

To Dr. Anand Teltumbde

FREE DR ANAND TELTUMBDE!

Your life's work and struggle has been dedicated to a just and humane society and state. Towards this dream you have lived among the people, written over 26 books and taken these ideals to people.

For this "crime" you have been put in jail, your work as a public intellectual questioned. Your thoughts flow among the people however, and soon, very soon, you shall be free among the people too.
