that the accused were very close to the terrace on which she had taken shelter and that the terrace was near the water tank. While it was dark, it was not so dark that they could not recognize anyone. However, insofar as accused No.26 Sahejad, accused No.25 Premchand Tiwari and Jaybhavani (deceased) are concerned, the witness had not named them in her statement dated 19.4.2002. The names of

these three accused have cropped up for the first time in her statement recorded by the SIT on 28.5.2008, viz. after more than six years from the date of the incident. Considering the fact that the police while recording the statement of this witness on 19.4.2002 has, in fact, recorded the names of two of the accused, there is no reason to believe that they would have not recorded the names of other three accused, namely, accused No.26 Sehjad Chara, accused No.25 Premchand Tiwari and Jaybhavani (deceased). Therefore, when these accused are named for the first time only before the SIT, after a period of six years, it would be hazardous to place reliance on the testimony of this witness for the purpose of establishing the complicity of such accused.

109.57 While it is true that there are certain improvements and embellishments in the testimony of this witness, there is no reason to discard her entire testimony and to the extent the witness is consistent in her version, her testimony deserves to be accepted. Through the testimony of this witness, the prosecution has duly established the presence of accused No.22 Suresh Langda near the water tank, where the people were set ablaze.

110. **PW-113 Jainulabedin Mohmedkhwaja Shaikh** has been examined at Exhibit 719. This witness has deposed that at the relevant time he was residing at *lane No.2 Hussainnagar*. His native place is Ranganpet, district Gulbarg, Karnataka State.

110.1 The witness has further deposed that in the year 2002 as well as at present he is earning his living by doing

tailoring work. He is residing at Naroda Patiya since his birth. He is illiterate. In February 2002, he was residing with his mother, wife Saliyabibi and his children. Two sons named Khwajahussain and Subhan and daughter Muskan.

110.2 The incident took place on 28.2.2002. On that day, there was a call for bandh. The call had been given by the Vishwa Hindu Parishad in the context of the incident that took place on 27.2.2002. On that day, he and all his family members were at home and he had not gone for his work.

110.3 In the morning at around 9:30 he had gone to the corner of the lane near their chawl near the S.T. Workshop when he came to know that a mob of Hindus was standing near the S.T. Workshop gate. They were shouting "kill, cut". Suddenly, they started advancing forward. The witness and others tried to prevent them and one or two persons even pelted stones to stop them, whereupon there was police firing from the opposite side. Three people were injured in the firing. Abid died on the spot. Piru and Mohmed also sustained bullet injuries.

110.4 Due to all this, they were frightened and went towards their house. At that time the mob also entered inside. It was around 12:00 in the afternoon.

110.5 The mob had become violent and was burning everything. Therefore, he took his wife and children and went towards Jawannagar.

110.6 He saw the mob as well as the people in the mob.

The people in the mob were armed with weapons like swords, pipes, pistol, etc. They could hear sounds of gas cylinders bursting. In the mob he recognised one person, viz., **Manoj Videowala**. He was saying "*Cut the miyas*". The mob was advancing towards the chawl. Thereafter he went home and from there he took his wife and children and went towards Jawannagar.

110.7 From Jawannagar there is a road for going inside the S.R.P. Quarters and he took his family and went in that direction. There the S.R.P. people did not let them enter. Thereafter, from there they went to Gangotri Society. It must have been evening time. There is a passage near Gangotri Gopinath and there were several Muslim women and children, etc. there and they too went there.

110.8 There, suddenly there was an attack. They were inflicting blows with swords and burning people alive after pouring petrol and kerosene. He ran away from there. His wife and children were burnt in front of him. He saw them all burning.

110.9 In this mob, he had seen **Bhavanisingh (deceased), Manu (A-28) and Guddu Chhara** in the mob. Manu had a pipe in his hand, Bhavani had a sword and he had not seen any weapon in the hands of Guddu Chhara. The persons who were burning were crying for help but no one was helping them. He too was standing there and when everyone was set on fire, he fled from there at which point of time someone hit him on his leg with a pipe. Thereafter he went inside S.R.P.

110.10 In this incident, his niece Noorjahan age 21 years, his sister's father-in-law Adamali, his wife Saliyabibi, his daughter Muskan age 4 years, his son Subhan age 3 months and his other niece Shahjahan, his nephew Shahrukh and his son Khwajahussain had been set ablaze. Out of whom, his son Khwajahussain, his niece Shahjahan and nephew Shahrukh escaped with injuries, whereas all the others died in the incident. His niece Noorjahan died on the spot. Similarly, his sister's father-in-law, his wife, his daughter Muskan and son Subhan also died on the spot.

110.11 Thereafter, he went towards the S.R.P. Quarters. At that time it had become dark and at that time he had gone inside the S.R.P. Quarters. At that time at night he could hear shouts of people from Jawannagar that those who are hiding should come out as vehicles have come to take them. Upon hearing this he too came out and went to Jawannagar and went to the Shah Alam camp in a vehicle. At the camp, he met his younger sister Shamim and she told him that his son Khwajahussain was badly burnt and that someone had put him in a vehicle. His legs, his back, his face and his ears had been burnt by somebody and he had sustained burn injuries. At that time, he too had sustained injury on his leg and had taken treatment at the camp.

110.12 His son told him that his niece, wife, etc., all of them, were dead. The witness has deposed that they had died in his presence, but his son also told him about it.

110.13 After a day or two he went to the Civil Hospital and

met his niece and nephew who had been admitted in a burnt condition and they too informed him that his relatives were dead.

110.14 Thereafter he had gone to the Civil Hospital once, to identify the dead bodies, but the bodies were not in an identifiable condition, and hence, he could not identify them. His house was vandalised and his things looted. He had received compensation for the damage as well as towards the death of his wife and children. He had also been given police protection. He had given a complaint at the camp which is produced with the list Exhibit 720. He had made an application to the SIT for recording his statement. He has identified his signature thereon. The contents are read over to him and he has admitted them to be true. The application is exhibited as Exhibit 721. Bhavani and Guddu are dead and the witness has identified both the other accused namely Manu and Manoj Videowala.

110.15 CROSS EXAMINATION: In his cross examination the witness has stated that Jawannagar is referred to as Khada by them. He has seen it. In the Jawannagar Khada after some houses there is an open ground. At that time the boundary of the S.R.P. Quarters was comprised partly of wire fencing and partly by a wall.

110.16 The witness has stated that he has seen the water tank and there is no large ground near it. There is a blind alley/passage. He does not know the measurement of the passage but says that it is neither too big nor too small. He has admitted that this passage is between Gangotri and Gopinath

Societies.

110.17 In his cross-examination, it has been elicited that from the water tank, he had gone towards the S.R.P. Quarters. Shahjahan, Shahrukh and Khwajahussain were near the water tank. He has admitted that he had left them and gone away. He had not entrusted the children to anyone. At that time all were being burnt in the fire. He had protected his life and fled.

110.18 In his cross-examination, it has further come out that he had visited the children at the Civil Hospital and after returning from there he had made a complaint application. He does not remember whether he had named any accused in the application Exhibit 721, but states that he had made it at Gandhinagar. The witness has been cross-examined as regards the manner in which the application was made.

110.19 The witness has admitted that his statement dated 19.4.2002 was read over to him when he went to record his statement before the SIT. He has voluntarily stated that the statement recorded by the SIT is true and correct.

110.20 The witness is sought to be contradicted qua the statements made by him in his examination-in-chief wherein he has referred to accused Manu being in the mob in the evening, as against his police statement dated 19.4.02 wherein he had stated that Manu Harijan resides at Gangotri and they were standing in front of his house and he had not let them stand there and had chased them from there. He had not let them take shelter there, and hence also, he believed that he was involved in the offence and had implicated him in the

mob.

110.21 The witness has denied that on the day of the incident he had gone near Manu Vaghri's house. He has stated that he does not know where his house is. He had denied that he had told him not to stand near his house and told him to move away. He has denied that while he was running towards Gangotri he had met Manu's family members. The witness is confronted with his statement dated 19.4.2002 wherein he had stated that upon their running towards Gangotri Society, Manubhai Vaghri's wife had told them to go away from there and from there they had gone and hidden in the passage of the water tank between Gangotri and Gopinath Society.

110.22 In his cross examination the witness has stated that in his application Exhibit 724 he had not named any Balwant and has voluntarily stated that by mistake the word Balwant had come out of his mouth. The witness has admitted that he had also given the names of the accused identified by him to the person who wrote the application. He has stated that the persons whom he has identified before the court were in the mob on the day of the incident. They were not looting his house.

110.23 The witness has admitted that he had not named any of the accused whom he had identified in the court in his complaint application Exhibit 724. The witness has voluntarily stated that this was because Exhibit 724 was merely an application and that he had stated everything at the Naroda Police Station but he does not know as to what they had recorded. The witness has further admitted that at the time

when Exhibit 724 was written he knew the name of Manu. The loss damage analysis form is given Exhibit 725. The witness says that he cannot say as to whether in the loss damage analysis form he had asked for punishing anyone as at present he does not remember what he had stated at the camp. He has voluntarily stated that at that time he was very disturbed and his mental balance was not being maintained and he does not clearly remember what was being written.

110.24 The witness has admitted that he has identified a person as Manu Vaghri. He has stated that he does not know that Vaghri and Harijan are different castes. He has denied that Manu Vaghri and Manu Harijan are different persons and has asserted that both are one and the same.

110.25 The witness has admitted that on the date of giving the complaint Exhibit 724, he knew Manu, Manoj, Bhavanisingh and Guddu by name. He has stated that he does not know if he has given their names in the complaint application Exhibit 724 and has voluntarily stated that at that time he was very disturbed and even today he does not remember what he had stated before the police and in his application but he remembers having given his statement before the SIT.

110.26 The witness does not remember as to whether he had given the names of Manoj Videowala and Bhavanisingh in his statement dated 19.4.2002. [Below this part the trial court has made a note to the effect that in the opening part of the statement dated 19.4.2002 the name of Balwant Chharo is written and the statement bears the signature of Shri P.N. Barot below and thereafter in the same paper in the recorded

statement it is clarified that Balwant Chhara is not the correct name and that the correct name is Bhavani and as per the clarification in the statement it can be seen that Balwant Chhara is Bhavani. Moreover, in the beginning of the statement there is a description of the physical features of Balwant Chhara and the fact that he was in the mob and the witness can identify him has been recorded. There is a further note that in this very statement there is reference to the wife of Manubhai Vaghri and there is also reference to Manu Vaghri.]

110.27 Thus, the trial court has referred to the contents of the police statement which is clearly contrary to the provisions of section 162 of the Code. Moreover, by adopting this approach, the trial court has sought to explain what has come out in the cross-examination of the witness with reference to the statement under section 162 of the Code, instead of leaving it to the prosecution to re-examine the witness to explain such circumstances, which is highly unfortunate. Firstly, because it is in complete breach of the provisions of section 161 and 162 of the Code, and secondly, in view thereof, the prosecution may be led into believing that since the explanation has already come on record, there is no need to re-examine the witness to explain the circumstances brought out in the cross-examination.]

110.28 In his cross-examination, the witness has stated that he does not know as to whether when he made reference to Balwant in Exhibit 724, he was aware that his name was Bhavani because he does not remember anything in that regard. The witness has voluntarily stated that as stated by

him earlier, by a slip of tongue he has stated Balwant instead of Bhavani. The witness has admitted that when he gave the complaint Exhibit 724, he knew Bhavani as well as his name.

110.29 In his further cross-examination, the witness has stated that he had seen Manoj on that day in the morning between 9:00 to 10:00. He had seen Manu at 6:00 in the evening at the scene of offence at Gangotri. Bhavani was also part of the mob in which Manu was there. He had also seen Guddu at Gangotri. The witness has admitted that he had seen all these three persons at Gangotri and nowhere else and he had seen Manoj in the morning and except for that he had not seen him.

110.30 In his cross-examination, the witness has stated that he cannot say as to whether he had seen the mob pelting stones from a distance of 100 to 150 feet. He has stated that this stone pelting was at people of their community. He has admitted that in defence against the stone pelting by the Hindu mob, some of the people belonging to their community had also pelted stones. The witness has denied that the police were firing where there was stone pelting and has voluntarily stated that the police was only firing at them. The witness has denied that the police firing was only where there was stone throwing by the Muslims and has voluntarily stated that it was the Hindu mob which was pelting stones. The witness has admitted that to oppose, the Muslims were also throwing stones and has voluntarily stated that with a view to resist the Hindus, one or two Muslims had pelted stones. The witness has denied that the police have fired only at those one or two Muslims who had retaliated against the stone pelting by

pelting stones.

110.31 The witness has stated that the police firing took place at around 9:00 to 10:00 in the morning. The witness is confronted with the following part of his police statement dated 19.4.2002 wherein he has stated that “... On 28.2.2002, I was at home. My brother together with the family members was also at home. In the morning at around quarter to ten, upon coming to know that huge mobs of Hindus started gathering on the highway opposite Noorani Masjid and were pelting stones at their Muslim colony, the people of their chawls out of fear started running helter skelter and everyone came out of their houses into the lanes of their chawls. From the road one could hear sounds of commotion, shouting, police firing and bursting of gas cylinders. At around twelve o'clock in the afternoon, from the side of the highway road, a huge armed mob comprised of thousands of people entered their chawls through the S.T. Workshop compound wall lane with weapons and petrol and kerosene cans. At that time the mob of Hindus was pelting stones at their chawls and to resist the same, the people of their chawl resorted to cross stone pelting and at that time during the police firing, three Muslim youth were injured. A youth named Abid died on the spot. Pirubhai sustained a bullet injury on his leg and Mahammad on his hand.....” The witness has stated that the facts recorded are partly correct and the rest of the facts have been written down by the writer on his own. The witness has stated that he had not narrated any facts about the mobs having entered the lanes. The witness has stated that many facts not stated by the witnesses were being written down and in the complaints of many persons false facts have also been written.

110.32 The witness has stated that he does not know whether he has stated that the mob of Hindus came near the S.T. Workshop at 9:30 in the morning. The witness has admitted that the mob had not come to their chawls before 12 o'clock and that till then no incident had taken place in their chawls. The witness has denied that there was stone throwing from the chawls and has stated that the stone pelting took place at the corner.

110.33 The witness has admitted that when the mobs entered, the police were also amongst them. The witness has stated that he does not know as to from the mob who had fired. The witness has denied that Abid was hurt by a bullet in the chawl.

110.34 In his cross-examination, an omission has been brought out as to his police statement dated 19.4.2002, to the effect that the witness had not stated that "*in this mob I had seen a person they were coming forward towards the chawl*" as stated in paragraph 10 of his examination-in-chief in his police statement. The witness has stated that since these facts were not recorded, he was required to go to the SIT.

110.35 The witness has admitted that on that day he was at Jawannagar till 6 o'clock in the evening. The witness has stated he does not know where Navyug School is situated. He has not seen as to whether this school is in the Khada. The witness has admitted that they had fled from Jawannagar to Gangotri and that from there he had gone and hidden in the passage behind the water tank of Gangotri Society. The

witness has denied that he had stated that at that time a mob in thousands had rushed from the direction of Navyug School.

110.36 The witness has denied that he was not beaten with a pipe and that he had twisted his leg. He has denied that in his statement dated 19.4.2002 he has stated that his leg was twisted.

110.37 The attention of the witness has been drawn to certain portions of his statement dated 19.4.2002; however, such part of his statement is not referred for the purpose of contradicting anything stated by the witness, and hence, is not admissible in evidence. A specific question has been put to the witness as to where he had seen Balwant Chhara, in response to which he has stated that he had not seen Balwant but had seen Bhavani. The witness has further stated that he does not know if Balwant Chhara was residing in Gangotri Society. He has admitted that he had stated that Balwant Chhara is fat in appearance and keeps long moustaches and that if he is shown to him, he can identify him, but has voluntarily stated that he had thereafter said Bhavani and not Balwant.

110.37 The witness has been confronted with his statement dated 19.4.2002 to the effect that he had not stated that the S.R.P. people had not permitted them to enter. A further contradiction is sought to be brought on record in connection with the last two lines in paragraph 13 of this deposition, to the effect that he had not stated before the police that thereafter he had gone inside S.R.P.

110.38 The witness has stated that he does not know

whether the Muslim chawls had been burnt after 6:00 in the evening and has voluntarily stated that he does not know because he was at Jawannagar. The witness has admitted that one cannot see the Gangotri Society passage from Jawannagar and that from the place where the incident took place, one cannot see his chawl.

110.39 The witness has stated that he does not know whether the incident at the chawls took place between 6:00 to 8:00 in the evening but has voluntarily stated that the incident at Gangotri took place between 6:00 to 8:00. The witness is then sought to be confronted with his statement dated 19.4.2002, to the effect that he had stated therein that during 6:00 to 8:00 in the evening the incident of setting on fire the houses in the chawls took place. It may be noted that the witness is not sought to be contradicted as regards anything stated in his primary statement. The witness was first put a general question in the cross-examination and was then sought to be confronted with his statement under section 161 of the Code, and by this manner of cross-examination, the defence had sought to bring on record the facts stated by the witness in his statement recorded by the police, which is impermissible in law, in view of the bar contained in section 162 of the Code.

110.40 To bring out the omissions and contradictions in the testimony of this witness, the defence has cross-examined PW 178 Shri P.N. Barot the then Investigating Officer.

110.41 Shri P. N. Barot the Investigating Officer has admitted that he has recorded the statement of this witness on

19.4.2002. The Investigating Officer has admitted that this witness had stated before him that they were standing in front of the house of Manu Harijan, who resides at Gangotri Society, but he had not let them stand there and had driven them away from there. Since he did not let them take refuge there, under the belief that he was also involved in the mob, he had given his name in the form. Thereafter, while they were trying to flee from Jawannagar towards Gangotri Society, on the way Manubhai Vaghri's wife told them to go away from there, and from there, they had gone and hidden in the passage of the water tank between Gangotri and Gopinath. Several other people were wearing khakhi shorts and they had swords, pipes, sticks, rags and cans of petrol in their hands. Out of the people in the mob, he does not know any person by name. The Investigating Officer has admitted that this witness has stated such facts in the statement recorded by him.

110.42 Various other extracts of the police statement of the witness have also been put to the Investigating Officer; however, since such facts have not been put to the witness to contradict any part of his primary statement, the same are not admissible in evidence.

110.43 The Investigating Officer has denied that this witness in his first statement recorded by him had not named Bhavani and had given his name in the subsequent statement. The Investigating Officer has stated that his statement was recorded on the same day and below the statement, the explanation of the witness was recorded wherein he had clearly given the name of Bhavani. The Investigating Officer has clarified that the witness had stated before him that the

correct name is Bhavani and not Balvant Chhara.

110.44 The Investigating Officer has admitted that he has not verified as to whether Balvant is the same as Bhavani for the reason that he did not find it necessary as the witness had clarified that the correct name was Bhavani and, therefore, there was no need for him to make any inquiry in that regard.

110.44 The Investigating Officer has admitted that no test identification parade of Bhavani was carried out through this witness. He has also admitted that this witness has not named Manoj in the statement recorded by him. The Investigating Officer has admitted that this witness in the statement recorded by him had not stated that he had seen Guddu in the evening mob.

110.45 The contents of the first two lines of paragraph 7 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. The Investigating Officer has admitted that in the statement recorded by him, the witness has not stated the facts stated by him from the fifth line to the eighth line of paragraph 10 of his examination-in-chief, wherein he has stated that in the mob he had seen one person, that is, Manoj Videowala, who was saying "*hack the Miyabhais*", the people in the mob were going towards the chawls. The Investigating Officer has further admitted that the witness had not stated before him that they were not permitted by the S.R.P. people to enter inside and that thereafter he had gone to S.R.P.

110.46 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT), in his cross-examination has admitted that he has recorded the statement of this witness on 30.5.2008. Certain extracts of paragraph 100 of the deposition of the witness are read over to the Investigating Officer, wherein the witness had stated that at around 9:00 to 10:00 in the morning, he had gone near the S.T. Workshop gate. The Investigating Officer had admitted that the witness had not stated such facts in the statement recorded by him. Insofar as this part of the testimony of the witness is concerned, it has been brought out in the cross-examination of the witness. Under the circumstances, the witness could not have been contradicted in connection with what was elicited in his cross-examination, and hence, the question of proving such contradiction through the testimony of the Investigating Officer would not arise.

110.47 SUBMISSIONS: The learned counsel for the appellants submitted that the witness has been residing at Naroda Patiya since birth, viz. since twenty nine years prior to the incident. It was submitted that this witness has stated that particularly in the chawls of Hussainnagar and Jawannagar as well as Jawaharnagar Khada, till the evening hours, viz. 5:30, no major incident of killing people had taken place. As far as accused-Manoj is concerned, for the first time before the SIT, the witness has shown the presence of Manoj uttering certain words which are offensive to the other community. It was submitted that the witness has merely referred to having seen Manoj in the mob either in the morning or noon. No other role has been attributed to him. It was pointed out that from cross-examination of the witness it has come out that he had seen Manoj only in the morning at the S.T. Workshop gate from 9:30

to 10:00. Manoj has not been named in the evening incident

110.48 It was submitted that this witness has involved, in all, four persons, out of whom two are dead; that leaves Manoj-accused No.41 and Manubhai-accused No.28. It was submitted that the witness has filed printed complaint Exhibit 724 and the contents of the complaint according to this witness were stated by him as per paragraphs 40, 45 and 56 of his deposition, wherein he refers to one Balwant, whereas accused No.41 and accused No.28 were not named.

110.49 Referring to the contents of paragraph 13 of the examination-in-chief of the witness, it was submitted that he has referred to Manu without further description like the name of his father, surname, etc. Reference was made to the contents of paragraph 44 of his cross-examination, wherein the witness has been confronted with his statement dated 19.4.2002, which indicates that he had named Manu based only upon inference or doubt as stated therein.

110.50 It was submitted that insofar as Manoj is concerned, the very fact of the witness going to the road at the corner of the S.T. Workshop has not been stated by him either before the police on 19.4.2002 or before the SIT and this fact of his having gone on the road and seen something near the S.T. Workshop has come for the first time before the court. It was submitted that the witness has admitted that he had seen Manoj between 8:00 to 10:00 near the S.T. Workshop road (in paragraph 68), and the role that he has attributed to him in the examination-in-chief is that he had seen Manoj in the mob and he was uttering words like 'cut the Miyas'. It was pointed out

that such allegations made in paragraph 10 of his examination-in-chief, were not stated by the witness before the police, which the witness has admitted in paragraph 77 of his cross-examination. It was submitted that this fact has come for the first time in the statement recorded by the SIT. It was submitted that even if these allegations are to be believed, it pre-supposes a situation where he had gone on the road. If he had not gone on the road he could not have seen him. This line before the SIT is therefore, false, for the reason that the first line of paragraph 7 of his examination-in-chief has not been stated before the police or before the SIT.

110.51 Referring to paragraph 72 of his cross-examination, it was submitted that before the police, the witness has not mentioned about having gone on the road, which omission has been proved through the testimony of the Investigating Officer. Therefore, as far as Manoj is concerned, the witness is apparently making an incorrect statement about his having seen him uttering words.

110.52 It was submitted that it is highly doubtful that the witness has gone on the road and hence he could not have seen accused-Manoj. It was submitted that while this witness has not attributed any weapon to Manoj, PW-104 has stated that Manoj had a revolver and had resorted to firing. Therefore, there are major discrepancies in the testimonies of the witnesses. It was submitted that there are material contradictions between his deposition before the court and the police statement dated 19.4.2002, complaint Exhibit 724, and statement dated 30.5.2008 recorded by the SIT, regarding his presence near the S.T. Workshop wall, near the highway. It was

submitted that it is also relevant to note that the witness has not stated anything about the attack on the Noorani Masjid and burning of tea stalls and other cabins around the Noorani Masjid and the direction from which the mobs came, which clearly shows that he was not present at the place where he, in his examination-in-chief, claims to be during the morning incident. It was submitted that insofar as the evening incident is concerned, it is highly doubtful whether he had seen any of the accused at the passage at the time of the incident, because in his deposition in paragraph 12 he has stated that he immediately ran away from the place once the attack started with swords and burning of people. It was submitted that the witness also does not say from where the mob came and started the sudden attack. It was submitted that in light of his statement in paragraph 68 of the deposition, it is apparent that he saw all these three accused at Gangotri and not at the passage. It was submitted that the witness has not alleged any overt act against any named accused. Therefore, his evidence cannot be relied upon to implicate the accused named by him, either in the morning incident or in the evening incident.

110.53 ANALYSIS: The record of the case reveals that two statements of this witness came to be recorded, one on 19.4.2002 by Shri P.N. Barot and the second by the Investigating Officer (SIT). This witness has named, in all, four accused, out of whom two viz. Bhavani and Guddu are dead. The two other accused named by him are Manoj Videowala (A-41) and Manu Harijan (A-28). He has also identified them before the court. Insofar as the complicity of these two accused in the offence in question is concerned, the witness has admitted that in his police statement dated 19.4.2002, he

had not stated the facts stated by him in paragraph 10 of his examination-in-chief wherein he has stated that in the mob he had seen one person; viz., Manoj Videowala who was saying "*Hack the miyabhais*"; the people in the mob were advancing towards the chawl. Thus, an omission amounting to a contradiction has been brought out that the witness had not named accused No.41 Manoj Videowala in his first available police statement. Thus, this accused has been named by the witness for the first time in his statement recorded by the SIT in the year 2008.

110.54 Insofar as the role of Manu Harijan is concerned, it has been brought on record in his cross-examination that this witness in his police statement had stated that since Manu had chased them away and not let them stand in front of his house, he had thought that he too must be involved in the mob. Thus, the witness has involved this accused on the basis of presumption and not because he had seen him commit any offence. In his cross-examination it has been elicited that he had seen Manu at 6 o'clock in the evening at Gangotri Society and Bhavani was also in the same mob. He had also seen Guddu at Gangotri and that except for seeing these accused near Gangotri, he had not seen them anywhere else. It is a matter of record that accused No.28 Manu is a resident of Gopinath/Gangotri Society, therefore, his presence at the spot, in the absence of any criminality being attributed to him, can be said to be natural. Therefore, the testimony of this witness would not help the prosecution in proving the charge against the named accused. However, insofar as the testimony of this witness regarding the manner in which the incident had taken place and he having witnessed his wife and children being

burnt to death by the mob is concerned, no contradictions have been brought out as to his previous statement recorded by the police. Therefore to extent the witness has deposed regarding the spot where the incident took place and the manner in which the offence was committed by the mob, the version given by the witness deserves to be accepted.

111. **PW-115 Ibrahim Chhotubhai Shaikh**, aged 43 years, has been examined at Exhibit-747. This witness has deposed that he is residing at *Lane No.3, Hussainnagar, Next to S.T. Workshop, Naroda Patiya* since his birth. He used to drive a luxury bus.

111.1 At the time of the incident, he, together with his wife Shamimbanu and their five daughters were residing there. His mother and his younger brother used to stay together, while his father had passed away long years ago.

111.2 The incident took place on 28.2.2002. At around 9:30 in the morning, he was at home when his wife woke him up and told him that a mob had come outside and was shouting, kill, cut. Thereafter, he went out on the road near the S.T. Workshop to watch. There he saw that a mob of Hindus had gathered there. The mob had gathered near Noorani Masjid and the persons in the mob had resorted to vandalizing near the masjid and inside the masjid and were shouting, kill them, hack them.

111.3 This mob was led by **Bipin Autowala (accused No.44)**, **Murli Sindhi (accused No.2)** and **Guddu Chhara**. All these three persons were instigating the Hindu mob and

were shouting, "*kill, cut*". On seeing this, he was frightened and hence, he went back to home. At home, he heard the sounds of firing. The mob entered their chawl. They were burning the shops on the road near his house.

111.4 After returning home, he went and sat in the house of Jadikhala in the opposite chawl and stayed there till 1:30 in the afternoon.

111.5 Thereafter, upon the mob coming inside the chawls, he took his family and went and sat in the two storeyed house of one Pinjara. He stayed there till the night, and at night, he, together with his family, went in the vehicle which came to take them to the Shah Alam relief camp.

111.6 At the Shah Alam relief camp, the police had recorded his statement in connection with the incident. Thereafter, he was called by the SIT, where his statement was again recorded.

111.7 The witness has stated that he can identify the persons he had seen in the mob. Since Guddu Chhara is dead, the witness has identified Murli Sindhi (accused No.2) and Bipin Autowala (accused No.44) before the court.

111.8 CROSS EXAMINATION: The witness is cross-examined with regard to his acquaintance with Ismailbhai Chhotubhai and Habibkhan alias Asif alias Raju Achhankhan Pathan. The witness has admitted that Ismailbhai Chhotubhai is his brother. He has stated that he does not know any Ranjitsing Nathusing Chauhan. He has admitted that a case

was conducted against Ismailbhai Chhotubhai and Habibkhan alias Asif alias Raju Achhankhan Pathan for the charge of murder at the Uday Gas Agency pit area on 28.2.2002. He has stated that he does not know that Shivendra Nathusing was the complainant in this case. The witness has denied that on every date in the case, he used to go to the court to meet his brother at the court. He has stated that he knows that his brother and Habibkhan have been acquitted by the court. He does not know whether the Government has preferred an appeal against such decision. The witness is cross-examined with regard to the said case and the arrest of his brother and Habibkhan in connection with the said offence.

111.9 The witness has stated that he was not with Ismailbhai and Habibkhan at the relief camp and that he was at the camp with his family and not with the families of Habibkhan and Ismailbhai and that they were residing separately in the camp. The witness has voluntarily stated that after his marriage, he is residing separately and he does not have good relations with his family members.

111.10 The witness is cross-examined with regard to the topography of the area. The witness has stated that on the day of the incident, he had not seen his brother Ismailbhai on the Uday Gas Agency road, near the S.T. Workshop or near Noorani Masjid, and that during the entire day, he had not seen his brother except when he met him at the camp at night. In his cross-examination, it has come out that he came to know about the murder of Ranjit around two months after the day of the incident and prior thereto, he had no talk with his brother with regard to the murder. The witness is cross-examined with

regard to a Muslim recklessly driving a truck wherein two Hindus died after Ranjit's incident and has voluntarily stated that he had only heard about it. The witness is shown a complaint application Mark 720/2 and he has admitted his signature thereon, but does not know when and where he had signed it. The witness has admitted that he had signed it when he was at the Shah Alam camp. The complaint application is given Exhibit-749.

111.11 [It may be noted that the witness has only identified his signature on the application and the contents thereof are not read over to him, nor has he admitted the same despite which the entire application has been exhibited.]

111.12 The witness does not know as to whether the complaint application was addressed to the Police Commissioner and as to who had brought this printed complaint application to him and that he does not know as to who got his signature thereon. He has admitted that he had not read anything that was printed or written in the complaint application Exhibit-749 and that he had not tried to understand or read what was written in the application.

111.13 The witness has admitted that except for his signature, he does not know the contents of the application, Exhibit-749.

111.14 The witness has stated that he does not know how to read, and therefore, has got the application written without reading it. The contents of the application Exhibit-749 are read over to the witness who has stated that he has not made any

such complaint application. He has admitted that none of his family members have sustained any kind of injury in the incident.

111.15 The witness has admitted that when he left Jadikhala's house, at that time, Jadikhala also found that there was risk to her life, and hence, she had left her house together with her family members. He has denied that after coming out from there, they had all gone to the Pinjara's house and has voluntarily stated that only he and his family had gone to the Pinjara's house. The witness has deposed that he does not know as to where Jadikhala had taken shelter thereafter. He has stated that after he reached the camp, he did not have any conversation with Jadikhala for the reason that she was dead.

111.16 The witness has stated that he does not know as to whether anything had happened to Jadikhala till 1:30, for the reason that when they went to her house, her son was at home. The witness has voluntarily stated that at that time, they were so confused that they could not understand what to do and what not to do. The witness has admitted that after 1:30 to 2:00 in the afternoon, he had not seen Jadikhala. He has admitted that the police came to question him at the Shah Alam relief camp and has also stated that he had no complaint against the police. The witness has denied that he had started taking steps for making an application for compensation and has voluntarily stated that he had not made any application and that the people from the Collector's office had come and recorded his statement and he had received compensation.

111.17 The witness has stated that he had not gone to Gandhinagar for recording his statement by the SIT and that his statement was recorded in their area. He does not remember whether he had made any application to the SIT. He has stated that the SIT officers had recorded their statements at a school by the name of Ikra which is Nazir Master's school.

111.18 The witness has denied that Nazir Master had come for recording the statement and has stated that the police had called him.

111.19 The witness is confronted that his statement dated 18.6.2008 recorded by the SIT to the effect that he had stated that his earlier statements dated 13.4.2002 and 11.6.2002 were read over to him and that they were correct and proper. The witness has voluntarily stated that he remembers that in all the statements read over by the SIT, certain names were incorrect and he had not stated such names and he had also stated all the facts stated by him in the earlier statement. The witness has admitted that in the statement he has not stated that he had seen Sahejad Chhara and Bhavani Chhara in the mob and has stated that somebody in the camp must have written it down. [This part of the statement of the SIT could not have been brought on record as the same does not contradict anything which is stated by the witness in his evidence.] The witness has admitted that while he was standing near the S. T. Workshop, the Muslims from their chawl had gathered together and were attempting to pelt stones in defence.

111.20 The witness has denied that except for the stone pelting incident, he had not seen anything else and has

voluntarily stated that the mob had resorted to arson and he had seen everything else. They were burning the mutton shop which is next to Noorani Masjid. He had also seen that they were causing damage and were shouting "kill, cut". The witness has admitted that except for this, he had not seen anything else.

111.21 The contents of the sixth, seventh and eighth lines of paragraph 3 of the examination-in-chief of the witness are read over to him, wherein he had stated that this mob had gathered near Noorani Masjid and the people of this mob were damaging near and inside Noorani Masjid, to the effect that these facts have not been stated by him in the statement recorded by the police.

111.22 The witness has admitted that he has not seen the mob inside the Masjid. The witness is confronted with his previous statements dated 13.4.2002 and 11.6.2002 to the effect that he has not named accused Murli Sindhi in those statements.

111.23 The witness has admitted that he does not have any social or other relations with Guddu Chhara and Murli and does not have any kind of business relations with him and had no occasion to talk with each other. He has admitted that no test identification of these three accused have been carried out by the police and that he had no occasion to identify the accused prior thereto.

111.24 The witness has denied that in his police statement, he has not stated the exact place and time and which accused

he had seen.

111.25 In the cross-examination of this witness it has come out that after he left his house at 11 o'clock, he had not seen the mobs. After 11 o'clock, he was at Jadikhala's house, and from there, he had gone to the Pinjara's house and was sitting there. The witness has admitted that he had not seen the accused named by him after 11 o'clock. He has admitted that the mob from the direction of Krushnanagar had pelted stones at them and that they too had resorted to cross-stone pelting.

111.26 The witness has stated that in his cross-examination, it has further come out that he had seen all the accused in the mob in the morning. He had seen Bipin Panchal leading the mob from Krushnanagar and was shouting "kill, cut". He had seen Murli Sindhi in the Naroda Patiya mob and he had seen Guddu Chhara in the Krushnanagar mob. He has stated that these accused were all in forefront of the mob. The witness has admitted that the accused named by him had taken a lead and were pelting stones at Noorani Masjid. He has admitted that they were in the front of the mob which was pelting stones. The witness has admitted that in this mob, he had seen the people wearing shorts and undershirts with yellow or saffron bands on their heads with "Jay Shri Ram" written on it.

111.27 The witness has denied the suggestion that he has not seen any incident as stated by him in his examination-in-chief with his own eyes and that he had not seen the accused named by him at the spot, and that at the instance of the people of his community, he was falsely implicating the

innocent persons.

111.28 The witness is cross-examined at length on the topography of the area and the direction from which the mobs came. The witness is also cross-examined with regard to the rickshaw which he was driving prior to the incident, etc.

111.29 The defence has cross-examined the concerned Investigating Officer/assignee officer who recorded the statements of this witness, to bring out the omissions and contradictions in the testimony of the witness.

111.30 PW-178 Shri P. N. Barot, the Investigating Officer, has admitted that he has recorded the statement of this witness on 13.4.2002. Certain extracts of paragraph 3 of the examination-in-chief of this witness are read over to the Investigating Officer, wherein it has been stated that this mob had gathered near Noorani Masjid. The people in the mob were ransacking near the masjid and inside the masjid. The Investigating Officer has admitted that the witness has not stated such facts before him. He has further admitted that the witness has not named Murli Sindhi in the statement recorded by him. The Investigating Officer has denied that the witness had not stated the exact place and time when he had seen the accused. The Investigating Officer has stated that it is clear that the time was 10 o'clock in the morning, whereas he had seen Guddu Chhara and Bipin Auto Centrewala at the corner of the S.T. compound wall.

111.31 PW-282 Shri K. S. Desai, the assignee officer has, in his cross-examination admitted that he had recorded the

statement of this witness on 11.6.2002. The assignee officer has admitted that when he went to record his statement, he had not gone with his complaint, nor had he recorded the statement of the witness in the context of such complaint because he had not received any such instructions.

111.32 The contents of the deposition of this witness, wherein he had stated that thus, the mob had gathered near Noorani Masjid and the people in the mob were causing damage near the masjid as well as inside the masjid, are brought to the notice of the assignee officer, to the effect that such facts have not been stated by him in the statement recorded by him. The assignee officer has clarified that such facts were not stated by the witness in the statement recorded by him, because the witness had only given a statement regarding the loss/damage sustained by him. The assignee officer has admitted that this witness has not named any accused before him.

111.33 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT), in his cross-examination, has admitted that he has recorded the statement of this witness on 18.6.2008. He has admitted that this witness had stated before him that his statements dated 13.4.2002 and 11.6.2002 were read over to him and that they are correct and proper. That the witness had received police protection which still continues and that he was not threatened by any accused or any other person. In the opinion of this court, these facts stated by the witness in the statement recorded by the Investigating Officer, have not been referred to contradict any part of the testimony of the witness, and therefore, this part of the evidence of the Investigating

Officer is hit by the provisions of section 162 of the Code is not admissible in evidence.

111.34 SUBMISSIONS: The learned counsel for the appellants submitted that this witness is the brother of one Ismail Chhotubhai, who along with one Habibkhan alias Asif Acchankhan Pathan (PW-213) was tried for committing the brutal murder of Ranjitsinh Nathusinh. In the said incident, Ranjit was dragged into the chawls by the members of the minority community and his body was mutilated, his face was cut and eyes were gorged out and his body was thrown on the road along with the incident of deliberate attack on the members of the Hindu community by ramming a Tata 407 truck, wherein a person was killed and some persons were injured which served as a catalyst for fomenting trouble. It was submitted that this witness has claimed knowledge about the occurrence of this incident. It was submitted that this witness in his statements recorded by the police, has not mentioned the name of accused No.2 Murli Sindhi and has only named Guddu and Bipin as having instigated the mob. However, before the SIT, he has improved the version and new facts are stated and Murli Sindhi's name is added. It was submitted that the witness is cross-examined as regards the complaint Exhibit-749 dated 6.3.2002 which is a printed complaint where his signature thereon is admitted, but the witness has pleaded complete ignorance about the contents thereof. It was submitted that this clearly indicates that if read in juxtaposition with the testimony of the other witnesses, attempts were made to take the signatures of the victims on some printed documents which are projected as the victim's complaint without such complaints having been dictated by

the victims themselves. Such attempts obviously are made at the instance of third parties, NGOs and voluntary organizations to incorporate false facts and to implicate some selected persons who they wished to be tried.

111.35 It was pointed out that this witness has categorically stated that he had given about fifty signatures to different individuals; however, he has no knowledge as to which document he has signed or what were the contents thereof. It was submitted that this goes to show as to how the victims like the present witness as well as similarly situated persons were misled by certain individuals and organizations. It was submitted that this witness has categorically stated in his statement before the SIT that the names of two individuals, viz., Sahejad Chhara and Jaybhavani were never given by him, but someone at the camp may have added such names, which further goes to suggest that the names of accused persons were added at the whims of certain individual organizations. It was submitted that this witness is an accused in the complaint given in connection with the incident of burning of the showroom of accused No.44 Bipin Panchal on the day of the incident.

111.36 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that reference to Ranjit and the involvement of this witness's brother in his murder would not be of any advantage to the accused and is also in no manner relevant so far as the prosecution case is concerned. It was submitted that at the most, the incident of Tata 407 may be a circumstance which may have aggravated the feelings of the members of the mob and therefore, they may have taken rapid

action of damaging the properties of Muslims. It was pointed out that in the statement dated 13.4.2002; the witness has named two of the accused. It was submitted that the cross-examination to discredit the version of the witness was not in accordance with law inasmuch as the procedure as provided under section 145 of the Evidence Act was not duly complied with. It was submitted that insofar as the statement recorded by the SIT is concerned, no omission has been brought out qua the said statement and therefore, there is no omission in accordance with law. It was submitted that the witness may not have named two accused before the police, but he has ultimately named him before the SIT and therefore, the omission as to the police statement cannot be said to be an omission proved in accordance with law inasmuch as such omission is without reference to the further investigation made under section 173(8) of the Code.

111.37 It was submitted that in his statement dated 13.4.2002, the witness has specifically stated that Bipin and Guddu were in the mob at around 10 o'clock in the morning, while in his statement dated 17.6.2008, he has also named accused No.2 Murli. It was argued that therefore, there is no major contradiction about seeing the mob in the morning, damaging the properties and out of three accused, names of two accused are also given while the same thing is clarified and one name is added in 2008 during further investigation. It was submitted that therefore, it cannot be said to be a material contradiction going to the root of the matter.

111.38 It was submitted that no major contradiction has been brought out in the testimony of this witness and his

deposition is truthful and consistent. It was submitted that except not naming accused No.2 Murli in the year 2002, the version given by the witness is totally consistent and credible.

111.39 ANALYSIS: This witness is the brother of Ismail Chotubhai Shaikh, an accused in the Ranjit murder case. After considering the omissions in his police statement dated 13.4.2002, from the testimony of this witness it emerges that he came out on the road in the morning and saw a mob and he saw **Bipin Autowala** and **Guddu Chhara** leading and instigating the mob. Being afraid, he went back home where he heard sounds of firing. The mob entered their chawl and the shops near his house on the road were being set ablaze. He first went to Jadikhala's house. Upon the mobs entering the chawls, he took shelter in the Pinjara's house. He has seen the mob only in the morning when he came on the road and not thereafter. The witness has not named Murli Sindhi at the relevant time and has named him for the first time before the SIT. Considering the fact that the police have in fact taken down the names of the other two accused, there is no reason to believe that they had not written the name of Murli Sindhi though stated by the witness. Therefore, to the extent the witness implicates Murli Sindhi, his testimony cannot be accepted. However, insofar as his testimony to the extent noted hereinabove is concerned, the same is consistent and credible.

111.40 Through the testimony of this witness, the prosecution has established the presence of Bipin Autowala (A-44) and Guddu Chhara (deceased) who were leading and instigating the mob on the road in the morning on the day of

the incident.

112. **PW-116 Lalabhai Nizambhai Luhar**, aged 45 years, has been examined at Exhibit-753. This witness has deposed that in the year 2002, he was residing at *Lane No.3, Hussainnagar, Next to the S.T. Workshop, Naroda Patiya, Ahmedabad*. At the relevant time, he was working as a blacksmith near the Naroda Kabrastan. He was residing with his family at Naroda Patiya since about ten years prior to the incident.

112.1 At the time of the incident, he was residing there with his family which was comprised of his wife Rukshana, his four daughters, viz., Rizvana, Rehana, Heena and Simran and his son Rizvan, in all five children.

112.2 He was residing in a house of his ownership which was comprised of two rooms with tin sheet roof.

112.3 The incident took place on 28.2.2002. On the day of the incident, there was a call for bandh and he was at home. At around 9:00 to 9:30 in the morning, he came out to the corner of the S.T. Workshop, outside his chawl, where there was a big mob which was shouting, "Shut down! Shut down!" and were forcibly getting the shops near the masjid closed. Thereafter, the mob started pelting stones whereafter, he returned home to his children.

112.4 The witness has deposed that he took his children and went to the lane behind. Being afraid that the mob would come there, he had locked his house and gone away. He took

his wife and children to the lane on the rear side and was hiding there. Thereafter, at around 12:30, the mob came and started looting, assaulting and burning. Thereafter, they went from there to the lanes on the rear side. They kept on running and the mob kept following them and they kept hiding.

112.5 In this manner, they reached the society. By then, it was around 5:00 to 5:30 in the evening. Thereafter, they went on a terrace and sat there with the family. After going on the terrace, he saw the mob coming from the side of the highway. There were many persons in the mob, however, he knew twelve persons in the mob and identified them.

112.6 Some of the persons in the mob had spear, some had swords, some had kerosene for burning, some had pipes and some had sticks in their hands.

112.7 In this mob, he saw **Ganpat Chhara (accused No.4), Vikram Chhara (accused No.5), Rajesh Pangalo (accused No.6), Champak Barot (accused No.7), Amrut Chhara (accused No.9), Suresh Langdo (accused No.22)** and **Kaptan Chhara (accused No.11)**. There were also other people, whose names he does not remember now since a long time has passed. In case, he remembers their names, he would give such names. The witness has stated that he had clearly seen that Suresh Langda had a spear and Champak Barot had a stick.

112.8 The persons in the mob were beating, looting and burning. On all four sides, there were a large number of people and they were very frightened and hence, they remained at

the terrace. In this manner, it became 11:00 to 11:30 at night, when the police vehicles came and took them safely to the Shah Alam camp.

112.9 His house had been burnt by the persons in the mob and his household goods had been looted by them.

112.10 One and half months after the riots, the police had recorded his statement by calling him to the Naroda Police Station.

112.11 He had stayed in the relief camp for about four to five months, whereafter, he had returned home. It appears that the witness together with his family has thereafter gone back to Rajasthan.

112.12 The witness has stated that he can recognise the persons whom he had seen in the mob. However, he has stated that in view of the fact that eight to nine years have passed and there are physical changes in their appearance, he cannot identify any of the accused.

112.13 CROSS EXAMINATION: The witness has initially been cross-examined with regard to the topography of the area. The witness has denied that he had only heard about the incident that took place on the road. The witness has admitted that on that day when he came to the corner of the S.T. Workshop and he had seen the mob, he had stayed there for only two to five minutes. He has admitted that during these two to five minutes, the people in the mob had not come towards him. The witness has voluntarily stated that destruction was going

on and he had not gone ahead.

112.14 The witness has denied that when he locked his house and went away, at that time the mob had not come. The witness has voluntarily stated that upon coming to know that the mob was coming inside, he had left his house. He has stated that he has left his house at around 11:30. He has admitted that till they were hiding in the lanes, his house was not damaged.

112.15 The witness has admitted that when they came out, the mob was very huge and they could not identify any one and that they were concerned with protecting their lives. He has stated that with a view to protect themselves from the mob, after 11:30 in the afternoon, they were hiding under the stair case and were changing lanes and were hiding in the corners. He has voluntarily stated that he cannot specifically say as to how many families were hiding with him at that time, but he has stated that there were young and old people.

112.16 The witness has admitted that when he left Hussainnagar at around 11:30, at that time and thereafter none of his family members was injured. He has voluntarily stated that there were incidents of other people being killed and burnt; however, he was concentrating on protecting his family members. The witness has stated that he cannot say as to how many people were there in the mob, but he could only see people and people in the mob.

112.17 The witness has stated that the mob was very large and has voluntarily stated that he did not fall in their hands

and that had he come within their reach ,they would have killed him. The witness has admitted that the mob was even coming to the place where they were hiding and he has voluntarily stated that therefore, they kept on changing places. Till 3 o'clock they kept on hiding like this and thereafter they went to the society. The witness has stated that at present he cannot say as to in which society they had hidden themselves, but it might be Gopinath Society. They had hidden on the terrace with the family.

112.18 The witness has admitted that the residents of the society did not do anything to them and he has voluntarily stated that they were afraid of the mobs and not of the residents of the society. The witness has stated that he cannot say as to how many people had taken shelter on the terrace, but he has stated that the entire terrace was filled with people, who had come to take shelter. He has admitted that from that terrace one could see the open ground on the rear side.

112.19 The witness has denied that he was on the terrace for one or two hours and he has voluntarily stated that they had climbed on the terrace at around 5:00 to 5:30 and till the police vehicles came to take them at 12 o'clock at night, they had remained on the terrace. He has admitted that while they were on the terrace no person from the mob had come on the terrace. The witness has voluntarily stated that there were disturbances on all the sides and they could hear sounds of gas cylinders bursting and women shouting 'help, help'. He has stated that for their safety, till the police arrived, they did not get down from the terrace. The witness has denied that he had not seen any incident as stated by him on the day of the

incident and has admitted that no test identification parade of the accused was conducted by the police.

112.20 The witness has denied that he has falsely named ten to twelve accused in his statement and that he does not know the accused whom he had named in the examination-in-chief. The witness has voluntarily stated that he had given names of those persons whom he had seen in the mob to the police.

112.21 SUBMISSIONS: The learned counsel for the appellants submitted that the witness has named several accused persons, but has failed to identify any of them before the court. It was submitted that out of the seven persons named by him, he has attributed weapons to two persons and as far as five persons are concerned, neither has any weapon nor any overt act been attributed to them except that they were present in the mob in the morning. It was submitted that this witness in paragraph 25 of his deposition has stated that the residents of the society did not harm them and that they were afraid of the mob and not the people of the society. Thus, though the witness knew the residents of the society he does not attribute any role to them. Moreover, though he is a local resident, he has not named any of the local residents.

112.22 It was pointed out that insofar as accused No.5 Vikram Chhara is concerned, apart from this witness, it is only PW 149 Faridabibi Abdulkadir Khalifa, who has named him. It was submitted that PW 149 had not named this accused in any of the police statements, despite which he has been convicted by the trial court.

112.23 ANALYSIS: From the testimony of this witness, it emerges that on the day of the incident he had gone on the road for a few minutes and had seen the mob. Though the witness had named several accused in his examination-in-chief whom he had also named in his police statement recorded at the time when the incident took place, due to lapse of time, he was not in a position to identify any of them. The statement of this witness was recorded on 13.4.2002 and no omission or contradiction has been brought out in the cross-examination of this witness qua such statement. However, as noted hereinabove, though the witness has named several accused, he has failed to identify any of them.

112.24 Thus, all that emerges from the testimony of this witness is that at around 9:00 to 9:30 in the morning, there were huge mobs which were forcibly getting the shops near the Noorani Masjid shut down and the mob was pelting stones. The mobs came in at around 12:30 in the afternoon and started ransacking and burning the houses. At around 5:00 to 5:30, the witness went on the terrace from where he saw the mob coming from the side of the highway wherein he recognized twelve persons, viz. **Ganpat Chhara (accused No.4), Vikram Chhara (accused No.5), Rajesh Pangalo (accused No.6), Champak Barot (accused No.7), Amrut Chhara (accused No.9), Suresh Langdo (accused No.22) and Kaptan Chhara (accused No.11)**. However, in the absence of identification of the accused persons named by the witness, his testimony would not in any manner support the prosecution in establishing the charge against the named accused.

113. **PW-117 Anishbhai Nasirbhai Mansuri**, aged 45 years, has been examined at Exhibit-754. This witness has deposed that in the year 2002, he was residing at *Jawaharnagar* which is also known as *Jawannagar*. His family was comprised of his wife Rukshanaben, four children, viz., Shanumahammad, Heenabanu, Shabanabanu and Imran Mahammad, and they were residing there together since five years prior to the incident. He was working in a brick kiln, behind Dinesh Chambers and his duty hours were from 8:00 in the morning to 5:00 in the evening.

113.1 The incident took place around eight years prior thereto. On the 28th day, which was a Thursday, but he does not remember the month. On that day, there was a call for bandh. Hence, he had not reported on duty and was at home.

113.2 On that day, at around 9:30 in the morning, there was disturbance on the road near the Noorani Masjid. A mob of around ten to fifteen thousand people had come from all four sides, towards the Noorani Masjid. He too went to look. There he saw that stones were being pelted, shops were looted and there was firing. Hence, out of fear, he returned to his chawl.

113.3 They took their children and went towards the S.R.P. compound and started entering, however, they were not permitted to enter. Thereafter, they had returned. But in the disturbances, he had not locked his house and he had left his house open.

113.4 The witness has stated that they are Mansuris. Their

women wear sarees and put sindoor (vermilion) along the parting of their hair. On that day, he had left his house and was going with his wife and children. When they came out on the road, there were mobs on all four sides and the mobs under the impression that they were Hindus, let them to go. They went to Kathwada village on foot and on the way, they had seen that killing and looting was going on.

113.5 In the mob, he had seen **Bhavani (deceased), Guddu Chhara (deceased) and Ganpat Chhara (accused No.4)**. Ganpat Chhara had an open sword and was assaulting people.

113.6 The witness has further deposed that his house was looted and burnt on the day of the incident. They stayed for a night at Kathwada, whereafter they were sent to Bahiyal village. They stayed in the said village for around fifteen to sixteen days. Thereafter, upon the curfew being relaxed, they returned to the Bapunagar relief camp. The police had recorded their statements at Bapunagar.

113.7 The witness has stated that he had learnt that Guddu Chhara and Jaybhavani have died and has further stated that he can identify Ganpat. The witness, however, has not identified the said accused and has said that that since many years have passed, he would not be in a position to identify him and therefore, he did not go near him.

113.8 CROSS EXAMINATION: The witness is sought to be contradicted by his statement recorded by the police to the effect that before the police, he had stated that he had gone to

Kathwada village from the open fields behind. In the cross-examination of this witness, it has come out that he had seen Ganpat Chhara even prior to the incident. The witness has further admitted that he had no occasion to interact with him or have a tea with him nor had they visited each other houses. The witness has admitted that he cannot say as to how many persons by the name of Ganpat reside in the Naroda Patiya area.

113.9 The defence has cross-examined PW-292 Rajeshkumar Chinubhai Pathak, the assignee officer to prove the omissions and contradictions in the testimony of the witness as to the statement recorded by him. The assignee officer, in his cross-examination, has admitted that he has recorded the statement of this witness on 18.3.2002. He has admitted that the facts stated by the witness in paragraph 12 of his examination-in-chief, wherein he has stated that he had gone from the open field on the rear side to Kathvada village, have been stated by him in his statement. The assignee officer has denied that this witness had not given the name of accused Ganpat before him.

113.10 SUBMISSIONS: Mr. Yogesh Lakhani, learned counsel for the appellants submitted that this witness has named three accused, namely, Jaybhavani, Guddu and Ganpat Chhara. It was submitted that Jaybhavani and Guddu have passed away and the witness could not identify Ganpat, the sole living accused.

113.11 It was submitted that in his only statement dated 18.3.2002 recorded by the police, when the witness has stated

and it is proved that he had gone to Kathwada through the open fields on the rear side, his claim in the examination-in-chief that he had come on the road and seen "killing and looting" while going to Kathwada is contradictory and cannot be believed. It was submitted that when the witness says in paragraph 7 of his deposition that Ganpat had an open sword and was killing people, that fact does not get support for two reasons. Firstly, that no witness has stated that in the morning on the road at about 9:30, any person had received any injury by sword or that anybody has died because of such injury. Secondly, it is not the case of the prosecution that any witness has stated regarding any such incident of causing injury by any weapon has taken place in the morning on the road. It was submitted that the accused has not been identified, and hence, his evidence qua the said accused, namely, Ganpat Chhara is of no use. It was submitted that the witness has referred to the accused merely as Ganpat, which is a general name and he did not have any acquaintance with him and, therefore, not holding of a test identification parade to identify the accused, also assumes importance.

113.12 ANALYSIS: From the testimony of this witness, all that emerges is that he went on the road in the morning and saw stone pelting and looting as well as firing. Out of fear, the witness returned home and then went to the S.R.P. compound with his children. However, they were not permitted to enter inside, and hence, they went to Kathwada. The witness has stated that in the mob, he had seen Bhavanisingh, Guddu Chhara (both deceased) and Ganpat Chhara, but has failed to identify Ganpat Chhara. The witness has named Ganpat Chhara in his statement dated 18.3.2002 as well as in his

deposition and is therefore, consistent insofar as naming the accused is concerned. However, the witness has failed to identify accused Ganpat Chhara in the dock and hence, his evidence would be of no avail to the prosecution to establish the charge against him.

113.13 In the cross-examination of this witness, no omissions or contradictions have been brought out as to his statement dated 18.3.2002. Therefore, the contents of the examination-in-chief of the witness are required to be accepted, except to the extent of the involvement of accused No.4 Ganpat Chhara as the witness has failed to identify him.

XIV MOBILE GROUP WITNESSES

114. The learned counsel for the appellants has thereafter referred to the Mobile Phone Group witness, viz. witnesses whose testimonies are recorded in the context of the mobile phone recovered by PW 135 Hussainabanu Asgharkhan Pathan. In all, reference has been made to the testimonies of the following ten witnesses:

115. **PW-135 Hussainabanu Asgarkhan Pathan** has been examined at Exhibit-879. This witness has deposed that she can understand Gujarati and speak a little Gujarati but she would find it convenient to depose in Hindi.

115.1 The witness has deposed that after the riots of 2002, she has come to reside at Alifnagar and since then she is residing there. In the year 2002, she was residing at

Hussainnagar at Naroda Patiya in the third lane. At the relevant time, she was residing with her husband and brother in her house.

115.2 Her husband was serving in a company by the name of Universal at GIDC, Naroda, and at present is serving at Shah Alam. Her father's name was Mohbeali Mirza and he was a resident of Khambhat. He had died prior to the riots of 2002. Her husband's native place is Padna, District Agra, Uttar Pradesh.

115.3 She has two sons and a daughter. Her eldest daughter's name is Nazimabanu and her eldest son's name is Raeeskhan and youngest son's name is Salmankhan, who is slightly handicapped. All her three children reside with her mother at Khambhat and are studying there.

115.4 At the time of the incident, she was residing with her husband on the first floor of Salimbhai's house at Hussainnagar, on rent. She was residing there with her brother Hasan Ali Mirza and her husband. At the relevant time, her brother was involved in the business of selling ice balls. He had two carts. He used to sell the ice balls at Masjid-ni-chali, behind Noorani Masjid. Her brother was married and two years prior to the incident he was divorced and hence, he was residing with them.

115.5 The incident took place on 28.2.2002. On that day, there was a call for Gujarat Bandh. On that day, she, her husband and her brother were at home. At 7 o' clock in the morning, she had prepared tiffin for her husband and he had

taken it and gone for his service. On that day, in the morning at around 8:00 to 8:30, there were shouts of “cut the Muslims” and hence, the people of the chawls started coming out. She also left her house and went towards Noorani Masjid, at that point of time, her brother was at home. On the road, many people were burning tyres and there were a large number of people who were shouting “cut and kill the Miyas”. The people in the mob were also pelting stones. At this time, she was standing at the place where one Padmaben used to sell vegetables next to a Government’s tap in front of Rashidbhai Channelwala’s house. At that time, a mob had also come from the direction of Krushnanagar. That mob was advancing forward and another mob had also come from the direction of Natraj. The mob from the direction of Natraj was advancing forward and was going towards Noorani Masjid. The people in the mob had damaged Noorani Masjid. The Muslim brothers came forward to protect Noorani Masjid. At this time, there was cross stone pelting. The stone pelting was between the Hindus and the Muslims. At this time, the Muslims had approached to the police and told them that *“you were telling us that these people will not do anything, but they have attacked the masjid”*.

115.6 The witness has further deposed that thereafter the mob crossed the road and came towards Hussainnagar. At this time, the people in the mob started ransacking Hussainnagar. They had damaged the masjid. The people in the mob climbed on Rashidbhai Channelwala’s house. They had damaged the goods belonging to the Channelwala. Thereafter, they set Rashidbhai Channelwala’s house on fire. Upon the burning of this house, which is the first house in Hussainnagar, there was

no longer any place for them to stand and hence, they fled and went to their house.

115.7 Salimbhai was the owner of her house. This Salimbhai had taken his family members and gone away. By the time they returned, the mob had spread over their entire chawl. She and her brother went on the terrace of their house and had hidden there. The mob started burning and damaging their chawls. In the meanwhile, the people in the mob had rampaged throughout their chawl. Her brother told her that they should close the door otherwise the people in the mob would kill them. She also opened the door and saw. However, thereafter she closed the door and she secured the stopper from inside.

115.8 With a view to save their lives, she decided to once again go to the terrace to see if the people of the mob had gone away and hence, she went to the terrace. She saw that the people in the mob were on all four sides and hence, she came down along with her brother.

115.9 Thereafter, the people in the mob had broken the door of their closed house with axes and dharias. The mob had broken in all three doors of their house, namely, the front door and the back door and a door in the middle, which led to the staircase. After breaking the door the people in the mob entered their house. They were four or five persons. Out of these four or five persons, one person had a police baton in his hand. With this baton that person started beating her brother. At that time, she had intervened to save her brother and had beseeched them not to kill her brother. However, a person

wearing a pink shirt and a brown pant started beating her brother.

115.10 The persons in the mob, who had come inside her house, pulled her brother and took him out. About fifteen to twenty people in the mob thereafter took her brother to the compound of Jaadi Khala's house. When the people in the mob were pulling her brother and taking him out, she also followed behind and begged them not to beat her brother. She had gone to save her brother.

115.11 The people in the mob surrounded her brother and the first blow with a sword was inflicted on her brother's neck and the second blow was inflicted on his hand, all of which had happened in front of her eyes. A cot was lying in Jaadi Khala's compound. The people in the mob put the cot upside down and made her brother lie down on it. Thereafter both her brother's legs were tied to the cot. The people in the mob had thereafter poured acid over her brother. A person had handed over the acid from over the S.T. Workshop wall and another person had taken it from outside. This acid was poured over her brother. These people thereafter placed a cotton mattress over her brother. A boy named Abid had sustained a bullet injury and he was placed on this mattress and this mattress was blood stained and the same mattress was placed on her brother. She does not know what they had brought in the bottle, whether it was petrol or kerosene, but the people in the mob poured it over her brother's body and set him on fire.

115.12 At this time, she was present there. The mobile phone of the person, who committed atrocities over her

brother, fell down from his pocket. She picked up the mobile phone and went away and hid in a toilet for the reason that her brother had been tied up and set ablaze, and hence, under the impression that they would surely kill her brother and her brother would surely die, she moved away from there.

115.13 After a little while, when the mob went away, she came out. Thereafter she saw that her brother's dead body was burning. The witness has deposed that the toilet in which she was hiding was in the house owned by one Javed Bhaiya. A drum of water had been filled for Javed Bhaiya's house, which was lying there. She took five buckets and poured it over her brother's burning dead body. The witness has deposed that after all these years, even today there are marks of the flames having scorched her fingers. The witness has deposed that thereafter, she came out from there. She had deposed that the people in the mob had beaten her and her brother very badly and that even today there are effects of such beating on her leg.

115.14 The witness has deposed that at this time, it was around 4 o'clock. She had gone to the fourth lane of Hussainnagar. One Mansuri's house was situated in lane No.4 where around three hundred to four hundred Muslims had stayed to protect their lives. They were on the terrace of the house. She had stayed at the terrace till 1:30 to 2:00 at night. At around 1:30 to 2:00, the police vehicle arrived. Pursuant to the police calling, she had come down and had gone to the police vehicle. In this vehicle, she and others were taken to the Shah Alam camp.

115.15 The witness has deposed that when her husband returned from his job in the evening, their houses in the chawl were burning and looting was going on. The mob had also chased her husband, who had saved his life and in some manner reached GIDC, Mudhiya village. Thereafter, her husband had come to Shah Alam camp to inquire about them. Her husband had gone to her paternal aunt's place and upon coming to know from there, he had come to inquire about them in the camp. She had told him everything.

115.16 The witness has further deposed that about seven days after coming to the relief camp, one Sultanbhai of their village Khambhat had come to meet her. At that time, she had the mobile phone which she had found on that day and she could not understand as to what to do with the phone and hence, she had told Sultanbhai about the incident that had taken place with her brother. This Sultanbhai was engaged in the business of selling samosas. She told him about how she had found the mobile and all the facts about her brother's incident, at which point of time, he had told her that he was going for his business and that he would again come to meet her, in the evening.

115.17 He came to meet her in the evening and took her to one Mohsinbhai Vakil. She gave the mobile phone which was with her to Mohsinbhai. She had informed Mohsinbhai Vakil about all the facts.

115.18 On the next day at 9 o'clock in the morning, Haiderbhai (PW-237) from her village Khambhat, who is her relative, met her with Sultanbhai at the Shah Alam camp door.

She narrated the facts regarding the incident that took place on that day at Naroda Patiya to Haiderbhai. She also told him about having deposited the mobile phone with Mohsinbhai. Haiderbhai told her to take him to Mohsinbhai and thereafter she took him to Mohsinbhai Vakil's place.

115.19 Mohsinbhai Vakil gave the mobile to her relative Haiderbhai and told him that both the cases relating to the Naroda Patiya incident and the finding of the mobile phone are to be conducted separately. Haiderbhai thereafter gave the phone to Nadeembhai (PW-245). Thereafter, Nadeembhai took the mobile phone to the office of the Police Commissioner and deposited it there.

115.20 Thereafter, few days later Nadeembhai came to meet her and informed her that he had deposited the phone with the Police Commissioner. Thereafter, Nadeembhai and Haiderbhai took her to the Police Commissioner. The witness has deposed that she had gone to the Police Commissioner's office to verify as to whether Nadeembhai had deposited the mobile. At that time, she had personally narrated the incident to the Police Commissioner. He (the Police Commissioner) had asked her to identify the mobile, out of the mobiles lying there, and she had identified the mobile.

115.21 She had identified the mobile phone in the presence of the Police Commissioner. Thereafter, Nadeembhai and Haiderbhai brought her back to the camp. During this time, the police had come to the Shah Alam camp where she had stated the facts about her complaint to the police. About a month thereafter, the Crime Branch had also come and recorded her

statement.

115.22 In that incident, her entire house was looted. She had incurred loss in respect of the cash lying in the house, jewellery, household goods, etc., in all, amounting to about rupees two to two and a half lakh. The witness has deposed that she did not know as to whom the mobile belonged. Thereafter, on the basis of the facts stated in the newspaper, the people in the camp had told her that the mobile phone was belonging to Ashok Sindhi (A/38), however, she did not know to whom the mobile phone belonged. However, she can identify the person who had committed atrocities on her brother. Thereafter, she had received summons from the SIT, and there also she had given her statement. She had narrated all the facts there.

115.23 The witness has further deposed that she had given the complaint while she was in the relief camp given after about two months after the incident, for the reason that the police came after two months. One month thereafter, the Crime Branch had recorded her statement. After residing at the relief camp for seven to eight months, upon the camp being closed down, she had returned home. From the camp, she had gone to her house at Alifnagar and had not returned to Hussainnagar.

115.24 While she was at Alifnagar, the Gheekanta police had called her for the purpose of identifying the accused, namely, the person whose mobile phone she had deposited. A test identification parade was carried out there and she had identified the accused. That person was **Ashok Sindhi**. The

witness was shown a copy of her complaint, which she was unable to read as she is illiterate but she has identified her thumb impression thereon. The complaint was read over to her and she had admitted the contents thereof, except to the extent it is stated therein that her husband had gone to bring ice; the facts regarding her children; as well as the fact that Nadeembhai is an Advocate; which according to her, she had not stated before the police. The complaint, except to the aforesaid extent, has been exhibited as Exhibit-880.

115.25 The witness has deposed that she went to the Magistrate's Court, where she had identified the person whose mobile phone had fallen down and who had committed atrocities on her brother. The witness has deposed that even today she can identify the said person; however, since a long time has elapsed she can try to identify him. The witness, however, could not identify the accused correctly and has instead identified accused No.58 Santoshkumar Kodumal Mulchandani as Ashok Sindhi. The witness has thereafter stated that she would be in a position to identify the mobile phone which was deposited by her. At this stage, the mobile phone at item No.9 of Muddamal list Exhibit 139 was taken out from the cover in the open court and was shown to the witness, who stated that the mobile which she had deposited had a black cover, however, this mobile does not have a black cover and hence, she cannot say that this is the very same mobile. She has further stated that that mobile was smaller. Thus, the witness has not been able to identify either the accused, or the mobile phone.

115.26 CROSS EXAMINATION: In her cross-

examination, the witness has been is cross-examined with regard to the location of the house where she was residing in Hussainnagar. The witness has been cross-examined with regard to the name of the owner of the house in which she was residing at Hussainnagar as well as the general topography of the area and the persons residing in the vicinity. The witness has also been cross-examined with regard to her education as well as her parents' education and the language spoken at their house. The witness has admitted that from time she was born till date, she has not acquired any education and that she understands Gujarati to a certain extent but she cannot read it.

115.27 The witness has been further cross-examined with regard to the time when she must have made the complaint after she went to the camp and as to whether she had lodged the complaint. The witness has admitted that she gave an application form for obtaining compensation to the Collector and has further admitted that together with this application for compensation she had informed the Collector about her brother's murder. The witness has been cross-examined with regard to the contents of the complaint and she has categorically stated that the same was written, as stated by her. In the cross-examination, it has further come out that the complaint Exhibit-880 given by her was recorded by the Crime Branch.

115.28 In her cross-examination, it has also come out that when she had gone with the police, she had shown the damage caused to the house as well as the place where her brother was burnt. She has further admitted that the procedure carried out on that day was recorded. The witness

has admitted that she had firstly shown the police the place where her house was looted and thereafter she had shown the place where her brother was burnt. The witness has admitted that the police had taken samples of earth from the place where her brother was burnt. The witness has admitted that whatever was written down was in her presence and that the same was read over to her. The defence has thereafter sought to bring on record the panchnama Mark 134/66, which has been exhibited as Exhibit-888. In the cross-examination of the witness, it has come out that Inayat Ali's house where her brother was burnt is situated in the lane about five to seven houses after her house. She has admitted that Inayat Ali's house is enclosed by a compound wall and that the house has a gate. The witness has stated that she had gone to Inayat Ali's house after opening the gate and has voluntarily stated that the gate was open. The witness has admitted that her brother was killed and burnt in the compound of Inayat Ali's house and that she had stated such facts to the police in the presence of two persons.

115.29 The witness has further admitted that her brother Hasan Ali was alone and has further admitted that she had taken rupees five lakh which was given by way of compensation towards his death. She, however, has voluntarily stated that she had given the money to her mother and that the compensation cheque was drawn in favour of her mother and that she had only helped her mother in getting the compensation.

115.30 In her cross-examination, it has come out that on the day of the incident her husband had taken the tiffin and

gone for his job in the morning at 7 o'clock. Various other suggestions are made to the witness including the fact that she was aware of what she has stated in paragraphs 6 and 7 of her examination-in-chief, then also she did not mentioned these facts at the time when she had lodged the complaint Exhibit 880 and has voluntarily stated that at that time, it was not possible to give so many details.

115.31 The witness has thereafter been cross-examined with regard to the time when she had seen the mob on the road and the direction from where the mobs had come and where they had gone and the timings in respect thereof. The witness has admitted that a Muslim had taken a truck and fled from there. She, however, has stated that she is not aware as to whether one or two persons were killed by the truck. She has stated that she had seen the truck going. The witness is further cross-examined with regard to the time she stayed at the road, the place where she was, etc. However, considering the fact that this witness has been examined mainly in connection with the incident where her brother was done to death by the mob, it is not necessary to refer to the same in detail. The witness has admitted that at the time when there was recess in the S.T. Workshop, the mobs had entered their chawls. The witness has voluntarily stated that they were coming from one house to the other. The witness has admitted that the mob had come to her house immediately after the recess and that the mob had attacked her house, at which point of time they had gone upstairs and after two to five minutes they had come down from the terrace. The witness has denied that the mob had immediately pulled her brother and taken him away and has voluntarily stated that after the

entire chawl was burnt, they had come to their house. The witness has admitted that what she means to say is that after the entire third lane where she was residing was burnt; they had come to her house. The witness has denied that when the entire chawl was burnt, till then, she was sitting at home and watching everything and has voluntarily stated that they had hidden themselves to protect their lives and when they came out, she had come to know that the lane had been set ablaze.

115.32 The witness has denied that there are about forty to fifty houses in Lane No.3 and has voluntarily stated that on both sides, there were about seven to eight houses. The witness has been cross-examined at length with regard to the direction from which the mob came, at which point of time the mob had come, etc. The witness has admitted that after her brother was pulled out he was beaten up outside her house. She has further stated that her brother was taken to a place after leaving four to five houses and was assaulted with a sword. The witness has admitted that when her brother was pulled out, she too was there and has stated that when they were dragging him, she had also followed. The witness has stated that she too was beaten badly outside her house and that both brother and sister were beaten and that the mob was pulling them and beating them. The witness has admitted that she too was dragged by the mob and that on account of the same, her clothes were torn and she was bruised and was bleeding and her leg was fractured. The witness has been cross-examined with regard to the number of blows given to her brother with the sword, etc.

115.33 In her cross-examination, it has further come out

that the mob was engrossed in burning her brother and she was not burnt like her brother. She has further stated that the mobs had gathered around where her brother was being beaten in the compound and that while her brother was killed, she was there in the compound. The witness has stated that the incident of her brother must have taken place at around 1:30 to 2:00 in the afternoon and has admitted that she did not know the name of any of the persons in the mob who had killed her brother and she could not identify anyone.

115.34 Certain parts of her statement recorded by the SIT are put to the witness, which in the opinion of the court, could not have been brought on record as the same are not in the nature of contradictions. The witness has been minutely cross-examined with regard to the place where she had hidden and as to whether she could have seen the incident from such place. In her cross-examination, it has further come out that the person whose mobile phone had fallen down had poured acid over her brother.

115.35 The witness has stated that when Abid had sustained a bullet injury, everyone was taking his name and, therefore, she knew him. The witness has stated that she came to know that Abid had sustained bullet injury when people had brought him there and placed him on a cot in Jadi Khala's house. The witness has further stated that she does not know as to what time Abid was brought to Jadi Khala's house, but has stated that she had seen him in her compound. The witness has admitted that at that time she had not gone with the Muslims who had gone to meet the police and had voluntarily stated that the police were beating the people who

went to meet them, therefore, who would go to the police? The witness has stated that she knows who had gone to meet the police and has stated that it was Shahidabanu, Ibrahimbai, Razakchacha, etc. and that they had met the police near the Government water tap.

115.36 The witness has been cross-examined as to the complaint lodged by her and she has admitted that she has not stated the facts stated in paragraph 9 of her examination-in-chief in her police complaint. Various other contradictions have been sought to be brought on record, however, none of them are in the nature of material contradictions. The witness has been cross-examined as regards what she has stated in paragraphs 6 and 7 of her examination-in-chief to the effect that she has not stated the same in her complaint as well as in her statements dated 14.4.2002, 4.5.2002, 25.6.2002 and 29.5.2008, which she has admitted.

115.37 It may be noted that despite the fact that the witness has admitted the suggestion put to the witness, the court in a note below the same has referred to the contents of the complaint as well as the statement recorded by the SIT to explain as to what had exactly been stated by the witness.

115.38 Certain omissions are sought to be brought out to the effect that she had not stated the fact regarding her brother being pulled out by a mob of around fifteen to twenty persons and taken to the compound of Jadi Khala's house as stated in both her police statements as well as her complaint Exhibit-880. The witness is further sought to be contradicted as to her statements as well as complaint except the statement

recorded by the SIT to the effect that she had not stated the facts stated in paragraph 14 of her deposition with regard to the people in the mob having surrounded her brother and inflicted blows with a sword on his neck as well as on his hand, in front of her eyes and having put him on an upside down bed in Jadi Khala's compound. However, it appears that the entire part with which the witness is sought to be contradicted is not correct, inasmuch as, certain facts thereof had been stated by her in her complaint Exhibit-880 and her statement dated 8.5.2002.

115.39 Various other questions have been put to the witness as regards the manner in which she had witnessed the incident. The witness has denied that she has referred to her children being present with her on the day of the incident and has asserted that her children were residing with her mother and did not reside with her. The witness has admitted that her children right from the beginning were residing at Khambhat and has further admitted that before the SIT she had stated that she has seen the incident from the toilet of Javed Bhaiya's house and has voluntarily clarified that till her brother was set ablaze by igniting a matchstick, she had seen the incident at the site and thereafter, she had moved from there and gone to the toilet of Javed Bhaiya's house and the subsequent part of the incident was witnessed by her from the toilet.

115.40 The witness has denied that she had stated before the panchas while drawing the panchnama Exhibit-888 that the people in the mob had pulled her together with her brother, however, she had wriggled out and gone and hidden in Javed Bhaiya's house from where she had seen the incident

of her brother being burnt. Various other suggestions have been put to the witness to suggest that the earlier version given by the witness was to the effect that she had seen the incident from the toilet and not at the site, which the witness has denied.

115.41 In the cross-examination of the witness, it has come out that she had come to know Mohsinbhai Vakil after she went to the camp. The witness has stated that when she had gone with the mobile to meet Mohsinbhai, she had talked about the incident with him and had stated everything that she had stated before the court to him. She has admitted that thereafter Mohsinbhai had told her that her complaint would be required to be lodged. The witness was shown several documents Mark 644/1, 644/2, 644/6, 644/11, 644/17 and 644/19 and upon asking her whether the thumb marks on the said documents were hers, the witness has stated that even after looking at the same, she cannot say as to which of the documents bears her thumb impression. Mark 644/17, which is an application made to the SIT has been exhibited as Exhibit-896. The witness has admitted that as she is not educated she cannot identify her thumb print thereon. (Despite the fact that the contents of the application are neither read over to the witness, nor has she admitted her thumb mark thereon, the same has been exhibited as Exhibit-896. Since the contents of the document have not been proved in accordance with law, the same cannot be read into evidence.)

115.42 In her cross-examination, it has further come out that she has not had any quarrel with any person in connection with this case, but has voluntarily stated that a person with his

face covered had attacked her when she was to go to the SIT office at Gandhinagar. They had come to her house with a revolver with their faces covered. She has stated that she had informed the people at Gandhinagar about it after which she was provided police protection by the SIT.

115.43 In her cross-examination, it has come out that she had not given the mobile phone to any one at the Shah Alam camp and that she had given the mobile to Mohsinbhai. Mohsinbhai had kept the phone with himself for one night and that she had taken back the phone on the next day. The witness has stated that she does not know as to for how many days Nadeembhai had kept the phone. She does not remember as to for how many days the phone was with Haiderbhai. The witness has voluntarily stated that after about eight days, he had informed him that he had deposited the phone in the Commissioner's office. The witness has stated that the duration between her getting the phone and the same being deposited with the police is about fifteen days. The witness has admitted that for the period during which the phone was with Mohsinbhai, Nadeembhai or Haiderbhai, she does not know as to what they did with the phone and to whom it was given. The witness has stated that she does not know if either of the three had, during this period, used the phone for any purpose.

115.44 The witness has further been cross-examined with regard to the people residing in the area and whether she was acquainted with them. The witness has stated that at present, she is residing at Alifnagar, in a house which has been given by the Islamic Relief Committee for which she has not paid any

consideration. The witness has denied that because the Islamic Relief Committee has given her the house without any consideration, she had lodged a false complaint and had given false statements.

115.45 To prove the omissions and contradictions in the testimony of this witness as to her previous statements recorded by the police, the defence has examined the concerned Investigating Officers and/or the assignee officer of the concerned Investigating Officer.

115.46 PW 291 Mukundsinh Balvantsinh Raj, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 25.6.2002. The contents of paragraph 11 and the contents of paragraph 13 from the second line to the fourth line of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that she has not stated such facts in her statement recorded by him. The contents of paragraph 14 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that the witness has not stated such facts before him, but has clarified that the witness has stated that the Hindu mob had tied her brother Hasan Ali on an iron cot and had assaulted him with sword and poured kerosene and burnt him. The contents of paragraph 17 from the fourth line to the sixth line of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness has stated that there was a drum filled with water lying near Javedbhai's house and she took five to six buckets and threw it over the burning corpse. The assignee officer has

admitted that the witness has not stated such facts before him. The assignee officer has admitted that the witness had not stated before him that she had seen the mobs coming from Natraj Hotel while standing near a government tap and that the mob was damaging the masjid and that the witness crossed the road from the Noorani Masjid and was coming to the chawl.

115.47 PW-307, S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 4.5.2002. The contents of paragraph 11 and certain extracts of paragraph 13 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that such facts have not been stated by the witness before him. The contents of paragraph 14 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that the people in the mob thereafter surrounded her brother and the first blow with the sword was given on her brother's neck and the second blow on his hand, all of which had happened in front of her eyes. A cot was lying in the Jadi Khala's compound. Thereafter, the people in the mob had put her brother upside down on the upside down cot. The Investigating Officer has denied that all the contents of paragraph 14 have not been stated by the witness before him and has stated that the witness had stated that her brother was given a blow on the neck with a sword and another blow with a sword was given on his hand and thereafter, other people in the mob had tied him to a cot. The other facts have not been stated by the witness before him.

115.48 From what is stated by the witness in the examination-in-chief and what is stated by her in her statement dated 4.5.2002, it is evident that what is stated in the examination-in-chief is a slightly more elaborate version of what she had stated before the police and therefore, in no manner, can be said to be a contradictory to what is stated in her statement under section 161 of the Code.

115.49 The contents of paragraph 17 of the examination-in-chief of the witness had been read over to the Investigating Officer, wherein she has stated that after a little while when the mob went away, she came out. She saw that his brother's dead body was burning. The name of the owner of the house in the toilet of which she was hiding was Javedbhai. There was a drum filled with water lying in Javedbhai's house and she had taken five buckets out of it and poured it over her brother's burning corpse. Even today, there are signs of flames that have scorched her fingers. The Investigating Officer has denied that this witness has not stated such facts before him, and has stated that she had stated that she had poured four to five buckets of water on her brother's dead body.

115.50 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 29.5.2008. He has admitted that this witness had stated before him that the other person had inflicted blows with a sword on her brother's neck and hand, which she had seen with her own eyes (paragraph 116). The Investigating Officer has admitted that this witness has not stated before him that on the day of the incident, she was standing near the Government/ public tap and there she

had seen the mob which came from the side of Natraj Hotel. The Investigating Officer has admitted that this witness has not stated before him that she had seen the mob demolishing Noorani Masjid. However, she had stated before him that at 8:00 to 8:30 in the morning, mobs of people had gathered near Noorani Masjid and S.T. Workshop and were shouting "kill" "cut" and had burnt tyres on the roadthe people of the Hindu community were attacking Noorani Masjid and were damaging it and burning it. The Investigating Officer has admitted that the witness has not verbatim stated that the people in the mob were crossing the road from Noorani Masjid and going to the chawl but had stated that at this time, the people in the mob had entered their chawls.

115.51 SUBMISSIONS: Mr. Y. S. Lakhani, learned counsel for the appellants submitted that this witness has categorically stated that after she had gone to the relief camp within ten to fifteen days she had made a complaint to the Police Commissioner. There is also a reference of such complaint in her written complaint dated 14.4.2002 (Exhibit 880). No such complaint is coming on record and that no such complaint is brought on record by the prosecution, nor is there any attempt on the part of the prosecution to say that this witness is telling the truth. Therefore, an adverse inference can be drawn about the facts stated therein and that these facts which are stated after forty five days are not there in the complaint given to the Police Commissioner (paragraph 148). It was submitted that the injuries sustained by the witness, having regard to the manner in which the incident is stated to have occurred according to her, would be serious, but there is no medical certificate coming on record to substantiate and corroborate

her say, which also apparently indicates her absence at the place of incident, or makes her presence at the scene of offence doubtful.

115.52 It was submitted that if the witness was there and she was beaten along with her brother then she would not have been left alive as, according to her, she intervened and tried to save her brother.

115.53 It was contended that except for the bare say of the witness that it has come in the newspapers that she learnt from the people in the camp that it was Ashok Sindhi whose phone she had found, that the name was revealed, the person who had given her such information has not been examined. It was pointed out that while the witness has identified Ashok Sindhi in the test identification parade, she has failed to identify him before the court. It was submitted that witness has not named the accused in the complaint and nothing is brought on record as to how she came to know that the mobile phone belonged to Ashok Sindhi.

115.54 It was submitted that there are two Ashok Sindhis, namely, accused No.38 and accused No.45, but the prosecution has failed to demonstrate as to how the police arrested accused No.38 and not accused No.45 when both of them are known as Ashok Sindhi. It was submitted that there is nothing on record on the basis of which the identity of accused No.38 could be fixed before his arrest. It was submitted that the sim card in the mobile phone is not a postpaid sim card, whereby even from the sim card the identity of the owner thereof could be fixed. It was submitted

that it was a pre-paid card and no document has been produced regarding its purchase so as to fix the identity of such person. It was submitted that the ownership of the instrument is not established on the basis of any bill, invoice or the receipt or by producing any document or examining any person who is stated to have sold it. It was submitted that as regards fixing the identity of the mobile in the court, the witness, as is clear from paragraph 38 of her deposition, has not identified that this is the same instrument which she had found. Thus, the witness has not proved the identity of the instrument. It was submitted that, according to the witness, the instrument had a black cover, whereas it is nobody's case that the black cover of the mobile phone has been removed by anybody.

115.55 It was submitted that this witness is not at all a reliable and credible witness and the whole story of her brother having been tied to cot, and the manner in which he was injured and set ablaze and in the process, the witness having also been severely beaten and injured, are facts which are completely in the dock of doubt and cannot be said to have been proved beyond reasonable doubt.

115.56 It was submitted that there are serious contradictions as to from where the witness had seen the incident and whether her children were present with her at that time. Attention was invited to the location of the toilet at Javed Bhaiya's house to contend that the same was situated on the rear side, and hence, it was not possible for the witness to have seen the incident from the toilet of Javed Bhaiya's house. It was submitted that as to at what time the witness

had gone into the toilet and whether she went inside with or without the phone and whether she could at all see any incident while inside the toilet, are all facts which the prosecution has failed to establish.

115.57 It was submitted that the entire story, as narrated by the witness, the sequence of events and facts are not supported by the testimonies of other witnesses, namely, PW-237 and PW-245. It was submitted that, therefore, no credence can be attached to the testimony of this witness and the testimony of the witness is required to be discarded in toto.

115.58 Mr. Prashant Desai, learned Special Public Prosecutor submitted that this witness is relevant for the reason that the entire riots have taken place with the motive of killing Muslims, destroying their properties and their religious places and to subserve their motive, a conspiracy was hatched and this is evidence to show that in furtherance thereof, a Muslim man was brutally killed, which is part of a larger criminal conspiracy. It was submitted that the incident of killing her brother cannot be said to be not believable and that all the facts stated by the witness in her examination-in-chief are in consonance with the statements earlier given by her.

115.59 ANALYSIS: From the testimony of this witness, it emerges that her brother Hasan Ali was done to death by the mob by dragging him out of their house into the compound of Jadi Khala's house where he was inflicted blows with a sword and tied on an upside down cot, where kerosene or other inflammable substance and acid had been poured on him and

a mattress soaked with inflammable substance was placed on him and he was set ablaze. The complaint by the witness was lodged belatedly after the mobile phone was handed over to the Police Commissioner. It may be noted that after the occurrence of the incident, the witness was taken to the relief camp where she had narrated the incident and the fact regarding finding the mobile phone at the site to one Sultanbhai from her village Khambhat. Sultanbhai introduced her to an advocate by the name of Mohsinbhai, whom she had handed over the phone. Thereafter, after she met Haiderbhai, she had taken back the phone from Mohsinbhai and had handed it over to Haiderbhai. Haiderbhai had later on, taken her to meet Nadeembhai, who used to deal in mobile phones and was conversant with their working and the phone was handed over to Nadeembhai, who kept it with him and tried to trace out the owner. When Nadeembhai came to meet her, he told her that he had deposited the phone with the Police Commissioner. Thereafter, she, along with Haiderbhai and Nadeembhai had gone to the office of the Police Commissioner before whom she had narrated the incident and had identified the mobile phone out of the mobile phones lying there.

115.60 A test identification parade came to be carried out wherein the witness identified accused No.38 Ashok Sindhi. However, before the court she has failed to identify Ashok Sindhi and has identified one Santosh Kodumal Sindhi (accused No.58), instead. She has also failed to identify the mobile phone recovered by her at the scene of incident.

115.61 Various contentions have been raised as regards the place from where the witness had seen the incident,

however, for the reasons that follow while discussing the evidence regarding the murder of Hasan Ali and the complicity of accused No.38 in the offence, it is not necessary to dilate upon the same, including the contentions regarding the infirmities in the test identification parade.

115.62 Upon appreciating the overall evidence of this witness and after taking the omissions and contradictions brought out as to her previous statements recorded by the police, it can be seen that right from the inception, the witness has stated that she had seen the incident. There are no omissions or contradictions as regards the testimony of the witness regarding her having gone on the road and seen the mob damaging the Noorani Masjid and having returned home; the fact regarding she and her brother having hidden in their house and the mob ransacking and committing arson in their chawl; the people in the mob entering their house, dragging her brother and the witness following them to save her brother; her brother's legs being tied to an upside down cot and acid being poured on him and a mattress being placed on him and some inflammable substance being poured on him and he being set ablaze; and the witness moving away from there. There is also no contradiction regarding the witness having taken refuge in one Mansuri's house in lane No.4 of Hussainnagar at around 4 o'clock in the evening. Though there is an omission regarding the facts stated in paragraph 12 of her examination-in-chief as to her police statements, what is stated in her deposition finds support in the panchnama of the scene of offence Exhibit 888. Therefore, to the extent the witness has described the incident and the manner in which it has taken place, she comes across as a credible and truthful

witness and there is no reason to disbelieve the version given by her.

115.63 The testimony of this witness is significant mainly for the purpose of establishing the fact regarding the recovery of a mobile phone belonging to accused No.38 Ashok Sindhi and the presence of the accused at the scene of offence by the witness. In this regard, as noted hereinabove, there is no evidence to connect the phone produced before the court by way of muddamal with the phone handed over to the Police Commissioner. Most importantly, the witness has failed to identify the mobile phone as well as accused No.38 Ashok Sindhi, though she had identified him in the test identification parade. Since it is the identification before the court which is the substantive evidence, it cannot be said that the witness has established the identity of the accused. Moreover, the ownership of the mobile is not established by bringing any cogent and credible evidence on record to link accused No.38 with the mobile phone.

116. **PW-237 Haiderali Najafali Mirza**, aged 61 years, has been examined at Exhibit-1669. The witness has deposed that he knows how to read, write and speak in Gujarati. He has passed the old matric. His native place is *Khambhat*. Since birth, he is residing in Gujarat. He will give his deposition in Gujarati.

116.1 The witness has deposed that he was working as a meter reader in Ahmedabad Electricity Company and has retired in the year 2008 upon attaining superannuation.

116.2 He knows Hussainabanu as she is his niece Guddi's sister-in-law. On 28.2.2002, there were riots during the call for Gujarat Bandh. He had learnt that many people belonging to the Muslim community had sustained immense loss to life and property, which had occurred at Naroda Patiya.

116.3 As per his knowledge, Hussainabanu used to reside at Hussainnagar at Naroda Patiya. Her brother, whose name was Hasanali, used to reside with her and was doing the business of selling shaved ice balls.

116.4 About four to five days after the incident, a person named Akilmahendi Mogal who is also from Khambhat, made a phone call to him and informed him that from amongst Hussainabanu's brother, Hussainabanu and her husband who reside at Naroda Patiya, the Hindu mob has assaulted and hacked down Hasanali with a sword and burnt him. He also told him that he should inquire about what happened to Hussainabanu and her husband and inform him. Akilmahendi who had telephonically called him, used to work as a mechanic in the S.T. Workshop, Chandola.

116.5 After this, he had searched for these people and he learnt that they had been taken to the Shah Alam camp. Thereafter, he had gone to the Shah Alam relief camp to meet Hussainabanu and he had found her there. She told him that on the day of the incident, a huge mob of Hindus had come and ransacked their house and set their house on fire. The people in the mob had pulled her and her brother and they had inflicted blows on her brother with a sword, tied him to a cot, poured acid and petrol on him and burnt him. In the

meanwhile, she tried to save her brother. While she was trying to save her brother, a mobile phone of one of the persons in the mob fell down, which she had picked up and thereafter, she fled from there and hid herself. Thereafter, she was brought to the Shah Alam relief camp.

116.6 The witness has further deposed that after telling him the above, she had shown him the mobile phone. She gave him the mobile phone and requested him to do the needful. She had said that she did not know how to operate the mobile and upon inquiring from her acquaintances, she came to know that the phone should be shown to a person who knows the functions of the mobiles and has knowledge about it. He had taken the mobile phone and thereafter, returned home.

116.7 About ten to twelve days thereafter, he came to know that one Nadeem Saiyed who sells mobile sim-cards knows how to operate mobile phones. This Nadeem was residing at Juhapura. He contacted him. He gave the mobile to Nadeem and told him that it was necessary to find out as to whom the mobile belonged and that the holder of the mobile had played a role in killing Hussainabanu's brother.

116.8 Nadeem started the phone and returned it to him and told him that he should keep the phone with him for four or five days and to pick up the phone if there is any incoming call from anyone. In the phone calls coming on the mobile, there were requests to return the phone and except for that, he was not saying anything. He could not understand anything.

116.9 After two to three days, he called Nadeembhai and personally handed over the phone to him. Nadeembhai told him that the number of this mobile was 98250 54777 and that the phone belonged to some Sindhi person. He (the witness) returned the phone to him.

116.10 On 12.4.2002, Nadeem told him that they should give the mobile to the office of Police Commissioner to investigate.

116.11 He, Hussainabanu and Nadeembhai took the phone and went to the office of the Police Commissioner. They handed over the phone to the Police Commissioner.

116.12 Four or five days thereafter, the police recorded his statement. The witness has stated that he can identify the mobile instrument which he, together with Nadeem, had given in the office of Police Commissioner.

116.13 The witness is shown the muddamal which is a Motorola Company's mobile phone. The witness has stated that it is the same phone which Hussainabanu had given. [In a note below, the trial court recorded that the mobile phone has been seized as muddamal property in an unsealed condition in Sessions Case No.235/2009.]

116.14 The witness has further deposed that he, Nadeem and Hussainabanu had gone to the office of Police Commissioner and had deposited the mobile phone which is shown to him.

116.15 CROSS EXAMINATION: In the cross-examination of the witness, it has come out that when they went to deposit the mobile phone in the office of Police Commissioner, they were not issued any receipt in connection therewith. At that time, the police authorities did not show them any mobile phone out of several phones with them. The witness has admitted that when they went to deposit the phone, they had not made any noting as to of which company the mobile phone was. They had also not noted the size and the colour of the phone.

116.16 The witness has further stated that Nadeem had not written down and given him the mobile number of the phone. When they deposited the phone, there was no black cover on it. The witness has denied that the phone which they had deposited was smaller than the muddamal phone.

116.17 The witness has denied that he, Nadeem and Hussainabanu had gone together to deposit the phone in the office of the Police Commissioner and that he was falsely deposing in this regard and that no phone had been deposited in his presence.

116.18 The witness has further deposed that when they went to Police Commissioner's office, Shri P. C. Pande was present there and three other officers were also present. They had given the phone to Police Officer Shri Pande. The witness has admitted that the phone was given to Shri Pande on 12.4.2002.

116.19 In the cross-examination of the witness, it has

further come out that he had gone to the camp about seven to eight days after the incident. One Sultanbhai Samosawala had informed him that Hussainabanu was in the camp. The witness has admitted that on the very day, he went to the camp, Hussainabanu had given him the phone. The witness has admitted that Hussainabanu had given him the phone at the camp itself. He never had to go to any manager or person of their Jamaat for the phone. It has not happened that he had to go to any other person to take the phone.

116.20 In the cross-examination of the witness, it has further come out that he does not know any Mohsinbhai advocate. He has voluntarily stated that he is a manager of the camp. The witness has denied that he had any occasion to go to Mohsinbhai's house or that he had taken the phone from Mohsinbhai's house. The witness has stated that he has not gone to Mohsinbhai's house or office and that he did not have to go to Mohsinbhai's house or office to take the phone for Hussainabanu.

116.21 The witness has admitted that it has not happened that Mohsinbhai had given any advice or instructions in connection with the phone. The witness has further admitted that in his statement before the police, he has not stated that after the phone was started, the incoming phones were only regarding request to return the phone and they were not talking about anything else. It has further come out that the phone had remained with him for about fifteen days. After he gave phone to Nadeembhai, it was left with Nadeembhai. He does not know as to for how many days the phone remained with Nadeembhai. The witness has denied that the phone

deposited by Nadeembhai was a different phone and that the phone which all three had gone to deposit, was a different one. The witness has stated that it was only this one phone which all three of them had gone to deposit.

116.22 In the cross-examination of the witness, he has admitted that he alone, in the absence of Hussainabanu had handed over the phone to Nadeembhai. He has denied that Nadeembhai alone had deposited the phone with the Police Commissioner. The witness has denied that he had subsequently learnt that Nadeembhai alone had gone and deposited the phone. The witness has denied that he and Nadeembhai had gone to meet Hussainabanu and informed her that they had deposited the phone. The witness has stated that it has not happened that they had told Hussainabanu that they had deposited the phone and that she can come with them if she wants to verify it.

116.23 The witness has admitted that when he handed over the mobile phone to Nadeembhai, it was switched off. The witness has stated that the mobile phone which he had seen might be available in the market, but he is not aware of it. He has further admitted that after handing over the phone in the year 2002, he never had any occasion to see it again. The witness has stated that he is able to say that this is the same mobile on the basis of the aerial of the instrument as well as because it has Motorola written on it.

116.24 SUBMISSIONS: The learned counsel for the appellants-accused submitted that the sequence of events and facts as stated by this witness are different from the facts as

stated by Hussainabanu (PW-135). It was submitted that such phones with a Logo "M" on it and Company Motorola are easily available in the market. The articles are not such as can be said to be a distinct article which no one else could have possessed. It was submitted that therefore, the identity of the phone is itself in question. It was submitted that this witness admits that when they deposited the phone, there was no black cover on it. He has stated that all the three had gone and deposited the phone and not as projected by Hussainabanu. It was submitted that physical handing over of the phone took place on 12.4.2002 and at that point of time, no panchnama was prepared, nor was any receipt passed over by the police to the witness. It was submitted that the Police Commissioner Shri P.C. Pande has not been examined. This witness is able to identify the phone only from the antenna which would not fix the identity, particularly when there was no black cover as claimed by Hussainabanu.

116.25 ANALYSIS: From the testimony of this witness it emerges that Hussainabanu had handed over the mobile to him when he went to visit her at the camp. About ten to twelve days thereafter, he had contacted Nadeembhai (PW 245) and handed over the phone to him. Nadeembhai has switched on the phone and had given it back to him and had instructed him to receive any phone call. According to the witness, the phone calls received by him were by a person asking him to return the mobile phone. After three to four days, he handed back the phone to Nadeembhai who told him that the number of the phone was 9825054777 and it belongs to some Sindhi. Thereafter, on 12.4.2002, Nadeembhai suggested to him that they hand over the phone to the Police Commissioner. He,

Hussainabanu and Nadeem went to the office of the Police Commissioner and handed over the phone to him. The witness has also identified the phone. From the cross-examination of this witness it has been elicited that no receipt was executed or panchnama drawn when the mobile phone was handed over to the Police Commissioner. He has denied having gone to Mohsinbhai advocate's office with Hussainabanu and has stated that the phone had remained with him for about fifteen days.

117. PW-245 Nadeem Mahammadali Saiyed, aged 38 years, has been examined at Exhibit-1712. The witness has deposed that he knows Gujarati. He was residing at *Juhapura* in the year 2002. He has studied upto Standard 12th in Gujarati medium. In the year 2002, he was dealing in buying and purchasing mobile phones as well as dealing in sim-cards.

117.1 The witness has stated that he knows Mirza Haiderali. This Mirza Haiderali had met him in the year 2002. He had contacted him through an acquaintance. He had contacted him because in the communal riots of 2002, a person had died whose name probably was Hasanali. At the time when the incident took place, a lady picked up a phone which had fallen down from one of the persons involved in the incident and in connection with the said mobile phone, Haiderali had met him.

117.2 Since he himself was dealing in mobile phones, the moment the mobile came in his hands, he had seen the condition of the mobile. The mobile phone was switched off. He had started the mobile phone. From the said mobile phone, he

dialed his own number so that he can come to know the number of that mobile phone which Haiderali had given him. The number of such mobile phone was 98250 54777.

117.3 Thereafter, he noted all the numbers which were saved in the mobile phone directory on a piece of paper. He had made a note of all the calls received and missed calls from the record of the mobile instrument. However, at the relevant time, the received calls and missed calls were not being registered separately and could be seen as a common list, which also he had noted.

117.4 He had stated all this in his statement recorded by the police. This mobile instrument came in his hands on 18.3.2002 and remained with him till 12.4.2002.

117.5 From 18.2.2002 to 12.4.2002, many phone calls came on this telephone. He had attended the incoming phone calls. The people who made calls on this phone were asking whether Ashokbhai was there. Ashokbhai himself had also made phone calls to him. He had taken his telephone number, namely, the landline number of his house and had also given the same in his statement. During the course of talk regarding the mobile phone, Ashokbhai was asking to return the phone. The control room number of the office of Police Commissioner was also there in the mobile phone and phone calls were also received on this mobile from that number. The control room numbers, from which the calls were received, were landline numbers – 5630999 and 5630995. From the office of the control room, one Balvantsinh used to talk on the phone. This Balvantsinh was searching for Ashokbhai and was, therefore,

making the phone calls. He had thought that this phone number was of Ashokbhai Sindhi.

117.6 A phone call was also received from a slaughter house on this number. The person who made the phone call was also asking for Ashokbhai.

117.7 At the relevant time, the situation in Ahmedabad city was tense. At the relevant time, he had formal acquaintance with the Police Commissioner of Ahmedabad city and hence, he got an appointment and on 12.4.2002, he took the phone and went to the Commissioner's office with Haiderali. The name of the then Police Commissioner was Shri P.C. Pande.

117.8 He met the Police Commissioner and gave him the phone and informed him that the phone appears to be of Ashok Sindhi and also given him the chit. In the chit, he had mentioned the noted telephone numbers from which the phone calls were received for Ashok Sindhi and which he had noted down.

117.9 When he and Haiderali were present with the Police Commissioner, at that time itself, the Police Commissioner had called Shri Tandon. Since Sector-2 falls under the jurisdiction of Shri Tandon, Shri Pande handed over the mobile instrument to Shri Tandon.

117.10 Thereafter, he had received a phone call from A.C.P. Shri Rana, "G' Division and he had informed him that he was required to meet him in connection with the mobile phone

given to the Police Commissioner. Thereafter, he had met Shri Rana who had recorded his statement on 16.4.2002.

117.11 After his statement was recorded on 16.4.2002, he had received a phone call on his mobile on 28.4.2002. This phone call was from a number 2289 and he does not remember the subsequent numbers from memory, but he had received a phone call from such number and he had given such number in his statement recorded at the relevant time. He had received this phone call from Ashok Sindhi, who wanted to meet him. The witness has stated that he had not met him and that he had disconnected his phone. Thereafter, he had immediately made a phone call to the Police Commissioner Shri Pande and he had informed him that in connection with the phone which he had given him, instead of investigation being carried out, the concerned person is directly calling him on his mobile phone number.

117.12 Shri Pande had thereafter handed over the investigation to the Crime Branch. After 2.5.2002, the Crime Branch had recorded his statement. Thereafter, on 13.6.2008, the SIT had recorded his statement.

117.13 The witness has deposed that the mobile phone with the sim-card which he had deposited with the Police Commissioner was a Motorola Company mobile. It was submitted that if the same is shown to him, he can identify it.

117.14 Item No.9 of the muddamal list, Exhibit-139 is a mobile phone which is wrapped in a paper and a waxed thread is tied upon it. The waxed thread was opened in the open court

and the paper was removed and the instrument was shown to the witness. The witness has stated that upon seeing the instrument, he identifies the same as the mobile instrument belonging to Ashok Sindhi.

117.15 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that when the mobile was given to him, he had the information that it is in connection with the incident that took place on 28.2.2002. The witness has denied that he did not know as to how the telephone came in the hands of the person who gave it to him. The witness has admitted that no one other than Haider had given the phone to him.

117.16 The witness has stated that he does not know any advocate by the name of Mohsin Kadri and that it had not happened that Hussainabanu had handed over the phone to him in the presence of Mohsin Kadri. The witness has further admitted that from 18.3.2002 to 12.4.2002, he had kept the phone in a running condition. The witness does not remember as to whether he had made any outgoing calls from this phone. The witness does not remember as to whether he had made any phone calls to Delhi, Khambhat and Mumbai. The witness has denied that from the said telephone, he had made phone calls to the advocates of Delhi or Mumbai and the N.G.O. The witness has stated that he does not remember as to whether he had used the mobile instrument for making any phone calls on any Ahmedabad number.

117.17 The witness has stated that he does not know any Raiskhan Pathan of Ahmedabad.

117.18 The witness has admitted that on 18.3.2002, the Manager of the Shah Alam camp had not handed over the phone to him.

117.19 The witness has admitted that prior to 12.4.2002, he had desired to deposit the phone with the Police Commissioner. The witness has voluntarily stated that, however, the situation in Ahmedabad city and Juhapura was extremely tense and he had to take an appointment from Shri Pande and after the same was fixed, he wanted to deposit the phone with him.

117.20 The witness has been cross-examined with regard to the police chowky or police station near Juhapura and as to whether he did not deem it fit to deposit the phone there.

117.21 The witness has admitted that in the year 2002, he also used to sell the mobile pre-paid cards and that any person who came with money, was sold the pre-paid card. The witness has admitted that in the year 2001-02, the pre-paid card could be obtained very easily without any formalities. The witness has voluntarily stated that he, however, used to maintain a register in his business and he used to keep a note as to who had purchased the pre-paid card from him.

117.22 The witness has further deposed that he does not have personal relations with Shri P.C. Pande, but he was acquainted with him. The witness has admitted that prior thereto, he had met Shri Pande once or twice. The witness has admitted that he is also acquainted with some other police

officers other than Shri Pande. Amongst the officers other than Shri P.C. Pande are Shri Sureliya, Shri Rahul Sharma, etc. However, he does not have any personal relations with any of these officers and that as a social worker, he may have met them in connection with some work. The witness has admitted that at the relevant time, he had not thought of handing over the phone to the other two officers because considering the prevailing situation in Ahmedabad at the relevant time, he did not deem it fit to handover the phone to any officer below the rank of Police Commissioner of Ahmedabad city because he did not trust anyone.

117.23 The witness has stated that he does not remember whether at the time of handing over the mobile phone to Shri P.C. Pande, he had asked for any written receipt regarding his having received the mobile phone.

117.24 In the cross-examination of this witness, it has further come out that on the day when he went to deposit the phone, Hussaina was not present before the Police Commissioner. The witness has denied that after he, Hussaina and Haider deposited the phone, they had gone for drawing a panchnama of the mobile phone at the police station. The witness has denied that after he deposited the phone with Shri Pande on 12.4.2002, till his statement was recorded on 16.4.2002, he had not gone to meet any police. The witness has stated that after 12.4.2002, he had gone to meet Shri Pande on one occasion. At that time, he, Hussaina and Haiderali, all three had gone.

117.25 The witness has stated that he does not know as to

when the panchnama of the mobile phone was made.

117.26 The witness has further deposed that he had met Shri Sureliya in connection with the mobile phone. The witness states that he does not remember as to whether he had given Shri Sureliya any C.D. or cassette in this regard and has voluntarily stated that he had given this C.D. to the SIT.

117.27 The witness has further stated that he does not remember as to whether there was a black cover of mobile when he received it. The witness has admitted that in the year 2002, mobile phones of Motorola Company like the muddamal telephone were available in the market. The witness has stated that he does not remember whether he had taken out the sim-card from the mobile and seen it. The witness has stated that he came to know that it must have been a pre-paid card by checking the balance of the phone.

117.28 The witness has denied that the phone which Hussaina or Haider had given him was not the muddamal article phone, but it was a smaller phone than that and that this muddamal phone was not given to him by Hussaina or Haider. The witness has denied that a fabricated story is got up by him with a view to help the police.

117.29 In the cross-examination of this witness, it has further come out that from 18.3.2002 to 12.4.2002; the phone was solely in his custody. The witness states that he does not remember as to whether during that period, he had returned the phone to Haider. The witness has stated that what he wants to state is that he (Haider) had given him the phone as

an expert of mobile phones and as per his knowledge, he had found out the details as stated by him in his examination-in-chief. The witness has stated that he does not know whether without his knowledge, the mobile phone had been used by anyone.

117.30 The witness has denied that he and Hussaina had gone to meet the manager of the Shah Alam camp and he had obtained the phone from the manager.

117.31 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness has stated that he has noted down all the numbers of the mobile phone directory and also noted down the numbers of the received and missed calls. However, no such documentary evidence has been brought on record. It was submitted that this list given to the Police Commissioner has not been brought on record. Referring to the contents of paragraph 7 of his examination-in-chief, it was submitted that the witness has stated that Ashokbhai had made phone calls to him and he had obtained his landline number and given the same in his statement. However, no such number of Ashokbhai's landline has come on record. It was submitted that no call details have come on record regarding the calls made by Ashok Sindhi. There are no scientific details in this regard. It was submitted that the identity of Ashok Sindhi has not been fixed. It was submitted that this witness in paragraph 7 of his examination-in-chief states so on an inference as some Balvant from the Control Room was looking for Ashok Sindhi. It was submitted that nothing has been established that the phone numbers referred to in paragraph 7 are numbers of the Control Room. Referring

to the contents of paragraph 12 of his deposition, it was submitted that the Police Commissioner Shri P.C. Pande had handed over the phone to Shri Tandon, however, Shri Tandon has not been examined. Referring to the contents of paragraph 13 of his deposition, it was submitted that the facts stated by the witness have not been proved on record and in fact, the identity of Ashok Sindhi itself has not been established. It was submitted that this witness has referred to a sim-card; however, there is no investigation in this regard.

117.32 ANALYSIS: From the testimony of this witness, it emerges that he had been given the phone on 18.3.2002 and it remained with him till 12.4.2002. In the interregnum he had monitored the phone calls coming on the phone and had attended all the incoming calls. As per the testimony of this witness, the caller would ask for Ashokbhai. According to the witness, Ashokbhai had personally called him and he had obtained his land line number from him. Ashokbhai was asking him to return the phone to him. The witness has maintained a statement of all the calls received on the phone and some such persons have also been examined by the prosecution, however, they have not supported the prosecution case. As per the version given by this witness, he and Haiderbhai had gone to the office of the Police Commissioner Shri Pande and had given the phone to him. In their presence, the Police Commissioner had handed over the phone to Shri Tandon. The witness has identified the mobile phone in the court. Thus, from the testimony of this witness even if taken at face value, the mobile phone belonged to one Ashok Sindhi, whose land line number had been obtained by him. However, there is no investigation on this aspect to establish that the mobile phone

is owned by accused No.38 and that the land line number given by the witness is in any manner connected with him.

118. The learned counsel for the appellant/accused have placed stress on the discrepancies in the testimonies of the three witnesses, viz. PW-135, PW-237 and this witness to submit that all the three witnesses have given different versions regarding handing over the phone to the Police Commissioner. However, in the opinion of this court, much weight cannot be attached to these discrepancies considering the length of time after which the witnesses were deposing before the court. Insofar as the core of their testimonies, viz. Hussainabanu having found the phone, handed it over to Haiderbhai and he in turn having handed it over to Nadeembhai is consistent. All three witnesses are consistent regarding the fact that the mobile phone was handed over to the Police Commissioner. The problem which arises is as regards the manner in which the police have handled the matter thereafter.

119. **PW-270 Shankarsinh Mangalsinh Parmar**, aged 52 years, has been examined at Exhibit-1805. The witness has deposed that at present, he is discharging duties as Senior Police Inspector at Gaekwad Haveli Police Station.

119.1 In the year 2009, he was discharging duties at Khadia Police Station.

119.2 In the year 2002, he was discharging duties as a Police Sub Inspector at Vatva Police Station. At that time, as per the instructions of Joint Police Commissioner, Sector-2,

Ahmedabad city – Shri M. K. Tandon, to prevent the offences of theft of vehicles in Sector-2 area as well as to detect such offences, he was discharging the duties with him in the office of the Police Commissioner.

119.3 On 17.4.2002, he was present at the office of the Police Commissioner, Shahibaug. At that time, in the morning at around 8:30 to 9:00, the Joint Police Commissioner Shri M. K. Tandon had called him to his office and a lady was present there, whose name was Hussainabanu. This Hussainabanu had given a mobile to Shri Tandon and had informed him that she had found this phone near Naroda Patiya. Shri Tandon had told him to take the mobile phone and given it to the Assistant Police Commissioner, “G” Division. Shri Tandon had given him a Motorola Company mobile phone with instructions to personally hand it over to the Assistant Police Commissioner Shri M.T. Rana. Hence, he had gone to the office of Shri M.T. Rana, Assistant Police Commissioner who was present there. He informed him about the facts and thereafter, Shri M.T. Rana had called two persons as panchas and had drawn a detailed panchnama in respect of the Motorola mobile phone and taken possession of the same.

119.4 The witness has stated that he would be in a position to identify the mobile phone, which she had presented. The witness is shown the Motorola Company mobile phone which is listed as muddamal article No.9 in the list, Exhibit-139 after opening the cover. The witness has taken the mobile phone in his hand and has stated that it is this very mobile which he had personally handed over to Shri M.T. Rana on that day and deposited the same.

119.5 The witness is shown Mark 134/70 which is a two page panchnama which is handwritten on three sides. The panchnama is dated 17.4.2002 and has been drawn between 10:00 to 11:00 in the morning. The witness has stated that he had gone to deposit the Motorola Company mobile during this period. The witness has stated that upon seeing the panchnama, it is the panchnama which was drawn when he deposited the phone.

119.6 The witness has deposed that the facts stated by him before the court have also been stated by him in his statement recorded by the SIT.

119.7 CROSS EXAMINATION: This witness in his cross-examination has admitted that in connection with the Motorola mobile his only and first statement was recorded by the SIT on 4.2.2009 and no statement was recorded in the year 2002. The witness has denied that the phone was given to him directly by Shri Tandon. The witness has voluntarily stated that the phone was given to him in the presence of Hussainabanu. The phone had reached Shri Tandon on 17.4.2002. The witness has admitted that when the phone was produced before Shri Tandon, at that time, no muddamal receipt was prepared and no panchnama was drawn for seizing the phone.

119.8 Shri Tandon had not given him any information about the sim card and the number of the phone and he had only instructed him to deposit the Motorola phone with Shri Rana. The phone had not remained in his possession for a single day and he had immediately deposited the phone.

119.9 The witness has denied that the phone which Shri Tandon had given to him is not the Muddamal Article No.9 phone and that the phone instrument which was given to him was a smaller phone. The witness has denied that when the phone was given to him, it had a black cover on it.

119.10 The witness has denied that at the instance of the SIT Officers, he had given a false statement which was different from his statement dated 17.4.2002. The witness has admitted that Shri Tandon had not given him any seizure memo, receipt of panchnama with the mobile phone.

119.11 SUBMISSIONS: The learned counsel for the appellants-accused submitted that this witness has stated that on 17.04.2002, he was called by Shri Tandon. A lady was present and she handed over the phone to Shri Tandon, who in turn gave it to him. Referring to paragraph 12 of his deposition, it was submitted that the phone was given to this witness by Shri Tandon in the presence of Hussainabanu and the phone had reached Shri Tandon only on 17.4.2002. It was submitted that PW-237 Haiderali Mirza in paragraph-11 of his deposition has stated that on 12.4.2002, Nadeem had told him that they should give the phone to the Police Commissioner. He, Hussainabanu and Nadeem, all three went to the Police Commissioner. He does not refer to the Police Commissioner handing over the phone to Shri Tandon. It was submitted that apart from the fact that as to whether any such incident of Hasanali had taken place at Jadikhala's house, was seen by Husseinabanu, one of the facts with regard to the phone having travelled has not established.

119.12 ANALYSIS: The testimony of this witness is relevant to the limited extent that he claims to have been handed over the muddamal phone by Shri Tandon in the presence of Hussainabanu, which he immediately handed over to Shri M.T. Rana by drawing a panchnama in that regard. However, the version given by this witness does not find support in the testimony of Hussainabanu who does not even mention the name of Shri Tandon. None of the three witnesses, who were instrumental in handing over the mobile phone to the Police Commissioner, have made any mention of the phone being handed over by Shri Tandon to this witness. The only witness who states that the mobile phone was handed over to Shri Tandon is PW 245 Nadeem, but he too is silent about the same being handed over to the witness.

120. **PW 34 Mohammadyunus Abbaskayum Mansuri** has been examined at Exhibit-233. This witness has deposed that during the period 9.4.2002 to 31.10.2004, he was discharging duties as an Executive Magistrate in the Ahmedabad City Metropolitan Magistrate Court No.1. The witness has further deposed that during the discharge of his duties, he is required to perform the task of making affidavits, recording dying declarations, drawing inquest panchnamas, conducting test identification parades, etc.

121. The witness has further deposed that on 30.9.2002, while he was on duty, Head Constable Ganpatsinh Samatsinh from the Ahmedabad City Crime Branch had come at 12:05 in the afternoon and submitted a yadi for the purpose of fixing a date and time for conducting a test identification parade in

connection with the Naroda Police Station I-C.R. No.100/2002. Upon receipt of the yadi, he fixed the time for conducting the test identification parade of 3.10.2002 at 16:00 hours in the evening. The witness has further deposed that he had made his endorsement in writing on the yadi and had informed the police that the test identification parade in this case is kept in the court room of Executive Magistrate, Court No.1 and that the accused should be covered with a burkha and produced and that the accused should be produced first and thereafter, the witness should be produced. The witness has stated that he had given a copy of the yadi to the police, whereas the original yadi was in his custody. The witness has stated that he had obtained a signature from the police regarding the contents of the endorsement made on the yadi. The witness has produced the original yadi together with his list. The list is exhibited as Exhibit-234. Together with the list, the witness has produced the yadi and has identified his handwritings as well as his signature thereon. The witness has stated that the yadi Mark 234/1 was in the matter of holding a test identification parade of accused Ashok Sindhi through the witness Hussainabanu and a yadi containing the brief details of the offence, had been received by him. The witness has deposed that he had received the yadi during the course of his routine of his work. The yadi has been exhibited as Exhibit-235.

121.1 The witness has further deposed that at the time fixed as per the endorsement in the yadi, he had carried out the test identification parade at the said time i.e. on 3.10.2002 at 16:00 hours. Upon the police producing the accused, he had asked him his name and he had informed that his name was

Ashokbhai Hundaldas Sindhi and he had also obtained his age and address from him. The witness has deposed that while carrying out the verification of his name and age, the accused was made to sit in the court room, whereafter the doors of the court room were closed.

121.2 The witness has stated that thereafter, he had called for five dummy persons through his peon from outside and in this manner, he had also called two panchas through his peon. The witness has deposed that dummy persons called by him were similar in looks and height to the accused. He has further deposed that on that day, as the accused had refused to the police, he was produced by the police in the court room without his face being covered. Thereafter, two panchas, namely, Vikramchand Mangilal Pande and Devjibhai Maganlal, were called. He had read over the yadi which was sent to him by the police (Exhibit-235) and explained the procedure for conducting the test identification parade to them. They voluntarily agreed to act as panchas. Thereafter, the names of the five dummy persons who were called from outside were recorded and they were made to stand in a line in the court room. The court room where the test identification parade procedure was carried out was on the ground floor and it had three doors and all the details about the court house had been described in the test identification parade.

121.3 During the course of test identification parade, no person from outside was present. He had thereafter informed the accused to stand at a place of his choice in the line where the dummy persons were standing and also told him that he may change his clothes if he so wishes. Upon informing him as

above, the accused Ashok Sindhi had exchanged his shirt with the dummy person who was standing at serial No.2. Thereafter, the accused went and stood between the persons standing at serial No.4 and 5 in the line.

121.4 Thereafter, the witness was called to the court room through his peon. The witness was asked her name and address and the same were written down and she has stated that her name was Hussainabanu, wife of Ajgarkhan Gafurkhan Pathan, whereafter she was acquainted with the procedure of the test identification parade. He had told Hussainabanu that if amongst the people standing in the line, the accused is present, and if she can recognize him, she should catch the accused by his hand and bring him out. The witness has thereafter gone near the persons standing in the line and out of those persons, she took out one person and upon asking the person his name, he had informed that it was Ashok Sindhi, which name was recorded by him. The witness has identified that this person is the accused in this case. The witness had taken the accused out of the line and said that on the day of the incident, there were ten to fifteen people with this accused. The mobile phone of this accused had fallen down at the place of offence, and hence, she was identifying him. Thereafter, the witness was permitted to go out of the court and he made all the notings as mentioned in his examination-in-chief in the form of test identification parade below which, he obtained the signatures of the panchas. The procedure was carried out in the presence of panchas and he too had signed before him. The original panchnama Mark 232/4 is produced by the witness and he has stated that the same is in his handwriting. The test identification parade panchnama which is handwritten on four

sides is in his own handwriting. The panchnama is in his handwriting and bears his signature as well as the signatures of the panchas which he has identified. The witness has stated that the contents of the test identification parade panchnama are correct and the same is given Exhibit-236.

121.5 The witness has deposed that the test identification parade was carried within closed doors in the brightness of the lights. The witness has stated that he had taken care to see that there were no police or any other person from outside in the court room at that time. After drawing the panchnama, which had two copies wherein below Exhibit-236, there was a carbon copy. The witness has stated that he had handed over the carbon copy of the test identification parade panchnama which bore his signature as well as the signatures of the panchas. The witness is shown the carbon panchnama Mark 134/84 and he has stated that this is the panchnama which he had given to the police.

121.6 At this stage, the learned advocate for the defence raised an objection to the exhibiting of the test identification parade panchnama as the panchas to the panchnama have not been examined. The trial court has recorded findings whereby it has rejected the objection raised by the defence on the ground that when the Executive Magistrate who had conducted the proceedings has been examined by the prosecution and he has proved the contents of the document, the same is admissible in law.

121.7 **CROSS-EXAMINATION:** In his cross-examination by the learned advocate for the defence, the witness has

admitted that he has recorded all the conversation that he had with the witness and the accused during the course of drawing of the test identification panchnama and all the details thereof had been recorded in the panchnama. The witness has admitted that he has not conducted any procedure which is not mentioned in the panchnama. The witness is thereafter cross-examined with regard to the procedure for inwards any communication received by his office. The witness has admitted that at the relevant time, there was a small steel roller gate from which one person could enter inside his office, which at the relevant time was situated opposite the gate of the Metropolitan Magistrate's court. The witness has voluntarily stated that this was on the rear side of his office and it was also on the rear side of the Collector's office. The witness is examined with regard to the topography of the office and the location of the court room where he had conducted the test identification. The witness has admitted that he would not be in a position to say as to from which way the accused had been brought to the court room as well as he cannot say as to from which way the witness has been brought to the court room. The witness has voluntarily stated that he had asked the accused as to how he was brought and from where he had come and the accused had told him that he was brought from the police station in a police van. The witness has admitted that at page 2 of the panchnama Exhibit-235, the accused has refused to cover his face with a burkha, but he has not stated that the accused had refused to the police. The witness has admitted that by the endorsement he had informed the police about the date and time of the test identification parade and has further admitted that he had not informed the witness lady about the date and time. The witness has admitted that if the

test identification parade is not conducted in accordance with the endorsement made in the yadi, the test identification parade cannot be said to be successful.

121.8 The witness has admitted that by the yadi Exhibit-235, he was aware of the caste of the accused. He had not asked the police about the looks, height, weight, etc. of the accused. The witness has admitted that he has not marked the facial features, weight and height or other special features of the accused. The witness has admitted that if there are any special signs / marks on the face of an accused, he is required to note the same; however, he has failed to do so. The witness has voluntarily stated that what he wants to say is that if there are any special marks, the same are to be noted. However, in the case of this accused, there were no special marks. The witness has stated that he had seen the accused clearly at the time of the test identification parade. The witness has admitted that the persons called as dummies should be people who are similar in description of the accused. The witness has not agreed with the suggestion that only persons having the same age as the accused are required to be called. The witness has admitted that he had declared the age of the accused to be 41 years old, whereas all the dummy persons were younger than the accused. He has admitted that the ages of the dummy persons were 35, 34, 28, 28 and 32.

121.9 The witness has stated that he remembers that at the relevant time, one Shri Parmar was his peon. The witness has stated that he had instructed Shri Parmar as to what kind of persons should be brought as dummies. The witness has voluntarily stated that he had instructed him in the context of

the age, height and looks of the accused. The peon has produced dummies before him in around twenty minutes. When the dummies came, the accused was in his court room. He had also examined the dummies. The witness has voluntarily stated that a panchnama was drawn in that regard too. The witness has admitted that he had come to know that all the dummy persons were Sindhis and they belonged to different areas. The witness has admitted that he had not instructed the peon that all the dummies that he brings should be Sindhis. The witness has admitted that he has not noted the description of the clothes worn by the dummies at that time. He has admitted that even as on date, he cannot say as to what kind of clothes were worn by the dummy persons. The witness has admitted that the witness lady had come five minutes after 16:05. The witness has voluntarily stated that when she had come outside the court at that time the peon had informed him about this fact. He was informed about this before the five dummy persons had come. The witness has stated that at that time, he had two peons, one was his peon and the other was a peon in the court nearby.

121.10 The witness has stated that he has not investigated as to whether the five dummies who were called there, knew the accused. He has further stated that he had not asked the witness lady as to whether she knew any of the dummy persons. The witness has stated that he had not asked the police personnel who had given the yadi as to where the accused is at present and in whose custody he is. He had not asked the police as to how they were going to bring the accused. The witness has voluntarily stated that he has noted the same in his endorsement. The witness has admitted that

as on date, he cannot identify the accused and has voluntarily stated that since a long time has elapsed, he cannot recognize him.

121.11 The trial court has made a note that the learned advocate for the defence wanted to confront the witness with the looks of the accused and requested for permission to call the accused, whereupon the accused came and stood in front.

121.12 The witness has admitted that the accused who is shown to him has a mark on his right cheek and there is an injury mark on his forehead and there is a mark below his right eye. The witness has voluntarily stated that at present, he cannot say as to whether these marks are such as can be seen only from very close quarters. He has stated that at present, he cannot say as to whether this person was called as a dummy because he has not recorded the description of the dummies. The witness has stated that he had only called for people with the physical structure of the accused. He has admitted that the accused has two moles on his right cheek. The witness has voluntarily stated that he does not know as to whether they were there when the test identification parade was conducted. The witness has stated that he had asked the accused as to whether he had refused to wear the burkha or cover his face. The witness has admitted that there is no note with regard to he having asked the accused about this in the panchnama. The witness has denied that at the instance of the police, he had drawn the panchnama of the test identification parade as stated by the police and that he has not carried out the test identification parade in an impartial and legal manner and only for the purpose of helping the prosecution, he had

conducted the test identification parade.

121.13 SUBMISSIONS: The learned counsel for the appellants-accused submitted that from the testimony of this witness, it emerges that though he had instructed the police to produce the accused with a burkha, the same was not complied with. It was pointed out that in the panchnama Exhibit-236, it has not been recorded that he had refused to put on a burkha to the police. It was argued that the possibility that his face was not covered to show him to Hussainabanu cannot be ruled out. It was pointed out that the Executive Magistrate has stated that if the instructions given by him are not followed, the test identification parade cannot be said to be successful. Referring to the Chahera Nishan Patrak, it was pointed out that this accused had injury marks on his forehead and mole on his right cheek. It was submitted that the dummies did not have any such marks, and hence, the accused could be easily identified. It was pointed out that while the age of the accused was 41 years, the dummies were younger to him and therefore, on all three counts, namely, that the accused was not produced with his face covered; he had specific identification marks, and the age of the dummies was not the same as his, the identification cannot be said to be proved.

122. **PW-277 Madansinh Takhatsinh Rana:** The detailed testimony of this witness is referred to along with the testimonies of the police witnesses. At this stage reference is made to the testimony of this witness, only to the extent the same relates to the mobile phone recovered by Hussainabanu and the investigation made pursuant to the first information

report lodged in that regard. This witness has deposed that representations had been made to the Human Rights Commission that rapes were committed on Muslims on the day of the incident and hence, he had received instructions from Shri Tandon to investigate in that regard. Hence, he had recorded the statements of several Muslim witnesses at the relevant time.

122.1 During this time, Shri Tandon had instructed him to record the complaint of Hussainabanu Asgarkhan Pathan (PW-135). Hence, he had gone to the relief camp and recorded her complaint. The complaint so taken was registered as Naroda Police Station I – C.R. No.238/2002. The witness has deposed that he had carried investigation into the offence till 30.4.2002 and had recorded the statements of the concerned witnesses. During the course of investigation, the scene of offence panchnama came to be drawn and upon Police Sub Inspector Shri S.S. Parmar producing a mobile phone in his presence, the custody of such phone was taken over by drawing a detailed panchnama.

122.2 The witness was shown Exhibit-880 which was the original complaint and the witness has deposed that he has signed below the complaint and Hussainabanu has put her thumb impression in his presence and that he identifies the signature on the complaint.

122.3 The witness has further deposed that in connection with the complaint of Hussainabanu, he had drawn a panchnama. The panchnama was of the scene of offence which was identified by Hussainabanu, from where they had

collected burnt ashes and the control sample. The panchnama was of 15.4.2002.

122.4 The witness is shown the panchnama Exhibit-888 and he has stated that he had taken possession of the mobile under this panchnama and has identified his signature as well as the signatures of the panch on the panchnama. The witness has further deposed that on 17.4.2002, from 10 o'clock to 11 o'clock in the morning, he had drawn another panchnama, whereby Shri S.M. Parmar had produced the mobile phone before him. The witness has deposed that the panchnama was drawn in the presence of both the panchas and has identified his signature as well as the signatures of the panchas on the panchnama and has admitted the contents thereof. The panchnama is given Exhibit-1868.

122.5 The witness was thereafter shown the mobile phone which was seized under the panchnama, Exhibit-1868 which was without a seal and he has admitted that this is the same mobile phone which he had taken possession of.

122.6 The witness has stated that he does not remember, at present, as to whether his higher officer had given him in writing or an oral order to investigate into Crime Register No.282/02. The witness has denied that he had drawn the panchnama of seizing the Mobile Exhibit-1868 without calling the panchas. The witness has stated that this mobile was not received in a sealed condition. The witness has stated that he had sealed the mobile at the time of drawing the panchnama and thereafter, he had not opened the seal.

122.7 The witness has admitted that during the course of his investigation, he had not ascertained from the complainant Hussainabanu that this was the very mobile which she had deposited. He has stated that when he received the phone it did not have any black cover over it.

122.8 The witness has stated that in the context of Crime Register No.238/02, he had sent a yadi to the Talati-cum-Mantri to draw a map of the scene of offence; however, he had not received any such map during the time when the investigation was with him. The witness has stated that in the investigation of C.R. No.238/02, he had not received any information to the effect that the mobile phone had been produced by the managers of the camp. The witness has stated that Shri Tandon had not given him any instructions that the mobile phone had been produced by the managers of the camp. The witness has stated that the information regarding from whom, when and how the mobile phone was recovered, may be available in the statements.

122.9 The witness has denied that while investigating into C.R. No.238/02, he had recorded the statements of only important witnesses when the investigation was with him, for the reason that sometimes even not very significant statements are recorded during the course of investigation. The witness has admitted that when the investigation was with him, statements of important as well as unimportant witnesses may have been recorded. The witness has denied that he has recorded several statements during the course of the Naroda Patiya investigation. The witness has voluntarily stated that he had performed the task entrusted to

him by Shri Tandon. However, he had never taken charge of the investigation of this offence.

122.10 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has recorded the complaint Exhibit 880 under the instructions of Shri Tandon. It was submitted that at the instance of this witness two panchnamas came to be drawn viz. the panchnama of the scene of offence Exhibit 888 dated 15.4.2002 and the panchnama of seizure of the mobile phone Exhibit 1868 dated 17.4.2002. Referring to the panchnama Exhibit 888, it was submitted that all the damaged articles found in the house were on the first floor, and also in the house of Salimbhai on the ground floor and some were found in the open space of Inayatali's house which is about 65 feet away from Hussainabanu's house wherein the alleged incident of her brother had taken place. However, no supporting article, much less, the iron cot has been found lying in a burnt condition in the compound. The attention of the court was invited to the postmortem report Exhibit 404 to submit that this report as per the prosecution is the postmortem report of Hasanali, and that this relates to one of the dead bodies referred to in the inquest panchnama Exhibit 662, wherein the inquest of fifty eight bodies has been conducted. It was submitted that the prosecution case is that these fifty eight bodies were recovered from the passage of the water tank where these persons are alleged to have been burnt alive. Therefore, the entire case of Hasanali having been assaulted and burnt in the compound of Jadikhala's house does not appear to be true. It was urged that no definite evidence has come on record as to where the incident had taken place inasmuch as the house

where the incident took place and as to from where Hussainabanu picked up the mobile phone, has not been identified. It was contended that the prosecution has to corroborate its theory with some circumstantial evidence if the direct evidence is found to be either not reliable or not found credit worthy to the satisfaction of the court. It was submitted that the prosecution has to come out with a case that either immediately after the incident or during the intervening period of forty five days, the important article connected with the offence has been moved from its original place either by the Government agencies, including the police, or by the witnesses or their relatives. However, from no corner have such facts providing the connecting link have been adduced and proved by the prosecution.

122.11 ANALYSIS: This witness was also in charge of the investigation in connection with offence registered as Naroda Police Station I C.R. No.238 of 2002, which subsequently came to be merged with Naroda Police Station I C.R. No.100 of 2002, from which the present case arises. Insofar as the evidence of this witness concerning Hasanali's case is concerned, he has drawn two panchnamas, one of the scene of offence and another regarding receipt of the mobile phone. He has also recorded the complaint lodged by Hussainabanu, viz. the first information report registered vide Naroda Police Station I C.R. No.238 of 2002. As per the testimony of this witness, the mobile phone was handed over to him by Shri Tandon in the presence of Hussainabanu; however the same is not supported by the testimony of Hussainabanu and considering the evidence of the other witnesses, who have been examined in connection with the mobile phone, there is no material

corroborating the version of this witness that the mobile phone was handed over to him in the presence of Hussainabanu. Thus, as rightly submitted by the learned counsel for the appellants, the link between the handing over of the phone to the Police Commissioner Shri P.C. Pande and the phone having travelled to this witness through Shri Tandon is missing. It is difficult to comprehend as to why the prosecution has not examined Shri P.C. Pande and Shri Tandon in this case, which reflects on the manner in which the entire case has been prosecuted, despite the fact, that further investigation was carried out by the SIT and it was the SIT which was assisting the Public Prosecutors during the course of the trial. Thus, not only were the officers who were part of the investigation at the first stage negligent and unwilling investigators, it appears that the SIT also has merely paid lip service and carried out the further investigation in a perfunctory manner, without making any serious attempts to gather evidence to establish the prosecution case. At this stage, this court can merely express its anguish at the manner in which the investigation and prosecution has been carried out at all stages. If this is the kind of investigation that is carried out pursuant to the directions of the Supreme Court, the less said the better. Another aspect of the matter is that though we are in the twenty first century and boast of world class facilities, the nature of the investigation in most cases, is not even up to the level of the investigation that was being carried out by the developed countries in the nineteenth century.

122.12 Insofar as the evidence of this witness as an eyewitness is concerned, the same shall be discussed along with the evidence of the police witnesses who are also eye

witnesses.

123. **PW 17 Shantilal Budharmal Kevlani** has been examined at Exhibit.184. This witness is stated to be a panch of the panchnama whereby a Motorola mobile phone is said to have been handed over by a P.S.I. Shri S.M.Parmar in the chamber of Shri Rana. The said witness has not supported the prosecution case and has denied his signature on the panchnama Mark 134/70. He has also denied any such panchnama having been drawn in his presence. The witness has been declared hostile to the prosecution case and has been cross-examined by the learned Special Public Prosecutor; however, nothing has been elicited in support of the prosecution case.

124. **PW 194 Prakashbhai Balchand Gordasani** has been examined at Exhibit.1332. The prosecution has examined this witness as a panch to the panchnama, whereby a P.S.I. has handed over a mobile phone in the chamber of Shri K.T. Rana. The witness has not supported the prosecution case and has denied any such panchnama having been drawn. The witness is shown the document Mark 134/70. He, however, has denied any such document having been signed by him, but has admitted his signature thereon. The witness has denied any such panchnama having been drawn and has been declared hostile to the prosecution and has been cross-examined by the learned Special Public Prosecutor. However, nothing worthwhile has been elicited in his cross-examination and therefore, nothing turns upon the testimony of this witness.

125. **PW-252 Jayesh Vrajlal Makwana**, aged 45 years, has

been examined at Exhibit-1737. The witness has deposed that in the year 2002, there was a landline telephone in his shop having No.2110251 and his residential telephone number was 53509052 and during the same period, he also had a mobile phone No.98250 14456, which was registered in his name.

125.1 The witness has denied that on 26.2.2002, he had a talk with the person having mobile phone No.98250 54777.

125.2 The witness has stated that he does not know Ashokbhai Sindhi. He has denied that Ashokbhai had asked him to lend Rs.50,000/- to him on interest, which he took along with him and went to Santoshinagar at about 4 o'clock, but as he could not meet Ashokbhai, he called him on his mobile No.98250 54777 and talked with him, whereafter he had come and taken the money. The witness has admitted that the police had recorded his statement.

125.3 The witness has been declared hostile as he does not support the prosecution case.

125.4 The witness is sought to be examined to establish the fact that the mobile No.98250 54777 belonged to accused Ashok Sindhi and that the witness had a talk with him.

126. **PW-253 Balvantsinh Kalubha Jadeja**, aged 58 years has been examined at Exhibit-1738. The witness has deposed that in the year 2002, he was working with Reliance and part time he used to run a cold drinks and ice-cream parlour by the name of Jay Ashapura.

126.1 In the year 2002, the landline telephone number of his parlour was 2820106. The witness has denied that on 26.2.2002, he had called from his landline on mobile No.98250 54777. The witness has denied that as he was required to recover Rs.1,350/-, he had called Ashok Sindhi on this mobile number for recovery of such amount.

126.2 The witness has admitted that the police had recorded his statement in connection with his having made a telephone call. The witness has been declared as hostile to the prosecution case as he has not supported the prosecution case. This witness has been examined to establish that the mobile phone No.98250 54777 belongs to Ashokbhai Sindhi.

127. FINDINGS ON WITNESSES OF MOBILE PHONE:

From the evidence of the witnesses as referred to hereinabove, it is noteworthy that though the mobile phone, which was recovered from the scene of incident as the same had fallen out of the pocket of the accused, was handed over to the Police Commissioner, the Police Commissioner did not deem it fit to take custody of the mobile phone in the presence of panchas by drawing a panchnama in accordance with law. He simpliciter took the custody of the mobile phone, and thereafter, handed it over to Shri M. K. Tandon, who, in turn, handed it over to a Police Sub-Inspector named S.M. Parmar, to hand over the phone to the Investigating Officer Mr. M.T. Rana. Mr. S.M. Parmar handed over the mobile phone to Mr. M.T. Rana on 17.4.2002 in his (Mr. Rana's) chamber and a panchnama Exhibit 1868 came to be drawn. Thus, there is no evidence on record to establish that the mobile phone was

handed over to the Police Commissioner, and that it was that very phone which had travelled up to the Investigating Officer Mr. M.T. Rana. Moreover, neither the Police Commissioner Mr. P. C. Pande, nor Mr. M. K. Tandon, to whom he had handed over the mobile phone, has been examined as witnesses. Mr. P.C. Pande is not even cited as a witness and Mr. M.K. Tandon, though cited as a witness, has been dropped to avoid repetition of evidence. From the evidence of the witnesses noted hereinabove, it can be seen that many witnesses who are not witnesses to any of the incidents have been examined, however, unfortunately an important witness like Shri Tandon, whom it was absolutely necessary to prove the chain of events that had taken place has been dropped. To make matters worse, no inquest panchnama of the dead body of Hasanali has been pointed out to the trial court during the course of trial to show that the dead body of Hasanali was recovered from an upside down cot. It may be noted that an inquest panchnama Exhibit 402 is found in the case papers, which has been brought on record at the instance of the defence. The panchnama has been drawn on 2.3.2002 at 16:00 hours. The said panchnama is of the corpse of a male person lying in the compound of the last house in lane No.4 of Hussainnagar. As per the panchnama a dead body is lying in the open compound of a house and the description of the dead body is given. This panchnama clearly is the inquest panchnama of deceased Hasanali; however, this fact has not been brought to the notice of the trial court. Before this court also, the learned counsel for the appellants had asserted that no dead body has been recovered from Jadi Khala's house, which has been tied to an upside down cot. Even at that time, the learned Special Public Prosecutor assisted by the learned Assistant Special Public

Prosecutor, who had conducted the case before the trial court, was not in a position to point out to the court that in fact an inquest panchnama had been drawn, despite the fact that such a panchnama in fact existed on the record. It is only when the court, on a perusal of the case papers, and the inquest panchnamas, noticed that there was an inquest panchnama which matched with the description with Hasanali's incident, and the same was pointed out to the learned counsel for the respective parties, that the learned counsel became aware of the existence of such a panchnama. This reflects the sorry state of affairs as regards the manner in which the entire case was prosecuted before the trial court and also reflects upon the perfunctory manner in which the SIT has investigated the case. Another glaring fact regarding the weak investigation is evident from the panchnama of the scene of offence Exhibit 888, which merely says that they have remained present in front of the Hussainabanu's house, without so much as referring to the proper address of the place, viz. house number or lane number. All that is recorded is that they have come to the house of Hussainabanu resident of Hussainnagar.

127.1 Another disturbing aspect is that on the basis of the complaint lodged by Hussainabanu, a first information report came to be recorded being Naroda Police Station I C.R. No.238 of 2002, the investigation whereof was entrusted to Shri M.T. Rana. Later on all the first information reports registered in connection with incidents that had taken place at Naroda Patiya came to be clubbed together and merged with Naroda Police Station I C.R. No.100 of 2002 and the case papers of the concerned first information report came to be kept along with the investigation papers of I C.R. No. 100/02. A perusal of the

case papers of I C.R. No.238 of 2002 shows that there is a paper cutting of a newspaper report which contains a black and white photograph of the dead body of a man in a badly burnt condition, lying on an upside down cot. It appears that his newspaper cutting was placed with the investigation papers as it was a photograph of the dead body of Hasanali, but during the course of trial no efforts have been made to bring the same on record. It may be noted that on the internet coloured photographs of the dead body of Hasanali in the compound of Jadi Khala's house are available, which match exactly with the description of the dead body as described in the inquest panchnama Exhibit 402; however, none of this has been brought on record by the investigating agencies. The fact that the dead body is lying in Jadi Khala's house is apparent when one sees the coloured photographs of the deceased and the photograph of Jadi Khala's house which are produced on record by the prosecution. All this reflects on the kind of the investigation that has been carried out by the first investigating agency as well as by the SIT.

127.2 Be that as it may.

XVI. OTHER WITNESSES:

128. The testimonies of the other eye-witnesses examined by the prosecution are as follows:

129. **PW-136 Basirkhan Nannekhan Pathan** has been examined at exhibit 898. This witness has stated that he can understand Gujarati, but finds it more convenient to speak in

Hindi and hence he will depose in Hindi.

129.1 In the year 2002, he was residing in Lane No.3, Hussainnagar at Naroda Patiya. He was residing in his house with his family and his two brothers and their families. His to elder brothers are named Munnabhai Nannekhan and Nathubhai Nannekhan. All the three brothers share the same kitchen and business. At the relevant time he used to bring labourers to the submersible pump spare parts factory and used to prepare production and did such work on contract. Such factories were at Hirawadi, Nava Estate and Kirti Estate.

129.2 His parents were residing at their native place, viz. village Arethi, Madhya Pradesh. He has two elder sisters, both of whom are married and are residing at their matrimonial home.

129.3 In the year 2008, he used to do embroidery work and sell ready-made clothes, whereas at present he has an egg stall at Naroda Patiya. He has continuously been residing in Lane No.3 at Hussainnagar.

129.4 The incident took place on 28.2.2002. On 27.2.2002 when he was at his work place, he received a phone call from his brother-in-law Sarfaraz, saying that a train has been burnt at Godhra due to which the atmosphere is bad, and hence he should go home. Therefore, he had gone home. When he was going home, his employer told him that on the next day as there was call for bandh, there would be a holiday. He came home at night and went to sleep.

129.5 On 28.2.2002, he woke up at around 8 to 9 o'clock in the morning. At that time there was commotion outside. He had come out of his house. He came out from the lane on the road. He saw that there was a mob of people in the open ground of the S.T. Workshop as well as in front of Natraj Hotel. Several people were wearing khaki pants and T-shirts. They had tied saffron bands on their heads or around their necks.

129.6 Near the S.T. Workshop, there were several Hindus as well as Muslims also. At the relevant time, his age was eight years lesser than what it is today and since his age was less at the relevant time, people were telling him that the atmosphere is bad and that he should go home. The people standing there in Hindu mob had spheres, hockey sticks, swords, pipes, etc. The police were also standing there.

129.7 The Muslims had told the police that the mob had advanced so much further, so they should do something. However, they did not take any steps. The people in the mob were assaulting the Muslims. At this time the Muslims had retreated. He escaped and reached near gate No.1 of the S.T. Workshop. At that time the situation was not out of control and he had hoped that the police would control the situation. There were police vehicles and the police were also present at the scene of incident.

129.8 A police vehicle was standing near the corner of the S.T. Workshop where a white car came. Mayaben alighted from it and she talked with some police officers standing there. Thereafter, after a little while the police started indiscriminately firing upon the Muslims. The police were

walking in front of the Hindu mob. The police were releasing teargas and the Hindu mob was coming behind them. Hence they were frightened because the situation had deteriorated tremendously. They (the Muslims) started retreating and at this time he was injured by a bullet on his left shoulder. When he was struck by the bullet, it was around 10 o'clock in the morning.

129.9 In the incident, a boy, named, Mustaq from the next chawl, was also injured on the neck by a bullet, another boy named Khalid was injured by a bullet on his private parts. He and another boy dragged Mustaq and Khalid and took them near their chawl towards the interior lanes. The police were coming in front and were firing and Hindu mob was continuously coming behind the police.

129.10 The mob of Hindus first looted and burnt shops near Noorani Masjid. Thereafter they came towards their population and entered Hussainnagar. At this time they were terrified. Their family members came to fetch them. They took them on the rear side towards Jawannagar and Gangotri Society. They had stayed at Jawannagar; there also S.R.P. people were not letting them to enter.

129.11 The people belonging to their Mansuri community and other Muslims, many of whom were his relatives, decided to go towards the pit.

129.12 The witness has further deposed that women in the Mansuri community wear sarees. They had also made other women wear sarees. At the relevant time he used to wear

jeans and a shirt and if he was in a Hindu group, his appearance was such that he would look like a Hindu. On that day he had also put a *tilak*, and accordingly, on that day they looked like Hindus. There from Narodagam they went through the fields to Kathwada. One Iqbal Mansuri had a submersible bore opposite the kabrastan at Kathwada. All of them went there. They went there and exchanged formalities and introduced themselves as Muslims and told him that they had come from Naroda Patiya as well as all the facts regarding the circumstances in which they had come. They spent the night of 28.2.2002 there.

129.13 Including the aged and children, they were in all, forty five people. Those people told them that Kathwada was a small village and that it was possible that the situation in the village might also deteriorate. Hence, they told that they would leave them at Bahiyal village and, accordingly, they dropped them at Bahiyal. At Bahiyal village, he had obtained treatment for his left shoulder where he had sustained bullet injury through a private doctor. At that time they were in hurry to get well as soon as possible, hence he had not obtained any certificate.

129.14 They had stayed at Bahiyal village for around fourteen days. At that time upon the situation becoming slightly peaceful, they went to the Bapunagar camp at Ahmedabad.

129.15 In the mob which he had seen near the S.T. Workshop, he had seen **Sahejad Chara (A-26), Bipin Autowala (A-44) and Guddu Chara (deceased)**. They were

leading the mob.

129.16 The Bapunagar police had come to the camp where they were staying. The Bapunagar police recorded his statement on 18.3.2002. The police had taken his statement in all four to five times. The S.I.T. had also recorded his statement on 27.5.2008.

129.17 In the incident, his house was damaged. His house was also set on fire. He has incurred loss of around Rs.6,00,000/-.

129.18 Khalid has become handicapped on account of the injury sustained by him in the incident, whereas Mustaq died on account of the injury sustained by him in the incident.

129.19 The witness has deposed that in fact his surname is Mansuri. However, while recording his statement at the relief camp, the surname of many of the people whose statements were recorded by the police before him, was Pathan and hence the police had mechanically written down his surname as Pathan, but in fact his surname is Mansuri. At the relevant time, the police were in a great hurry and tried to finish off the work hastily.

129.20 The witness has stated that he has come to know that Guddu Chara has died. He has stated that he knows Mayaben, Bipin Autowala and Sahejad Chara and can identify them. The witness has identified Sahejad Chara, Bipin Autowala and Mayaben correctly. He has stated that in the incident of arson near Noorani Masjid, he had seen Guddu,

Sahejad and Bipin. They were kindling the fire and he had seen Mayaben at the corner of the S.T. Workshop. He had seen all the four on the day of the incident. The witness has identified all the four accused.

129.21 The witness has deposed that he has stated all these facts before the SIT.

129.22 CROSS EXAMINATION: In his cross examination, the witness has admitted that his first statement was recorded on 18.3.2002 and his statement before the SIT was recorded on 27.5.2008. The witness does not remember that on 27.3.2002, two more statements of his have been recorded and that on 10.4.2002 as well as on 16.5.2002, in all, four statements of his have been recorded or not.

129.23 The witness was shown the documents produced along with the purshis-exhibit 903 and is shown the signature at the end of the document. Upon looking at the document the witness has stated that the signature is his. The witness has admitted that the writing shown to him having been made when he had gone to his house after the riots for the purpose of looking at the damage caused. The document is exhibited as exhibit 904.

129.24 The witness has been extensively cross-examined with regard to the accounts of the contracts that he used to enter into, and as regards his income at the relevant time.

129.25 The witness has denied that his mobile was lost on the day of the incident and has voluntarily stated that his

mobile was in his house. He has denied that he had given his mobile to Nadeem.

129.26 The witness has admitted that on 18.3.2002, Shri Pathak of the DCB Police Station has recorded his statement. The witness has stated that he cannot say with certainty that they had left their house at 1 o'clock in the afternoon on that day. The witness has voluntarily stated that the day was such that the exact time was not within his notice. However, it is certain that they had left in the afternoon.

129.27 The witness has denied that in his statement dated 18.3.2002 recorded by Shri R.C. Pathak, Police Inspector, DCB, he had stated that they were at home. On 28.2.2002 in the morning at 10:15, people belonging to the Hindu mob, thousands in number, with swords, sticks, spheres, cans filled with kerosene and petrol, bottles had surrounded the Muslim area in which they were residing and started pelting stones on the Muslims residing in the chawls. The enraged Hindu mobs thousands in number with weapons came from all four sides. They could hear shouts of 'cut and kill the Miyas'. Upon the police firing, a boy named Inayat, who was living in their neighbourhood, was injured by a bullet. At this time it was around 1.00 in the afternoon. There was strong attack on their chawl from all sides and they were afraid and at that time their families stealthily went through Jawannagar and fled through the open fields and reached Kathwada village on foot. The witness has voluntarily stated that the police were not listening to them and writing down their statements as per their own whims and were not writing down what was stated by them. He has also stated that before the police also he had given a

statement as stated by him before the SIT.

129.27 The witness has denied that in his statement dated 18.3.2002 he had not stated the fact regarding his being injured by a bullet. The witness has voluntarily stated that he has stated such facts and that he had also informed the police about the part of his body on which he was injured by the bullet; however, they were not writing it down.

129.28 The witness has admitted that he does not know Inayat and that he has not stated any fact regarding Inayat being injured by a bullet in his statement. The witness has denied that he has not stated before the police as to on whose bore they had gone at Kathwada and exactly where they had gone. The witness has voluntarily stated that he has stated so, but the police had not written it down. The witness has denied the fact that they had gone from Kathwada to Bahiyal village and at Bahiyal village he had availed treatment from a private doctor for his injury, has not been stated by him before the police and has voluntarily stated that he has in fact so stated, but the police had not written it down.

129.29 The witness has admitted that he does not know the name of the doctor from whom he had availed of treatment at Bahiyal village. The witness is cross-examined with regard to the nature of the treatment availed by him. The witness has stated that he had not paid any amount to the doctor towards treatment and has voluntarily stated that the village people were incurring expenditure of their food, medicine, etc.

129.30 The witness has admitted that they had stayed at

one place for ten days and he had obtained treatment at one place only. He has stated that he does not know the name of the person at whose house they had stayed in Bahiyal village. He had stated that every day they used to have meals at houses of different people. He has stated that he has not noticed as to whether there was a name plate of the doctor where he used to go for treatment.

129.31 The witness has denied the suggestion that he was not injured by any bullet and that he had concocted such facts.

129.32 The contents of paragraph 7 of his examination-in-chief are read over to the witness, who denied that except for the date 28.2.2002 stated in this paragraph, none of the facts have been stated by him in his statement dated 18.3.2002 because no such incident had occurred.

129.33 The contents of paragraph 8 of his examination-in-chief are read over to him to the effect that he has not stated such facts in his statement dated 18.3.2002, because he had not seen the same and such incident had not occurred, which the witness has denied. The witness is further confronted with his statement dated 18.3.2002 to the effect that first three lines in paragraph 9 of his examination-in-chief have not been stated by him in such statement.

129.34 The witness is further confronted with the contents of paragraph 9, from the 4th line to the end of his examination-in-chief to the effect that he had not stated such facts in his statement dated 18.3.2002, which the witness has denied.

129.35 The contents of paragraphs 10, 11, 12, 13 and 14 of his examination in chief are read over to the witness and he is confronted with his statement dated 18.3.2002 to the effect that such facts have not been stated by the witness in his statement, which he has denied. The witness is further confronted with his statement dated 18.3.2002 to the effect that he has not stated the facts stated by him in paragraphs 15 and 16 of his examination-in-chief in such statement. The witness has denied that he has not stated that he had seen the mob near the S.T. Workshop as stated by him in paragraph 17 of his examination in chief in his statement dated 18.3.2002. The witness is further confronted with statement dated 18.3.2002 to the effect that what is stated by him in paragraph 19 of his examination-in-chief, namely, that there was cash amount of Rs.3,50,000/- lying in his house which he had kept for his business was not stated by him in his statement dated 18.3.2002. In the opinion of this court such omission cannot, by any means, be said to be a material omission so as to amount to a contradiction, and hence, such a question ought not to have been permitted to be put to the witness.

129.36 The witness is further confronted with his statement dated 18.3.2002 to the effect that the facts stated by him in paragraph 20 of his examination in chief regarding Khalid and Mustaq being injured have not been stated by him. The witness has stated that he came to know regarding Khalid becoming handicapped and about Mustaq's death, later on. The said incident of Mustaq's death took place one and half years after the incident, during which period, he was under treatment. He came to know that Khalid had become handicapped while he was at the relief camp at Ahmedabad.

The witness is further sought to be contradicted as to his statement dated 18.3.2002 to the effect that the facts stated by him from the 3rd line to the 7th line of paragraph 23 of his examination-in-chief, have not been stated by him before the police.

129.37 The witness has denied that he had not stated the facts regarding the presence of Mayaben, etc., in his statement dated 18.3.2002 and has voluntarily stated that he had stated such facts, but they were not writing them down. The witness has denied that he has not seen any of the incidents that took place in the chawl on the day of the incident wherein he had not seen anyone being burnt, killed, set ablaze or being burnt after pouring inflammable substance and that people in houses of the chawls were set on fire, has not been seen by him and that he had come to know about such facts during the course of conversations and that he had stated such facts in the form of deposition before the court.

129.38 The witness has denied that in his statement dated 18.3.2002 he has stated that at present he is taking shelter at the camp at Aman Chowk in Bapunagar. He has not gone to see any chawl, but has come to know that Hindu mobs have taken many Muslims to one place and have poured inflammable substances like kerosene or petrol and have burnt them together at one place, and have set the houses of Muslims in the chawls on fire and caused damage and have looted their properties. The witness has said that on the day of the incident he was at home, but he does not know the exact time, but till 8:00 to 8:30 in the morning, he was at home. He has admitted that on that day there was a holiday in his

factory, on account of the call for bandh. The witness has further stated that he was at home and till then his wife, his elder brother, sister-in-law and their children were at home. He has denied the suggestion that on that day till 3:00 in the afternoon he, his brothers, namely, Munnabhai and Nathubhai were present at home. He has denied that the mob had come at 3:00 in the afternoon on that day. He has denied that he has left his house at 3:00 and that at that time the Hindu mob had entered their chawl and till then the Hindu mob had not come to their chawl.

129.39 The witness is confronted with the contents of his statement dated 27.3.2002, which is stated to have been recorded by some A.S.I. It has come on record that this ASI who is stated to have recorded such statement has not been identified, and therefore, has not been examined. Under the circumstances, when the witness has denied that any such statement of his was recorded, and the person, who has recorded the statement, is not identified, no cross-examination in respect of such statement ought to have been permitted by the court. The witness is also cross-examined with regard to the statement exhibit 904 recorded by some A.S.I. of Naroda Police Station, which again the witness had denied having given and the person who has recorded such statement is not identified. Therefore, the entire cross examination in respect of statement dated 27.3.2002 and exhibit 904 is not admissible in evidence.

129.40 The witness has denied that on the day of the incident he had locked his house at around 3 o'clock and had gone to Bahiyal. The witness has stated that he does not

remember that the police has recorded his statement on 10.4.2002 and has denied that he has stated therein that on the day of incident at around 2:30 in the afternoon he had locked his house and gone to Bahiyal. It appears that the statement dated 10.4.2002 is in the nature of a loss and damage analysis form, that has been filed by many of the witnesses. The witness has admitted that on the day of the incident, till he left for Kathwada, no damage had been caused to his house. He has admitted that till his statement dated 18.3.2002 came to be recorded, he had not gone home and that till his statement came to be recorded, he did not know the extent of damage caused to his house. He has admitted that he had mentioned a loss of Rs.6,00,000/- to his house in his statement on the basis of facts that he had heard. Such facts he had heard from his brother. He has admitted that on 10.4.2002 he knew the extent of damage caused to his house.

129.41 The witness is not aware that any statement of his was recorded on 16.5.2002. He has admitted that if any such statement dated 16.5.2002 of his has been recorded, then at that time he knew the accused whom he has identified before the court. He has denied that on 16.5.2002, though he knew the accused, he has not named them before the police. The witness has voluntarily stated that he was giving names, but the police was not writing them down. The witness has denied that on that day he has not seen any mob and has not seen any person in the mob. He has denied that in his statement dated 16.5.2002, he has stated that he has learnt that many people in the mob had killed other people and burnt them and he does not know any person in the mob.

129.42 The witness is cross-examined with regard to the topography of the area and the people residing in the neighbourhood. He has stated that he does not remember the exact time, but after he left his home in the morning he has returned at around 12 o'clock. The witness has denied that on that day mobs were coming from Natraj, Krushnanagar and Kalupur and has voluntarily stated that the mobs that he had seen were coming from Natraj Hotel, viz. from the direction of Naroda. He has stated that he has seen the mob from open ground of the S.T. Workshop. This ground is outside the gate and that the police were also there. The witness has denied that the mob was comprised of ten thousand to fifteen thousand people and said that there were one hundred to one hundred and fifty persons in the mob. He has admitted that till he was there he had seen a mob of only one hundred to one hundred fifty people and that he has seen that the mob had come towards Noorani Masjid. He has stated that he was surrounded on all four sides by the mob. He has admitted that the mob had gone towards Noorani Masjid. The witness has denied that he had seen this mob of one hundred and fifty people at Noorani Masjid from the open ground of S.T. Workshop and has voluntarily stated that upon the mob coming near the masjid, they had retreated and had come near the lane, viz. near the main lane. He had seen the mob from the main lane. He has denied that he had seen the accused whom he had identified, from near his lane. He has stated that he had seen them from Noorani Masjid. The witness has denied that from where he was standing, namely, from near his lane, he had seen the accused whom he has identified in the mob standing near Noorani Masjid. The witness has denied that there was cross stone-pelting between Muslims

and Hindus.

129.43 In his cross examination, he has stated that he saw the mob for the first time from the S.T. Workshop open ground. He had not seen a white coloured Maruti in the mob. He has seen white coloured Maruti for the first time from the corner of S.T. Workshop road. He does not know the time when he saw the car. However, he had seen the car prior to the riots escalating. The witness does not remember as to whether he had seen the car at the time of the firing for the reason that they were busy trying to protect their lives. He has seen one Mayaben coming out of the car.

129.44 The witness has admitted that Mayaben is the MLA of their ward and hence he knows her. The witness has admitted that he has no relationship of personally talking to any of the four accused whom he has identified and that he has no social or other relations with them and that he has identified them for the first time in the court. The witness has denied that on that day he has seen all the four accused for the first time near the S.T. Workshop. The witness has voluntarily stated that he knew them prior to the incident. He has admitted that except for near the S.T. Workshop, in the context of the incident, he has not seen the named accused anywhere on the day of the incident. The witness has denied that the police had resorted to firing against the rioters near the S.T. Workshop and has admitted that till he was at the S.T. Workshop no one was injured by bullets. The witness is cross-examined with regard to the clothes that he was wearing when he was injured by bullets and what had happened to those clothes. The witness is further cross-examined with regard to

the treatment availed by him, and as to whether or not a prescription has been given by the doctor, etc. The witness has denied that at the instance of people of his community he had concocted false facts regarding Bahiyal, the hospital, Kathwada and his having sustained a bullet injury, etc. and that from Gangotrinagar he was directly taken to the camp in a police vehicle. In paragraphs 84 and 85 of his deposition, the witness is confronted with the contents of his statement dated 16.5.2002, which he had denied.

129.44 In the cross-examination of this witness, it has further come out that he had met the police for the first time after the incident of 18.3.2002 at the camp. The witness has denied that any of his statements recorded by the police have been read over to him. He has stated that for the first time, all these statements had been read over to him when he went to SIT's office. The witness has voluntarily stated that they used to come and record statements and go away. The witness has also voluntarily stated that he had drawn their attention to the fact that what was stated by him was not written down in the statement. The witness has admitted that till the statements were read over to him in SIT's office he was not aware of the contents thereof.

129.45 In the cross-examination of this witness it is brought out that he had made an application to the SIT after which his statement was recorded. The witness is cross-examined with regard to the application made by him as to who had taken down the same. The application is shown to the witness and is exhibited as Exhibit 907. In his cross-examination, the witness has stated that he had not read his application and has

voluntarily stated that the application was made only for the purpose of his statement being recorded by the SIT and hence he did not deem it fit to read the same. He has stated that he had studied upto the 8th standard in Hindi and that nobody had read over or explained the application to him. The object behind the application was that he wanted to give his statement before the SIT.

129.46 The witness has admitted that prior to giving the application Exhibit 907; he had already initiated proceedings for availing compensation. He has admitted that no person in his family has died and no one has been injured and has voluntarily stated that he himself was injured. He has admitted that in connection with his injury he has not lodged any complaint or taken any action against anyone.

129.47 The witness has admitted that when he was standing at the gate of the S.T. Workshop, at that time, policemen and police vehicles were standing at the corner of Natraj Hotel, which he had seen. At that time Mayaben had come to the corner of Natraj Hotel. He had seen Mayaben coming to the corner of Natraj Hotel and talking about something with the police. In his cross-examination he has denied that on that day there were police vehicles at Natraj Hotel corner and he has voluntarily stated that such vehicles were parked between the S.T. Workshop and Natraj Hotel. He has admitted that on that day there were policemen and police vehicles at Natraj corner.

129.48 The witness has denied that the first time when he came out, the mob from Natraj Hotel was pelting stones at

Noorani Masjid. He has not seen that any mob had come from Krushnanagar and was pelting stones at their chawl.

129.49 The witness has admitted that despite the fact that the police were releasing teargas against them and were firing and the Hindus were pelting stones, he had stood on the road. The witness has voluntarily stated that he was standing at the corner of the lane. The witness has denied that on 28.2.2002 he has not seen any of the accused. He has denied that for that reason in the application Exhibit 907 made to the SIT, receipt dated 27.3.2002 Exhibit 904 and in his statements dated 27.3.2002, 10.4.2002 and 16.4.2002 he has not named any of the accused whom he has identified before the court. The witness has voluntarily stated that in all his statements he has given name of the accused; however, the police were not writing them down. (It appears that in his statement dated 18.3.2002 the witness has named the accused).

129.50 The witness is confronted with his statements dated 27.3.2002, 10.4.2002, 19.5.2002 and Exhibit 904 to the effect that he has not stated the first three lines of paragraph 9 of his examination-in-chief in those statements.

129.51 The witness is confronted with his statements dated 18.3.2002, 27.3.2002, 10.4.2002 and 16.5.2002 as well as Exhibit 904 and receipt dated 27.3.2002 to the effect that the first three lines of what is stated by him in paragraph 10, page 4 of his deposition have not been stated by him in those statements. The contents of paragraph 10 of his examination-in-chief from the 3rd line to the end are read over to the witness to the effect that in his statements dated 18.3.2002,

27.3.2002, 10.4.2002 and 16.5.2002 as well as exhibit 904 he has not stated such facts. The witness has denied that except for his statement before the SIT, in none of his statements he has stated the facts stated by him in paragraph 11 of his examination-in-chief. The contents of paragraph 14 of his examination-in-chief are read over to the witness and he has denied that he has not stated such facts in his statements dated 27.3.2002, 10.4.2002, 16.5.2002 and 27.5.2008. The witness is further confronted with the contents of paragraph 15 of his examination in chief to the effect that except for the statement recorded by the SIT he has not stated such facts in any of his police statements. Similarly, the witness is also confronted with the facts stated by him in paragraph 16 of his examination-in-chief to the effect that he has not stated such facts in his statement dated 16.5.2002.

129.52 The witness has admitted that the facts stated by him in paragraph 17 of his examination-in-chief wherein he has clearly mentioned that he had seen them in the mob near the S.T. workshop has not been so stated by him in any of his statements including the statement recorded by the SIT. (It appears that in statement dated 27.5.2008 recorded by the SIT as well in his statement dated 18.3.2002 the witness has stated that in the mobs which were there in the riots he has seen Bipin Autowala (A-44), Sahejad Chara (A-26), and Guddu Chara (deceased). The witness is further confronted with the contents of paragraph 19 of his examination-in-chief to the effect that he has accepted before the SIT that he has not stated such facts. (It appears that all these facts relate to the loss incurred by him and hence the same cannot be said to be an omission which is so material, as to amount to a

contradiction).

129.53 The witness is confronted with the contents of the 3rd line to the last line of paragraph 23 of his examination-in-chief. The witness has admitted that in all his statements he has not referred to such facts and has voluntarily stated that the S.T. Workshop corner and Natraj Hotel corner are one and the same, and therefore, whether he says S.T. Workshop corner or Natraj Hotel corner, he is saying one and the same thing. The witness is further cross-examined with regard to the topography of the area and the population of Muslims and Hindus in the area. In his cross-examination he has admitted that on 27.2.2002 while he was at his job, because his brother-in-law made a phone call he came to know about the Godhra incident. He has also come to know that an ST bus was set on fire near Soni-ni-Chali. He has admitted that on 27.2.2002 no incident had taken place at Naroda Patiya and has voluntarily stated that on 27.2.2002 there was news in the television which would evoke anger amongst the people. He has stated that at the time of the TV news, he had not felt any fear.

129.54 The witness has admitted that on the day of the incident there was a police point for protection at Naroda Patiya and that prior to the incident taking place police vehicles had been placed there. The witness has admitted that he knew Bipin Autowala (A-44) prior to the incident. The witness has denied that in the complaint lodged by Bipin Autowala his name was also there and hence he was falsely naming him. He has denied that he had burnt Bipin Auto Centre and therefore, he was giving his name before the court.

129.55 To bring out the omissions and contradictions as to his previous statements, the defence has cross-examined the concerned Investigating Officer/assignee officer who had recorded such statement.

129.56 PW-279, Shri B. J. Sadavrati, the assignee officer has admitted that he had recorded the statement of this witness on 16.5.2002. He has admitted that this witness had not given the names of any accused before him. He has admitted that he had orally examined the witness and recorded his statement. The assignee officer has admitted that the witness had not made any grievance regarding recording of his earlier statements. The assignee officer has admitted that this witness had stated before him that he had seen the people in the mob killing many other people and burning them and that he did not recognize any people in the mob.

129.57 The assignee officer has admitted that this witness had stated before him that on 28.2.2002, there was a call for Gujarat Bandh, he had not gone for his business and was present at home, his brothers were also present at home with their families and in the morning at around 10 o'clock, mobs belonging to the Hindu community gathered near their chawls and had pelted stones at their chawls and in defence, they had also pelted stones against them; however, this mob had become very violent and had entered their chawls and started torching their houses and burning people alive due to which, out of fear, they had fled towards the rear side to Gangotri Society and there, since the houses were closed, they had climbed on the terrace of the houses and hid there, where they stayed till 11 o'clock at night and at around 12 o'clock at night,

the police vehicles came and the police had called them and told them that they would leave them wherever they wanted to go and upon their saying that they wanted to go to Bapunagar, they were dropped at Aman Chowk and they had stayed there. No one in his family was injured or had died in the incident. His house is safe and has not been damaged or burnt.

129.58 The contents of the first three lines of paragraph 9 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that such facts are not stated by the witness in the statement recorded by him. The contents of first three lines of paragraph 10 of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness has stated that a police vehicle was standing near the corner of the S.T. Workshop, a white car came there, Mayaben came out from the car. The assignee officer has admitted that the witness had not stated such facts in the statement recorded by him.

129.59 The contents of paragraph 11 of the examination-in-chief of the witness are read over to the assignee officer, wherein reference is made to Mustaq and Khalid being injured by bullets and they having taken them on the interior side, etc. The assignee officer has admitted that such facts have not been stated by the witness in the statement recorded by him. The contents of paragraphs 14, 15 and 16 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that except for stating that they had gone to Bapunagar camp, none of the other facts have been stated by the witness in the statement recorded by him. The assignee officer has admitted that this witness has not stated before

him that S.T. corner and Natraj Hotel corner are one and the same.

129.60 PW-292 Shri R. C. Pathak, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 18.3.2002. The assignee officer has admitted that this witness had stated before him that they were present at home, on 28.2.2002, when at around 10:15 in the morning, a Hindu mob, thousands in number, came with swords, sticks, spears, cans filled with kerosene and petrol and bottles and surrounded all the Muslim areas, where they were residing and resorted to intense stone pelting on the Muslims residing in the chawls. The enraged Hindu mobs which were thousands in number had swarmed upon the national highway road and shouts of "kill, cut the Miyas" could be heard from all four sides. Upon the police resorting to firing, a boy named Inayat residing in their neighbourhood was injured by a bullet. At this time, it was around 1 o'clock in the afternoon. Upon there being a forceful attack on their chawls from all sides, they were frightened and at that very time, together with their family, they stealthily went from Jawannagar through the open fields and fled to Kathwada village. The assignee officer has admitted that this witness in the statement recorded by him has not stated the fact regarding his being injured by a bullet. He has also admitted that the witness had not stated before him as to on whose bore, they had gone to Kathwada and had stated that the witness had told him that together with his family, he had gone to Kathwada. The assignee officer has admitted that the witness had not stated before him that they had gone from Kathwada to Bahiyal village and that he had availed of treatment by a private doctor. The assignee officer

has further admitted that this witness had not stated before him that certain people in the mob were wearing khakhi pants and T-shirts and had tied saffron bands on their heads or around their necks. He has admitted that the witness had not stated that he had woken up in the morning at around 8:30 to 9:00 and there was commotion outside. The assignee officer has admitted that the witness has not stated before him that the mobs of people were standing on the S.T. Workshop ground and opposite Natraj Hotel, but has clarified that the witness had stated that a mob of thousands of enraged Hindus had swarmed upon the national highway.

129.61 The contents of the first five lines of paragraph 8 of the examination-in-chief, the contents of first three lines of paragraph 9 of the examination-in-chief, the contents of paragraph 9, from the fourth line to the last line of the examination-in-chief, as well as the contents of paragraphs 11, 12, 13 and 14 of the examination-in-chief of this witness, are read over to the assignee officer who has admitted that all these facts have not been stated by the witness in the statement recorded by him. The assignee officer has admitted that the contents of first four line to the last line of paragraph 10 of the examination-in-chief of the witness, have not been stated by him in the statement recorded by him. The contents of paragraphs 15 and 16 of the examination-in-chief of the witness and the contents of paragraph 17, to the extent the witness has stated that he had seen the mob near the S.T. Workshop, are read over to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him. He, however, has clarified that as regards the contents of paragraph 17 of the

examination-in-chief, the witness had stated that he had seen the mob on the highway and that the S.T. Workshop is also situated on the highway. The assignee officer has denied that there is a service road after the S.T. Workshop and thereafter, there is an open space and thereafter, the highway starts. The assignee officer has admitted that the witness has not stated before him that he had kept rupees three and a half lakh in cash for his business at home. The assignee officer has admitted that this witness had not mentioned that Khalid and Mustaq were injured, in the statement recorded by him.

129.62 The contents of paragraph 23 of the examination-in-chief of the witness from the fourth line to the sixth line are read over to the assignee officer, wherein the witness has stated that when the incidents of arson near Noorani Masjid took place, he had seen Guddu Chhara, Sahejad Chhara and Bipin Autowala, they were setting the things on fire. He had seen Mayaben at the corner of the S.T. Workshop. The assignee officer has admitted that such facts are not stated in the statement recorded by him, but the names of the accused have been given by him. The assignee officer has admitted that the witness has not named Mayaben in the statement recorded by him.

129.63 The assignee officer has admitted that the witness had stated before him that at present, he is taking shelter at the camp situated at Aman Chowk in Bapunagar and that he had not gone to see the chawl, but had learnt that the Hindu mob had taken many Muslims at one place and had poured inflammable substances like kerosene and petrol and had burnt all of them together at one place and had set houses of

Muslims in the chawl on fire and had looted their goods and properties.

129.64 PW-178 Shri P. N. Barot, the Investigating Officer has admitted that he has recorded the statement of this witness on 10.4.2002.

129.65 The Investigating Officer has admitted that this witness had not given the name of any accused in the statement recorded by him. The Investigating Officer has voluntarily stated that the statement recorded by him was an additional statement only for the purpose of recording loss and damage. He has admitted that the statement of this witness was earlier recorded by Shri R.C. Pathak.

129.66 Certain extracts of paragraphs 9, 10, 14 and all the facts stated in paragraph 11 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that these facts have not been stated by the witness in the statement recorded by him. Considering the fact that, as clarified by the Investigating Officer, the statement of this witness as recorded by him, was only for the purpose of loss and damage, there was no necessity for the witness to state facts regarding the incident in such statement.

129.67 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 27.5.2008. He has admitted that this witness had not stated before him that Mayaben had come in a white car, but had stated that she had come in a car. The Investigating Officer has further admitted

that the witness has not stated that a police vehicle was standing at the corner of the S.T. Workshop where Mayaben had come. However, the witness has stated that at that time, police and police vehicles were standing at the Natraj Hotel corner, at that time, Mayaben Kodnani had come there.

129.68 Certain extracts of paragraph 14 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein he has stated that the facts regarding the Muslim women wearing sarees and he having worn jeans and put on tilak and that they look like Hindus. The Investigating Officer has admitted that such facts were not stated by the witness in his statement.

129.69 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has deposed that he had received a bullet injury on his left shoulder at around 10:00 a.m. on the day of the incident. However, in his cross-examination, it has come out that he has not obtained any certificate or prescription from any doctor so as to corroborate it.

129.70 It was submitted that this witness in his first available statement dated 18.3.2002, statement recorded by the SIT, has named three accused, viz., accused No.26, accused No.44 and Guddu, without mentioning any specific overt act. It was submitted that this witness has referred to the presence of these accused in the mob at about 9:00 a.m. near the S.T. Workshop and thereafter though he was present in Hussainnagar till the afternoon before he left for Kathwada with his family, he did not see any of these three accused.

129.71 It was submitted that insofar as accused No.37 Mayaben Kodnani is concerned, the witness has not given her name with any role whatsoever till his statement was recorded by the SIT. Even before the SIT, he has not made any reference to a white car. Moreover, there is also a contradiction about the place, where he had seen her, whether at the corner of the S.T. Workshop or at Natraj Hotel, which are situated on different sides of the highway. It was submitted that though the witness was there till the afternoon, he has not seen any incident occurring in Lane No.2 of Hussainnagar where he resides and that the version given by this witness creates a complete doubt about the version given by PW-135 Hussainabanu about the incident of her brother Hasanali, as also about her house being ransacked by a crowd of persons. It was submitted that it is only this witness who says that he saw Mayaben at the corner of the S.T. Workshop, whereas no other witness has stated so. Moreover, the witness does not say where Mayaben had gone thereafter. It was submitted that though the witness has stated that he has been injured by a bullet, there is no medical evidence about his injury, nor has any witness given the name of this witness as a person who was injured in the firing. It was submitted that PW-104 Mahammad Salim Hussain Shaikh gives a different version altogether. It was submitted that an altogether new story has come up in the testimony of this witness which is not corroborated by any witness. It was submitted that though this witness has referred to an incident of 10 o'clock, nothing had happened at 10 o'clock and the mobs had not started entering the chawls till 11:30. It was submitted that though this witness is stated to have availed of treatment for a period of ten days,

he has stated that he does not remember the name of such doctor. It was argued that it is highly improbable that the witness would not remember the name of the doctor who had treated him and the people who had helped him.

129.72 Referring to the contents of paragraphs 72 and 73 of his cross-examination, it was submitted that the witness has stated that there were about one hundred to one hundred fifty people in the mob and he does not refer to the mob from Krushnanagar. It was submitted that the witness could not have seen the accused from the distance as indicated in paragraph 73, more so, when the accused were stated to be attacking Noorani Masjid. It was pointed out that from the cross-examination of this witness, it has been brought out that he had no acquaintance with the accused. It was submitted that veracity of this witness becomes more doubtful when he admits that he does not even know the name of the person at whose place he had stayed for a period of ten days at village Bahiyal after the incident. It was submitted that the evidence of this witness is not credible and convincing and is per-se contradictory and unreliable.

129.73 ANALYSIS: The evidence on record shows that two statements of this witness have been recorded, one on 18.3.2002 by the assignee officer PW-292 Shri R. C. Pathak and another on 27.5.2008, by the Investigating Officer (SIT), Shri V. V. Chaudhary. The learned counsel for the appellants have pointed out various omissions and contradictions in the testimony of this witness, who has deposed that he had seen Sahejad Chhara (Accused No.26) and Bipin Autowala (Accused No.44) and Guddu Chhara (deceased) leading the mob near

the S.T. Workshop and that, at that time, they were indulging in arson. The witness also claims to have seen Mayaben Kodnani at the S.T. Workshop and has identified all the four accused in the dock.

129.74 If the evidence of the witness is considered, after considering all the omissions and contradictions as to his statement dated 18.3.2002, what remains is that the witness had stated regarding having seen Sahejad Chhara, Bipin Autowala and Guddu Chhara in the mob. While there are numerous omissions in the testimony of the witness, there is no omission qua the names of the above referred accused. However, insofar as the fact regarding the witness having seen Mayaben on the day of the incident is concerned, there is no reference to Mayaben in his statement dated 18.3.2002. It appears that one more statement of this witness was recorded on 27.3.2002, which is stated to have been recorded by an A.S.I. However, such A.S.I. has not been identified and consequently, not examined. Therefore, the fact regarding the witness having made any such statement has not been proved. Another statement of the witness was recorded on 10.4.2002, which apparently relates to loss and damage analysis. One more statement of this witness came to be recorded on 16.5.2002.

129.75 In the cross-examination of the witness, an admission has been brought out that though the police was releasing teargas against them and was firing at them and the Hindus were pelting stones, the witness stood on the road at the corner of the lane. The witness, in paragraph 123 of his cross-examination, has clarified that the S.T. Workshop corner

and Natraj Hotel corner are one and the same. As regards the prior acquaintance with Bipin Autowala, an admission has been obtained in the cross-examination of the witness (paragraph 135).

129.76 Thus, from the testimony of this witness, it emerges that the witness had gone on the road in the morning and had seen the above three accused in the mob. This part of the testimony of the witness is consistent with his first available police statement and hence, deserves to be accepted.

129.77 Insofar as the witness claims to have seen Mayaben near the S.T. Workshop in the morning is concerned, in all his prior statements recorded by the police, the witness has not named this accused. For the first time, the name of Mayaben has come up in the statement dated 27.5.2008 recorded by the SIT. The witness has stated that Mayaben alighted from a car and talked to some police officers standing near the corner of the S.T. Workshop, whereafter the police started firing indiscriminately at the mob. The witness does not refer to Mayaben having spoken to the mob or having instigated them. Thus, all that emerges from the testimony of this witness insofar as Mayaben (A-37) is concerned is that she came to the corner of the S.T. Workshop in the morning and talked to some police officers standing there. He does not attribute any criminal act to her. As to what evidentiary value should be attached to a statement of this nature, which has also come at a belated stage, shall be considered at the time of considering the culpability of accused No.37, while discussing the evidence of all the witnesses who have named this accused.

129.78 From the uncontroverted part of his evidence, it emerges that on 28.2.2002; the witness had come out on the road and seen mobs. In the riotous mobs, he had seen the above named three accused and out of fear, he together with his family members had gone to Kathwada. In his statement dated 18.3.2002, the witness had stated that at around 1 o'clock in the afternoon there was a forceful attack on their chawl and out of fear, they along with their families had stealthily gone to Jawannagar and then to Kathwada through the fields. While the witness claims to have been injured in the police firing, he has failed to produce any material in support thereof. Though the witness claims to have availed of treatment from some doctor at Bahiyal, apart from the fact that he is not in a position to produce any medical case papers or certificate, the witness is not even in a position to give the name the doctor who treated him. Therefore, the fact regarding the witness having been injured in police firing is a bit doubtful, more so, when none of the witnesses present at the spot have stated regarding this witness having sustained any injury in the police firing.

129.79 Much significance cannot be attached to the fact that the witness does not remember the names of the persons in whose house they had stayed at Bahiyal, for the reason that the witness was deposing more than eight years after the incident and it is quite possible that due to lapse of time, he may have forgotten their names. However, there is no reason to disbelieve the witness when he says that he went from Kathwada to Bahiyal, inasmuch as, the witness has no reason to lie about this fact.

129.80 The testimony of this witness to the extent he has stated that he had seen the three accused viz. Sahejad Chhara (A-26), Bipin Autowala (A-44) and Guddu Chhara (deceased) in the mob, is consistent with his police statement dated 18.3.2002 and hence, to this extent deserves to be accepted. This witness is a witness of only the morning incident when the mobs had gathered and indulged in rioting.

129.81 Thus, through the testimony of this witness, the prosecution has established the presence of Sahejad Chhara (A-26), Bipin Autowala (A-44) in the riotous mob that was present on the road in the morning on the day of the incident.

130. **PW-138 Mahammadbhai Abdulhamid Shaikh**, aged 49 years, has been examined at Exhibit-928. This witness has deposed that in the year 2002, he was residing at *Lane No.4, Hussainnagar, Naroda Patiya*, with his family in rented premises. He was residing there since fourteen years prior to the incident. His family was comprised of his wife Khatunbibi and three sons, viz., Mahammadrashid, Khurshidalam and Mahammadrafiq.

130.1 When he was residing at Naroda Patiya and also at present, he carried on the business of colour work and making and selling furniture. He is a native of Maler Kotla Village, District-Sagarur, State-Punjab.

130.2 The witness has deposed that the incident took place on 28.2.2002. On account of burning of a train at Godhra, there was a call for bandh. This call was given by the

Vishwa Hindu Parishad. On that day, he had breakfast in the morning and had gone at 8 o'clock for his whitewashing work to the house of one Sardarji Parmeshwarsingh. The Sardarji's house was at Kubernagar and he reached his house at 8:30 in the morning. The Sardarji told him that since there was a call for bandh, he should not start the work on that day. However, he told him that bandhs are always declared and said that he would start working. However, thereafter he had not started working and in the morning at around 9:00 to 9:30, the Sardarji's son came to drop him on his scooter, at which point of time, people wearing khakhi shorts and white undershirts were performing something like aarti near Natraj Hotel. They also had weapons. The Sardarji's son came to drop him till his house and left. He went home and immediately came to know that stone pelting had commenced, and hence, he immediately came from his house to the Noorani Masjid to watch. When he came out, he saw that stones were being pelted on the Noorani Masjid and as well as on their chawls. At that time, some of the Muslim boys had asked the police to help them. However, the police did not help them. The police had fired bullets in which a boy named Abid was injured. The police had also released tear gas shells. Abid had fallen down on the spot. Upon seeing this, their people were frightened and in the stampede, he had fallen down. At that time, a lot of people had passed over his right leg and he had sustained a fracture.

130.3 Thereafter, their Muslim people took him to a three storeyed building and made him sit on the terrace of the third floor. While sitting on the terrace, he had seen the S.R.P. people throwing stones. The witness has thereafter corrected himself and stated that what he wanted to say was that the

S.T. Workshop people were throwing stones. They were throwing stones at their chawls. The witness has stated that several people from the S.T. Workshop had removed the wire fencing from the walls and jumped and came towards their houses and set their rickshaws and houses on fire.

130.4 In the afternoon at about 2 o'clock, Dalpat, Guddu Chhara and Sahejad came to his house. When they came to his house, rupees forty thousand in cash was lying in his house and since he was engaged in the business of making safes, they took away the safes. There were other people with these three people and all of them looted five safes and Rs.40,000/- in cash lying in his house. They had also looted all the household articles in his house, which he saw while sitting on the terrace, from where, he could see the tin roof of his house. There was a huge hole on the tin and the front part of his house was open.

130.5 He sat on the terrace till 1 o'clock at night whereafter, the police vehicle came. Four to five Muslims took him from the terrace to the police vehicle and at that time, Shri Mysorewala, P.I. of the Naroda police station said "*How could so many people escape?*" Upon inquiry, he found that the person who uttered these words was Shri Mysorewala. He was seated in the police vehicle and taken to the Shah Alam camp.

130.6 The witness has stated that he had taken treatment in connection with the fracture at the relief camp and that he had sustained a loss of rupees two lakh in the incident due to the damage caused to his house.

130.7 The witness has stated that since Dalpat, Guddu and Sahejad reside in his area, he knows them very well. He has further stated that Dalpat's brother-in-law Pravin, is his close friend and he has visiting relations with him. The witness has stated that the Crime Branch has recorded his statement in connection with the incident and that he had stayed at the camp for six months. Subsequently, the SIT had also recorded his statement.

130.8 The witness has stated that he has learnt that Dalpat and Guddu have died and has accordingly identified accused No.26 Sahejad in the dock.

130.9 The witness has further deposed that on 14.5.2002, he was called by the police at around 12 o'clock in the afternoon to act as a panch and there was another panch by the name of Abdul Majid and they were called to draw the panchnama of Abdulkarim's house which was situated in Kumbhaji-ni-Chali. The witness has then deposed with regard to the contents of the panchnama and has admitted the contents thereof. The panchnama is exhibited at Exhibit-929.

130.10 The witness has further deposed that on 25.6.2002, at around 2 o'clock in the afternoon, the police had called him to Hussainnagar, Lane No.2 to the house of Hasanbhai, where the panchnama of the house was drawn. The witness has admitted his signature on the panchnama which is exhibited at Exhibit-931 and has also admitted the contents thereof.

130.11 CROSS EXAMINATION: This witness, in his cross-examination, has admitted that he has been given a

house in Yatimkhana Vasahat. He has admitted that this house has been given to him by the people of their Jamaat. The witness has admitted that he had not paid any consideration for the house. The witness has denied that he had gone to Naroda Patiya and got his house repaired. The witness has voluntarily stated that the Islamic Relief Committee had got it repaired for him. He has stated that fifteen days after they had gone to Naroda Patiya, they had started the work of repairing their house. The witness has denied that when he went back to Naroda Patiya, the repairing work of his house was over. The witness has stated that after he left his house at Naroda Patiya and returned back, his house had not been repaired.

130.12 The witness has stated that there was no shop adjacent to his house. He used to do the work of making safes by keeping skilled workers. He used to make full size steel safes. He used to keep the stock of five to ten safes at home. Each safe weighed about 30 kilograms or could be even 45 kilograms and also 52 kilograms. The measurement of the safe would be 3 x 6 feet, 3 ½ x 6 ¼ feet or 3 x 5 ½ feet also. The witness has admitted that one person alone cannot lift these safes. The witness has admitted that to take out the safe from his house for giving it to a customer, it would take at least ten to fifteen minutes.

130.13 In his cross-examination, the witness has stated that he had met accused Sahejad whom he has identified before the court, several times prior to the incident, for the reason that he used to live nearby, and hence, he used to see him on a daily basis. The witness has admitted that he had financial relations with Sahejad and that he had taken a loan of

Rs.15,000/- from him. The witness has denied that till date, he has not returned the loan amount to Sahejad and has voluntarily stated that he has returned the entire amount. The witness has admitted that he was required to pay interest on the money advanced to him by Sahejad and has voluntarily stated that he has paid the entire interest amount. The witness has admitted that he had no occasion to talk with Dalpat and Guddu and he had no financial relations with him and had no occasion to visit their houses.

130.14 The witness has stated that after he went to the camp, the police met him for the first time at the camp. The witness has admitted that tables had been arranged at the Shah Alam camp for giving complaints and that service oriented workers, people of their Jamaat and advocates used to sit at the tables. The witness has denied that they used to guide them as regards what facts they should state and has voluntarily stated that they (the witnesses) were stating facts regarding whatever they had seen.

130.15 The witness has stated that in connection with the incident, the police have recorded his statements on two occasions. One statement was recorded at Ahmedabad and the other statement was recorded at Gandhinagar. The witness has admitted that he has no complaint with regard to his first statement, which was recorded at Ahmedabad. The witness is read over the contents of paragraph 4 of his examination-in-chief to the effect that he had not stated such facts in his statement dated 12.5.2002.

130.16 The contents of paragraphs 5 and 6 of his

examination-in-chief are read over to the witness to the effect that he has not stated these facts in his statement dated 12.5.2002.

130.17 At this stage, the learned Special Public Prosecutor has pointed out that in the statement it has been mentioned that the witness had come home through the mob and when he reached near his house, stone pelting started thereafter. At this stage, the learned counsel for the defence has raised an objection that no note can be made regarding such sentence in the statement. The learned Special Public Prosecutor submitted that he had drawn the attention of the court to bring on record true facts. The court has recorded findings which as translated into English read thus:

“It is true that the witness has not stated any fact regarding stone pelting having started after he reached near his house in his examination-in-chief. However, it requires to be noted that the case at hand is a special kind of case wherein firstly, the trial has been going on since a very long time, the incident is of the year 2002 and presently in the year 2010, the trial is going on. Secondly, one investigating agency had investigated in the year 2002 and another investigating agency has investigated in the year 2008. In this case, it may be stated that there are very unusual circumstances as there are various statements of different witnesses.

The task of the court is mainly to ascertain the truth and in the quest of truth, in the entire procedure, with a view to see that it is very convenient for the person who reads the

depositions and so that there is clarity in the record and different statements are not required to be read and no reader has any kind of confusion or misunderstanding, with such a noble object, in this case, the court has made notes. These notes would make it very convenient and would facilitate every person as well as every officer concerned with the legal procedure. Such notes are very welcome in this case. In this case, instead of technicalities, it is absolutely necessary that the procedure for dispensation of justice is carried out in a beautiful and concrete manner, and hence, the court, after thoughtful consideration and with a totally noble object, has placed necessary clarifications on the record so that the person who reads the testimony gets a clear picture and the future readers of the testimony do not face any inconvenience and can obviate the inconvenience of having to keep different statements together and turn their pages. Prior to recording the testimony of PW-138, the defence has never raised any such objection, which is self-speaking. These notes have been made to give a clear picture of the facts recorded in the statements.

In the aforesaid context and in the larger interest of justice, the court is of the clear and firm opinion that there is no illegality in making such notes. Not only that, upon considering the entire facts of the case, such a procedure is absolutely welcome, facilitating and would make things easy.

130.18 The witness is read over the contents of paragraphs 7 of his examination-in-chief to the effect that in

his statement dated 12.5.2002 he has not stated the facts stated therein except for stating that they were pelting stones at their chawl.

130.19 The learned advocate for the defence has stated that a contradiction has been put to the witness primarily because the witness has not stated the words, "terrace on the third floor" and the fact regarding, certain people of the S.T. Workshop having jumped over the barbed wire of the wall and come towards their house and having set their rickshaws and houses on fire. At this time, the learned Assistant Special Public Prosecutor invited the attention of the court to the fact that in the statement it has been stated that thereafter, near their house, there is Umrudin's house with a terrace, and he was lifted and taken there.

130.20 The contents of paragraph 8 of his examination-in-chief are read over to the witness to the effect that he has not stated such facts in the statement dated 12.5.2002. The trial court has made a note below that in the statement the witness has stated that at that time, Chhara people had entered his house and had taken away Rs.40,000/- and five safes and at the bottom of the statement, he has stated that from the people in the mob, he had recognized Dalpat, Guddu and Sahejad. In the opinion of this court instead of making such a note, the trial court ought to have disallowed the question inasmuch as except for a different manner of expression, there is no actual contradiction.

130.21 The contents of paragraph 9 of his examination-in-chief are once again read over to the witness, who has denied

that in his statement dated 31.5.2008 recorded by the SIT, he had not stated such facts regarding being on the terrace on the third floor and that several people had jumped over the barbed wire and come towards their houses and set their rickshaws and houses ablaze.

130.22 A further omission is sought to be brought out as regards the statement recorded by the SIT to the effect that the words, "*at around 2 o'clock in the afternoon*" mentioned by him in paragraph 8 of his examination-in-chief have not been stated by him in his statement recorded by the SIT. The witness is also sought to be contradicted with regard to the contents of last line of paragraph 9 of his examination-in-chief to the effect that he had not stated such facts in the statement recorded by the SIT. It may be noted that the omission which is sought to be brought out that he was taken in a police vehicle to the Shah Alam camp. In the opinion of this court, what is stated by the witness cannot be said to be in the nature of an omission amounting to a contradiction, and hence, the trial court should not have permitted such questions to be asked to the witness.

130.23 The witness is thereafter cross-examined with regard to the topography of the area. The witness has admitted that the mobs from Kubernagar and Kalupur had pelted stones at the Noorani Masjid and their chawl. The witness has denied that the people from these mobs had entered their chawl and pelted stones and has voluntarily stated that they were pelting stones from outside the chawls. The witness has denied that Abid was injured by a bullet inside the lanes and has voluntarily stated that he was injured by a

bullet outside. The witness has admitted that Abid was not injured by a bullet on the National Highway but on the S.T. Workshop lane road. The witness has denied that at this time, the mob from Kubernagar which he saw wearing khakhi shorts and undershirts had come to their chawl. The witness has stated that the mob was the same, however, after firing bullet the police was coming and the people in the mob were coming behind the police. The witness has admitted that thereafter, the people in the mob had entered all the chawls and Hussainnagar. The witness has admitted that the people of these mobs had damaged, burnt and killed, etc.

130.24 In the cross-examination, it has come out that Umrudhin's house is next to his house and he was made to sit on the terrace on the second floor of the house. The witness has admitted that the entrance door of his house faces towards the chawl and Umrudhin's entrance door also faces towards the chawl. The witness has stated that the terrace where he was, had a parapet. There was a common wall between the two houses. The witness has admitted that his house had a tinned roof and one floor, whereas Umrudhin's house had two floors and was higher than his house. The witness has admitted that if someone comes out of his house, he can see his back and his head. The witness has denied that the safe from his house cannot be taken out unless there are three to four people and has voluntarily stated that two people can easily take out safe from his house. The witness has admitted that for two persons to take out the safe from his house, both would have to stay in front and behind the safe. The witness has denied that they would have to take out the safe by lifting such safe on their heads or their shoulders and

has voluntarily stated that they can be lifted with the hands and taken out. The witness has stated that it took them about fifteen minutes to take out all the five safes. The witness has voluntarily stated that they were twelve to fifteen people, and hence, it would take them only this much time.

130.25 The witness has stated that there were around 200 to 250 people including children and women on the terrace at that time.

130.26 The witness has stated that he reached home at around 9:30 and upon reaching home, he immediately came to know that there were riots, and thereafter, he came out of his house. The witness has admitted that when he came out of his house, the other people of his chawl had also come out. The witness has admitted that Abid had not come out with him and has voluntarily stated that he lives on the outer side. The witness has stated that after coming out on the road, he had stayed there for about five to seven minutes. He was standing near the S.T. Workshop compound wall, however, no one had assaulted him nor had any one pelted stones at him. Upon Abid being injured by a bullet, they had fled from there. When Abid was injured by a bullet, he (the witness) was standing near the S.T. Workshop wall. At that time, nobody had helped Abid. The witness has voluntarily stated that in the stampede, everyone was trying to protect his own life. Hence, there was no question of going to help Abid.

130.27 The witness has stated that while he was running towards his house, a little before Hussainnagar-ni-Chali, he had fallen down. Many other people were running with him. It must

be around fifty to a hundred people. He alone had fallen down and at that time, there was a mob of fifteen to twenty thousand people behind him. The witness has stated that when he fell down, it was the Muslims who had passed over his leg.

130.28 The witness has admitted he and others had got frightened because of the police firing at that time and that the mob was not behind them. After he fell down also, he had heard gun shots. The witness has voluntarily stated that he had also heard the sounds of teargas.

130.29 The witness has admitted that five to seven minutes after he fell down, the people had taken him to the terrace. The witness has stated that after he went on the terrace, he got down only after the police had come. The witness has admitted that he could not bear the pain on account of the fracture and has admitted that he was lying on the terrace near the wall and that no medicines were given to him at that time.

130.30 The witness has denied that at the instance of the people of his community he was falsely giving the names of the accused. The witness has admitted that in respect of the fracture injury sustained by him, he has not produced any medical certificate before the SIT. The witness has denied that he has not presented such a certificate because he had not sustained any fracture. The witness has stated that he was tied a bandage because of the fracture, which was kept for three months. The witness has admitted that for three months he could not do any work.

130.30 To prove the omissions and contradictions in the testimony of the witness as to the statements recorded by the assignee officer/Investigating Officer, the defence has cross-examined the concerned assignee officer/Investigating Officer who had recorded such statements.

130.31 PW-301 Devendragiri Himmatgiri Goswami, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 12.5.2002. Certain extracts of paragraph 4 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that the witness has not stated these facts in the statement recorded by him. From the extracts put to the assignee officer, only a part which relates to his having seen people wearing khakhi shorts and white undershirts on the road near Natraj Hotel doing something like aarti, who also had weapons with them, can be said to be a material omission, however, the remaining part of the contents of paragraph 4 which are put to the witness cannot be said to be so material as to amount to a contradiction and as such, only a specific contradiction should have been put to the witness and not a general omission, as has been done in this case.

130.32 Certain extracts of paragraph 5 of the examination-in-chief of the witness are read over to the assignee officer who has admitted that the extracts of paragraph 5 have not been stated by the witness in the statement recorded by him, but he has denied that all the facts stated in paragraph 6 of his examination-in-chief have not been stated in the statement recorded by him. He had stated that the witness had stated

before him that he was lifted on Umruddin's terrace, other than that, nothing has been stated by him. It may be stated that what is stated in paragraph-6 of the examination-in-chief of the witness is that thereafter, their Muslim people took him to a building nearby which had three to four floors and made him sit on the terrace at the third floor. In the opinion of this court, therefore, it cannot be said that there is any contradiction in what is stated by the witness in the statement wherein he has clearly stated that he was taken to Umruddin's terrace.

130.33 The contents of paragraph 7 of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness had stated regarding his having witnessed the people from the S.T. Workshop pelting stones and having jumped over the barbed wire and come towards their house and burnt the rickshaws and houses, which the assignee officer has admitted that the witness had not stated before him. The assignee officer has admitted that the witness had stated that the stones were being pelted at their chawls, other than that, the witness had not stated other facts mentioned in paragraph 7 of his deposition.

130.34 The contents of paragraph 8 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that all the facts stated therein have not been stated by him in the statement recorded by him. He, however, has stated that the witness had stated before him that Chhara people had entered his house and had taken away Rs.30,000/- and five safes and that in the mob, he knows Dalpat, Guddu and Sahejad.

130.35 Certain extracts of paragraph 9 of the examination-in-chief of the witness have been read over to the assignee officer, wherein the witness has stated that he was on the terrace till 1 o'clock at night. Thereafter, the police vehicles came and four to five Muslims took him till the police vehicle and seated him there and at that time, the then Police Inspector of Naroda Police Station Shri Mysorewala had said "*How did so many people escape?*". Upon inquiring, he had come to know that the person who spoke this was Shri Mysorewala. The assignee officer has admitted that this witness has not stated such facts in the statement recorded by him, but had stated before him that he had sat on the terrace till 10 o'clock and the police vehicle had come at 10 o'clock and they were taken in the police vehicle to the Shah Alam camp; however, the remaining facts mentioned in the said paragraph have not been stated by him. The assignee officer has admitted that this witness, in the statement recorded by him, has not stated that he knew Dalpat's brother-in-law (sister's husband) Pravin and that he was his close friend, and hence, he was well acquainted with Pravin.

130.36 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has, in his cross-examination, admitted that he has recorded the statement of this witness on 31.5.2008. The attention of the Investigating Officer is drawn to the words "at around 2 o'clock in the afternoon" in paragraph 8 of the examination-in-chief of the witness. The Investigating Officer has admitted that the witness has not stated the time in his statement. In the statement, the witness has stated that it was around 9:00 to 9:15 in the morning, after which, he came out

of his house and thereafter the witness has narrated the incident sequence wise and has stated that at around 1 o'clock at night, they were taken to the camp in police vehicles. That is, in the statements, the sequence of events is from 9:30 in the morning to 1 o'clock at night. The rest of the contents of paragraph 8 are there in his statement. The Investigating Officer has admitted that the witness had not stated before him that apart from Dalpat, Guddu and Sahejad, other people had also come to his house, but he has clarified that he has clearly named the three accused.

130.37 SUBMISSIONS: The learned counsel for the appellants-accused invited the attention of the court to the omissions and contradictions in the testimony of the witness, to submit that almost all the facts stated by the witness before the court have not been stated by him in his only statement dated 12.5.2002 recorded by the assignee officer PW-301 Shri Devendragiri Himmatgiri Goswami. Reference was made to the contents of paragraph 7 of the examination-in-chief of the witness to submit that before the Investigating Officer, the witness has stated that he was at Umrudin's house. It was submitted that all the facts stated by the witness in paragraph 7 have not been stated before the police and even otherwise, such facts are not possible and it is also not the case put forth by the prosecution.

130.38 Referring to the contents of paragraph 8 of his examination-in-chief, it was pointed out that the entire paragraph including the name of the accused and the fact regarding the witness having seen them committing the offence, are not stated in his statement dated 12.5.2002 and

such omission is proved through the testimony of PW-301 Shri Devendragiri Himmatgiri Goswami.

130.39 It was submitted that the omission in paragraph 9 of his examination-in-chief has also been proved through the testimony of PW-301. It was submitted that from the evidence which has come on record, there is nothing to indicate that the witness has sustained any fracture. It was submitted that if the witness had not sustained any injury, there was no reason for him to be lifted and consequently, no reason for him to have seen the incident of three persons looting from the terrace. It was submitted that this witness has stated so many facts like coming back from the Sardarji's house, seeing the mobs doing *aarti*, he having fallen down and sustained fracture, he being put in a three to four storeyed building, the people from the S.T. Workshop pelting stones, some people from the S.T. Workshop removing the fence and jumping over the walls and coming towards their house, setting on fire rickshaws and houses, and the fact regarding Mysorewala uttering as to how so many people have escaped; these six important facts have not been stated by any witness, nor is such a case put forward by the prosecution. It was submitted that the safes which the witness alleges to have been taken away by the accused are heavy and cannot be lifted by one person. It was submitted that even after arresting the accused, no such articles have been discovered or recovered from accused No.26. It was pointed out that in the cross-examination of the witness, the motive for falsely implicating Sahejad Chhara has been brought out.

130.40 It was submitted that except for committing loot,

there are no allegations made or any overt act attributed to the accused. It was urged that having regard to the overall facts and the evidence of this witness, it is really doubtful as to whether (1) he has seen any such incident, and (2) these three persons could have taken away five big safes, particularly when they are not found, recovered or discovered.

130.41 The attention of the court was invited to the contents of paragraphs 52 and 63 of the cross-examination of the witness, to submit that even if there was a hole in the roof, he could not have identified the persons who were inside. It was submitted that no other witness has stated about having seen anyone taking away safes. It was submitted that there were witnesses who were on the ground floor of Mansuri's house, but no one has said that they saw anyone taking away safes from the house of this witness. It was submitted that in view of the discrepancies in the police statement and the deposition of the witness, he is not a reliable witness and no part of his evidence can be relied upon.

130.42 Mr. Prashant Desai, learned Special Public Prosecutor submitted that this witness is a witness as regards two incidents, viz., the morning and noon incident, and is consistent in his version and there is no contradiction as regards the identity of the accused. Therefore, this witness is believable and credible. It was submitted that there is a charge of looting against some of the accused and through the testimony of this witness, the charge is proved beyond reasonable doubt.

130.43 ANALYSIS: This witness, in his examination-in-chief,

has named three accused, namely, Dalpat, Guddu Chhara and Sahejad as having come to his house and looted Rs.40,000/- in cash as well as having taken away the safes from his house. The witness has also stated that since the three accused reside in their area, he knows them. Various contradictions and omissions have been brought out in the testimony of this witness. However, since the contradictions have not been clearly spelt out, it was difficult to understand the exact nature of the contradictions. In these circumstances, the court was required to look into the original police statement dated 12.5.2002 recorded by the police to ascertain the exact nature of the contradictions. Considering the testimony of the witness, other than the part which has been contradicted, it emerges that the witness had returned from Kubernagar at 9:30 in the morning and upon returning home, there was stone pelting at his chawl. On account of seeing the mob, he was frightened and fell down. Upon his falling down, the people nearby lifted him and took him to the house nearby. From the terrace, the witness has seen the mob including Dalpat, Guddu Chhara and Sahejad entering his house and taking away Rs.40,000/- as well as the safes from his house. Thus, so far as naming the accused in the offence in question is concerned, the witness has been consistent right from the beginning and has also clearly attributed a specific role to them regarding looting his house.

130.44 Out of the three accused, Dalpat and Guddu Chhara have passed away. The witness has identified accused No.26 Sahejad in the dock. The acquaintance with accused No.26 has been clearly brought out in the cross-examination of the witness wherein he has stated that he had an occasion to see

him daily as he was residing nearby. In the cross-examination, it has also been brought out that he had some monetary transactions with the said accused. Insofar as acquaintance with Guddu and Dalpat is concerned, the same is not relevant as both of them are dead.

130.45 In the cross-examination, it has been brought out that the house where he was taken is the house of Umruddin, which is next to his house and that there is a common wall. That the terrace had a parapet and Umruddin's house was a two storeyed house, which was higher than his house from where he had seen the accused looting his house. On behalf of the appellants, it has been submitted that there is nothing to indicate that the witness had sustained any fracture as deposed by him, and hence, there was no reason for him to be lifted, and consequently, from the terrace, he could not have seen the incident of the three persons looting.

130.46 In this regard, it may be noted that what is stated by the witness in his deposition appears to be merely an elaboration of his police statement, wherein he has stated that he had fallen down and was lifted and taken to Umruddin's house. Therefore, there is no reason to disbelieve the testimony of the witness insofar as he having stated that he had fallen down and sustained injury and was lifted and taken to Umruddin's house.

130.47 Insofar as the contention that the safes stated to be looted from the house of the witness are heavy and cannot be lifted by one person and that there is no discovery or recovery of such articles from the accused is concerned, it may be noted

that the entire investigation in this case suffers from gross negligence and no steps have been taken by the concerned Investigating Officers to bring on record any material to corroborate the evidence of the witnesses. Nonetheless, merely because the police has not recovered any such articles from the accused, is no reason to disbelieve the testimony of this witness, who is consistent in his version right from the inception. Therefore, to the extent of the evidence discussed hereinabove, the version given by the witness deserves to be accepted. The witness comes across as a credible witness and despite a lengthy and searching cross-examination; the defence has failed to dent his credibility.

130.48 Through the testimony of this witness, the prosecution has proved that three of the accused, namely, Dalpat (deceased), Guddu Chhara (deceased) and Sahejad (A-26) came to his house and looted Rs.40,000/- in cash as well as took away the safes from his house.

131. **PW-140-Shakurbhai Tajubhai Shaikh**, aged 62 years, has been examined at Exhibit-948. This witness has deposed that in the year 2002, he was residing at *Lane No.4, Jawannagar, Near S.T. Workshop, Naroda Patiya*. His native is Village Sojat, Marvad Junction, Rajasthan.

131.1 In the year 2002 also, he used to drive a rickshaw and was residing with his family at Jawannagar. At the relevant time, his family was comprised of his wife Barkatbibi, daughters Shahjahanbibi, Reshma, Bilkish and sons Firoz, Safar, Safar's wife Mumtaz, his daughter Shahjahan's children

– Wahid, Harun and Kajal, etc. were residing with him. Thus, in the year 2002, there were in all fourteen members in his family. Both his sons were also used to ply rickshaws.

131.2 The witness has deposed that the incident took place on 28.2.2002, on which day there was a call for bandh and he was at home. He had gone to the Noorani Masjid to offer namaz at 6 o'clock in the morning. He came out of the masjid at 7:30. When he went home from the masjid, his wife told him to bring paan for her. So, he left his home to get paan from the paan cabin near the Noorani Masjid, where he purchased paan worth five rupees. At that time, it was around 9:00 to 9:30.

131.3 When he went to get paan, he had seen a mob coming from the side of Krushnanagar. At that time, he was near the S.T. Workshop. He had also seen a mob near Natraj Hotel on Naroda road. There was also a tanker. Somebody had taken the tanker and attacked the masjid and the tanker was rammed into the masjid. Other people in the mob had come near the masjid and had created a commotion and they were breaking the masjid with hammers. The people in the mob were shouting, "*Maromaro...*" Seeing all this, out of fear, he went home.

131.4 He went home and told his family members that there were disturbances outside, and hence, they should go towards the S.R.P. He sent his wife Barkatbibi, Shahjahan, Bilkisbanu, Reshma, Harun, Wahid and Kajal to the S.R.P. Quarters and he, his son Safar and his wife Mumtaj and son Firoz stayed at home.

131.5 While he was at home, at around 1:30, they could hear many sounds and there was a stampede, and hence, he came out of his house and through Gangotri Society, he went to the fields. It must have been around 2 o'clock in the afternoon at that time.

131.6 The witness has further deposed that from the fields, he had gone towards the S.R.P. Quarters, where there is a wire fencing. His family members, who were sitting inside the S.R.P. Quarters, had advised him not to come inside as the policemen would shoot him, and hence, he had not gone inside. Out of the fear, he was roaming around and hiding. In this manner, he reached Abeda's house, which had a terrace and cement windows. At that time, it was around 5 o'clock in the evening. At that time, he saw that Ayub had jumped from the terrace and upon his jumping, **Guddu Chhara** had struck him with a dharia, other persons had also hit Ayub with rods. Kerosene and petrol were sprinkled on Ayub and he was put in a rickshaw belonging to him (the witness), which was lying near the S.R.P. Quarters and set ablaze. The number of his rickshaw was 4487.

131.7 He was lying down on the terrace and he could see the events taking place; however, his position was such that while he could see from the terrace, nobody could see him. At that time, tear gas was being released. When he reached the fields through Gangotri Society, there were other Muslim women and men with him.

131.8 In the field, he saw that there was a mob coming

from the direction of Parshwanath and another mob was also coming from Naroda Gam. At that time, he went through the wire fencing into the S.R.P. Quarters, where he met his family members.

131.9 The witness has deposed that when he went inside the S.R.P. Quarters in this manner, he had seen that his daughter Kashmira had also sustained injuries caused by tear gas and she had sustained injuries on her chest. He had learnt that his son Safar was also beaten up and kerosene was sprinkled on him and he had sustained injuries on his body, still he could escape. Thereafter, he had remained at the S.R.P. Quarters only.

131.10 Subsequently, at 2:30 at night, a police vehicle had come. While the vehicle was taking them towards Krushnanagar, he had seen that there was a mob of around ten to fifteen thousand people. The people in the mob were saying "*stop the vehicle*"; however, the driver did not stop the vehicle. But, when the driver took a big turn and took the vehicle back, the people in the mob had pelted stones at the vehicle. The vehicle was brought back to the S.R.P. Quarters.

131.11 Thereafter, in the morning, five to six police vehicles came to the S.R.P. Quarters and they were taken to the Shah Alam camp. His son Safar and daughter Kashmira had availed of treatment at the camp. His house was looted and burnt and all the household articles were set on fire and were looted. In this incident, in all three rickshaws, namely his rickshaw, as well as two rickshaws belonging to his son, were set on fire. The police had recorded his statement in

connection with the incident at the camp as well as at the Gaekwad Haveli. Prior thereto, a survey of his house was carried out. His statement in connection with the incident was also recorded at Gandhinagar. The witness has stated that he knows Guddu Chhara, who had killed Ayub and that at present he is dead.

131.12 CROSS EXAMINATION: In his cross-examination, this witness has admitted that his first statement was recorded by the DCB Crime and thereafter, the SIT had recorded his statement at Gandhinagar. The witness has admitted that in between, a panchnama of his house had been drawn. The witness has admitted that in the presence of panchas, he had stated the facts regarding his rickshaw, the loot committed at his house as well as burning, to the police. The witness has admitted that he had stated the fact regarding Ayub Allabax being burnt in his rickshaw No.4487 to the police. The witness has admitted that in the panchnama of his house, he has stated the fact regarding the loot and he had also shown the rickshaw in which Ayub was burnt to the police. The witness has admitted that the police had collected samples from his rickshaw in which Ayub's incident had taken place. The witness has admitted that Ayub's burnt corpse was found from his rickshaw. The panchnama is produced with a purshis Exhibit-949. The witness has admitted that during the entire period for which the panchnama of his house was drawn, he was present at home and whatever was stated by him in the presence of panchas, the police had written down. At this stage, a panchnama dated 8.5.2002 is shown to the witness which is given Exhibit No.950. In the panchnama, there are details regarding auto-rickshaw GRS-8 and auto-rickshaw

No.4487. The contents of the panchnama are read over to the witness, who has admitted the same except to the extent that there is reference to Lane No.13 Jawannagar, whereas actually it is Lane No.4.

131.13 Another panchnama is produced with a purshis Exhibit-951. The panchama is read over to the witness who has admitted that this is a panchnama of his rickshaw No.440 at Gaekawad Haveli. The contents of the panchnama are read over to the witness, who has admitted the same and it is given Exhibit No.952. The witness has denied that towards the south of Jawannagar Lane No.4, towards Narol, after leaving a space of 4 to 5 feet from Jawannagar, there is a barbed wire fence of the S.R.P. Quarters. The witness has admitted that there was a constructed compound wall of the S.R.P. Quarters and that towards the direction of the field, there was barbed wire fencing instead of a compound wall.

131.14 The witness has admitted that on that day, at about 6:15, he along with other Muslims had gone to the S.R.P. Quarters. The witness has admitted that some of his family members had gone to the S.R.P. Quarters before him. The witness has admitted that no one had prevented them from going inside the S.R.P. Quarters. The witness has admitted that at around 6:15 in the evening, after he had gone to the S.R.P. Quarters, he had not come out. The witness has admitted that from the S.R.P. Quarters he had not gone to any chawl or lane and that he had gone to the camp.

131.15 The witness is shown a document Mark-644/5, which is an application and he has identified his signature at

the end of such document. The contents of the application are read over to the witness, who has stated that the application was written by a person named Master but it was not Nazir Master. The contents of the application Mark 644/5 are read over to the witness, who has admitted the same and it is exhibited as Exhibit No.953.

131.16 The witness has admitted that he had not stated any fact to the master to the effect that Shri Chudasama, Shri Mysorewala or any accused had threatened him or were obstructing him.

131.17 The witness has denied that when Allabax's son Ayub was burnt in his rickshaw, it was night time and he had not seen the persons who had set him ablaze. The witness is confronted with his statement dated 8.5.2002 recorded by the police wherein he had stated that in that rickshaw, Allabax's son Ayub, who was residing in their chawl, was set ablaze. He could not see the faces of the persons who set the boy ablaze because it was evening time.

131.18 The contents of paragraph 5 of his examination-in-chief from the second line to the last line as well as the contents of paragraph 6 of his examination-in-chief except the last line are read over to the witness to the effect that he has not stated such facts in his statement dated 8.5.2002. The contents of paragraph 8 of his examination-in-chief as well as the contents of the last four and a half lines of paragraph 9 of his examination-in-chief are read over to the witness to the effect that he has not stated such facts in his statement dated 8.5.2002. The contents of paragraphs 10, 12 and 13 of his

examination-in-chief are read over to the witness to the effect that he has not stated such facts in his statement dated 8.5.2002.

131.19 The contents of last two lines of paragraph 14 of his examination-in-chief are read over to the witness wherein the witness has stated that his son Safar and daughter Kashmira were provided treatment at the camp, to the effect that he has not stated such fact in his statement dated 8.5.2002. In the opinion of this court, whether the witness's children have been provided treatment at the camp can hardly be said to be a fact which has any direct relation with the incident, and hence, non-mentioning of such facts in the statement can hardly be said to be an omission, much less, an omission amounting to contradiction.

131.20 The witness has denied that his son Safar and daughter Kashmira had not sustained injury. The witness is confronted with his statement dated 8.5.2002 recorded by the police, wherein he is alleged to have stated that at 7 o'clock in the evening when they came out of Gopinath Society, his son Safar and wife got separated, whom he met at night at the relief camp. In the riots, none of them were injured and no person from his family was injured or missing. All the members of his family were safe and sound at the relief camp.

131.21 The witness has denied that the facts stated by him regarding Ayub are totally false, that he has not seen any such fact and he was stating such facts at the instance of the people of his community.

131.22 In paragraph 49 of his cross-examination, the witness is confronted with certain parts of his statement dated 28.5.2008 recorded by the police to the effect that certain facts stated by him in paragraphs 6, 9, and 10 of his examination-in-chief have not been stated in such statement.

131.23 The witness has denied that at around 10:00 to 10:15 in the morning he had sent his wife and children to the S.R.P. Quarters and has voluntarily stated that he had sent them at 7:30 to 8:00 in the morning. In his cross-examination, it has come out that he had no occasion of talking to Guddu. The witness has voluntarily stated that he was residing in the neighbourhood. He had no monetary relations with Guddu and had never visited Guddu's house. The witness has stated that on one occasion Guddu had come to his house for five to seven minutes.

131.24 The witness has denied that when he came out of his house and went to the S.R.P. Quarters, in the meanwhile, he had not gone to Gangotri Society. The witness has voluntarily stated that one can go there through Gangotri Society. The witness has denied that at that time, he had not stayed at Gangotri Society. The witness has admitted that Abeda and Abdulmajid's houses are in his lane. The witness has stated that he has not seen any incident except the incidents in his lane.

131.25 The witness has denied that he is falsely deposing before the court and that he has not seen any incident and that he has not seen any of the accused in the incident and no damage has been caused to his house and that to falsely avail

of compensation, he was falsely deposing before the court and has got false panchnamas prepared and that no incident of Ayub in a rickshaw had taken place.

131.26 PW-278 Shri R.B. Joshi, the assignee officer in his cross-examination has admitted that this witness in his statement recorded by him had stated that in the said rickshaw, Ayub son of Allabax, who was residing in their chawl was burnt the persons, who burnt the boy, since it was evening time, he could not see anybody's face.

131.27 The contents of the second line till the last line of paragraph 5 of the examination-in-chief of this witness are shown to the assignee officer, wherein the witness has stated that in the morning at 6 o'clock, he had gone to offer namaz at the Noorani Masjid. He had come out of the masjid at around 7:30. From the masjid, he had come home where his wife had told him to bring some paan. He went from his house to get paan to the paan galla near the Noorani Masjid. From there, he had purchased plain paans for five rupees at that time it was 9:00 to 9:30. The contents of paragraph 6 except for the last line are read over to the assignee officer wherein the witness has stated that when he went to take paan he had seen that a mob had come from Krushnanagar. At that time, he was near the S.T. Workshop. At Natraj Hotel, on Naroda road also he had seen a mob. A tanker was also there. Somebody took the tanker and attacked the masjid and dashed the tanker against the masjid. The other people in the mob came near the masjid and there was commotion. They were breaking the masjid with hammers. There the people were shouting "kill" "cut". The assignee officer has stated that the witness has not stated

these facts in the statement recorded by him.

131.28 In this regard, it may be noted that insofar as the contents of paragraph 5 of the examination-in-chief of the witness are concerned, the same can hardly be said to be material omissions so as to amount to contradictions and can be said to be an elaboration of facts, and hence, such questions ought not to have been permitted to be put either to the witness or to the assignee officer.

131.29 The contents of paragraph 8 and paragraph 9 except for the last four lines of paragraph 9, are read over to the assignee officer, who has admitted that this witness has not stated such facts in the statement recorded by him. He has admitted that this witness in his statement recorded by him has not stated that he had seen Ayub's rickshaw incident from Abeda's terrace. The assignee officer has admitted that he has not ascertained as to whether such incident could be seen from Abeda's terrace and has voluntarily stated that the Investigating Officer had not given him any such instructions and, therefore, he had not done it.

131.30 The contents of paragraph 10 of the examination-in-chief of this witness are read over to the assignee officer, wherein the witness has stated that he could see the incidents that were taking place while lying down on the terrace; however, his position was such that he could see from the terrace but nobody could see him. At that time, teargas was being released. At that time, he had reached a field from Gangotri Society and there were other Muslim women and men with him. The assignee officer has admitted that the witness

has not stated such facts before him. He has also admitted that in this case, he has not carried out any site inspection because he did not have any such instructions.

131.31 The contents of paragraphs 12 and 13 of the examination-in-chief of this witness are read over to the assignee officer, who has denied that all the facts stated therein have not been stated by the witness in the statement recorded by him. The assignee officer has stated that the witness has stated that at around 7 o'clock in the evening, he was going to the S.R.P. Quarters where he found his wife, daughter, etc. and he had stayed with them till late at night. Then they were taken with a police escort to the Shah Alam relief camp. The other facts have not been stated by him.

131.32 The last two lines of paragraph 14 of the examination-in-chief of the witness are read over to the assignee officer, wherein he has stated that his son Safar and daughter Kashmira had taken treatment at the camp. The assignee officer has admitted that such facts have not been stated by the witness in the statement recorded by him. In the opinion of this court, the fact regarding his son and daughter having taken treatment at the camp, cannot be said to be a relevant fact insofar as the commission of the offence is concerned, and hence, omission of such fact in his statement before the police cannot be said to be a material omission so as to amount to a contradiction.

131.33 The assignee officer has admitted that this witness in the statement recorded by him has stated that when at 7 o'clock they came out of Gangotri Society, his son Safar and

his wife got separated and they had met him on that night in the relief camp. In the riots, they had not sustained any injury and there was no death in his family and no one was missing. All the members of his family are safe and sound in the relief camp. In the opinion of this court, the aforesaid part of the statement of this witness could not have been put either to the witness or to the assignee officer inasmuch as the same has not been put to contradict any part of the examination-in-chief of the witness, and, therefore, to that extent, the same is inadmissible in evidence.

131.34 The assignee officer has admitted that this witness has not stated before him that, in all, three of his rickshaws have been burnt. He has stated that the witness had mentioned regarding two of his rickshaws being burnt. The assignee officer has denied that there is no mention of any living person having been burnt in either of the two rickshaws.

131.35 The assignee officer has admitted that this witness in his statement has stated that he had sent his wife Barkatbibi and his daughter Shahjahanbibi, Bilkis and Reshma and Shahjahan's children to the S.R.P. Quarters, which is situated near their chawl, at around 10:00 to 10:15 in the morning. The assignee officer has admitted that this witness has not stated that he had sent his family members at around 7:30 to 8:00 in the morning.

131.36 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT) has, in his cross-examination, admitted that he has recorded the statement of this witness on 28.5.2008. Certain extracts of paragraph 6 of the examination-in-chief of

the witness are read over to the Investigating Officer, wherein he has stated that they were breaking the masjid with hammers; there, the people in the mob were shouting, "kill" "kill"; extracts of paragraph 9 of the examination-in-chief are read over, wherein the witness has stated that there were cement windows and an extract of paragraph 10 wherein the witness has stated that he could see the events taking place while lying down on the terrace but his position was such that he could see from the terrace, but nobody could see him; at that time, teargas was being released. The Investigating Officer has admitted that this witness has not stated the above facts stated by him in paragraphs 6, 9 and 10 of his examination-in-chief in the statement recorded by him. However, the witness has stated that he was on the terrace and from there he had seen the incident.

131.37 SUBMISSIONS: The learned counsel for the appellants invited attention to the omissions and contradictions in the testimony of the witness as to his police statement as well as the statement recorded by the SIT. It was submitted that this witness has named only Guddu Chhara and no other accused. Reference was made to the panchnama Exhibit-950 to submit that the same shows the rickshaw to be in a totally burnt condition and that nothing was recovered to show that anyone was burnt in the rickshaw. It was submitted that this witness has gone to S.R.P. Quarters at 6 o'clock in the evening and hence, he must have seen the mob from the canal. It was submitted that this witness does not implicate any accused except Guddu. As regards Ayub who jumped from the terrace, it was submitted that the time given by the witness is contradictory to the time given by the other

witnesses and that burning of Ayub in a rickshaw has not been proved by the panchnama Exhibit-950. It was submitted that the story of this witness about the whole day does not inspire confidence due to conflicting versions.

131.38 ANALYSIS: From the testimony of this witness, it emerges that he went near the Noorani Masjid in the morning and saw the mobs damaging the Noorani Masjid. He, therefore, told his family members to go to the S.R.P. Quarters while he stayed at home with his son Safar and his wife and son. Subsequently, upon the mobs entering the chawl, the witness went to Abeda's house in Lane No.4 of Jawannagar which had a concrete terrace. He reached there at about 5 to 6 o'clock. The witness claims to have seen Ayub jump from the terrace and Guddu attacking him with a sword while others assaulted him with swords. According to this witness, petrol and kerosene was sprinkled on Ayub and he was put in the witness's rickshaw bearing No.4487, which was lying near the S.R.P. Quarters and was set ablaze. The witness has further stated that when he saw the mobs coming, he went to the S.R.P. Quarters through the wire fencing. From the cross-examination of this witness, it has come out that the witness's family was able to go inside the S.R.P. Quarters in the morning and he too managed to enter the S.R.P. Quarters in the evening without anyone stopping him.

131.39 This witness has only implicated Guddu Chhara (deceased) in the incident of Ayub. Since Guddu Chhara is dead, the testimony of this witness does not in any manner further the prosecution case. Though the witness is consistent

with regard to the presence of Guddu in the mob in the evening, however, Guddu has passed away. Nothing much, therefore, turns upon the testimony of this witness except to the extent that he claims to have seen the incident of Ayub, which will be considered while considering the testimonies of other witnesses who have narrated the incident in which Ayub is stated to have been killed.

132. **PW-143 Dildar Umrao Saiyed**, aged 55 years, has been examined at Exhibit-975. The witness has deposed that in the year 2002, he was residing at *Naroda Patiya* and that since thirty five to thirty six years prior thereto, he was residing in the same area. In the year 2002, his family, including him, was comprised of fourteen members.

132.1 On 27.2.2002, Kar Sevaks were burnt in a train at Godhra in the context of which, on 28.2.2002, the Bajrang Dal and the Vishwa Hindu Parishad had give a call for bandh. In view of the bandh, on 28.2.2002, they had woken up in the morning at around 8:30 and at around 9:00, he and his sons Anwar and Akbar decided to change the tyre of his Eicher vehicle. He has forgotten the registration number of his Eicher vehicle. At that time, all three of them were changing the tyre of his Eicher vehicle in the Panchvati Estate which is situated in Jawannagar Khada. At around 11:30 to 11:45, Muslims were coming, shouting "*Mari nakhya! mari nakhya!*" ("Have been killed"), whereupon he had climbed over the Jawannagar wall and had seen that the Muslims from Hussainnagar were running towards Jawannagar. At that time, he could see the flames and smoke in Hussainnagar. Thereafter, he came near

his Eicher vehicle and stood there. It must have been around 11:45 then.

132.2 The witness has further deposed that he was standing near his vehicle when he saw Police Inspector Shri Mysorewala coming from the Uday Gas Agency road in his jeep. He stopped his vehicle near Panchvati Estate and together with him, four to five policemen alighted from the jeep. Ten minutes thereafter, a white coloured Maruti car arrived. This car came and stopped next to the jeep. **Mayaben Kodnani (A-37)**, who is their MLA, got down from the Maruti. She was wearing a white coloured saree and had tied a saffron band around her head. Thereafter, from the Maruti, **Bipin Panchal (A-44)**, **Murli Sindhi (A-2)** and **Guddu Chharo** (deceased) also alighted. A mob comprising of around twenty thousand people was coming behind the Maruti. The door of the car was opened and the swords were taken out and distributed. At this time, **Bipin Panchal** saw him and had chased him and told him to go away from there, or else he would hack him down; whereupon, he ran and went into the house of a Maratha. In this house of the Maratha, an old man and woman were present. The people in the mob tried to start his vehicle; however, they could not start it. Thereafter, they pushed the vehicle and broke the Jawannagar wall, whereafter they burnt the vehicle. He saw all this from the house of Maratha. Thereafter, taking shelter against the S.R.P. compound wall, he jumped over the wall and went home. Upon going near his house and looking, sounds of gas cylinders bursting could be heard. The houses of Muslims had been burnt. It must have been around 2 o'clock in the afternoon at that time.

132.3 Thereafter, he took his family members and went to the S.R.P. compound wall, where there were around four hundred to five hundred other people. There, they had requested the S.R.P. Commando Dantaniya to let them go inside, whereupon, he told them "Today, you are to die and no one is to go inside!" At that time, there were already about two hundred to three hundred people inside the S.R.P. wall, who belonged to their Muslim community. As Dantaniya had told them to sit near the wall, they sat down near the wall. It must have been around 2:30 to 3:00 in the afternoon. They must have sat there for around two and a half to three hours.

132.4 The witness has further deposed that at around 5:30 to 6:00 in the evening, they were near the S.R.P. compound wall, when three mobs came from the fields and Gangotri, wherein he had seen **Guddu Chharo, Murli Sindhi and Govind, that is, Govind's son Tiniyo**. Guddu, Murli and Tiniya had swords and the people in the mob had weapons like trishuls, sticks, dharias and pipes.

132.5 The mob was at a distance of about twenty to twenty five feet from him. At this time, the S.R.P. men released tear gas where they were sitting. They had picked up that tear gas shell and thrown it back at them. Due to the tear gas, the people ran hither thither and they made some of the people climb on Gauri's terrace which is situated in Jawannagar near Gangotri Society.

132.6 While trying to flee, somebody struck him on his right leg with a sword, due to which, his leg was bruised. At

that time, he went and sat on a nearby staircase. In this incident, out of fear, Ayub had jumped from the terrace and both his legs were fractured. Dantaniya, Bipin, Murli and Guddu lifted Ayub and put him in a rickshaw lying there and from a kerosene can which Tiniya had brought, they poured kerosene on the rickshaw and set it ablaze along with Ayub. During this incident, he was near the staircase.

132.7 He had seen this incident himself. The incident had taken place at around 6:15 to 6:30. He was sitting on the steps of the staircase at that time. Thereafter, Dantaniya came and hit him with the butt of the revolver, on the same spot on his leg where he had earlier sustained a fracture.

132.8 At around 6:45 to 7:00 in the evening, he climbed on the terrace, where he remained till 12 o'clock at night. At 12 o'clock, the police vehicles came and took them to the Shah Alam camp.

132.9 He took treatment for the injuries sustained by him at the Shah Alam camp. He was not seriously injured.

132.10 In the incident, his vehicle, rickshaw, bike and house were burnt. He also sustained loss and damage of his goats, ornaments and household goods, etc.

132.11 Over and above the injuries sustained by him, his son Akbar was also injured on the hand.

132.12 The police had come to the camp and recorded his statement on 4.5.2002. Thereafter, a panchnama of his house

was drawn, in respect of which, his statement had been recorded. The SIT had also recorded his statement on several occasions.

132.13 At the time of the incident, Guddu was residing in the last house in his line. Guddu has passed away, but he knew him.

132.14 Since Bipin Panchal has his Bajaj Showroom opposite his premises, he also knows him. He also knows Murli Sindhi, who drives a loading rickshaw on rent and has worked with him on a few occasions. He can also recognise Mayaben as she is the MLA of their area and he has seen her on several occasions. Tiniyo resides in the S.R.P. line and therefore, he knows him also. The witness has stated that he can identify all of them and has correctly identified accused No.44, 37, 2 and 55.

132.15 The witness has further deposed that when he returned from the relief camp, the SIT had recorded his statement and prior thereto, he used to receive threats. Murli Sindhi had threatened him and told him to remove his name, or else, he would not be in a position to stay there. Thereafter, in another incident, Murli Sindhi had come on a bike to the tent chowky along with his driver and had threatened him to remove his and Mayaben's names, or else, he would not be able to stay there. He has stated that he has narrated these facts to his advocate, but he has not lodged any complaint in this regard as no one was recording his complaint.

132.16 CROSS EXAMINATION: In the cross examination of

this witness he has stated that the vehicle described by him was a DCM Eicher. The witness has stated that Dantaniya was an SP in the S.R.P. When he had beaten him, he (Dantaniya) was outside the S.R.P. compound. There were around twenty to twenty five S.R.P. personnel. The witness has admitted that from the place where he was changing the tyre of his vehicle, one cannot see Krushnanagar and has voluntarily stated that one can only see the highway. The witness has stated that at the time when he had changed the tyre it was around 11 o'clock. There is no chawl near Panchvati estate. The Muslims, who were fleeing from Krushnanagar to Jawannagar, were not required to go to the chawls and they had come through the road next to the S.T. The witness has been extensively cross-examined with regard to the topography of the area as well as the residents of the chawls.

132.17 The witness has admitted that when Dantaniya told him to sit near the compound wall, no mob had arrived till then. The witness has stated that when teargas shells were released, their eyes were burning. He has voluntarily stated when he picked up the shell and threw it, his hands were burnt. The teargas shell had been thrown at them, which he had lifted and thrown back at them. The witness has stated that his family was with him at that time. When the teargas was released, the Hindu mob was present. The witness has stated that when he sat on the staircase, he had made all his family members climb on the terrace. At that time Hindu mob was on all the three sides.

132.18 The witness has denied that though he was at a distance of twenty to twenty five feet, the people in the mob

had not assaulted him or set him ablaze, and has voluntarily stated that this was because he kept on running around. The witness has stated that he was sitting on the staircase for hardly five to seven minutes and at that time no one in the mob had attempted to assault him. The witness has voluntarily stated that at that time a rickshaw was burning and hence the mob had not come very near.

132.19 The witness has admitted that his first statement was recorded on 5.4.2002. He has stated that he knew Tiniya since about five to seven years prior to the incident. He knew him, because his father used to come to his scrap shop to sell scrap. The witness has denied that in his statement dated 4.5.2002 he has not named Tiniya that in his statement dated 9.5.2002 also he has not named Tiniya. The witness has stated that in his statement dated 3.6.2008 he has given the name of Govindbhai by mistake and that he was in fact, giving Tiniya's name.

132.20 The witness is thereafter cross-examined with regard to his acquaintance with the Jan Sangharsh Manch and its office bearers, including Shri Mukul Sinha and others.

132.21 The witness has admitted that he had gone for drawing the panchnama of his house on 8.5.2002. At the time of drawing the panchnama, he had not told the person who was drawing the panchnama that his son was injured. The witness has voluntarily stated that he had only stated facts about the loss caused to him.

132.22 In his cross-examination it has been elicited that at

Gangotri Society, the witness was sitting on a terrace. The witness has stated that he is not aware about any huge hall in Gangotri Society or regarding any incident having taken place there. The witness has stated that he does not know whether any incident had taken place in the passage of Gopinathnagar and Gangotri Society.

132.23 In the cross-examination of the witness, it has further been elicited that his goats were stolen in the year 2008. He, however, has denied that at the time when his goats were stolen he had suspected that Dinesh and his father had taken them away and has asserted that that there was no question of suspicion as he had caught them red-handed with two slaughtered goats in their house. The witness has denied that he had a dispute with Dinesh's father on account of the goats and has voluntarily stated that Govind, namely, Tiniya's father had paid him the price of goats. The witness has denied that Govindbhai had given him Rs.4000/- towards the goats, whereas he wanted Rs.7000/- and threatened him that if he does not pay Rs.3000/- he would implicate him in some other case. The witness has denied that two days prior to 3.6.2008 he has called Govind's father and threatened him if he did not give him the money it would not augur well, and that, he had told him that he was going to Gandhinagar and would also implicate him. The witness has denied that since Rs.3000/- was not paid by Tiniya, he had kept a grudge against him and had falsely given his name before the SIT. The witness has thereafter been examined in the context of his statement recorded by the SIT. It may be noted that in general almost every witness has been cross-examined in this regard to bring out the fact that SIT had carried out a video recording at the

time when statement of the witness was read over to them. The witness has further been cross-examined with regard to treatment availed by him for the injury sustained by him.

132.24 The witness has denied that he had not seen a boy named, Ayub falling from terrace with his own eyes. The witness has denied that before SIT he had stated that Muslims from Naroda Patiya were saying that to save himself Ayub had jumped down from the terrace. The witness has admitted that Ayub had sustained a fracture on his leg, when he fell down from the terrace. He has stated that in his statement he had stated that Ayub had sustained fractures on both his legs.

133.25 The witness has admitted that he had not stated any facts about any incident having taken place on the terrace to the SIT authorities. The witness has denied that on the day of the incident he had seen Ayub for the first time at 2 o'clock. The witness has admitted that on the day of the incident he had gone home at 2 o'clock in the afternoon. The witness has stated that he had seen Ayub for the first time between 5:00 to 5:15 on the day of the incident. The witness has stated that he does not know as to who had lifted Ayub and brought him there. The witness has admitted that he had stood near the S.R.P. wall for about two to three hours.

132.26 The witness has denied that the police vehicle came to pick them up from the S.R.P. Quarters and has voluntarily stated that at 12 o'clock at night when they were on the terrace of Gangotri, the vehicle had come. He has further stated that he had gone from the S.R.P. Quarters to the terrace of Gangotri Society at around 6.45 to 7.00 in the evening. The

witness has admitted that till then he was hiding near the S.R.P. compound wall.

132.27 The witness has denied that while they were at Gangotri Society till then, he had not seen any incident that took place at the Jawannagar-ni-Chali. The witness has denied that from the place where he was hiding near S.R.P. Quarters, it is not possible to see the Jawannagar pit and has voluntarily stated that since the wall had fallen down, the pit could be seen.

132.28 The witness has denied that from the spot of the S.R.P. Quarters where he was hiding, he had not witnessed any incident that took place at Jawannagar. The witness has denied that from the S.R.P. Quarters compound wall he cannot see Guddu's or his own house. The witness has denied that if the wall had not been broken, his house could not have been seen. The witness has voluntarily stated that since they were standing near his house, he could obviously see it. The witness has admitted that Guddu's house is in Lane No.2 and his house is also in Lane No.2. Guddu's house is on the opposite side of the lane from his house and there is road between their houses.

132.29 The witness has admitted that at the time when they were standing near the S.R.P. Quarters compound wall there was no mob near his house. The witness has voluntarily stated that there were mobs in Jawannagar, Lanes No.1, 2 and 3. The witness has denied that the mob was comprised of two thousand to three thousand people and has voluntarily stated that the mob was very huge. The witness has admitted that

one mob had come on the side of the S.R.P. compound wall and another mob had come from the direction of Uday Gas Agency from the fields.

132.30 The witness has denied that the mob did not attack them and has voluntarily stated that the mob had attacked the public. He has admitted that the mob, which came from the side of the S.R.P. compound wall, had pelted stones at where they were sitting. The witness has denied that they had fled because of stone pelting and has voluntarily stated that over and above the stone pelting, teargas shells had been lobbed, and hence, they had fled from there. The witness has denied that at the time when the incident of stone pelting and lobbing of teargas shells took place he was on Gauri Apa's terrace and has voluntarily stated that he was sitting on the staircase and had sent his family members to the terrace. The witness has stated that he must have been sitting on the staircase of Gauri Apa's terrace. The witness has admitted that the staircase is situated in Jawannagar, Lane No.4 and that he had reached this staircase at around 6:30. The witness has stated that till then he had not resorted to cross stone pelting. The witness has stated that he had thrown the teargas shell back at the police at around 5.30 to 6.00.

132.31 The witness has thereafter been extensively cross-examined with regard to his acquaintance with advocate Shri S.H. Iyer and regarding the application made by him before the Gujarat High Court for cancellation of the bail granted to Jaideep Patel and Mayaben.

132.32 The witness has denied that in his application

before the High Court he had stated that the Police Inspector Shri Mysorewala was standing near Mayaben; thereafter, Mayaben had immediately left the spot and had gone in her car towards Narodagam. The application made before the Gujarat High Court has been shown to the witness, who has identified his signature in the affidavit. The application has been exhibited as Exhibit 976. The witness has thereafter, been cross examined with regard to the contents of the application made before the High Court, etc.

132.33 The witness has denied that when he was sitting near the S.R.P. Quarters compound wall, mobs had come from all the four sides, and has voluntarily stated that mobs came from three sides. The witness has denied that as soon as the mobs came, the police had lobbed teargas shells at the mob. The witness has voluntarily stated that teargas shells were lobbed at Muslims. The witness has thereafter, been cross-examined with regard to answers given by him to the SIT at the time of recording his statement, which is directly hit by the bar contained in section 162 of the Code of Criminal Procedure and is, therefore, not admissible in evidence. The witness has been further cross-examined with regard to his acquaintance with the officer bearers of the Jan Sangharsh Manch and certain applications made by him through them,

132.34 A first information report dated 28.2.2002 and a panchnama dated 7.7.2002 of his vehicle have been produced by the witness, which are given combined exhibit No.982. The witness has also been cross examined with regard to his connections with the Jan Sangharsh Manch mainly to bring out the fact that the witness was influenced by the office bearers

thereof. It appears that the SIT, while recording the statements of the witness has also interrogated him with regard to the applications made by him through the Jan Sangharsh Manch. Considering the overall nature of statements recorded by the SIT, it appears that irrelevant questions, which have no direct connection with the offence in question have been put to the witness by the SIT and no attempt has been made to bring the correct facts on record. It appears that the witness has made application to the High Court for cancellation of the bail granted to Mayaben and others and made further applications also seeking certain reliefs in connection with this case. The SIT appears to have put questions to him in this regard and all those facts as well as the acquaintance of the witness with the concerned advocates, etc., are sought to be brought on record through the cross-examination of this witness. It appears that in all, eight statements of this witness have been recorded on 8.5.2002, 9.5.2002, 3.6.2008, 14.9.2008, 2.1.2009, 4.10.2009, 5.10.2009 and 30.11.2009. The witness had also made application dated 17.6.2009 to the SIT (Exhibit 981). The witness had also made an application under section 183(8) of the Code being Criminal Misc. Application No.650 of 2010 as well as an application being Criminal Misc. Application No.2015 of 2009 before the Gujarat High Court (Exhibit 976).

132.35 In the cross-examination of this witness, it has been elicited that at 8:00 to 8:30 in the morning, he was at home with his sons Anwar and Akbar. After 8:30, he had gone with them to the Panchvati Khada (pit). The witness has voluntarily stated that they had gone at 9:00 to 9:30. The witness has denied that when he was near his vehicle, at around 9:00 to 9:30, a mob comprised of ten thousand to fifteen thousand

people had come there. The witness has voluntarily stated that there was no mob at that time and that at 9:00 to 9:30 on that day, no commotion was heard nor was there any stampede. The witness has denied that Anwar and Akbar had also seen what he had seen at Panchvati Khada. The witness has voluntarily stated that upon the police vehicle coming near the Panchvati Khada he had sent his sons home at around 11 o'clock, after which, he alone was standing at the Panchvati Khada with his vehicle. The witness has admitted that in his presence, on that day, a mob had come to the Jawannagar Khada. The witness has stated that his vehicle was not parked in the Jawannagar Khada and has denied that any truck or vehicle of his ownership was in the Jawannagar Khada and was attacked there. The witness has denied that his truck or vehicle was standing in the Jawannagar Khada and Jawannagar wall was broken with it. The witness has denied that, in this manner, on that day, Bipin of Bipin Automobile had come with the mob and he had seen him and told him to go away from there. Thus, in his cross-examination the witness has stated facts which are directly contrary to what has been stated by him in paragraph 7 of his examination-in-chief.

132.36 The witness has been confronted with his statement dated 4.5.2002, wherein he had stated that in the meanwhile a huge mob of Hindus from the side of Krushnanagar came towards Jawannagar and entered the field and the mob attacked the truck of his ownership, which was parked in the open field, and with the help of the truck, had broken the Jawannagar wall and upon Jawannagar wall being broken, they started setting the houses in Jawannagar on fire and in this mob, Bipin of Bipin Automobiles was there, who told him to go

away from there. Consequently, he and his family members locked their house and fled towards the S.R.P. Compound wall to save their lives. The witness has further been confronted by the very same statement to the effect that he had stated therein that all the other people there had also started fleeing towards the S.R.P. Compound wall and the Muslim mob stayed there for two to two and a half hours. However, at around 5:30, a huge mob, which was armed with weapons, came on this side from near the S.R.P. Group, which pelted stones and all of them fled from there and climbed on the terrace of a house in Gangotri Society wherein two thousand to two thousand five hundred people must have hidden. At 11.30 to 12.00 at night, the police came with about five or six buses and took the people who were hiding on terrace to save their lives, to the Shah Alam camp. The witness has denied having stated such facts in his above referred statement.

132.37 The witness has been further confronted with the statement recorded by the Crime Branch to the effect that he had stated that moreover his DCM Toyota truck No.5067 of his ownership, worth Rs.90,000/- had been set ablaze by the riotous mob. The witness has voluntarily stated that when he refers to DCM Toyota or truck or Eicher as his vehicle, he refers to one and the same vehicle.

132.38 In his cross-examination, it has further been elicited that he had seen the Muslim mob firstly at around 11:30 in the morning on the day of the incident. He had seen the mob by jumping over the Jawannagar wall. This mob was comprised of Muslims, who were fleeing from Hussainnagar.

132.39 The witness has denied that in his statements dated 4.5.2002 and 9.5.2002, he had not given the names of Murli, Mayaben, Guddu and Tiniyo in the context of the incident.

132.40 The contents of paragraph 6, the first seven lines of paragraph 7 as well as last two words of 8th line of paragraph 7 are read over to the witness, to the effect that he has not stated these facts in his statements dated 4.5.2002 and 9.5.2002, which the witness has denied.

132.41 The trial court has made note below, that in his statement dated 6.5.2002, the witness has mentioned that upon the Jawannagar wall breaking, they had started setting the houses in Jawannagar on fire and Bipin of Bipin Automobiles was present in this mob. In his statement dated 9.5.2002 also the witness had stated that the Hindu mob was comprised of around fifteen thousand to twenty thousand people, of which, Bipin Automobilewala had taken the leadership and he had a hockey stick in his hand.

132.42 It may be noted that this part of his examination-in-chief is sought to be confronted only as to his statement dated 9.5.2002 and not his statement dated 4.5.2002. In the opinion of this court, once the witness has stated something in his first statement dated 4.5.2002, the statement dated 9.5.2002 being only a further statement, the facts stated in statement dated 4.5.2002, are not required to be mentioned therein. Therefore, not mentioning certain facts which have been stated in first statement dated 4.5.2002 in the subsequent statement dated 9.5.2002 cannot be said to be an omission. The trial court, therefore, should have disallowed such

question being put to the witness.

132.43 The contents of the first two lines of paragraph 8 of his examination-in-chief are read over to the witness, wherein he had stated that this vehicle was pushed and the Jawannagar wall was broken, to the effect that he has not stated these facts in his statement dated 9.5.2002. Once again, such omission is only as to the subsequent statement and hence, cannot be said to be an omission.

132.44 The witness has been confronted with the facts stated in the third line to the last line of paragraph 8, the third line to the eighth line of paragraph 9 and the third line to the last line of paragraph 10 of his examination-in-chief, to the effect that he has not stated these facts in his statement dated 4.5.2002 and 9.5.2002.

132.45 [The trial court has made a note below that in his statement dated 9.5.2002, the witness has stated that at 6:30, Guddu Chara had come with another mob and was pelting stones. However, the witness has not mentioned names of Murli and Tiniya.]

132.46 The contents of paragraph 11 of the examination-in-chief of the witness are read over to him to the effect that he has not stated these facts in his statement dated 4.5.2002 and 9.5.2002.

132.47 [The trial court has made a note below that in his statement dated 9.5.2002 the witness has stated that the S.R.P. people were releasing teargas and they had gone

towards Gopinath Society and were sitting on the terrace there. In his statement dated 4.5.2002 the witness has stated that in the evening at around 5:00, huge mob armed with weapons came near the S.R.P. and upon the mob pelting stones at them, they had fled and had climbed on a terrace in Gangotri Society]

132.48 The contents of paragraph 12 of his examination-in-chief are read over to the witness to the effect that he had not stated these facts in his statement dated 4.5.2002 and 9.5.2002, which the witness has denied. The contents of paragraphs 13, 15 and 19, except to the extent he has stated that Guddu has passed away, as well the contents of paragraph 20 of his examination-in-chief are read over to the witness, to the effect that he has not stated these facts in his statements dated 4.5.2002 and 9.5.2002, which the witness has denied.

132.49 The sixth line of paragraph 10 of his examination-in-chief, wherein the witness has stated that Tiniya had a sword, is read over to the witness to the effect that he had not stated such facts in his statement dated 3.6.2008 recorded by the SIT, which the witness has denied.

132.50 The witness is further confronted with statement dated 9.5.2002 to the effect that he had stated therein that at that time at 12:00 in the afternoon, Muslims from Krushnanagar and Jawaharnagar Colony were running and coming towards the S.R.P. Camp, and hence, upon inquiring from them, they had told them riots were going on ahead, and the Hindu mob was coming on that side; thereafter, a mob of

about one thousand five hundred to two thousand people came from the side of the S.R.P. compound wall, the leadership whereof was taken over by Bipin Automobileswala, who had hockey in his hand; this mob had come where he was doing repairing work and he and his son had fled and jumped towards the wall and gone to Jawannagar; at this time, Bipin had dealt blows with a hockey stick on his matador and had broken the glass of his vehicle and thereafter burnt it; subsequently, their chawls were also set ablaze, which the witness has denied.

132.51 In his cross-examination it has further been elicited that on the day of the incident he had seen Guddu for the first time with Mayaben. The witness has admitted that on that day he had not seen Mayaben at 6:00 in the afternoon. The witness was confronted with his statement dated 9.5.2002, wherein he had stated that there, at 6:30 in the evening, Guddu had come with another mob; he does not know how huge the mob was; they were pelting stones and at this time upon the S.R.P. people bursting teargas shells, they had gone to Gangotri Society and were sitting on the terrace there; which the witness has denied.

132.52 The witness has denied that during the period between 2002 to June 2008, he had not stated any facts about Mayaben, Murli and Tiniyo in the context of the incident, before any authority. The witness has denied that till June 2008, he had not made any complaint before any authority that Mayaben, Murli and Tiniyo had threatened them.

132.53 In his cross-examination, it has been elicited that he

does not know Tiniya's father Govind, very well. The witness has denied that Tiniya's father used to come to sell scrap at his place. The witness has stated that Murli had a loading rickshaw. He (the witness) was involved in the scrap business. The witness has denied that Murli used to take his scrap in his rickshaw to Mehsana. The witness has admitted that at times Murli used to transport his scrap at Ahmedabad. The witness has admitted that prior to 2002, Murli had transported scrap for him in his rickshaw. The witness has denied that since Murli was transporting scrap for him, his monthly accounts were pending and has voluntarily stated that the accounts were immediately settled. The witness has denied that he was required to pay Rs.7000 to Rs.8000/- to Murli towards carting for the period prior to 2002 and that such amount was outstanding payable to him. The witness has voluntarily stated that after 1996 he had closed down his scrap business and that his shop had gone in the road-cutting in the year 1996.

132.54 The witness has denied that he was required to pay some amount to Govind also and, therefore, with a mala fide intention, he had wrongly given his son's name. The witness has stated that he is not aware as to whether the old Marathi man referred to by him was Govind.

132.55 The witness was shown his signature on the application Mark 644/46 made to the SIT. He has identified his signature thereon. The application was given Exhibit No.1051. The witness was thereafter examined with regard to the application made to SIT, as to who had written it down and where, etc.

132.56 The witness has been further cross-examined with regard to the contents of the paragraph 23 of his examination-in-chief to the effect that he has not stated these facts in any of his statements or affidavit or applications. In the opinion of this court, considering the contents of paragraph 23 of the application, not mentioning of such facts in the statement recorded by the police, cannot be said to be an omission in the nature of a contradiction.

132.57 Since there are several accused in this case, who are represented by different learned advocates, the learned advocates for different accused have cross examined the witness wherein there is also reiteration of the cross examination.

132.58 To prove the omissions and contradictions in the testimony of the witness as to his statements recorded by the assignee officer/Investigating Officer, the defence has cross-examined the concerned assignee officer/Investigating Officer who had recorded such statement.

132.59 PW-278 Shri R. B. Joshi, the assignee officer has admitted that he has recorded the statement of this witness on 9.5.2002. He has admitted that this witness in his statement had not given the names of accused Tiniya, Murli and Mayaben nor did he mention any act committed by them. The contents of paragraphs 6 and 7 of the examination-in-chief of this witness are shown to the assignee officer, who has denied that all the facts stated in paragraphs 6 and 7 have not been stated by the witness before him. He has stated that the witness in his statement dated 9.5.2002, had stated that there was a

Hindu mob, which was led by Bipin Automobileswala, who had hockey in his hand. The other facts have not been stated by the witness. Moreover, he has also stated that Guddu Chhara had come with a mob. The assignee officer has admitted that this witness had not stated any fact regarding Guddu Chhara and Bipin Panchal alighting from a Maruti van. The assignee officer has further admitted that this witness had not stated before him that the Jawannagar compound wall was broken by ramming his vehicle into it.

132.60 The attention of the assignee officer was drawn to the third line to the last line of paragraph 8 of the examination-in-chief of this witness, who has admitted that this witness has not stated such facts before him. The contents of paragraph 9 from the third line to the eighth line are put to the assignee officer, who has denied that the witness has not stated all the facts stated therein. The assignee officer has stated that the witness has stated that thereafter their chawl was also set on fire. Subsequently, he had gone behind the S.R.P. compound wall together with his family members, and sat there. Except this, no other facts have been stated.

132.61 The attention of the assignee officer has been drawn to the contents of paragraph 10 from the third line to the last line of the examination-in-chief of the witness, who has denied that all these facts have not been stated by the witness. He has stated that in his presence, the witness has stated that at 6:30 in the evening, Guddu Chhara had come with another mob and they were pelting stones. Other than that no other facts have been stated.

132.62 The contents of paragraphs 11 and 12 of the examination-in-chief of the witness are put to the assignee officer, who has denied that all the facts stated in paragraph 11 have not been stated by the witness. He has stated that the witness has stated that upon the S.R.P. people were releasing teargas they had gone to Gopinath Society and had remained seated on a terrace. Other than that, none of the other facts have been stated by him. The assignee officer has admitted that all the facts stated in paragraph 12 of the examination-in-chief of the witness, have not been stated by him in the statement recorded by him.

132.63 The contents of paragraphs 13, 15 and 20 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that such facts have not been stated by the witness in the statement recorded by him.

132.64 In his cross-examination, the assignee officer has admitted that in the statement recorded by him, the witness had given the name of Guddu, but had not stated as to where he was residing. The assignee officer has admitted that before him, this witness has stated that on 28.5.2002, after waking up early in the morning and drinking tea, he and his son Anwar had gone to the pit near the S.R.P. camp behind Jawannagar and were repairing his DCM Matador. The previous part of the number he does not remember but the latter part of the number is 5067. The assignee officer has voluntarily stated that his writer had by mistake written down 28.5.2002 instead of 28.2.2002, whereas in other places in the statement there is reference to 28.2.2002. The assignee officer has further admitted that this witness has stated before him that at this

time at around 12 o'clock in the afternoon, people belonging to the Muslim community from Hussainnagar and Jawaharnagar colony were coming running towards the S.R.P. camp. Hence, upon asking them, they had told him that there are disturbances on the front side and that a mob of Hindus was coming on that side. Thereafter, a mob of fifteen hundred to two thousand Hindus came from near the S.R.P. camp compound wall, which was led by Bipin Automobileswala, who had a hockey in his hand. This mob had come to where he was doing the repairing work, whereupon, he and his son, fled and jumped over the compound wall and went to Jawannagar. At this time, Bipinbhai had broken the glass of his Matador with a hockey stick and set it ablaze. Thereafter they had set their chawl on fire. The assignee officer has admitted that this witness had not mentioned that he was changing the tyre of his vehicle, but had mentioned that he was repairing his vehicle.

132.65 The assignee officer has admitted that this witness has stated before him that there at 6:30 in the evening, Guddu Chhara had come with another mob. He does not know how big the mob was and that they were pelting stones. At this time, the S.R.P. people were releasing teargas and they had gone to Gopinath Society and had sat on a terrace. The assignee officer has admitted that this witness has stated before him that his house did not catch fire and no damage was caused to it. The assignee officer has voluntarily stated that the witness has said that household articles and other goods had been stolen.

132.66 PW 307 Shri Sukhdevsinh S. Chudasama, the

Investigating Officer, has admitted that he has recorded the statement of this witness on 4.5.2002. He has denied that he had also recorded a statement of this witness on 9.5.2002. He has admitted that on 4.5.2002, the witness had not given the name of accused No.55 Tiniya before him.

132.67 PW 327 Shri V.V. Chaudhari, the Investigating Officer (SIT), has, in his cross-examination admitted that he has recorded the statements of this witness on 3.6.2008, 14.9.2008, 2.1.2009, 4.10.2009, 5.10.2009 and 3.11.2009. The Investigating Officer has admitted that this witness in his statement dated 5.10.2009, has stated that wherever he signs, he also puts his thumb impression. That, before the SIT came to be constituted, the officers of the Crime Branch had recorded his statements, wherein his statements dated 4.5.2002 and 9.5.2002 were read over to him, which were recorded as stated by him and were correct and proper. The people at Naroda Patiya were talking about Ayub having jumped from the terrace to save himself. At that time, he had sustained a fracture and was sitting near his house; both his legs were fractured; at around 1 to 2 o'clock on the day of the incident, he ran and went to his house, at that time, he had seen Ayub. Two three of them lifted him and made him sit near the people of their community who were sitting there near Guddu's house. Thereafter he had come and stood near the S.R.P. compound wall. The Investigating Officer has admitted that this witness in his statement dated 5.10.2009 has not stated that at that time, he and his son were injured. He has admitted that in his statement dated 4.10.2009; the witness had stated that Mukul Sinha had told him and Imtiyaz that the bail granted to Mayaben and Jaydeep Patel's was

required to be cancelled; their signatures were taken on a readymade affidavit, they had personally gone with Mukul Sinha and deposed in Waghela Saheb's court; and on account of their affidavit, on 27th Mayaben and Jaydeep Patel's bail were cancelled; at the time when their signatures were taken, advocate Samsadbhai or Tirmizi had not explained either in Hindi or in Gujarati as to what was written in the application; on that day, Shri Mukul Sinha came to the office of the Jansangarsh Manch and asked advocate Samsadbhai and Shri Tirmizi as to whether the application files had been signed.

132.68 Certain extracts of paragraph 13 of the examination-in-chief of the witness are read over to the Investigating Officer wherein he has stated that thereafter Dataniya came and hit him with the butt of his rifle on that part of the leg where he had earlier sustained a fracture. The Investigating Officer has admitted that these facts were not stated by the witness in the statement recorded by him, but the other facts have been stated in his statement dated 3.6.2008. The Investigating Officer has admitted that in his statement dated 3.6.2008, the witness had stated that his statement dated 4.5.2002 relating to the incident at Naroda Patiya had been read over to him and that he had dictated the same, however, he wanted to say something more and in connection therewith, he had made an application dated 27.4.2008 to the SIT, which application, has been read over to him and he is deposing in connection therewith. The Investigating Officer has admitted that in his statement dated 3.6.2008, the witness has not stated that as his complaint was not being taken, he had not lodged a complaint. The Investigating Officer has admitted that except for his

statement dated 3.6.2008, the facts stated in paragraph 23 of his examination-in-chief, wherein the witness has stated that he was told to remove his and Mayaben's name or else he would not be able to stay there; that he had informed his advocate about this incident; and that he had not complained about these two incidents as no one was taking his complaint; have not been stated by him in the statement recorded by him. The Investigating Officer has clarified that these facts were stated by the witness in the main statement dated 3.6.2008 and in the statement dated 14.9.2008, the witness has clarified as to whether he had seen the accused. That the statement dated 2.1.2009 was for clarifying as to whether he had seen the accused. The statement dated 4.10.2009 was related to his application. The statement dated 5.10.2009 came to be recorded when the SIT officer made a site visit. The statement dated 30.11.2009 was regarding the treatment taken by the witness as he had stated that Shri Dataniya of the S.R.P. had beaten him with the butt of his rifle on the spot where he had an old fracture.

132.69 The Investigating Officer has admitted that he had recorded the statement of this witness on 4.5.2002. He has admitted that this witness has not given the name of accused No.55 Tiniya in the statement recorded by him. The Investigating Officer has admitted that this witness had stated before him that in the meanwhile, a huge mob of Hindus from Krushnanagar came towards Jawaharnagar and entered the field and the mob attacked a truck of his ownership which was parked in the field worth approximately rupees ninety thousand, and with the help of the truck, broke the Jawannagar compound wall and upon the Jawannagar compound wall

breaking, they had started setting the houses in Jawannagar on fire and in this mob, Bipin Automobilewala was present who told him to go away, due to which, he and his family members locked his house and ran towards the S.R.P. compound wall to save their lives and all the other persons also started running towards the S.R.P. compound wall; the Muslim mobs stayed there for around two to two and a half hours, however, at about 5:30 in the evening, a huge mob, armed with weapons, came near the S.R.P. group and upon the people in the mob pelting stones, they all fled from there and climbed on the terrace of the houses in Gangotri Society, where around two thousand to two thousand five hundred people must have been hiding and till about 11:30 to 12:00 at night, they were hiding on the terrace to protect their lives, thereafter at about 12:00 to 12:30 at night, upon five to seven huge police buses coming, they had boarded the same and come to the Shah Alam camp. Moreover, a DCM Toyota Tractor No.5076 of his ownership worth around rupees ninety thousand was set on fire by the riotous mob and was burnt.

132.70 The Investigating Officer admitted that this witness had stated before him that on that day in the morning at around 9:00 to 9:30, people were running around; mobs comprised of thousands of people armed with lethal weapons had gathered near Naroda Patiya and the S.T. Workshop gate and the people in the mob were shouting "kill, hack". The Investigating Officer has admitted that this witness has not named Mayaben, Murli and Guddu in the statement recorded by him, nor has he connected them with any fact relating the incident.

132.71 The contents of paragraphs 6 and 7, the third line to the last line of paragraph 8, the third line to the eighth line of paragraph 9, the third line to the last line of paragraph 10 from and the contents of paragraphs 12, 13, 15, 19 and 20 of the examination-in-chief of this witness, are read over to the Investigating Officer, who has admitted that the witness has not stated the facts stated therein in the statement recorded by him, except that insofar as the contents of paragraph 11 are concerned, the witness had stated before him that at about 5:30 in the evening, a huge mob, armed with weapons, had come near the S.R.P. and upon stones being pelted, they had fled and climbed on the terrace of Gangotri Society; however, the other facts have not been stated by him.

132.72 SUBMISSIONS: The learned counsel for the appellants pointed out that insofar as the testimony of this witness is concerned, the starting point is 11:30 to 11:45 a.m. on the day of the incident, and prior thereto he has not seen or heard anything. It was submitted that in the cross-examination of the witness, he has been confronted with the fact that he had not named Bipin Panchal in his statement dated 4.5.2002; however, there is no re-examination of the Investigating Officer PW-307 in this regard, nor has the Investigating Officer voluntarily clarified this issue. Therefore, it cannot be assumed that the name of Bipin has been stated in the first statement made by the witness. It was submitted that there is no reference to Bipin having alighted from the Maruti car along with Guddu, Murli and Mayaben, nor is there any reference that he was one of the persons who distributed the swords. It was submitted that the allegation regarding Bipin having seen him and chased him uttering certain words, is also not there in

his previous statement.

132.73 Next it was submitted that in his statement recorded by the police, the witness has not stated anything connecting Mayaben, Murli and Guddu with the offence and even in his subsequent statement dated 9.5.2002 recorded by PW-278, the names of accused Tiniyo, Murli and Mayaben have not been mentioned by the witness, nor has any role been attributed to them. (It may be pertinent to note that the statement dated 9.5.2002 recorded by PW-278 is more in the nature of a loss and damage analysis statement.) It was submitted that in the first two statements recorded by the police, out of the four persons named by the witness, only Guddu's name finds place and the names of Mayaben and Murli are not mentioned in either of the two statements, nor has any role been attributed to them. Therefore, as far as Mayaben and Murli are concerned, their names seem to have been mentioned for the first time before the SIT.

132.74 It was urged that even taking the facts as mentioned in paragraph 7 of his deposition at face value, it is not the case of any other witness that at or after 11:45 in the morning, a white car had come to Panchvati Estate Khada and anybody had alighted and distributed swords. It was pointed out that the entire story has been introduced for the first time before the SIT. Various omissions and contradictions in the testimony of the witness as to his police statements have been pointed out to the court. It was submitted that Murli (A-2) has not been named in any statement, nor has the name of Tiniya been mentioned, which has been duly proved in the testimony of the Investigating Officer. Moreover, no role has been

attributed to them in both the statements and for the first time before the SIT, Murli Sindhi has named and his name is overlapping in both the incidents. It was submitted that insofar as Mayaben is concerned, her presence has been shown only in the morning incident, but her name is not reflected in both the police statements. It was submitted that accused Tiniya's presence is mentioned only in the evening mob, but is absent in both the police statements. It was submitted that from the testimony of PW-307 Shri S.S. Chudasama, the Investigating Officer, it has been established that the witness had not named Guddu, Murli and Tiniya or attributed any roles to them.

132.75 It was further submitted that insofar as Ayub's incident is concerned, there were no allegations in any of the previous statements till his statement came to be recorded by the SIT. Referring to paragraph 87 of his cross-examination, it was pointed out that the witness has stated that on the day of the incident, he had seen Ayub for the first time at 5:00 to 5:15 in the evening. However, when he was confronted with the statement recorded by the SIT, he has stated that he saw him at 2 o'clock. It was submitted that if this part of his statement is read with his examination-in-chief, it can be seen that he has specifically stated that he saw the mob come at 5:30 to 6:00 in the evening. It was argued that there are material contradictions in the evidence of this witness and the timings stated by the witness do not match, which creates a doubt as to whether he had really witnessed such incident. It was submitted that most of the facts as well as the names of all living accused, except Bipin, have been mentioned for the first time before the SIT. It was urged that all the material facts which the witness has mentioned in his examination-in-chief,

namely, (i) Mysorewala coming to Panchvati Estate with other police personnel and getting down at about 11:45; (ii) ten minutes thereafter, Mayaben, Murli, Bipin and Guddu also having alighted from the white car; (iii) from that car, swords having been taken out and distributed; (iv) S.R.P. commando Dataniya having uttered certain words to the effect that they have to die; (v) throwing tear gas shells back at the S.R.P.; and (vi) Dataniya having injured him with the butt of the rifle; are the facts which no witness has stated as having occurred at the time and place projected by this witness, and, that too, for the first time before the SIT. It was urged that the contradictions in the witness's own evidence as well as the contradictions with the police statements indicate that he has not seen the incident that took place in the evening, which he had narrated in paragraphs 12 and 13 of his examination-in-chief.

132.76 It was also submitted that insofar as the deposition before the court regarding the witness having seen the mob with police officers in the Jawannagar pit at 11:45 is concerned, it is not corroborated by any other witness. It was submitted that there are vital and important contradictions in the deposition of the witness before the court and in his statements recorded by the police as well as by the SIT. The witness is, therefore, not a credible witness, on whose testimony reliance can be placed to establish the charge against the accused in such a serious offence.

132.77 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness was in the Jawannagar pit in the morning on the day of the incident, trying to change

the tyre of his truck and at that time, first the police came and then a car came, followed by the mob and thereafter, the witness went to the Marathi's terrace and then to the S.R.P., and then to Gauri Apa's house in Gangotri Society. It was submitted that as regards the events that occurred right from 11:00 in the morning to 11:30 at night, only one exaggeration has made about four people in the car. It was contended that the fact that the witness was present and that the mob had burnt his vehicle is evident from the compact disc of the site visit prepared immediately after the incident, which shows that some incident had taken place at that time. As regards the incident of Ayub, it was submitted that this witness is not the sole witness who says that Ayub was burnt near the Jawannagar wall in a rickshaw. The witness is duly corroborated by other witnesses also. Therefore, his evidence as a whole cannot be termed as not reliable and not believable, but can be relied upon as partly believable.

132.78 ANALYSIS: From the testimony of the witness as deposed before the court, briefly stated, the witness has deposed that at around quarter to twelve, the Muslims were shouting "*Mari nakhya! Mari nakhya!*" whereupon he climbed on the Jawannagar compound wall and saw the Muslims from Hussainnagar fleeing towards Jawannagar. At that time, he could see flames and smoke in Hussainnagar. The witness has thereafter stated that while he was standing near his Eicher vehicle near the Panchvati Estate, Mysorewala had come in a jeep and parked his jeep near the Panchvati Estate. Together with him, four to five policemen had also alighted. After ten minutes, a white coloured Maruti car arrived, from which, their MLA Mayaben Kodnani, Bipin Panchal, Murli Sindhi and Guddu

Chhara alighted. The mob followed the car. Thereafter, the door of the car was opened and swords were taken out and distributed. Bipin Panchal saw him and chased him, whereafter he fled and went to a Maratha's house. Thereafter, the mob tried to start his vehicle, but could not. They pushed the vehicle and broke the Jawannagar compound wall, and thereafter, set the vehicle ablaze.

132.79 Considering the omissions and contradictions that have been brought out in the cross-examination of the witness, it has come out that in his statement dated 4.5.2002, the witness has named only Bipin Autowala and Guddu as being in the mob, whereas before the SIT and the court, he has improved the version and named Mayaben Kodnani, Murli and Tiniya also. The entire version regarding the presence Mayaben together with Murli, Bipin Panchal and Guddu as well as the presence of Mysorewala, is, therefore, an improvement in the statement of the witness, which has come on record for the first time in the statement recorded by the SIT.

132.80 In the original statement of the witness, there is no reference to Mayaben Kodnani and the other accused coming to the Jawannagar pit as well as to the presence of Mysorewala. In his original statement as brought out in paragraph 166 of the cross-examination of the witness, he had only mentioned regarding the Jawannagar wall breaking and the mob entering and setting the houses at Jawannagar ablaze, wherein he had seen Bipin Automobileswala. Therefore, at a much belated stage, more than six years after the incident, the witness has come up with a totally new version and introduced the names of Mayaben, Murli and Tiniya as

offenders in this case. Insofar as accused Tiniya is concerned, he is named in the mob which came at around 5:30 to 6:00 in the evening together with Guddu Chhara and Murli Sindhi. Thus, while in his original statement, the witness has not mentioned having seen any accused in the evening incident, in his statement before the SIT and deposition before the court; he has referred to the presence of the accused in two incidents.

132.81 Insofar as accused No.44 Bipin Panchal is concerned, the witness has stated that after the morning incident, in the evening after 5:30 to 6:00, while he was sitting on the staircase (of Gauri Apa's house), he saw Datania (S.R.P. personnel), Bipin (A-44), Murli (A-2) and Guddu (deceased) lifting Ayub and putting him in a rickshaw and pouring kerosene from the can which Tiniya had in his hand on the rickshaw and setting him ablaze. Thus, insofar as accused No.44 Bipin Panchal is concerned, in the original statement, the witness had only mentioned his presence in the mob which came to Jawannagar after the wall was broken, whereas in his deposition, the role attributed to him is totally different, inasmuch as, he has stated that he came in the morning in a Maruti car with Mayaben and upon seeing him, told him to go away, or else he would hack him down, and once again, in the evening, he saw him along with the other accused, lifting Ayub, putting him in a rickshaw, pouring kerosene and setting the rickshaw ablaze. The version given by the witness concerning Bipin, the sole living accused named by him in his police statement, is different from the version given by him in his police statement to such an extent that it is not possible to reconcile the two versions. Therefore, even in respect of

accused No.44 Bipin, whom he has named in his police statement, it is not possible to accept the testimony of this witness as the role attributed to him in the deposition is totally different from the role attributed to him in his police statement.

132.82 On a perusal of the testimony of the witness, it emerges that there is no consistency in his statements and he has completely changed the original version given by him in his statement dated 4.5.2002, insofar as the accused named therein, are concerned and has introduced the names of more accused in his statement before the SIT. The only consistent part of the testimony of this witness is regarding the Muslims coming from Hussainnagar towards Jawannagar; at about a quarter to twelve he having seen flames and smoke in Hussainnagar; he, having come and stood near his Eicher vehicle; a mob of approximately twenty thousand people having come; the mob having pushed his vehicle and broken the Jawannagar wall and having set the vehicle ablaze; thereafter, the witness having taken his family members and gone towards the S.R.P. compound wall and having sat there from around 2:30 to 3:00 in the afternoon; at around 5:00 to 6:00 in the evening, while they were near the S.R.P. compound wall, from the fields as well as from Gangotri, three mobs having come; at about 6:45 to 7:00, the witness having climbed on the terrace and having stayed there till 12 o'clock at night; after which, the police having come and taken him to the Shah Alam Camp. Even as regards this part of the testimony of the witness, which has not been challenged in his cross-examination, the version regarding he having seen flames and smoke in Hussainnagar at a quarter to twelve, is

not consistent with the version given by other witnesses who have stated that the mobs started entering the chawls at around 11:00 to 11:30 and it was afternoon by the time the mob reached Hussainnagar. Therefore, the testimony of this witness cannot be taken into consideration for the purpose of considering the complicity of any of the accused named by him and can be accepted only to the aforesaid limited extent regarding his vehicle having been used for breaking the Jawannagar wall and having been set ablaze and the fact regarding he having gone to the S.R.P. compound wall and thereafter on the terrace of Gangotri Society.

132.82 It may be noted that during the course of his cross-examination, the statement recorded by the SIT has been shown to the witness and the contents thereof are brought on record, without seeking to contradict the witness qua any part of his primary statement. First, a question is put to the witness, and thereafter, he is sought to be contradicted by the statement recorded by the SIT qua what is elicited in the cross-examination. It appears that during the course of recording the testimonies of the witnesses, both the bar and the bench have adopted the path of least confrontation: the trial court, to avoid confrontation with the advocates, and the advocates, to avoid confrontation with the court. This escapist mentality on the part of both, to avoid trouble, rather than strictly follow the path of law, has resulted in delaying the matter and volumes of unnecessary and inadmissible evidence coming on record. This pernicious practice, which has been seen mainly in cases which are under the scrutiny of the media, needs to be urgently resolved.

132.83 Considering the vast improvements in the testimony of this witness, whereby even what was stated by him in his original statement against the accused has been washed out, it is difficult to give credence to the testimony of this witness. The witness has also referred to his having seen Dataniya, Murli and Guddu lifting Ayub and putting him in a rickshaw and pouring kerosene in the rickshaw from a can which was in the possession of Tiniya, and setting him ablaze. This version did not form part of his earlier statement and has come up for the first time before the SIT. Therefore, it is doubtful whether the witness has seen the incident of Ayub.

132.84 The upshot of the above discussion is that no part of the testimony of this witness can be relied upon for the purpose of proving the charge against any of the accused named by him.

133. **PW-144 Sarfaraz Abbaskhan Pathan**, aged 26 years, has been examined at Exhibit-998. The witness has deposed that he resides at *Hukumsing-ni-Chali, Naroda Patiya*, since his birth.

133.1 The incident took place on 28.2.2002. At that time, he was at home with his family which was comprised of his mother, father, brother and sister-in-law and all of them were residing together.

133.2 The witness has stated that the incident had taken place in connection with burning of a train at Godhra. After the incident, there was a call for Gujarat Bandh on 28th on which

day, he together with his family was at home at *Hussainnagar-ni-Chali*. On the day of the bandh, he and his family members were at home, at that time, at around 10:00 to 11:00, a mob came to Hussainnagar from Naroda. The mob, which was comprised of around ten to twenty thousand people, started pelting stones and bursting gas cylinders. The mob came to their house and set it on fire and his scooter was also set on fire. His scooter was lying in front of his house on the road. Upon the mob coming into their chawl, his father, mother and sister-in-law went to the S.R.P. camp at 7 o'clock in the evening. His house was damaged on account of fire by the mob. His house was damaged on account of being set on the fire by the mob. In the mob which had come to their chawl and set his house on fire and caused damage to his house, he had seen **Kalu Bhaiya (A-27)**, **Suresh Chhara (A-22)**, **Guddu Chhara** and **Bipinbhai Panchal (A-44)**. He had also seen other people in the mob; however, he does not know them.

133.3 The witness has stated that he can identify the persons in the mob even today. Bipinbhai used to do the work of Auto Consultant in their area, and hence, he knows him. Guddu Chhara has passed away. Suresh Chhara and Kalu Bhaiya belong to their area, and hence, he knows them and can identify them. The witness has identified accused No.27 and accused No.44. Accused No.22 had filed an exemption application and was not present before the court and is, therefore, deemed to be identified. The witness has stated that the police have recorded his statement in connection with the incident.

133.4 CROSS EXAMINATION: The witness has been cross-

examined with regard to the topography of the area. The witness has admitted that on the day of the incident, he was at home till 10:00 to 11:00 in the morning and till then, it was peaceful. The witness has admitted that no incident had taken place in their chawl till 10:00 to 11:00 in the morning and that they were at home till 11:00, where after he had gone and remained in front of Dilip-ni-Chali. The witness has admitted that he had gone with his family to the S.R.P. Quarters at 7 o'clock in the evening and that they had gone to the S.R.P. Quarters through Jawannagar. The witness has admitted that from 11:00 in the morning till 6:00 in the evening, he was at the entrance of Dilip-ni-Chali and that he went to Jawannagar at 6:00 in the evening. The witness has further denied that on that day, till 6 o'clock, his family members were at home.

133.5 The witness has admitted that at the entrance of Dilip-ni-Chali, other people were standing with him and that approximately there were five to seven of them. The witness has stated that during the time when he was standing at the entrance of Dilip-ni-Chali, stone throwing was going on. The witness has denied that while he was standing there, the Muslims were pelting stones from the chawls. He has admitted that he has seen the Hindus and the Muslims pelting stones at each other. The witness has further stated that the Muslims had pelted stones at around 1 to 3 o'clock in the afternoon. The witness has admitted that the Muslims, who pelted stones between 1:00 to 2:00 in the afternoon, belong to their chawl and has voluntarily stated that they were pelting stones to save their lives. The witness has denied that till 1 o'clock in the evening, the Muslims had not let the Hindu mobs enter the chawls.

133.6 In the cross-examination of this witness, it has come out that his father has sustained injury at Hussainnagar-ni-Chali. The witness has admitted that when he went from his house to Jawannagar with his family, they were walking slowly. The witness has admitted that from Jawannagar, he had gone to the S.R.P. Quarters and that when he went to Jawannagar, at that time, people belonging to the Muslim community were standing near the S.R.P. Quarters. The witness has admitted that those who were standing there were standing peacefully. The witness has admitted that he had not seen any person from the Muslim community having been injured or having fallen down. The witness has admitted that at 7 o'clock when he and his family went to the S.R.P. Quarters, nobody stopped them from going inside. The witness has stated that when he went to the S.R.P. Quarters, he had not seen any other Muslims entering the S.R.P. Quarters. In the cross-examination of this witness, it has come out that he knows where the people, whom he had seen in the mob on the day of the incident, are residing. He has stated that Suresh Chharo resides in Mahajaniyavas, Chharanagar; Kalu Bhaiya resides at Saijpur Tower, Fadeli and Bipin Panchal was residing at Krushnanagar at the relevant time. Guddu Chhara was residing in Jawannagar. The witness has stated that he does not know as to how many persons by the name of Suresh Chhara are there in Chharanagar. The witness has denied that he has any monetary dealings with Bipinbhai or that he has any social relations with him. He has admitted that he does not have any financial dealings or social relations with Guddu, Suresh and Kalu. The witness has further stated that he had no occasion to identify the four accused identified by him in the court. The

witness has admitted that in his police statement, he has stated that at 7 o'clock, he had gone to the S.R.P. Quarters. The learned advocate for the accused has clarified that the contradiction is only limited to the time. The witness has admitted that the facts stated by him with regard to how he knows the four accused as stated by him in his examination-in-chief, have not been stated by him in his statement recorded by the police. The witness has admitted that prior to his coming for recording his deposition; he was informed that Suresh Chhara is not present in the court. The witness is sought to be contradicted by his statement dated 9.3.2002 recorded by the police to the effect that in his examination-in-chief, he has stated that the mob came from Naroda, whereas in his police statement, he has stated that the mob had come from Saijpur Patiya, which the witness has admitted. A further part of the statement of the witness is sought to be brought on record to the effect that he had stated before the police that the police had released tear gas shells and had resorted to firing, but the mob had not dispersed. This part of his police statement, not being contrary to any part of the examination-in-chief could not have been brought out in the evidence of the witness.

133.7 To prove the omissions and contradictions in the statement recorded by him, the defence has cross-examined the assignee officer PW-276 Shri Pruthvisinh Udesinh Solanki, who has admitted that this witness in his statement recorded by him, had stated that the police had released tear gas shells and resorted to firing despite which, the mob had not dispersed.

133.8 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has stated that the mob had come for the first time at 11:00 a.m., which is contrary to the evidence of other witnesses examined by the prosecution who state different timings. It was submitted that this witness has stated that he along with his parents and sister-in-law had reached the S.R.P. Quarters at 7:00 p.m. and between 11:00 a.m. to 7:00 p.m., he was near Dilip-ni-Chali. It was submitted that a contradiction has been brought out to the effect that the witness in his statement dated 19.3.2002 recorded by PW-276 Shri P. U. Solanki, had not stated any facts to the effect that they went to the S.R.P. Quarters at 7:00 p.m. It was submitted that when according to this witness, the mob was comprised of about 20,000 people, his presence at a single place for so many hours is doubtful. It was submitted that the acquaintance with the accused has not been stated by the witness in his police statement, which fact has been admitted by him in paragraph 44 of his cross-examination. It was submitted that he has attributed the act of setting his house on fire to the accused; however, no overt act is attributed to them. Moreover, at exactly what time the incident has taken place, has not been stated anywhere. It was argued that it is difficult to believe that large mobs had come and set his house on fire, despite which, all of them could escape. It was submitted that from the evidence of this witness, it is clear that the mobs had come at 10:15 in the morning. If that be so, it is difficult to believe as to how his family members stayed there till 7:00 p.m. which clearly indicates that the witness has not seen anything. It was submitted that the whole story of the witness that his house was burnt in the morning and he saw the named accused is totally false, in such circumstances, the evidence of

the witness cannot be accepted as reliable evidence.

133.9 It was urged that this witness is not a reliable witness. He has made various contradictory statements in his deposition, which indicates that he has not seen the named accused in the mob at his house and his house was not burnt in the morning before 11:00 noon.

133.10 Mr. Prashant Desai, learned Special Public Prosecutor, submitted that this witness has stated about the accused No.27, 44 and 22 pelting stones, committing loot and setting the houses on fire, etc. It was submitted that there is no cross-examination to dislodge the evidence of the witness qua the three accused leading the mob, etc. It was submitted that the witness has given the names of the accused in his police statement in the year 2002, and, therefore, the involvement of these accused, who were named in the year 2002, is proved beyond reasonable doubt.

133.11 ANALYSIS: This witness is a resident of Hukamsingni-Chali, which is one of the chawls situated on the front side of the chawls towards the Highway. As per the testimony of this witness, mobs of people came to Hussainnagar at around 10 to 11 o'clock and started pelting stones. According to this witness, the mobs set their house as well as his scooter, which was lying on the road on fire. Upon the mobs coming to their chawls, his parents and his sister-in-law went to the S.R.P. camp at 7 o'clock. The witness has stated that in the mob which set his house on fire and damaged it, he has seen Kalubhaiya (A-27), Suresh Chhara, Guddu Chhara (deceased) and Bipin Panchal (A-44). The witness has stated that he did

not know any other people in the mob. The witness has further deposed that he knows Bipinbhai because he was working as an Auto Consultant in their area. Suresh Chhara and Kalubhaiya reside in their area and, therefore, he knows them and is in a position to identify all three of them. The witness has thereafter, identified A-27 Kalubhaiya and A-44 Bipinbhai Panchal. The witness has named the third accused as Suresh Chhara, whereas there are two accused by the name of Suresh Chhara, namely, A-22 and A-26. accused No.26 was present in the court and the witness has not identified him, whereas accused No.22 had filed an exemption application and, therefore, he is deemed to have been identified.

133.12 In the cross-examination of this witness, nothing substantial has been brought out, except that no incident had taken place in their chawl till 11 o'clock and when he went to the S.R.P. Quarters at 7:00 p.m. with his family, no one had stopped him. Apart from the fact that the witness has stated his acquaintance with the accused in his deposition, further acquaintance is brought out in paragraph 36 of the cross-examination of the witness wherein he has stated that Suresh Chhara resides at Mahajaniyavas, Chharanagar, Kalubhaiya resides at Saijpur Tower, Fadeli and Bipin Panchal was residing at Krushnanagar. Therefore, while it is true that the witness had not stated regarding his acquaintance with the accused in his police statement, in his examination-in-chief he has deposed about his acquaintance with the accused, which is further fortified in his cross-examination by the learned counsel for the defence. Therefore, there is no reason to doubt the identity of the three accused.

133.13 From the cross-examination of this witness, no contradictions have been brought out qua his police statement, except for a minor discrepancy, which is not very material. Under the circumstances, the evidence of this witness is consistent with the statement recorded by the police. In the cross-examination of the witness, the defence has not been able to dent the credibility of the witness who comes across as credible and trustworthy witness. Therefore, the core of the testimony of this witness, whereby he has stated that he had seen the accused in the mob, has not been dislodged in his cross-examination. Under the circumstances, there is no reason to disbelieve the witness when he says that he saw the named accused in the mob in the morning.

133.14 Through the testimony of this witness the prosecution has proved the presence of Kalubhaiya (A-27), Suresh Chhara, Guddu Chhara (deceased) and Bipin Panchal (A-44) in the mobs in the chawl in the morning.

134. **PW-145 Shahnavaazkhan Abbaskhan Pathan**, aged 35 years, has been examined at Exhibit-999. The witness has deposed that he is residing at *Hukamsing-ni-Chali, Next to S.T. Workshop, Naroda Patiya, Ahmedabad*, since his birth. He does not remember the month, but says that the incident took place on the 28th in the year 2002. At that time, he was residing at Hukamsingh-ni-Chali with his parents, two brothers and his wife. He was doing the work of motor rewinding at Gopal Industries, near G. D. High School.

134.1 On the day of incident, there was a call for Gujarat

Bandh and he was at home. On that day, in the morning at around 9:30, a mob had come outside his house and they were vandalizing the shops and the masjid, all of which went on till 11 o'clock. Thereafter, the police had resorted to firing when their Muslim mobs went inside the lane. Thereafter, the Hindu mob advanced forward and entered their lanes. The Hindu mobs set Hussainnagar-ni-Chali and Dilip-ni-Chali on fire and looted the goods. The people in the mob had forced them into the chawls.

134.2 The mob had come from the direction of Natraj Hotel. The mob came from the Patiya, Opposite S.T. Workshop and was comprised of around fifteen to twenty thousand people. The people in the mob burnt his house and committed loot inside his house. Stone throwing and assault was going on in the interior side, and hence, they went towards the interior side towards Hussainnagar and hid in Hussainnagar. Thereafter, the police vehicle came and took them to the Shah Alam camp. He does not know as to where his family had gone at this time. He had stayed at the Shah Alam camp for one or two days, whereafter he had gone to Juhapura camp and met his parents. He had learnt that in the incident, his father had sustained stone injury on his leg which was treated in the camp. Except for this, no other member of his family had sustained any injury or loss of life. His father is dead.

134.3 The witness has further deposed that the mob had entered the chawl and as stated by him, the people in the mob were vandalizing his house and setting it on fire, and that he had seen Bipinbhai Panchal (A-44), Manoj Sindhi (A-41), Murli Sindhi (A-2), Kalu Bhaiya (A-27), Suresh Chharo (A-22), Haresh

Chharo (A-10) and Naresh Chhara, in all, seven persons, in the mob. He knew these seven persons in the mob, but did not know the other persons.

134.4 The police had recorded his statement in connection with the incident. The witness has stated that he can identify the accused whom he had seen in the mob and has identified accused No.27, accused No.22, accused No.10, accused No.44 and accused No.2, whereas accused No.1 had been granted exemption and therefore, is deemed to have been identified. This witness has correctly identified all the accused.

134.5 CROSS EXAMINATION: In the cross-examination of this witness, he is sought to be contradicted with his police statement to the effect that he had not stated the words "vandalizing the masjid" as referred to in his examination-in-chief, in his police statement. The witness is further sought to be contradicted as to his police statement to the effect that the facts stated by him in paragraph 4 of his examination-in-chief that "*the mob had come from the Patiya, opposite S.T. Workshop*" had not been stated by him in his police statement.

134.6 In the cross-examination of this witness, it has come out that he had left his house at 9:30 in the morning and had thereafter returned home only once at around 10 o'clock, when he found that the members of his family were not present and they had all gone away and that his house was locked. It has further come out that he was on the road from 9:30 to 11:00 in the lane next to S.T. Workshop and that at 11 o'clock, he went to Hussainnagar. It has further come out that

at 11 o'clock when he was standing near Dilip-ni-Chali; he has not seen his brother Sarfaraz. He has further stated that there were around a hundred people from Hukumsing-ni-Chali, Dilip-ni-Chali and Pandit-ni-Chali standing with him near the chawl where he was standing and has also named certain persons who were standing with him. It has further come out in his testimony that the mob which he had seen came from the side of Krushnanagar and another mob came from the side of Kubernagar also. The witness has admitted that the mobs which came from Kubernagar and Krushnanagar had gathered near Noorani Masjid and that, in all, there must have been around fifteen to twenty thousand people in the mob. The witness has denied that while he was standing there, there was cross pelting of stones by the Muslims in defence.

134.7 The witness has denied that the persons who were pelting stones at them were standing on the opposite side of the road and has stated that they were coming forward and pelting stones. They had come to the corner of the chawls and were pelting stones. The witness has voluntarily stated that the police were in front and they (the mob) were behind, and that the police was shooting.

134.8 In the cross-examination of this witness, it has further come out that at 11 o'clock on account of the stone pelting, they went inside the chawls. After 11 o'clock, they went to Hussainnagar, where they stayed for around one to two hours. He has admitted that after he went to Hussainnagar, there was no occasion for coming back to the corner of the chawl. They had gone to the terrace of a chawl behind Hussainnagar. They went to the terrace of a house with

two storeys. The witness has admitted that there were other Muslims like him on the terrace and that from the terrace; they straightaway went in a police vehicle to the Shah Alam camp.

134.9 In the cross-examination of this witness, it has come out that he had returned home from the camp after about six months. He had lodged a complaint regarding his house having been burnt and looted at the camp about eight days after he reached the camp. The police had come to the camp to record the complaint. The witness has admitted that he had signed the complaint after it was taken down.

134.10 In the cross-examination of this witness, it has further come out that the police had taken him to his house after three months of the incident where they had drawn a panchnama regarding the loss and damage caused to them and that on the same day, after recording the panchnama, his statement in connection with the incident was also recorded.

134.11 In the cross-examination of the witness, he has denied that on account of the mobs which had come from both the sides, the entire road was full of people. The witness has voluntarily stated that on account of the mobs on both the sides, the area on both the sides was filled up, but the entire road was not filled up. The witness has admitted that the mob which came from the side of Kubernagar had stopped at Natraj Hotel, but has denied the suggestion that the mob which came from the side of Krushnanagar, had also stopped at Natraj Hotel. The witness has stated that the mob from Krushnanagar came up to the chawls and did not go till the Patiya and has voluntarily stated that at 11 o'clock, upon the mob coming, he

had gone away to Hussainnagar and does not know as to where the mob went thereafter. The witness has admitted that at 11 o'clock when the mob entered, he had fled to save his life and had straightaway gone to Hussainnagar on the terrace of a house. The witness has further admitted that there were around one hundred to one hundred and fifty Muslims hiding with him on the terrace and has also admitted that they were all hiding on the terrace in such a manner that nobody could be seen. He has admitted that all those who were on the terrace came down at night when the police arrived.

134.12 The witness has stated that the police had recorded his statement at the camp and that he had narrated everything that he had seen on the day of the incident to the police, but has voluntarily stated that the police was not writing down everything. The witness has stated that on that day he has not seen any such incident, wherein a Tata vehicle set off in full speed and had killed two to three persons on the spot.

134.12 The witness has denied that Vermaji's paan-cabin was at the corner where he was standing. He has stated that the police had fired gun shots where he was standing and he has seen someone being injured with a bullet. One Mahammad and Mustaq were injured by the bullets fired by the police. The witness has admitted that he has not seen anyone other than these two persons having been injured, but is not in a position to state as to on which part of the body they had sustained bullet injuries.

134.13 The witness has thereafter been cross-examined

with regard to the topography of the area. He has admitted that when he reached the corner, there was a mob of ten thousand to fifteen thousand people and that he does not know from where the mob had come.

134.14 In his cross-examination, it has further come out that when he reached the terrace, it was around 4 o'clock in the evening. The witness has admitted that till 4 o'clock in the evening, he was at Hussainnagar on the terrace and that thereafter, he had not gone anywhere. The witness has admitted that in Hussainnagar, there are other houses like the house on the terrace of which he had gone. It has come out that the witness had gone on the terrace of one Mansuribhai's house. The witness has further stated that on the terrace where he was, there was no person who was required to be lifted and taken and that there was no person who was injured by a bullet and could not walk on the terrace and that the house on the terrace of which he was, had two floors.

134.15 The witness has admitted that they were sitting and hiding on the terrace, but has denied that they were sitting in a manner in which they could not see anyone from the terrace. The witness has voluntarily stated that they were taking care to see that no one could see them, but they themselves were looking. The witness has admitted that no one had attacked the chawl on the terrace in which he was, but has voluntarily stated that other chawls were set on fire. The witness has stated that such incidents of arson had taken place at *Dilip-ni-Chali, Hukamsing-ni-Chali* etc. The witness has denied that the incident took place at 6 o'clock in the evening and has voluntarily stated that the incidents started occurring from 12

o'clock in the afternoon. The witness has denied that he had not seen the mob at 9:30, but had seen it after 11 o'clock and that he had not seen the mob before 11 o'clock. The witness was confronted with his statement dated 9.3.2002 recorded by the police to the effect that he had stated therein that at around 11:00 to 11:30 in the morning, a mob of around fifteen to twenty thousand people came from the direction of Saijpur Patiya.

134.16 The witness has denied the suggestion that he, his brother and his family members were at home till 11 o'clock in the morning and has denied that after 11 o'clock, they had left their house to protect their lives. The witness has voluntarily stated that he was at Hussainnagar and his family members had come out at 10 o'clock. The witness has denied that he, his brother Sarfaraz and other family members had left their house together after locking their house. The witness has admitted that he has not stated the facts stated in paragraph 3 of his deposition, namely, that the mob had come at 9:15 in the morning and that the mob was damaging the properties till 11 o'clock, in his statement recorded by the police. The witness is also contradicted with his police statement to the effect that he had not stated that the mob was damaging the masjid. The witness has denied the suggestion that at 10 o'clock, he was at home and from there, he had straightaway gone to the terrace at Hussainnagar. The witness has voluntarily stated that he had gone to the terrace of Hussainnagar after 11 o'clock. He has admitted that on account of the mob having come, at 11 o'clock, he had gone to hide.

134.17 The witness has admitted that he does not know the names of the fathers of the accused whom he has identified. The witness has stated that he does not know as to how many other people have similar names in the Naroda Patiya area. The witness has stated that he has got no social, financial or business relations with the accused, nor does he have any relations of visiting each other's houses. The witness has admitted that he has identified the accused for the first time before the court and that prior thereto, there was no occasion to identify them. The witness has admitted that the mob which he had seen was prior to his having gone to hide.

134.18 From the cross-examination of this witness, it has come out that he had not seen the police at the camp for the first seven to eight days after they went there. The witness has stated that when the police called him to record his statement, they were sitting in a room in the camp. The witness has admitted that similarly, the statements of other people were also being recorded and that there was a queue for recording the statements and everyone was standing in a queue for getting their statements recorded.

134.19 In his cross-examination, it has further come out that he came to know that the mob had come outside at 9:00 to 9:15 in the morning on the day of the incident when he himself came out of his house. The witness has stated that he came out and went near Gafurbhai's house, where at present there is a police chowky at the corner of the S.T. Workshop compound wall and that he had reached there at around 9:00 to 9:15 in the morning and had remained there till 11 o'clock. It has further come out that where he was standing, there were

around a hundred people belonging to the Muslim community.

134.20 In the cross-examination of this witness, it has come out that at 11 o'clock, he had fled and returned and that together with him, there were also other Muslims who had fled. After fleeing at 11 o'clock, he had gone to Hussainnagar. The witness has admitted that the terrace on which he had taken shelter had a parapet. The witness has admitted that the parapet was such that if they stand near it, the people below could see them. The witness has stated that he had not stood near the parapet and has voluntarily stated that he was sitting near the cement lattice of the parapet and that the other people were also sitting like him. The witness has thereafter been again cross-examined with regard to the topography of the area. In his cross-examination, the witness has stated that he has no information about Bipin Auto Centre having been set ablaze in the incident. The witness has denied the suggestion that he has wrongly implicated Bipin Panchal at the instance of people of their community. He has denied that since Bipin Auto Centre has been set on fire by Muslims, he has named the Muslims in the complaint, and therefore, he has falsely named him in his deposition.

134.21 To prove the omissions and contradictions in the testimony of the witness as to his previous statements, the defence has cross-examined the concerned Investigating Officer/assignee officer who had recorded such statement.

134.22 PW-276 Shri P.U. Solanki, the assignee officer, in his cross-examination, has admitted that this witness had stated before him that in the morning at around 11:00 to 11:30, a

mob of around fifteen to twenty thousand people had come from Saijpur Patiya. He has further admitted that this witness had stated before him that in the morning at around 11:00 to 11:30, a mob of fifteen to twenty thousand people had come from Saijpur Patiya and started shouting and pelting stones due to which, the police had resorted to lobbing tear gas shells and firing to disperse the mob. However, the mob, being very large, did not disperse. The assignee officer has further admitted that the witness had stated before him that to protect their lives, they had hidden themselves and had also stated that at night, they were taken in a police vehicle to Juhapura, Sankalitnagar Relief Camp. The assignee officer has further admitted that this witness had not stated before him that the mob was damaging the masjid and that he has also not stated that the mob had come from the direction of Natraj Hotel and that the mob had come from Patiya, Opposite S.T. Workshop. The assignee officer has stated that the witness had stated that the mob had come from Saijpur Patiya. He has further admitted that the witness has not stated before him that on the day of the incident, he had gone to a terrace in the interior of Hussainnagar and was hiding there and that the police vehicle first took him to the Shah Alam camp and thereafter, he had gone to Juhapura camp.

134.23 SUBMISSIONS: Mr. Y. S. Lakhani, learned counsel for the appellants submitted that the witness has not mentioned anywhere as to at what time the incident of his house being ransacked took place. He has admitted in paragraph 10 of his deposition that he has no information as to at what time his house was set on fire and looted. It was submitted that the admission in paragraph 10 indicates that

the witness has not seen the incident, in which case the facts stated in paragraph 6 of his testimony regarding the mob having entered his house and damaging the same and setting it on fire, would go. It was submitted that from the testimony of this witness, it emerges that after he left his house at 9:15, he did not return home at any point of time. Therefore, it is totally doubtful as to whether he has seen any incident regarding his house. It was submitted that in his examination-in-chief, he has specifically referred to these seven persons being part of a mob causing damage to his house, whereas in paragraph 10 of his cross-examination, he has stated that he has no information regarding the time when his house was set on fire and the time when it was looted. Referring to the contents of paragraph 9 of the cross-examination of the witness, it was pointed out that this witness has denied that after he left his home at 9:30 in the morning, there was no occasion to return home and that he had returned home once after 9:30 at 10 o'clock in the morning and that thereafter, there was no occasion for him to return home. When he went home, the members of his family were not present and all of them had gone and that when he went there, his house was locked. It was submitted that this part of his testimony totally falsifies the case of PW-144 Sarfaraz Abbaskhan Pathan, who is brother of this witness.

134.24 It was contended that the only allegation made by this witness is that of seeing the seven accused as part of the mob which ransacked and set his house on fire. No specific overt act has been alleged or attributed to any of the accused. It was submitted that acquaintance of the witness with any of the accused has not been established beyond doubt and on

reading his deposition as a whole, and particularly on a conjoint reading of paragraphs 6, 27 and 59, it is apparent on the face of it that after he left his house at around 9:15, he was at the corner of the road till 11 o'clock and then he ran away to Hussainnagar and hid himself on a terrace till 4:00 p.m. In the meanwhile, once, at 10:00 a.m., he came back to his house, but found that it was locked and all his family members had left the house. It was submitted that the witness had no occasion thereafter to go back to his house, and, therefore, the only claim made by him in paragraph 6 of his examination-in-chief gets falsified. It was urged that even on material parts, his version is found contrary to that of his own brother PW-144, and, therefore, both the brothers should not be believed to be truthful or reliable witnesses.

134.25 Mr. B. B. Naik, learned counsel for the appellants invited the attention of the court to paragraphs 4, 16, 26 and 33 of the deposition of the witness, to submit that different versions have been given in different paragraphs as to from where the mob came. This clearly shows that he had not seen any mob and that he has not seen anything. Referring to the contents of paragraph 6 of his deposition, it was submitted that in paragraph 27 of his cross-examination, the witness has stated that at 11 o'clock, he had gone to Hussainnagar and, therefore, did not know where the mob has gone. It was submitted that therefore, after 11 o'clock, he was not on the road or at home, and, therefore, he could not have seen the incident of his house where he says he had seen the named the accused. It was submitted that it is clear that the witness has not seen any mob and that there are major contradictions in his deposition before the court. It was argued that from the

testimony of this witness, it clearly transpires that he has not seen the incident of the burning of his house, when according to him the named accused were there. It was submitted that the evidence of this witness does not inspire confidence and cannot be relied upon to implicate the accused in such a serious offence.

134.26 Mr. Prashant Desai, learned Special Public Prosecutor, after referring to the relevant parts of the testimony of the witness, submitted that the witness has been staying at *Hukamsing-ni-Chali* and is a natural witness and his presence at the scene of offence is established beyond doubt even in the cross-examination. It was submitted that when the witness says that the mob came from Saijpur, it includes Naroda Patiya also, which cannot be said to be a material contradiction. Referring to paragraph 46 of the deposition of this witness, it was submitted that the case of the prosecution that the mob pelted stones, damaged the houses, ransacked the properties and set them ablaze and that they were frightened, is admitted by such a question. Referring to the contents of paragraph 49 of the evidence of the witness, it was submitted that the contradiction is only as regards the time and it cannot be said to be a material contradiction.

134.27 From the facts and contentions noted hereinabove, it is evident that the learned counsel for the appellants have made various submissions as regards the credibility of the witness and have stated the reasons as to why the witness should not to be believed. However, in response thereto, the learned Special Public Prosecutor has merely referred to the testimony of the witness and submitted his comments thereon,

but has not responded to any of the contentions raised by the learned counsel for the appellants.

134.28 ANALYSIS: This witness is the elder brother of PW-144 Sarfarazkhan Abbaskhan Pathan. The statement of this witness was recorded by PW-276 on 9.3.2002. From the testimony of this witness, it emerges that he is a resident of Hukamsing-ni-Chali and on the day of the incident, a mob had come outside his house at around 9:15 in the morning and was damaging the shops, etc. which continued till 11 o'clock. Thereafter, the police resorted to firing and the Muslims who were standing outside, went inside the lanes. Thereafter, the mob of Hindus advanced forward and entered their chawls and looted the houses and set Hukamsing-ni-Chali and Dilip-ni-Chali on fire. According to this witness, the mob was comprised of around fifteen thousand to twenty thousand people and had come from Natraj Hotel. Upon the mob coming, they had gone away and hidden themselves in Hussainnagar. The witness has deposed that in the mob, he has seen seven accused persons, viz., (i) Bipinbhai Panchal (A-44), (ii) Manoj Sindhi (A-41), (iii) Murli Sindhi (A-2), (iv) Kalu Bhaiya (A-27), (v) Suresh Chhara (A-22), (vi) Haresh Chhara (A-10) and (vii) Naresh Chhara (A-1). The witness has identified accused No.27, 22, 10, 44, 2 and 41 before the court, whereas accused No.1 had filed an exemption application and is, therefore, deemed to have been identified. Thus, all the accused named by him, have been correctly identified by the witness.

134.29 As per the testimony of this witness, he left his home at 9:30 in the morning and thereafter, went to his house once at 10:00 in the morning. When he went home, it was

locked and his family members were not present at home and had gone away. The learned counsel for the appellants have submitted that there is a discrepancy in the statement of this witness and the statement of his brother who had said that he was at home till 10:00 to 11:00 in the morning on that day and till then, there was peace in their chawl and that till at 11:00 on the day of the incident, they were at home. Therefore, his parents and his sister-in-law had gone to the S.R.P. Camp at 7 o'clock in the evening upon the mob coming to their chawl.

134.30 In the cross-examination of this witness, it had come out that he does not know anything about his brother Sarfaraz after he left home in the morning. This witness was standing at Dilip-ni-Chali at around 11:00 in the morning, but did not see his brother Sarfaraz. Sarfarazkhan has admitted that he was at home till 11 o'clock and had gone to the corner of Dilip-ni-Chali and was there from 11:00 to 6:00 and till then, there was no problem there.

134.31 This witness has stated that he was standing at the corner of the lane next to the S.T. Workshop in front of his house and had left that place at 11 o'clock and gone to Hussainnagar. In his cross-examination, it has come out that there was stone pelting at 11:00 in the morning, whereupon they went to the chawls on the rear side. The witness has admitted that after the mobs came in at 11:00, to save his life, he had fled and had straightaway gone to a terrace of a house in Hussainnagar, where he reached at around 4 o'clock. Till then, he was at Hussainnagar. In his further cross-examination, it has come out that the house in Hussainnagar was Mansuribhai's house. In his cross-examination, further facts

have been revealed to the effect that while he was standing there, he had seen someone being injured by bullets in the police firing and that one Mahammad and Mustaq were injured in the police firing. In the cross-examination of the witness, he has admitted that the chawl on the terrace of which he had taken shelter was not attacked while he was there, but has voluntarily stated that other chawls were being set on fire and that Dilip-ni-Chali, Hukamsing-ni-Chali, etc. were being set ablaze. The witness has denied that the incidents took place at around 6 o'clock and has voluntarily stated that the incidents started occurring from 12 o'clock in the afternoon. In paragraph 55 of his cross-examination, it has been elicited that he had seen the mob before he had gone and hidden himself.

134.32 In the cross-examination of this witness, no material omissions or contradictions have been brought out qua his police statement. The omissions and contradictions brought out are minor ones, which cannot in any manner be said to affect the credibility of the witness.

134.33 In paragraph 54 of his cross-examination, the witness has admitted that he does not know the names of the fathers of the accused identified by him. He further does not know as to how many other people with the same names as the accused are there in the Naroda Patiya area. He has stated that he has no social relations with the accused, nor does he have any relations of visiting each other's houses or monetary or business relations.

134.34 Insofar as the discrepancies between the testimonies of PW-144 and this witness are concerned, while

this witness has stated that he had left the spot at 11 o'clock, his brother PW-144 has stated that he had come to the spot at 11 o'clock. Therefore, the fact that PW-145 had not seen his brother while he was standing at the corner of Dilip-ni-Chali does not in any manner dent the credibility of PW-144 who has stated that he had come out at 11 o'clock. When the witness has mentioned a particular time in his deposition, it cannot be the exact time as per the clock, having regard to the fact that they are deposing about the incident that took place eight years prior thereto. Therefore, on a conjoint reading of the testimonies of PW-144 and PW-145, there does not appear to be any material discrepancy when PW-145 says that he had not seen his brother while he was standing at the corner of Dilip-ni-Chali. This witness had named the accused in his first statement recorded by the police on 9.3.2002, almost immediately after the incident. At that stage, there was hardly any scope of the witness being tutored. The witness has been consistent as regards his version of the incident and the accused. As noted earlier, there are hardly any contradictions in the testimony of the witness as to the statement dated 9.3.2002 recorded by the police. Under the circumstances, the witness being consistent in his testimony, there is no reason to discard the same. It may be noted that this witness has named seven accused persons, while his brother has named four accused persons, out of whom three are common. Since both the brothers have come at the spot at different times, it is but natural that all the accused whom they had seen might not have remained together. This court, therefore, does not find any substance in the submission of the learned counsel for the appellants regarding the discrepancies in the testimonies of the two brothers. Much significance cannot be attached to the

fact stated by the witness in his cross-examination that he had come back only once at 10 o'clock and at that time, his house was locked inasmuch as such facts have come in the cross-examination and the witness who was deposing after a period of eight years, might not have remembered the facts correctly.

134.35 Despite the lengthy cross-examination, the defence has not been able to dent the credibility of the witness who is consistent in his version and appears to be a credible and truthful witness.

134.36 The testimony of this witness would therefore help in establishing the presence of (i) Bipinbhai Panchal (A-44), (ii) Manoj Sindhi (A-41), (iii) Murlil Sindhi (A-2), (iv) Kalu Bhaiya (A-27), (v) Suresh Chhara (A-22), (vi) Haresh Chhara (A-10) and (vii) Naresh Chhara (A-1) in the mob which was looting and setting the houses in the chawls on fire at about 11:00 a.m. on the day of the incident.

135. **PW-146 Iqbalbhai Ismailbhai Mansuri** aged 43 years, has been examined at Exhibit-1007. The witness has deposed that he is residing at Hussainnagar since the last eighteen years and is a rickshaw driver. In the year 2002, his family was comprised of his father, his mother and his younger brother's two sons.

135.1 The incident took place on 28.2.2002, on which day there was a call for Gujarat Bandh. On the day of the incident, they were all at home. At around 8:00 to 8:30 in the morning, he was washing his brother-in-law's rickshaw when shouts

started coming from the road outside. He came out on the road to see when a mob had come from the direction of Natraj Hotel. The people in the mob were vandalising the masjid and the tea stalls. The people in the mob had pipes, swords etc. in their hands. On seeing this, he went home to the children. His father had set out at around 8:00 in the morning, to go to the house of Dahiben at *Hirawadi*. Thereafter, except for his father, they took all their family members and went and hid in Jawannagar. They sat near the S.R.P. compound wall till 4:30. At this time, at around 4:30 in the evening, sounds of gas cylinders bursting started coming. They tried to go inside the S.R.P. Camp; however, they were not permitted to go inside and they were beaten and driven out. At about 5:30 in the evening, they set out for Gangotri Society. They had gone to Gangotri Society.

135.2 At this time, Janak Marathi was standing in front of the Gangotri Society with a pipe in his hand. He recognized him and told him that they should go away from there. Thereafter, they forcibly entered the S.R.P. Quarters from behind Gangotri Society, where they sat till around 4:00 in the morning, when the police vehicle came and took them to the Shah Alam camp, where he and his family members stayed for six months.

135.3 After about fifteen days, they inquired about his father and came to know that he had left Dahiben's house on the same day. They searched for their father at all the relief camps as well as at the houses of other nearby relatives. Later on, after about a month, they learnt that a man wearing a pajama and kurta was set on fire near Krushnanagar and they

thought that the person who was burnt, must be their father. They have not found their father's dead body till date and his father is still missing.

135.4 The witness has stated that out of the people whom he met, he does not know anyone other than Janakbhai. The witness has stated that the police had examined him and recorded his statement and the SIT had recorded his statements twice. The witness has stated that he can identify Janakbhai Marathi and has correctly identified accused No.36 before the court.

135.5 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that all the Muslims went from the direction shown to them by Janakbhai and that on account of that, the lives of around thirty to forty Muslims were saved.

135.6 PW-307, S. S. Chudasama, the Investigating Officer has admitted that he has recorded the statement of this witness on 13.05.2002. He has admitted that this witness had not named any accused in the statement recorded by him.

135.7 SUBMISSIONS: The learned counsel for the appellants submitted that though this witness has seen the mob on the road, he has not implicated anybody, including the local residents who are residing in Gopinath and Gangotri Society, though he is residing there since more than ten years prior to the incident and has stated that Janak Marathi saved about thirty to forty Muslims by showing them the way to S.R.P. Quarters. He is the brother of PW-110 Noormohammed who is declared to be a hostile witness.

135.8 ANALYSIS: From the testimony of this witness, it is apparent that the witness has not implicated anyone in the offence in question. Insofar as the reference to Janakbhai Marathi being present near Gangotri Society is concerned, the testimony of the witness does not involve him as accused in the offence and on the contrary, indicates that the said accused had helped Muslims to escape from the area.

136. **PW-148 Nazirmahammad Faizmahammad Shaikh**, aged 55 years, has been examined at Exhibit-1022. The witness has deposed that he was residing at Jawannagar since the last fifteen years and that *Jawannagar* and *Jawaharnagar* are the names of one and the same place.

136.1 The witness has deposed that in the year 2002, he used to sell kerosene and his wife used to carry on the business of glass bangles in their house. He, his wife, three children, viz., two sons Mohammad Arif and Mohammad Imran, and daughter Nasreenbanu, were all residing together. His wife's name is Sahedbanu.

136.2 The incident took place on 28.2.2002. On that day, there was a call for Gujarat Bandh, and hence, he was at home. While he was having tea, in the open ground outside his house, mobs had gathered. The people in the mob had resorted to assaulting, arson and looting. At this time, he had sent his wife and daughter to the S.R.P. Quarters and he and his elder son Arif had stayed at home.

136.3 Thereafter, the mob came to their chawl. The mob had resorted to vandalism and arson. Thereafter, he took his son and hid in Gangotri Society till about 12.30 at night and upon the police vehicle coming, they were taken to the Shah Alam relief camp.

136.4 In the incident, his daughter Nasreenbanu had sustained burn injuries on her hand at the hands of the mob. She was given treatment at the Shah Alam camp. His wife and daughter were at the relief camp at a school in Shahibaug. He had met them after four days.

136.5 In the incident, his house was looted and set on fire. He had seen **Guddu Chhara** in the mob. He had tied a cloth around his face and was assaulting people. He is not aware as to whether or not Guddu Chhara is alive.

136.6 CROSS EXAMINATION: In the cross-examination of this witness, he has admitted that between the S.R.P. Quarters and Jawannagar, the road of Uday Gas Agency is situated and thereafter, there is Jawannagar No Khado which is also known as maidan.

136.7 He had seen the mob from Gangotri Society at around 12 o'clock in the afternoon. The witness has admitted that on the terrace of Gangotri where he was hiding, there were many other Muslims which could be to the tune of one thousand people. He has further admitted that all Muslims like him were trying to hide to save themselves. The witness has admitted that it is only after the police vehicle came at 12:30, that they had come out. The witness has admitted that the

Panchvati Khada is situated next to Jawannagar Khada. He has stated that he knows Guddu since the last one or two years and that he had seen him from far on that day. He has admitted that Guddu was standing in the mob of thousands of people. The witness has admitted that he had covered his face with a cloth. The witness has admitted that when he saw the mob, he was frightened and was standing at a long distance from the mob.

136.8 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has not stated any time regarding the incident, and hence, his deposition is as vague as possible. It is further submitted that no other witness has stated about the mob being present at Gangotri at 12:00 in the noon. Referring to the testimony of this witness, it was submitted that admittedly, all the Muslims were hiding and could not see the mob. It was further pointed out that the witness has admitted that Guddu had covered his face with a cloth, to submit that in these circumstances, he could not have identified him.

136.9 ANALYSIS: This witness has not deposed any material facts with regard to the incident. He has stated that he had seen Guddu Chhara (deceased) in the mob, but at the same time, he says that he had tied a cloth around his face, which is self-contradictory. Considering the nature of the evidence of this witness, who has named only one accused, viz., Guddu Chhara who is dead and in that regard also, his evidence is self-contradictory, nothing much turns upon the evidence of this witness and his evidence does not in any

manner further the prosecution case to establish the charge against the accused.

137. **PW-149 Faridabanu Abdulkadar Khalifa**, aged 46 years, has been examined at Exhibit-1028. The witness has deposed that presently since the last six years, she is residing at Ektanagar with her husband and son.

137.1 The witness has further deposed that her daughter Afsanabanu is residing at Vatva. At the time of the incident, her daughter Afsanabanu used to reside in Guddu Chhara's house on rent.

137.2 At the time of the incident, she used to reside with her husband and children, in a rented house in Lane No.7, Hussainnagar. The incident took place on 28.2.2002. On that day, there was a call for Gujarat bandh. Her husband had gone to his maternal uncle's house at Palitana. On the day of the incident, she and her children were having breakfast in the morning, when at around 9:00 to 9:30, there was commotion outside. Hearing the sounds, she went outside and saw that a mob was coming towards the Noorani Masjid from Krushnanagar and Natraj Hotel. At that time, she was standing next to the S.T. Workshop compound wall near the Noorani Masjid.

137.3 The people in the mob were breaking the handcarts, stalls and rickshaws nearby. Some of the persons in the mob were wearing saffron bands on their foreheads. At that time, the policemen and S.R.P. personnel were present near the

Noorani Masjid and Shri K. K. Mysorewala was also present at the S.T. Workshop with a Government jeep. At this time, **Mayaben Kodnani** came out from the mob and went near K. K. Mysorewala and spoke to him.

137.4 In the mob in which Mayaben was, certain other persons were also present, namely, **Kishan Korani (A-20), Babu Bajrangi (A-18), Murli (A-2), Manoj Videowala (A-41), Ashok Pan Gallawala, Bipin Panchal (A-44), Jaybhavani (deceased), Dalpat Chhara (deceased), Dalpat Chhara's son-in-law Tiniyo Chhara, Sahejad Chhara (A-26), Sahejad Chhara's son-in-law Vijay Chhara, Suresh Langdo (A-22), Guddu (deceased), Hariyo (A-10), Nariyo (A-1), Tiniyo Marathi and Subhash Ramesh.**

137.5 After talking with Mysorewala, Mayaben left, whereafter police firing and private firing commenced. Acts of arson also commenced near the Noorani Masjid. In this firing, Abid and Hasan Kureshi were injured by bullets and both of them died in the incident, whereas Mahammad, Piru, Khalid and Majid had sustained bullet injuries.

137.6 At this time, she, Kudratbibi and Madinabanu, all three of them, went to PI Shri Mysorewala and requested him to help in calling for an ambulance for those who were wounded in the firing. However, he told her in clear words that, he had orders to kill Muslims and no orders to save them. Upon Mysorewala saying so, she asked Mysorewala as to why he was supporting the Hindus and why was he not stopping them. Upon her saying so, he became angry and gave her three to

four blows with a lathi and told her to go away from there or else he would shoot her. Whereupon, she, Kudratbibi and Madinabanu, all three of them, went away from there. She went home and stayed there till around 12 o'clock in the afternoon.

137.7 Thereafter, the mob was advancing further and was ransacking and burning the houses, hacking down and killing, and hence, they were very frightened. Thereafter, she locked her house and went to Jawannagar to her daughter's house. At 2 o'clock in the afternoon, while she was going to have a look at her house, she saw Mullaji's handicapped son, burning near his house. On seeing this, she was frightened and immediately returned to her daughter Afsana's house. Thereafter, she tried to go inside the S.R.P. Quarters; she wanted to go there to save her life. She had gone with her children to the S.R.P. Quarters: however, the S.R.P. people did not permit her to go inside and hence, she sat outside the S.R.P. Quarters till 7 o'clock in the evening.

137.8 While she was sitting outside the S.R.P. Quarters, a mob came from the direction of Uday Gas Agency. The people in the mob had swords, dharias, iron pipes, iron rods and cans filled with kerosene or petrol in their hands. This mob had broken the compound wall of Jawannagar and entered inside. In this mob, she had seen **Guddu Chhara** (deceased), **Hariyo (A-10)**, **Nariyo (A-1)**, **Sahejad (A-26)**, **Dalpat Chhara (deceased)**, **his son-in-law Tiniyo (A-5)**, **Tiniyo Marathi (A-30)**, and **Vijay Chharo (A-46)**, etc., who were leading the mob.

137.9 At this time, a boy named Ayub, upon seeing the mob near his house at Jawannagar, out of fear, jumped from the terrace and sustained injuries on both his legs. Ayub could not stand due to his injuries and the people in the mob lifted him and put him in a rickshaw and set it on fire. She had seen them burning Ayub alive with her own eyes. At that time, a person wearing khakhi uniform and a helmet was also there in the mob.

137.10 This very mob had set Majid's house, which was the last house in the line of Jawannagar, on fire while Majid's family members were inside the house. At that time, she felt that they would not be able to escape. From the terrace, they got down inside Gangotri Society and through the fields, together with her children she went to the open ground. There were other people with her.

137.11 At that time, there was stone pelting in the open ground and she sustained stone injury on her left leg. Thereafter, they went through the wire fencing into the S.R.P. Quarters, to her maternal aunt's son Faiyazkhan's house. When they reached Faiyazkhan's house, it was locked. Therefore, she took the keys of the house from his neighbour who was residing opposite his house and opened the house, and took shelter there along with her children. On the next day, the police vehicle came, wherein they had gone to the Shah Alam camp.

137.12 Her husband had returned after three to four days after the incident and had met them at the relief camp. About eight days after the incident, she and her husband went to

have a look at their house and found that whatever was in the house, including cash, was looted. Thus, in the incident of loot, they had incurred a loss of about one lack and fifty thousand rupees.

137.13 They had stayed at the Shah Alam camp for six months. The police had recorded her statement two to three months after the incident.

137.14 Thereafter, pursuant to an advertisement in the newspapers, she had made an application addressed to Geethaben Johri. In response thereto, she had received a summons. She had gone to Gandhinagar at the address stated in the summons, where her statement was recorded and was read over to her. At that time, she had got the facts which she had stated before the police in her statement but were not recorded by them, recorded by the SIT. The SIT had written down everything stated by her.

137.15 The witness has deposed that out of the persons named by her, Guddu Chhara, Jay Bhavani, Dalpat Chhara and Ramesh alias Subhash Marathi are dead. The witness claimed that she could identify the accused who were present before the court and whom she had named. The witness had thereafter identified Bipin Panchal (A-44), Kishan Korani (A-20), Tiniyo Chhara (A-5), Suresh Langdo (A-22), Sahejad Chhara (A-26), Ashok Pan Gallawala (A-45), Manoj Videowala (A-41), Murli Sindhi (A-2), Mayaben Kodnani (A-37) and Babu Bajrangi (A-18) correctly. However, the witness has identified A-53 as Tiniyo Marathi, who in fact is A-30. The witness has, therefore, not identified accused Tiniyo Marathi (A-30) correctly.

137.16 CROSS-EXAMINATION: In the cross-examination it has come out that at the time of the incident, the witness was residing at Hussainnagar and prior thereto she was residing at Chharanagar. She had come to reside at Hussainnagar about one and a half years prior to the incident. The witness has been extensively cross-examined with regard to the topography of the area.

137.17 The witness has stated that when she heard the commotion, she was sitting at home. She had admitted that on the first occasion she came out on the road alone and Kudratbibi was not with her. She was standing near the S.T. Workshop compound wall. The witness has denied that the mobs which came from the direction of Natraj Hotel and Krushnanagar were so huge that the entire road was filled up. The witness has stated that she cannot say as to how many people were there in the mob.

137.18 In her cross-examination, it has further come out that one of the Muslim leaders standing in the mob had told them that Police Inspector, Mysorewala was standing there and that they (the women) should go and request him because if men went there, they were beating them. Therefore, all three of them were told to go. This is how she came to know that the person who was standing there was Shri K.K. Mysorewala. In her cross-examination, it has further come out that prior to the firing, the witness, Kudratbibi, Madinabanu and others were standing there. Their elders came to the spot where they were standing and told them to contact Shri Mysorewala, who at that time was standing below a tree near the S.T. Workshop.

The witness has admitted that after the firing she had gone home and prior thereto three of them (women) were standing near the S.T. Workshop and at that time people in Hindu mob had not done anything to them. The witness has voluntarily stated that it was because at that time they were standing at a distance from the mob. She has voluntarily stated that at this time Shri Mysorewala had beaten her. She has denied that she stood near Mysorewala for about five to ten minutes and has voluntarily stated that upon saying this much, he had beaten her. She had only stood till then. The witness has stated that she can give the names of the Muslim leaders who had acquainted her with Shri Mysorewala and has stated that they were Basirbhai and Usmanbhai, both of whom are no longer alive.

137.19 The witness has stated that she had returned home at 11 o'clock and was at home till 12 o'clock in the afternoon. She had admitted that from 11:00 to 12:00 in the morning, she was at home and had not gone anywhere.

137.20 In her cross-examination it has further come out that at the time of the police firing, she was standing near the S.T. Workshop compound wall. She has voluntarily stated that even when private firing started, she was standing there. She has stated that she knows the distinction between private firing and police firing. Private firing was done by the people residing in the area. She has admitted that when six persons were injured by bullets, she was standing on the side of the S.T. Workshop. At that time, the police were standing near the S.T. Workshop gate. The mob was also standing there and the police were standing with them.

137.21 In her cross-examination it has further come out that on the day of the incident she had gone to her daughter Afsanabanu's house at Jawannagar at 12:00 in the afternoon. She has admitted that she had not seen the mob setting any boy or woman on fire in Hussainnagar.

137.22 The witness has denied that on the day of the incident when she went to see her house twice, till then, nothing had happened to her house. The witness has voluntarily stated that she had set out to look at her house; however, she could not reach her house. She has admitted that when she went to look at her house the mob had not stopped her. The witness has voluntarily stated that at that time the mobs were not there. She has admitted that when she went to see her house, her children were with Afsanabanu.

137.23 She has stated that till the evening they were at Afsanabanu's house and that apart from them, there were other Muslims at Afsanabanu's house. There were more than one hundred and fifty people; men and women as well as old and young people. She has admitted that till evening, the mob had not attacked the Muslims who were sitting in Afsanabanu's house and has voluntarily stated that the mobs had come in the evening and till then there were no mobs, therefore, naturally they would not have attacked them.

137.24 The witness has denied that they were continuously sitting in Afsanabanu's house and has voluntarily stated that they kept on going in and out, but most of the time they were sitting near the S.R.P. Quarter's compound wall. She has

admitted that she was sitting there till 7:00 in the evening. The witness has stated that she does not know the exact time as to whether the mob came at 7 o'clock, but it was around that time that the mob had come and there was stampede. She has admitted that while they were sitting near the S.R.P. compound wall, the mob had not attacked them. She has stated that she does not know as to what was the distance between them when the mob came, but has stated that the mob had come right in front. The witness has admitted that in her statement dated 3.6.2008 recorded by the SIT, she has stated that after sitting in the house for a little while, they had left and were sitting near the S.R.P. compound wall till 7 o'clock in the evening. The witness has stated that she does not know all the 150 to 200 people who were sitting there and has voluntarily stated that at that time they were all concerned with protecting their lives and nobody was looking around to see whether they knew anyone.

137.25 In her cross-examination, it has come out that for the purpose of going to Faiyazbhai's house at the S.R.P. Quarters, they had climbed Gauri Apa's terrace and had gotten down from there and through the open ground they had gone to the S.R.P. Quarters. She has stated that she does not know as to how many other people were with her when she climbed Gauri Apa's terrace and has stated that she had not stayed at Gauri Apa's house even for a moment. She has stated that she had not noticed as to whether the terrace was empty and has voluntarily stated that she was in hurry to quickly reach there. She has stated that she does not know whether or not Gauri Apa was present there. In her cross-examination, it has been elicited that Gauri Apa's terrace was in Jawannagar and the

staircase of Gauri Apa's terrace fell in Gangotri Society.

137.26 The witness has admitted that Gangotri Society is entirely of Hindus. She has denied that when she reached the open ground, it had become dark and has voluntarily stated that it was not very dark and that there was something like moonlight. She has stated that many people were sitting in the open ground and that she has looked around at the open ground. She has stated that she had not paid any attention as to whether there were any obstacles while going from Gauri Apa's terrace towards the open field. She has admitted that while going from that side, the S.R.P. men had not stopped them and has voluntarily stated that there was no one from the S.R.P. at that spot. The witness has been extensively cross examined on certain aspects, such as, from where she had gone and to which place she had gone, etc.

137.27 In her cross-examination it has come out that the witness came to know for the first time that the police had not recorded her statement as stated by her after she received the summons from the SIT and her entire statement was read over to her. The witness has stated that till the SIT authorities read over her first statement to her, she was not aware that the statement was not recorded as dictated by her. The witness has stated that she does not know as to in which newspaper the SIT's advertisement had come, but has stated that her husband was educated and he had read the newspaper and informed her that if anyone wants to give a statement in connection with the incident, they can do so.

137.28 The witness has been extensively cross-examined

with regard to the application made by her to the SIT, as to who had written it down and where. The witness has stated that within a week or ten days from the date of receipt of summons, she had gone to the SIT office for recording her statement. The witness has denied that she was deposing as tutored to her by the leaders of her community and NGOs and that she has not seen any incident of firing as well as the incident of Ayub or Mullaji's son. She has denied that three months after the incident, the organisers of the camp had come and told her that her statement was to be recorded and had further taught her as to the names of which accused were to be given and in this manner she had given both of her statements to the Crime Branch as well as to the SIT.

137.29 The witness is shown her signature at Serial No.26 of Exhibit 670 and she has identified it to be hers. The witness is shown the signature below the document Mark 644/47 and she has identified it as her signature. The witness is cross-examined with regard to the application made by her and she has admitted that the contents of the application were read over to her and she had found them to be correct. The witness has stated that she does not know that in the application it was written that communal riots had taken place at Naroda Patiya in 2002, in connection with which she had given an FIR as well as a statement before the Crime Branch, Ahmedabad City. The application Mark 644/47 has been given Exhibit No.1034.

137.30 The witness has stated that the reason for giving two applications, viz. Exhibit 1034 and Exhibit 670 to the SIT was that the application Exhibit 670 was made jointly by many people and hence she too has made the application, whereas

she had made the application Exhibit 1034 to Gitaben Johri. She has stated that as far as she can recall, the application Exhibit 1034 was made first in point of time and the joint application Exhibit 670, was made thereafter. The witness has been extensively cross-examined with regard to both the above referred applications.

137.31 The witness has admitted that when she made the application Exhibit 670, she had not read her statement recorded by the Crime Branch in the year 2002 and till she made the application Exhibit 670, she was not aware as to what was recorded by the Crime Branch in her statement. She has admitted that at the time when she made the application Exhibit 1034, she was not aware as to what was recorded by the Crime Branch in the statement recorded by them. The witness has admitted that the Crime Branch has recorded her statement after two and a half to three months at the camp. The witness is further cross-examined with regard to the conditions at the camp and the facilities provided there, etc. In her cross-examination it has further come out that before the Crime Branch recorded her statement, she had gone to her house for drawing the panchnama of her house. The panchnama has been produced before the court together with a purshis Exhibit 1035. The panchnama, which was stated to have been drawn on 14.5.2002 between 12:30 to 12:55 in the afternoon, was shown to the witness and was given Exhibit No.1036. The witness has denied that the panchnama was read over to her and has voluntarily stated that on that day the panchnama was not read over to her and all the facts stated by her have not been recorded in the panchnama and that various items which were looted from her house are not

mentioned therein.

137.32 In her cross-examination, it has come out that for the injuries sustained by her on her legs, she had availed treatment at the camp, but since the injuries were not cured, she had availed treatment from Dr.Vyas at Jamalpur. The witness is again extensively cross-examined with regard to the topography of the area and the directions from which the mobs had come on that day.

137.33 The witness has admitted that on that day, Hindus and Muslims were pelting stone at each other and has voluntarily stated that the Hindu mob was very large and that Muslims had pelted stones only to protect the masjid. The witness is further cross examined with regard to the existence of a police point at the S.T. Workshop and the presence of police on that day.

137.34 The witness has partly admitted and partly denied what is recorded in her statement dated 12.5.2002, wherein it has been recorded that while they were having breakfast in the morning, when at about 9:00 to 9:30, suddenly there was commotion in the chawl to the effect that the people belonging to the Hindu community who have come outside, have attacked; whereupon she had come out of the house and had gone to the spot where there was police point, to have a look, and there, six persons who were wounded by bullets were brought there; all of them were from Hussainnagar and she had immediately gone to the police and requested them to help them by calling for an ambulance; upon they refusing to do so, she had returned to her chawl; when suddenly there

was a stampede and at that time police had given her three blows with a baton and they had returned to their chawl and upon the mob coming to their chawl, they had gone near the S.R.P. compound wall and sat there till 7 o'clock in the evening. After 7 o'clock, they had all gone inside the S.R.P. Quarters, where she had sat with her children throughout the night and in the morning at 6 o'clock, upon the police vehicles coming, she along with her children had gone to the Shah Alam Relief Camp where they were given shelter; and presently also she and her children are at the Shah Alam Relief Camp; in stone pelting she had sustained an injury on her left leg and had not sustained any other kind of injury. The witness has stated that she had before the police she had stated facts as deposed by her in her examination-in-chief, but the police had not written them down.

137.35 In the cross-examination of the witness it has been elicited that Abid, Pirmohammed, Khalid, Kaladia, etc., six persons were injured by bullets towards the S.T. Workshop in that area. She had admitted that all of them were standing in the same mob on the service road near the S.T. Workshop, on the road which goes towards Krushnanagar as well as on the road going towards their chawl. The witness has denied that the bullets were fired from the direction of the Noorani Masjid and has voluntarily stated that they were fired from the S.T. Workshop gate. She has stated that it must have been around 9:00 to 9:30, when these six persons were injured by bullets. The witness has admitted that the persons, who were injured in the firing, were standing in front. The witness has stated that along with the Muslims who were standing and were injured, Madinabanu, Kudratbanu, Abbasbhai, Basirbhai, etc.,

were also standing there. She has stated that she was standing there till around 9 to 11 o'clock.

137.36 The witness has denied that in her statement dated 12.5.2002 recorded by the Crime Branch, she has not stated that on the day of the incident she had gone to her daughter Afasanabanu's house and that she has not stated that Shri Mysorewala has given her three blows with a baton and that in the same statement she has not stated any facts regarding Mayaben, Kishan Korani, Murli Sindhi and Babu Bajrangi; and that she has also not stated any facts regarding Ayub jumping from a terrace and being burnt by putting him in a rickshaw; and that she has not stated that at that time Majid's family members were inside their house and they were burnt; and the fact regarding Mayaben having talked to P.I. Shri Mysorewala at that time; have not been stated by her in her statement. Moreover, she has also not stated any fact regarding Mullaji's crippled son in her statement. The witness has voluntarily stated that she has stated so, but the police had not recorded it.

137.37 The witness has stated that the incident concerning Majid's family members took place at 7:00 in the evening and that she had seen this incident while she was standing outside her daughter's house in the lane of Gauri Apa's house.

137.38 The witness has denied that in the firing from Noorani Masjid, six youths were injured by bullets. She has admitted that in her statement recorded by the SIT she had stated that six persons from the Muslim mob were wounded by bullets and those who were injured were, (i) Hasan Qureshi,

(ii) Abid Ali, (both of them have died), (iii) Khalid, (iv) Mohammed, (v) Majid, and (vi) Pirubhai Painter. The witness has voluntarily stated that she has not stated anywhere that firing took place near the Noorani Masjid.

137.39 Certain extracts of paragraph 7 of her examination-in-chief are read over to the witness and she has denied that she has not stated such facts in both of her statements recorded by police. The first five lines of paragraph 7 of her examination-in-chief are read over to the witness and she has denied that she has not stated such facts in her statement dated 12.5.2002. The last two lines of paragraph 6 of her examination-in-chief are read over to the witness, who has denied that she has not stated such facts in her statement dated 12.5.2002. The contents of paragraph 8 of her examination-in-chief are read over to the witness to the effect that in her statement dated 12.5.2002 she had verbatim not stated that in the very mob in which Mayaben Kodnani was there and that all the persons named in paragraph 8 were present there. The witness has voluntarily stated that she has stated so, but it had not been recorded. [The trial court has noted that the contradiction put to the witness is only to the effect that names of Mayaben Kodnani, Kishan Korani, Babu Bajrangi Murli, Manoj Videowala and Subhash Ramesh have not been stated in her statement dated 12.5.2002 and further she has not stated that all the accused were in the mob in which Mayaben Kodnani was.]

137.40 [The learned Additional Special Public Prosecutor had pointed out to the trial court that in statement the witness has not stated 'Kishan Korani', but has mentioned 'Kishandada

Marathi'; not mentioned 'Manoj Videowala', but has mentioned 'Manoj Tyrewala'; not mentioned 'Subhash Ramesh', but has mentioned 'Subhash Marathi'.]

137.41 The contents of paragraphs 9 and 10 of her examination-in-chief are read over to the witness, to the effect that she has not stated such facts in her statement dated 12.5.2002, which the witness has denied. The contradiction insofar as paragraph 10 is concerned, is only to the effect that the witness had stated that she had gone alone to the police and she had not mentioned about the presence of Kudratbibi and Madinabibi and that while she had mentioned that she had gone to the police there was to reference of having gone near P.I. Mysorewala. The name of Mysorewala has not been mentioned by her, though the other facts have been stated.

137.42 The contents of paragraphs 11, 12 and 14 of her examination-in-chief are read over to the witness to the effect that she has not stated such facts in her statement dated 12.5.2002. The contents of the first seven lines of paragraph 13 of her examination-in-chief are read over to the witness to the effect that she has not stated such facts in her statement dated 12.5.2002. The contents of paragraph 15 and last two lines of paragraph 16 of her examination-in-chief are read over to the witness to the effect that she has not stated such facts in her statement dated 12.5.2002.

137.43 The contents of paragraph 14 of her examination-in-chief are read over to the witness, to the effect that she has not stated such facts in her statement dated 3.6.2008 recorded by SIT. The contents of paragraph 19 of the

examination-in-chief of the witness from the sixth line to the last line are read over to her to the effect that she has not stated such facts in her statement recorded by the SIT. The witness has deposed that she had stated so, but they may not have recorded it.

137.44 The witness has admitted that in her statement dated 3.6.2008, she has stated that her police statement dated 12.5.2002 had been read over to her and that the same was correct and proper and that she had also stated that in her statement recorded on that day, she had given the names of Mayaben and other persons as being present in the mob and that these names had not been stated by her in her statement dated 12.5.2002. In this connection upon being asked she is stating that her statement was recorded at the Shah Alam Camp on 12.5.2002 and that time she had given the name of Mayaben as well as the other accused to the officers who took down the statement; however, at the relevant time the concerned officers had not written down their names. The witness has admitted that on that day she has seen, in all, two mobs; one in the morning and another in the evening. She has admitted that in her statement dated 12.5.2002 she had mentioned about both the mobs to the police and has voluntarily stated that it may be that they may not have written it down. She has denied that in her statement dated 12.5.2002 she has not stated any fact regarding the morning mob and the presence of Mayaben, Kishan Korani, Babu Bajrangji, Murli Sindhi and Manoj Videowala in the evening mob. The witness has voluntarily stated that she has stated so; however, the police had not written it down. The witness has admitted that in her statement dated 3.6.2008 recorded by

SIT, that she had mentioned the names of these five persons as well as Bipin Panchal as being present in the evening mob and not in any other manner.

137.45 The witness has stated that she cannot say as to when the incident of a living person being thrown in a rickshaw and being burnt had taken place; however, the incident took place in the evening. The witness has voluntarily stated that the incident had taken place as stated by her and at that time it was around 7:00 in the evening. This incident had taken place at Jawannagar, near the S.R.P. compound wall. On one side there was the S.R.P. compound wall and on the other side there was the Jawannagar compound wall, which the mob had broken and entered, and the incident had taken place between those two walls. She has stated that the incident took place near Guddu Chhara's house. She has denied that the incident had taken place near Afsanabanu's house. She has stated that the spot is at a little distance from Afsanabanu's house.

137.46 The witness has admitted that the incident of burning a person alive in a rickshaw took place near the S.R.P. compound wall. The witness has stated that she does not know as to from which terrace the youth or individual, who was burnt alive in a rickshaw, had fallen. She has stated that the youth has been brought from Jawannagar. She has admitted that she has not seen the youth falling from the terrace. She has stated that the incident did not go on for half an hour and that the mob has set the youth ablaze and then proceeded further. The witness has admitted that the mob had come from the Uday Gas Agency road and this very mob had broken the Jawannagar compound wall and had entered inside.

137.47 The witness has stated that the incident of Mullaji's crippled son had taken place at around 2:00 in the afternoon. The incident had taken place at Hussainnagar. She does not remember exactly in which lane of Hussainnagar the incident had taken place, but the boy was lying on the road side. She has admitted that at that time she had not seen any person there. She has voluntarily stated that she has seen that a boy was lying there and was burning with his tricycle for the handicapped.

137.48 The witness has admitted that the Islamic Relief Committee had given her a house at Ektanagar without any consideration and that she was not required to make payment towards the same. The witness has stated that she knows that Mayaben is a doctor and that she is a gynaecologist. The witness has voluntarily stated that she had been admitted in her hospital twice and, therefore, she knows her. The witness has stated that she does not know Kishandada Marathi. She has stated that she knows Kishan Korani, however, she has not gone to his house nor does she know his family members. He had never come to her house and that she had no occasion to talk with him and that she had no social relations with him.

137.49 The witness has further stated that she has not seen Babu Bajrangi's house. She has not gone to his house. He had not visited her house. She had no occasion to talk to him neither did she have any monetary dealings or social relations with him.

137.50 The witness has stated that she did not have any

monetary dealings or any social relations with the accused, namely, Murli, Bipin Panchal, Jai Bhavani, Dalpat Chara, Dalpat Chara's son-in-law – Tiniyo, Sahejad, Sahejad's son in law – Vijay, Suresh Langda, Guddu Chara, Hariyo, Nariyo, Tiniyo, Subhash Ramesh and Ashok Pan Gallawala and has voluntarily stated that she knew all of them.

137.51 The witness has stated that several years ago she used to take videos on hire from accused Manoj Videowala, but she had no other social relations with him.

137.52 The witness has admitted that she has the habit of eating pan. She has voluntarily stated that she had never eaten pan from Ashok Paan Cabin. She has denied that she used to sit at Ashok Paan Cabin and eat pan and used to take pan from him on credit and she owes Ashok certain amounts towards purchase of pan, which he was demanding, and therefore, she was implicating him.

137.53 The witness has stated that she does not know Manoj Tyrewala. Manoj Videowala has his shop at Kubernagar Road. The witness has stated that the shop which she has referred used to be there several years ago when she was residing at Charanagar. It must have been about twenty years prior thereto. The witness has stated that except for taking videos from Manoj, she had no occasion to meet him. She, however, has voluntarily stated that she has seen him during the riots.

137.54 The witness has admitted that the Jawannagar compound wall is situated between Afsanabanu's house and

Jawannagar pit. The witness is further cross-examined with regard to the details about where she was standing at the time of firing, etc.

137.55 In her cross-examination, it has come out that she had met Majid for the first time after the incident at the camp and that she had met him only once. She has stated that she did not have any conversation with Majid regarding the incident; however, he had told her that his daughter, as well as seven members of his family, were killed in the incident. She has stated that she has informed him that she herself had seen his house being burnt. The witness has stated that she had seen the incident from Gauri Apa's house. She denied that till Majid's house was totally burnt, she was standing there. She has admitted that as soon as Majid's house was set ablaze, out of fear she had gone away from there. She has admitted that she has not seen Majid's family members burning. She has voluntarily stated that she knew that Majid's family members were inside the house.

137.56 The witness has admitted that the accused, whom she has identified before the court, have been identified by her for the first time; prior thereto, she has not identified them before the police or a magistrate. The witness has admitted that her daughter, Afsanabanu has also been given a house by the Islamic Relief Committee and that it had been given without payment of any consideration. The witness has stated that she remembers the name of owner of Bipin Auto Centre, it is Bipin Panchal. The witness has stated that she does not know whether people from their community had set Bipin Auto Centre on fire. She has denied that since many Muslims have

been named in the incident wherein Bipin Auto Centre was set on fire, she is falsely deposing before the court and wrongly implicating Bipin Panchal and that Bipin was not present at the spot; and that as she and her daughter have been given houses for free by the Islamic Relief Committee, she was falsely deposing before the court.

137.57 The defence has cross-examined the concerned Investigating Officer or the assignee of the concerned Investigating Officer, who had recorded the statements of this witness to prove the omissions and contradictions in the testimony of the witness.

137.58 PW-278 Shri R.B. Joshi, the assignee officer has admitted that he has recorded the statement of this witness on 12.5.2002. He has admitted that this witness had stated before him that they were having tea and breakfast in the morning when at around 9:00 to 9:30, suddenly there was commotion in the chawls that the people of the Hindu community who have come outside have attacked and upon their saying so, she had come out of her house to look and had gone to the police point which was there and there, six persons were injured by bullets. They were brought from there. All of them were residing at Hussainnagar and she immediately went to the police and had told the police that they should help them by calling an ambulance, but they had refused to do so, and hence, she had returned to her chawl, when suddenly there was pandemonium and at that time, the police had given three blows with a baton and they had come to their chawls and the people in the mob were coming inside their chawls. They had gone near the S.R.P. compound wall and were sitting there till

around 7 o'clock in the evening and at around 7 o'clock in the evening they had all gone inside the S.R.P. Quarters and there she and her children had stayed there throughout the night and in the morning at 6 o'clock upon police vehicle coming, she sat in the vehicle with her children and came to the Shah Alam relief camp and at present, she and her children are all at the Shah Alam relief camp. In the stone pelting, she was injured on the left leg and she has not sustained any other injury. The assignee officer has admitted that this witness has stated that she has sustained damages of Rs.35,000/-.

137.59 The assignee officer has admitted that this witness has not stated before him that she had gone to her daughter Afsanabanu's house on the day of the incident; Mysorewala had given her three blows with a baton; as well as facts regarding Mayaben, Kishan Korani, Murli Sindhi and Babu Bajrangi. Similarly, she has also not stated the facts regarding Ayub having jumped from the terrace as well as his being burnt in the rickshaw, Majidbhai's family while they were inside they were set ablaze, P.I. Shri Mysorewala had talk with Mayaben as well as the incident of Mullaji's handicapped son, have not been stated by this witness before him. He, however, has clarified that she had stated the fact regarding the police giving her three blows with a baton.

137.60 The assignee officer has further admitted that this witness has stated before him that at 6:30 in the evening the people in the mob were around ten to twelve thousand; wherein the people in front as well as the people who were wearing khakhi shorts and saffron bands and had swords in their hands were damaging houses of the people and were

setting them ablaze. Other than this, she does not know anything and at present, she and her family members are staying at the Shah Alam Roza relief camp.

137.61 The contents of first five lines of paragraph 7 of the examination-in-chief of this witness are read over to the assignee officer, who has denied that the witness had not stated such facts in her statement recorded by him. He has stated that this witness has stated that people had been brought to set the houses in Jawannagar on fire and this mob was comprised of ten to twelve thousand people, wherein on the front side there were men who were wearing khakhi shorts and saffron bands and had swords in their hands. The people had damaged the houses and set them ablaze. The facts other than these, are not there in the statement.

137.62 The contents of paragraph 7 from line No.1 to the last line at page 4 of her deposition are put to the assignee officer wherein the witness has stated that Shri K. K. Mysorewala was present near the S.T. Workshop with a government jeep. At this time, Mayaben Kodnani came out from the mob near K.K. Mysorewala and had some conversation with him. The assignee officer has admitted that the witness has not stated these facts in the statement recorded by him.

137.63 The contents of last two lines of paragraph 6 of the examination-in-chief of this witness are read over to the assignee officer, wherein she has stated that at that time she was standing near the S.T. Workshop compound wall, opposite the Noorani Masjid. The assignee officer has denied that the

witness has not stated that she was standing near the S.T. Workshop wall. He has stated that the witness in her statement had stated that the people belonging to the Hindu community had attacked the Noorani Masjid and upon hearing that she had come out of her house and had gone to the police point there.

137.64 The assignee officer has admitted that the witness has not mentioned having seen Mayaben in the mob. However, the witness in her statement had stated that she had seen the people who had attacked the masjid wherein Nariyo, Hariyo as well as Suresh Langdo, Bipin Aotowala, Manoj Tyrewala Sindhi, Ashok Pan Gallawala, Guddu Chharo, Jaybhavani, Sahejad Chhara, Kishan Dada Marathi, Tiniya Marathi, Subhash Marathi, Dalpat Chharo, Tiniya Chharo Dalpat Chhara's son in law and Vijay Chhara, all of whom reside at Naroda Patiya near the S.T. Workshop have been mentioned.

137.65 The assignee officer has admitted that the witness has not stated the name of Mayaben Kodnani or any role played by her in the statement recorded by him. The assignee officer has admitted that this witness has not mentioned the name of Kishan Korani but has named Kishan Dada Marathi. The assignee officer has also admitted that the witness has not stated the name of Manoj Videowala and Subhash Ramesh but had stated Manoj Tyrewala Sindhi and Subhash Marathi. He has further admitted that this witness has not stated the name of Babu Bajrangi or any role played by him in her statement recorded by him.

137.66 The contents of paragraph 9 of the examination-in-

chief of this witness are read over to the assignee officer wherein she has stated that Mayaben talked to Shri Mysorewala and departed, where after police firing as well as private firing had commenced and setting fire near the Noorani Masjid had started. In this firing, Abid as well as Hasan Qureshi were injured by bullets and both of them died on the spot, whereas in the firing Mohammed, Piru, Khalid and Majid were injured by the bullets. The assignee officer has denied that all the facts stated in paragraph 9 have not been stated by the witness and has stated that the witness had mentioned regarding these persons being injured in the firing and that the rest of the facts have not been stated by her.

137.67 The contents of paragraph 10 of the examination-in-chief of this witness are put to the assignee officer wherein the witness has stated that at this time she, Kudratbibi, Madinabanu all three of them had gone to P.I. Shri Mysorewala and had requested him to help them by calling an ambulance for those injured in the firing, whereupon he had, in clear words, told them that there was an order to kill the Muslims and not to save them. Upon Mysorewala saying so, she had told Mysorewala that he was supporting the Hindus and why was he not stopping them, whereupon he got angry with her and give three – four blows with a stick and told her to go away from there, or else he would shoot her. Upon this happening, she, Kudratbibi, Madinabanu, all three of them had gone away from there. She had gone at home and was sitting there. Thereafter, she had stayed at home till 12 o'clock.

137.68 The assignee officer has denied that all the facts stated in paragraph 10 of her examination-in-chief have not

been stated before him by this witness and has stated that the witness had stated in her police statement that she had immediately gone to the police and told the police to help them by calling an ambulance. Upon her saying so, they had refused and hence, she had immediately come to her chawl and suddenly there was a pandemonium and the police gave her three blows with a stick. Except for these facts, the other facts have not been stated by the witness.

137.69 The contents of paragraph 11 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that the witness has not stated such facts in her statement recorded by him. The contents of paragraph 12 of the examination-in-chief of the witness are read over to the assignee officer who has denied that all the facts stated therein have not been stated by the witness in the statement recorded by him. The assignee officer has stated that the witness has stated that the people in the mob were in the witness's chawl and they had gone and were sitting near the compound wall of the S.R.P. and till 7 o'clock in the evening they had continued to sit there. Such facts have been stated by the witness, whereas the other facts have not been stated by her.

137.70 The contents of paragraph 13, 14 and 15 of the examination-in-chief of this witness are read over to the assignee officer, who has admitted that the witness has not stated these facts in her statement recorded by him.

137.71 The contents of paragraph 16, except for the last two lines of the examination-in-chief of this witness are read

over to the assignee officer, who has denied that all the facts stated in this paragraph have not been stated by this witness. He has stated that the witness has stated that in the stone pelting she was injured on the left leg, except for that, the other facts have not been stated by her. The assignee officer has admitted that this witness in her statement has not stated any facts regarding the presence of Mayaben Kodnani, Kishan Korani, Babu Bajrangi, Murli as well as Manoj Videowala in the mobs in the morning as well as in the evening. He has clarified that what he wants to say is that the witness has referred to Manoj Tyrewala Sindhi, Kishan Dada Marathi amongst the five names given by her.

137.72 The assignee officer has admitted that after recording the statement of this witness, he has not taken any steps for verifying the same as there were no such instructions from the Investigating Officer.

137.73 PW-327 Shri V.V. Chaudhary, the Investigating Officer (SIT), in his cross-examination, has admitted that he has recorded the statement of this witness on 3.6.2008. He has admitted that this witness had stated before him that, "*.... I together with Madinabanu Kalumiya and Kudratbanu, who had a flour mill.*" He has admitted that this witness had stated before him that, therefore, she had come from her house to Naroda Patiya opposite the Noorani Masjid and had seen that mobs that had come from Natraj Hotel and Krushnanagar had gathered near the Noorani Masjid. The people in the mob had tied red coloured bands on their foreheads. The people in the mob were damaging the stalls and vehicles of the Muslims and setting them ablaze. They had entered the masjid and had

started damaging it. They were setting the masjid on fire, at that time, since the masjid was being damaged, Muslim youths had gathered to protect it. At that time, the mobs had come against each other and were pelting stones. At this time, the police and the S.R.P. were near the Hindu mob. From this mob, the police had fired upon the Muslim boys.

137.74 The Investigating Officer has admitted that this witness has verbatim, not stated regarding six Muslims having been injured in the firing from the direction of the Noorani Masjid and two of them having died. He has stated that the witness had stated before him that the police and the S.R.P. were near the Hindu mob. From this mob, the police had fired at the Muslim boys and people in plain clothes were also standing, who had resorted to private firing due to which, six people from the Muslim mob were injured, out of whom, Hasan Qureshi and Abid Ali had died.

137.75 The Investigating Officer has admitted that the witness had not stated that the mob from where there was firing, in which six Muslims had been injured and two had died, was near the S.T. Workshop. However, the witness had stated that the firing had taken place from near the Noorani Masjid at Naroda Patiya road.

137.76 The contents of paragraph 7 at page 4 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that the S.R.P. people were present and Shri K.K. Mysorewala was present at the S.T. Workshop with a government jeep. At this time, Mayaben Kodnani came out of the mob and went near K.

K. Mysorewala and she had talked with Shri Mysorewala. The Investigating Officer has denied that this witness in her sole statement recorded by him has not stated these facts. He has asserted that this witness had stated all the facts except that instead of the S.T. Workshop, she had mentioned Naroda Patiya road in her statement, as the place where Shri Mysorewala was present. In her deposition, she has mentioned the S.T. Workshop whereas in the statement she has mentioned Naroda Patiya road, all the other facts have verbatim been stated in her statement.

137.77 The contents of paragraph 14 of the examination-in-chief of the witness are read over to the Investigating Officer, wherein the witness has stated that a boy named Ayub came near Jawannagar and got frightened upon seeing the mob near his house, due to which, he jumped from the terrace and both his legs were injured. This Ayub could not get up because of the injuries. The people in the mob picked up the fallen Ayub and put him in a rickshaw and set it on fire. They burnt Ayub alive, which she had seen with her own eyes. At this time, there was a person wearing a khakhi uniform and helmet in the mob.

137.78 The Investigating Officer has stated that part of what is read over to him had been stated by the witness in her statement but the remaining part has not been stated. He has stated that the witness had not given the name of Ayub but had mentioned a Muslim individual. The witness had not mentioned that the mob had burnt and had mentioned that kerosene was sprinkled on him and he was burnt but there was no mention of a rickshaw as well as a person wearing khakhi

uniform and helmet.

137.79 The Investigating Officer has admitted that this witness had stated before him that he had recorded her statement by putting questions to her in Gujarati as well as in Hindi. The Investigating Officer has admitted that he has put questions to her in Hindi as well as in Gujarati.

137.80 SUBMISSIONS: The learned counsel for the appellants referred to the examination-in-chief of the witness, to submit that there is no allegation against any of the accused with regard to the evening incident, that no role has been attributed to them except that they were present as part of the mob. It was stated that the only attribution to Mayaben Kodnani is that she had talked to Mysorewala and went away. It was submitted that eight days after the incident, the witness has gone to her house without police or anyone's help and they had found police personnel outside their house. Still at that point of time or even thereafter, till May 2002, they had not intimated the police about the incident. It was submitted that at the earliest point of time true facts should be brought on record and that delay gives rise to false implication. It was submitted that this witness has, at not less than three places, admitted that she did not know that the Crime Branch has not recorded her statement as given by her until it was read over to her by the officers of the SIT, that reading over of statements by the SIT has not taken place at any point of time prior to 3.6.2008. Therefore, she came to know about this fact of her statement not being properly recorded by the Crime Branch only on 3.6.2008, when her statement was recorded by the SIT, after her police statement was read over to her. It was

submitted that therefore, when the application Exhibit-1034 was made on 5.5.2008, admittedly the witness did not know about the fact that her statement was recorded by the Crime Branch against her wish and that the facts she had dictated were not written in it. Therefore, there was no occasion for her to make grievance in writing by way of the application Exhibit-1034 and it clearly appears and is coming on record that such a grievance is not her grievance, but it is a fact engineered and planned at the instance of somebody so that under this guise a new story or new names of accused can be introduced. It was submitted that in view of these facts, even her making a grievance before the SIT in her statement dated 3.6.2008 is inconsequential and is clearly made as tutored to her. Referring to the last three lines of paragraph 19 of her examination-in-chief wherein the witness has stated that as the police had not written down the facts as stated by her at the camp, she has stated these facts in her statement recorded by the SIT, who had recorded everything, it was submitted that in fact, such grievance is made before the SIT. Therefore, there is no omission, but a larger conspiracy at the instance of third parties or NGOs or lawyers helping the victims to falsely implicate others with false stories, has surfaced in view of the clear admission of this witness at three places that she did not know that her statement is not properly recorded until it was read over to her for the first time by SIT on 3.6.2008.

137.81 Reference was made to paragraph 173 of the cross-examination of the witness to submit that in the morning incident, the witness has alleged the presence of Bipin Panchal and accused No.2 Murli, which means that she knows them as

she had named them and she had specifically stated that these five persons and Bipin Panchal have not been named in the evening mob. It was submitted that, therefore, as per the claim of this witness they were not present in the evening mob. It was submitted that if the deposition of PW-143 Dildar Umrao Saiyed is seen, he has specifically referred to Bipin and Murli in the same incident in the evening. It was submitted that it creates further doubt insofar as Dildar's deposition is concerned, which makes the presence of Bipin Panchal and Murli doubtful. Referring to the contents of paragraph 178 of her cross-examination, it was pointed out that the witness has admitted that she had not seen any boy falling from the terrace, which makes her story of the boy being set on fire doubtful.

137.82 Referring to the cross-examination of the witness, it was pointed out that except for Mayaben Kodnani, this witness has no personal acquaintance with any of the accused. It was submitted that looking to all the major omissions in her police statement, stories which are being told for the first time before SIT create a serious doubt about the happening of such incident at all and about her being an eye witness to such incident.

137.83 It was submitted that this witness has identified accused No.5 Tiniyo Chhara, son-in-law of Dalpat Chhara and that accused No.5 has been named by only two witnesses, namely, PW-116 Lalabhai Nizambhai Luhar and this witness PW-149. It was submitted that PW-116 has not identified accused No.5 Tiniyo (Vikram Rathod) in the court and his evidence is not believed even by the trial court.

137.84 The learned counsel for the appellants further submitted that from the place where the witness was standing as stated by her in paragraph 6 read with paragraph 127 of her deposition, she could not have seen the mob, which indicates that she has not seen anything. It was pointed out that in paragraph 172 of her cross-examination, the witness has stated that she has seen only one mob in the morning incident whereas in her examination-in-chief she has referred to two mobs which indicates that she has not seen the incident. It was submitted that the witness is residing in the area since only one and a half years and she had seen the accused at the S.T. Workshop gate. It was submitted that the witness has no acquaintance with the accused and had no occasion to meet them and that in the absence of any test identification parade being held, it was not possible for the witness to identify all these accused.

137.84 Referring to the contents of paragraph 9 of her examination-in-chief, it is submitted that no other witness has stated that Hasan Qureshi had sustained bullet injuries and died. Insofar as reference to the handicapped son of Mullaji is concerned; it was submitted that Moinuddin's mother has been examined and she has narrated a different story and has not mentioned anything regarding tricycle. It was submitted that this witness in paragraph 13 of her examination-in-chief has stated that she was at the S.R.P. gate till 7 o'clock in the evening, but she does not say that any teargas shells were burst. Therefore, it is very doubtful whether at all she was sitting at the S.R.P. gate. It was submitted that under the circumstances, the fact regarding the witness having seen the

mob and the accused as well as having seen the incident of Ayub, create doubt over the veracity of her statement. It was further submitted that insofar as the incident of Ayub is concerned, the witness has not named any accused though other witnesses have given names of accused referred to by the witness in the mob. It was submitted that if the accused involved in Ayub's incident were those who were present in the morning mob, the witness would have certainly named them. It therefore, clearly transpires that the witness has not seen the incident of the mob and Ayub's incident. It was submitted that this witness implicates many accused, but it is highly doubtful as she was residing in the area since the last one and a half years only and she had no occasion to come in contact with the named accused. It was submitted that the evidence of this witness is therefore, not reliable and it may not be relied upon in such a serious offence.

137.85 ANALYSIS: This witness in her deposition has referred to the presence of Mayaben Kodnani along with Kishan Korani, Babu Bajrangi, Murli, Manoj Videowala, Ashok Pan-Gallawala, Bipin Panchal, Jaybhavani, Dalpat Chhara, Dalpat Chhara's son-in-law Tiniyo Chhara, Sahejad Chhara, Sahejad Chhara's son-in-law Vijay Chhara, Suresh Langda, Guddu, Hariyo, Nariyo, Tiniyo Marathi, Subhash, Ramesh in the mob in the morning near the S.T. Workshop where Shri K.K. Mysorewala was standing with a Government jeep. The witness has deposed that Mayaben Kodnani came out from the mob, went to K.K. Mysorewala and had a talk with him. After talking with Mysorewala, Mayaben left, whereafter there was police firing and private firing and incidents of arson near the Noorani Masjid commenced. The witness has stated regarding Mayaben

coming out of the mob and her going away after talking to Mysorewala, but she has not stated as to how Mayaben had gone, whether she had gone in a vehicle, or whether she had gone on foot. She has merely said that she had left.

137.86 Moreover, from the contradictions and omissions brought out in the cross-examination of this witness, it emerges that the witness had not stated any fact regarding the presence of K.K. Mysorewala with a Government jeep at the S.T. Workshop and the talk between Mayaben Kodnani and K.K. Mysorewala. The witness, in her statement dated 12.5.2002, had not named Mayaben Kodnani, Kishan Korani, Babu Bajrangi, Murli, Manoj Videowala and Subhash Ramesh and these names have been given by her subsequently in her statement before the SIT and then in her deposition before the court. The fact regarding Mayaben having left, whereafter the police and private firing and arson having commenced near the Noorani Masjid, have not been stated by the witness in her original statement recorded by the police. After considering the omissions and contradictions in the testimony of this witness, what is consistent in her testimony is that in the morning at around 9:00 to 9:30, the witness had heard commotion outside and hence, she had come out and seen mobs towards the Noorani Masjid coming from Krushnanagar and Natraj. In the mob, she had seen Ashok Paan-Gallawala (A-45), Bipin Panchal (A-44), Jaybhavani (deceased), Dalpat Chhara (deceased), Dalpat Chhara's son-in-law Tiniyo Chhara (A-5), Sahejad Chhara(A-26), Sahejad Chhara's son-in-law Vijay Chhara (A-46), Suresh Langda (A-22), Guddu (deceased), Hariyo (A-10), Nariyo (A-1) and Tiniyo Marathi (A-30). There was police firing in which several persons were injured. At that

time, she had gone to the police and had asked them to help by providing an ambulance for those who had been injured in the police firing. However, upon her saying so, she was inflicted three to four blows with a baton, whereupon she had returned and gone home and had remained there till 12 o'clock in the afternoon. Thereafter, upon the mobs coming, she had left her house and had gone outside the S.R.P. Quarters and had sat there till around 7 o'clock in the evening. At that time, another mob had come, wherein she had seen Guddu Chhara (deceased), Hariyo (A-10), Nariyo (A-1), Sahejad, Dalpat Chhara (deceased), Tiniyo (A-5), Tiniyo Marathi (A-30), Vijay Chhara (A-46), etc. leading the mob. There was stone pelting in which she was injured with a stone on her left leg. From the cross-examination of the witness, it has been elicited that she was at home till 11 to 12 o'clock. In her cross-examination, it has also come out that while she was sitting at Afsanabanu's house till the evening, there was no attack on the Muslims by the mob and the witness has voluntarily stated that the mobs came in the evening, and hence, till then, it was natural that the mobs had not attacked them. The witness has also admitted that while they were sitting near the S.R.P. compound wall, no mob had attacked them. In her cross-examination, it has further come out that she had left the S.R.P. Quarters compound wall at around 7 o'clock in the evening. In her cross-examination, it has further been elicited that for the purpose of going inside the S.R.P. Quarters, she had climbed over Gauri Apa's terrace and had got down in the field and had entered the S.R.P. Quarters. In her cross-examination, she has denied that when she reached the field from Gauri Apa's terrace, it was not dark. The witness has stated that there was moonlight. All these facts have been

brought out in the cross-examination of the witness.

137.87 In her cross-examination (paragraph 86), a contradiction has been brought out that before the SIT when she narrated the incident of Ayub, she had not mentioned any fact regarding a rickshaw. In her cross-examination (paragraph 135), it has been elicited that on that day, there were mobs near Noorani Masjid where she had also seen the police. The witness has voluntarily stated that both the police as well as S.R.P. were present there; however, both were siding with the mobs. The police was not doing anything to the mob and they were just watching everything. The witness has admitted that after being beaten with the baton, she had gone straight home and from there, she had straightaway gone to her daughter's house at Jawannagar. The witness has denied the suggestion that on that day she has not gone to her daughter's house and that on that day, they were sitting at the S.R.P. compound wall till 7 o'clock in the evening, and thereafter, she had gone to the S.R.P. Quarters. In her cross-examination, it has been brought out that in her statement dated 12.5.2002, she has not stated anything regarding her having gone to her daughter Afsanabanu's house, on the day of the incident. She had not named Mysorewala as the person who inflicted three blows with a baton on her; she had not stated the facts regarding Mayaben, Kishan Korani, Murli Sindhi and Babu Bajrangi; he had not stated the facts with regard to Ayub jumping from the terrace and being burnt in a rickshaw; and the fact regarding Majid's house with his family members being set ablaze; as well as the fact regarding PI Mysorewala talking with Mayaben.

137.88 On an overall view of the evidence of this witness,

while there are some improvements and embellishments in the version given by the witness, to a certain extent the version given by her before the court is consistent with what she had stated before the police in her first statement dated 12.5.2002. While the implication of Mayaben (A-37), Kishan Korani (A-21), Murli Sindhi (A-2), Babu Bajrangi (A-18) is in the nature of improvement, the witness has named all the other accused right from the inception in her statement dated 12.5.2002. The role attributed to those accused is also the same role attributed to them in the initial police statement. Before the court, the witness has identified Bipin Panchal (A-44), Kishan Korani (A-20), Tiniya Chhara (A-5), Suresh Langda (A-22), Sahejad Chhara (A-22), Ashok Pan-Gallawala (45), Manoj Videowala (A-41), Murli Sindhi (A-2), Mayaben Kodnani (A-37) and Babu Bajrangi (A-18) correctly. The witness, however, has identified accused No.53 as Tiniyo Marathi and has, thus, failed to identify Tiniyo Marathi (A-30) correctly. Insofar as Nariyo (A-1) and Vijay Chhara (A-46) are concerned, both of them had filed exemption applications and are therefore, deemed to have been identified. The witness has also failed to identify Hariyo (A-10), though he was present in the dock. Out of the witnesses whom she has identified, as noticed earlier, the witness had not named Mayaben (A-37), Kishan Korani (A-20), Murli Sindhi (A-2) and Babu Bajrangi (A-18) in her statement recorded by the police.

137.89 Therefore, the testimony of the witness qua those accused whom she had not named in her initial police statement, does not deserve to be accepted as the same is in the nature of improvement. While it is the consistent case of the witnesses that though they had named certain accused,

the police had not written down their names, from the testimony of this witness, it is evident that the witness had named a large number of accused in her police statement and the police has noted down their names. Therefore, there is no reason to believe that the police would not have written down the names of the other accused stated by her. It may be noted that insofar as accused No.37 Mayaben Kodnani is concerned, since she was an M.L.A. and was an influential person, there might be some reluctance in recording her name. However, insofar as the names of the other accused are concerned, they have also been named by other witnesses and their names have been recorded by the police. Therefore, when in case of other witnesses, the names of such accused have been recorded by the police, there was no reason for them not to write down their names at the instance of this witness also. Therefore, to the extent the witness has implicated accused other than Mayaben Kodnani(A-37) for the first time before the SIT and in her deposition before the court, her evidence qua those accused does not merit acceptance. However, insofar as the other accused are concerned, the witness is consistent in her statement right from inception and though she has been subjected to lengthy and searching cross-examination, she has withstood the same and the defence has not been able to dent her credibility except to the extent noted hereinabove.

137.90 A contention has been raised that though this witness had an opportunity to give the names of the accused at an earlier point of time, her statement was recorded belatedly only on 12.5.2002. Since similar contentions have been raised in respect of almost all the witnesses, such contention shall be dealt with as a separate topic.

137.91 Another submission made by the learned counsel for the appellants is regarding the application Exhibit-1034 made by the witness and the facts stated therein which apparently have not been stated by the witness. Since this is also a general allegation against many of the witnesses, the same shall be dealt with as a separate topic.

137.92 A contention has been raised that in paragraph 173 of her cross-examination, the witness has admitted that in her statement dated 3.6.2008, she has not stated the names of these five accused, viz., Mayaben, Kishan Korani, Babu Bajrangi, Murli and Manoj being present with Bipin Panchal in the mob in the evening. It was submitted that according to this witness, these five accused were not present in the evening mob, whereas PW-143 Dildar Umrao Saiyed has specifically referred to Bipin and Murli being present in the same incident in the evening which creates a doubt insofar as Dildar Saiyed's deposition is concerned, which makes the presence of Bipin Panchal and Murli doubtful. It may be noted that while evaluating the testimony of PW-143 Dildar Umrao Saiyed, the court has not accepted his testimony regarding the presence of Bipin and Murli in the evening incident as deposed by him.

139.93 It was pointed out that in paragraph 178 of her cross-examination, the witness has admitted that she had not seen any youth falling from the terrace, which makes her story of a youth being set on fire doubtful. Insofar as this contention is concerned, since different witnesses have mentioned about the incident of Ayub, this part of her testimony shall be considered while appreciating the evidence in respect of the

incident of Ayub.

137.94 Insofar as the contention with regard to identification of accused No.5 Tiniyo Chhara, son-in-law of Dalpat Chhara by this witness, who is also one of the two witnesses who has named this accused is concerned, the same shall be considered while considering the complicity of each individual accused.

137.95 It has also been contended that this witness in her cross-examination has stated that she had seen only one mob in the morning incident, whereas she has referred to two mobs in her examination-in-chief, which indicates that she has not seen the incident. In this regard, a perusal of the cross-examination of the witness reveals that what she has stated is that in the entire day, she had seen two mobs, one in the morning and one in the evening. Therefore, when she refers to one mob, she means to say that she had seen the mobs only twice, once in the morning and once in the evening. Her statement cannot be read to mean that there was only one mob in the morning.

137.96 A contention has also been raised with regard to the discrepancies in the testimony of the witness qua Mullaji's handicapped son and the testimony of Moinuddin's mother which shall be considered while considering the topic of Moinuddin's death.

137.97 A contention has also been raised that the witness has been residing in the area since one and a half years prior to the incident and that she had no occasion to come in

contact with the accused and in the absence of any acquaintance being proved as well as in the absence of a test identification parade, the identity of the concerned accused is not established. In this regard, it may be noted that in her cross-examination, it has been elicited that the witness knows the name of the owner of Bipin Auto Centre and that it is Bipin Panchal. In her cross-examination, it has come out that she knew Guddu Chhara since a long time as his house was in Jawannagar. In her cross-examination, the witness has stated that she knew Mayaben who is a doctor and a Gynecologist and that she had been admitted in her hospital two to three times, and therefore, she knows her. The witness has stated that she knows Kishan Korani though she did not have any occasion to visit his house or did not have any social relations with him. As regards Babu Bajrangi, the witness has stated that she has not seen his house and had no occasion to talk with him and had no financial or social relations with him. The witness has also stated that she did not have any financial dealings or social relations with the accused, namely, Murli, Bipin Panchal, Jaybhavani, Dalpat Chhara, Dalpat Chhara's son-in-law Tiniyo, Sahejad Chhara, Sahejad Chhara's son-in-law Vijay, Suresh Langda, Guddu Chhara, Hariyo, Nariyo, Tiniyo Marathi, Subhash, Ramesh and Ashok Pan-Gallawala, but has stated that she knew all of them. The witness has further stated that she used to hire videos from accused Manoj Videowala since many years. A suggestion has been made in her cross-examination that she used to eat paan on credit and owes certain amount to him, and therefore, she is falsely implicating him. Thus, acquaintance with the accused has been brought out in the cross-examination of the witness.

137.98 Thus, through the testimony of this witness the prosecution has succeeded in establishing the presence of Nariyo (A-1), Suresh Langda (A-22), Bipin Autowala (A-44), Manoj Videowala (A-41), Ashok Paan-Gallawala (A-45), Guddu Chhara, Jaybhavani, Sahejad Chhara (A-26), Dalpat Chhara, Tiniyo (A-5), Dalpat Chhara's son-in-law Vijay Chhara (A-46), in the mobs in the morning and the presence of Guddu Chhara (deceased), Nariyo (A-1), Sahejad (A-26), Dalpat Chhara (deceased), Tiniyo (A-5), and Vijay Chhara (A-46), leading the mob in the evening.

138. **PW-150 Ishaqkhan Sardarkhan Pathan**, aged 37 years, has been examined at Exhibit-1041. The witness has deposed that he is a native of Village Orethi, District Morena, Madhya Pradesh and is residing at *Ektanagar* since the last three years. Prior thereto, he was residing at *Lane No.5, Hussainnagar, Near S. T. Workshop, Naroda Patiya* in a house of his ownership with his family comprised of his wife Rasidabanu, his children Menajbanu, Akaramkhan and Nazreenbanu since the last fifteen years prior to the incident.

138.1 His younger brother Idrishkhan used to reside next to him. They are in all three brothers. His elder brother Nisarkhan was residing in *Lane No.3, Hussainnagar*.

138.2 On 27.2.2002, he had gone for his job at Mahagujarat Foundry, Memco when his employer informed him at around 5 o'clock in the evening that kar sevaks have been burnt in a train at Godhra and hence, the situation was not good, therefore, he could go home. After finishing his work in

the factory, he came to *Bhargav Road via Meghaninagar Rameshwar Temple*, where his friend Jalimsinh Tomar was residing and met him. He told him that the situation was not good and that he should go straight home and hence, he had gone home.

138.3 His friend Jalimsinh Tomar had also told him that one rickshawala was killed at Rameshwar Temple, and hence, he should go home.

138.4 As per his information, the Vishwa Hindu Parishad had given a call for bandh on 28.2.2002, and hence, his employer had told him not to come for his work and the factory was closed on that day.

138.5 On 28.2.2002, he was at home with his parents, when two skilled workmen of the village who were working with him, viz., Vikrambhai and Shivnath Yadav came to his house. They had come to talk to him with regard to the money which he wanted to borrow from them and after offering them tea, they left on their bicycles.

138.6 After sometime, he came out of his house to go towards Vatva when both of them were returning to his house. They met him on the road near their chawl and told him that the mobs have come from Natraj Hotel and Krushnanagar and have set the areas near the Noorani Masjid on fire and the mobs are looting and ransacking. Therefore, all three of them returned to his house.

138.7 At this time, his brother Idrishkhan, who was

residing next to him, asked him as to why they had not gone whereupon they had told him about the stone throwing and incidents of arson near the Noorani Masjid. Therefore, he (Idrish) he went to have a look.

138.8 He was watching from the entrance of their lane, when a lot of commotion could be heard and he also went to see as to why Idrishkhan had not returned. He returned home with Idrishkhan and said that they should get out from there by any means.

138.9 At this time, there was firing on the road and tear gas shells were burst and two to three persons had been injured and hence, he was frightened. At this time, Vikram and Shivnath had come out of his house and they were also frightened. He took his brother as well as Vikram and Shivnath and came back home. Upon returning home, since the circumstances were such that they could not take anything with them, he, his brother's family members, Vikram and Shivnath, all of them came out of his house and went outside the lane.

138.10 From this place, they could go towards Jawannagar Khada. They went towards the S.R.P. Quarters where the S.R.P. people were standing. They abused them.

138.11 When they reached the S.R.P. Quarters and abuses were hurled at them, prior thereto, there was a mob of around fifty to sixty persons at the Jawannagar corner, where on the front side, Hira Marvadi (A-42), Jay Bhavani Chhara, Suresh Chhara (A-22) and Sahejad (A-26) were present, which he

himself had seen. These four persons and others hurled abuses at them and were saying, "*cut them! kill them!*". They also said "*where are you going; Miyas, where will you go now, your end has come; today, we will certainly cut you!*" All the four were holding swords in their hands.

138.12 Thereafter, when they went towards the S.R.P. Quarters, as already told by him, the S.R.P. people hurled abuses at them. They wanted to go inside the S.R.P. Quarters and also wanted to take Vikramsingh and Shivnath inside the S.R.P. Quarters with them, however, that could not happen. The S.R.P. people had released tear gas and had told them that now there were no chances of their escaping.

138.13 Thereafter, all of them, including Vikramsingh and Shivnath, hid in a society building in Jawannagar Khada and in this manner, they stayed there till 5 o'clock in the evening.

138.14 After 5 o'clock, he took Shivnath and Vikramsingh and went towards the S.R.P. compound wall and told them, "*These two persons are Hindus and let them go*", despite which, they said, nobody could go inside. Nonetheless, he forcibly sent them inside, but the S.R.P. people caught hold of them and asked them to remove their lower apparel and after checking, they were permitted to go inside.

138.15 Thereafter, the families of both the brothers climbed on the terrace of Gangotri Society. Subsequently, at around 6:00 to 6:30, he alone climbed down from the terrace to find out if he could find some way and then take his family with him. He reached the corner of Jawannagar, where

Jaybhavani's house was situated. He reached the open ground in front of Jaybhavani's house.

138.16 Upon reaching there, he saw Jaybhavani, Suresh Chharo, Hira Marvadi and Sahejad, who were holding weapons in their hands and all of them were grabbing the sister of a girl called Nagina and were grabbing at her mother and they were molesting both of them and upon seeing this, he fled. He fled and went to the terrace of Gangotri and told his wife that there was no possibility of getting out from there.

138.17 Thereafter, he made a phone call to his friend Ramesh Kashyap from the terrace of Gangotri on his mobile. He informed Ramesh about the place where he was and told him that if possible, he should come and save his children and that there was no chance of their being saved.

138.18 At around 9 o'clock at night, Ramesh came to the terrace and took the families of both the brothers and the two women who were with them, out of whom, one was his sister and the other was his paternal aunt's sons' wife, to his house in Maheshwari Society, at Odhav, where they stayed for six days. After staying there for six days, he (the witness) told him that the situation is bad and that he should send them to Shahibaug and hence, he sent them to Dariyakhan Ghummat Camp, at Shahibaug.

138.19 The witness has further stated that his house and his brother's house were looted and nothing remained inside their houses. After fifteen days of the incident, the police had recorded his statement. After three to four months thereafter,

a panchnama of the house was carried out. On the day of the panchnama also, the police had recorded their statements.

138.20 Thereafter, one day, the SIT people had said in the newspaper that if anyone wants to make an application, they can do so and hence, he also made an application to the SIT. Thereafter, the SIT people had called him to Gandhinagar and had recorded his statement. The SIT people read over his earlier police statement to him and asked whether all the facts stated therein were correct, whereupon he told him that some of the details were incomplete, which he would state before them.

138.21 The witness has stated that he knows Jaybhavani, Suresh Chharo, Hira Marvadi and Sahejad and that as per his information, Jay Bhavani has died. The witness has stated that he would be able to identify the other accused and has identified the accused No.42 – Hira Marvadi and accused No.26 Sahejad correctly, whereas instead of accused No.22, he has identified accused No.50. Thus, the witness has not been able to identify Suresh Chhara (Accused No.22).

138.22 CROSS EXAMINATION: In the cross-examination of this witness, he has denied that the SIT Officers had read over his police statement to him, whereupon he had stated that all the facts stated therein are correct. The witness has denied that he has not stated before the SIT that the statement recorded by the Crime Branch is not entirely correct. The witness has denied that the names given by him to the SIT are the names which he had come to know about afterwards and that he had given such names at the instance of someone. The

witness has denied that in his statement dated 18.3.2002 recorded by the Crime Branch, he had stated that, however, subsequently he came to know that in the mob which was involved in damaging and looting his house, (1) Suresh Chhara alias Sahejad, (2) Guddu Chhara, (3) Hira Kathiyawadi, (4) Ganpat Chhara, (5) Virsinh Rathod (Chhara) as well as other people in the mob were present. The witness has admitted that the facts stated by him in paragraph 5 of his examination-in-chief whereby his employer had told him to return home as the atmosphere was not good, etc., have not been stated by him in his statement recorded on 18.3.2002. In the opinion of this court, the omission to state the facts stated in paragraph 5 of the examination-in-chief cannot be said to be a material omission so as to amount to contradiction, inasmuch as, the same do not have any direct connection with the incident in question.

138.23 The witness is read over the contents of paragraphs 6 and 7 of his examination-in-chief to the effect that he has not stated such facts in his statement dated 18.3.2002, which the witness has denied. Considering the contents of paragraphs 6 and 7 of the examination-in-chief of the witness, wherein certain ancillary facts that have no direct connection with the incident in question have been stated, the omission to state such facts in the police statement would not amount to a material omission amounting to a contradiction.

138.24 The contents of paragraph 8, except for the first line, the contents of paragraph 9 and the contents of paragraph 10 of his examination-in-chief are read over to the witness to the effect that he has not stated such facts in his

statement dated 18.3.2002, which the witness has denied. The contents of paragraphs 8, 9 and 10 of the examination-in-chief of the witness can be said to be merely an elaboration of the events that occurred prior to the incident and, therefore, omission to state such facts cannot be said to be material omission amounting to contradiction and hence, ought not to have been permitted to be put to the witness.

138.25 The witness has denied that on that day, he had not gone out of his house and that his younger brother Idrish had come and informed him about the mobs having come and having resorted to ransacking. The witness has denied that in his statement dated 18.3.2002, he has stated that his brother Idrish who had gone out, had returned home and informed them that on the road, mobs are damaging the masjid and have resorted to arson and vandalism and the people in the mob are also putting gas cylinders in the masjid; and upon his brother coming and saying so, they had come to know about it. The witness has denied that his brother Idrish had come and told them the facts regarding the mob damaging and committing arson, putting gas cylinders, etc. due to which, he was worried, and hence, out of fear, they had gone to the terrace of Gangotri Society and remained there till 10 o'clock at night.

138.26 The witness has denied that in this very statement he has also stated that, therefore, all the members of the family were frightened and out of fear, together with their families, they as well as the people of their chawl, all of them, left the chawls and went to the terrace of Gangotri Society nearby and had remained there till 10 o'clock at night. The

witness has further denied that in this very statement he had also stated that at present, his family members have taken shelter at the relief camp at Bapunagar Aman Chowk since 5.3.2002 and that later on he had come to know that due to destruction and loot committed at his house, together with cash as well as ornaments and household article, he believed that he had sustained a loss of Rs.2 lakh. His Splendor motorcycle No.GJ-1-CE-4786 was lying near his house.

138.27 The contents of paragraphs 11, 12, 13, 14, 15 and 16 are read over to the witness to the effect that he has not stated such facts in his statement dated 18.3.2002, which the witness has denied. The contents of paragraph 17 from the third line to the last line as well as the contents of paragraphs 18, 19, 20 and 21 of the examination-in-chief of this witness came to be read over to him to the effect that he has not stated such facts in his statement dated 18.3.2002, which the witness has denied. The contents of first line of paragraph 22 of the examination-in-chief of the witness, wherein he has stated that his brother's house was looted were read over to the witness to the effect that he has not stated such facts in his statement dated 18.3.2002.

138.28 The contents of paragraphs 5, 6 and the contents of paragraph 8 from the second to the last line, the contents of paragraphs 9, 10, 11, 12 to 16 and para 17 from the third line to the last line, paras 18 to 21 are read over to the witness to the effect that he has not stated such facts in his statement dated 26.6.2002. The witness has voluntarily stated that he had stated everything before the police, but he does not know whether the police had written it down and that the police had

not read over his statement to him. It appears that insofar as the statement dated 26.6.2002 is concerned; the same is limited to the loss sustained by the witness in the incident in question.

138.29 The witness has been extensively cross-examined with regard to the topography of the area. The witness has stated that he had not gone to Gangotri Society via the S.R.P. Quarters. He has stated that he had climbed on the staircase of the house on the opposite side and had gone to Gangotri Society. He had directly gone to the terrace of the Gangotri Society and had not gone inside Gangotri Society.

138.30 The witness has denied that the four accused named by him, all reside at Jawannagar. The witness has stated that he does not have any social or monetary relations with the accused. He has admitted that he had no occasion to either talk with any of the accused or to travel with them.

138.31 Certain omissions in the statement recorded by the SIT have been put to the witness. The contents of paragraph 11 of the examination-in-chief of the witness are read over to him to the effect that he has not stated such facts in the statement recorded by the SIT. The contents of paragraph 12 of his examination-in-chief are read over to the witness to the effect that he has verbatim not stated such facts before the SIT. The witness is sought to be contradicted by his statement recorded before the SIT to the effect that he has stated that thereafter, they had gone on the terrace of Gangotri Society and had hidden in a house. The witness has voluntarily stated that what he means to say is that they had hidden on a terrace

of Gangotri Society.

138.32 The witness has admitted that he has identified the accused before the court for the first time but has voluntarily stated that he knew them earlier also. He has denied that he has not seen any such incident and that he is falsely deposing before the court.

138.33 The witness was confronted with his statement dated 26.6.2002 wherein he has stated that however, Shivnath who was working with him had come to his house at 9 o'clock in the morning to take money and had informed him that mobs of thousands of people had gathered near Noorani Masjid and Patiya and that at any time something untoward might happen. Hence, they should immediately go away from there to safe place. Therefore, he, together with his family had fled to Gangotri Society behind Hussainnagar and taken shelter there and the police vehicles came there at 10 o'clock at night and dropped them at Dariakhan Ghummat Relief Camp, where they are residing with their family members. The witness has voluntarily stated that he has stated facts, as stated by him, in his examination-in-chief. The witness has denied that in his statement dated 26.6.2002, he has stated that he does not know as to who was involved in the riots and that he cannot identify them even by their face. The witness has admitted that no member of his family was injured or had sustained loss of life in the incident and that his house was not set on fire. The witness has stated that they had gone to hide on the terrace of Gangotri Society before it became dark. He has stated that he cannot say as to how long after they reached there it had become dark and has voluntarily stated that it

became dark after a considerable time.

138.34 The witness has stated that he had not seen any incident on that day from the terrace and has voluntarily stated that he had seen the incident from the ground. The witness was confronted with his statement dated 18.3.2002 to the effect that he has stated therein that they went on the terrace of Gangotri Society and remained there till 10 o'clock at night and while staying on the terrace they had seen the riotous mob damaging, looting and torching. The witness has stated that he had not seen the incidents mentioned in paragraph 18 of the examination-in-chief from the S.R.P. Quarters or from the terrace of Gangotri Society and has voluntarily stated that he had seen the incidents after he climbed down. The witness has stated that that he had seen the incident from such a distance from where he could clearly see them. He has stated that he had come down from the terrace at around 6:00 to 6:30 in the evening and that no one else had climbed down with him. He has stated that he had seen the incident after walking a little further after getting down. The witness has stated that the spot from where he saw the incident was at the end of the house. He has admitted that there were houses nearby and that this was a corner of Jawannagar and Gangotri Society and was an empty space. The witness has stated that he does not know as to at what distance the accused were from him when he saw them in the mob at the Jawannagar corner. The witness has denied that a mob of thousands of people who were shouting was with the accused named by him in his examination-in-chief. The witness has denied that at this time, except the four accused, 50 – 60 persons and his family members, no one else was there at the

Jawannagar corner. The witness has voluntarily stated that there were other people but he does not know them. The witness has stated that he cannot say as to how far the people in the mob were from Jawannagar when he was going from Hussainnagar to the S.R.P. Quarters. The witness has voluntarily stated that he could see them in front. The witness has denied that they were standing on the way through which he was required to go.

138.35 The witness has stated that the people in the mob had followed him but has stated that he had immediately gone away and that they had not followed him for a long time. He does not know as to what the people in the mob did after he fled from there. The witness has admitted that from the time he left his house and reached the shuttered house, no one had personally assaulted him. The witness has voluntarily stated that on all four sides, the mobs were attacking. He has stated that the shuttered building in which they had hidden, was half closed and that there were other Muslims with him in the building. The witness has stated that he does not know the exact time but approximately at around 5 o'clock in the evening, he had gone from the shuttered building to Gangotri Society. He has admitted that from his house, he had gone to the shuttered building and after the stay at the shuttered building came to an end, they came out of the shuttered building and reached the terrace of Gangotri Society and till then, he had not seen any incident.

138.36 The witness is then cross-examined with regard to the application made to the SIT as to who had written it and how he came to know about it. His application Mark 644/49 is

shown to the witness, who has admitted his signature at the bottom of the document. The application is exhibited as Exhibit-1045. The witness has denied that as no member of his family had died or had sustained injuries and as his house was not set on fire and he had no information about his earlier statements, there was no necessity for him to approach the SIT.

138.37 The witness has denied the suggestion that on that day, he had not seen any accused in the incident. He has denied that he and both his brothers have been given houses free of cost by the Islamic Relief Committee after the riots of 2002. He has admitted that the Islamic Committee has given him the house at Ektanagar without any consideration and has voluntarily stated that the Committee has not given him in writing that nothing is to be taken towards the house. He has stated that at present, he is staying in the house merely as a tenant. The witness has admitted that the Islamic Committee is not recovering any rent from him; however, the entire cost of the house is to be borne by them. The witness has denied that as the Islamic Committee has given him the house, at their instance, he was falsely implicating the accused.

138.38 PW-291, M. B. Raj, the assignee officer has, in his cross-examination, admitted that he had recorded the statement of this witness on 26.6.2002. The contents of paragraphs 5, 6, 9, 10 to 16 and 18 to 21 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that all these facts have not been stated by the witness in the statement recorded by him. The contents of paragraph-8 of the examination-in-chief of the witness are read

over to the assignee officer, wherein the witness has stated that at that time, one Vikram, a person from his village who was working with him and another Shivnath Yadav came to his house. They had come to talk to him about money which they wanted and after offering them tea, they both departed with their cycle. The assignee officer has denied that the witness has not stated such facts before him and has stated that he had stated before him that Shivnath used to serve with him had come to his house at 9 o'clock to borrow money.

138.39 The contents of paragraph 17 of the examination-in-chief of the witness are read over to the assignee officer, wherein the witness has stated that thereafter, he alone climbed down from the terrace at around 6:00 to 6:30. He had gone to search if he could find a way from where he could take his family. He had come to Jaybhavani's house at the corner of Javannagar and had reached an open ground opposite his house. The assignee officer has admitted that such facts have not been stated by the witness before him.

138.40 The contents of paragraphs-106 and 107 of the cross-examination of the witness are read over to the assignee officer who has admitted that the witness has stated these facts in the statement recorded by him.

138.41 PW-292, R. C. Pathak, the assignee officer has, in his cross-examination, admitted that he has recorded the statement of this witness on 18.3.2002. The assignee officer has admitted that this witness in the statement recorded by him, he had stated that, however subsequently, he had learnt that out of the people who had carried out loot and damage to

his house, (1) Suresh Chhara alias Sahejad, (2) Guddu Chhara, (3) Hira Kathiyavadi, (4) Ganpat Chhara, (5) Virsinh Rathod (Chhara) as well as other people in the mob were also involved. That his brother Idrish who had gone out, upon returning home, had informed them that the people in the mob are damaging the masjid on the road and have commenced damaging and setting them on fire and the people in the mob are also putting gas cylinders in the masjid and upon his brother coming and informing them, they had come to know, therefore, all the family members were frightened and for fear of being assaulted, together with their families as well as the people of their chawls, left their chawl and went to the terrace of Gangotri Society nearby and remained there till 10 o'clock at night. At present, from 5th March, 2002, their family members have also come to Aman Chowk, Bapunagar and are taking shelter there. Afterwards, he had learnt that though he had sustained damages of approximately rupees two lakhs on account of the loot and damage carried out on his house, the cash amount, ornaments and the household goods, and that the Splendor motorcycle No.GJ-1-CE-4786 was lying near his house. They had gone to the terrace of Gangotri Society and had stayed there till 10 O'clock at night and while sitting on the terrace, they had seen the riotous mob was damaging, looting and burning.

138.42 The contents of paragraphs 6, 7, 9, 10, 11, 12, 13, 14, 15 and 16 of the examination-in-chief of the witness are read over to the assignee officer, who has admitted that the witness has not stated these facts in the statement recorded by him. The contents of paragraphs 18 to 21 of the examination-in-chief of the witness are read over to the

assignee officer who has admitted that the witness has not stated such facts in the statement recorded by him. The contents of paragraph 17 from the third line to the last line of the examination-in-chief of the witness are read over to the assignee officer who has admitted that the witness has not stated such facts before him. The assignee officer has admitted that the witness has not stated before him that his brother's house was also looted.

138.43 PW-327 Shri V.V. Chaudhari, the Investigating Officer (SIT) has in his cross-examination admitted that he has recorded the statement of this witness on 11.6.2008. He has stated that this witness had stated before him that on 27.2.2002, Kar Sevaks were burnt in a train at the Godhra Railway Station, which he came to know while he was working in the factory at Mahagujarat Foundry, Memco, opposite Omkar at 5:30 in the evening. The Investigating Officer has admitted that this witness had not stated before him as to where he had met Jalamsinh. However, he has stated the fact regarding having met Jalamsinh.

138.44 The contents of paragraph 6 of the examination-in-chief of the witness are read over to the Investigating Officer wherein the witness has stated that his friend Jalamsinh Tomar had informed him that a rickshawala had been killed at Rameshwar Mandir, which he also might have seen, due to which, the situation is not good and hence he had gone home. The Investigating Officer has admitted that the witness has not mentioned the words, Rameshwar Mandir, but had mentioned Rameshwar Char Rasta. The Investigating Officer has admitted that this witness had not stated that Shivnath and Vikramsingh

had come to his house to ask for money. The witness had stated that these two persons had come to his house and there was a social exchange.

138.45 Certain extracts of paragraph 9 of the examination-in-chief of the witness are read over to the Investigating Officer who has denied that all these facts have not been stated by the witness in the statement recorded by him. He has clarified that the witness had stated that he returned home and was going towards Vatva, at that time, both of them had met him near his chawl and told him that huge mobs have gathered near Noorani Masjid, Natral Hotel and Krushnanagar. Hence, they had stayed at home when his brother came. The Investigating Officer has admitted that the witness has not stated before him that after talking with his brother Idrish they had gone out to watch. He has admitted that the witness has not stated in the same words but the meaning is the same because in the statement he has stated that they were staying at home when his younger brother Idrish went out to see what was happening towards Noorani Masjid.

138.46 The contents of paragraph 11 of the examination-in-chief of the witness are read over to the Investigating Officer who has admitted that all these facts have not been stated by the witness in the statement recorded by him. He has stated that the witness had stated before him that upon there being commotion on the road, he had gone to see what was happening and his younger brother Idrishkhan had said that as riots have started, they should all flee.

138.47 The contents of paragraph 12 of the examination-in-

chief of the witness are read over to the Investigating Officer who has denied that all these facts were not stated by the witness in the statement recorded by him. He has stated that the witness had stated the fact regarding firing, two – three people being injured by bullets. The witness having left his house with Vikramsingh and Shivnath and that he was going with both of them towards Jawannagar, etc. facts have been stated by him.

138.48 The contents of paragraph 17 of the examination-in-chief are read over to the Investigating Officer, wherein the witness has stated that he was looking if he could find a way and had come to take his family from that road. He came till the corner of Jawannagar where Jaybhavani's house was situated. There was an open ground in front of his house and he had reached there. The Investigating Officer has admitted that the witness had not stated all these facts in the statement recorded by him but had stated that the witness had stated that at around 7 O'clock, he climbed down from the terrace of Gangotri Society and had gone to the S.R.P. Quarters.

138.49 The last two lines of paragraph 18 of the examination-in-chief of the witness are read over to the Investigating Officer wherein he has stated that he had come there and told his wife that there is no way to escape. The Investigating Officer has admitted that such facts have not been stated by the witness in the statement recorded by him.

138.50 The contents of paragraph 19 of the examination-in-chief of the witness are read over to the Investigating Officer, who has admitted that the witness had not stated such facts in

the statement recorded by him. He, however, has stated that the witness has stated that his friend Ramesh Kashyap had come where he was at the terrace and had taken him and his family to his house at Odhav where the witness and his family had stayed for six days.

138.51 The contents of paragraph 21 of the examination-in-chief are read over to the Investigating Officer wherein the witness has stated that they had stayed at his house for around six days, after which he had told him that the situation is bad and he should sent them to Shahibaug and hence, he had sent them to Dariakhan Ghummat camp at Shahibaug. The Investigating Officer has admitted that such facts have not been stated by the witness in the statement recorded by him. In the opinion of this court, what happened six days after the incident can hardly be said to be an omission, leave alone a material omission amounting to a contradiction.

138.52 Certain extracts of paragraph 16 of the examination-in-chief of the witness are read over to the Investigating Officer wherein he has stated that after 5 o'clock he took Shivnath and Vikramsingh and went towards the S.R.P. compound wall, and he told them that both of them are Hindus and that they should let them go despite which, they had said that nobody could go from there and that he had forcibly sent them inside and that the S.R.P. people had caught hold of both of them and had made both of them remove their lower apparel and after checking let them go. The Investigating Officer had stated that the witness had stated before him that he had got both the Hindu boys to jump over the S.R.P. Quarters compound wall and sent them in but the S.R.P.

people were not permitting them to go and had questioned them and checked them and upon them appearing to be Hindus, they had permitted them to go to the S.R.P. Quarters.

138.53 SUBMISSIONS: The learned counsel for the appellants drew the attention of the court to the cross-examination of the witness, to point out that various omissions in the statements recorded by the police have been proved. It was pointed out that before the police, the witness has not named the four accused nor has he mentioned anything regarding utterances or hate words or any weapon held by the accused and that all these omissions have been proved through the testimony of the Investigating Officer. It was submitted that all the relevant facts mentioned in paragraphs 6 to 22 of the examination-in-chief of the witness have been stated for the first time before the SIT. It was submitted that the witness has mentioned two incidents. In the first incident, he has not attributed any overt act against any person in the mob comprised of fifty to sixty persons including the four named accused. It was submitted that if paragraph 14 of the examination-in-chief of the witness is read closely, it is difficult to believe that the mob would not do anything after having uttered the words alleged and when all the four accused were stated to be armed with swords.

138.54 It was submitted that there is a definite attempt made by an NGO and/or third parties in the name of helping the victims that they first made allegations in the names of the witnesses without their knowledge, got such applications signed, and then tutored them to give statements before the SIT and before the court thereafter. It was urged that such

tutoring has ultimately resulted into bringing some new persons within the sweep of the investigation by the SIT for the first time and that some new stories which were either never stated before or which have never happened, have surfaced after a period of six years. Insofar as the second incident is concerned, it was submitted that if a few facts stated in paragraphs 17 and 18 of the examination-in-chief of the witness are read together with paragraphs 30, 39 and 109 of the deposition, there is reason to believe that the witness is blatantly lying before the court and the version narrated in paragraphs 17 and 18 is not only contradictory to his first police statement dated 18.3.2002, but it is also contradictory to his SIT statement.

138.55 It was submitted that this witness has stated regarding having hidden in a shuttered building in Jawannagar, whereas it has come on record that there is no such shuttered building in Jawannagar. Referring to the deposition of the witness wherein his acquaintance with the accused named by him is discussed, it was pointed out that when the witness has nothing to do with the accused persons, how could he have given their names and identified them without a test identification parade. It was submitted that this witness is not a reliable witness as there are material and vital contradictions in his deposition and between his deposition and the statements recorded by the police and the SIT. It was submitted that there is no building with shutters in Jawannagar Khada or in the lanes of Jawannagar. According to the learned counsel, in the light of his statement in paragraph 119 of his deposition, the witness had not seen any accused before he went to the terrace of the house of Gangotri. It was submitted

that this witness had no occasion in the past to know the accused and their names.

138.56 It was, accordingly, urged that the witness may not be believed to be a reliable, trustworthy and truthful witness.

138.57 ANALYSIS: Considering the omissions and contradictions brought out in the cross-examination of the witness, it emerges that the uncontroverted part of his testimony is to the effect that on 28.2.2002, he was at home with his family. Upon the mob coming, they fled towards the rear side of the chawl and went to the terrace of Gangotri Society with the families of both the brothers. It appears that the witness in his statement recorded by the police has stated that he subsequently came to know that the named accused were in the mob, which damaged and looted his house. From the cross-examination of the witness, it emerges that none of his family members were injured. In paragraph 106 of his cross-examination, there is a reference to his statement dated 26.6.2002, wherein he had stated that Shivnath, who was serving with him, had come to his house in the morning to take money. It may be noted that the core part of the testimony of this witness is in paragraph 14 of his examination-in-chief, wherein he has stated that prior to reaching the S.R.P. Quarters, at Jawannagar corner, there was a mob of fifty to sixty persons and in front of the mob, Hira Marwadi, Jaybhavani Chhara, Suresh Chhara and Sahejad were present. These four persons and the others abused them and asked them as to where they were going and that today they would be hacked and killed and all of them had swords in their hands. Thereafter, they had gone towards the S.R.P. Quarters, where

the S.R.P. people had abused them. It may be noted that this part of his testimony is totally missing in his police statement dated 18.3.2002. The other part of his statement wherein he implicates the accused is in paragraph 18 of his examination-in-chief, wherein he has stated that upon reaching the open space near Jaybhavani's house he had seen Jaybhavani, Suresh Chhara, Hira Marwadi and Sahejhad with weapons in their hands and they were molesting the sister of a girl named Nagina and her mother, after seeing which, the witness had fled from there and had gone to a terrace of Gangotri Society. In the statements recorded by the police at the relevant time, none of these facts have been stated by the witness, and as noted hereinabove, in his statement before the police he had stated that he had subsequently come to know that the named accused were in a mob which damaged and looted his house. The version stated before the court in his deposition has, therefore, come out for the first time before the SIT. Considering the fact that the names of the accused have been recorded in his police statement, there is no reason to believe that the police have not recorded his statement, as stated by him. However, subsequently, the witness has improved upon his version and has attributed further roles to the accused, which are more serious in nature.

138.58 Having regard to the overall testimony of this witness, and considering the improvements made in his statement, the witness does not come across as a truthful witness, and in any case, since in his first available police statement the witness had named the accused on the basis of hearsay, the testimony of this witness cannot be taken into consideration for the purpose of implicating the accused in

such a serious offence.

138.59 Moreover, the version given by the witness that fifty to sixty people had accosted them and threatened to hack and kill them, but did not do anything to them is also not plausible, inasmuch as, if the mob was present there and the witness and others were there, there was no reason for the armed mob to merely threaten them and not harm them.

139. **PW-151 Raziyanu Mohammadayub Shaikh**, aged 43 years, has been examined at Exhibit-1057. The witness has deposed at the relevant time, she was residing at *Jawannagar, Naroda Patiya* with her husband and four sons, viz., the eldest son Mohammadhassan, aged eight years, second son Mohammadyusuf, aged seven years, third son Firoz, aged two years and the youngest Shoaib about twelve-days old.

139.1 The incident took place in the year 2002. She does not remember the date or the month. But on that day, there was a call for Gujarat bandh. On that day, she, her mother-in-law and her children were at home. Her husband had gone for his job.

139.2 On that day, stone pelting and disturbances took place between 9:00 to 9:15 in the morning. Thereafter, at 2 o'clock, there were shouts of "*The mobs have come! The mobs have come*". The mobs were assaulting and committing arson. She had given birth to a child just twelve days ago, and hence, she was at home.

139.3 In the afternoon, at around 2 o'clock in the afternoon, she took her children and mother-in-law and went to someone's terrace. Because of the riots, everyone was fleeing and they too fled with the others. In the evening at 6:00 people started saying, "*Come down! Come down!*" and hence she took her children and her mother-in-law and came down.

139.4 After 6 o'clock in the evening, when it was time for *maghrib namaz*, everyone started going near the water-tank, and hence, she too went there. Thereafter, from above as well as from the S.T. Workshop, from all sides, petrol, acid and some highly inflammable substances were thrown on them. The substance was such that it would catch fire immediately.

139.5 In this incident, her mother-in-law was set ablaze and she died. Her third son Firoz who was two years old at the time of the incident and was with her mother-in-law, was also burnt to death in this incident.

139.6 She was near the water-tank. She was burnt on her right hand, left side of her back and her head. Her twelve day old son was in her arms on that day. She wanted to take him and leave the water-tank spot, at that time, somebody inflicted a blow with a pipe on the parting of her hair, where she was earlier burnt, as a result of which, she became unconscious and fell down. While she was lying unconscious, her child Shoaib fell from her arms into the fire. She was unconscious, however, upon hearing the cries of her child, she regained a little consciousness and while trying to take her child Shoaib out of the fire, she sustained burn injuries on her hands and

one leg. Thereafter, she took her child and went back to the terrace, where they were sitting earlier.

139.7 Her mother-in-law Fatima and her son Firoz had got separated from her on the date of the incident and she never found them again.

139.8 Thereafter, some vehicle came and at that time, her husband came looking for her and her children. Thereafter, they were taken in that vehicle to the Shah Alam camp. Her other two children had also got separated from her on the date of the incident. They, that is, she and her son Shoaib were taken to the V.S. Hospital for treatment from the relief camp.

139.9 In this incident, she and her husband had sustained burn injuries and she has sustained serious injuries due to the pipe blow. The witness has stated that she cannot identify any person involved in the incident, who either set them on fire, or inflicted blows on them. The police had taken down her statement as regards the incident. However, at the relevant time, her health was not good.

139.10 She had stayed at the V. S. Hospital for treatment for around three months. Her twelve day old son was treated for around twenty days.

139.11 The witness has stated that since her son Shoaib was only twelve days old, it is quite natural that he would not be able to speak. None of her children was twenty years old.

139.12 The witness has stated that at the time of the

incident, they had a house near the Noorani Masjid, which they had rented out; however, since they needed more space for her delivery, they had kept a house in Jawannagar. However, after the incident, since they did not feel like staying in this house, they had returned to their house at Noorani Masjid.

139.13 CROSS EXAMINATION: In the cross-examination of this witness, a contradiction is sought to be brought out to the effect that in her statements dated 1.3.2002 and 6.3.2002, she had not stated the facts narrated by her in paragraphs 6 to 11 of her examination-in-chief.

139.14 In the cross-examination of this witness, it has come out that she knows Abdul Majid who lives in the last lane of Jawannagar. He is her brother-in-law. Her brother-in-law had met her at the V.S. Hospital. She had met Abdul Majid and his family members on the day of the incident and they were sitting together on the terrace of Gangotri Society. The witness has denied that she, Abdul Majid and others had left the terrace of Gangotri Society together and has voluntarily stated that all of them had gone separately.

139.15 The witness has admitted that she and her family had left their house at around 4 o'clock in the evening and that it took them approximately twenty minutes to reach Gangotri Society. At the time, when she reached the terrace, Abdul Majid and his family were sitting there and they got down from the terrace prior to the time for *maghrib namaz* at approximately 6 o'clock in the evening. The witness has denied that she is falsely deposing with regard to her being beaten and set on fire near the water tank and her son being burnt

and her mother-in-law and her son being killed in the incident and being separated from them.

139.16 To prove the omissions and contradictions in the testimony of this witness the defence has cross examined PW-276 Shri P.U. Solanki, the assignee officer, who, in his cross-examination, has admitted that this witness has not stated the facts stated by her in paragraphs 6 to 11 of her examination-in-chief, except for stating that she had sustained burn injuries on her right hand as well as leg and thigh and that she was injured on the head and her twenty day old son Shoaib had also sustained burns on both his hands and left leg and that her mother-in-law Fatima and son Firoz had got separated in the pandemonium.

139.17 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has not implicated any accused and she has also not stated anything about any mob at the passage of the water tank. It was submitted that the testimony of this witness renders the evidence of Abdul Majid (PW-156) doubtful as Abdul Majid has stated that this witness informed him about burning of his family members at the passage, whereas this witness does not say anything about Abdul Majid meeting her at the terrace of Gangotri Society when she went there after she and her son were injured.

139.18 ANALYSIS: This witness comes across as a truthful and credible witness. Her statements were recorded by the police on 1.3.2002 and 6.3.2002, immediately after the incident. She is an injured witness, who had lost her mother-in-law and her two year old son in the incident and her twelve

day old child had sustained burn injuries. Considering the horrific experience undergone by the witness on the fateful day, it cannot be gainsaid that she would still be reeling under shock and terror. Moreover, it has been noticed that the statements recorded by the assignee officer at the hospital have been recorded very perfunctorily. Therefore, her not having stated the facts stated in paragraphs 6 to 11 of her examination-in-chief in such statements recorded by the police would not dent the credibility of the witness, who has clearly stated the facts as they were, without any exaggeration and embellishment.

139.19 As regards the contention that the fact that this witness has not mentioned that she had told Abdul Majid that his family members had been set ablaze, would render the evidence of Abdul Majid doubtful, in the opinion of this court, the witness has deposed about the incident in her examination-in-chief. Having regard to the events that took place on that day, she may not even have recalled the fact that she had informed Abdul Majid about it when she went on the terrace. What is significant is how the incident took place and not to whom she had narrated the same. Besides, considering the time between the incident and the recording of her evidence, her not recalling such fact can hardly be said to be a contradiction.

139.20 From the testimony of this witness it emerges that apprehending that the mobs were approaching Jawannagar, at around 2 o'clock the witness and her family went to a terrace and at around 6 o'clock came down and went towards the

water-tank, where they were attacked in the passage of the water-tank. Inflammable substances were thrown from above and they were assaulted and burnt. The fact regarding the witness had sustained injuries as stated by her is duly corroborated by the medical certificate issued by the hospital where she was treated. This, witness is, therefore, a truthful and credible witness and there is no reason to disbelieve the version given by the witness regarding the manner in which the incident occurred. Considering the fact that the witness has not named any accused, her testimony is helpful to the prosecution to the limited extent of establishing the manner in which the incident occurred.

140. **PW-152 Parveenbanu Salambhai Kureshi**, aged 38 years, has been examined at Exhibit-1061. The witness has deposed that she is residing at Jawannagar since the last twenty years with her family comprised of her husband and children and her elder sister-in-law Zayda alias Gauri and her children.

140.1 At the time of the incident, she had four children, viz., her daughter Reshma, aged 12 years, son Sameer, aged 10 years, younger daughter Meraj, aged 7 years and son Imran, aged 3 years.

140.2 The incident took place on 28.2.2002. On that day, there was a call for Gujarat bandh. At that time, her family members were at home and her husband had gone to his mutton shop, which is on the very same road in Masjid-ni-Chali.

140.3 If she says on a totally approximate basis, on that day, at around 9:00 to 9:30 in the morning, there was a lot of commotion on the road near the Noorani Masjid. When her husband came home from the road, they learnt that there were riots outside. At this time, the electricity connection was cut and their acquaintances had come to their house and all of them were fleeing towards the rear side of the chawls to save their lives.

140.4 At this time, the violence increased and at around 1:30 in the afternoon, she, her children, her husband, her sister-in-law and her two children, all of them, went to a terrace of Gangotri Society to save their lives. Thereafter, the police came to the terrace and told them that they could not sit on the terrace and made them get down, due to which they got down from the terrace, at around 4 o'clock. At this time, the gate of the Gangotri Society was closed and the mob was coming from the direction of the masjid. The people in the mob were armed with weapons like swords. The mob was huge and violent. The police had resorted to firing. There was a water-tank near Gangotri Society, where there was a passage where a lot of public had entered and they also went there. Stone pelting and violent acts were going on there. At this time, there was stone pelting from the S.T. Workshop and she was injured on her forehead by a stone. Upon being injured in the stone pelting, she fell down with her child and at that time, they threw acid from the terrace.

140.5 From the terrace, they were throwing kerosene, acid, etc. and she was sustained burns with the acid. Due to this, she had sustained burn injuries on the left side of her

body from her leg to her hands and on account of the acid thrown on her, she had sustained injuries on her right hand. When she fell down, her three year old child was with her and her three children were with her husband. The child who was with her remained with her, whereas, at this time she and her husband and the children who were with him, got separated. Her elder sister-in-law and her children were left in the passage and all of them got dispersed.

140.6 She had sustained burn injuries on both her legs and her hands and had sustained stone injuries on her forehead. It must have been around 7:00 to 7:30 at the time when she fell down. When she fell down, she was crushed under several other people. At the time when acid was thrown on her, her three year old child who was with her at the time of the incident, fell from her hands and upon it becoming dark, she could not find her child which had fallen down. She went on somebody's terrace in the same lane. On account of acid falling on her, she felt severe burning sensation and pain.

140.7 Thereafter, late at night, the police came and she was on the terrace. From there, she was taken by the police to the Shah Alam camp and from the camp, she was straightaway sent to the V.S. Hospital, where she was admitted.

140.8 Her husband and her three children had got separated from her. Her three children, namely, Reshma, Sameer, Meraj were with her husband Salam and all of them died in the incident.

140.9 The police had recorded her statement when she

was in the V.S. Hospital, where she had stayed for four months for treatment.

140.10 The witness has stated that she does not know any of the persons in the mob who had thrown acid on her and pelted stones at her.

140.11 After three days, her sister-in-law came to the V.S. Hospital. After three to four days, she (her sister-in-law) disclosed to her that her husband and her three children who were with him, had also died. Thus, in the incident, her husband and her four children had died. When they got separated, the people in the mob killed her husband by inflicting blows with a sword, throwing acid and setting him ablaze, and he himself, while dying, had told her that their three children had slipped out of his hands and have died.

140.12 CROSS EXAMINATION: In her cross-examination this witness has admitted that on the day of incident, at 9:00 to 9:30 in the morning she was at home and was cooking. She has stated that her husband used to go to their mutton shop everyday in the morning at 7 o'clock. The witness has admitted that from 7:00 to 9:00 in the morning, no one had informed her that there were disturbances outside. She has voluntarily stated that upon her husband coming home she had come to know about it. She has admitted that because of pandemonium prevailing in the chawl, Muslim people had run helter skelter. Her husband came while the pandemonium was going on.

140.13 The attention of the witness was drawn to the last

but one line of paragraph 6 of her examination-in-chief wherein she has stated that their acquaintances and neighbours had come to their house. She has stated that Munirbhai, Mebala and Raziabanu, etc. were amongst these acquaintances and neighbours. She has admitted that the family members of these persons had also come to her house and has voluntarily stated that thereafter they went away.

140.14 In her cross-examination, it has come out that her house is in the 4th lane of Jawannagar. She has stated that all of them had come to her house and stayed there for about half an hour to one hour and has voluntarily stated that thereafter even they (the witness) had left. The witness has admitted that all these three Muslims had stayed at her house for about half an hour to one hour and in the meanwhile no mob from outside had attacked her house.

140.15 The witness has stated that every one left at around 1:30 in the afternoon and has admitted that till that time no one had attacked their house.

140.16 The witness has stated that on that day when they reached the passage near the tank, they actually wanted to go to Naroda. Walls have been erected near the water tank wherein there are walls on three sides and on one side it is open. The witness has stated that at that time her husband and her four children were together. When they were in the passage, her four children and her husband were with her. Her entire family was with her in the passage. In the cross-examination it has come out that the terrace from which they were throwing acid, was a terrace of Gangotri Society. She has

admitted that at that time there was stampede. When she fell down in the passage, she had remained there for about three hours and was crushed. The public was falling upon her and she was feeling suffocated where she had fallen. Her entire body was injured. The witness has voluntarily stated that she had sustained 10% burns. At that time on account being wounded, she could not walk.

140.17 In her cross-examination, it has further come out that while she was lying there for two to three hours, no one had come to pick her up or help her after she fell down from terrace on which she had gone. There were other people also. She has stated that around 12 o'clock in the night they were taken to the relief camp.

140.18 The witness has stated that they were taken to Shah Alam Dargah Camp and that at the Shah Alam Camp, she had taken about 15 to 20 minutes to change her clothes and thereafter she had gone to the hospital. Since acid was spilled on her, her clothes were soaked with acid which caused extreme pain; therefore, she had removed those clothes. The witness has stated that she does not know whether they were sent to the hospital by the camp people or by the police.

140.19 The witness has stated that she has not narrated the incident that took place with her family before the doctor at the V.S. Hospital, and has voluntarily stated that the doctor had not asked her anything. She has stated that while she was at the hospital, her sister-in-law had taken care of her. No one from her parental side had come because they were all residing at Gulbarga, Karnataka. The witness has stated that at

the time when she was under treatment for four months, she had stated the fact as to who had burnt her and how, to the police. The witness has stated that except for the police she has not stated this fact to anyone.

140.20 The witness has admitted that after the incident she has not shown the police as to from which terrace acid or stones were thrown at her, and where her husband was killed with a sword, for the reason that the police has not asked her any such thing. The witness has stated that the police have recorded her statement five to six days after the incident. The witness has stated that she does not know whether the police has recorded statement, as stated by her and has voluntarily stated that she is illiterate. She has stated that she has also stated the facts regarding the incident to her sister-in-law Zayda.

140.21 The witness has stated that she has not asked anyone to verify as to whether the police has recorded her statement correctly. She has voluntarily stated that only her sister-in-law and her children had survived and that in the incident her (sister-in-law's) son went missing and was found a month later. The witness has stated that she does not know any Jadikhala or Gauri Apa. Her sister in law's name is Gauri and she knows her. The witness has stated that she has not got any compensation in respect of looting of her house. She has voluntarily stated that she has received compensation for the death of her husband and her children. The witness has denied the suggestion that she has falsely stated the facts with regard to death of her husband and children in the incident and that no such incident had taken place or that she was

falsely deposing before the court.

140.22 The witness has stated that she does not know as to whether any case papers were prepared during the period when she took treatment at the V.S. Hospital. The witness has voluntarily stated that she had received stitches on her forehead and was given treatment where acid was thrown on her. The witness has denied that she had not availed any treatment and that she was falsely deposing before the court.

140.23 The witness is confronted with her statement dated 6.3.2002 recorded by the police wherein she has stated that on 28.2.2002, in connection with the incident that took place in Godhra city there was a call for 'Gujarat Bandh' and hence her family members were present at home and at that time in the morning at around 11:00 to 11:30, a very huge mob of people came from Saijpur Patiya and these people started shouting and pelting stones and the police had lobbed teargas shells and fired at the mob; despite which the mob which was very huge did not disperse; the mob was pelting stones, damaging houses and setting them on fire and they saw the people in the mob and started fleeing. However, the people in the mob surrounded them from all four sides and sprinkled kerosene and set them on fire, due to which she has sustained burns on both of her legs, abdomen and both of her hands and has been injured on forehead with stone. She does not know where her husband and children are. Upon the police vehicle coming, they had brought her to the Shah Alam Camp. The witness has voluntarily stated that she has stated the facts as stated by her in her examination in chief before the police.

140.24 The contents of paragraph 5 of her examination-in-chief from the 2nd to the 5th line are read over to the witness and also the contents of paragraphs 6, 7, 8, 9 and the last line of paragraph 10, to the effect that she has not stated these facts in her statement before the police. The witness has voluntarily stated that she does not know what the police has written down and has not written down.

140.24 To prove the omissions and contradictions in the testimony of the witness as to her previous statement recorded by the police, the defence has cross-examined PW-276 Shri P.U. Solanki, the assignee officer, who, in his cross-examination, has admitted that the witness in her statement dated 6.3.2002 had stated that on 28.2.2002, as there was a call for Gujarat Bandh in the context of the incident that took place in Godhra city, her family members were present at home and at this time, in the morning at around 11:00 to 11:30, a huge mob came from Saijpur Patiya and the people in the mob started shouting and pelting stones and the police released tear gas shells at the mob and resorted to firing despite which, the mob being very huge, did not disperse and was pelting stones and damaging the houses and burning them and upon seeing the people in the mob, they started fleeing, however, the people in the mob surrounded them from all four sides and sprinkled kerosene and set them ablaze. Wherein she sustained burn injuries on both her legs and abdomen as well as on both her hands and she was injured on her forehead with a stone. She does not know where her husband and children are and that upon the police vehicle arriving, she was taken to Shah Alam. The assignee officer has admitted that it has not happened that the witness

Parveenbanu had not stated such facts and that he had written them down on his own.

140.25 The assignee officer is read over the facts stated in paragraph 5 of the examination-in-chief of this witness, wherein she has stated that at that time, her family members were at home and her husband had gone to their mutton shop on the road in Masjid-ni-Chali and he has admitted that she has not stated such facts in the statement recorded by him. The contents of paragraphs 6, 7, 8 and 9 of the examination-in-chief are read over to him and he has stated that such facts were not stated by her in her police statement.

140.26 The last line of paragraph 10 of the witness wherein she has stated that at that time, it must have been around 7:00 to 7:30 in the evening as well as the contents of paragraphs 11, 13 and 16 are read over to the assignee officer, and he has stated that except for what is stated in the context of paragraph 8 of her examination-in-chief, namely, that the witness had stated that she was injured on her forehead with a stone, none of the other facts were stated by her in the statement recorded by him. The assignee officer has further admitted that it has not happened that he has not written down the facts stated by the witness. The assignee officer has also admitted that he had read over the statement to the witness and in connection therewith, he had made a note below the statement. He has admitted that the last sentence in the statement, namely, that the above facts written by her are proper and correct, have been stated by the witness. The assignee officer has further admitted that he had informed the witness about what he was writing down in the

statement.

140.27 SUBMISSIONS: The learned counsel for the appellants invited the attention of the court to the contents of paragraph 7 of the examination-in-chief of the witness to submit that except for this witness, no other witness has stated that the police had come to the terrace and asked them to vacate the terrace. It was pointed out that the witness has not implicated any of the accused, though they are local residents. It was submitted that according to this witness, the incident at the passage of the water tank took place at around 7:00 to 7:30 and looking to the day, viz., 28th February, there would be no daylight and she has stated in her deposition that electric supply was cut off in that area, therefore, it would not be possible for anyone to identify any accused.

140.28 ANALYSIS: This witness is an injured eye-witness, who has lost her husband Salam and her four children in the incident. As per the version given by this witness when the riots started, they all went towards the rear side of their chawl. At around 1:30 in the afternoon, they went to the terrace of a house in Gangotri Society, but at around 4:00 p.m. the police came and told them to vacate the terraces, whereupon they came down and mobs also came from the direction of the masjid and the huge mob was violent. The witness and others had entered into the passage of a water tank and stone pelting and assault started. Acid was being thrown from the terrace. She sustained burns on her body due to the acid attack and in the melee, her husband and children got separated and she was left with one child, who too slipped out of her hands. She had sustained burn injuries and was wounded on the head by a

stone and fell down. She could not find her child in the darkness and she went from the passage to a terrace. The witness has stated that she could not identify any person in the mob that threw acid on her or pelted stones at her.

140.29 The witness has been confronted with her statement dated 6.3.2002 recorded by the assignee officer PW 276, to the effect that a major part of which she has stated in her examination-in-chief has not been stated by her in the statement recorded by the police. Insofar as the statement dated 6.3.2002 is concerned, this court, while discussing the testimony of PW 205 Zarinabanu, has observed thus:

“Insofar as statement dated 07.03.2002 is concerned, the same is recorded by PW-276 Shri P.U. Solanki at the V.S. Hospital, wherein he has recorded the statement as referred to hereinabove. It is a matter of deep concern and is required to be taken serious note that this officer has recorded statements of PW-145 Shahnawazkhan Abbaskhan Pathan, PW-152 Parveenbanu Salambhai Qureshi, PW-154 Ahemadbadshah Mehboobhussain (para 71), PW-156 Abdul Majid Mohammed Usman Shaikh, PW-167 Mohammed Hussain Kayumbhai Shaikh (para 94) and this witness PW-205 Zarinabanu Naeemuddin Shaikh. During the cross examination of the officer, the police statement of each of the above witnesses, as recorded by this officer, has been brought on record. On a conjoint reading of the statements of all the above witnesses, it is found that the statements are identically worded, except the names, addresses and particulars of family members as well as names of

family members, who are injured or who have died in the incident and injuries sustained by the witnesses. The main part of statements of each witness is absolutely identically worded. Evidently, therefore, this officer appears to have written down the statements as per his own whims and has not written down what is stated by the witnesses. Such statements, therefore, cannot be said to be statements of the concerned witnesses and no part of such statements can therefore, be used to contradict the witnesses."

140.30 The above observations also relate to the statement dated 6.3.2002 of this witness. Therefore, such statement cannot be used to contradict the testimony of this witness; consequently, what has been stated by the witness in her examination-in-chief is required to be accepted.

140.31 As noticed earlier, this witness has not named any accused in the offence. However, from the testimony of this witness it is proved that the incident took place at the passage of the water tank and acid was being thrown by the mob from the terraces nearby. Upon evaluating the testimony of this witness, she comes across as a truthful and credible witness, and there is no reason whatsoever to discard her testimony.

141. **PW-153 Kulsumben Ibrahimhai Mansuri**, aged 45 years, has been examined at Exhibit-1062. The witness has deposed that she is residing at *Hussainnagar, Naroda Patiya* since many years. In the year 2002, she had four children, including her youngest daughter Nilofer.

141.1 She does not remember the date and the month, but states that the incident took place in the year 2002. On that day, there was a call for Gujarat Bandh. There were shouts coming from outside that a mob of Hindus had come. Thereafter, there was stone pelting near Noorani Masjid. Shops were set on fire, there was looting. All this was being done by the Hindu mobs. The persons in the mob were breaking things on the road and were also ransacking the houses and shops.

141.2 On that day at around 9:00 to 9:30 in the morning, the Muslims were saying, "the mob has come, the mob has come" and all the Muslims ran towards the khada (pit). Throughout the day, they were running here and there and the mobs were coming anywhere. On that day, her husband had gone out in the morning and she together with her four children ran towards the khada.

141.3 From the khada, they went towards Jawannagar. Since the mobs were coming from all four sides, on account of fear, they were fleeing. They had fled from Jawannagar to the S.R.P. side. She had taken her children and fled towards the S.R.P. Quarters, however, they were not permitted to go inside the S.R.P. Quarters. Thereafter, upon seeing a terrace there, they climbed on the terrace and sat there.

141.4 Many Muslim people were climbing on the terrace to save themselves. They sat on the terrace for a long time and thereafter, they could hear voices saying, "*Run, run, the mobs have come*". Therefore, she along with her children ran. She came down from the terrace. She does not know what the time

was, but it must have been afternoon time.

141.5 After getting down, they could hear talks about the mobs coming from all four sides and hence, she went back on the terrace and sat there. At that time, it was evening and hence, it must have been around 5 o'clock, when she saw her husband and hence, all of them, namely, her husband and her children got together.

141.6 They all came down because sounds of "kill, hack" were coming. Thereafter, her three children and her husband got separated from her. At that time, her daughter Nilofer was with her.

141.7 She and Nilofer were surrounded by the mobs which were coming from all four sides near the water tank. They were caught between the mobs. On one side, from the terrace of Gangotri Society, they were throwing petrol and acid. At that time, Nilofer was seven year old. The people in the mob were on the terrace and they were throwing petrol and inflammable substances. They had set Nilofer on fire, in front of her eyes. When she went to rescue her daughter Nilofer, the people in the mob hit her on the head and back and on both her hands and legs with a pipe and her hands and legs were fractured. She was trying to save Nilofer and they were beating her with a pipe on her head and she felt a dizzy and became unconscious. Today also, she has rods in both her hands.

141.8 She does not know what had happened after she became unconscious. Her daughter Nilofer was set on fire before she had become unconscious.

141.9 Thereafter, she does not know as to who took her to the hospital from there. However, when she regained consciousness on the next day, she was in the hospital. She stayed in the V.S. Hospital for around one month for treatment. In this incident, she sustained burn injuries on her back.

141.10 The police had recorded her statement in the hospital. On the day of the incident, there were mobs of people, but she does not know the name of any person in the mobs, because, she does not know anyone.

141.11 CROSS EXAMINATION: In the cross-examination of the witness, it has come out that her husband was working as a plumber and had gone out to earn on that day. The witness has voluntarily stated that he was doing casual labour work and used to leave his house in the morning at 8:00 to 8:30. The witness has stated that she does not know whether there was any such situation at 8 o'clock on the road and has voluntarily stated that at that time, she had not gone out.

141.12 The witness has stated that she does not know the lane of Hussainnagar in which she resides and has stated that she only knows who resides nearby. She has stated that one Sabera resides near her house but she does not know the names of anybody else. The witness has admitted that upon hearing sounds of "*mobs are coming, mobs are coming*" she had started running here and there. The witness has voluntarily stated that all the public there was running hither-thither out of fear. She has stated that the pit is at a short distance from her house. She does not know as to whether the

S.R.P. compound wall is near the pit and she does not know as to whether there are any S.R.P. Quarters there.

141.13 The witness has stated that she cannot say as to how many Muslims persons were there in the mob. The witness has admitted that since the mob was behind them, they were all running. She has admitted that nothing had happened to her and Nilofer in the riots till the afternoon and has voluntarily stated that everything happened at 5:00 in the evening.

141.14 The witness has admitted that till she was at the pit, she had not met her husband. She had seen her husband on the terrace on that day. She has stated that they must have climbed on the terrace at different times. She has stated that something like petrol, kerosene was thrown on her daughter Nilofer from the terrace, which was a terrace near the water tank. The witness does not know whether the terrace was on the first floor or the second floor. She has further stated that some inflammable substance was thrown on her daughter Nilofer and many other people were also set ablaze below. The witness has voluntarily stated that children of many Muslims were burnt on that day.

141.15 The witness has stated that when the people in the mob had set Nilofer ablaze, she was quite near to her. The witness has stated that she cannot say as to exactly how many people were there in the mob and she does not know whether the mob was big or small. She has denied that when Nilofer was set ablaze, she and Nilofer alone were there in the mob. She has stated that there were many other people there. The witness has stated that she does not know what a fracture is

but that she had fallen down and had become unconscious and could not get up and could not walk and she could not even drink water in the hospital.

141.16 The witness has stated that she does not know whether she had any talk with the Doctor in the hospital and has voluntarily stated that the Doctor had told her that she had sustained a fracture and was to be operated on the next day and hence, she should not eat anything after she wakes up in the morning. The witness has stated that after she became conscious, she had not informed the Doctor at the Hospital about Nilofer's incident. She has voluntarily stated that at that time, she was injured on the head and could not speak.

141.17 The witness has denied that when she was at the hospital for one month, her family members were with her at the hospital and has voluntarily stated that people on the nearby beds in the hospital had helped her. The witness has deposed that she had told the people on the other beds to help her in searching out her children and her family.

141.18 The witness has stated that when she was at the V.S. Hospital, the police had come but the police used to write on their own and go away and did not read over what they had written. The witness has stated that she does not know whether the police had recorded her statement on the next day after the incident and also does not know as to how many times, the police had come to the hospital. The witness has voluntarily stated that the police used to come and write something but she could not understand anything.

141.19 The witness is confronted with her statement dated 1.3.2002 recorded by the PSI Naroda Police Station, wherein the witness has stated that on 28.2.2002, in the evening at around 6 o'clock, she was present at home. In the meanwhile, a mob of persons suddenly entered Hussainnagar-ni-chali and the people started indiscriminately entering and damaging houses and setting them on fire. During this time, the people in the mob had set her house on fire and the people in the mob had beaten her with blunt weapons and upon her house being set ablaze, she had sustained burns in varying degrees on both her hands, and legs and at this time there was a stampede amongst the people at Hussainnagar and she too had fled to escape from the mob. The people in the mob had set her house on fire and had caused burns on her entire body. The people in the mob having set her house on fire, she does not know anyone's name or address. The witness has voluntarily stated that her house has not been set on fire on the day of the incident and that the entire facts are wrong. The witness has deposed that before the police she had stated the facts as stated by her in her examination-in-chief. [In the statement recorded by the police, it has been mentioned that the witness had been admitted in the trauma ward for treatment.] The witness has stated that after she was discharged from the hospital, she had gone to the Shah Alam camp where she met her husband and narrated the incident of Nilofer to him. The witness has denied that she has not been burnt with any substance and that she had sustained the injuries in the stampede.

141.20 The witness has admitted that what she is stating before the court she is stating for the first time. The witness

has admitted that the facts which she has stated before the court have not been stated by her before the police or before the court or before any organization.

141.21 The witness has admitted that she had shown the Doctor all the injuries sustained by her and the Doctor had given her treatment. The witness has stated that she does not know at what time, she reached the pit. She has admitted that the pit is the Jawannagar pit. She has stated that when she reached the Jawannagar pit, she had not seen any truck.

141.22 The third line to the last line of paragraph 3 of her examination-in-chief, the contents of paragraphs 4, 5, 7, 8, 9 and 10 are read over to the witness to the effect that she has not stated such facts in the statement recorded by the police. The witness has denied that she has not sustained any injury on her head or sustained any burn injuries and that she is falsely deposing before the court.

141.23 PW-274 Shri K.K. Mysorewala, the Investigating Officer, has admitted that the statement of this witness was recorded by Shri Katara on 1.3.2002. In the cross-examination of the Investigating Officer, it has been brought out that the witness had stated before Shri Katara that on 28.2.2002, at around 6 o'clock in the evening, she was at home, at that time, a mob of people suddenly entered Hussainnagar-ni-Chali and started entering the houses and damaging and burning them. During this time, the mob had set her house on fire and had beaten her and upon her house being set on fire, she had sustained burn injuries in varying degrees on both her hands as well as on her legs and at this time, the people of

Hussainnagar started running helter-skelter and she too fled from there to escape from the mob. That this mob of people had set her house on fire and had burnt her on her whole body and that she did not know the names or addresses of any of the people in the mob who had kindled the fire.

141.24 In the cross-examination of the Investigating Officer, it has further come out that the witness has not stated the facts stated by her in paragraphs 5, 7, 8 and 10 of her examination-in-chief in her statement before Shri Katara, whereas insofar as paragraph 3 of her examination-in-chief is concerned, the Investigating Officer has stated that the witness had stated that damage was caused to Hussainnagar-ni-Chali. As regards the contents of paragraph 4 of her examination-in-chief, the Investigating Officer has stated that the witness has stated that the people of Hussainnagar were running helter skelter and that the witness had also stated that they had gone towards the khada (pit). The Investigating Officer has further stated that insofar as paragraph 9 of the examination-in-chief is concerned, the witness had stated that she was beaten and that she had sustained burns.

141.25 SUBMISSIONS: The learned counsel for the appellants submitted that this witness has been residing at Hussainnagar since many years prior to the incident. Referring to paragraph 11 of her testimony, it was submitted that the police had taken the injured to the Civil Hospital, therefore, this witness must have been taken from the scene of offence to the relief camp, from where she must have been taken to the V.S. Hospital. The attention of the court was invited to paragraph 12 of her deposition, to submit that the witness has

clearly stated that she does not know anyone in the mob. It was submitted that this witness is a local resident, but does not implicate anyone including any of the local accused.

141.26 ANALYSIS: This witness comes across as a credible and truthful witness. The witness is sought to be contradicted as to her statement dated 1.3.2002 recorded by Shri Katara. Shri Katara has passed away during the pendency of the trial and his statement is sought to be proved through the testimony of PW 274 Shri K.K. Mysorewala. The witness has specifically stated that her statement was not recorded as stated by her, and it is only Shri Katara who could have met with such allegation. Moreover, the incident took place at 5:00 to 6:00 p.m. on 28th February, 2002 and the statement of the witness came to be recorded when she was in the trauma ward on the very next day, that is, on 1st March 2002. The witness is an injured witness who had sustained multiple fractures on different parts of her body. Her daughter was burnt to death before her very eyes on the previous day. Evidently, therefore, one does not have to examine a doctor or an expert to prove trauma at this stage. On the contrary, it would be surprising if a woman who has undergone such terror does not suffer from trauma and shock. A perusal of the injury certificate Exhibit 878 shows that the witness has suffered multiple rib fractures, fracture on the middle shaft of the humerus, fracture of the thigh bone, fracture of the shaft of ulna. Thus, the version given by the witness is corroborated by the injury certificate. Therefore, much credence cannot be given to a statement recorded when the witness was in such a state of mind. Such statement, therefore, cannot be used to contradict the witness. Besides, the testimony of the witness does not contain any

exaggerations or embellishments, nor has she tried to falsely implicate anyone. The witness has clearly stated that she does not know anyone in the mob and does not implicate any of the accused. Therefore there is no reason to disbelieve the testimony of this witness.

142. **PW-154 Ahmadbadshah Maheboobhussain Shaikh**, aged 28 years, has been examined at Exhibit-1065. The witness has deposed that he is residing at *Jawannagar, Naroda Patiya* since his birth. In the year 2002, he was residing at *Jawannagar, Naroda Patiya* with his father, mother and brothers, etc. At that time, he was a bachelor and had a scooter garage by the name of *Punit Auto Garage near Thakkar Bapanagar*.

142.1 The incident took place on 28.2.2002. On that day, there was a call for Gujarat bandh and he was at home. On that day, in the morning at around 10:00 to 10:30, he had gone on the road near Gafurbhai's house, where presently Naroda Patiya Police Chowky is situated.

142.2 When he came out, he saw that there was a very huge mob of Hindus near the S.T. Workshop. The mob was vandalizing the Noorani Masjid which is situated opposite the S.T. Workshop. This mob was also comprised of Hindus. The entire road from the crossroads till the S.T. Workshop was filled by the mob. At this time police firing had also commenced. In this police firing, he had been injured by a bullet on the armpit part of his right shoulder. As he was injured, he proceeded towards his house. When he reached the flour mill, which was

nearby, he started feeling dizzy.

142.3 Upon feeling dizzy, he remained sitting there. Thereafter, two to three persons lifted him and took him home. After reaching home, he had lain there. He did not receive any treatment. He was at home till 2:00 to 2:30.

142.4 Thereafter, two to four people took him from his house towards the S.R.P. Quarters and were saying that if the dispensary is open, they would get him examined. Near the S.R.P. Quarters, the S.R.P. men had driven them away and told them they would not be taken inside. Therefore, from there they had gone to Gauriben's terrace in Jawannagar and were sitting there.

142.5 Thereafter, he came to know that mobs had entered Hussainnagar and had resorted to large scale vandalism and were burning houses.

142.6 In this manner, while they were on the terrace, it became evening. Thereafter, even from the terraces of Gangotri, they were driving away the Muslims and were saying "escape from the rear side", due to which he had gone on the rear side with other Muslims. In this manner they reached upto Teesra Kuva where there was a huge mob, which he had seen. The people in the mob had swords and other such weapons. Hence, from that place they returned to Jawannagar. At this time a mob also came near the S.T. Workshop, therefore, they all went to where the water tank of Gangotri and Gopinath is situated.

142.7 The mob which came from the side of the S.T. Workshop, came to where they were, and started assaulting and hacking and poured kerosene and petrol on all of them and then set them ablaze.

142.8 In this manner the mob had thrown kerosene and petrol on them and set them ablaze, wherein he had sustained burn injuries on his right hand, the right side of his chest, on his stomach as well as both of his legs. After this, he somehow managed to go home. He does not know what the time was, but thereafter he had remained at home. Later on at night, upon the police vehicles coming, his paternal uncle, his father and his brother came to his house to take him. When they came to take him he was slightly conscious, but thereafter he became unconscious and when he regained consciousness, he was at the Vadilal Hospital where he was treated.

142.9 He had taken treatment at the Vadilal Hospital for about nine months and three days. For a period of six months, the hospital people had not paid any attention to him.

142.10 He had seen the different mobs mentioned by him and the mobs had inflicted injuries on him during this incident, but he does not know any person in the mobs.

142.11 At the time of the incident, the police used to come to the hospital to record his statement. However, they used to ask his name and address and go away. The police were not recording his statement by writing down what he was saying. The police had come like this on two occasions.

142.12 CROSS EXAMINATION: In the cross-examination of this witness, he has denied that during the entire period when he was in the hospital, the people from the Muslim community, the people from the Jamaat as well as the Committee were coming there. The witness has voluntarily stated that only his father and his brother were with him. He has stated that he has not stayed at the relief camp and that he had not talked with his father and his brother with regard to the incident while he was at the hospital.

142.13 The witness has further stated that from 28.2.2002, till he was deposing before the court, during the entire period, he has not received any information about any proceeding before the Supreme Court or any other voluntary organization. In his cross-examination, it has further come out that the police were not recording his statement, but were only asking his name and address and were going away and that he knew this fact right from the time when the police had come to the hospital. The witness has admitted that despite it being so, till date, he has not stated this fact regarding the police not recording his statement and only asking his name and surname and going away, anywhere, except for the first time before the court. The witness has denied that apart from the police, the executive magistrate had also come to record his statement. At this stage, the learned advocate for the defence has sought to produce a dying declaration dated 4.3.2002 recorded by Shri K. P. Shah, Executive Magistrate for the purpose of cross-examining the witness. Upon being shown the document, the witness has stated that he does not know that a Magistrate by the name of Shri K. P. Shah had visited the hospital and had recorded his dying declaration. The witness

states that he is not aware that Shri K.P.Shah had recorded his statement and that he had put his thumb impression below the same. Upon being shown the thumb impression below the document, the witness has stated that he cannot say that the thumb impression is his. The document has been exhibited as Exhibit-1066. [Considering the fact that the witness has stated that he is not aware of any such statement of his having been recorded by the Executive Magistrate as well as the fact that he has not identified his thumb impression below the same, it is surprising that the document has been admitted in evidence and has been exhibited as Exhibit-1066, inasmuch as the witness has not proved either the contents of the document or his thumb impression below the same.]

142.14 In his cross-examination, the witness has admitted that the incident which had taken place in the morning was the one where he had sustained a bullet injury and the second incident took place in the evening. The witness has stated that the bullet with which he was injured was a police bullet and that he was not injured in private firing. The witness has denied that the mob had tried to set his house on fire during which, he had sustained burn injuries.

142.15 The contents of the dying declaration Exhibit-1066, namely, the questions and the answers are read over to the witness. The witness has stated that he does not remember as to whether he was occupying bed No.5 in the Hand Surgery Department of the V. S. Hospital. The witness has voluntarily stated that all that he clearly remembers is that he was at the V. S. Hospital. The witness has denied that he had not told Shri K. P. Shah, Executive Magistrate the fact regarding his having

a garage and has voluntarily stated that he has not recorded his statement at all, and hence, such question did not arise.

142.16 The witness is read over all the questions in Exhibit-1066. He has denied that he had given the answers to the questions as recorded therein and thereafter, he had put the impression of his left thumb thereon.

142.17 The witness is confronted with his statement dated 1.3.2002 recorded by the PSI, Naroda Police Station, wherein he had stated that on 28.2.2002, communal riots erupted in Ahmedabad city due to which, at around 10 o'clock, a riotous mob had rushed into Jawaharnagar Chhapra due to which the people in the mob started entering the houses in Jawaharnagar Chhapra and started damaging and ransacking them and setting the houses on fire, due to which he tried to flee from his house, whereupon, a bullet scraped through his side during the firing and while trying to run from there, as the houses were on fire, the clothes that he was wearing caught fire and he had sustained burn injuries in different degrees on the face and his body and he ran from there and went towards the Noorani Masjid and that he had further stated therein that he was admitted in the Hand Surgery Ward and at present, he was fully conscious and was under treatment and that since there was firing from the mob and he had sustained bullet injury, he did not know any name or surname.

142.18 In the cross-examination of the witness, it has come out that Gafurbhai's house is the first house when one comes from outside. The witness has stated that he cannot say the exact time when he was injured by the bullet, but it was
